HOUSE JOURNAL NO. 1

Wednesday, January 6, 2016

This day, January 6, 2016, the first Wednesday following the first Tuesday in January, being the day designated by the Constitution (Art. 3rd, Part 2nd) for assembling of the second-year session of the 164th General Court of the State of New Hampshire, at the Capitol in the City of Concord, the Speaker convened the 2016 House of Representatives and called the session to order at 10:00 a.m.

Her Excellency, Governor Margaret Wood Hassan, joined the Speaker on the rostrum for the day's opening ceremonies.

Prayer was offered by House Chaplain, Reverend Kate Atkinson, Rector of St. Paul's Church in Concord. Almighty God, You have the power to renew and restore; You inspire hope and optimism as You bring us through the seasons to the start of this New Year. We pray in faith that You will give fresh wisdom and purpose to this gathering, that each member of this house would be keenly aware of the importance of the decisions made here, and how they affect the people we serve in New Hampshire and the wider world. And, as we consider those many people who are so precious to You, we pray for our colleagues and friends who are unable to be with us due to illness and restricted mobility, and for those members who are struggling in their daily lives. Please bless, heal and strengthen all who are in particular need. We remember especially today Laura Arsenault who passed unexpectedly from this world on Christmas night. We give thanks for Laura, for her years of dedicated service in this place, and for the ways she touched so many lives. We pray that You would give comfort to her family and friends, and that memories of Laura - and all those we love but see no longer - will continue to delight and inspire us throughout the cycles of seasons and years to come. Amen.

REMARKS BY THE SPEAKER

At this time I would like the House to join me in remembering Laura Arsenault. Laura was a 28-year member of the staff in the Office of Legislative Services and served the members of the General Court with dedication and integrity during that time. Laura always stood ready to assist her coworkers in the office and throughout the branch and had an infectious laugh and personality that will be missed by everyone who knew her. She leaves behind a family she loved and adored and she will be remembered fondly by all of us in the General Court. Please join me in a moment of silence for Laura Arsenault.

MOMENT OF SILENCE

A moment of silence was observed in honor and in memory of Laura Arsenault, a 28-year staff member of the Office of Legislative Services.

Representative Ohm, member from Nashua, led the Pledge of Allegiance.

The National Anthem was sung by Catherine Martinez of Epsom.

COMMUNICATION

VIA EMAIL December 14, 2015

To Paul C. Smith, Clerk of the House I'm sorry to say due to health complications I must offer my resignation. David Wood

HCACR 19, relating to the taking of human life. Providing that the general court shall not appropriate nor authorize any expenditure to benefit any corporation having as its object the taking of innocent human life. (Hoell, Merr. 23; Itse, Rock. 10; Gould, Hills. 7; Ingbretson, Graf. 15; Abramson, Rock. 20; Souza, Hills. 43; Wuelper, Straf. 3; Murotake, Hills. 32; Avard, Dist 12; Legislative Administration)

HCACR 20, relating to the veto of bills. Providing that a three-fifths vote of both houses of the general court be required to override a veto. (Hoell, Merr. 23; Itse, Rock. 10; Ingbretson, Graf. 15; Legislative Administration)

HCACR 21, relating to the attorney general. Providing that the attorney general be elected to a 4-year term. (Sylvia, Belk. 6; McLean, Hills. 15; Executive Departments and Administration)

HCACR 22, relating to the right to privacy. Providing that an individual's right to live free from governmental interference is fundamental and shall not be restricted unless the government demonstrates a compelling state interest. (Kurk, Hills. 2; Rouillard, Hills. 6; Whitehouse, Straf. 2; Daniels, Dist 11: Judiciary)

HCACR 23, relating to the warning of biennial meetings. Providing that the selectmen are not required to be present to receive the votes. (Hunt, Ches. 11; Chandler, Carr. 1; Election Law)

HCACR 24, relating to the right to travel. Providing that all people have the right to travel within the state in their choice of privately owned conveyance. (Itse, Rock. 10; Ingbretson, Graf. 15; Hoell, Merr. 23; Goulette, Hills. 23; Hull, Graf. 9; Spillane, Rock. 2; Aldrich, Belk. 2; Transportation) HCACR 25, relating to legislation. Providing that bills dealing with assessments, rates, and taxes

shall originate in the house of representatives. (Itse, Rock. 10; Hoell, Merr. 23; Ingbretson, Graf. 15; Legislative Administration)

MOTION TO DIVIDE

Rep. Hinch moved that **HB 1525-FN**, relative to the circumstances that constitute indecent exposure and lewdness, be divided from the introduction motion.

Rep. Shurtleff requested a roll call; sufficiently seconded.

and the motion failed.

The question now being adoption of the introduction motion. Motion adopted.

CLERK'S NOTE

The following House Bills were withdrawn by the sponsors and therefore not introduced: House Bills 1110, 1173, 1185, 1312, 1334, 1487, 1609 and 1643.

MOTION TO VACATE

Rep. Hess moved that the House vacate the reference of **HB 1591-FN-A**, relative to the health care premium contribution for retired public employees who are over 65 years of age, relative to funding of retiree health benefits, and making an appropriation to the department of administrative services, and **HB 1592-FN**, relative to the health care premium contribution for retired state employees who are over 65 years of age, relative to funding of retiree health benefits and making an appropriation to the department of administrative services, to the Special Committee on Public Employees Pension Plans. Motion adopted.

The Speaker referred HB 1591-FN-A and HB 1592-FN to the Committee on Finance.

MOTION TO VACATE

Rep. Hunt moved that the House vacate the reference of **HB 1548-FN**, prohibiting the trade of shark fins, to the Committee on Commerce and Consumer Affairs.

Motion adopted.

The Speaker referred HB 1548-FN to the Committee on Fish and Game and Marine Resources.

The Speaker addressed the House.

MOTION TO PRINT REMARKS

Rep. Shurtleff moved that the remarks made by the Speaker be printed in the Permanent Journal. Rep. Prudhomme-O'Brien requested a roll call; sufficiently seconded.

REMARKS

Speaker Jasper: Before we move into the regular business of the House, I have a few remarks that I would like to open with. First, I want to thank and recognize the members who gave up so much of their time during the holiday season to serve on the joint task force (to combat the heroin and opioid crisis). I must say I was surprised and very pleased by the number of members who volunteered to serve on that committee. I think we can recall that during the debate on forming the task force that we were told by some that this task force would accomplish little or nothing. I personally think that nothing could be further from the truth, and we will see the results of their efforts very shortly. The second thing I'd like to talk about is behavior. I view the speaker's job, in no small part, to be one of protecting and preserving the reputation of this House, this institution that has been in existence in New Hampshire for centuries, and where thousands and thousands of citizens have served over those centuries. We, more importantly, have a responsibility to act with dignity, and to act with respect, because we represent not only ourselves, but our constituents, and, in fact, the entire state of New Hampshire. When we make comments, no one thinks, "Well, that's just an individual." They think of you, and myself as being a state representative. They think of you or I not representing our district but representing this body, and thus the entire state. I recognize that probably my remarks will fall on deaf ears in some cases, unfortunately. So I am going to speak to all of you, the vast majority of you who have been upholding the dignity of this institution, and promoting the well-being and reputation of this state, particularly at a time when the eyes of the nation are upon us. When virtually every news media from across the country is here on a daily basis to cover the firstin-the-nation primary. What can you do as individuals? What can I do as an individual? We can privately and sincerely and politely speak to our colleagues when they step out of line and go beyond the bounds of decency and respect. We can let them know when we believe they are not representing this institution well. That's a hard thing to do. But isn't that a problem in society today, in general, that no one wants to politely step up and say, "This is not the way to behave. This is not the way to accomplish your goals"? I hope that we can think about that. I hope that we can realize that when we take off our name badges, we are still, in fact, state representatives - each and every one of us. We can never separate ourselves from that title of "Honorable." I ask everyone to think about that because every minute of every day, that is your title: honorable. You have a responsibility to act, at all times, honorably. We must and we should hold each other to those standards if this institution is to have the respect that it has had for centuries. I want to thank you for taking the time to listen politely and hope that you will carry my message forward to all of your colleagues in the House, and that we won't be seen in a negative light in the national news or local news again this session. Thank you very much.

CONSENT CALENDAR

Rep. Hinch moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

HB 211, establishing a commission to study domestic affairs, removed by Rep. Brewster.

HB 378, relative to shared residential responsibility and establishing a commission to study child support and related child care issues, removed by Rep. Brewster.

HB 405-FN, requiring the department of health and human services to license supervised visitation centers, removed by Rep. Oligny.

SB 219-FN, relative to breastfeeding, removed by Rep. Barbara Griffin.

HB 400-FN, relative to the mileage reimbursement rate for legislators and prohibiting deductions from compensation or mileage reimbursement of representatives, removed by Rep. Marple.

HCACR 2, relating to dedicated funds. Providing that funds shall be used solely for the purpose of the fund, removed by Rep. Hoell.

HB 585-FN-A, relative to fines for violation of alcoholic beverage laws, removed by Rep. Hoell.

HB 668-FN, relative to expense deductions under the business profits tax, removed by Rep. Hoell. Consent Calendar adopted.

HB 249, relative to the award of alimony and the enforcement of orders under RSA 458. **REFER FOR INTERIM STUDY.**

Rep. Debra DeSimone for Children and Family Law. After significant work on this bill, the committee believes that the proposed amendment is not ready for prime time and needs more input from stakeholders. Due to time constraints and recognizing that more work needs to be done on this important issue, the committee recommends interim study. Vote 16-0.

HB 114, relative to grocery sales by stores licensed to sell alcoholic beverages. OUGHT TO PASS WITH AMENDMENT.

Rep. Bart Fromuth for Commerce and Consumer Affairs. Originally, this bill repealed the requirement that grocery stores and convenience stores maintain a certain inventory of food in order to be licensed to sell alcoholic beverages. The bill's sponsor felt that the food requirement was outdated, arbitrary, and led to a cost for store owners who wanted to sell beer only, with no discernable benefit to the state or the public. While many of the members of the committee agreed with the prime sponsor, it was felt that a specialty beer store license may be a more appropriate avenue to remedy the issue. Under the committee amendment to this legislation, any store owner who wishes to sell beer items without the food requirement may now do so, provided that they stock a variety of 400 or more beer labels. This amendment was supported by beer store owners, almost all committee members, and specialty beer drinkers everywhere. The only opponents were the NH Grocers Association and the NH Liquor Commission. They felt strongly that pairing alcohol with food items has been the law since Prohibition and was fundamental to the fabric of a stable society. It is of note that the state liquor stores do not have this requirement. Vote 18-2.

Amendment (2453h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing beer specialty licenses.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Beer Specialty License. Amend RSA 178 by inserting after section 19-c the following new section:

178:19-d Beer Specialty License.

- I. A beer specialty license may be issued by the commission to any person operating a retail outlet in this state the primary business of which is the sale of beer as defined in RSA 175:1. A beer specialty license shall allow the licensee to sell beverage, wine, and tobacco products directly to individuals at retail on the premises for consumption off the premises; beer may be sold in such barrels, bottles, or other containers as commission may by rule prescribe.
 - II. Beer specialty licensees shall maintain an inventory of 400 or more selection of beer labels.
- III. The commission may establish restrictions on the number of beer specialty licenses held by any person.
- IV. All sales of beer and tobacco products shall be recorded on cash registers. No additional registers shall be added during the remainder of the year without prior approval of the commission. No rebate shall be allowed for cash registers discontinued during the license year.
- V. The commission may suspend the tobacco or alcohol sales portion of the license separately under the provisions of RSA 179:57.
- 2 New Subparagraph; Fees. Amend RSA 178:29, II by inserting after subparagraph (c) the following new subparagraph:
 - (d) Beer specialty:
 - (1) 1 register \$480
 - (2) 2-3 registers \$660
 - (3) 4 or more registers \$876
 - 3 Effective Date. This act shall take effect July 1, 2016.

AMENDED ANALYSIS

This bill establishes beer specialty licenses for retail sales at eligible outlets for off-premises consumption.

HB 327, relative to investment crowdfunding. REFER FOR INTERIM STUDY.

Rep. Kermit Williams for Commerce and Consumer Affairs. This bill would allow New Hampshire-based business to raise equity funds via crowdfunding. Crowdfunding is a method of raising money for a project or venture by collecting small sums from many people, usually on the internet. While the committee is intrigued with the concept and recognizes that internet-based investing will become increasingly popular in the future, we felt there were too many unknowns and unsolved problems to proceed with this bill. The bill would have limited participants to "qualified" investors from New Hampshire. Like most internet activity, crowdfunding is a virtual activity that ignores state boundaries and the federal government has made no mechanism to allow crowdfunding securities. There could be many sales portals in the state. The Bureau of Securities Regulation in the Secretary of State's office would be called on to manage the process, a task they are not prepared for. All of these issues and others caused us to vote for Interim Study on this interesting idea. Vote 19-0.

HB 356, exempting persons using private virtual currencies for internet commerce from the licensing requirements for money transmitters. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Joseph Hannon for Commerce and Consumer Affairs. This bill, as amended, establishes a commission to study the regulation of crypto currency in New Hampshire. Due to ongoing conflicting and evolving classifications of crypto currency from several federal agencies, it was deemed necessary to study the industry on an ongoing basis over the next 5 years. This commission will study whether the industry requires regulation at the state level in New Hampshire and will propose any legislation deemed necessary. Vote 18-2.

Amendment (2534h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a commission to study cryptocurrency regulation.

1 New Subdivision; Commission to Study Cryptocurrency Regulation. Amend RSA 399-G by inserting after section 24 the following new subdivision:

Commission to Study Cryptocurrency Regulation

399-G:25 Commission to Study Cryptocurrency Established.

- I. There is established a commission to study cryptocurrency regulation.
- II. The members of the commission shall be as follows:
- (a) Three members of the house of representatives, appointed as follows: one member appointed by the speaker of the house of representatives, one member from the commerce committee appointed by the chair of the commerce committee, and one member of the ways and means committee, appointed by the chair of the ways and means committee.
 - (b) One member of the senate, appointed by the president of the senate.
 - (c) The banking commissioner, or designee.
 - (d) The director of the bureau of New Hampshire securities, or designee.
 - (e) One representative of the cryptocurrency industry, appointed by the governor.
- III. Legislative members of the commission shall receive mileage at the legislative rate when attending to the duties of the commission.
- IV. The commission shall study whether regulation of the cryptocurrency industry is necessary in New Hampshire.
- V. The members of the commission shall elect a chairperson from among the members. The first meeting of the commission shall be called by the first-named house member. The first meeting of the commission shall be held within 45 days of the effective date of this section. Four members of the commission shall constitute a quorum.
- VI. The commission shall annually report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the president of the senate, the house clerk, the senate clerk, the governor, and the state library on or before November 1.
 - 2 Repeal. RSA 399-G:25, relative to the commission to study crytpocurrency regulation, is repealed.
 - 3 Effective Date.
 - I. Section 2 of this act shall take effect November 1, 2021.
 - II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a commission to study the regulation of the cryptocurrency industry.

HB 366, relative to the alcohol percentage used to classify beverages. INEXPEDIENT TO LEGISLATE.

Rep. John Hunt for Commerce and Consumer Affairs. This bill was introduced to increase the permissible alcohol content of beverages, liquors and specialty beers under the NH Liquor Laws. SB 93, which took effect on June 19, 2015, allows the Liquor Commission to approve fermented malt beverages with alcohol levels up to 8%. This narrower change fulfilled the intent of HB 366. Therefore, the committee agreed that this bill is not necessary. Vote 20-0.

HB 596-FN-L, relative to health insurance plans of public employers. INEXPEDIENT TO LEGISLATE.

Rep. Joseph Hannon for Commerce and Consumer Affairs. This bill declares that the state, or any political subdivision of the state, shall not offer its employees any health care plan subject to the excise tax under the Patient Protection and Affordable Care Act unless the extra expense arising from such tax is borne by the plan participants. This bill is not necessary because it was essentially passed in HB 2 earlier this year. Vote 19-0.

HB 672-FN, establishing a state bank. REFER FOR INTERIM STUDY.

Rep. Valerie Fraser for Commerce and Consumer Affairs. Establishing a bank in the public interest is a very complicated subject and the committee agreed that it should be studied further. This bill would not "expand government" but rather, with its fiduciary responsibility, use the federal reserve debt system so that the state can create its own money through loans. This would permit the state to keep the approximately \$77 million paid in interest on bonds and loans every year and use it to benefit the people of NH. Vote 19-1.

SB 64, relative to rulemaking authority and enforcement concerning prices for filling certain prescriptions. **OUGHT TO PASS WITH AMENDMENT.**

Rep. John Hunt for Commerce and Consumer Affairs. This bill, as adopted by the Senate, added rulemaking authority for the Pharmacy Board concerning complaints relative to the price of filling prescriptions paid by a pharmacy benefits manager or insurer. The bill also added authority for the Insurance Department to adopt rules for the enforcement of requirements for the price of filling prescriptions. The amendment removes the Insurance Department authority for adopting rules because it is not necessary; the department already has this authority. The amendment, however, clarifies the process for paying for filling prescriptions of covered persons. Vote 19-0.

Amendment (1308h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to payment for filling prescriptions and enforcement concerning prices for filling certain prescriptions.

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Pharmacists and Pharmacies; Filling Prescriptions; Rulemaking Added. Amend RSA 318:5-a by inserting after paragraph XVIII the following new paragraph:

XIX. Establishing procedures to receive complaints of violations of RSA 415:6-aaa and RSA 420-J:7-b, X. Such rules shall include:

- (a) Criteria and procedures to refer complaints to the insurance department.
- (b) Methods for tracking the status of complaints referred to the insurance department and receiving department of insurance reports on the status.
- (c) Procedures for reporting to the senate president, the speaker of the house of representatives, and the chairpersons of the house and senate committees with oversight of pharmacy benefit manager regulation the number of complaints received, the number and nature of complaints referred to the insurance department, and the status of referred complaints.
- 2 New Section; Filling Prescriptions; Individual. Amend RSA 415 by inserting after section 6-aa the following new section:
 - 415:6-aaa Filling Prescriptions.
- I. A pharmacy benefits manager or health carrier shall require that a covered person pay the lesser of the amount charged by the pharmacy for filling the prescription, the provider specified contract payment amount, or the covered person's benefit copayment.
- II. Once a pharmacy benefit manager or health carrier has settled a claim for filling a prescription for a covered person and notified the pharmacy of the amount the pharmacy benefits manager

or health carrier will pay to the pharmacy for that prescription, the pharmacy benefits manager or health carrier shall not lower the amount to be paid to the pharmacy by the pharmacy benefits manager or the health carrier for such settled claim; provided, however, that this paragraph shall not apply if the claim was submitted fraudulently or with inaccurate or misrepresented information.

3 New Paragraph; Managed Care; Filling Prescriptions. Amend RSA 420-J:7-b by inserting after

paragraph IX the following new paragraph:

X.(a) Every health benefit plan that provides prescription drug benefits shall require that a covered person pay the lesser of the amount charged by the pharmacy filling the prescription, the provider specified contract payment amount, or the covered person's benefit copayment.

(b) Once a pharmacy benefit manager or health carrier has settled a claim for filling a prescription for a covered person and notified the pharmacy of the amount the pharmacy benefits manager or health carrier will pay to the pharmacy for that prescription, the pharmacy benefits manager or health carrier shall not lower the amount to be paid to the pharmacy by the pharmacy benefits manager or the health carrier for such settled claim; provided, however, that this paragraph shall not apply if the claim was submitted fraudulently or with inaccurate or misrepresented information.

4 New Paragraph; Managed Care; Provider Contract Standards. Amend RSA 420-J:8 by inserting

after paragraph XIV the following new paragraph:

XV.(a) A pharmacy benefits manager or health carrier shall prohibit a pharmacy from collecting more from the covered person than the lesser of the amount charged by the pharmacy for filling the prescription, the specified contract payment amount, or the covered person's benefit copayment.

- (b) Once a pharmacy benefit manager or health carrier has settled a claim for filling a prescription for a covered person and notified the pharmacy of the amount the pharmacy benefits manager or health carrier will pay to the pharmacy for that prescription, the pharmacy benefits manager or health carrier shall not lower the amount to be paid to the pharmacy by the pharmacy benefits manager or the health carrier for such settled claim; provided, however, that this paragraph shall not apply if the claim was submitted fraudulently or with inaccurate or misrepresented information.
 - 5 Repeal. RSA 318:47-h, relative to the price of filling prescriptions, is repealed.
 - 6 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill clarifies the process of paying for filling prescriptions for covered persons. The bill also adds authority for the pharmacy board to adopt rules for enforcement of requirements for the price of filling prescriptions.

SB 115-FN, relative to the resale of condominium and subdivision time shares. INEXPEDIENT TO LEGISLATE.

Rep. Harold French for Commerce and Consumer Affairs. This bill was intended to address fraudulent practices that have developed in the timeshare and condominium resale market. After considering the bill and several amendments, the committee believes that this type of legislation could lead to unintended consequences. In addition, we have learned that industry leaders are working toward resolving the issues covered in this legislation within their own business transactions. As the problems they were trying to address were created by their business practices, the committee felt it best for them to resolve it without legislative intervention. Vote 19-0.

SB 137, relative to cost-sharing parity for oral anti-cancer therapies. INEXPEDIENT TO LEGISLATE.

Rep. Valerie Fraser for Commerce and Consumer Affairs. This bill was introduced to establish cost-sharing parity for anti-cancer medication that is administered by a patient, and anti-cancer medication that is administered by a health care provider. This issue was addressed in a nongermane amendment that was added to HB 508 in the Senate. That bill was further amended in committee of conference to address concerns raised in the House, and it was signed into law in July. Therefore, there is no need for SB 137. Vote 19-0.

HB 583-FN, requiring state law enforcement officers to wear a camera when interacting with the public and making an appropriation therefor. **INEXPEDIENT TO LEGISLATE**.

Rep. Robert Cushing for Criminal Justice and Public Safety. This bill was one of two retained by the committee that dealt with the subject of police worn body cameras. The committee decided to recommend Inexpedient to Legislate on this bill and to include recommendations for policy for the legislature to adopt in the other bill, HB 617. Vote 15-2.

HB 243, changing the definitions of "focus school" and "priority school" in the school performance and accountability law. INEXPEDIENT TO LEGISLATE.

Rep. James Grenier for Education. This bill changes the definitions of "focus school" and "priority school" in the school performance and accountability law. The Department of Education has stated the method of reporting will be changed. The bill is no longer needed. Vote 20-0.

HB 536, relative to payment for special education services for chartered public school students and relative to federal funds for chartered public schools. OUGHT TO PASS WITH AMENDMENT. Rep. Rick Ladd for Education. The bill, as amended, codifies the current funding practice of paying special education services in charter public schools. Within the school adequacy funding formula, charter public schools receive base adequacy and \$2,000 per pupil for the differentiated aid categories: free and reduced meals, English language learners, and third grade reading. The differentiated aid amount for special education service per pupil is sent directly to the resident district. The resident district is responsible for special education services and the paying of those services in the charter public school. The resident district has authority to raise revenue through taxes, whereas the charter public school does not. Any revenue received from the federal Individuals with Disabilities Education Act is sent to the school districts. A resident district is the traditional school district within whose boundaries the child's parents live. This is a housekeeping measure and puts into law funding practices that the Department of Education is currently following. Vote 19-0.

Amendment (2523h)

Amend the bill by replacing sections 1-2 with the following:

- 1 Chartered Public Schools; Funding. Amend RSA 194-B:11, I(b)(1) to read as follows:
- (b)(1) Except as provided in subparagraph (2), for a chartered public school authorized by the state board of education pursuant to RSA 194-B:3-a, the state shall pay tuition pursuant to RSA 198:40-a, *I*, *II*, and *II*-a plus an additional grant of \$2,000 directly to the chartered public school for each pupil who is a resident of this state in attendance at such chartered public school. The state shall pay amounts required pursuant to RSA 198:40-a, III directly to the resident district.
 - 2 Chartered Public Schools; Funding. Amend RSA 194-B:11, IV to read as follows:
- IV. [Any] Federal or other funding available in any year to a sending district shall, to the extent and in a manner acceptable to the funding source, be directed to a chartered public school in a receiving district on an eligible per pupil basis. This funding shall include, but not be limited to, funding under federal Chapters I and II of Title II, and Drug-Free Schools, in whatever form the funding is available in any year. This paragraph shall not apply to funding available to school districts under the federal Individuals with Disabilities Education Act.

 Referred to the Committee on Finance.

HB 581-FN, requiring schools to continue the education of a child during the child's suspension or expulsion. REFER FOR INTERIM STUDY.

Rep. Ralph Boehm for Education. The committee agreed that this bill dealing with suspensions and expulsions needed more study. Questions generated by the committee need to be answered with possible legislation to follow. Vote 19-0.

HB 110, relative to placement of political advertising. OUGHT TO PASS WITH AMENDMENT. Rep. William Gannon for Election Law. Currently, it is not legal to place or affix political advertising on public or private property without the consent of the owner at any time. As amended, this bill is intended to permit political advertisements to be placed within in an authorized campaign area at the polling place on Election Day only. It requires the moderator or the governing body to provide consent for the placement of advertising within the curtilage or parking area of a polling place. Curtilage includes the building of the polling place, paths, roadways, trees, poles and other items and lesser buildings on it, including the land immediately surrounding it, and any closely associated area of land that is used in its daily activity. Vote 19-0.

Amendment (2395h)

Amend the bill by replacing section 1 with the following:

- 1 Placement and Removal of Political Advertising. Amend RSA 664:17 to read as follows:
- 664:17 Placement and Removal of Political Advertising.
- I. No political advertising shall be placed on or affixed to any public property including highway rights-of-way or private property without the owner's consent. [All political advertising

shall be removed by the candidate no later than the second Friday following the election unless the election is a primary and the advertising concerns a candidate who is a winner in the primary.] Signs shall not be placed on or affixed to utility poles or highway signs. Political advertising may be placed within state-owned rights-of-way as long as the advertising does not obstruct the safe flow of traffic and the advertising is placed with the consent of the owner of the land over which the right-of-way passes.

II. All political advertising shall be removed by the candidate no later than the second Friday following the election unless the election is a primary and the advertising concerns a candidate

who is a winner in the primary.

III. No person shall remove, deface, or knowingly destroy any political advertising which is placed on or affixed to public property or any private property except for removal by the owner of the property, persons authorized by the owner of the property, or a law enforcement officer removing improper advertising. Political advertising placed on or affixed to any public property may be removed by state, city, or town maintenance or law enforcement personnel. Political advertising removed prior to election day by state, city, or town maintenance or law enforcement personnel shall be kept until one week after the election at a place designated by the state, city, or town so that the candidate may retrieve the items.

IV. On election day, no political advertising shall be placed within the curtilage or parking area of any polling place without the governing body's or moderator's consent.

AMENDED ANALYSIS

This bill specifies that political advertising within the curtilage or parking area of any polling place requires the governing body's or moderator's consent.

HB 312, relative to registration of voters. INEXPEDIENT TO LEGISLATE.

Rep. Adam Schroadter for Election Law. This bill establishes a deed or lease as presumptive evidence of domicile for persons registering to vote. The NH Constitution was amended in 1976 to state: "Every person shall be considered an inhabitant for the purposes of voting in the town, ward, or unincorporated place where he has his domicile." Members of the preceding 1974 Constitutional Convention voted to make domicile a prerequisite for voting, rather than being an inhabitant or resident, with the intent to require a more definite and permanent qualification that preserves and promotes confidence in NH elections. It was deemed that a person may have multiple residences at one time, but only one domicile. For example, a domiciliary of Massachusetts, who owns a second residence on one of NH's lakes, could meet the residency requirements for both a Massachusetts driver's license and a NH boating license. Furthermore, one can own or rent property and not be domiciled in that property's voting district. Existing statute already empowers election officials to deem forms of proof of domicile not specifically listed in statute to be reasonable. For these reasons, the committee concluded that HB 312 should not become law. Vote 19-0.

HB 393-FN, including the distributing of model acts to elected officials as lobbying and requiring disclosure of compensation or reimbursement received by elected officials from such lobbyists for attendance at an event. **REFER FOR INTERIM STUDY.**

Rep. Marcia Moody for Election Law. This bill requires registration as a lobbyist for a partnership, firm, or corporation which promotes or distributes model acts to New Hampshire elected officials, and requires the elected official to report any compensation, honorariums, meals, beverages, lodging, transportation, or reimbursement for his or her attendance at a conference, meeting, or event for the legislative adoption of one or more model acts. In order to discuss fully the merits of an amendment to this bill, a hearing should be held by an interim study committee because the amendment is intended to replace the entire bill. It deserves a public hearing. Vote 19-0.

HB 589-FN, relative to prohibited coercion of political contributions. INEXPEDIENT TO LEGISLATE.

Rep. James Gray for Election Law. This bill would clarify the language in existing law as it relates to coercion of political contributions. After testimony that no violations of this statute have been prosecuted in recent years, the committee believes that the existing law should remain unchanged. Vote 19-0.

HB 659-FN-L, allowing all voters to vote by absentee ballot. OUGHT TO PASS WITH AMENDMENT.

Rep. James Gray for Election Law. This bill would allow any voter to obtain an absentee ballot. The committee heard testimony from parents of small children and caregivers about the major disruption caused by their inability to meet the criteria to obtain an absentee ballot. The committee did not agree with allowing all voters to vote by absentee ballot. However, a majority agreed that we should expand the provision permitting a person to vote by absentee ballot if an employment obligation keeps them from getting to the polls to include people who are caring for children and infirm adults, with or without compensation. Vote 17-2.

Amendment (2496h)

Amend the title of the bill by replacing it with the following:

relative to eligibility for an absentee ballot.

Amend the bill by replacing all after the enacting clause with the following:

1 Absentee Voting; Eligibility. Amend RSA 657:1 to read as follows:

657:1 Absence, Religious Observance, and Disability Absentee Voting. Any person who is absent on the day of any state election from the city, town, or unincorporated place in which he or she is registered to vote or who cannot appear in public on any election day because of his or her observance of a religious commitment or who is unable to vote there in person by reason of physical disability may vote at such elections as provided in this chapter. A person who is unable to appear at any time during polling hours at his or her polling place because of an employment obligation requires the person to remain physically at work or to be in transit to or from work from the time the polls open until after the time the polls close] shall be considered absent for purposes of this chapter. For the purposes of this section, the term "employment" shall include the care of children and infirmed adults, with or without compensation.

2 Absentee Voting; Forms. Amend RSA 657:4, I to read as follows:

I. Prior to any state election, the secretary of state shall prepare the appropriate application forms for absentee ballots worded in substantially the following form. The secretary of state shall insert the names of all parties qualified as set forth in RSA 652:11 in the list of parties on the application form. The secretary of state shall prepare the application forms in such quantity as he or she deems necessary:

Absence (Excluding Absence Due to Residence Outside the United States), Religious Observance, and Disability: I hereby declare that (check one): ___ I am a duly qualified voter who is currently registered to vote in this town/ward. I am absent from the town/city where I am domiciled and will be until after the next election, or I am unable to register in person due to a disability, and request that the forms necessary

for absentee voter registration be sent to me with the absentee ballot. I will be entitled to vote by absentee ballot because (check one):

I plan to be absent on the day of the election from the city, town, or unincorporated place where I am domiciled.

__ I am requesting a ballot for the presidential primary election and I may be absent on the day of the election from the city, town, or unincorporated place where I am domiciled, but the date of the election has not been announced. I understand that I may only make such a request 14 days after the filing period for candidates has closed, and that if I will not be absent on the date of the election I am not eligible to vote by absentee ballot.

___ I cannot appear in public on election day because of observance of a religious commitment.

___ I am unable to vote in person due to a disability.

I cannot appear at any time during polling hours at my polling place because of an employment obligation [requires me to remain physically at work or to be in transit to or from work from the time the polls open until after the time the polls close]. For the purposes of this application, the term "employment" shall include the care of children and infirmed adults, with or without compensation.

Any person who votes or attempts to vote using an absentee ballot who is not entitled to vote by absentee ballot shall be guilty of a misdemeanor. RSA 657:24.

I am requesting an official absentee ballot for the following election (check one):

___ Presidential Primary to be held on _

(MM/DD/YYYY)

(The date may appear as blank when the date is not known.) State Primary to be held on
(MM/DD/YYYY)
General Election
For primary elections, I am a member of or I am now declaring my affiliation with the (check one):
Republican Party
Democratic Party
and am requesting a ballot for that party's primary.
Please print:
Applicant's Name:
(Last) (First) (Middle) (Sr., Jr., II., III)
Applicant's Voting Domicile (home address):
(Street Number) (Street Name) (Apt/Unit) (City/Town) (Ward) (Zip Code)
Mail the ballot to me at this address (if different than the home address):
(Street Number) (Street Name) (Apt/Unit) (City/Town) (Ward) (Zip Code)
Applicant's Signature:
The applicant must sign this form to receive an absentee ballot.
Date Signed:
(MM/DD/YYYY)
3 Absentee Voting; Materials. Amend RSA 657:7, II(a) to read as follows:
(a) Absence from City or Town. A person voting by absentee ballot because of absence from
the city or town in which he or she is entitled to vote shall fill out and sign the following certificate:
I do hereby certify under the penalties for voting fraud set forth below that I am a voter in the
city or town of, New Hampshire, in ward; that I will be unable to appear at any time during polling hours at my polling place because I will be working on election
day or will be otherwise absent on election day from said city or town and will be unable to vote in
person; that I have carefully read (or had read to me because I am blind) the instructions forwarded
to me with the ballot herein enclosed, and that I personally marked the ballot within and sealed
it in this envelope (or had assistance in marking the ballot and sealing it in this envelope because
I am blind). For the purposes of this certification the term "working" shall include the care of
children and infirmed adults, with or without compensation.
(Signature)
In accordance with RSA 659:34, the penalty for knowingly or purposefully providing false in-
formation when registering to vote or voting is a class A misdemeanor with a maximum sentence
of imprisonment not to exceed one year and a fine not to exceed \$2,000. Fraudulently registering to vote or voting is subject to a civil penalty not to exceed \$5,000.
4 Town Elections; Absentee Voting. Amend RSA 669:26 to read as follows:
669:26 Absentee Voting. Every town which has adopted an official ballot system for town elec-
tions as provided in RSA 669:12 or 669:13 shall provide for absentee voting. Any eligible voter
who is absent from such a town on the day of a town election, or who cannot appear in public on
election day because of his or her observance of a religious commitment, or who, by reason of
physical disability, is unable to vote in person may vote at a town election in accordance with the
provisions of this section and RSA 669:27-669:29. A person who is unable to appear at any time
during polling hours at his or her polling place because of an employment obligation [requires the
person to remain physically at work or to be in transit to or from work from the time the polls open

until after the time the polls close] shall be considered absent for purposes of this section and RSA 669:27-669:29. For the purposes of this section the term "employment" shall include the care of

children and infirmed adults, with or without compensation.

5 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill modifies what constitutes an employment obligation for purposes of absentee voting.

HB 466, relative to the definition of "implement of husbandry." OUGHT TO PASS WITH AMENDMENT.

Rep. Richard Gordon for Environment and Agriculture. This bill as amended allows farm tractor registration and plates to be used on equipment that is designed for construction, if it is solely used for farming operations. The amendment includes a form on which the registrant certifies that he or she uses the equipment only on the farm. Town clerks will not be responsible for making such determinations. Vote 17-0.

Amendment (2471h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to farm tractor plates for certain specialized vehicles.

1 Farm Tractor Plates; Specialized Vehicles. Amend RSA 261:83, II to read as follows:

II. Notwithstanding any provision of law to the contrary, a farm tractor that is fitted with attachments such as cultivators, loaders, or other equipment, specific to the activities of the farm, or a specialized vehicle such as a backhoe, bulldozer, excavator, grader, or loader, shall qualify for farm tractor registration rates and number plates, provided that it is being used exclusively for agriculture and farming purposes, and not being used for hire.

III. For a person using a specialized vehicle under paragraph II to be eligible for the issuance of a farm tractor plate, the applicant shall sign the following form which the treasurer of a city or such other official as the city government may designate or the town clerk shall provide. This form shall be provided to the applicant upon request without further evidence from the applicant that the plate shall be used for purposes of this section.

I, the undersigned, fully understand the limitations concerning the use of specialized vehicles such as backhoes, bulldozers, excavators, graders, or loaders registered under RSA 261:83, and hereby certify that my vehicle will be used only for agricultural and farming purposes and uses incidental thereto. Signed:

Date:	
	Copies to: Town or City Clerk Applicant

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill allows certain specialized vehicles used for agricultural purposes to qualify for farm tractor plates.

HB 294, establishing a commission to develop a strategic plan for New Hampshire. INEXPEDIENT TO LEGISLATE.

Rep. Jacalyn Cilley for Executive Departments and Administration. This bill establishes a commission of legislators, state agency heads and members of the public to develop a strategic plan for NH. Subcommittee work on this bill has led to several productive conversations with the staff at the Division of Economic Development and the Office of Energy and Planning. The committee is satisfied that the crafting of a strategic plan is well under way and that a new commission is not necessary. Vote 11-0.

HB 377, establishing a commission to study the establishment of a state geographic information system office and the position of state geographic information officer. **OUGHT TO PASS WITH AMENDMENT**.

Rep. Harold Parker for Executive Departments and Administration. The intent of this bill, as amended, is to codify the existing New Hampshire Geographic Information System Advisory Committee. The committee is composed of representatives from a number of state agencies who work to share access and pool geographic information system resources. We anticipate that all participants in the preexisting advisory committee will continue to participate in committee discussions regardless of whether they are appointed as voting members of the new committee. It is important that all participants provide input so that their expertise and knowledge can be used in formulating any future plans or decisions that will be beneficial to the state of New Hampshire. Vote 11-0.

Amendment (2506h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a state geographic information system committee.

Amend the bill by replacing all after the enacting clause with the following:

1 Statement of Intent. The intent of this act is to codify the existing New Hampshire geographic information system committee. The general court intends that all participants in the pre-existing committee continue to participate in committee discussions regardless of whether they are appointed as voting members of the committee. It is important that all participants provide input so that their expertise and knowledge can be used in formulating any future plans or decisions.

2 New Chapter; State Geographic Information System Committee. Amend RSA by inserting after chapter 4-E the following new chapter:

CHAPTER 4-F NEW HAMPSHIRE GEOGRAPHIC INFORMATION SYSTEM COMMITTEE

4-F:1 Geographic Information System (GIS) Committee Established.

- I. There is established a New Hampshire geographic information system (GIS) committee.
- II. The members of the committee shall be as follows:
 - (a) The commissioner or agency head of each of the following state agencies, or designee:
 - (1) Adjutant general.
 - (2) Department of agriculture, markets and food.
 - (3) Department of corrections.
 - (4) Department of cultural resources.
 - (5) Department of education.
 - (6) Office of energy and planning.
 - (7) Department of environmental services.
 - (8) Fish and game department.
 - (9) Department of health and human services.
 - (10) Department of information technology.
 - (11) Department of resources and economic development.
 - (12) Department of revenue administration.
 - (13) Department of safety.
 - (14) Department of transportation.
- (b) The director of the University of New Hampshire's Geographically Referenced Analysis and Information Transfer (GRANIT) System, or designee.
 - (c) A municipal GIS manager, appointed by the New Hampshire Municipal Association.
- III. All entities represented on the committee shall share access to geospatial data and resources with the exception of information that is nonpublic, statutorily restricted, or is part of a criminal investigation. Shared information shall be used exclusively for the benefit of the state, the state's political subdivisions, and other relevant parties. No entity represented on the committee shall use data or resources obtained from another entity represented on the committee for pecuniary gain.
- IV. The committee shall review the use, development, and coordination of geospatial data and resources by state agencies and municipal governments and shall consider the need for central coordination, storage, and distribution of such data and resources, and suggest an appropriate response. The committee shall also consider GIS activities at public and semi-public agencies and identify avenues where legislation may further efficiencies through enhanced cooperation.
- V. The first meeting of the committee shall be called by the commissioner of the department of information technology, or designee, and shall be held within 45 days of the effective date of this section. The members of the committee shall elect a chairperson from among the members at the first meeting and every 2 years thereafter. Nine members of the committee shall constitute a quorum.
- VI. The committee shall report annually, beginning November 1, 2016, to the speaker of the house of representatives, the president of the senate, and the governor, on or before November 1. The reports shall describe the activities and findings of the committee and any recommendations for proposed legislation.
 - 3 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a state geographic information system committee.

HB 562-FN-L, repealing the limitation on the total education grant distributed to a municipality in a fiscal year and reducing the stabilization grants to certain municipalities. INEXPEDIENT TO LEGISLATE.

Rep. Frank Edelblut for Finance. The committee recommends that this bill be Inexpedient to Legislate and its contents be placed into SB 227. The bill modifies RSA 198.41, IV(c) and limits stabilization grants. It provides that no stabilization grant shall be distributed to any municipality in which the municipality's education property tax revenues (RSA 76) exceed the total cost of an adequate education; and no stabilization grant shall be distributed to any municipality in which the municipality's Average Daily Membership is zero. Vote 25-0.

SB 227, relative to calculating the cost of an adequate education. OUGHT TO PASS WITH AMENDMENT.

Rep. Kenneth Weyler for Finance. There were several bills last session affecting the calculation and distribution of the adequate education grants. Some of the language in proposed bills was incorporated into HB 2, but the former bills had to be kept alive while the continuing resolution was in force. Now that the veto of HB 1 and HB 2 has been overridden, some of this language is not needed in separate bills. This bill also incorporates the language of HB 562 by removing adequacy distributions to municipalities that have no students and by having the caps on adequacy expire at the end of this biennium. The amendment takes out what would have been redundant language with HB 2. Many prior amendments were already passed that changed language. The committee amendment incorporated some provisions of HB 562, and changed 2014 to 2017 as the date for removing caps. Vote 25-0.

Amendment (2553h)

Amend the bill by replacing all after the enacting clause with the following:

1 Adequate Education; Definitions. Amend RSA 198:38 to read as follows:

198:38 Definitions. In this subdivision:

L(a) "Average daily membership in attendance" or "ADMA" means the average daily membership in attendance, as defined in RSA 189:1-d, III, of pupils in kindergarten through grade 12, [as defined in RSA 189:1-d, III of the school year in which the calculation is made, in the determination year, provided that no kindergarten pupil shall count as more than 1/2 day attendance per [ealendar] school year. ADMA shall only include pupils who are legal residents of New Hampshire pursuant to RSA 193:12 and educated at school district expense which may include public academies or out-of-district placements. For the purpose of calculating funding for municipalities, the ADMA shall not include pupils attending chartered public schools, but shall include pupils attending a charter conversion school approved by the school district in which the pupil resides.

(b) For the purpose of calculating ADMA, each pupil who is home educated in compliance with RSA 193-A and who is enrolled in a school board approved public high school academic course shall count as an additional 0.15 pupil for each such academic course taken in a public high school. The department of education shall only make grant payments for such pupils to the extent of available appropriations. In this subparagraph, "public high school" shall have the same meaning

as "high school" as defined in RSA 194:23.

II. "Commissioner" means the commissioner of the department of education.

III. "Department" means the department of education.

IV. "Determination year" means the school year immediately preceding the school year for which aid is determined. Unless otherwise indicated, determination year data shall be used to calculate aid.

V. ["Educationally disabled child" or "educationally disabled pupil"] "Pupil receiving special education services" [shall mean "educationally disabled child"] means the ADMA of a child with a disability as defined in RSA 186-C:2, I.

VI. "English language learner" means[-a child] the ADMA of a pupil who has a predominant language other than English or who is educationally disadvantaged by a limited English proficiency, and who [is receiving regularly scheduled English language instruction. For the purposes of RSA 198:40-a, the department shall calculate the number of English language learners using ADMA data. The department shall use the ADMA of all pupils receiving English language learner services as of October 2006 in calculating 2006-2007 ADMA data participated in the annual assessment of English language proficiency required of such pupils by the Elementary and Secondary Education Act, 20 U.S.C. section 6311 (b)(7).

VI-a. "Municipality" means a city, town, or unincorporated place.

VII. "Pupils eligible for a free or reduced-price meal" means the ADMA of pupils in [grade 1] kindergarten through grade 12 who are eligible for the federal free or reduced-price meal program. [For the purposes of RSA 198:40-a, the department shall calculate the concentration of pupils eligible for free or reduced-price meals using ADMA data. The department shall use the ADMA of pupils eligible for a free or reduced-price meal as of October 2006 in calculating ADMA concentrations for 2006-2007 ADMA data.] No pupil or school shall be required to participate in the federal free or reduced price meal program.

VIII. "School district" means school district as defined in RSA 194:1 and shall include coop-

erative school districts as defined in RSA 195:1, I.

2 Adequate Education; Cost of an Opportunity for an Adequate Education. RSA 198:40-a is repealed and reenacted to read as follows:

198:40-a Cost of an Opportunity for an Adequate Education.

I. For the biennium beginning July 1, 2015, the annual cost of providing the opportunity for an adequate education as defined in RSA 193-E:2-a shall be as specified in paragraph II. The department shall adjust the rates specified in this paragraph in accordance with RSA 198:40-d:

II.(a) A cost of \$3,561.27 per pupil in the ADMA, plus differentiated aid as follows:

- (b) An additional \$1,780.63 for each pupil in the ADMA who is eligible for a free or reduced price meal; plus
 - (c) An additional \$697.77 for each pupil in the ADMA who is an English language learner; plus
- (d) An additional \$1,915.86 for each pupil in the ADMA who is receiving special education services; plus
- (e) An additional \$697.77 for each third grade pupil in the ADMA with a test score below the proficient level on the reading component of the state assessment administered pursuant to RSA 193-C:6, provided the pupil is not eligible to receive differentiated aid pursuant to subparagraphs (b)-(d).

III. The sum total calculated under paragraph II shall be the cost of an adequate education. The department shall determine the cost of an adequate education for each municipality based on the ADMA of pupils who reside in that municipality.

3 Adequate Education; Consumer Price Index Adjustment. Amend RSA 198:40-d to read as follows: 198:40-d Consumer Price Index Adjustment. Beginning July 1, [2013] 2017 and every biennium thereafter, the department of education shall adjust the [sum of the amounts determined] cost of an adequate education under RSA 198:40-a based on the average change in the Consumer Price Index for All Urban Consumers, Northeast Region, using the "services less medical care services" special aggregate index, as published by the Bureau of Labor Statistics, United States Department of Labor. The average change shall be calculated using the 3 calendar years ending 18 months before the beginning of the biennium for which the calculation is to be performed.

4 Adequate Education; Determination of Education Grants. Amend RSA 198:41, IV(d) to read as follows:

(d) For fiscal year 2017 and each fiscal year thereafter, the department of education shall distribute a total education grant to each municipality in an amount equal to the total education grant for the fiscal year in which the grant is calculated plus a percentage of the municipality's fiscal year 2012 stabilization grant, if any, distributed to the municipality; the percentage shall be 96 percent for fiscal year 2017, and shall be reduced by 4 percent of the amount of the 2012 education grant for each fiscal year thereafter. No stabilization grant shall be distributed to any municipality for any fiscal year in which the municipality's education property tax revenue collected pursuant to RSA 76 exceeds the total cost of an adequate education or to any municipality for any fiscal year in which the municipality's ADMA is zero.

5 New Paragraphs; Adequate Education; Determination of Education Grants. Amend RSA 198:41 by inserting after paragraph IV the following new paragraphs:

V. The department shall use the best available data and methods to estimate ADMA and education grants by November 15 of the year preceding the school year for which aid is determined.

VI. The department shall produce a revised estimate of grants using actual determination year data for the purpose of settling municipal tax rates. A municipality's grant estimate shall not be less than 95 percent of the estimate reported pursuant to paragraph V. The commissioner of the department of education shall provide the estimate for the current fiscal year to the commissioner of the department of revenue administration no later than October 1 of each year.

VII. When final determination year data is available, but not later than April 1, the department shall make a final determination of grant amounts. A municipality's grant estimate shall not be less than 95 percent of the estimate reported pursuant to paragraph V. The department shall adjust the April grant disbursement required pursuant to RSA 198:42 so that the total amount disbursed for the fiscal year shall match the final grant determination.

VIII. Reports of grant determinations for municipalities required pursuant to paragraphs V-VII shall be available to the public by the date specified in paragraphs V-VII, and the department shall make available a report for multi-town school districts. The department of education shall provide

the department of revenue administration the information needed to set tax rates.

6 Adequate Education; Distribution Schedule of Adequate Education Grants. Amend RSA 198:42 to read as follows:

198:42 Distribution Schedule of Adequate Education Grants; Appropriation.

I. The adequate education grant determined in RSA 198:41 shall be distributed to each municipality's school district or districts [legally responsible for the education of the pupils who attend approved public schools within the district or in other districts or who attend approved programs for children with disabilities, as the case may be,] from the education trust fund in 4 payments of 20 percent on September 1, 20 percent on November 1, 30 percent on January 1, and 30 percent on April 1 of each school year; provided that for a dependent school district, the grant determined in RSA 198:41 shall be distributed to the municipality, which shall appropriate and transfer the grant funds to its dependent school department. [During the course of the school year, the commissioner may make adjustments in grant payments necessitated by variations in the ADMA data for a school district for any fiscal year in which the ADMA calculation is made.]

II. For the fiscal year beginning July 1, 2005, and every fiscal year thereafter, the amount necessary to fund the grants under RSA 198:41 is hereby appropriated to the department from the education trust fund created under RSA 198:39. The governor is authorized to draw a warrant from the education trust fund to satisfy the state's obligation under this section. Such warrant for payment shall be issued regardless of the balance of funds available in the education trust fund. If the balance in the education trust fund, after the issuance of any such warrant, is less than zero, the commissioner of the department of administrative services shall inform the fiscal committee and the governor and council of such balance. This reporting shall not in any way prohibit or delay the distribution of adequate education grants.

III. The department of education shall certify the amount of each grant to the state treasurer and direct the payment thereof to the school district or municipality. [When a payment of a grant is made to a school district, the municipality on whose behalf the payment is made shall receive notification from the state treasurer of the amount of the payment made to its school district or districts.]

IV. For chartered public schools approved by the state board of education, the department of education may expend budgeted amounts to fund chartered public school [tuition] payments under RSA 194-B:11, I. Said amounts are hereby appropriated to the department from the education trust fund established under RSA 198:39. The education trust fund shall be used to satisfy the state's obligation under this paragraph. The payment shall be issued regardless of the balance of funds available in the education trust fund. The department of education may request additional funds from the fiscal committee of the general court, with the approval of governor and council, for a new chartered public school approved for initial operation by the state board of education pursuant to RSA 194-B:3-a.

7 Adequate Education; Submission of Data. Amend RSA 198:45 to read as follows:

198:45 Submission of Data.

[H] The governing body of every school district, city, joint maintenance agreement, chartered public school, or approved public academy shall submit all records, data, or other information required under this subdivision in accordance with the provisions of RSA 189:28.

[H. The commissioner of the department of education shall provide adequacy aid estimates for the current fiscal year to the commissioner of the department of revenue administration no later than October 1 of each year.]

8 School Boards; Statistical Reports. Amend RSA 189:28 to read as follows:

189:28 Statistical Reports; Failure to File Report.

I. The governing body of every [school district, city, joint maintenance agreement, chartered public school, or approved public academy] public education agency, shall, on or before August 1 in each year, submit to the department of education those statistical reports necessary to compute the

average daily membership of pupils attending each school district, and the average daily membership of pupils resident in each school district. Information relating to the fall enrollment, drop-outs, staffing census, and average teacher salary, as of October 1 of each school year, shall be submitted to the department of education on or before October 15. Private schools shall submit average daily membership in attendance, fall enrollment, and teacher staff census.

II.(a) The information needed to determine compliance with performance or accountability measures of [the school district, city, or public academy] public education agency under RSA 193-E:3 or federal law, shall be submitted to the department of education in a timely manner as determined by the department of education. The state board of education shall ensure the accuracy and completeness of such data and shall take enforcement or other actions when necessary, including verification checks, for the purpose of enforcing the provisions of this section.

(b) If the department of education requests verification of information relevant to reports submitted, the [school district, city, or public academy] public education agency shall provide corrected information or verification within 10 business days of such request. The governing body of every [school district, city, joint maintenance agreement, chartered public school, or public academy] public education agency shall maintain files of all records, data, and other information submitted pursuant to this section for not less than 5 years from the date of submission. The state board of education shall have access to such records, data, and information for the purpose of ensuring the accuracy of reported information.

III. Each statistical report submitted under this section by a public education agency shall include a certification, signed by the [superintendent of the school district,] chief executive official that states: "I certify, under the pains and penalties of perjury, that all of the information contained in this document is true, accurate, and complete, and that the school board chairperson has received a copy of this document."

IV. The commissioner of the department of education may grant a school district, city, or public academy up to a 30-day extension of the reporting deadline set forth in paragraph I. The commissioner of the department of education shall notify the governing body of the [school district; city, or public academy] public education agency that all state aid to education and all federal aid, if the report is required by federal law, shall be withheld until such time as complete and accurate information is submitted.

V. The department of education shall determine the average daily membership in attendance of every [school district, city, joint maintenance agreement, chartered public school, public academy] public education agency, and private institution that operates an elementary or secondary school, and the average daily membership in residence of each school district, municipality within a cooperative school district, and unincorporated place.

VI. In this section, "public education agency" means a school district, city, joint maintenance agreement, chartered public school, or approved public academy.

9 Education Tax Credit; Definitions. Amend RSA 77-G:1, I to read as follows:

I. "Adequacy cost" means the total cost of the opportunity for an adequate education as defined in RSA 198:40-a[, I-III].

10 Education Tax Credit; Scholarship Organizations. Amend RSA 77-G:5, II(e) to read as follows:

- (e) Notwithstanding RSA 193-E:5, on or before July 15, a scholarship organization shall furnish the unique pupil identifier and date of birth for each student eligible pursuant to RSA 77-G:1, VIII(a)(1) and (2) who is receiving a scholarship, and the subparagraph under which he or she was eligible, to the department of education. The department of education shall notify the scholarship organization within 30 days of any students who are ineligible under RSA 77-G:1, VIII(a)(1). The scholarship organization shall notify the department of education within 30 days if any student eligible under RSA 77-G:1, VIII(a)(1) or (2) is not awarded a scholarship or is awarded a scholarship yet subsequently returns to public school. The department of education shall return such student to the calculation of the average daily membership in residence, as defined in RSA 189:1-d, IV, for the student's school district of residence, and add the amount calculated under RSA 198:40-a[, I-IIII] to the adequate education grant amount to the student's school district of residence, and include such amount in the next adequate education grant payment made under RSA 198:42.
 - 11 Education Tax Credit; Requirements. Amend RSA 77-G:7, I to read as follows:
- I. The department of education shall determine the number of students receiving a scholarship under RSA 77-G:1, VIII(a)(1) and (2) who were counted in the calculation of the average daily membership in attendance, as defined in RSA 198:38, I, for schools, other than chartered public

schools, for the student's school district of residence and for each such student, shall deduct the amount calculated under RSA 198:40-a[, I-III] from the total education grant amount disbursed to the student's school district of residence calculated pursuant to RSA 198:40-a[, IV(b)-(c)]. This adjustment shall be completed prior to September 1 of the program year in which the scholarships are granted.

12 School Money; Reports Required. Amend RSA 198:4-d, II to read as follows:

II. A report filed by the governing body of each city and school district shall revise all the estimated revenues for the year. This report shall be filed by September 1 of each year. The revised estimates by school districts for the adequate education grants calculated under RSA 198:41 shall be considered the most accurate within 5 percent of the amount estimated pursuant to RSA 198:40-a[, V].

13 Repeal. The following are repealed:

I. RSA 198:40-b, relative to use of differentiated aid.

II. RSA 198:44, relative to the duties of the department of education and the state board of education.

14 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill revises the amount of differentiated aid distributed to a pupil, makes various changes to the deadlines and types of data to be used by the department of education in the calculation of adequate education grants, revises the stabilization grant amount distributed to certain municipalities, and repeals the provision relating to the use of differentiated aid.

SB 265-FN, establishing the achieving a better life experience (ABLE) savings account program. OUGHT TO PASS WITH AMENDMENT.

Rep. J. Tracy Emerick for Finance. This bill, creating the Achieving a Better Life Experience (ABLE) savings account program for those with certain disabilities, is the state adaptation of a federal program of the same name. The bill provides for the launch of an ABLE program as soon as the federal rules are finalized and a third party program administrator can be selected. The bill assigns the responsibility of implementation to the State Treasurer and Executive Director of the Governor's Commission on Disability so the state and affected communities are represented. The bill stipulates that the state incur no cost to implement the ABLE program. The bill's sponsor concurs with this amended version of the bill. Vote 25-0.

Amendment (2446h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Chapter; Achieving a Better Life Experience (ABLE) Savings Account Program. Amend RSA by inserting after chapter 195-J the following new chapter:

CHAPTER 195-K

ACHIEVING A BETTER LIFE EXPERIENCE (ABLE) SAVINGS ACCOUNT PROGRAM 195-K:1 Definitions. In this chapter:

I. "Achieving a Better Life Experience Act of 2014" means the federal Achieving a Better Life Experience (ABLE) Act of 2014 which allows individuals with disabilities to establish tax-free 529-A savings accounts to save for medical, housing, transportation, employment training, education and other quality of life expenses.

II. "Executive director" means the executive director of the governor's commission on disability established in RSA 275-C.

III. "Individuals with disabilities" means individuals who are eligible for the program because their disabilities occurred on or before the individual attained age 26, as required by 26 U.S.C. section 529A(e)(1)-(2) of the federal Achieving a Better Life Experience Act of 2014.

IV. "Savings plan" means any plan administered as the New Hampshire ABLE savings account program.

195-K:2 Achieving a Better Life Experience (ABLE) Savings Account Program.

I. The state treasurer and the executive director shall establish and administer a qualified ABLE savings account program as authorized in the Achieving a Better Life Experience Act of 2014, and in accordance with the provisions of section 529A of the United States Internal Revenue Code of 1986, as amended, and may enter into such contracts as the state treasurer and the executive director deem necessary to achieve this purpose, subject to the approval of the governor and council.

- II. The state treasurer and the executive director shall adopt rules relative to the administration, management, promotion, and marketing of the qualified ABLE program and ensure that the qualified ABLE program complies with section 529A of the Internal Revenue Code of 1986, as amended, and any related federal law applicable to the qualified ABLE program.
- III. Any personnel and administrative costs related to plan administration within the state treasurer's office and the governor's commission on disability shall be funded from the savings plan.
 - IV. No general fund moneys shall be expended in support of the savings plan or its implementation. 195-K:3 ABLE Savings Plan.
- I.(a) The state treasurer and the executive director shall, as needed, issue requests for proposals to evaluate and determine the vehicle for investments of the savings plan and its administration.
- (b) The state treasurer and the executive director shall consider and, if appropriate, give preference to proposals best meeting the following criteria:
- (1) Ability to administer financial programs with individual account maintenance and reporting.
- (2) Ability to develop and administer an investment program of a nature similar to the objectives of the ABLE savings plan.
- (c) The final selection of the vehicle for investments and its administration shall be made by the state treasurer and the executive director.
- (d) The state treasurer and the executive director may consider and contract with an ABLE savings account program previously established in another state.
- II. The savings plan may be on a "cash only" basis, and may include provisions for automatic deductions.
- III. The savings plan or such trust may be divided into multiple investment portfolios. If so divided, and if distinct records are maintained for any such portfolio and the assets associated with any such portfolio are accounted for separately from the other assets of the trust, then the debts, liabilities, obligations, and expenses incurred, contracted for, or otherwise existing with respect to a particular portfolio may be enforceable against the assets of such portfolio only, and not against the assets of the trust generally.
- 195-K:4 Funds Exempt From Interest and Dividends Tax. Income and distributions from any qualified ABLE program as defined in the Internal Revenue Code of 1986, as amended, shall be exempt from the interest and dividends tax pursuant to RSA 77:4-h, provided that distributions from the plan which are subject to federal income tax shall be subject to the interest and dividends tax pursuant to RSA 77 on the accrued income portion of the savings plan distribution.
 - 195-K:5 Authority to Issue Request for Proposals.
- I. Within 6 months of the issuance of administrative rules by the Internal Revenue Service and the federal Department of Treasury governing implementation of any savings account programs authorized pursuant to the federal Achieving a Better Life Experience Act of 2014 (ABLE), the state treasurer, in consultation with the executive director, shall issue a request for proposals from third-party vendors to implement a savings plan pursuant to this chapter and in accordance with provisions of section 529A of the United States Internal Revenue Code of 1986, as amended. The state treasurer and executive director shall implement a savings plan pursuant to this chapter within 6 months after a suitable third-party vendor has been selected.
- II. In selecting a third-party vendor, the state treasurer and executive director of the governor's commission on disability shall consider, and, if appropriate, give preference to proposals best meeting the following criteria:
- (a) Ability to administer financial programs with individual account maintenance and reporting.
- (b) Ability to develop and administer an investment program of a nature similar to the objectives of the ABLE plan.
- III. The final selection of the vehicle for investments and administration shall be made by the treasurer and the executive director.
- IV. The state treasurer and the executive director may consider and contract with an ABLE savings account program previously established in another state.
- 3 New Section; Interest and Dividends from Funds Invested in Achieving a Better Life Experience (ABLE) Plan Not Taxable. Amend RSA 77 by inserting after section 77:4-g the following new section:
- 77:4-h Interest and Dividends from Funds Invested in Achieving a Better Life Experience (ABLE) Plan Not Taxable. Notwithstanding any provision of RSA 77:4, income and distributions from

any Achieving a Better Life Experience (ABLE) plan as defined in the Internal Revenue Code of 1986, as amended, shall not be taxable under this chapter to the plan or its sponsors, participants, or beneficiaries to the extent that the same is exempted from federal income taxation under section 529-A of the Internal Revenue Code of 1986, as amended.

4 Contingent Repeal. The following are repealed:

I. RSA 195-K, relative to the Achieving a Better Life Experience savings account program.

II. RSA 77:4-h, relative to interest and dividends from funds invested in the Achieving a Better Life Experience savings account program.

5 Contingency. Section 4 of this act shall take effect upon the earlier of the following:

I. The date of certification from the state treasurer and the executive director of the governor's commission on disability to the secretary of state and the director of the office of legislative services that, after issuing a request for proposals, the treasurer and executive director of the governor's commission on disability have determined that no suitable vendor is available to implement the New Hampshire Achieving a Better Life Experience savings account program; or

II. The date of certification from the state treasurer and the executive director of the governor's commission on disability to the secretary of state and the director of the office of legislative services that the Internal Revenue Service and the federal Department of Treasury have not issued administrative rules governing implementation of any state savings account programs authorized pursuant to the federal

Achieving a Better Life Experience Act of 2014; or

III. The date of certification from the commissioner of the department of administrative services to the secretary of state and the director of the office of legislative services that a general fund appropriation has been made to support the New Hampshire Achieving a Better Life Experience savings account program as established in RSA 195-K.

6 Effective Date.

- I. Section 4 of this act shall take effect as provided in section 5 of this act.
- II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes the New Hampshire Achieving a Better Life Experience (ABLE) savings account program. The bill makes implementation of the program contingent on the adoption of federal administrative rules, the identification of a suitable third-party vendor to administer the program, or the adoption of a general fund appropriation.

HB 629-FN, relative to induced termination of pregnancy statistics. OUGHT TO PASS WITH AMENDMENT.

Rep. Bill Nelson for Health, Human Services and Elderly Affairs. As amended, this bill provides statistical information that brings New Hampshire in line with 48 other states. The committee took care to be sure the identity of the patient is confidential and follows the Centers for Disease Control and Prevention (CDC) protocols. All stakeholders agreed to the final version of the bill. Vote 12-1.

Amendment (2551h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Annual Report Required. Amend RSA 126-A by inserting after section 4-h the following new section:

126-A:4-i Induced Termination of Pregnancy; Annual Report.

- I. In this section:
- (a) "Aggregate summary" means compilation of the information received by the department of health and human services on induced terminations of pregnancy.
 - (b) "Department" means the department of health and human services.
 - (c) "Division" means the division of vital records administration, department of state.
- (d) "Facility" or "medical facility" means any public or private hospital, clinic, center, medical school, medical training institution, health care facility, physician's office, infirmary, dispensary, ambulatory surgical treatment center, or other institution or location wherein medical care is provided to any person.
- (e) "Health care provider" means any individual licensed to provide health care under RSA 326-B:18 or RSA 329 and who provides induced terminations of pregnancy.

- (f) "Identification number for health care provider of facility" means a confidential identifier for a health care provider or a facility including the location of the health care provider or the facility by city, town, or county.
- (g) "Induced termination of pregnancy" means an intervention performed by a licensed clinician, including a physician, nurse, midwife, nurse practitioner, or physician assistant, that is intended to terminate an ongoing pregnancy.
- (h) "Patient confidential identification code or number" means a confidential identifier for a patient including primary residence by state and city, town, or county.
 - (i) "Procedure" means the process by which an induced termination of pregnancy occurs.
- II.(a) The division shall collect non-identifying confidential data on induced termination of pregnancy occurring within the state of New Hampshire using the New Hampshire Vital Record Information Network (NHVRIN) electronic system or any modified or replacement electronic system under the jurisdiction of the division. The division shall bear all responsibility for maintaining the confidentiality of these records. These data shall be stored using only the confidential number of the health care provider assigned by the department to the provider prior to the submission of the form. Provider names or other identifying data shall not be stored in the division or department data systems. These data shall only be released to the department as authorized by this section. Each health care provider or facility shall use an electronic form for such purpose. The electronic form shall be made available by the department to each health care provider or facility. The form shall only require disclosure of information required under this section. The department shall assign a confidential number to each health care provider and facility required to submit the electronic form under this section. The confidential number, or any other personally identifiable information, obtained under this paragraph shall be for statistical purposes only and therefore be exempt from disclosure under RSA 91-A.
- (b) The electronic form shall be completed by the health care provider or the facility and securely transmitted to the division on or before the 15th day of each month for all induced terminations of pregnancy occurring within the previous month. The electronic form shall only be submitted if induced terminations of pregnancy were performed in the preceding month.
- (c) The department shall have sole responsibility for the analysis of the data and the preparation and distribution of the aggregate summary.
- (d) The department shall publish an annual report, commencing on November 1, 2017, to be posted on the department's Internet website, based on an aggregate summary of the information obtained pursuant to this section. No data may be released by the department that would have the capacity to personally identify either the health care provider who performed the induced termination of pregnancy or the patient on whom it was performed.
 - III. The electronic form provided by the department shall include the following data:
 - (a) The confidential identification number for the health care provider or facility.
 - (b) The patient's confidential identification code or number.
 - (c) The patient's use and, if applicable, type of contraception.
 - (d) The patient's age.
- (e) The estimated gestational age of the fetus as determined by the health care provider using as a reference the 2014 American College of Obstetricians and Gynecologists guidelines or any subsequent editions thereto.
- (f) The county or municipality if the population of the municipality exceeds 20,000 based on the United States Census Bureau of the address of the patient. If the patient is a resident of another state, then indicated as out-of-state.
 - (g) Date of termination by month and year.
 - (h) Method of termination as follows:
 - (1) Curettage;
 - (2) Intrauterine installation;
 - (3) Medical (nonsurgical); or
 - (4) Other as specified by the health care provider.
 - IV. The department's annual report shall provide aggregate data using the following fields:
- (a) The county or municipality if the population of the municipality exceeds 20,000 based on the United States Census Bureau of the address of the patient. If the patient is a resident of another state, then indicated as out-of-state.
 - (b) The patient's use and, if applicable, type of contraception.

- (c) Patient age listed in ranges as determined by the department using Centers for Disease Control and Prevention (CDC) guidelines.
- (d) Gestational age of the fetus listed in ranges as determined by the department using CDC guidelines.
 - (e) Method of termination as follows:
 - (1) Curettage;
 - (2) Intrauterine installation;
 - (3) Medical (nonsurgical); or
 - (4) Other as specified by the health care provider.
- V.(a) Notwithstanding RSA 126:28 and except as otherwise provided in this section, information obtained by the department under this section shall be used only for statistical purposes and such information shall not be released in any manner other than that outlined in this section for preparation of the reports. Such release shall not occur in any manner which would lead to or permit the identification of the person on whom the procedure was performed. Any releases of the information obtained shall not disclose or permit the identification of any person filing a report, the facility at which the procedure was performed, or the identity of any health care provider as defined in RSA 126-A:4-i, I(d) who submits a report to the division under this section. The information obtained by the department in RSA 126-A:4-i, III(a), regarding the confidential identification number for the health care provider or facility, and RSA 126-A:4-i, III(b), regarding the patient's confidential identification code or number, shall only be used for internal auditing and quality assurance purposes by the department.

(b) Excluding any aggregate summary as defined in RSA 126-A:4-i, I(a), the department

and division shall purge all data collected and obtained under this section after 3 years.

VI. If any provision of this section, or the application thereof to any person or circumstance, is held invalid, such determination shall not affect the provisions or applications of this section which can be given effect without the invalid provision or application, and to that end the provisions of this section are severable.

2 Effective Date. This act shall take effect January 1, 2017.

AMENDED ANALYSIS

This bill requires the department of health and human services to publish an annual report consisting of an aggregate statistical summary of all induced terminations of pregnancy performed in New Hampshire. This report shall be available to the public. Data submitted by providers shall be for statistical purposes only and not public records.

SB 7, adding duties to the joint health care reform oversight committee. INEXPEDIENT TO LEGISLATE.

Rep. James MacKay for Health, Human Services and Elderly Affairs. This bill requires the joint health care reform oversight committee to provide oversight, policy direction, and recommendations for legislation regarding implementation of managed care and the New Hampshire health protection plan. Essentially the duties detailed in this legislation are not needed as they are contained in existing committees. Vote 13-0.

SB 67, establishing a commission to study opioid misuse in New Hampshire. INEXPEDIENT TO LEGISLATE.

Rep. Joanne Ward for Health, Human Services and Elderly Affairs. This bill sought to create a new commission to study opioid misuse in the state. There is concern and no question that there is a problem with opioids and the escalating number of opioid overdoses. However, the committee believed that commissions exist to study substance abuse. Creating another commission was viewed as duplication and not expedient to providing a solution. Vote 13-0.

SB 214-FN, relative to the transfer of skilled nursing facility beds from the Franklin Regional Hospital. INEXPEDIENT TO LEGISLATE.

Rep. Donald LeBrun for Health, Human Services and Elderly Affairs. This bill clarifies an exemption to the certificate of need law regarding the transfer of skilled nursing facility beds from Franklin Regional Hospital to other parts of its service area. After testimony and input from various parties, the bill was deemed unnecessary. Vote 13-0.

HB 324, relative to membership in a union. INEXPEDIENT TO LEGISLATE.

Rep. Leonard Turcotte for Labor, Industrial and Rehabilitative Services. This bill, as introduced,

inaccurately addresses the intent of the sponsor. Rather than make the numerous changes necessary to meet the sponsor's original intent, a new bill will be introduced (in the next session) that accomplishes what the bill's sponsor set out to do. Vote 14-0.

HB 465, relative to workers' compensation for domestic employees. INEXPEDIENT TO LEGISLATE.

Rep. Tammy Simmons for Labor, Industrial and Rehabilitative Services. After hearing testimony, the Insurance Department added a workers' compensation insurance classification that covers non-professional domestic workers. This new classification allows more affordable coverage for individuals who provide daily living assistance in an individual's residence. As a result, the Labor Committee did not feel a legislative 'solution' was needed. Vote 14-0.

HB 477-FN-L, relative to workers' compensation benefits and establishing payment schedules. **INEXPEDIENT TO LEGISLATE.**

Rep. Douglas Ley for Labor, Industrial and Rehabilitative Services. The primary issue raised in this bill (medical payment schedules) was resolved by legislation passed in 2015 (Ch. 210 Laws of 2015, SB 133). The second issue raised (indemnity payments) may be more effectively addressed in future legislation. Vote 12-0.

SB 45, relative to opioid treatment agreements under workers' compensation law. OUGHT TO PASS WITH AMENDMENT.

Rep. William Infantine for Labor, Industrial and Rehabilitative Services. The goal of this legislation was to create rules regarding opioid drug use for employees being treated under a workers' compensation claim. One major item had to do with written contracts between the doctor and patient that would include mandatory drug testing. There are a number of initiatives undertaken in the state to deal with the current opioid drug issues. The committee felt it was more appropriate to amend the bill to study the issue and see how other proposed changes would come into play with workers' compensation claims. Vote 14-0.

Amendment (2544h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study opioid use in workers' compensation cases.

Amend the bill by replacing all after the enacting clause with the following:

- 1 Committee Established. There is established a committee to study opioid use in workers' compensation cases.
 - 2 Membership and Compensation.
 - I. The members of the committee shall be as follows:
- (a) Three members of the house of representatives, one of whom shall be from the labor, industrial and rehabilitation committee, appointed by the speaker of the house of representatives.
 - (b) One member of the senate, appointed by the president of the senate.
- II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.
 - 3 Duties.
 - I. The committee's study shall include, but not be limited to, the following:
- (a) Obtaining information regarding pain medicine and specifically opioid use in workers' compensation cases.
 - (b) The cost of opioid use for workers' compensation cases.
- (c) The correlation between opiod use in workers' compensation cases and cases of addiction to the medicine.
 - (d) The feasibility of using a doctor-patient opioid use contract and its effects on opioid use.
- II. The committee may solicit information from any person or entity the committee deems relevant to its study.
- 4 Chairperson; Quorum. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Three members of the committee shall constitute a quorum.
- 5 Report. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the president of the senate, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 2016.
 - 6 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a committee to study opioid use in workers' compensation cases.

HB 399-FN, establishing a force of state capitol security officers with the authority to carry firearms. REFER FOR INTERIM STUDY.

Rep. Richard Hinch for Legislative Administration. For a number of years we have been considering establishing a State Capitol Security Force. The safety and security of the public, employees, and elected officials could someday depend on this positive action. We do not have metal detectors. We do not check citizens entering our buildings. Referring this bill for Interim Study is a sensible first step in the process of ensuring the safety of our institution and the people in it. Vote 10-0.

HB 229, relative to increasing the maximum amount of the optional veterans tax credit. INEXPEDIENT TO LEGISLATE.

Rep. Franklin Sterling for Municipal and County Government. This bill would have increased the maximum allowed Veteran Tax Credit in RSA 72:28, II from \$500 to \$700. The committee believed that the honorarium of \$500 was sufficient to recognize the sacrifice of veterans. Vote 13-0.

HB 288-L, relative to the code for energy conservation in new building construction. **INEXPEDIENT TO LEGISLATE.**

Rep. Lawrence Kappler for Municipal and County Government. This legislation is anti-energy conservation. Of all the speakers at both the public hearing and the retained subcommittee meeting, the only person speaking in favor of this legislation was the sponsor. Vote 13-0.

HB 295, removing a reference in the housing law to municipal agreements regarding the construction of parking facilities. **OUGHT TO PASS WITH AMENDMENT.**

Rep. James Coffey for Municipal and County Government. The original wording of HB 295 addressed issues related to municipal parking facilities that resulted in negative feedback from affected municipalities. It became quickly obvious that even after retaining this bill and working on it in a subcommittee, it was not going to be acceptable. The committee simply corrected an erroneous reference to a non-existent statute and inserted the correct reference. As amended, the bill continues the original intent and simply corrects the error in current law. It makes no changes with respect to maintenance or construction of municipal parking facilities. Vote 13-0.

Amendment (2387h)

Amend the title of the bill by replacing it with the following:

AN ACT correcting a reference in the housing law to municipal agreements regarding the construction of parking facilities.

Amend the bill by replacing all after the enacting clause with the following:

1 Municipal Agreements Regarding Parking Facilities. Amend RSA 203:8, IX to read as follows: IX. To enter into agreements with municipalities for the construction of public parking facilities as provided in [RSA 252-A] RSA 231, provided, however, that any such agreement shall require that the public parking facilities shall be conveyed to the municipality or its designee upon completion of the project. Any authority may construct such facilities in any area that the municipality shall authorize and shall not be limited to blighted, substandard or slum areas.

2 Municipal Agreements Regarding Parking Facilities. Amend RSA 203:23, XV to read as follows: XV. Enter into agreements (which may extend over any period, notwithstanding any provision or rule of law to the contrary) with a housing authority for the construction of public parking facilities as provided in [RSA 252-A] RSA 231; provided, however, that any such agreement shall require that the public parking facilities shall be conveyed to the municipality or its designee upon completion of the project. Any authority may construct such facilities in any area that the municipality shall authorize and shall not be limited to blighted, substandard or slum areas. Any municipality may issue and sell its general obligation bonds or notes as provided by [RSA 252-A] RSA 231 to raise funds to be granted to a housing authority for the purposes of carrying out such agreements. Municipalities may make assessments as provided by [RSA 252-A] RSA 231 and may increase motor vehicle permit fees as provided by [RSA 260:27-b] RSA 261:154 in order to pay the cost of construction of a public parking facility including payment of indebtedness incurred by the issuance of such bonds or notes. Any such indebtedness shall be included in the net indebtedness of the municipality for the purpose of ascertaining its borrowing capacity only to the extent and under the conditions provided in [RSA 252-A] RSA 231.

3 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill corrects a reference in a provision relative to municipal agreements regarding the construction of parking facilities.

HB 501, allowing municipalities to grant a veterans property tax credit to residents who served not less than one year active duty in the armed forces. INEXPEDIENT TO LEGISLATE.

Rep. James Coffey for Municipal and County Government. This bill provides for the inclusion of veterans who served during non-qualifying periods in the "veteran's tax credit." This tax credit provides for a credit of \$50 to \$500 against the taxes of a qualifying veteran's primary residence. The amount varies based on what each town or city has voted to adopt. Part of the intent with this bill was to capture veterans that served between WWII and Korea, Korea and Vietnam and Vietnam and the first Gulf War. It also adds a one-year active duty service requirement. Present law requires a ninety-day active duty period during a qualifying (wartime) period. Passage of this bill could take away the tax credit from some veterans that presently qualify. While wanting a longer service time before qualifying for the tax credit is a desirable condition to some, removing the earned credit from those receiving it was not. A veteran separated from active duty after 100 days service may not be deemed to have earned the credit while one who was separated due to combat injuries after the same period of time should not be included in the same category. HB 430 extends the tax credit to all honorably discharged veterans without any other criteria being changed, accomplishes part of this bill's intent, was seen as the proper solution by this committee and is also on this calendar. The committee also discussed the possibility of a future bill that could address a change on the minimum time of active duty served for those serving in the future. Vote 13-0.

HB 546, relative to exactions for improvements related to innovative land use controls. INEXPEDIENT TO LEGISLATE.

Rep. Franklin Sterling for Municipal and County Government. This bill would have extended the time from six years to ten years for a municipality to expend funds collected by exactions imposed by a planning board for improvements to infrastructure to accommodate a new development. Further, the bill would have established an advisory board to review the amount of the exactions. The committee was not convinced of the necessity of such a board. Vote 13-0.

HB 619-FN-L, establishing noise barrier programs and making an appropriation therefor. **INEX-PEDIENT TO LEGISLATE.**

Rep. Gene Chandler for Public Works and Highways. This bill deals with noise barriers on New Hampshire's highways. While sympathetic to the situation in some areas at the present time, the approved criteria does not allow for an expansion of the so-called Type 1 noise mitigation policy. The Department of Transportation has indicated that they are working on Type 2 criteria which may open the door for more noise mitigation projects to be approved. The results of the new Type 2 regulations should be ready by the time the Ten Year Highway Plan comes up for legislative action this coming year. Additionally, this bill would have funded certain noise mitigation projects using Meals and Rooms Tax monies collected at the Hooksett Welcome Centers. The committee did not feel this was a good idea. Vote 12-0.

HB 143, relative to electric renewable energy classes. INEXPEDIENT TO LEGISLATE.

Rep. Michael Vose for Science, Technology and Energy. This bill sought to add hydroelectric generation to RPS Class 1. This addition runs the risk of introducing economic uncertainty to the electricity market and potentially destabilizing other RPS classes. The committee felt that while RPS changes may be needed, this change might cause too much disruption to the mix of energy generation sources that RPS currently supports. Vote 20-0.

HB 105, relative to special number plates for members of the Civil Air Patrol. INEXPEDIENT TO LEGISLATE.

Rep. Steven Smith for Transportation. The committee agreed that members of the Civil Air Patrol deserve a number plate, but could not reconcile the cost. A subsequent bill will allow them to seek recognition on number plates at no cost to taxpayers. Vote 11-0.

HB 123, relative to walking disability placards. INEXPEDIENT TO LEGISLATE.

Rep. Steven Smith for Transportation. This topic is addressed by the Committee to Study Issues Concerning Parking for those with Walking Disabilities created under Chapter 47:1, Laws of 2015, SB 171. Vote 11-0.

HB 351, exempting historically significant vehicles from emission control requirements. OUGHT TO PASS.

Rep. Thomas Walsh for Transportation. This bill exempts historically significant or exotic vehicles from emission control requirements. These vehicles did not come with an on board diagnostic system (OBD) so there is no way to test them. This may affect an extremely small number of vehicles. Vote 11-0.

HB 385-FN, relative to special motorcycle number plates for disabled veterans. INEXPEDIENT TO LEGISLATE.

Rep. Thomas Walsh for Transportation. The contents of this bill were amended to HB 280 making this bill unnecessary. Vote 14-0.

HB 388-FN-A, establishing university number plates. INEXPEDIENT TO LEGISLATE.

Rep. Thomas Walsh for Transportation. This bill was initially retained by the committee knowing of the future work on a decal plate bill that will address specialty plates but it was ultimately not chosen as the vehicle for that work. Vote 11-0.

HB 420-FN, relative to limited driving privileges after revocation for certain financial obligations. **INEXPEDIENT TO LEGISLATE.**

Rep. Werner Horn for Transportation. During the public hearing it was determined that this bill's issues were addressed in current statutes. Vote 11-0.

HB 535-FN, relative to signs advising motorists approaching highway emergencies. OUGHT TO PASS WITH AMENDMENT.

Rep. Werner Horn for Transportation. The amendment to HB 535 provides for a method by which public-private partnerships can be conducted for the express purposes of the purchase and installation of signs promoting New Hampshire's "Move Over Law" (RSA 265:37-a). The amendment replaces the original bill, which did not include a funding mechanism. The amendment also provides for which highways these signs are to be posted on and the disposition of the unexpended funds. Vote 15-1.

Amendment (2547h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Signs Advising Motorists Approaching Emergency Vehicles in the Breakdown Lane; Fund Established. Amend RSA 265 by inserting after section 37-b the following new section: 265:37-c Signs Advising Motorists Approaching Emergency Vehicles in the Breakdown Lane; Fund Established.

- I. There is established a nonlapsing revolving fund to be known as the emergency vehicle warning sign fund in the department of transportation which shall be funded by moneys paid through public-private agreements to post signs on the following highways, advising motorists to give one lane of clearance to emergency vehicles in the breakdown lane:
- (a) I-93 Northbound, one sign at the Massachusetts border, one sign between Salem and Manchester, and 2 signs between Concord and the Vermont border.
- (b) I-93 Southbound, one sign at the Vermont border, one sign between the Vermont border and Concord, and 2 signs between Concord and the Massachusetts border.
 - (c) I-89 Northbound, 2 signs between Concord and the Vermont border.
- (d) I-89 Southbound, one sign at the Vermont border and one sign between the Vermont border and Concord.
- (e) Rte. 101 Eastbound, one sign at the intersection with I-93 and one sign between the intersection with I-93 and Hampton.
- (f) Rte. 101 Westbound, one sign at Hampton and one sign between Hampton and the intersection with I-93.
- II. The moneys in the fund shall be expended solely for the purpose of posting the signs in paragraph I. When all such signs have been posted, any balance in the fund shall lapse to the general fund.
- 2 New Subparagraph; State Treasurer and State Accounts; Application of Receipts. Amend RSA 6:12, I(b) by inserting after subparagraph (331) the following new subparagraph:
- (332) Moneys deposited in the emergency vehicle warning sign fund established in RSA 265:37-c.
 - 3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill establishes a fund in the department of transportation, funded by payments from publicprivate agreements, for the sole purpose of posting signs advising motorists to give one lane of clearance to emergency vehicles in the breakdown lane.

This bill also specifies locations for those signs.

HB 567-FN, establishing breast cancer and pediatric cancer special number plates. **INEXPEDIENT TO LEGISLATE**.

Rep. Chris True for Transportation. The Department of Safety states the cost of this bill would be \$565,700. The committee members were sympathetic to the goal of bringing attention to breast cancer and pediatric cancer. However, the committee felt that the cost of these plates is prohibitive. The committee is working on formulating a decal program that could address this and other issues for special decals to affix onto plates. Vote 11-0.

HB 688-FN-L, relative to establishing an agricultural education number plate. INEXPEDIENT TO LEGISLATE.

Rep. Werner Horn for Transportation. Different organizations throughout New Hampshire would like to offer special motor vehicle plates for purchase by New Hampshire citizens to raise money for their very worthy causes. In light of the expected solution that may be offered in another bill, this bill is not necessary. The expected solution may contain features including, but not limited to, allowing the Department of Motor Vehicles to issue a special plate with room for a decal, the opportunity for organizations throughout New Hampshire to apply for approval for their own specific decal, and the elimination of possible constitutional issues by allowing these specific organizations to sell the approved decals themselves without state involvement. Vote 11-0.

HB 386-FN-A, reducing the rate of the business profits tax. INEXPEDIENT TO LEGISLATE. Rep. Brian Gallagher for Ways and Means. The intent of this bill is to reduce the rate of the Business Profits Tax (BPT) from 8.5% to 7%. On Sept. 16, 2015 the legislature approved HB 1, HB 2 and SB 9, which enacted a timeline for reductions to the BPT. Thus the committee feels HB 386 is unnecessary and moot at this point in time. Vote 19-0.

HB 569-FN-A, including certain nonprofit charitable enterprises under the business enterprise tax and reducing the rate of the tax. **REFER FOR INTERIM STUDY**.

Rep. Gary Azarian for Ways and Means. The subcommittee process through the fall raised many more questions in regards to the subject that will hopefully be answered through additional study. Vote 17-0.

HB 571-FN-A, relative to taxation of trusts under the interest and dividends tax. INEXPEDIENT TO LEGISLATE.

Rep. David Hess for Ways and Means. This bill was introduced to serve as a "place keeper" in the event of confirmation that the recent statutory change applicable to the taxation of income and dividends from trusts results in a substantial reduction in tax revenue for FY 2015. The substantial increase in interest and dividends revenue in FY 2015 over FY 2014 indicated no such causal connection. Consequently this legislator, the bill's sponsor, requested that it be voted Inexpedient to Legislate. Vote 18-0.

SB 144, relative to carry-over cover-all bingo. OUGHT TO PASS WITH AMENDMENT.

Rep. Patrick Abrami for Ways and Means. The carry-over cover-all bingo game is currently in the statutes and is being played in NH. This game is allowed to be played once a day in bingo establishments. The object is to cover all card numbers within 49 draws. If there is no winner, then the prize money carries over to the cover-all game the next week. The object is to attract more players with the ever growing jackpots that are carrying over week after week. With more players another result will be increased sales of Lucky Seven tickets. Bingo halls are able to stay in business because of the Lucky Seven sales, since bingo on its own is a losing proposition for the halls. This bill, as passed by the Senate, was a concept lacking sufficient detail. The amendment supports the concept of commercial halls and charitable organizations increasing the potential jackpots even more by allowing them to conduct shared carry-over cover-all bingo games. Any commercial hall or charitable organization may apply to become a host hall with the Lottery Commission. They in turn would secure participating halls. Host halls and participating halls all must possess an existing bingo license from the commission. The host hall will be responsible for implementing the technology to be able to simulcast the cover-all bingo games. The Ways and Means Committee supported the concept of shared carry-over cover-all bingo which will help NH charities as well as help fund the Education Trust Fund. Vote 18-0.

Amendment (2484h)

Amend the title of the bill to read as follows:

AN ACT relative to carry-over coverall bingo and shared carry-over coverall bingo.

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Shared Carry-Over Coverall Games of Bingo. Amend RSA 287-E:1 by inserting after paragraph IX the following new paragraph:

X. "Shared carry-over coverall" means a carry-over coverall bingo game conducted at a host hall and exhibited simultaneously to at least one participating hall by means of an electronic simulcast feed for the purpose of playing for a common jackpot with the conduct of the game at the host hall under rules adopted by the commission under RSA 541-A. "Host hall" means a commercial hall or charitable organization approved by the commission where a shared carry-over coverall bingo game originates. "Participating hall" means a commercial hall or charitable organization approved by the commission that receives a simulcast of the shared carry-over coverall played at the host hall.

2 Shared Carry-Over Coverall Games of Bingo. Amend RSA 287-E:3, XIV to read as follows:

XIV. A carry-over coverall game or a shared carry-over coverall game, including the application process for host halls.

XV. Other matters related to the proper administration of this chapter.

3 New Paragraph; Shared Carry-Over Coverall Bingo; Annual Report. Amend RSA 284:6-a by inserting after paragraph IV the following new paragraph:

IV-a. The lottery commission shall include a summary in its annual report under RSA 284:11 regarding the financial impact of shared carry-over coverall games to participating charities and the state, and any recommendations it has regarding the continuation of shared carry-over coverall games in New Hampshire.

4 Shared Carry-Over Coverall Games of Bingo. Amend RSA 287-E:7, XV-XVI to read as follows:

XV. A progressive coverall game [or a shared carry-over coverall game]:

(a) May be played once during any given game date;

(b) Shall be played on the second or last coverall;

(c) Shall not have a total of prize and bonus combined exceeding \$3,000; and

(d) May offer a predetermined consolation prize to the game winner who first achieves coverall.

XVI. A carry-over coverall game or a shared carry-over coverall game:

(a) May be played once during any given game date.

- (b) Notwithstanding any other law to the contrary, may allow prize money to accumulate until there is a winner.
- (c) Shall award a predetermined consolation prize to the game winner who first achieves coverall, the consolation prize is paid from the accumulated carry-over.

(d) Shall award a prize which shall be taxed under RSA 287-E:8.

5 New Paragraph. Amend RSA 287-E:8-a by inserting after paragraph V the following new paragraph:

VI. All financial records pertaining to carry-over coverall bingo shall be maintained by the host hall or the host hall's shared carry-over coverall service provider for a period of at least 2 years, and shall be made available to representatives of the commission or of the commissioner of safety upon request.

6 New Section; Shared Carry-Over Coverall Bingo. Amend RSA 287-E by inserting after section

13 the following new section:

287-E:13-a Shared Carry-Over Coverall Bingo.

- I. The commission may approve a host hall for shared carry-over coverall bingo if:
 - (a) The host hall holds a valid bingo license under RSA 287-E:6.
- (b) At least 30 days before the proposed game date, the host hall submits a plan to the commission including:
- (1) The distributor or manufacturer of the bingo equipment to be used for shared carryover coverall bingo.
- (2) The technology used to broadcast the game to participating halls. Such technology shall meet the International Technical Standards for Electronic Gaming Machines set forth by the International Association of Gaming Regulators.
 - (3) The name of the bank used to maintain prize money.

- (4) The names and addresses of all participant halls.
- (c) The host hall posts a bond, conditioned upon the host hall's compliance with the rules of the commission. The commission shall have the authority to set the bond at no less than \$50,000 and no more than the highest prized jackpot prize offered in the last 24 months
- II. A host hall approved under paragraph I may conduct and simulcast carry-over coverall games in accordance with commission rules, and utilize software and electronic devices that have been tested by an independent testing laboratory and approved by the commission.
 - III. Host hall approval is non-transferrable.
- IV. The commission shall respond to a host hall's request for approval for shared carry-over coverall bingo within 30 days of receipt of such request. Such approval shall be valid for one year from the date of its issue.
 - V. Shared carry-over coverall games shall be operated only by persons designated by the host hall.
 - VI. Numbers for shared carry-over coverall bingo shall only be selected by a live person.
 - VII. There shall be a limit of 18 cards per player.
- VIII. There shall be no limit on the total value of prizes, tokens, or awards for any shared carry-over coverall game or series of shared carry-over coverall games.
- IX. If a charitable organization enters into a contract with a host hall for shared carry-over coverall bingo, the charitable organization shall retain the profit percentage set by the commission on January 1 of each year, but which shall not be less than 7 percent of the gross revenues from any shared carry-over coverall bingo games. The host hall shall retain the profit percentage set by the commission on January 1 of each year based on the average cost of operating shared carry-over coverall bingo. Such percentage shall not be less than 7 percent of the gross revenues from any shared carry-over coverall bingo game. If the host hall is charitable organization the charitable organization shall receive both the charitable organization profit percentage and the host hall profit percentage. The host hall shall pay the bingo tax under RSA 287-E:8. No charitable organization shall sustain a loss from bingo such that its share of the gross revenues would be less than zero dollars, for the duration of its contact with a single host hall.

7 Effective Date. This act shall take effect 180 days after its passage.

AMENDED ANALYSIS

This bill:

- I. Defines shared carry-over coverall bingo, host hall, and participating hall.
- II. Allows the lottery commission to adopt rules relative to carry-over coverall bingo and shared carry-over coverall bingo.
 - III. Describes the operation of shared carry-over coverall bingo.

REGULAR CALENDAR

HB 266, establishing a committee to study removing child custody cases which involve abuse or neglect from the jurisdiction of the family court and probate court divisions. **INEXPEDIENT TO LEGISLATE.**

Rep. James Gray for Children and Family Law. The majority of the committee believes that the Family Court and Probate Court divisions should have jurisdiction in the cases this bill would study, therefore making this study unnecessary. Vote 13-2.

Rep. Brewster Spoke against.

Rep. Gray spoke in favor.

Rep. Oligny spoke against and yielded to questions.

Rep. Itse requested a roll call; not sufficiently seconded.

On a division vote, with 265 members having voted in the affirmative and 89 in the negative, the committee report was adopted.

HB 513, relative to complaint investigation procedures of the guardian ad litem board. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Paul Ingbretson for the Majority of Children and Family Law. The amendment to this bill rearranges for clarity the language of RSA 490-C:4, I (g) regarding complaint investigations procedures against guardians ad litem (GAL) and separates out the compliant dismissal part into its own section (h). The amendment also puts into statute a requirement that the GAL Board inform complainants of the options regarding the resubmission of complaints at the conclusion of a trial or hearing. This language was written with the help of the GAL Board which supports the changes. Vote 9-7.

Rep. Patrick Long for the Minority of Children and Family Law. The minority recognizes consequences with the language proposed in paragraph (g) of the amendment. Changing "shall" to "may" opens the door for parties involved in divorce proceedings to challenge their complaints of appointed guardians ad litem if the GAL Board decided there was not good cause shown while the case is still pending. The Children and Family Law Committee has consistently vetted proposed changes in statute as to its relation with adding conflict to an already conflicted court procedure for both parties. The minority believes this simple change does add conflict.

Majority Amendment (2001h)

Amend the bill by replacing section 1 with the following:

1 Guardian Ad Litem Board; Complaint Investigation Procedures. RSA 490-C:4, I(g) is repealed and reenacted to read as follows:

(g) Investigate and resolve complaints against certified guardians ad litem, and against formerly certified guardians ad litem who are claimed to have engaged in acts or omissions prohibited when certified. In acting on complaints, the board may resolve complaints by agreement and may refer a complaint to the appropriate court for investigation, resolution, or other action. Such referral may be made regardless of whether the allegation or complaint relates to a case which is then pending in court and may be made in lieu of or in addition to any investigatory or disciplinary procedures that the board may itself be authorized to pursue.

(h) Dismiss complaints against certified guardians ad litem without prejudice when the complaint relates to a trial or judicial proceeding in progress, unless the board for good cause votes to proceed immediately with such complaint. When the board dismisses a complaint because the complaint relates to a trial or judicial proceeding in progress, the board shall inform the complainant that he or she may bring the complaint to the attention of the court that appointed the guardian ad litem and that the complainant may resubmit the complaint to the board at the conclusion of the trial or judicial proceeding.

AMENDED ANALYSIS

This bill make changes in the investigation and dismissal procedures of the guardian ad litem board. Majority committee amendment adopted.

Majority committee report adopted and ordered to third reading.

HB 515-FN, relative to oversight of guardians ad litem by the guardian ad litem board. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Alethea Froburg for the Majority of Children and Family Law. It is estimated that this bill will increase state expenditures by approximately \$40,000 in FY 2016, with greater increases in each subsequent year. The Guardian Ad Litem Board does not have the time or resources necessary to analyze data to be collected in approximately 2,600 questionnaires per year. More importantly, even with the current funding, there are not enough guardians ad litem to meet current needs in low-income cases. Vote 12-4. Rep. Daniel Itse for the Minority of Children and Family Law. During the review of the Guardian Ad Litem Board audit it became apparent that there is no general assessment of GAL performance. Given the impact that GAL's can have on the well-being of children and families, the minority of the committee thinks that a method of performance review must be developed. Majority committee report adopted.

HB 128, authorizing individuals and certain businesses to purchase health insurance from out-of-state companies. INEXPEDIENT TO LEGISLATE.

Rep. John Hunt for Commerce and Consumer Affairs. This is a classic case of "the devil is in the details." This legislation sounds like a great idea. Unfortunately, no insurance company is interested in engaging in the business model proposed. The legislation is based on the premise that other states may have less expensive health insurance premiums than those available in NH. This may have been true prior to the passage of Obamacare, when other states allowed health insurance companies to set premiums based on the health status of the insured and NH did not. With the passage of Obamacare, all states rate premiums just like NH does. All health insurance policies have guaranteed issue, and premiums are the same within age bands to ensure that everyone pays at the same rate regardless of the person's preexisting health issues, so the major cost difference anticipated by this legislation no longer exists. Mandates could account for some differences in state premium levels, but, at best, health insurance mandates account for less than 5% of the premium and the vast majority of them are also part of the Obamacare law. So, again, there is not much savings there. The most significant

flaw of this legislation is that health insurance companies need to negotiate reimbursement rates with the doctors and hospitals and create networks. An out-of-state insurance company is going to need thousands of customers to have the critical mass to even begin negotiating with the hospitals. No out-of-state insurance company is going to invest the capital required for this without becoming an in-state insurance company. In addition, all insurance companies are regulated by their home state. This legislation requires the NH Insurance Department to generate rules to regulate some aspects of an out-of-state insurer's business. This is beyond the scope of the authority of the Insurance Department. Further, no insurance company is going to want to be partially regulated by the department. Without full regulation, the out-of-state insurance company would be exposed to litigation under the Consumer Protection Act, exposing them to triple damages. The minority of the committee argued that there is no harm in passing this legislation and that other states have passed similar legislation. Currently, no insurance company has taken advantage of the other states' laws. The majority of the committee felt that the Insurance Department should not spend time and resources developing rules when no insurance company is interested in the legislation. Vote 16-4.

Rep. McClarren spoke against.

Rep. Hunt spoke in favor.

Long, Patrick

Martel, Andre

Rep. Sanborn requested a roll call; sufficiently seconded.

Mangipudi, Latha

McNamara, Richard

SULLIVAN

Converse, Larry Laware, Thomas and the committee report was adopted.

Rep. Leeman voted Nay and intended to vote Yea.

HB 131, relative to renewal of health club memberships. INEXPEDIENT TO LEGISLATE.

Rep. Bart Fromuth for Commerce and Consumer Affairs. The sponsor of this bill sought to end the practice of automatic membership renewals at health clubs. Currently, health clubs are able to offer a 12-month initial membership, but they are prohibited from automatically renewing that membership for more than 1 month at a time. Under this legislation, each gym would be required to have each member come into the facility at the end of the 12 months and physically sign a subsequent agreement. Furthermore, the Consumer Protection Division of the Attorney General's office reported less than 5 complaints regarding gym cancellations over the last 2 years. To the vast majority of Commerce Committee members, this seemed to be an unwarranted and unwelcome burden on both the customer and the business. Vote 19-1.

Committee report adopted.

HB 197-FN, relative to sales and samples provided by wine manufacturers. OUGHT TO PASS WITH AMENDMENT.

Rep. Bart Fromuth for Commerce and Consumer Affairs. This bill as amended allows wine manufacturers to set up 2 additional "off site" tasting rooms throughout the state, in which patrons can sample and purchase the manufacturer's fine domestic product. At present, a wine manufacturer may not set up their own permanent storefront away from their manufacturing site. For many of our cherished wine makers not located in or around heavy population centers of the state, it means that they have little opportunity to showcase their brand outside of traffic at their main facility. With this proposed change, a manufacturer in the western part of the state might opt to have storefronts in Portsmouth and North Conway, reaching new customers, hiring new employees, and generating new revenues. This legislation is a true win-win for business and the state. Vote 15-5.

Amendment (2457h)

Amend the bill by replacing all after the enacting clause with the following:

1 Wine Manufacturer License. Amend RSA 178:8, III to read as follows:

III. Each wine manufacturer shall have the right to sell at retail or wholesale at its winery for off-premises consumption any of its wines. Visitors of legal drinking age at said premises may be provided with samples of wine manufactured on the premises for tasting. Samples may be provided either free or for a fee and shall be limited to one 2-ounce sample per label per person. The commission may issue additional licenses to a wine manufacturer to operate no more than 2 additional tasting rooms for both samples and retail sales of its own wine separate and apart from its manufacturing facility, subject to payment of an annual fee of \$420 for each location. Pursuant to rules adopted by the commission, a wine manufacturer may transport its products to a farmers' market or a wine festival licensed under RSA 178:31, and may sell such products at retail in the original container.

2 Effective Date. This act shall take effect January 1, 2017.

Dumaic Ruccall

AMENDED ANALYSIS

This bill authorizes the wine manufacturer to conduct sampling and retail sales at locations other than its manufacturing facility.

Committee amendment adopted.

Aldrich Glan

Weber, Lucy

The question now being adoption of the committee report of Ought to Pass with Amendment. Rep. Burt requested a roll call; sufficiently seconded.

NAYS - 1 ROCKINGHAM

McBeath, Rebecca

and the committee report was adopted and ordered to third reading.

HB 601-FN, relative to cash dispensing machine requirements. OUGHT TO PASS WITH AMEND-MENT.

Rep. Edward Butler for Commerce and Consumer Affairs. As originally submitted, this bill would have removed any notification to the Banking Department for privately owned and operated cash dispensing machines. As amended, it will continue to require registration of such machines, but will reduce the renewal fee to just \$5 annually. The Banking Department has stated that this reduced fee will cover the cost of filing the basic reports of ownership, address and contact information. Vote 18-2.

Amendment (2527h)

Amend the bill by replacing all after the enacting clause with the following:

- 1 Notice: Cash Dispensing Machines. Amend RSA 399-F:3, I(b) to read as follows:
 - (b) Fee of \$50 payable to the state of New Hampshire [in certified funds].
 - 2 Notice; Cash Dispensing Machines. Amend RSA 399-F:3, II to read as follows:
- II. Commencing in the calendar year following an operator's compliance with paragraph I, the operator shall provide annually before July 1 to the commissioner a notice and fee in accordance with the provisions of [subparagraphs] subparagraph I(a) [and I(b)] and a renewal fee of \$5 payable to the state of New Hampshire.

3 Notice; Cash Dispensing Machines. Amend RSA 399-F:3, V to read as follows:

V. The operator of a cash dispensing machine who fails to completely and accurately abide by this section shall not legally establish or operate such cash dispensing machine until [section] paragraph I is fully complied with, except that a fee of \$100, [rather than \$50,] shall be paid.

4 Repeal. RSA 399-F:5, II, relative to fees collected for the operation of cash dispensing machines,

is repealed.

5 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill sets a renewal fee for operators of cash dispensing machines. Committee amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment.

Rep. Schleien requested a roll call; not sufficiently seconded.

Committee report adopted and ordered third reading.

SB 75, relative to unfair trade practices targeting veterans. REFER FOR INTERIM STUDY.

Rep. John Bordenet for Commerce and Consumer Affairs. This bill prohibits a business from charging veterans an unreasonable fee for aid or services and makes such conduct a violation of the Consumer Protection Act. While the Commerce Committee has a favorable opinion of this bill, we believe it is not ready to be passed in its present form. We would also like to gather additional material before making this bill law. Vote 13-4.

Reps. Luneau and Williams spoke against.

Rep. Bordenet spoke in favor.

Rep. Hunt spoke in favor and yielded to questions.

On a division vote, with 213 members having voted in the affirmative and 141 in the negative, the committee report was adopted.

SB 110-FN, establishing the administrative supervision act. OUGHT TO PASS WITH AMENDMENT. Rep. Edward Butler for Commerce and Consumer Affairs. The primary and fundamental responsibility of the NH Insurance Department is to ensure that NH "domestic" insurance companies are solvent and able to make the payments owed to consumers. Under New Hampshire insurance law, the Insurance Commissioner is the one who rehabilitates or liquidates a financially impaired domestic insurance company. This happens under court supervision. This bill is designed to give the commissioner a tool to address a company in financial peril, which is less interventionist than rehabilitation or liquidation. It is called administrative supervision, and it is based on a model law developed by the National Association of Insurance Commissioners that has been passed, in one form or another, in 30 states. Under current law, the NH Insurance Department regularly audits our domestic companies and if it becomes clear to the department that the insurance company is under distress, the department has the option to put the company under formal rehabilitation or liquidation or to enter into an agreed administrative order under which the company remains in control of its operation but is subject to certain operating restrictions necessary to improve its financial position. The new administrative supervision process, outlined by this bill, allows the Insurance Department to work confidentially with the insurer so as to avoid liquidation or having a judge run the company under court supervised rehabilitation, but only with the insurance company's expressed written agreement. Therefore this statute can only be used if the insurance company chooses to do this. The benefit to the insurance company is that this legislation sets out the ground rules to protect the insurance company's rights by stating the structure in which the Insurance Department implements administrative supervision. This bill establishes standards for what has historically been an ad hoc process. The other benefit to the insurance company is that this process is nonpublic to avoid market disruption. Insurance companies rarely survive court rehabilitation, in part because of the inevitable loss of consumer confidence in the company. In reality, a nonpublic process is sometimes the only way to be successful in improving the company's financial position. Importantly, this law will only be used under limited circumstances and is based on the Insurance Department's determination that the insurance company can make good on its obligations. The amendment, which was a request of the minority, states that the Insurance Department's immunity is limited to actions that are within the scope of its powers and duties under this chapter that are performed in good faith and not in a wanton or reckless manner. Vote 13-6.

Amendment (1241h)

Amend RSA 402-L:11 as inserted by section 1 of the bill by replacing it with the following:

402-L:11 Immunity. There shall be no liability on the part of, and no cause of action of any nature shall arise against, the commissioner or the department or their employees, agents, consultants, or counsel for any action taken by them that is within the scope of their powers and duties under this chapter and that is performed in good faith and not in a wanton or reckless manner. Committee amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment. Rep. Butler spoke in favor and yielded to questions.

Rep. Ammon spoke against, yielded to questions and requested a roll call; sufficiently seconded.

and the motion failed.

MOTION TO SPECIAL ORDER

Rep. Steven Smith moved that **HB 504**, relative to online driver education, be made a Special Order as the first order of business after the lunch recess.

Rep. Steven Smith spoke in favor.

Motion adopted.

MOTION TO SPECIAL ORDER

Rep. Introne moved that **HB 626-FN-A**, authorizing energy infrastructure development and designating energy infrastructure corridors, be made a Special Order as the second order of business after the lunch recess.

Rep. Introne spoke in favor.

Motion adopted.

The House recessed at 12:05 p.m.

RECESS

The House reconvened at 1:15 p.m.

(Speaker Jasper in the Chair) MOTION TO SPECIAL ORDER

Rep. Oligny moved that **HB 405-FN**, requiring the department of health and human services to license supervised visitation centers, be made a Special Order as the last order of business of the day. Rep. Oligny spoke in favor.

Motion adopted.

REGULAR CALENDAR CONT'D

SPECIAL ORDER

HB 504, relative to online driver education. INEXPEDIENT TO LEGISLATE.

Rep. George Sykes for Transportation. HB 504 sought to allow an on-line instructional module, approved by the Department of Safety, to be one method for a person to successfully complete the requirements for classroom instruction found in RSA 263:19, I. Discussion brought up questions of effectiveness, effect on existing driver's education businesses, and if a mix of on-line and in class instruction was the best method, with no clear answers at this time. Vote 10-7.

Rep. Gagne spoke against.

Reps. Sykes and Thomas Walsh spoke in favor and yielded to questions.

Rep. Sad spoke against and yielded to questions.

Rep. Spillane requested a roll call; sufficiently seconded.

and the committee report failed.

Rep. DeSimone voted Nay and intended to vote Yea.

Rep. Sad moved Ought to Pass.

Motion adopted and ordered to third reading.

SPECIAL ORDER

HB 626-FN-A, authorizing energy infrastructure development and designating energy infrastructure corridors. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.

Rep. Herbert Vadney for the Majority of Science, Technology and Energy. This bill sought to establish energy infrastructure corridors along existing transportation rights-of-way, particularly Interstate's 89/93/95 and Rte. 101. NHDOT testified that infrastructure developers could request the siting of transmission lines on this land today. Department spokespeople further testified that these highway corridors did not always offer disturbed soil as proponents advocated. This bill was patterned off similar legislation in Maine, but added underground burial as a preference, where Maine's law never mentioned underground installation. The bill would have required a utility to move, at its own expense, any buried line should the highway itself be moved. No developer/utility showed up to support this bill. Vote 11-9.

Rep. Howard Moffett for the Minority of Science, Technology and Energy. This bill sets in place a process by which the Site Evaluation Committee in conjunction with the Department of Transportation can approve energy infrastructure development in established infrastructure corridors including Interstates 93, 91, and 95, and Route 101 between Manchester and Interstate 95. Project developers will have the option to apply to use these energy infrastructure corridors for all or part of any energy transmission project. These corridors along, within, and under major state-owned transportation routes can offer project developers an option for siting energy infrastructure projects, and can provide the state with revenue from the leasing of the corridors. Knowing that the current designated corridors are limited, the bill also sets up a commission to study the establishment of additional energy infrastructure corridors in the state.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Suzanne Smith spoke against and yielded to questions.

Reps. Vadney and Richardson spoke in favor and yielded to questions.

Rep. Moffett spoke against.

Rep. Danielson requested a roll call; not sufficiently seconded.

On a division vote, with 165 members having voted in the affirmative and 187 in the negative, the majority committee report failed.

Rep. Moffett moved the minority committee report of Ought to Pass with Amendment and offered minority committee amendment (2326h).

Minority Amendment (2326h)

Amend the bill by replacing all after the enacting clause with the following:

1 Statement of Purpose. The legislature recognizes that high and volatile energy costs increasingly threaten the competitiveness of New Hampshire's businesses and industries and the financial resources

of its electric ratepayers, and that new low-cost sources of energy are needed in order to stabilize and lower wholesale and retail electric rates in New Hampshire and New England. At the same time, as the state's citizens have become more aware of the value, to themselves and others, of New Hampshire's scenic natural landscapes, clean air, and unspoiled environment, it has become increasingly difficult to site and develop large-scale above-ground energy transmission lines from lower-cost neighboring regions. Such projects often face unacceptably high development costs, regulatory delays, and public opposition resulting from their potential adverse impacts on the state's most scenic natural landscapes, the value of adjoining and nearby private properties, and the comfort, health, and safety of adjacent homeowners. The general court therefore finds that it is in the public interest for the state to designate certain "energy infrastructure corridors" along, within, and under major state-owned transportation routes, for the underground collocation of major energy transmission lines necessary to promote balanced economic growth, reduce or mitigate high energy prices, and contribute to a cleaner and more natural environment, while providing the state highway fund with market-based revenues from private energy transmission companies in return for the use of such designated energy infrastructure corridors.

2 New Chapter; Energy Infrastructure Development and Corridors. Amend RSA by inserting after

chapter 162-Q the following new chapter:

CHAPTER 162-R

ENERGY INFRASTRUCTURE DEVELOPMENT AND CORRIDORS

162-R:1 Definitions.

- I. "Energy infrastructure" includes high voltage DC or AC electric transmission facilities of 115 kV or greater, natural gas transmission lines, carbon dioxide pipelines, petroleum pipelines, and other energy transport pipelines or conduits.
- II. "Energy infrastructure corridor" means an existing state-owned transportation right-of-way within which energy infrastructure could potentially be sited underground.
- III. "Developer" means a person or legal entity that can demonstrate to the state the financial, technical, and managerial capability to engage in the development and construction of energy infrastructure.
- IV. "Project" means the development or construction of energy infrastructure subject to site evaluation committee jurisdiction under RSA 162-H within an energy infrastructure corridor.
 - V. "Site evaluation committee" means the site evaluation committee established in RSA 162-H:3.
- VI. "State-owned transportation right-of-way" means a highway or railroad right-of-way on land owned in fee by the state or a state agency or state authority.
- VII. "Sufferance" means that the owner of energy infrastructure has no real property interest in the right-of-way, but merely occupies and uses the public right-of-way subject to terms and conditions established by the New Hampshire department of transportation.
 - 162-R:2 Energy Infrastructure Corridors Designated.
- I. In accordance with RSA 236:18, the state has the exclusive rights, insofar as they do not conflict with any federal statute, rule, or regulation, to build, lease, or utilize for any public purpose the space adjacent to (excluding the median) and below the toll highways and the interstate system highways within the state.
 - II. The following areas, owned by the state, are designated as energy infrastructure corridors:
 - (a) I-89 (between the intersection of I-93 and the Vermont border).
- (b) I-93 (between the Massachusetts border and the Vermont border, excepting approximately 1.7 miles located in the White Mountain National Forest north of Franconia Notch state park).
 - (c) I-95 (between the Massachusetts border and the Maine border).
 - (d) NH Route 101 (between the intersection of I-93 and the intersection of I-95).
- III. Nothing in this chapter shall require a developer of energy infrastructure to site or propose to site an energy infrastructure project, or any part thereof, within an energy infrastructure corridor designated under this chapter.
 - 162-R:3 Energy Infrastructure Proposal Application Process.
- I.(a) To initiate the application process, a developer shall file with the department of transportation, a request for a preliminary conceptual feasibility study, including such project-specific information as the department may specify in accordance with the department's Utility Accommodation Manual.
- (b) The developer shall be responsible for all reasonable costs incurred by the department in the preparation of such conceptual feasibility study, including reimbursement for the time of department employees and contractors and all reasonable expenses.

(c) Within 30 days after such study request is filed, the department shall provide written notice to the developer, with a copy to the site evaluation committee, either accepting such study request as sufficiently complete to allow the department to evaluate the conceptual feasibility of the proposal and submit its recommendation to the committee, or specifying the additional information needed to complete its evaluation. The notice shall include an estimate of the department's costs to complete the requested conceptual feasibility study.

(d) Upon notice to the developer that the study request is deemed sufficiently complete for its purposes under subparagraph (a), and payment by the developer of 1/2 of the estimated cost of the study to the department, the department shall have 60 days to determine whether and to what extent the proposed project route would be conceptually feasible within the applicable state-owned transportation right-of-way or rights-of-way, based on department standards and regulations.

(e) Within 60 days after notice to the developer that its submission has been deemed complete, the department shall submit its report on the conceptual feasibility of the project to the developer and the site evaluation committee, specifying any concerns or issues it believes the committee should consider in its review of the application, and shall invoice the developer for the balance of the actual costs of the conceptual feasibility study, as determined by the department.

II.(a) The site evaluation committee shall take no action on an application to develop and construct energy infrastructure within an energy infrastructure corridor unless and until it and the developer have received a report from the department of transportation indicating whether and to what extent the proposed project is conceptually feasible within the proposed transportation right-of-way or rights-of-way, and specifying any concerns or issues the department believes the committee should consider.

(b) Upon receipt of a report from the department indicating that the proposed project is conceptually feasible within the applicable transportation right-of-way or rights-of-way, in whole or in part, and that the department has received from the developer payment in full for the actual cost of the department's completed feasibility study, the developer may file an application for the project with the site evaluation committee.

(c) The committee shall determine whether the application is complete, and shall proceed to review a completed application under RSA 162-H.

162-R:4 Energy Infrastructure Proposal; Decision Criteria.

I. The site evaluation committee shall evaluate and render a decision on an energy infrastructure proposal under RSA 162-H, giving preference wherever practicable to proposed routing within energy infrastructure corridors.

II. The site evaluation committee may approve an energy infrastructure proposal for a project to be sited in whole or in part within one or more energy infrastructure corridors only if it finds that the project meets the criteria set forth in RSA 162-H:16, IV(a)-(e), including the public interest standard set forth therein.

III. In determining whether an energy infrastructure project proposed to be sited within an energy infrastructure corridor is in the public interest, the committee shall, at a minimum, consider the extent to which the proposal:

(a) Materially enhances or at least does not harm transmission opportunities for energy generation facilities located within the state;

(b) Provides economic benefits for the state, including but not limited to direct financial benefits, employment opportunities, and the potential for economic development;

(c) Provides for efficient use of designated energy infrastructure corridors through collocation of energy infrastructure, collaboration between energy infrastructure developers, and the preservation of options for future uses;

(d) Minimizes conflicts with the public purposes for which the state-owned land or asset is or is likely to be used and any management plans for the land or asset within the corridor, and, when necessary, mitigates unavoidable impacts;

(e) Limits and mitigates the effects of energy infrastructure on the landscape, using underground installation;

(f) Increases the energy reliability, security, and independence of the state; and

(g) Contributes to the potential reduction of greenhouse gases, compared to alternative fossil-fueled energy sources.

162-R:5 Use of Energy Infrastructure Corridors; Requirements. Development and construction of energy infrastructure within an energy infrastructure corridor are governed by this section. No person shall engage in development or construction of energy infrastructure within an energy infrastructure corridor, unless such person is in compliance with applicable state and federal laws, rules, and regulations. Any development, construction, maintenance or use of energy infrastructure within an energy infrastructure corridor shall be at the sufferance of the department of transportation. All costs associated with installation, alteration, relocation (whether or not required by the department), and/or protection of energy infrastructure within an energy infrastructure corridor shall be the responsibility of the energy infrastructure developer or owner.

162-R:6 Revenues.

I. The department of transportation, right-of-way (ROW) appraisal bureau section, shall identify an initial estimate of the range of value for the use of state-owned land or assets within a designated energy infrastructure corridor. The actual and final value shall be established by the long range capital planning and utilization committee.

II. All revenues generated from the use of state-owned land or assets within energy infrastructure corridors designated under this chapter shall be deposited in the highway fund for use solely in state transportation programs funded in whole or in part by the Federal Highway Administration or other federal agencies and included in the state's 10-year transportation plan. Nothing in this section shall be deemed to affect the responsibility of a developer to pay separately to the site evaluation committee the fees required under RSA 162-H.

162-R:7 Commission to Study the Designation of Additional Energy Infrastructure Corridors.

I. There is established a commission to study and recommend a process for the designation of energy infrastructure corridors in addition to the statutory corridors designated in this chapter. Among other questions, the commission shall consider the practicability, and the potential means, if any, of designating energy infrastructure corridors along highway or railroad rights-of-way used by the state for highway or other transportation purposes, although not owned by the state.

II. The members of the commission shall be as follows:

- (a) Three members of the house of representatives, appointed by the speaker of the house of representatives.
 - (b) One member of the senate, appointed by the president of the senate.
 - (c) The commissioner of the department of transportation, or designee.
 - (d) The director of the office of energy and planning, or designee.
 - (e) The chairman of the site evaluation committee, or designee.
- III. Legislative members of the commission shall receive mileage at the legislative rate when attending to the duties of the commission.
- IV. The members of the commission shall elect a chairperson from among the members. The first meeting of the commission shall be called by the first-named house member. The first meeting of the commission shall be held within 45 days of the effective date of this section. Five members of the commission shall constitute a quorum.

V. The commission shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the president of the senate, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 2016.

- 3 Repeal. RSA 162-R:7, relative to the commission to study energy infrastructure corridors, is repealed.
 - 4 Effective Date.
 - I. RSA 162-R:7, as inserted by section 2 of this act, shall take effect upon its passage.
 - II. Section 3 of this act shall take effect November 1, 2016.
 - III. The remainder of this act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill establishes procedures for approval of proposals for energy infrastructure development and designates energy infrastructure corridors. The bill also establishes a commission to study the designation of additional energy infrastructure corridors.

On a division vote, with 225 members having voted in the affirmative and 127 in the negative, the minority committee amendment was adopted.

The question now being adoption of the minority committee report of Ought to Pass with Amendment.

MOTION TO LAY ON THE TABLE

Rep. Flanagan moved that **HB 626-FN-A**, authorizing energy infrastructure development and designating energy infrastructure corridors, be laid on the table.

Rep. Richardson requested a roll call; sufficiently seconded.

The question now being adoption of the minority committee report of Ought to Pass with Amendment. Minority committee report adopted and referred to the Committee on Finance.

REGULAR CALENDAR CONT'D

SB 155-FN-A, establishing a recovery fund for victims of the Financial Resources Mortgage (FRM) fraud and continually appropriating a special fund. OUGHT TO PASS WITH AMENDMENT. Rep. Kenneth Gidge for Commerce and Consumer Affairs. This bill establishes a process for restitution assistance for victims of the Financial Resources Mortgage (FRM) fraud. The committee as a whole had several work sessions, where there were a lot of discussions of the disclosures of errors in judgment, and the perceived attempts to hide those errors. The committee amendment will set up a fund whereby donations can be accumulated for the victims of the FRM scandal and the bankruptcy. Since state funds are limited, there is no appropriation in this amendment. The committee has some hope that there are investment advisors who could see this as an opportunity to present their reputations and experience not only to the FRM investors, but also to the general public. By creating this fund, under the authority of an agent chosen by a legislative committee, the committee believes that there will be sponsored activity that will bring donations to this monitored fund. Vote 16-3.

Amendment (2504h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing the Financial Resources Mortgage (FRM) victims' contribution recovery fund for victims of the FRM fraud and continually appropriating a special fund.

Amend the bill by replacing all after the enacting clause with the following:

1 Statement of Purpose.

- I. The general court hereby finds that there has been documented evidence that certain state agencies made mistakes knowingly or unknowingly that resulted in the continuation of the Financial Resources Mortgage(FRM) fraud causing financial harm to many victims.
- II. Therefore, the general court hereby establishes the FRM victims' contribution recovery fund to receive contributions to provide restitution assistance for victims of the FRM fraud.
- 2 New Chapter; FRM Victims' Contribution Recovery Fund. Amend RSA by inserting after chapter 359-O the following new chapter:

CHAPTER 359-P FRM VICTIMS' CONTRIBUTION RECOVERY FUND

359-P:1 Definitions. In this chapter:

I. "Claimant" means a person who is a victim of the Financial Resources Mortgage fraud and who has filed a complete application for recovery assistance under this chapter.

II. "Committee" means the FRM victims' contribution recovery fund committee established in

RSA 359-P:4.

III. "Financial Resources Mortgage" means Financial Resources Mortgage, Inc., C L and M, Inc., and any predecessor, successor, or affiliated entities, and any entities established by, through, or with Scott Farah or Donald Dodge, through which moneys of Financial Resources Mortgage, Inc., C L and M, Inc., and any predecessor, successor, or affiliated entities passed.

IV. "Financial Resources Mortgage fraud" means fraudulent acts committed by Financial Resources

Mortgage or its principals where loans brokered by or serviced by Financial Resources Mortgage.

V. "Fund" means the FRM victims' contribution recovery fund established in RSA 359-P:2.

VI. "Person" means an individual, corporation, partnership, association, joint stock company,

unincorporated organization, or any other entity.

VII. "Qualifying claimant" means a person who suffered financial losses as a result of the Financial Resources Mortgage fraud and is a claimant eligible for recovery assistance under this chapter. Qualifying claimant shall not include a borrower under any loan transaction borrowed or serviced by Financial Resources Mortgage.

VIII. "Recovery assistance" means payments from the fund to persons who suffered financial

losses as a result of the Financial Resources Mortgage fraud.

IX. "Victim" means a person who suffered monetary injury as a result of the Financial Resources Mortgage fraud.

359-P:2 FRM Victims' Contribution Recovery Fund Established.

I. There is hereby established the FRM victims' contribution recovery fund. The fund shall be nonlapsing and continually appropriated to the committee. The fund shall be capped at \$10,000,000 and shall consist of state, public, and private sector gifts and contributions of any kind.

II. The fund shall be used for awarding recovery assistance pursuant to this chapter.

III. The total amount in the fund less costs of administration shall be distributed on a pro rata basis to qualifying claimants annually on December 31 until all such claims are satisfied.

359-P:3 Eligibility for Recovery Assistance.

I. Except as otherwise provided in this chapter, a claimant shall be eligible for recovery assistance at the rate of 50 cents on each dollar lost by the claimant under this chapter if the claimant:

(a) Submits all supplemental documents as requested by the committee.

(b) Can demonstrate loss, to the committee's satisfaction, due to the Financial Resources Mortgage fraud.

(c) Meets all other requirements of this chapter, as determined by the committee.

II. In addition to a qualifying claimant and except as otherwise provided in this chapter, a surviving spouse or surviving child of a qualifying claimant shall be eligible for recovery assistance under this chapter.

359-P:4 Committee Established.

I. There is established the FRM victims' contribution recovery fund committee. The committee shall consist of the following members:

(a) Two members of the house commerce and consumer affairs committee and 2 members of the house finance committee, appointed by the speaker of the house of representatives.

(b) Two members of the senate commerce committee and 2 members of the senate finance

committee, appointed by the president of the senate.

II. The first meeting of the committee shall be held within 45 days of the effective date of this section and shall be called by the first-named house member. The committee chairperson shall be chosen from among the members.

III. The committee shall hire/appoint a private attorney or administrator to collect gifts and contributions, review applications for assistance submitted pursuant to this chapter, and make awards of assistance in accordance with the procedures of this chapter. The committee shall negotiate the attorney's or administrator's compensation which shall be no more than 10 percent of the privately contributed funds.

IV. In the event of a tie vote on any matter, the chairperson's vote shall break the tie.

V. The attorney or administrator shall make quarterly reports to the committee, beginning on November 1, 2015, which shall include all transactions made from the fund. The committee shall make semi-annual reports, beginning on December 15, relative to its work to the governor, the president of the senate, and the speaker of the house of representatives.

I. A victim eligible for recovery assistance under RSA	250 Dr2 may file on application for
recovery assistance with the committee on the following form	339-P:3 may file an application for

II. The complete application shall be received not more than 180 days after the effective date of this section. An extension of time may be granted for good cause shown by the claimant. However, an application that is received more than 270 days after the effective date of this section shall not be accepted. The attorney or administrator shall send a notice regarding the process for recovery under this chapter to the last known address of potential claimants.

III. All applications filed in compliance with this chapter shall be accepted. Processing of an application shall begin upon receipt of a complete application. All applications shall be reviewed by the attorney or administrator to ensure that the applications are complete. If an application is not complete, it shall be returned to the claimant with a brief statement of the additional information required. The application shall be denied if the applicant does not furnish additional information or additional time is not granted for good cause.

IV. The attorney or administrator shall determine the amount of loss of original investments, if any, of each claimant and the pro rata share to be distributed to a claim demonstrating loss.

V. Recovery assistance shall be limited to 50 cents on each dollar lost on the amount of the claimant's original investment.

VI. The attorney or administrator may consider individual claims filed by persons owning a joint interest that was subject to loss due to the Financial Resources Mortgage fraud, but any recovery awarded shall only be to the extent of each individual claimant's original investment.

359-P:6 Awards Under This Chapter Set Off Against Any Other Recovery.

I. The amount of any award made under this chapter shall be set off against any other recovery sources, including, but not limited to awards from private suits, arbitration, bankruptcy court awards or settlements, or other sources of recovery.

II. In the event a qualifying claimant receives an award from a recovery source listed in paragraph I subsequent to the filing of a claim under this chapter, the claimant shall immediately notify the committee of the award. The attorney or administrator shall then modify the claimant's award and pro rata share by offsetting such award against the claimant's award under this chapter.

359-P:7 Recovery Assistance Prohibited. Recovery assistance shall not be awarded if the attorney or administrator for the committee determines the claimant:

I. Sustained the monetary injury as a result of participating or assisting in or attempting to commit or committing financial fraud with Financial Resources Mortgage; or

II. Profited or would have profited from the financial fraud of Financial Resources Mortgage.

359-P:8 Award Not Subject to Other Processes. An award made under this chapter shall not be subject to execution, attachment, garnishment, or other process. A claimant convicted of forgery, fraud, or deception in connection with a claim under this chapter shall forfeit an award paid to the claimant under this chapter. The attorney general may file a civil action to recover funds against such a claimant.

359-P:9 Liability of State. The state shall not be liable for any written determination made under this chapter except to the extent that money is available in the fund on the date the award is computed.

359-P:10 Claims Prior to January 1, 2006. Claims for restitution assistance shall not be accepted for any losses that occurred prior to January 1, 2006 due to financial fraud.

2 New Subparagraph; FRM Victims Contribution Recovery Fund. Amend RSA 6:12, I(b) by inserting after subparagraph (330) the following new subparagraph:

(331) Moneys deposited under the FRM victims' contribution recovery fund, established in RSA 359-P:2.

3 Repeal. The following are repealed:

I. RSA 359-P, relative to a recovery fund for victims of the Financial Resources Mortgage (FRM) fraud.

II. RSA 6:12, I(b)(331), relative to the FRM victims' contribution recovery fund.

- 4 Contingent Repeal. Section 3 of this act shall take effect on the date the FRM victims' contribution recovery fund committee certifies to the secretary of state and the director of the office of legislative services that the last payment was made in accordance with RSA 359-P as inserted by section 1 of this act. Any moneys in the FRM victims' contribution recovery fund established in RSA 359-P:2 as inserted by section 1 of this act shall lapse to the general fund.
 - 5 Effective Date.
 - I. Section 3 of this act shall take effect as provided in section 4 of this act.
 - II. The remainder of this act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill establishes a process for restitution assistance for victims of the Financial Resources Mortgage (FRM) fraud. Under this bill, the FRM victims' contribution recovery fund committee shall cause through its attorney or administrator restitution assistance from the FRM victims' contribution recovery fund for such victims.

Committee amendment adopted.

Committee report adopted and referred to the Committee on Finance.

SB 178, relative to optometrist participation in vision insurance plans. INEXPEDIENT TO LEG-ISLATE.

Rep. George Hurt for Commerce and Consumer Affairs. This bill prohibits insurers who provide benefits for medical or hospital expenses for eye care from requiring an optometrist to participate in a separate vision plan as a condition for serving as a participating provider in the insurer's network. The majority of the committee determined that interfering in a private legal contract between two assenting parties would send the wrong message and set a bad precedent for the legislature. Furthermore, the US Supreme Court declared in Dartmouth v. Woodward, (17 U.S. 518) that "no state legislature shall make any law impairing the obligation of contracts." Vote 13-6. Committee report adopted.

MOTION TO SPECIAL ORDER

Rep. Tholl moved that HB 240, prohibiting law enforcement agencies from using a drone to collect evidence, be made a Special Order after HB 602, relative to the use of drones, from the Committee on Executive Departments and Administration.

Rep. Tholl spoke in favor.

Motion adopted.

MOTION TO SPECIAL ORDER

Rep. Hunt moved that SB 219-FN, relative to breastfeeding, be made a Special Order as the next order of business.

Rep. Hunt spoke in favor.

Motion adopted.

BILL REMOVED FROM THE CONSENT CALENDAR

SPECIAL ORDER

SB 219-FN, relative to breastfeeding. OUGHT TO PASS WITH AMENDMENT.

Rep. Edward Butler for Commerce and Consumer Affairs. This bill as amended requires employers in the state to provide employees who are nursing mothers the necessary time for breast pumping. An exception can be made for an employer who employs less than 50 employees if this requirement would impose an undue hardship. It also requires that state employees be provided a safe and sanitary space for breastfeeding for up to 6 months after the child is born, and for expressing milk for as long as the mother continues to lactate. Additionally, an Advisory Council on Breastfeeding is established to review the effects of this legislation on employers, and to recommend further legislation if needed. Vote 19-1.

Amendment (2499h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to lactation and breastfeeding.

Amend RSA 275:77 as inserted by section 1 of the bill by replacing it with the following:

275:77 Time for Employees to Express Milk; State Employees.

I. An employer shall provide a reasonable break time for an employee to express breast milk for her nursing child each time such employee has need to express the milk.

II. An employer shall not be required to compensate an employee receiving reasonable break time under paragraph I for any work time spent for such purpose, providing such break shall be documented as a break for the purpose of expressing milk.

III. Where employers already provide compensated breaks, an employee who uses that break time to express milk shall be compensated in the same way that other employees are compensated for break time. In addition, the employee shall be completely relieved from duty or else the time shall be compensated as work time.

IV. An employer that employs less than 50 employees shall not be subject to the requirements of this chapter, if such requirements would impose an undue hardship by causing the employer significant difficulty or expense when considered in relation to the size, financial resources, nature,

or structure of the employer's business.

V. A lactating state employee shall have the right to breastfeed her child on any property owned, leased, or controlled by the state anywhere she is authorized to be. The state shall provide lactating employees with adequate facilities for breastfeeding for up to 6 months after the child is born and for expressing milk for as long as the mother continues to lactate. The location may include a child care facility or community lactation room in close proximity to the employee's work location. "Adequate facilities for breastfeeding" shall mean a sanitary indoor place, other than a bathroom or toilet stall, that is shielded from view from intrusion from co-workers and the public.

Amend RSA 275:80, I as inserted by section 1 of the bill by replacing it with the following:

I. There is hereby established an advisory council on breastfeeding. The advisory council shall follow the goals of the United States Surgeon General and the United States Breastfeeding Committee. The advisory council shall be comprised of, but not limited to:

(a) One member of the house of representatives, appointed by the speaker of the house of

representatives.

- (b) One member of the senate, appointed by the senate president.
- (c) The commissioner of the department of labor, or designee.
- (d) A member of the New Hampshire Business and Industry Association, appointed by the association.
 - (e) The president of the New Hampshire Breastfeeding Rights Coalition, or designee.
 - (f) A transportation representative, appointed by the governor.
 - (g) A breastfeeding mother, appointed by the governor.
- (h) An attorney with experience in human rights issues, appointed by the New Hampshire commission on human rights.

Amend RSA 275:80, III as inserted by section 1 of the bill by replacing it with the following:

III. Legislative members shall receive mileage at the legislative rate when attending to the duties of the advisory council.

Amend RSA 275:80, V as inserted by section 1 of the bill by replacing it with the following:

V. The advisory council shall make an interim report commencing on November 1, 2016 and a final report on December 1, 2017 on its activities and findings, together with any recommendations for proposed legislation, to the president of the senate, the speaker of the house of representatives, and the governor.

Amend the bill by replacing all after section 2 with the following:

- 3 Repeal. RSA 275:80, relative to an advisory council on breastfeeding, is repealed.
- 4 Effective Date.
 - I. Section 3 of this act shall take effect December 1, 2017.
 - II. The remainder of this act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill requires employers to provide reasonable accommodations to women who are breastfeeding. The bill also establishes an advisory council on breastfeeding.

Reps. Barbara Griffin and Notter spoke against.

Rep. Butler spoke in favor and yielded to questions.

MOTION TO LAY ON THE TABLE

Rep. Hunt moved that SB 219-FN, relative to breastfeeding, be laid on the table.

Rep. Shurtleff requested a roll call; sufficiently seconded.

REGULAR CALENDAR CONT'D

HB 512, prohibiting confiscation of firearms, ammunition, or firearms accessories during a state of emergency. OUGHT TO PASS WITH AMENDMENT.

Rep. David Welch for Criminal Justice and Public Safety. This bill amends RSA 4:46, I-a which prohibits confiscation of firearms during a state of emergency and adds firearms accessories and procedures for return of such items when illegally confiscated. It also protects a law enforcement officer from disciplinary action for refusing an order to confiscate weapons and establishes a cap on damages for violations of the statute. The amendment adds a definition of "law enforcement officer" to the current statute. Vote 9-8.

Amendment (2379h)

Amend RSA 4:46, I-a as inserted by section 1 of the bill by inserting after subparagraph (e) the following new subparagraph:

(f) For the purposes of this paragraph, "law enforcement officer" includes, but is not limited to, state, local, and county officials, federal agents, members of the National Guard, members of the United States Armed Forces, private security persons, United Nations troops, and United Nations Armed Forces.

Committee amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment. Rep. Hoell requested a roll call; sufficiently seconded.

REFERRAL DECLINED

Rep. Kurk, Chairman of the Committee on Finance, under the provisions of House Rule 46 (f), declined the referral of **HB 536**, relative to payment for special education services for chartered public school students and relative to federal funds for chartered public schools.

REGULAR CALENDAR CONT'D

HB 582-FN, repealing the license requirement for carrying a concealed pistol or revolver. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE. Rep. John Burt for the Majority of Criminal Justice and Public Safety. As amended, the bill extends the license renewal period from 4 years to 5 years, saving time for both citizens and police departments. The bill codifies in New Hampshire statute precisely what criteria should be used by police departments when issuing a license. This change proactively addresses the concern that police departments have a perceived liability for issuing a license to someone who would misuse a firearm. The changes to the statutes in no way prohibit the police from running background checks to verify that the person is legally able to own and possess a firearm. The bill makes the license to carry concealed optional for those who are currently able to purchase and/or own a firearm and can already carry openly without a license. Lastly, the bill clarifies the process on how New Hampshire develops reciprocal agreements with other states regarding carry licenses. All of the changes in the bill are in compliance with Part 1, Art. 2-a, of the New Hampshire Constitution, protecting a person's right to keep and bear arms, while also recognizing law enforcement's requests to prohibit certain persons from obtaining a license. The committee heard significant testimony about the current abuses within the existing licensing system. Over the last few months, there have been several court cases where law abiding citizens, "suitable" citizens, were denied a license renewal over misinterpretations of the current law. The cases involved issues such as the police chief asking for reference phone numbers; something that is prohibited by statute. Another case was that the chief did not like the particular references who were selected. In each of these cases, the citizens spent thousands of dollars in legal fees to get their renewal completed. In other cases, chiefs are denying people due to the ambiguity in the law about who can have a license. There was also a recent New Hampshire Supreme Court case involving Mark Doyon v. Hooksett Police Department that altered the standards which were being used by police departments to grant licenses. Current New Hampshire statute requires that upon application, the police "shall issue a license to such applicant authorizing the applicant to carry a loaded pistol or revolver in this state and that the applicant is a suitable person to be licensed." The issue at hand is that there is no definition in statute for the term "suitable." This ambiguity

had been addressed for over a decade by the backside of the application form which read: "Applicants not

prohibited under federal or New Hampshire law from possession of a firearm shall be deemed suitable persons and the license shall be issued unless the applicant is so prohibited from possessing a firearm. The burden is on the licensing entity to prove by clear and convincing proof that the applicant is so prohibited from possessing a firearm." The bill updates the language in current statutes to the following clear definition for use by police departments when issuing a license: "Unless the applicant is prohibited by New Hampshire or federal statute from possessing a firearm." The majority of the committee felt that the language changes in the amendment balanced the need for public safety while protecting the rights of citizens. The committee also heard testimony regarding the historic racial profiling and anti-union roots of this legislation from the early 1900s. Vote 9-8.

Rep. Geoffrey Hirsch for the Minority of Criminal Justice and Public Safety. The minority is opposed to the repeal provisions contained in this bill. New Hampshire's current concealed carry permitting law has worked well for nearly a century; the Granite State is one of the safest states in the nation. Our concealed weapons permitting system gives an important oversight role to local law enforcement while allowing for appeals through appropriate channels. Law enforcement and public safety officials oppose removing the licensing process. This process helps ensure that potentially dangerous individuals are not allowed to carry hidden weapons. The ability of states to appropriately regulate the concealed carry of firearms has been reaffirmed in its constitutional soundness time and time again by the United State Supreme Court. New Hampshire law already allows for the open carry of handguns without a permit, and it also ensures that an appeal process is in place when a permit is denied. States that currently allow concealed carry of firearms without a permit have far stricter regulations at the point of original purchase than New Hampshire does, including more vigorous background checks. In his book Live Free or Die, Governor Mel Thomson said that the current permitting process for concealed carry is "a sensible handgun law that leaves the issuance of handgun permits to the discretion of [local law enforcement]." For these reasons, the minority urges common sense and opposes this bill.

Majority Amendment (2399h)

Amend RSA 159:6 as inserted by section 1 of the bill by replacing it with the following: 159:6 License to Carry.

I.(a) The selectmen of a town, the mayor or chief of police of a city or a full-time police officer designated by them respectively, the county sheriff for a resident of an unincorporated place, or the county sheriff if designated by the selectmen of a town that has no police chief, upon application of any resident of such town, city, or unincorporated place, or the director of state police, or some person designated by such director, upon application of a nonresident, shall issue a license to such applicant authorizing the applicant to carry a loaded pistol or revolver in this state for not less than 4 years from the date of issue, if it appears that the applicant has good reason to fear injury to the applicant's person or property or has any proper purpose[, and that the applicant is a suitable person to be licensed], unless the applicant is prohibited by New Hampshire or federal statute from possessing a firearm. Hunting, target shooting, or self-defense shall be considered a proper purpose. The license shall be valid for all allowable purposes regardless of the purpose for which it was originally issued.

(b) The license shall be in duplicate and shall bear the name, address, description, and signature of the licensee. The original shall be delivered to the licensee and the duplicate shall be preserved by the people issuing the same for [4] 5 years. When required, license renewal shall take place within the month of the [fourth] fifth anniversary of the license holder's date of birth following the date of issuance. The license shall be issued within 14 days after application, and, if such application is denied, the reason for such denial shall be stated in writing, the original of which such writing shall be delivered to the applicant, and a copy kept in the office of the person to whom the application was made. The fee for licenses issued to residents of the state shall be \$10, which fee shall be for the use of the town or city granting said licenses; the fee for licenses granted to out-ofstate residents shall be \$100, which fee shall be for the use of the state. The director of state police is hereby authorized and directed to prepare forms for the licenses required under this chapter and forms for the application for such licenses and to supply the same to officials of the cities and towns authorized to issue the licenses. The form shall require no more information than was required on the state of New Hampshire application for pistol/revolver license, form DSSP 85, as revised in December 2009. No other forms shall be used by officials of cities and towns. The cost of the forms shall be paid out of the fees received from nonresident licenses.

II. No photograph or fingerprint shall be required or used as a basis to grant, deny, or renew

a license to carry for a resident or nonresident, unless requested by the applicant.

III. The availability of a license to carry a loaded pistol or revolver under this section or under any other provision of law shall not be construed to impose a prohibition on the unlicensed transport or carry of a firearm in a vehicle, or on or about one's person, whether openly or concealed, loaded or unloaded, by a resident, nonresident, or alien if that individual is not otherwise prohibited by statute from possessing a firearm in the state of New Hampshire. Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.

Rep. Burton spoke against and yielded to questions.

Rep. Burt spoke in favor and yielded to questions.

Rep. Hoell requested a roll call; sufficiently seconded.

and the majority committee report was adopted and ordered to third reading.

HB 605-FN, repealing mandatory minimum sentences. OUGHT TO PASS WITH AMENDMENT. Rep. John Martin for Criminal Justice and Public Safety. This bill as introduced would have eliminated all mandatory minimum sentences. After subcommittee review, the bill was determined to be overbroad and unwieldy, particularly in relation to provisions regarding major drug offenses and sex offenses. The amendment repeals only provisions relating to armed career criminals, habitual offenders, and driving after revocation or suspension. Vote 14-3.

Amendment (2427h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to mandatory minimum sentences.

Amend the bill by replacing all after the enacting clause with the following:

1 Pistols and Revolvers; Armed Career Criminals. Amend RSA 159:3-a, II to read as follows:

II. Any person who violates paragraph I shall be guilty of a felony and, notwithstanding RSA 651:2, II, shall be sentenced to a [minimum mandatory term of 10 years imprisonment and a] maximum term of imprisonment of not more than 40 years and shall be fined not more than \$25,000.

2 Habitual Offenders; Penalty. Amend RSA 262:23 to read as follows: 262:23 Penalty.

I. It shall be unlawful for any person to drive any motor vehicle on the ways of this state while an order of the director or the court prohibiting such driving remains in effect. If any person found to be an habitual offender under the provisions of this chapter is convicted of driving a motor vehicle on the ways of this state while an order of the director or the court prohibiting such operation is in effect, he or she shall be guilty of a felony and sentenced, notwithstanding the provisions of RSA title LXII, to imprisonment for not [less than one year nor] more than 5 years. No [portion of the minimum mandatory sentence shall be suspended, and no] case brought to enforce this chapter shall be continued for sentencing; provided, however, that any sentence or part thereof imposed pursuant to this section may be suspended in cases in which the driving of a motor vehicle was necessitated by situations of apparent extreme emergency which required such operation to save life or limb. Any sentence of one year or less imposed pursuant to this paragraph shall be served in a county correctional facility. The sentencing court may order that any such offender may serve his or her sentence under home confinement pursuant to RSA 651:19 based on the rules and regulations of the county correctional facility where the sentence is to be served [for the minimum mandatory term or any portion thereof], provided the offender first serves 14 consecutive days of imprisonment prior to eligibility for home confinement. Habitual offenders shall only be eligible for the home confinement program once per lifetime. Any sentence of more than one year imposed pursuant to this paragraph shall be served in the state prison.

II. For the purpose of enforcing this section, in any case in which the accused is charged with driving a motor vehicle while his license, permit or privilege to drive is suspended or revoked, or is charged with driving without a license, the court before hearing such charge shall determine whether such person has been held an habitual offender and by reason of such holding is barred from driving a motor vehicle on the ways of this state. For the purposes of this section, in determining whether the person has been held an habitual offender and by reason of such holding is barred from driving a motor vehicle on the ways of this state, a certified copy of the individual's motor vehicle record on file with the division shall be as competent evidence in any court within this state as the original record would be if produced by the director as legal custodian thereof.

III. [Notwithstanding paragraph I, any person who qualifies under RSA 259:39 shall not be subject to the minimum mandatory provisions of paragraph I if, and only if, that person's certification was not based on any conviction under RSA 265-A:2, I or any misdemeanor or felony motor vehicle conviction pursuant to RSA title XXI, and that person has not been convicted of any such offense, or any reasonably similar offense in any jurisdiction within the United States and Canada, since the date of the certification; provided, however, that any such person shall be guilty of a class A misdemeanor and may be sentenced to one year or less.] Any person incarcerated upon the effective date of this paragraph, pursuant to certification as an habitual offender under RSA 259:39, who does not have a conviction under RSA 265-A:2, I involving a vehicle or any misdemeanor or felony motor vehicle convictions pursuant to RSA title XXI, may apply immediately to the superior court for sentence review and reduction.

3 License Suspension and Revocation; Driving After Revocation or Suspension. Amend RSA 263:64, IV to read as follows:

IV. Any person who violates this section by driving or attempting to drive a motor vehicle or by operating or attempting to operate an OHRV or snowmobile in this state during the period of suspension or revocation of his or her license or driving privilege for a violation of RSA 265:79 or an equivalent offense in another jurisdiction shall be guilty of a misdemeanor. Any person who violates this section by driving or attempting to drive a motor vehicle or by operating or attempting to operate an OHRV or snowmobile in this state during the period of suspension or revocation of his or her license or driving privilege for a violation of RSA 265-A:2, I, RSA 265-A:3, RSA 630:3, II, RSA 265:82, or RSA 265:82-a or an equivalent offense in another jurisdiction shall be guilty of a misdemeanor and shall be sentenced to imprisonment for a period not less than 7 consecutive 24-hour periods to be served within 6 months of the conviction, shall be fined not more than \$1,000, and shall have his or her license or privilege revoked for an additional year. [No portion of the minimum mandatory sentence of imprisonment shall be suspended by the court.] No case brought to enforce this paragraph shall be continued for sentencing for longer than 35 days. [No person serving the minimum mandatory sentence under this paragraph shall be discharged pursuant to authority granted under RSA 651:18, released pursuant to authority granted under RSA 651:19, or in any manner, except as provided in RSA 623:1, prevented from serving the full amount of such minimum mandatory sentence under any authority granted by title LXII or any other provision of law.]

4 Effective Date. This act shall take effect January 1, 2017.

AMENDED ANALYSIS

This bill eliminates certain mandatory minimum sentences.

Committee amendment adopted.

Committee report adopted and ordered to third reading.

HB 617-FN-A, requiring state police to wear a camera when interacting with the public. OUGHT TO PASS WITH AMENDMENT.

Rep. Robert Cushing for Criminal Justice and Public Safety. Over the course of the past 2 legislative sessions, the Criminal Justice and Public Safety Committee has devoted a lot of time considering legislation and studying issues regarding the deployment of Body-Worn Cameras (BWCs) used by law enforcement. The committee heard testimony and received input from representatives of a number of law enforcement agencies, the offices of the Attorney General and the Commissioner of Safety, civil liberties advocates, defense attorneys, advocates for crime victims, representatives of media organizations, representatives of vendors of cameras and data storage systems, as well as members of the public. There is a general consensus amongst stakeholders that the use of BWCs can be a benefit to public safety, foster better interactions between police and members of the public, protect members of law enforcement, promote accountability and assist in investigations. The amendment to HB 617 recommended by the committee represents a synthesis of best practices and a balanced approach to the use of BWCs that is appropriate for New Hampshire. The use of BWCs will be voluntary. For agencies that choose to use them, HB 617 requires that officers can only use BWCs issued by their departments, all recordings are the property of their police department, all images and sound from a BWC recording are for law enforcement purposes only, all officers using BWCs must be trained, BWCs must be activated on arriving at the scene of a call for service or when engaged in any law enforcement-related activity, recordings must be specific to an incident and not cover an entire patrol, officers must inform individuals they are being recorded, and, except for emergencies, officers can only use while in uniform. BWCs may not be used to record certain events, including intimate body searches, an interview with a crime victim, unless the victim consents, interaction with a person wishing to report a crime anonymously, when engaged in personal activities, in locations where an individual has an expectation of privacy such as a residence or restroom. Once activated, the BWC must remain on until the event is completed and all recordings must be securely stored according to FBI standards and no one may alter, erase, copy, share or otherwise distribute except as provided in the law. BWC records are exempt from the Right to Know Law, except when the recordings show any restraint or use of force by an officer, excluding portions that constitute an invasion of privacy, or the discharge of a firearm, or a felony-level arrest, excluding any portion that constitutes an invasion of privacy. The committee believes that the bill as amended represents an appropriate balance between public safety and individual liberty. Vote 14-3.

Amendment (2522h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Chapter; Body-Worn Cameras. Amend RSA by inserting after chapter 105-C the following new chapter:

CHAPTER 105-D BODY-WORN CAMERAS

105-D:1 Definitions. In this chapter:

I. "Body-worn camera" or "BWC" means an electronic camera system for creating, generating, sending, receiving, storing, displaying, and processing audiovisual recordings that may be worn about the person of a law enforcement officer.

II. "Community caretaking function" means a task undertaken by a law enforcement officer in which the officer is performing an articulable act unrelated to the investigation of a crime. It includes, but is not limited to, participating in town halls or other community outreach, helping a child find his or her parents, providing death notifications, dealing with individuals asking for directions or other assistance, and performing in-home or hospital well-being checks on the sick, elderly, or persons presumed missing.

III. "In uniform" means a law enforcement officer who is wearing any officially authorized uniform designated by a law enforcement agency, or a law enforcement officer who is visibly wearing articles of clothing, a badge, tactical gear, gun belt, a patch, or other insignia that he or she is

a law enforcement officer acting in the course of his or her duties.

IV. "Law enforcement officer" or "officer" means any person employed by a law enforcement agency.

V. "Law enforcement agency" or "agency" means a state, county, municipality, special district, security service or police of the community college system of New Hampshire and the university system of New Hampshire, security service of the legislative or judicial branch, unit of local government police department or any other entity authorized by law to employ law enforcement officers or exercise police authority.

VI. "Law enforcement-related encounters or activities" include, but are not limited to, traffic stops, pedestrian stops, arrests, searches, interrogations, investigations, pursuits, crowd control, traffic control, non-community caretaking interactions with an individual while on patrol, or any other instance in which the officer is enforcing the laws of the municipality, county, or state. The term does not include:

(a) Activities when the officer is completing paperwork alone or is in the presence of another law enforcement officer or officers; or

(b) Community caretaking functions.

VII. "Minor traffic offense" means a petty offense or a violation under the New Hampshire motor vehicle code or a similar provision of a municipal or local ordinance.

VIII. "Petty offense" means conduct that constitutes a class B misdemeanor or a violation.

IX. "Recording" means the process of capturing data or information stored on a recording medium.

X. "Recording medium" means any recording medium for the retention and playback of recorded audio and video including, but not limited to, VHS, DVD, hard drive, cloud storage, solid state, digital, flash memory technology, or any other electronic medium.

XI. "Subject of the recording" means any law enforcement officer or any suspect, victim, detainee, conversant, injured party, witness, or other similarly situated person who appears on the recording, and shall not include people who only incidentally appear on the recording.

105-D:2 Use of Body-Worn Cameras.

I. This chapter shall apply to any law enforcement agency that elects to equip its law enforcement officers with body-worn cameras. All BWCs shall be operated in a manner consistent with the provisions of this chapter. Every law enforcement agency that elects to equip its officers with BWCs shall adopt policies and procedures relating to the use of BWCs and the retention and destruction of data consistent with this chapter.

II. Officers shall only use BWCs issued by their respective law enforcement agencies. BWC equipment and all data, images, and video captured, recorded, or otherwise produced by the equipment are the property of the officer's law enforcement agency and shall be subject to the restrictions in this chapter.

III. Officers who are assigned BWCs shall successfully complete an agency-approved training program to ensure proper use and operations.

IV. Officers shall only use BWCs while in uniform.

V. Officers shall activate the video and audio components of BWCs and start recording upon arrival on scene of a call for service or when engaged in any law enforcement-related encounter or activity; provided, however, that in those cases set forth in subparagraphs VII(d), (e), and (h) and paragraph X in which an individual has a right not to be recorded, officers shall inform an individual of this option. If a citizen then declines to be recorded, the officer shall deactivate the audio and video functions. The officer shall document the reason why the camera was not activated in the associated police report. If exigent circumstances exist which prevent the BWC from being activated as set forth above, the device must be turned on as soon as practicable.

VI. Recordings shall be specific to an incident. Officers shall not indiscriminately record entire duties or patrols.

VII. A BWC shall not be used to record any of the following:

(a) Communications with other police personnel except to the extent such communications are incidental to a permissible recording.

(b) Encounters with police personnel or individuals whom the officer knows are acting in an undercover capacity or as confidential informants respectively, unless expressly directed to be included as part of the investigation.

(c) Intimate searches, when otherwise permitted by the agency's strip-and-body-cavity search policy, or nudity.

- (d) An interview with a crime victim unless his or her express consent has been obtained before the recording is made. Any recording obtained shall be consistent with the New Hampshire attorney general's model protocol for response to adult sexual assault cases, the New Hampshire attorney general's domestic violence protocol for law enforcement, the New Hampshire attorney general's stalking protocol for law enforcement, and the New Hampshire attorney general's child abuse and neglect protocol, as applicable. This subparagraph may be waived upon approval of the head of the law enforcement agency when the parent or legal guardian is the subject of the investigation to which a juvenile is a victim or witness.
- (e) Interactions with a person seeking to report a crime anonymously. In such an instance, the law enforcement officer shall, as soon as practicable, ask the person seeking to remain anonymous if the person wants the officer to use the officer's BWC. If the person responds negatively, the law enforcement officer shall deactivate the audio and video functions.
- (f) While on the grounds of any public, private, or parochial elementary or secondary school, except when responding to an imminent threat to life or health or a call for service.
 - (g) When on break or otherwise engaged in personal activities.
- (h) In any location where an individual has a reasonable expectation of privacy, such as a residence, a restroom, or a locker room.
- (i) In any instance when it is believed that an explosive device may be present and electrostatic interference from the BWC may trigger the device.
- IX. Except in emergency situations, officers shall inform an individual that he or she is being recorded. When notification is not made, the recording officer shall note the reason for non-notification within the associated report.

X. In locations where an individual has a reasonable expectation of privacy, such as a residence, a citizen may decline to be recorded unless the recording is being made while executing an arrest warrant, or a warrant issued by a court, or the officer is in the location pursuant to a judicially-recognized exception to the warrant requirement. Officers shall inform an individual of this option. If a citizen then declines to be recorded, the officer shall deactivate the audio and video functions. The officer shall document the reason why the camera was not activated in the associated police report.

XI. Once activated, the BWC shall remain activated until the event is completed in order to

ensure the integrity of the recording.

XII. If an officer fails to activate the BWC, fails to record the entire contact, or interrupts the recording, the officer shall document why a recording was not made, was interrupted, or was terminated as part of the associated police report.

XIII. Except as authorized in this section, no person, including without limitation officers and their supervisors, shall edit, alter, erase, delete, duplicate, copy, subject to automated analysis or analytics of any kind, including but not limited to facial recognition technology, share, display, or otherwise distribute in any manner any BWC recordings or portions thereof.

XIV. Recorded images and sound made from an agency-issued BWC shall be for law enforcement purposes only. All access to this data shall be audited to ensure that authorized users only are accessing the data for law enforcement purposes only. All access to BWC data shall be authorized by the head of the law enforcement agency and only for the purposes set forth in this chapter.

XV. If an officer is suspected of wrongdoing or involved in an officer-involved shooting or other use of deadly force, the agency may limit or restrict an officer from viewing the video file.

XVI. All recordings shall be securely stored no later than the end of each shift in conformity to the most recent security policy of the Criminal Justice Information Services (CJIS) of the criminal justice information services division of the Federal Bureau of Investigation of the United States Department of Justice. Recordings shall not be divulged or used by a law enforcement agency for any commercial or other non-law enforcement purpose. Where a law enforcement agency authorizes a third party to act as its agent in storing recordings, the agent shall not independently access, view or alter any recording, except to delete videos as required by law or agency retention policies. Neither the agency nor its agent shall subject any recording to analysis or analytics of any kind, including without limitation facial recognition technology and data mining.

XVII. Recordings made by a BWC shall be permanently destroyed by overwriting or otherwise every 180 days, except that such recording shall be retained by the law enforcement agency that employs the officer whose BWC made the recording, or an authorized agent thereof, for up to 3

years if:

- (a) The recording captures images involving any of the following:
- (1) Any action by a law enforcement officer that involves the use of deadly force or restraint.
 - (2) The discharge of a firearm.
 - (3) Death or serious bodily injury.
 - (4) An encounter that results in an arrest for a felony-level offense.
- (5) An encounter about which a complaint has been filed with the police department within 180 days after the encounter.
- (b) The recording is being retained by the law enforcement agency as evidence in a civil or criminal case or as part of an internal affairs investigation or as part of an employee disciplinary investigation.

XVIII. Notwithstanding the provisions of paragraph XVII:

- (a) If there is any other legal requirement for retaining the recording, including but not limited to litigation, a pending criminal case, or a valid court order, then the recording shall be retained only as long as is legally required; and
- (b) The chief law enforcement officer of the agency may designate the recording as a training tool, provided that that a person's image and vehicle license plate numbers shall first be permanently deleted, distorted, or obscured. A recording so designated and prepared may be viewed solely by officers for training purposes only.
- XIX. Any recording undertaken in violation of this chapter or any other applicable law shall be immediately destroyed and shall not be admissible as evidence in any criminal or civil legal or administrative proceeding.
- 2 New Subparagraph; Wiretapping and Eavesdropping; Exceptions. Amend RSA 570-A:2, II by inserting after subparagraph (l) the following new subparagraph:
 - (m) A law enforcement officer to make a body-worn recording pursuant to RSA 105-D.
- 3 New Paragraph; Access to Governmental Records, Exemptions. Amend RSA 91-A:5 by inserting after paragraph IX the following new paragraph:
- X. Video and audio recordings made by a law enforcement officer using a body-worn camera pursuant to RSA 105-D except where such recordings depict any of the following:
- (a) Any restraint or use of force by a law enforcement officer; provided, however, that this exemption shall not include those portions of recordings which constitute an invasion of privacy of any person or which are otherwise exempt from disclosure.
 - (b) The discharge of a firearm.
- (c) An encounter that results in an arrest for a felony-level offense, provided, however, that this exemption shall not apply to recordings or portions thereof that constitute an invasion of privacy or which are otherwise exempt from disclosure.
 - 4 Effective Date. This act shall take effect January 1, 2017.

AMENDED ANALYSIS

This bill:

- I. Regulates a law enforcement agency's use of body-worn cameras.
- II. Exempts such recordings from the wiretapping and eavesdropping statute and, under certain circumstances, from the right-to-know law.

Committee amendment adopted.

Committee report adopted and referred to the Committee on Finance.

REFERRAL DECLINED

Rep. Kurk, Chairman of the Committee on Finance, under the provisions of House Rule 46 (f), declined the referral of **HB 617-FN-A**, requiring state police to wear a camera when interacting with the public.

REGULAR CALENDAR CONT'D

HB 218-FN, relative to additional funding for third grade proficiency in mathematics. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE. Rep. Mel Myler for the Majority of Education. This bill provides differentiated aid for students not proficient in math. Along with students not reaching this proficient level in reading, math is now made available to local school districts to assist lower achieving students. This bill recognizes that both reading and math are foundations for education. Vote 14-6.

Rep. Christopher Adams for the Minority of Education. It is the opinion of the minority that while the bill has the best interests of the students affected in mind, it is considered to be flawed in several areas. At the time of this vote, it is unknown as to what extent of the student population will be subject to this legislation due to their having not met proficiency on the newly implemented state assessment. Based upon known results from states that have seen results from these new tests, it can be expected that the number of students not meeting proficiency will rise substantially. Accountability for the directed funds is not assured by this legislation, and in fact may provide a disincentive to perform well in these efforts. To date, little evidence of success in improving reading achievement can be attributed to the original legislative attempt. If it is the intent of the committee to improve overall funding for an adequate education, then the committee and legislature should consider a more holistic bill in place of a piecemeal approach to funding of public education.

Majority Amendment (2441h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to third grade proficiency in mathematics.

Amend RSA 198:40-a, II-a as inserted by section 1 of the bill by replacing it with the following:

II-a. An additional \$675 for each third grade pupil in the public school's ADMA in the determination year who has not tested at the proficient level or above in the reading *component or the mathematics* component of the state assessment and who is not eligible to receive special education, English as a second language, or free or reduced-price meal program funds in the determination year. Amend the bill by replacing section 2 with the following:

2 Effective Date. This act shall take effect July 1, 2017.

AMENDED ANALYSIS

This bill provides that additional adequacy aid shall be available for each third grade pupil not testing at the proficient level or above on the reading component or the mathematics component of the statewide assessment.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. On a division vote, with 192 members having voted in the affirmative and 148 in the negative, the majority committee report was adopted and referred to the Committee on Finance.

HB 231, relative to applications for school building aid. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Mary Gile for the Majority of Education. This bill as amended states that a school district which initiated and completed a locally funded school renovation project to remedy a safety condition identified by the state fire marshal on or before June 30, 2017, shall be eligible to include any corrected safety condition in a subsequent application for school building aid submitted by the school district after June 17, 2017. Projects approved must contribute to operational cost efficiencies, consolidation or reduced property tax, and must contribute to the improvement of educational services. Vote 13-7.

Rep. John Balcom for the Minority of Education. The minority felt this was a community expense and should be funded locally.

Majority Amendment (2509h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the criteria for evaluating school building aid applications.

Amend the bill by replacing all after the enacting clause with the following:

1 School Building Aid; Approval of Plans. Amend RSA 198:15-c, II(b)(8) to read as follows:

(8) A school district which initiated and completed a locally funded school renovation project to remedy a safety condition identified by the state fire marshal on or before June 30, 2017 shall be eligible to include any corrected safety condition in a subsequent application for school building aid submitted by the school district after June 30, 2017. This subparagraph shall not apply to a school district or a school that received state emergency funding or other state aid to remedy the safety condition on or before June 30, 2017.

- (9) The project contributes to operational cost efficiencies, consolidation, or reduced property taxes.
 - (10) The project contributes to improvement of educational services.
 - (11) Any other criteria that the state board of education may determine are necessary. 2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill adds new criteria for the evaluation of a school building aid application. Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. On a division vote, with 198 members having voted in the affirmative and 133 in the negative, the majority committee report was adopted and referred to the Committee on Finance.

HB 242, relative to the statewide improvement and assessment program. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Rick Ladd for Education. The amendment replaces the bill as introduced with the requirement that differentiated aid currently provided to school districts for pupils not proficient in reading on the statewide assessment be extended to also include those pupils not proficient in mathematics. New Hampshire has a higher percentage of partially or non proficient third grade students in mathematics than in reading. Statewide testing results from FY 14 identify 30% of third grade students partially or not proficient in mathematics, while 23% of third grade students are partially or not proficient in reading. Mathematics is a key content area in which elementary school students should experience success and have the proper foundation for middle school, high school, and later careers. Vote 17-3.

Amendment (2455h)

Amend the bill by replacing all after the enacting clause with the following:

- 1 Statewide Education Improvement and Assessment Program. Amend RSA 193-C:3, IV(i)-(j) to read as follows:
- (i) At the end of grade 3, to determine if pupils are [reading] at grade level in reading and mathematics on a standardized [reading] test to be developed by the department as part of a state-wide assessment [system] program.
 - 2 Effective Date. This act shall take effect July 1, 2017.

AMENDED ANALYSIS

This bill requires third grade pupils to demonstrate proficiency in the reading and mathematics components of the statewide assessment.

Committee amendment adopted.

Committee report adopted and referred to the Committee on Finance.

HB 253, relative to the requirements for filing a charter school application. **INEXPEDIENT TO LEGISLATE.**

Rep. Barbara Shaw for Education. The Department of Education determines the criteria and percentages for charter school applications. The applications are thoroughly examined and all criteria is weighed and analyzed with strong emphasis on mission statement and data to support that statement. Vote 14-6. Committee report adopted.

HB 301, allowing a parent to elect not to include their child in the unique pupil identification system or other information database maintained by the department of education. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Glenn Cordelli for the Majority of Education. This bill as amended creates a study committee to further examine the student unique pupil identifier and state department of education databases. Given concerns about transparency and use of personal information, further review is needed. In addition, the committee is to study local school database security and privacy policies. Although legislation has been passed in recent years, there are additional areas that need to be examined especially at the local school level. Vote 12-7.

Rep. Mary Heath for the Minority of Education. The minority believes the establishment of a study committee to study New Hampshire's statewide longitudinal data system is unnecessary. The design of the information collected is specified in state and federal laws and rules. The New Hampshire

House has spent long hours delineating what can and cannot be collected. Testimony from local, state and federal representatives over numerous years has provided volumes of input and suggestions. A dictionary of data and terms is an example of such testimony and is now available. The New Hampshire Department of Education clearly posts all aggregated data. For these reasons, the minority believes this bill is not needed.

Majority Amendment (2538h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study New Hampshire's statewide longitudinal data system and any other department of education maintained database that contains student level data.

Amend the bill by replacing all after the enacting clause with the following:

- 1 Committee Established. There is established a committee to study the layout and data elements contained in the statewide longitudinal data system and any other department of education maintained database that contains student level data.
 - 2 Membership and Compensation.
 - I. The members of the committee shall be as follows:
- (a) Three members of the house of representatives, appointed by the speaker of the house of representatives.
 - (b) One member of the senate, appointed by the president of the senate.
- II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.
 - 3 Duties.
 - I. The committee shall:
 - (a) Study the design and layout of each state maintained database that contains student level data.
- (b) Review the technical specifications that were given to contractors who designed and built each database regarding the data elements to be stored in each database.
- (c) Provide transparency by assembling a dictionary of data elements currently being collected and maintained in the statewide longitudinal data system and in any other department of education maintained database that contains student level data.
 - (d) Study the scope, use, and security of school district databases and privacy policies.
- II. The committee may solicit advice and testimony from any individual or organization with information or expertise relevant to the purpose of the committee's study.
- 4 Chairperson; Quorum. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Three members of the committee shall constitute a quorum.
- 5 Report. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the senate president, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 2016.
 - 6 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a committee to study New Hampshire's statewide longitudinal data system and any other department of education maintained database that contains student level data. Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Heath spoke against.

Rep. Cordelli spoke in favor.

On a division vote, with 184 members having voted in the affirmative and 137 in the negative, the majority committee report was adopted and referred to the Committee on Executive Departments and Administration.

HB 471, relative to the powers of the state board of education and the duties of school boards. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Glenn Cordelli for the Majority of Education. This bill as amended further defines the responsibilities of local school boards. Local school boards shall be responsible for curriculum and courses.

It further establishes that local boards are responsible for their education standards – as long as they believe the standards meet or surpass state standards. This addresses local concerns about Common Core being mandatory. In addition, if at any point statewide assessments are not given in each grade 3 through 8, the local board will be responsible for assessing students in those years. Vote 12-8. Rep. Mary Heath for the Minority of Education. The minority believes that the bill is simply what is currently the responsibility of a local school district and local school boards. There is no need to establish a new law for something that already exists in rules and statute. It is currently the role of the local school board to establish the structure, advocacy, and delivery of instruction, curricula, courses taught, the adoption of educational standards that meet or exceed state minimum standards, and the assessment thereof. For these reasons, the minority believes that this bill is unnecessary.

Majority Amendment (2433h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the duties of school boards.

Amend the bill by replacing all after the enacting clause with the following:

1 State Board of Education; Duty to Provide Education. Amend RSA 189:1-a, II to read as follows: II. In each school operated and governed in its district, the elected school [boards] board shall be responsible for establishing the structure, accountability, advocacy, and delivery of instruction, the curricula and courses taught, the adoption of educational standards that meet or exceed state minimum standards, and the methods for assessing pupil performance in grades 3-8 for the years in which a statewide assessment is not administered to ensure compliance with the requirements of RSA 193-C [in each school operated and governed in its district]. To accomplish this end, and to support flexibility in implementing diverse educational approaches, a school [boards] board shall establish, in each school operated and governed in its district, instructional policies that establish instructional goals based upon available information about the knowledge and skills pupils will need in the future.

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill amends the specific duties of school boards. Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Heath spoke against.

Rep. Cordelli spoke in favor.

On a division vote, with 177 members having voted in the affirmative and 131 in the negative, the majority committee report was adopted and ordered to third reading.

HB 527, establishing guidelines for school districts relative to the use of school resource officers. OUGHT TO PASS WITH AMENDMENT.

Rep. Ralph Boehm for Education. This bill states that school districts that have a school resource officer must have a memorandum of understanding (MOU) with their local police department. The amendment removes all requirements from what should be in the MOU. Different school districts and their towns have different requirements. This bill only notifies towns and school districts, for their own safety, that an MOU needs to be done. Vote 14-6.

Amendment (2381h)

Amend the title of the bill by replacing it with the following:

AN ACT requiring school districts employing school resource officers to adopt a written agreement. Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; State Board of Education; School Resource Officers. Amend RSA 186:11 by inserting after paragraph XXXVI the following new paragraph:

XXXVII. School Resource Officers. Require each school district in the state to which a school resource officer (SRO) is assigned to develop and implement a policy governing the use of a SRO. A school district policy shall include, at a minimum, a requirement for a signed memorandum of understanding between the school district and the law enforcement agency from which the SRO is deployed.

2 Effective Date. This act shall take effect January 1, 2017.

AMENDED ANALYSIS

This bill requires school districts employing a school resource officer to adopt a written agreement. Committee amendment adopted.

Committee report adopted and ordered to third reading.

HB 538-FN-L, relative to the implementation of new statewide education annual assessments. REFER FOR INTERIM STUDY.

Rep. Mel Myler for Education. The committee spent considerable time in reviewing the need to allow school districts ample time to transition to new educational standards and the attending student assessment process. There was confusion on the impact of a proper transition period and the need for additional study to fully conclude the transition period necessary that can support local school districts. The committee felt there was more time needed to study the issue of transition time. Vote 11-9. Committee report adopted.

HB 549-FN-A-L, allowing school building aid grants for certain authorized projects. OUGHT TO PASS WITH AMENDMENT.

Rep. Rick Ladd for Education. The continued moratorium on state funding for new school construction and renovation projects is having a negative impact on communities throughout New Hampshire. Well over 50% of New Hampshire's schools (476 buildings total) are over 50 years old. Some buildings have been closed due to declining enrollments, but a large number of school boards are questioning and dealing with the many issues plaguing older buildings that include: life/safety codes, technology requirements, instructional space for the sciences, security issues, special purpose areas for the arts and tutoring, media research centers, and more. There have been a number of projects during the moratorium cycle where communities undertook expensive renovation or new construction without the benefit of state school building aid (SBA) grants. In one year alone, construction bonds to local school districts cost \$176,252,000. These districts did not receive the average SBA contribution of 30% that pre moratorium communities had received. This bill proposes that school building aid be annually set at no less than \$50M. In addition, amending language reduces all percentages within the school building aid formula by 5%. The projected costs of estimated building aid projects for 14/15 approximated \$206.5 million. The state's share under current law would equal \$67.8 million. Including debt payment, and if \$50M is funded, the state would have approximately \$10M for new projects. Combined with a 5% formula reduction, funds may enable another smaller project. The absence of state funding for school building aid is serious and counter productive to maintaining quality education throughout New Hampshire. Vote 17-2.

Amendment (2514h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to school building aid grants.

Amend the bill by replacing all after the enacting clause with the following:

1 School Building Aid; Grant for School Construction. Amend RSA 198:15-a, IV to read as follows: IV. Beginning July 1, [2013] 2016, and every fiscal year thereafter, school building aid grants for construction or renovation projects approved by the department of education shall [not exceed] not be less than \$50,000,000 per fiscal year [less any debt service payments owed in the fiscal year, unless otherwise provided by an act of the general court]. In addition, each fiscal year, there is hereby appropriated to the department of education for the purpose of making school building aid grants pursuant to this chapter, an amount equal to the difference between \$50,000,000 and the state operating budget appropriation for building aid-education, account 06-56-56-561010-6019-77. The governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise appropriated. School building aid grants shall be funded from appropriations in the state operating budget and no state bonds shall be authorized or issued for the purpose of funding such school building aid grants.

2 School Building Aid; Amount of Grant. Amend RSA 198:15-b, I(a)(1) to read as follows:

(a)(1) For construction authorized by a school district on or before July 1, 2013, the amount of the annual grant to any school district duly organized, any city maintaining a school department within its corporate organization, any cooperative school district as defined in RSA 195:1, any receiving district operating an area school as defined in RSA 195-A:1, or any receiving district providing an education to pupils from one or more sending districts under a contract entered into

pursuant to RSA 194:21-a or RSA 194:22, shall be a sum equal to [30] 25 percent of the amount of the annual payment of principal on all outstanding borrowings of the school district, city, cooperative school district, joint maintenance agreement, or receiving district, heretofore or hereafter incurred, for the cost of construction or purchase of school buildings and school administrative unit facilities, or for the cost of acquiring, developing, or renovating any municipally-owned land, buildings, or facilities to be used for school district purposes, to the extent approved by the department of education, provided that any school district may receive an annual grant in the amount of [40] 35 percent for the construction of an educational administration building for a school administrative unit, and provided that the amount of the annual grant in the case of a cooperative school district, a joint maintenance agreement, a receiving district operating an area school, or any receiving district providing an education to pupils from one or more sending districts under a contract entered into pursuant to RSA 194:21-a or RSA 194:22, shall be [40] 35 percent plus 5 percent for each pre-existing district in excess of 2 and each sending district in excess of one, and provided further that no cooperative school district, joint maintenance agreement, or receiving district operating an area school, shall receive an annual grant in excess of [55] 50 percent.

3 School Building Aid; Amount of Grant. Amend RSA 198:15-b, I(a)(2)(C) to read as follows:

(C) The amount of the grant to any chartered public school established in accordance with RSA 194-B:3-a shall be [30] 25 percent of the eligible cost of construction.

4 School Building Aid; Alternative School Building Aid Grants. Amend RSA 198:15-v, II(b) to read as follows:

(b) For projects approved after July 1, 2013, the amount of the grant to any school district, city, cooperative school district, joint maintenance agreement, or receiving district shall be a sum equal to the percentage of all approved costs for construction or purchase of school buildings according to the following table:

Building Aid Factor Building Aid Grant

0-59	[60] 55 percent
60-69	[55] 50 percent
70-89	[45] 40 percent
90-114	[40] 35 percent
115 or greater	[30] 25 percent

5 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill requires a general fund appropriation equal to the difference between the statutory maximum school building aid grant amount of \$50,000,000 and the state operating budget appropriation for building aid. The bill also amends the percentage of approved project costs for which the state will reimburse a school district.

Committee amendment adopted.

Committee report adopted and referred to the Committee on Finance.

HB 611-FN, requiring legislative approval of all agreements, contracts, grants, or waivers involving the department of education or the state board of education. INEXPEDIENT TO LEGISLATE. Rep. Terry Wolf for Education. This bill calls for approval of agreements and contracts by the entire House and Senate. There are differing levels of oversight through the Finance committees, Joint Legislative Committee on Administrative Rules, and the Executive Council. The committee was concerned that grant money could be lost and the work by the Department of Education could be greatly hindered. Vote 14-5.

Committee report adopted.

HB 625-FN-A, relative to public charter schools. REFER FOR INTERIM STUDY.

Rep. John Balcom for Education. The Education Committee was in favor of charter schools, but the approval process is flawed and needs a potential change in the process. The bill needs additional work and input from school expertise which could prevent the past failures of approved charter schools. Vote 11-8.

Rep. Cordelli spoke against and yielded to questions.

On a division vote, with 185 members having voted in the affirmative and 135 in the negative, the committee report was adopted.

SB 157-FN, relative to encouraging high school students to take and pass a United States citizenship test. OUGHT TO PASS WITH AMENDMENT.

Rep. Barbara Shaw for Education. The bill as amended requires that a locally developed assessment based upon the nature, structure, function, and history of our government, to include the rights and responsibilities of citizens and noteworthy government and civic leaders, be administered as part of the high school history and government course. Students who attain a passing grade on this assessment as determined by the school shall be eligible to receive a certificate of recognition. To comply with this bill, a school may design or use any assessment to measure student competence of elements identified in the bill, including use of the United State Citizenship and Immigration Service Test. Due to the fact that this assessment is much like any other locally designed test given within the required high school course, there is no expense to the district and no oversight required by the Department of Education. This bill establishes a program that recognizes civic minded students who are ready to understand and participate in our system of government. Vote 14-5.

Amendment (2498h)

Amend the title of the bill by replacing it with the following:

AN ACT requiring high school students to pass a competency assessment of the United States and New Hampshire government and civics.

Amend the bill by replacing all after the enacting clause with the following:

1 School Boards; Instruction in National and State History and Government. Amend RSA 189:11 to read as follows:

189:11 Instruction in National and State History and Government.

I. In all public and private schools in the state there shall be given regular courses of instruction in the history, government and constitutions of the United States and New Hampshire, including the organization and operation of New Hampshire municipal, county and state government and of the federal government. Such instruction shall begin not later than the opening of the eighth grade and shall continue in high school as an identifiable component of a year's course in the history and government of the United States and New Hampshire.

II. As a component of instruction under paragraph I, a locally developed competency assessment of United States government and civics that includes, but is not limited to, the nature, purpose, structure, function, and history of the United States government, the rights and responsibilities of citizens, and noteworthy government and civic leaders, shall be administered to students as part of the high school course in history and government of the United States and New Hampshire. Students who attain a passing grade on the competency assessment shall be eligible for a certificate issued by the school district. The United States Citizenship and Immigration Services (USCIS) test may be used to satisfy the requirement of this paragraph.

2 Applicability. The provisions of this act shall only apply to students eligible to receive a high school diploma or high school equivalency certificate on or after January 1, 2017.

3 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill requires students in high school or equivalent to take and pass a government and civics competency assessment as a component of instruction in the history, government, and constitutions of the United States and New Hampshire.

Committee amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment.

Rep. Ladd spoke in favor.

Rep. Hoell requested a roll call; sufficiently seconded.

and the committee report was adopted and ordered to third reading.

HB 183, relative to voter registration forms. MAJORITY: OUGHT TO PASS, MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Rick Christie for the Majority of Election Law. This bill strikes the language on the voter registration form that requires the registrant to register a motor vehicle and apply for a driver's license within 60 days as per the Supreme Court decision. Vote 13-6.

Rep. Wayne Moynihan for the Minority of Election Law. On May 15, 2015, the NH Supreme Court ordered that it was a violation of the fundamental right to vote, as protected by the NH Constitution. to include the following words, among others, as a part of the Voter Registration Form issued by the Secretary of State's office: "In declaring New Hampshire as my domicile, I am subject to laws of the state of New Hampshire which apply to all residents..." See, Guare v. State of NH affirming order of Superior Court issued on 9/24/2012. In compliance with the court's order, the Secretary of State has removed all such language from the Voter Registration Form. Despite the court's clear ruling on the illegality of this language, with the adoption of this bill those very same words would be restored to RSA 654:7, and to the voter registration form. After retaining the bill last session, an Election Law subcommittee reviewed it in two meetings. The subcommittee had every reason to suspect that it would be illegal to restore these words to the form. At noon on October 20, 2015, the bipartisan subcommittee voted unanimously to recommend to the full committee that the bill be sent to interim study because additional and more definitive information needed to be researched and considered. One hour later, in the executive session of the committee, the bill was called. Without even hearing or considering the subcommittee report, a motion was made to recommend the bill as Ought to Pass. With little new information or discussion, a majority of the committee voted to recommend that the House adopt the bill. For the House to follow the mistaken recommendation of the committee majority would be unfair to NH voters, unwise with regard to known information and the law, apparently contemptuous of the Supreme Court's order, and reckless public policy.

The question being adoption of the majority committee report of Ought to Pass. Rep. Hoelzel offered floor amendment (3030h).

Floor Amendment (3030h)

Amend the bill by replacing section 1 with the following:

- 1 Voter Registration Form. Amend RSA 654:7, IV to read as follows:
- IV.(a) A standard registration application form shall be used throughout the state. The registration form shall be no larger than 8 1/2 inches by 11 inches.
- (b) The secretary of state shall prescribe the form of the voter registration form to be used for voter registrations other than those at the polling place on the date of a state general election, which shall be in substantially the following form:

In accordance with RSA 659:34, the penalty for knowingly or purposefully providing false information when registering to vote or voting is a class A misdemeanor with a maximum sentence of imprisonment not to exceed one year and a fine not to exceed \$2,000. Fraudulently registering to vote or voting is subject to a civil penalty not to exceed \$5,000.

Reps. Hoelzel and Moynihan spoke in favor.

On a division vote, with 280 members having voted in the affirmative and 44 in the negative, floor amendment (3030h) was adopted.

Majority committee report adopted and ordered to third reading.

REMOVED FROM THE CONSENT CALENDAR

SPECIAL ORDER

HB 405-FN, requiring the department of health and human services to license supervised visitation centers. **INEXPEDIENT TO LEGISLATE.**

Rep. Caroletta Alicea for Children and Family Law. Currently, the criteria to obtain licensing for supervised visitation centers have not yet been written and there is no designated entity to perform the licensing. The committee believes that funding, which is not available, would be necessary to institute licensing. Vote 16-0.

Rep. DeSimone spoke in favor and yielded to questions.

Rep. Oligny spoke against, yielded to questions and requested a roll call; not sufficiently seconded. On a division vote, with 228 members having voted in the affirmative and 91 in the negative, the committee report was adopted.

Rep. Peterson declared a conflict of interest and did not participate in the vote.

RESOLUTION

Rep. Hinch offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet, Thursday, January 7, 2016 at 10:00 a.m.

LATE SESSION

Third Reading and Final Passage

HB 114, establishing beer specialty licenses.

HB 356, establishing a commission to study cryptocurrency regulation.

SB 64, relative to payment for filling prescriptions and enforcement concerning prices for filling certain prescriptions.

HB 110, relative to placement of political advertising.

HB 659-FN-L, relative to eligibility for an absentee ballot.

HB 466, relative to farm tractor plates for certain specialized vehicles.

HB 377, establishing a state geographic information system committee.

SB 227, relative to calculating the cost of an adequate education.

SB 265-FN, establishing the achieving a better life experience (ABLE) savings account program.

HB 629-FN, relative to induced termination of pregnancy statistics.

SB 45, establishing a committee to study opioid use in workers' compensation cases.

HB 295, correcting a reference in the housing law to municipal agreements regarding the construction of parking facilities.

HB 351, exempting historically significant vehicles from emission control requirements.

HB 535-FN, relative to signs advising motorists approaching highway emergencies.

SB 144, relative to carry-over coverall bingo and shared carry-over coverall bingo.

HB 513, relative to complaint investigation procedures of the guardian ad litem board.

HB 197-FN, relative to sales and samples provided by wine manufacturers.

HB 601-FN, relative to cash dispensing machine requirements.

SB 110-FN, establishing the administrative supervision act.

HB 504, relative to online driver education.

HB 512, prohibiting confiscation of firearms, ammunition, or firearms accessories during a state of emergency.

HB 536, relative to payment for special education services for chartered public school students and relative to federal funds for chartered public schools.

HB 582-FN, repealing the license requirement for carrying a concealed pistol or revolver.

HB 605-FN, relative to mandatory minimum sentences.

HB 617-FN-A, requiring state police to wear a camera when interacting with the public.

HB 471, relative to the duties of school boards.

HB 527, requiring school districts employing school resource officers to adopt a written agreement. SB 157-FN, requiring high school students to pass a competency assessment of the United States and New Hampshire government and civics.

HB 183, relative to voter registration forms.

UNANIMOUS CONSENT

Rep. Welch requested Unanimous Consent of the House regarding New Hampshire having the oldest state constitution.

Rep. Welch addressed the House.

RECESS MOTION

Rep. Hinch moved that the House stand in recess for the purposes of the introduction of bills, receiving Senate messages, enrolled bill amendments and enrolled bill reports. Motion adopted.

The House recessed at 4:35 p.m.

RECESS

(Speaker Jasper in the Chair)

Rep. Hinch moved that the House adjourn. Motion adopted.

HOUSE JOURNAL NO. 2

Thursday, January 7, 2016

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by Guest Chaplain, Rabbi Robin Nafshi of Temple Beth Jacob in Concord. Our God, and the God of all people: God of the poor and God of the powerful; God of the rich and God of the wretched; God of hubris and God of humility; God of those who believe and God of those who are beleaguered; God of those who have no God: We come together this morning - in this place of privilege and power - to pray on behalf of those who have been chosen to lead our great State of New Hampshire. On this day of deliberation, may You open our eyes so that we might see the possibilities that lie in front of us. May we hear the cries of those who are in pain - who suffer from the inequities and inequalities that plague our cities and towns. And may we hear the exuberance of those who are inspired by hope and the promise of tomorrow. May this be a day of transformation. May you, our legislators, find ways to connect with one another - to build bridges of cooperation and collaboration that break down the barriers of political isolation and one-upmanship. May every disagreement that occurs in this room be for the sake of a common vision of a path to improve our State - to improve our communities - to improve this sacred chamber - to improve ourselves. May you treat one another with dignity and respect. May you heed God's call to avoid lashon hara - hateful speech - as God teaches that such speech damages the speaker, the hearer, and the person about whom the speaker speaks. God, You have given us the ability to learn and to grow. May we strive to accept the individual gifts that we all bring to our collective work. May we treasure the possibilities that emerge from our deliberations. And may the work that we do bring us one more step closer to the perfection of Your all too imperfect world. Help us to see Your presence wherever we gaze. Forgive us for our weaknesses. Push us to go beyond our limitations. God, help these men and women work together to do the vitally important work of shepherding our great state of New Hampshire toward a path of compassion and wholeness. Heal our divisions. And let us say: Amen.

Representative June Frazer, member from Concord, led the Pledge of Allegiance.

The National Anthem was sung by Brooke Mills, a student at Concord High School.

LEAVES OF ABSENCE

Reps. Ronald Belanger, Cynthia Chase, Donovan, Doucette, Emerson, Barbara French, Kellogg, Knowles, Major, Priestley, Chip Rice, Sanders, Stephen Schmidt, Seidel and Douglas Thomas, the day, illness.

Reps. Abramson, Bailey, Baroody, Barry, Bennett, Booras, Bouldin, Duane Brown, Rebecca Brown, Butler, Crawford, DiSilvestro, Fisher, Friel, Fromuth, Gardner, Goulette, Haefner, Hagan, Martha Hennessey, Higgins, Hill, Hirsch, Kenison, McBeath, Milz, Nigrello, William O'Brien, O'Connor, O'Hearne, O'Neil, Oligny, Packard, Piper, Russell, Sad, Marjorie Smith, Suzanne Smith, Timothy Smith, Southworth, Sterling, Stevens, Joe Sweeney, Tamburello, True, Verschueren and Zaricki, the day, important business.

Reps. Cohen and Ferrante, the day, illness in the family.

Rep. Jeudy, the day, death in the family.

INTRODUCTION OF GUESTS

Hannah Rowe, granddaughter of Rep. Rowe, and Isabel Cullen, students at Souhegan High School, Pages for the day.

Ernest Kastning, guest of Rep. Kuch. Alexander Roubian and Alan Rice, guests of Reps. Hoell and Burt. Stephanie Mills and Patricia Voisy, mother and grandmother of the singer, guests of the Concord Delegation. Andrew Rowe, son of Rep. Rowe. Sarah Jasper, daughter and guest of the Speaker.

SPECIAL GUEST PRESENTATION

The Honorable Jim Gilmore, former Governor of the Commonwealth of Virginia, and 2016 Presidential candidate, addressed the House.

REGULAR CALENDAR CONT'D FROM JANUARY 6, 2016

HB 372, relative to certain private employers under workers' compensation. MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. John O'Connor for the Majority of Environment and Agriculture. This bill solves a problem for small entrepreneurial farmers who find the need to use occasional or casual labor a few hours a week, perhaps on a weekend, to perform tasks such as overseeing a U-pick plot, harvesting remaining fruit, or picking up pumpkins. Currently, they are required to purchase yearly workers compensation insurance for such labor. This bill allows the farmer/owner to be exempted from this requirement, provided the farmer/owner has an aggregated payroll of less than \$10,000 per year and is covered by a liability insurance policy of not less than \$300,000 and medical payment coverage of not less than \$5,000. Vote 15-2.

Rep. Christy Bartlett for the Minority of Environment and Agriculture. This bill would allow Employers Liability (EL) in place of Workers' Compensation (WC) for small farmers. The issue is whether EL provides adequate coverage for an injured employee in a hazardous job, for which all agree that many farm operations include. EL requires that the injured employee prove negligence on the part of the employer, which could require the hiring of an attorney by the employee. The insurance carrier only represents the interests of the employer and has a limit of liability coverage, above which there would be no additional coverage. WC provides no-fault coverage for medical costs, loss of income, a survivor and death benefit, and re-training if necessary. The insurance carrier handles the claim with the injured employee from the time of notice. Farm operations have many tasks, some of which can be very hazardous and some employees could be quite young. Handling of large animals such as swine, horses, and cows are included in the classification. Operating farm machinery may also be done without a great deal of training for occasional employees. Even small farms have tractors and other equipment, and many small farms do not own new equipment with modern safety features. In addition, there are no monoline Employers Liability insurance carriers. Coverage would only be obtainable as part of a farmowner policy; which, again, is a very limited market in NH with few insurance companies writing this coverage. Many small farmers are unlikely to purchase a farmowners policy due to the increased cost. For little, if any, premium savings, this bill would not adequately protect an injured employee. The limits of an Employers Liability policy may also not protect the assets of the employer/farmer.

MOTION TO LAY ON THE TABLE

Rep. Hinch moved that **HB 372**, relative to certain private employers under workers' compensation, be laid on the table.

Motion adopted.

REGULAR CALENDAR CONT'D

HB 499, permitting New Hampshire farmers to sell certain farm raised animals directly to the public. **OUGHT TO PASS WITH AMENDMENT.**

Rep. George Saunderson for Environment and Agriculture. This bill as amended would enable farmers who raise bison, a species exempt from US Department of Agriculture (USDA) inspection requirements, to put the animal down at the farm, have it butchered at a federally inspected custom exempt facility, and then directly sell the meat to consumers at his or her farm, farm stand, farmers' markets, or to restaurants. Keeping in mind the importance of food safety, the committee thoroughly studied this issue and crafted an amendment that adequately protects the consumers of New Hampshire, while at the same time encouraging the production and accessibility of local food within the state. Vote 15-2.

Amendment (2473h)

Amend the title of the bill by replacing it with the following:

AN ACT permitting New Hampshire farmers to sell farm-raised bison directly to the public.

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Food Service Licensure; Exemption; Bison. Amend RSA 143-A:5 by inserting after paragraph VIII the following new paragraph:

IX. A farm owned or operated by any person, firm, or corporation that raises bison and sells bison for human consumption, and the direct sale within this state of the carcasses, parts, meat, and meat food products of such animals to the consumer from such farm, at the producer's farm stand, and by the producer at farmers' markets and licensed restaurants.

2 New Paragraph; Meat Inspection; Exemption; Bison. Amend RSA 427:16 by inserting after

paragraph IV the following new paragraph:

V. The slaughter of bison shall be exempt from the provisions of this subdivision requiring inspection of the slaughter of animals and preparation of the carcasses, parts thereof, meat and meat food products for sale within this state to the public. The slaughter of the bison shall be permitted only:

(a) When the owner of the bison designates a slaughter area on the farm premises.

(b) When the bison is slaughtered humanely under RSA 427:33 by the owner or the owner's full time or seasonal employee.

(c) From September 1 to April 30.

- (d) When no more than 12 hours passes from the time of slaughter to the placement of the carcass in a refrigerated facility.
- (e) When a veterinarian licensed under RSA 332-B conducts an ante-mortem inspection of each bison on the day of slaughter, witnesses the slaughter, conducts a post-mortem inspection of the carcass, and documents his or her inspection in a report on forms provided by the state veterinarian.

(f) When the veterinarian and owner shall make a report of the slaughter which contains the following:

(1) Name, address, phone number of animal owner.

(2) Identification number on animal (to assure same carcass arrives at butcher).

(3) Date, time, location of examination.

- (4) Statement that the examination was visual.
- (5) Live animal was examined both at rest and in motion.
- (6) Ante-mortem examination stating live animal is free from any observed abnormalities, including but not limited to:
- (A) No observed lameness, stiffness, abnormal body positions (e.g. tucked abdomen, arched back, extended neck or tail, etc).
 - (B) No abnormal discharges or odors.
 - (C) No blisters or vesicles observed.
- (D) No abnormal growths, swellings, enlargements, injuries, loss of hair or other skin lesions, infestations (e.g. maggots), labored breathing, diarrhea.
- (E) Animal did not appear abnormally nervous or restless, excessively anxious or upset, depressed, disinterested, blind.
 - (F) Animal did not stagger, circle, head press, salivate excessively, rub or scratch excessively.
 - (G) Both eyes present and normal.
- (7) Post-mortem examination stating carcass is free from any observed abnormalities, including:
 - (A) Mouth, tongue, eyes appear normal.
 - (B) Lymph nodes appear normal.
 - (C) No observed lumps, bumps, growths.
 - (D) No abnormal odors or discharges.
 - (E) No adhesions or ongoing infectious processes.
- (8) This statement: "A veterinarian licensed to practice in the state shall be held harmless from either criminal or civil liability for any decisions made for services rendered in good faith under the provisions of RSA 427:16, V. Such a veterinarian is, therefore, protected from a lawsuit for his or her part in any illness, product quality failure, or other concern resulting from the products of this animal." Liability for any illness or product quality failure shall rest solely and completely with the animal owner.
- (9) A certification by the animal owner that this animal is free from antibiotic, dewormer, and chemical residues, and that the label instructions were followed regarding the withdrawal of such substances.
 - (10) Signature blocks for both the veterinarian and the animal owner.
- (g) When such animal is transported to and processed at a facility that is eligible to conduct custom exempt activities as regulated by the United States department of agriculture pursuant to 21 U.S.C. section 23(a) and associated departmental regulations.
- (h) When the owner of the bison shall retain the original copy of the report made in subparagraph (f). A copy of such report shall accompany the bison carcass to the processing establishment. The processing establishment shall retain a copy of the report for one year. For purposes of this paragraph, a processing establishment includes professional meat cutters which are open year round.

(i) If bison meat is ground for sale, then it shall be tested by the processing establishment for Escherichia coli and Salmonella at the bison owner's expense.

3 New Subdivision; Meat from Bison; Labeling. Amend RSA 143-A by inserting after section

17 the following new subdivision:

Meat from Bison

143-A:18 Labeling; Meat from Bison. All packaging containing carcasses, parts, meat, and meat food products of bison exempt from the requirements of RSA 427 sold by a farm shall be clearly labeled to include a description of the product, the name, address, and telephone number of the farm where the product originates, and the date of slaughter.

143-A:19 Purchase of Uninspected Bison by Licensed Restaurants.

I. A licensed restaurant may purchase uninspected, processed, bison from bison producers exempt from the requirements of RSA 427. All packaging containing uninspected bison shall be clearly labeled to include, but not be limited to, the following information: the name and address of the farm where the product originates and the date of slaughter.

II. For at least 90 days from the date of each purchase, the licensed restaurant shall keep on file the receipt of purchase to include the product purchased, the date of purchase, the name of the

producer, the name and address of the farm, and phone number.

III. The licensed restaurant shall clearly label any menu item containing uninspected bison with the following statement: "This product has been raised and processed on a New Hampshire farm and is exempt from state and federal inspection."

4 New Subdivision; Meat from Bison; Labeling. Amend RSA 427 by inserting after section 59

the following new subdivision:

Meat from Bison

427:60 Labeling; Meat from Bison. All packaging containing carcasses, parts, meat, and meat food products of bison exempt from the requirements of RSA 427 sold by a farm shall be clearly labeled to include a description of the product, the name, address, and telephone number of the farm where the product originates, and the date of slaughter.

5 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill allows the sale of bison meat and meat food products to the public.

This bill also describes the inspection process for sellable bison meat.

Committee amendment adopted.

Committee report adopted and ordered to third reading.

MOTION TO SPECIAL ORDER

Rep. Andrew Christie moved that **HB 475**, prohibiting the state from engaging in acts of civil forfeiture, be made a Special Order immediately following action on **HB 636-FN**, relative to forfeiture of property, from the Committee on Judiciary.

REGULAR CALENDAR CONT'D

HB 488, relative to an abusive work environment and the health and safety of public employees. **INEXPEDIENT TO LEGISLATE.**

Rep. Peter Schmidt for Executive Departments and Administration. This bill establishes a commission to develop a policy for NH state agencies to prevent abusive work environments. Governor Hassan adopted a 'Respect in the Workplace Initiative' in May 2015 designed to ensure that disrespectful behavior is addressed immediately when it is detected. The sponsor and the committee agree that employee conduct is more appropriately addressed by internal policies rather than legislation. Therefore, all agree that this bill is not necessary. Vote 12-0. Committee report adopted.

HB 533, relative to arc-fault circuit-breaker protection in residential construction. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE. Rep. J.R. Hoell for the Majority of Executive Departments and Administration. The bill as amended

kep. J.R. Hoell for the Majority of Executive Departments and Administration. The bill as amended will allow an exception to the electrical code under certain circumstances. Arc fault circuit interrupter (AFCI) devices are designed to disable an electrical circuit that is experiencing electrical arcs. These sensitive devices frequently trip when no fault exists, leading to homeowner frustra-

tion or worse, the disabling of critical or life-safety equipment. Unlike ground fault interrupter (GFI) devices, AFCIs can trip when a motor turns on (refrigerator, vacuum, medical equipment, etc.). This bill will grant an exception to the building code in that it allows an electrician to replace an AFCI circuit breaker with a standard breaker when the homeowner is experiencing problems. Replacement can occur only after the integrity of the circuit has been confirmed and the possibility of faults have been eliminated. The bill does not remove the requirement for the installation of AFCI devices from the code, but allows their removal only when problems are being experienced. The bill requires code enforcement officials to be notified when an AFCI device has been removed. Vote 6-5.

Rep. Peter Schmidt for the Minority of Executive Departments and Administration. This bill deals with a very difficult and subtle issue: how to protect the general public while still allowing for an exception from code requirements in appropriate cases, when working with modern safety developments in electrical technology. The case in point involves the arc-fault circuit interrupter (AFCI), a relatively new electric circuit protection device currently required in new construction in NH. The ED&A Committee heard persuasive testimony relative to an elderly NH resident with severe respiratory problems requiring her to use an oxygen generator, i.e. a clear life-safety issue. Her oxygen device caused frequent nuisance tripping of the AFCI in her bedroom circuit, which resulted in onerous and unacceptable conditions for her to reset the AFCI and continue use of her oxygen generator. As introduced, this bill was unacceptably wide-ranging in the committee's view, but the matter required remediation, as well. An ED&A subcommittee met some 10 times with stakeholders from affected sectors. The minority recognizes the good work of all involved, but believes the issue is best left in the hands of the oversight boards of the relevant trades, which can act with much faster and more expert remedial steps.

Majority Amendment (2515h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to installation requirements for arc-fault circuit interrupters.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; New Hampshire Building Code; Installation of Arc-Fault Circuit Interrupters; Exception. Amend RSA 155-A by inserting after section 3-b the following new section:

- 155-A:3-c Installation of Arc-Fault Circuit Interrupters (AFCI); Exception. Notwithstanding any provision of the state building code or state fire code requiring the installation of arc-fault circuit interrupters, after repeated tripping of an AFCI device and determination the branch circuit is not causing the AFCI to trip, an AFCI device may be replaced with one without AFCI protection in accordance with this section.
- I. All receptacle outlets supplied by the branch circuit without AFCI protection shall be marked "No AFCI Protection."
 - II. Incident reports shall be filed by registered letter or email with a read receipt requested:
 - (a) By the property owner to all occupants as applicable; and
 - (b) By the electrician with the electricians' board if he or she is performing the replacement.
 - III. The time periods for the AFCI device replacement and incident reporting shall be as follows:
- (a) The device without AFCI protection shall be permitted to remain in place for the period of time it takes for the manufacturer to resolve the matter.
- (b) The incident report shall be postmarked within 5 working days or by email with an electronic read receipt request within 5 working days of replacing the AFCI device.
 - 2 Effective Date. This act shall take effect January 1, 2017.

AMENDED ANALYSIS

This bill permits an arc-fault circuit interrupter (AFCI) device to be replaced with a device without AFCI protection in certain circumstances.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Peter Schmidt spoke against.

Rep. Proulx spoke in favor and yielded to questions.

On a division vote, with 204 members having voted in the affirmative and 104 in the negative, the majority committee report was adopted and ordered to third reading.

HB 602-FN, relative to the use of drones. OUGHT TO PASS WITH AMENDMENT.

Rep. Mark Proulx for Executive Departments and Administration. Drones have a number of very reasonable and beneficial uses for the purposes of commerce, law enforcement and government. They are also becoming increasingly popular among hobbyists. In fact, it is estimated that 1 million drones will be sold during the holiday season this year. HB 602 as amended is the first step in codifying some basic drone regulation at the state level. The bill is designed to establish sensible standards for public and private drone users that balance the many social and economic benefits with the need to protect public and private property and individual privacy rights. Vote 12-0.

Amendment (2493h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Chapter; Drones. Amend RSA by inserting after chapter 644 the following new chapter:

CHAPTER 644-A DRONES

644-A:1 Definitions. In this chapter:

I. "Airspace" means the space above the ground in New Hampshire.

II. "Automated surveillance" means surveillance employing a mechanical or electronic device, computer or software, including but not limited to facial recognition technology, that functions continuously without continuous input from a human operator.

III. "Commercial purpose" means to exchange for money, goods or services or to exchange with the intention of directly or indirectly benefiting any business or other undertaking intended for profit.

IV. "Critical infrastructure" means a petroleum or chemical production, transportation, storage or processing facility; a chemical manufacturing facility; a pipeline and any appurtenance thereto; a wastewater treatment facility; a water treatment facility; a power generating station, plant or substation and any appurtenance thereto; any transmission line that is owned in whole or in part by a utility regulated under state law; a telecommunications central switching office; a flood control, hydroelectric power generation or water supply dam or reservoir; a county, city, or town jail or detention facility, police station or fire station; and any prison, facility, or institution under the control of the department of corrections. The term shall not include any facility or infrastructure of a utility that is located underground.

- V. "Drone" means a powered, aerial vehicle, excluding a geosynchronous satellite, that:
 - (a) Does not carry a human operator;
 - (b) Uses aerodynamic forces to provide vehicle lift;
 - (c) Can fly autonomously or be piloted remotely; and
 - (d) May be expendable or recoverable.

VI. "Government" means the federal government, the state government and any political subdivisions thereof, and state and municipal agencies and departments, including employees and agents.

VII. "Image" means a record, including a photograph, of thermal, infrared, ultraviolet, visible light, or other electromagnetic waves; sound waves; odors; or other physical phenomena which captures conditions existing on or about real property or an individual located on that property.

VIII. "Imaging device" means a mechanical, digital, or electronic viewing device; still camera; camcorder; motion picture camera; or any other instrument, equipment, or format capable of recording, storing, or transmitting an image.

IX. "Individual" means a living human being.

X. "Information" means any evidence, images, sounds, or data gathered by a drone.

XI. "Law enforcement agency" means a lawfully established state, county, or municipal agency that is responsible for the prevention and detection of crime, local government code enforcement, and the enforcement of the criminal laws.

XII. "Law enforcement officer" means a duly sworn employee of a law enforcement agency who is invested with the power of arrest or the detection of crime.

XIII. "Person" means individuals, partnerships, limited liability companies, corporations and any other organizations, including for-profit and not-for-profit entities, but excluding government.

XIV. "Surveillance" means the willful act of tracking or following, while photographing, taking images of, listening to, or making a recording of: (a) a recognizable individual or a group of individuals, including their movements, activities or communications, or (b) motor vehicles identifiable by their license plates. The term does not include such activities on real estate in which a person has a legal interest.

644-A:2 Government Use of Drones Limited; Exceptions.

I. Except as provided in paragraph II:

(a) No government shall use a drone, or obtain, receive, use, or retain information acquired by or through a drone, to engage in surveillance, to acquire evidence, or to enforce laws;

(b) No government shall use a drone equipped with an imaging device to record an image of an identifiable individual on privately-owned real property in violation of such individual's reasonable expectation of privacy without his or her consent. For purposes of this subparagraph, an individual is presumed to have a reasonable expectation of privacy on privately-owned real property if he or she (i) is within an enclosed structure or (ii) is not observable by individuals located at ground level in a public place where they have a legal right to be, regardless of whether he or she is observable from the air; and

(c) No government shall operate a drone at a height of less than 250 feet over privately-

owned real property unless it has the consent of its owner.

II.(a) Notwithstanding the provisions of paragraph I, a government may use a drone, or obtain, receive, use or retain information acquired by or through a drone, for law enforcement purposes under the following conditions only:

(1) If surveillance is undertaken, with the prior consent of the person who is the subject of surveillance and the owner or lessee of the property which is the subject of the surveillance.

- (2) If a government first obtains a search warrant signed by a judge and based on probable cause or the use of a drone is pursuant to a legally-recognized exception to the warrant requirement. A search warrant authorizing the use of a drone shall specify the period for which operation of the drone is authorized, which period shall not exceed 10 days unless subsequently renewed by a judge.
- (3) If a government possesses reasonable suspicion that, under particular circumstances, swift action is needed to prevent imminent harm to life or serious damage to property, or to forestall the imminent escape of a suspect, or the destruction of evidence, or to assist in locating missing, abducted or lost individuals, hunters or hikers, or to rescue persons in natural disasters, injured persons or persons in need of medical assistance.

(4) To counter a high risk of a terrorist attack or incident by a specific individual or organization which the United States Department of Homeland Security determines that credible

intelligence indicates that there is such a risk.

(5) To increase situational awareness in understanding the nature, scale, and scope of an incident which has occurred and for planning and coordinating an effective and legal response, provided the incident is limited geographically and in time.

(6) To support the tactical deployment of law enforcement personnel and equipment in

emergency situations.

(7) To document a specific crime scene, traffic crash scene or other major incident scene, such as a disaster caused by natural or human activity, provided such documentation is conducted in a geographically confined and time-limited manner.

(8) For purposes of training law enforcement officers or others in the proper, safe, and

legal use of drones.

- (b) A government which uses a drone, or obtains, receives, uses or retains information acquired by or through a drone, pursuant to paragraph II may do so only if (i) specifically authorized by the chief law enforcement officer of a law enforcement agency, or a supervisor designated by the chief law enforcement officer, (ii) is not operated in an unsafe manner and (iii) is not operated in violation of United States Federal Aviation Administration regulations.
- (c) The use of a drone by a government under subparagraphs II(a)(4) shall be limited to a period of 48 hours of its initial use after which a search warrant or other court order signed by a judge shall be required. The use of a drone by a government under subparagraphs II(a)(5)-(8) shall be limited to a period of 48 hours of its initial use after which reauthorization shall be required

(d) Within 5 business days of the initiation of the use of a drone under paragraph II(a), the government shall report in writing the use of a drone to the attorney general who shall annually

post such reports on the department of justice website in a searchable format.

III. Unless the fact of a violation is being disputed, information obtained by a government in violation of paragraphs I and II shall, within 12 hours after the discovery of the violation, be permanently and irretrievably destroyed, shall not be transferred to another government or person, shall not be admissible in any judicial or administrative proceeding and shall not be used to establish reasonable suspicion or probable cause to believe that an offense has been committed.

IV. Images of identifiable individuals obtained by a government pursuant to paragraphs I or II shall be blurred, deleted or otherwise de-identified as soon as practicable but in any case within 30 days after being obtained unless such images may be evidence in a criminal investigation.

V. No government shall own, use, or exercise control over a drone that is equipped with any

kind of lethal or non-lethal weapon.

VI. Notwithstanding paragraph V, a law enforcement agency may use a drone to disperse lachrymatory agents to quell a violent mass civil disorder or riot as defined in RSA 644:1 where:

(a) The purpose of the use of the chemical agent is to disperse the crowd and the use of other lesser forms of force have been exhausted, are unavailable, or would be clearly ineffective;

(b) The agency has obtained a court order authorizing its use or there is such an imminent or ongoing threat to life, serious bodily injury, arson, ongoing looting, or substantial damage to property that exigent circumstances require immediate action to prevent further serious harm that would be reasonably likely to occur in the time that it would take to obtain a court order;

(c) The crowd has ignored, failed, or refused to disperse after being given a lawful order to disperse or withdraw given immediately prior to the use of the chemical agent;

- (d) The wind speed and direction and other climatic conditions are such that it is likely the dispersion of the chemical agent will be confined to the immediate area of the riot or illegal gathering, time has been provided for the crowd to disperse, and the effect of chemical agent on uninvolved persons who might experience an abnormally adverse reaction to the agent is taken into consideration; and
- (e) The dispersal method used by a drone is restricted to powder or aerosol form and shall not include tear gas projectiles, canisters, or barricade piercing projectiles fired into rioters from the air.

VII. A government that owns, uses, or exercises control over a drone that causes injury to a person or a person's property shall be liable for such injury.

- VIII. A government that owns, uses, or exercises control over one or more drones shall annually on July 1 submit a written or electronic report to the attorney general containing information on the number of such drones, the number of times each such drone was used during the prior year and, in general terms, the purpose of each such use. The attorney general shall annually post such reports on the department of justice website in a searchable format.
 - 644-A:3 Non-government Use of Drones Limited; Exceptions.

I. No person shall use a drone to engage in automated surveillance.

II. No person shall use a drone to engage in surveillance for commercial purposes without the prior consent of each affected person and each owner or possessor of affecting buildings or structures or parts thereof. It shall not be a defense to a charge of violating this chapter that the buildings or structures were not marked with a no-trespassing sign or similar notice.

III. No person shall use a drone equipped with an imaging device to record an image of an identifiable individual on privately-owned real property in which the person does not have a legally-recognized interest in violation of such individual's reasonable expectation of privacy without his or her consent. For purposes of this subparagraph, an individual is presumed to have a reasonable expectation of privacy on privately-owned real property if he or she (i) is within an enclosed structure or (ii) is not observable by individuals located at ground level in a public place where they have a legal right to be, regardless of whether he or she is observable from the air.

IV. No person shall:

- (a) Operate a drone within a horizontal distance of 500 feet or a vertical distance of 400 feet from critical infrastructure without the written consent of the owner of the critical infrastructure;
- (b) Allow a drone to make contact with critical infrastructure facility, including any individual or object on the premises of or within the critical infrastructure; or

(c) Allow a drone to come within a distance of a critical infrastructure facility that is close enough to interfere with the operations of or cause a disturbance to the facility or its occupants.

V. No person shall own, use, or exercise control over a drone that is equipped with any kind of lethal or non-lethal weapon. This prohibition shall not apply to a person who is a federal government military contractor using or exercising control over a drone which is equipped with a non-lethal weapon and which is flying over real property in which the person has a legal interest.

VI. Any person that owns, uses, or exercises control over a drone in this state that causes injury to a person or a person's property shall be liable for the injury.

VII. No person shall use a drone to harass or stalk another person.

VIII. No person shall operate a drone at a height of less than 250 feet over privately-owned

real property unless the person has the consent of its owner.

644-A:4 Airport Prohibition. No government or person shall operate a drone within 5 miles of any airport in this state in a manner that does not comply with relevant federal law and Federal Aviation Administration regulations and guidelines in effect at the time.

644-A:5 Identification. Each owner of a drone shall identify the drone with the owner's name,

address and telephone number in permanent ink in a font size not less than 12 picas.

644-A:6 General Prohibition. Except as otherwise provided in this chapter, no government shall use an imaging device to record an image of an identifiable individual on privately-owned real property in violation of such individual's reasonable expectation of privacy without his or her consent, nor shall any person use an imaging device to record an image of an identifiable individual on privately-owned real property in which the person does not have a legally-recognized interest in violation of such individual's reasonable expectation of privacy without his or her consent. For purposes of this subparagraph, an individual is presumed to have a reasonable expectation of privacy on privately-owned real property if he or she (i) is within an enclosed structure or (ii) is not observable by individuals located at ground level in a public place where they have a legal right to be, regardless of whether he or she is observable from the air.

644-A:7 Federal Preemption. If federal law preempts any provision of this chapter, that provision

shall not apply.

644-A:8 Construction. This chapter shall be construed to provide the greatest possible protection of the privacy of the people of this state. Nothing in this chapter shall be construed to impose liability in connection with newsgathering activity.

644-A:9 Penalties.

I. A government employee or agent who violates RSA 644-A:2, other than the reporting requirements in 644-A:2, II(c) and 644-A:2, VIII, shall be guilty of a class A misdemeanor. A government employee or agent who violates the reporting requirements in RSA 644-A:2, II(c) or 644-A:2, VIII shall be guilty of a violation for a first offense and a misdemeanor for any subsequent offense.

II. A government which violates RSA 644-A:2 may be subject to a civil penalty of up to \$10,000

which shall be deposited in the general fund of the state.

III. A person who suffers damages or injury caused by a government's use of a drone pursuant to this chapter may bring a civil action to recover actual damages which shall be limited to medical expenses, treatment, and rehabilitation, property damage, permanent physical impairment, court costs, and reasonable attorney's fees from the government. No claim for pain and suffering, emotional distress, mental anguish, disfigurement, loss of enjoyment, loss of companionship, services, or consortium, or other non-pecuniary losses shall be compensable under this chapter. This paragraph shall not be construed as a waiver of the sovereign immunity of the state.

IV. A person who violates RSA 644-A:3, I-VII shall be guilty of a class A misdemeanor.

V. Any person who suffers injury caused by a drone operated in violation of this chapter shall be entitled to damages from the person who committed the violation of not less than \$1,000 and an award of reasonable attorney fees.

VI. In addition to any other remedies allowed by law, a person who willfully gains unauthorized control over a drone shall be liable to the owner of the drone in an amount of not less than \$1,000 and an award of reasonable attorney fees.

2 Effective Date. This act shall take effect July 1, 2016.

AMENDED ANALYSIS

This bill regulates the use of drones by government agencies and individuals. It establishes criminal penalties and civil remedies for violations of the law.

Committee amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment.

Rep. Hoell spoke against.

Rep. Kurk spoke in favor and yielded to questions.

Rep. Edwards requested a roll call; sufficiently seconded.

and the committee report was adopted and referred to the Committee on Criminal Justice and Public Safety.

SPECIAL ORDER

HB 240, prohibiting law enforcement agencies from using a drone to collect evidence. OUGHT TO PASS.

Rep. Arthur Barnes for Criminal Justice and Public Safety. This bill prohibits the use of drones to obtain evidence unless authorized in certain circumstances. The first exception is to counter a highrisk of a terrorist attack. The second exception is where a law enforcement agency first obtains a search warrant. The third exception is where a law enforcement agency has reasonable suspicion that swift action is needed to prevent imminent danger to life, serious danger to property, forestall the imminent escape of a suspect or destruction of evidence, or to facilitate the search for a missing person. Vote 15-2.

MOTION TO LAY ON THE TABLE

Rep. Tholl moved that **HB 240**, prohibiting law enforcement agencies from using a drone to collect evidence, be laid on the table.

Motion adopted.

REGULAR CALENDAR CONT'D

HB 661-FN, relative to record keeping for sold or transferred animals. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: OUGHT TO PASS WITH AMENDMENT.

Rep. Andrew Christie for the Majority of Executive Departments and Administration. This bill deals with reporting requirements for animal shelters and for animals transported into NH. As originally presented, the bill would have required very detailed records to be kept on each transferred animal. It met with a great deal of opposition as that level of detail was felt to be unnecessary and burdensome by those in the industry. Over the summer, a subcommittee worked on the bill and got agreement by all interested parties that NH would use a standard grid sheet for reporting as is used in many other states. The amendment adds this to the law and also places the responsibility for the custody and storage of reports submitted to the state with the Department of Agriculture, Markets and Food as part of the license renewal process. Vote 6-5.

Rep. J.R. Hoell for the Minority of Executive Departments and Administration. The committee amendment rewrites the bill in its entirety and now addresses animals going into and out of shelters. The second and third sections of the amendment also make clerical corrections to RSA 437:1 and 437:10. However, the committee amendment does not address the fact that the current law is so broad that a family which ends up with a pregnant animal, and subsequently a litter of dogs or cats, cannot sell them to good homes without breaking the law. The minority believes that if we are going to make changes to RSA 437, we should correct the overly broad definitions and write the statute so that it covers those in the business of raising and selling animals and does not prohibit the family who finds themselves with a pregnant animal, or who wants to breed their animal to have some additional pets.

Majority Amendment (2508h)

Amend the bill by replacing the title with the following:

AN ACT relative to record keeping for sold or transferred animals and making certain technical corrections to the law governing the sale or transfer of animals.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Record Keeping; Licensed Animal Shelters. Amend RSA 437 by inserting after section 8 the following new section:

437:8-a Record Keeping; Licensed Animal Shelters.

- I. Each licensee shall compile and keep on its premises a record of the total number of dogs and cats admitted, including animals in shelter and animals admitted but currently in foster care or at another offsite facility, in a reporting period specified with beginning and ending dates for the animal count. The total number shall be subdivided by dog and cat and further divided into the number of adults at time of intake and the number up to 5 months old at time of intake, with these numbers further divided into the following classifications:
- (a) The total number of live animals admitted, subdivided into the following categories: stray or at-large admitted through animal control or stated to be without an owner or free-roaming; relinquished or otherwise admitted by owner; owner-intended euthanasia, meaning the admission of an animal whose owner brought the animal to the shelter with the intent of requesting euthanasia; transferred from another shelter; transferred from out of state; large scale seizure support, or other purposes; and other intakes, including impounds for cruelty cases and protective custody, pets born while in care, and other types of admission not otherwise covered by these categories;
- (b) The subtotal of live outcomes for the animals, further subdivided into the following categories: final adoption, meaning permanently left the shelter's possession and not including animals placed in foster care or on overnight trial stays; stray or owner-relinquished animal returned to owner; transferred out of the shelter's possession to another entity; returned to field, meaning returning, after altering, to the stray capture location as free-roaming animals; and other live outcomes, such as barn cat programs;
- (c) The subtotal of other outcomes for the animals, further subdivided into the following categories: died in care while sheltered; lost in care, meaning the outcome is unknown, such as due to escape or to not being recorded and unknown; all euthanasia other than that performed as owner-intended euthanasia; and owner-intended euthanasia, meaning only those animals whose owners brought them to the shelter with the intent of using euthanasia services; and
 - (d) The total outcomes, combining the subtotals for live and other outcomes.
- II. For animals transported into New Hampshire for the purpose of sale or transfer, the following information shall be provided to the department of agriculture, markets, and food whether the originator source was a licensed animal shelter, or breeding facility:
- (a) The original source for each animal, to include state and city of origin, and name and license number of organization sending animal to New Hampshire.
- (b) The method of transport: the name and license number under RSA 437:3 of the person or organization which transported the animal to New Hampshire, and of the licensed organization that accepted the animal for further sale, adoption, or transfer.
- (c) For how long, and where, the animal was kept quarantined in New Hampshire prior to being offered for sale, adoption, or transfer, as required under RSA 437:10, V.
 - (d) If the animal was dead on arrival, the likely cause of death.
- III. Each licensee shall submit records, as described in this section, to the department of agriculture, markets, and food, annually as part of its license renewal application. The department shall store such records described in this section for a period of 3 years. The department shall make this information available to the public on its website, as soon as practicable upon receipt of such records.
 - 2 Technical Correction. Amend RSA 437:1 to read as follows:
- 437:1 License Required. No person, firm, corporation or other entity shall engage in the business of transferring with or without a fee or donation required, to the public, live animals or birds customarily used as household pets unless the premises on which they are housed, harbored or displayed for such purposes are duly licensed and inspected by the department of agriculture, markets, and food of the state of New Hampshire. This section shall also apply to commercial kennels and to any person, firm, corporation, or other entity engaged in the business of, including activity as a broker, transferring live animals or birds customarily used as household pets for transfer to the public, with or without a fee required, and whether or not a physical facility is owned by the licensee in New Hampshire when transfer to the final owner occurs within New Hampshire. These provisions shall not [effect] affect the provisions of RSA 437:7.

3 Technical Correction. Amend RSA 437:10, II to read as follows:

II. The original of the official health certificate accompanying the dog, cat, or ferret offered for transfer by a licensee shall be kept on the premises where dogs, cats, and ferrets are displayed, and made available for inspection upon request. The public will be informed of [their] its right to inspect the health certificate for each dog, cat, or ferret by a sign prominently displayed in the area where the dogs, cats, or ferrets are displayed. Upon transfer of the dog, cat, or ferret, this health certificate shall be updated by the licensee if any other medication or treatment has been given by a licensed veterinarian or the licensee to the dog, cat, or ferret and shall be given to the transferee in addition to any other documents which are customarily delivered to the transferee. The transferee may accept a dog, cat, or ferret that has a noncontagious illness that has caused it to fail its examination by a licensed veterinarian for an official health certificate under paragraph I; the transferee shall sign a waiver that indicates the transferee has knowledge of the dog, cat, or ferret's noncontagious medical condition and then submit such waiver to the licensee who shall send a copy to the state veterinarian.

4 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill requires licensed animal transferors to keep certain records and submit copies of such records to the department of agriculture, markets and food.

This bill also makes technical corrections to the statutes regarding animal transfers. Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. On a division vote, with 158 members having voted in the affirmative and 151 in the negative, the majority committee report was adopted and ordered to third reading.

SB 58, relative to the United States flag worn as a patch. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Mark Proulx for the Majority of Executive Departments and Administration. This bill prohibits the uniforms of all state and local law enforcement, fire and first responder personnel in New Hampshire from wearing a "reverse image" of the US flag on their uniforms. The "reverse image" flag patch was adopted by the US Army as a symbol of respect for the flag. The Army uniform guide requires a flag patch on the right shoulder sleeve of a uniform to be worn so that the star field faces forward giving "the effect of the flag flying in the breeze as the wearer moves forward." This is meant to ensure that the flag always appears to be advancing rather than retreating. Although the US Flag Code requires specific orientations for a flag in public display, it does not specify how it must be oriented when affixed to a military, fire, or police uniform. The committee is not aware of any analysis of the number of flag patches that would have to be replaced if this bill is adopted. Vote 8-3.

Rep. J.R. Hoell for the Minority of Executive Departments and Administration. The bill simply sets a standard for the wearing of flags by state and municipal personnel. The minority of the committee finds the use of a backward American flag on military uniforms to be contrary to, and in violation of the US Flag Code, Title 4, Subsections 7, 8 and 10. Under these sections, the display of the flags is meticulously outlined and never allows for the symbol of our country to be displayed backward anywhere. Furthermore, we believe that in 2005 the Secretary of the Army overstepped his authority in ordering the display of a backward flag to be affixed to the US Army uniform. While adding a true representation of the American flag to a military uniform is allowed under the Flag Code, a backward flag is not. Under US Constitution, article 10 (States Rights), NH has the authority to make laws that state employees wear the proper American Flag on their uniform. This complies with state law since we adopted the US Flag Code, sections 1-10 as the state Flag Code in 2011 (RSA 3-E). Lastly, the state has the authority to set basic guidelines for uniforms that are worn by state and municipal employees. This bill does not impact the private citizens of the state in any manner and therefore the argument that this bill violates First Amendment rights is unfounded. Majority committee report adopted.

HB 376-FN-A, appropriating funds to the department of environmental services for the purpose of funding eligible and completed drinking water, wastewater, and landfill closure projects under the state aid grant program. **INEXPEDIENT TO LEGISLATE.**

Rep. J. Tracy Emerick for Finance. This bill was intended to (a) replace funds for eligible and completed drinking water, wastewater and landfill closure projects under the state aid grant program that DES removed from their budget to meet the Governor's cuts in FY15 budget and (b) to provide funding for the 16/17 biennium. HB 1 included full funding for such projects for FY16 and FY17, plus a footnote was written on that line to prohibit the governor from raiding that line to pay for other programs, thus ensuring that towns would get their 2016 and 2017 allocation. The governor did not choose to budget replacement money for the FY15 cuts. However, those cuts did not eliminate funding; instead municipalities eligible for the grants remain on the list and are to receive the grants in the current FY16-FY17 budget period. When the governor cut the monies from FY15, it extended the life of the payments as opposed to reducing the amount owed. The committee recommends ITL for two reasons: it is unnecessary because the majority of the monies were budgeted in the passed version of HB 1, and if OTP it would require retroactive opening of the last budget to restore the monies cut from FY15. Because municipalities will eventually get all monies owed to them, the committee decided to support the governor's decision not to retroactively pay the FY15 monies. Vote 15-10.

Rep. Lynne Ober spoke in favor.

Rep. Buco spoke against and requested a roll call; sufficiently seconded.

UP 500 reposing the	prohibition on the use of silencing devices for taking wildlife MA IORITY

HB 500, repealing the prohibition on the use of silencing devices for taking wildlife. MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. James Spillane for the Majority of Fish and Game and Marine Resources. This bill brings New Hampshire in line with the hunting laws in a majority of the states, as 37 states currently allow the use of suppressors when hunting. Maine has just joined the ranks of those allowing use. This bill will allow hunters to prevent irreparable hearing damage and cut down on noise complaints. Vote 7-5. Rep. Jonathan Manley for the Minority of Fish and Game and Marine Resources. Many groups are against this bill including the Department of Fish and Game, NH Timberland Owners Association, NH Guides Association, and many landowners. Those who favor it claim it would help protect hearing, but there are other devices that can adequately serve this function.

The question being adoption of the majority committee report of Ought to Pass.

Rep. Manley spoke against and yielded to questions.

Rep. Burt spoke in favor and yielded to questions.

Rep. Notter requested a roll call; sufficiently seconded.

and the majority committee report was adopted and ordered to third reading.

HB 505, relative to baiting for game birds and game animals by persons with a disability. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Douglas Long for the Majority of Fish and Game and Marine Resources. It was determined after many subcommittee work sessions and much discussion that the wording of the bill is insufficient and unclear. Specifically, the existing definition within the Fish and Game laws of "person with a disability" would be given too broad a meaning. Vote 10-2.

Rep. James Spillane for the Minority of Fish and Game and Marine Resources. This bill attempts to close a loophole that discriminates against disabled people who are not in a wheelchair and do not have veteran status. An equal playing field in the baiting and hunting of deer for all disabled people is all the bill is seeking to accomplish.

Majority committee report adopted.

HB 518, relative to authority to establish fees for licenses issued by the fish and game department. INEXPEDIENT TO LEGISLATE.

Rep. James Spillane for Fish and Game and Marine Resources. This bill no longer has any purpose as its intended consequence, to authorize the Fish and Game Department to establish license and permit fees, has already been adopted into law through passage of HB 212 last session. Vote 7-5. Committee report adopted.

The House recessed at 11:50 a.m.

RECESS

The House reconvened at 1:00 p.m.

(Speaker Jasper in the Chair) SPECIAL GUEST PRESENTATION

Mrs. Carly Fiorina, 2016 Presidential candidate, addressed the House.

MOTION TO VACATE

Rep. Andrew Christie moved that the House vacate the reference of **HB 1474**, requiring the collection of data relative to firearm related deaths and injuries, to the Committee on Executive Departments and Administration.

Motion adopted.

The Speaker referred HB 1474 to the Committee on Criminal Justice and Public Safety.

MOTION TO VACATE

Rep. Rowe moved that the House vacate the reference of **HB 1261**, relative to multiple indictments in criminal prosecutions, **HB 1287**, repealing a provision of the harassment statute, and **HB 1448**, relative to contact between a plaintiff and defendant subject to a protective order, to the Committee on Judiciary.

Motion adopted.

The Speaker referred HB 1261, HB 1287 and HB 1448 to the Committee on Criminal Justice and Public Safety.

MOTION TO SPECIAL ORDER

Rep. Abrami moved that **HB 634-FN-A**, relative to applying the interest and dividends tax to trusts, increasing exemptions, and extending the tax to capital gains; and relative to homeowners property tax relief, be made a Special Order as the next order of business. Motion adopted.

SPECIAL ORDER

HB 634-FN-A, relative to applying the interest and dividends tax to trusts, increasing exemptions, and extending the tax to capital gains; and relative to homeowners property tax relief. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT. Rep. Bill Ohm for the Majority of Ways and Means. This bill creates a new tax on capital gains that applies to individuals. While individual exemptions are increased, the tax is expected to raise approximately \$90 million. New Hampshire has no income tax on wages, and the majority feels that

one effect of the bill is to extend an income tax on seniors, those who have built up a nest egg of stocks, bonds and CD's for retirement income. The committee did adopt an amendment that removed the application of the proposed tax to trusts but the majority is opposed to new taxes. Vote 12-7. Rep. Richard Ames for the Minority of Ways and Means. This bill modifies New Hampshire's existing tax on investment income. It does this by extending to capital gains the existing 5% tax on interest and dividends. With this modification, all forms of individual investment income, i.e., of income derived from the ownership of assets including interest, dividends and capital gains (e.g. stock trades), will be equally taxed. The bill also cuts taxes by increasing exemptions from the 5% tax: the individual exemption allowed in our current tax on investment income will go up from \$2,400 to \$5,000, the combined married couple exemption will go up from \$4,800 to \$10,000, and additional exemptions for the blind, disabled and elderly will go up from \$1,200 to \$2,500. The bill also includes provisions expanding the reach of the existing Low and Moderate Income Homeowners Property Tax Relief Program. With all of these changes, the fiscal note estimates New Hampshire will realize about \$90 million annually in net new revenue (after accounting for the increase in personal exemptions), collected primarily from relatively high income taxpayers. The capital gains loophole primarily benefits the wealthiest 1% of New Hampshire residents. These are taxpayers who already pay a federal capital gains tax, and by closing this loophole in New Hampshire, they can deduct the state tax off of their federal return and New Hampshire keeps more money in the state rather than sending it to the federal government. Because of the increased exemptions, because most current interest and dividends taxpayers do not receive substantial capital gains income, and because of the changes in the Low and Moderate Income Property Tax Relief Program, roughly 55,000 New Hampshire residents will pay less in taxes if the amended HB 634 becomes law. With the minority amendment, additional direct and indirect property taxpayer and local government tax and budget relief will come from the amended bill's allocation of \$75.2 million of the new revenue to enable the state to begin meeting its responsibilities under several core statutory state aid programs: local revenue sharing, catastrophic special education aid, school building aid, and local employer retirement cost sharing. The bill establishes a new capital gains reserve fund, using a rolling three-year historical average to constrain budgetary reliance on estimated capital gains revenue and establishing a prudential reserve fund system that will set aside excess amounts collected in unexpectedly high revenue years and make those amounts available to cover short-falls in unexpectedly bad revenue years. Responding to concerns expressed at public hearing, the minority amendment removes all provisions that would have extended the tax on interest, dividends and capital gains to irrevocable trusts.

The question being adoption of the majority committee report of Inexpedient to Legislate. Rep. Ames spoke against.

Rep. Ohm spoke in favor and requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

Reps. Introne and Estevez voted Nay and intended to vote Yea.

INTRODUCTION OF SPECIAL GUESTS

The Honorable Jose Oliva, Ray Rodrigues, Richard Corcoran, Carlos Trujillo, Joe Felix Diaz and Slayter Bayliss, State Representatives from Florida, guests of the House.

REGULAR CALENDAR CONT'D

CACR 5, relating to legal actions. Providing that taxpayers have standing to bring actions against the government. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS. Rep. Paul Berch for the Majority of Judiciary. CACR 5 proposes a major change as to who can take a matter to court, namely the standing to sue. It would allow any resident taxpayer to challenge any and all revenue bills passed, or intended to pass into law by our state, county and municipalities, whether or not the person suing is affected by the tax imposed. In common language, CACR 5

would change the requirement that the person bringing the suit "have skin in the game." In 2010 and 2014, the New Hampshire Supreme Court clarified that the State Constitution requires this concept of standing. CACR 5 seeks to amend the New Hampshire Constitution to allow a taxpayer to sue a governmental body for a declaratory judgment (a type of court action that challenges the validity of the law) without any claim of personal harm beyond his or her status as a taxpayer. This would allow a court to judge the legality of each and every revenue bill and even to impose injunctive relief and stop a revenue expenditure until the suit makes its way through the court system. The delay could be months or years. Members of the Judiciary Committee understood and were sympathetic regarding the issues involved in requiring traditional standing and looked at alternatives in considerable detail. Ultimately, the committee found that CACR 5 suffered from both conceptual and practical flaws. CACR 5 would allow the courts to take on an improper supervisory role over much of the activities of the co-equal branches of government and by changing the fundamental role of the Judicial Branch in our balanced system of government, CACR 5 would decrease the authority of the Legislative and Executive Branches, while greatly increasing the power of the Judicial Branch. The committee also found many practical problems with this proposed legislation - from definition of terms to lack of clarity of who is covered by the amendment; it would allow people who have no relation to an action to intervene or possibly appeal actions already settled by the parties; it could result in increases in costs to citizens and governmental bodies as well as delays in resolution of issues between citizens and their government; it could result in an increase in "drive-by" litigation, some potentially harassing or vindictive in nature. A significant increase in the caseload of the Judicial Branch could reasonably be expected. For the above reasons, the bipartisan majority of the committee cannot recommend passage of CACR 5. Vote 16-2.

Rep. Kurt Wuelper for the Minority of Judiciary. CACR 5 intends to restore the ability of citizens to have a court declare whether government actions are unlawful by giving them "standing" (even though the party taking action has not shown to be damaged) which the New Hampshire Supreme Court has denied them for the last several years. These "taxpayer suits" have been in our courts at least since 1863. The New Hampshire Supreme Court in 1952 ruled "it is plain that every taxpayer of a town has a vital interest in and a right to the preservation of an orderly and lawful government regardless of whether his purse is immediately touched," and again in 1974 ruled "it is well settled in this state that plaintiffs, as taxpayers, have standing to seek redress for the unlawful acts of their public officials." But, in 2010, that court restricted that "well settled" right to taxpayers whose "rights are impaired or prejudiced," excluding anyone who has not suffered a direct financial loss. To correct that misreading of RSA 491:22, in 2012, the General Court added language specifically restoring the right to sue if taxpayers were not personally injured. But, in 2014, the Supreme Court declared that restoration unconstitutional, prompting introduction of CACR 5. The minority believes that citizens should have the right to a "lawful and orderly" government and that access to the courts without being damaged should be a primary means of constraining government to lawful actions. In addition, any unlawful government action violates that right, so CACR 5 empowers taxpayers to sue over "conduct in violation of law, ordinance or constitutional provision," extending the "lawful and orderly" requirement to every level of government in New Hampshire. The majority fears the courts would be deluged with lawsuits under CACR 5 delaying the implementation of a law or municipal ordinance and giving the Judicial Branch excessive power over the other two branches, but the minority believes history has shown otherwise. CACR 5 continues the General Court's attempt to restore the right New Hampshire citizens had between 1863 and 2010 to sue for lawful government and provides important protection for all New Hampshire taxpayers.

MOTION TO LAY ON THE TABLE

Rep. Hinch moved that CACR 5, relating to legal actions. Providing that taxpayers have standing to bring actions against the government, be laid on the table. Motion adopted.

HB 636-FN, relative to forfeiture of property. MAJORITY: OUGHT TO PASS WITH AMEND-MENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Paul Berch for the Majority of Judiciary. Forfeiture, under federal and state law, is a legal tool that allows law enforcement to seize contraband and property on suspicion that it is involved in criminal activity and which seizure is subject to final approval by the courts. The purpose of this legislation is to modernize and clarify New Hampshire forfeiture laws. This bill does so in four ways.

First, unless the person is unavailable, such as due to death or incapacity, a criminal conviction or agreement of the parties is required for forfeiture to occur. Second, the burden of proof on the state is clarified to be "clear and convincing" evidence. Third, the rights of an innocent owner to return of property and the procedure to be used is set forth. Finally, disposition of forfeited property is to the Department of Administrative Services and forfeited currency is to the General Fund, after payment of liens and any court-ordered non-personnel expenses. The committee discussed at some length the question of whether forfeited funds should be kept in part by the local department which handled the police work as well as the Attorney General's Office or whether the fund should more properly be part of the state treasury. Although the sums are very small (\$50-60,000 overall and less than half of that to all local police departments combined), it was felt that it was important for the public to perceive and believe that the police solely act on the needs of law enforcement and not for purposes of their own revenue enhancement. By having any forfeited funds go to the General Fund, the question of conflict of interest is eliminated. Vote 14-5.

Rep. Timothy Horrigan for the Minority of Judiciary. Under existing law, the proceeds from civil forfeiture are placed in a Drug Forfeiture Fund, pursuant to RSA 318-b:17-c. The minority concluded that it would be unwise to eliminate this fund, which helps local agencies fight the opiod epidemic. Each of our communities has unique needs to combat drug addiction. The dedicated drug fund would allow the best use of the funds in meeting the needs specific community needs.

Majority Amendment (2507h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Property Subject to Forfeiture. Amend RSA 617 by inserting after section 1 the following new section:

617:1-a Criminal Forfeiture; Property Subject to Forfeiture.

- I. Subsequent to a criminal conviction pursuant to a statute that authorizes forfeiture, including but not limited to RSA 318-B:17-b, the court may order the person convicted to forfeit:
 - (a) Property the person derived from the commission of the crime;
 - (b) Property directly traceable to property derived from the commission of the crime; and
 - (c) Instrumentalities the person used in the commission of the crime.
- II. When a conviction or agreement of the parties is not possible due to the person's death, incompetence, unavailability, or not being within the jurisdiction of the court, or the person to be charged cannot be identified, forfeiture proceedings may be commenced.
- III. Property may be forfeited if the state establishes that the property is forfeitable by clear and convincing evidence.
- IV. Nothing in this section shall prevent property from being forfeited by plea agreement approved by the presiding criminal court or other agreement of the parties.
- V. At the request of any party, the civil portion of the forfeiture proceeding may be stayed by the court.
- 2 New Section; Forfeiture; Innocent Owner. Amend RSA 617 by inserting after section 4 the following new section:
- 617:4-a Innocent Owner. In addition to any other remedy provided by law, any person claiming to be an innocent owner of property seized for purposes of forfeiture may petition the court, after 10 days from the date of seizure, for return of the property. No item or property interest shall be subject to forfeiture unless the alleged innocent owner thereof was a consenting party to the crime. This provision shall not apply to property seized as evidence in a pending criminal investigation or prosecution.
- 3 New Section; Disposition of Unclaimed Property and Proceeds. Amend RSA 617 by inserting after section 10 the following new section:
 - 617:11 Disposition of Property and Proceeds.
- I. Notwithstanding any other provision of law, at any time when unclaimed property or contraband held for evidentiary purposes is no longer needed for that purpose, the court may order the state to deliver any unclaimed property, other than currency, to the commissioner of the department of administrative services, to deliver any currency to the state treasurer, and to destroy any contraband within 30 days.
- II. If the forfeiture is granted, the court may order the state to deliver any currency to the state treasurer and any other property to the commissioner of the department of administrative services within 30 days. The commissioner of the department of administrative services shall dispose of the forfeited property at public auction.

- III. Upon motion, the court may order that a portion of the currency seized or proceeds from public auction be used to pay reasonable non-personnel expenses of the seizure, storage, and maintenance of custody of any forfeited items.
- IV. The auction proceeds and forfeited currency shall be forwarded to the state treasurer and shall be used first to pay all outstanding recorded liens on the forfeited property, then to comply with an order of the court to pay reasonable non-personnel expenses, with all remaining funds to be deposited into the state's general fund.
- 4 Forfeiture of Items Used in Connection with Drug Offense. Amend RSA 318-B:17-b, II(e) to read as follows:
- (e) The department of justice shall, within 60 days of the seizure, [either] file a petition in the superior court having jurisdiction under this section for seek administrative forfeiture pursuant to RSA 318-B:17-d]. If no such petition is filed [or administrative procedure initiated] within 60 days, the items or property interest seized shall be released or returned to the owners.

5 Forfeiture of Items Used in Connection with Drug Offense; Reference to Drug Forfeiture Fund Removed. Amend RSA 318-B:17-b, II-a(e) to read as follows:

- (e) In the case of moneys, file a motion for transfer of evidence under RSA 595-A:6. Upon the court's granting of the motion the moneys shall be immediately forwarded to an interest-bearing seized asset escrow account to be administered by the attorney general. Upon resolution of the forfeiture proceeding the moneys deposited shall be transferred to the [drug forfeiture] general fund or returned to the owners thereof as directed by the court. Unless otherwise ordered by a court in a specific case, interest on all moneys deposited in the seized asset escrow account shall be deposited annually into the [drug forfeiture fund established under RSA 318-B:17-e] general fund.
 - 6 Disposition of Funds Obtained by the Attorney General. Amend RSA 7:6-e, III to read as follows:
- III. This section shall not apply to fines received by the attorney general in criminal cases, penalty assessment funds, [drug forfeiture funds as provided in RSA 318-B:17-b through RSA 318-B:17-d.] fines or civil penalties authorized by state law as a result of enforcement actions taken by state agencies or the attorney general, and money received on behalf of a victim or the state as restitution.

7 Repeal. The following are repealed:

- I. RSA 318-B:17-b, V, relative to the distribution of proceeds from items forfeited from drug offenses.
 - II. RSA 318-B:17-c, establishing the drug forfeiture fund.
- III. RSA 318-B:17-d, relative to administrative forfeiture of items used in connection with drug offenses.
 - IV. RSA 6:12, I(b)(19), relative to the drug forfeiture fund.
 - 8 Effective Date. This act shall take effect January 1, 2017.

AMENDED ANALYSIS

This bill limits forfeiture to cases in which the state has found by clear and convincing evidence that the property was derived from, or used in, the commission of a crime. The bill also requires the state to deposit proceeds from forfeited property in the general fund. Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Horrigan offered floor amendment (3050h).

Floor Amendment (3050h)

Amend RSA 617:11, IV as inserted by section 3 of the bill by replacing it with the following:

IV. The auction proceeds and forfeited currency shall be forwarded to the state treasurer and shall be used first to pay all outstanding recorded liens on the forfeited property, then to comply with an order of the court to pay reasonable non-personnel expenses, with all remaining funds to be deposited into the drug forfeiture fund established in RSA 318-B:17-c. Amend the bill by replacing all after section 4 with the following:

5 Effective Date. This act shall take effect January 1, 2017.

AMENDED ANALYSIS

This bill limits forfeiture to cases in which the state has obtained a conviction and found by clear and convincing evidence that the property was derived from, or used in, the commission of a crime.

Rep. Horrigan spoke in favor.

Rep. Sylvia spoke against.

Rep. Dan McGuire spoke against and yielded to questions.

On a division vote, with 153 members having voted in the affirmative and 156 in the negative, floor amendment (3050h) failed.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Majority committee report adopted and referred to the Committee on Finance.

SPECIAL ORDER

HB 475, prohibiting the state from engaging in acts of civil forfeiture. OUGHT TO PASS WITH AMENDMENT.

Rep. J.R. Hoell for Executive Departments and Administration. Civil forfeiture allows police to seize — and then keep or sell — any property they allege is involved in a crime. Owners need not ever be arrested or convicted of a crime for their cash, cars, or even real estate to be taken away permanently by the government. The intent of the civil forfeiture laws was to cripple large-scale criminal enterprises by diverting their resources and ensuring that criminals do not profit from their crimes. Unfortunately, this authority has been abused and has left citizens with legal costs to recover their property when they have done nothing wrong. The initial language of the bill required all public servants who engage in the act of civil forfeiture to be punished and lose their jobs. The committee thought the drafting was overly broad and unenforceable. Furthermore, last spring the ED&A Committee retained the bill with the impression that the other civil asset forfeiture bill filed in 2015 (HB 636) would be going forward. Unfortunately, both HB 475 and HB 636 were retained and nothing was accomplished this past year to correct the issues that we heard about in committee. A subcommittee was formed to investigate the issues associated with civil forfeiture and requests were made of the Attorney General to document what guidelines were being used within the state. The Attorney General's office did not provide this information to the subcommittee. After further work over the summer and fall, the House Judiciary Committee has given a positive report to HB 636. To ensure that the issue of civil asset forfeiture is properly addressed and that some changes to the statutes are made, the committee decided to recommend amending the bill to create a legislative study committee. The committee thought it wise to keep the bill alive in case HB 636 stalled for any reason. Vote 11-0.

Amendment (2517h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study civil forfeiture.

Amend the bill by replacing all after the enacting clause with the following:

- 1 Committee Established. There is established a committee to study civil forfeiture.
- 2 Membership and Compensation.
 - I. The members of the committee shall be as follows:
- (a) Three members of the house of representatives, appointed by the speaker of the house of representatives.
 - (b) Three members of the senate, appointed by the president of the senate.
- II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.
- 3 Duties. The committee shall study the civil forfeiture statutes in New Hampshire and evaluate the impact on the citizens of our state.
- 4 Chairperson; Quorum. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Four members of the committee shall constitute a quorum.
- 5 Report. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the president of the senate, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 2016.
 - 6 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a committee to study civil forfeiture in New Hampshire.

MOTION TO LAY ON THE TABLE

Rep. Andrew Christie moved that **HB 475**, prohibiting the state from engaging in acts of civil forfeiture, be laid on the table.

Motion adopted.

REGULAR CALENDAR CONT'D

SB 203-FN, relative to review of eligibility for workers' compensation. OUGHT TO PASS WITH AMENDMENT.

Rep. Tammy Simmons for Labor, Industrial and Rehabilitative Services. The goal of the original bill and the impact it would have on a small number of injured workers with very unique situations was understood by the Labor Committee. However, it was felt that the bill would have had too broad of a negative impact on the ability of insurance carriers to close indemnity claims after 4 years and instead carriers would have to continually re-open cases. After hearing extensive testimony, the bipartisan committee amendment changes the bill to prospectively address cases where medical treatment is purposely postponed for the medical benefit of the injured worker and allows the injured worker to appeal claims for indemnity. A floor amendment will be offered to address the effective date. Vote 14-0.

Amendment (2543h)

Amend the bill by replacing section 1 with the following:

1 New Paragraph; Workers' Compensation; Review of Eligibility for Compensation. Amend RSA 281-A:48 by inserting after paragraph I the following new paragraph:

I-a. Any party at interest with regard to an injury occurring after January 1, 2016, where medical treatment for that injury is purposefully and intentionally postponed for medical reasons beyond the fourth anniversary of the date of denial or the last payment of compensation, may petition the commissioner to review such denial or award of compensation made pursuant to RSA 281-A:40 by filing a petition with the commissioner no later than 180 days after the date of the postponed treatment. A written acknowledgment by the employee and notification to the workers' compensation carrier shall be included in the worker's medical record including the medical reason for postponing the medical procedure. Any award or denial of indemnity payments made under this paragraph shall not extend the time frame under paragraph I.

AMENDED ANALYSIS

This bill allows an injured worker whose treatment is purposely postponed for medical treatment beyond the fourth anniversary of the date of denial or last payment of compensation to petition the commissioner of labor, within a certain time frame, to review such denial or award of compensation. Committee amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment. Rep. Infantine offered floor amendment (2570h).

Amendment (2570h)

Amend the bill by replacing section 2 with the following:

2 Effective Date. This act shall take effect 90 days after its passage.

Rep. Infantine spoke in favor.

Floor amendment (2570h) adopted.

Committee report adopted and ordered to third reading.

SB 238-FN, relative to the workers' compensation appeals board. OUGHT TO PASS.

Rep. Leonard Turcotte for Labor, Industrial and Rehabilitative Services. Both the House (HB 521) and Senate introduced nearly identical versions of this bill. After much internal discussion and minor amendments by both the House and Senate we believe the Senate version of the bill is appropriate. Vote 14-0.

Rep. Infantine spoke in favor.

Committee report adopted and referred to the Committee on Finance.

SB 136, establishing a committee to review constitutional amendments pending in Congress regarding the Citizens United decision and related cases that have been introduced in the United States Supreme Court. MAJORITY: REFER FOR INTERIM STUDY. MINORITY: OUGHT TO PASS.

Rep. Richard Hinch for the Majority of Legislative Administration. This bill establishes a legislative committee to review the impact of the Citizens United decision and constitutional amendments relating to this decision that are currently pending in Congress. As written, the committee is required to file a report on November 1, 2015, which is just over two weeks after the date of the executive session. The majority of the committee believed that by sending this bill to Interim Study, the issue of whether a study committee remains necessary can and will be debated, and recommendations for future legislation can be filed based on those findings, if necessary. Vote 7-3.

Rep. Lucy Weber for the Minority of Legislative Administration. SB 136, in its current form, simply establishes a four member, bipartisan committee to review all constitutional amendments pending in Congress on the subject of the Citizens United decision. The review committee would then communicate its recommendations, if any, for further action to both the NH legislature and the NH congressional delegation. Members of the minority are of the opinion that further study of the language of the bill, as opposed to the study of the actual issue, is unnecessary, unproductive and a waste of time and resources. It is clear that NH citizens want the issue of campaign financing to be addressed, preferably sooner rather than later. Putting any action off for another election cycle simply fails to address the problem. The floor amendment simply extends the time for the committee to report, adding an interim report by June 1, 2016 and a final report by November 1, 2016.

The question being adoption of the majority committee report of Refer for Interim Study.

Reps. Weber and Elliott spoke against.

Rep. Hinch spoke in favor.

Rep. Ford requested a roll call; sufficiently seconded.

and the motion failed.

Ward, Gerald

Rep. Weber moved the minority committee report of Ought to Pass and offered floor amendment (2477h).

Floor Amendment (2477h)

Amend the bill by replacing section 5 with the following:

5 Report. The committee shall submit an initial report of its findings and any recommendations for proposed legislation or resolution on or before June 1, 2016 and a final report of its findings and any recommendations for proposed legislation or resolution on or before November 1, 2016 to the New Hampshire congressional delegation, the president of the senate, the speaker of the house of representatives, the senate clerk, the house clerk, the governor, and the state library. Rep. Weber spoke in favor.

On a division vote, with 178 members having voted in the affirmative and 130 in the negative, floor amendment (2477h) was adopted.

The question now being adoption of the minority committee report of Ought to Pass with Amendment. Rep. Shurtleff requested a roll call; sufficiently seconded.

(Rep. Chandler in the Chair) MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. Carol McGuire moved that the House reconsider it action whereby, on a roll call vote of 166-137, the House adopted the motion of Inexpedient to Legislate on SB 136, establishing a committee to review constitutional amendments pending in Congress regarding the Citizens United decision and related cases that have been introduced in the United States Supreme Court.

Rep. Kappler requested a roll call; not sufficiently seconded. Motion failed.

REGULAR CALENDAR CONT'D

HB 226, allowing municipalities to borrow from any fund controlled by such municipality under certain conditions. INEXPEDIENT TO LEGISLATE.

Rep. James Coffey for Municipal and County Government. This bill would allow a municipality to borrow from existing funds that have been set aside for particular purposes for future expenditures. While using funds which have been set aside and are not currently in use is like borrowing from one's own savings account sounds like a great idea, looking deeper into it brought out some unintended pitfalls. Despite a constructive attempt to alter the original bill with an amendment, a bi-partisan majority of the Municipal and County Government Committee believes that potential problems still exist. The bill allows the governing body of a municipality to borrow beyond its current fiscal year with a 2/3 vote of the legislative body. This means that for a town it could only be accomplished at an annual meeting and would resemble a self-funded bond issue. It would also require a higher percentage to pass in SB 2 municipalities which normally require a sixty percent vote. The idea of reducing municipal costs by safe use of a temporary surplus in another fund should be explored further, but this bill could create more problems than it resolves. Vote 10-3. Committee report adopted.

HB 430, relative to extending the veterans' property tax credit to all honorably discharged veterans. OUGHT TO PASS.

Rep. Francis Chase for Municipal and County Government. This bill was one of three that concerned veterans' issues and was considered, by the committee, to be the most deserving. Municipalities vote to set the maximum amount of a tax credit given to eligible veterans between \$50 and \$500. There is a gap in the eligibility period at the end of the Korean War and the beginning of the Viet Nam conflict where veterans who served, regardless of where, are not eligible. This causes a veteran who may have served in a combat area to be denied the credit while a veteran serving in the States during another period is eligible. The current statute does not address where one served as much as when. Some veterans were getting the credit but lost it when some municipalities realized there was a gap in the eligibility period. This bill removes that gap and treats all veterans serving during the entire period the same without discrimination. The subject of making this enabling was not considered seriously by the committee as it would have created different classes of veterans between municipalities. Vote 13-0. Committee report adopted and ordered to third reading.

SB 146, relative to accessory dwelling units. OUGHT TO PASS WITH AMENDMENT.

Rep. James Belanger for Municipal and County Government. Senate Bill 146, a bill relative to accessory dwelling units, is much improved since its inception. A bipartisan subcommittee received substantive input from planning and zoning experts, municipal officials, and private industry representatives as well as several governing bodies. The resulting bill responds to overwhelming consumer demand for housing diversity and affordability, while at the same time, minimizing the potential for unintended consequences with careful wording. The bill allows accessory dwelling units to be established in the predominantly residential areas of all New Hampshire communities. This will help serve the needs of our state's aging and disabled populations, and will help address the desire of our younger residents to remain here to live and work by providing more affordable housing options. The bill includes several carefully drafted safeguards that ensure important municipal controls. Such controls include the ability to adopt conditional use or special exception requirements, the ability to require the "look and feel" of single family homes, incorporation of the accessory dwelling unit into the primary dwelling, and sizing and setback regulations that address well-grounded concerns about overburdening and unreasonable impacts upon neighbors and residential neighborhoods. The legislation also clarifies that municipalities may allow detached accessory dwelling units, but they are not required to do so. Finally, the bill allows municipalities to count qualifying accessory dwelling units toward their required fair share under the state's workforce housing law. The amended bill is an effective compromise that addresses almost every concern that was raised before the committee, and it contains numerous safeguards that will protect municipal interests while also helping to meet the needs of our changing population and allowing all homeowners fuller use of their property. Vote 11-2.

Amendment (2424h)

Amend the bill by replacing section 2 with the following:

2 New Subdivision; Accessory Dwelling Units. Amend RSA 674 by inserting after section 70 the following new subdivision:

Accessory Dwelling Units

674:71 Definition. As used in this subdivision, "accessory dwelling unit" means a residential living unit that is within or attached to a single-family dwelling, and that provides independent living facilities for one or more persons, including provisions for sleeping, eating, cooking, and sanitation on the same parcel of land as the principal dwelling unit it accompanies.

674:72 Accessory Dwelling Units.

- I. A municipality that adopts a zoning ordinance pursuant to the authority granted in this chapter shall allow accessory dwelling units as a matter of right or by either conditional use permit pursuant to RSA 674:21 or by special exception, in all zoning districts that permit single-family dwellings. One accessory dwelling unit shall be allowed without additional requirements for lot size, frontage, space limitations, or other controls beyond what would be required for a single-family dwelling without an accessory dwelling unit. The municipality is not required to allow more than one accessory dwelling unit for any single-family dwelling.
- II. If a zoning ordinance contains no provisions pertaining to accessory dwelling units, then one accessory dwelling unit shall be deemed a permitted accessory use, as a matter of right, to any single-family dwelling in the municipality, and no municipal permits or conditions shall be required other than a building permit, if necessary.

III. An interior door shall be provided between the principal dwelling unit and the accessory dwelling unit, but a municipality shall not require that it remain unlocked.

IV. Any municipal regulation applicable to single-family dwellings shall also apply to the combination of a principal dwelling unit and an accessory dwelling unit including, but not limited to lot coverage standards and standards for maximum occupancy per bedroom consistent with policy adopted by the United States Department of Housing and Urban Development. A municipality may require adequate parking to accommodate an accessory dwelling unit.

V. The applicant for a permit to construct an accessory dwelling unit shall make adequate provisions for water supply and sewage disposal for the accessory dwelling unit in accordance with RSA 485-A:38,

but separate systems shall not be required for the principal and accessory dwelling units.

VI. A municipality may require owner occupancy of one of the dwelling units, but it shall not specify which unit the owner must occupy. A municipality may require that the owner demonstrate that one of the units is his or her principal place of residence, and the municipality may establish reasonable regulations to enforce such a requirement.

VII. A municipality may establish standards for accessory dwelling units for the purpose of maintaining the aesthetic continuity with the principal dwelling unit as a single-family dwelling. A municipality may also establish minimum and maximum sizes for an accessory dwelling unit, provided that size may not be restricted to less than 750 square feet.

VIII. A municipality may not require a familial relationship between the occupants of an accessory dwelling unit and the occupants of a principal dwelling unit.

IX. A municipality may not limit an accessory dwelling unit to only one bedroom.

X. An accessory dwelling unit may be deemed a unit of workforce housing for purposes of satisfying the municipality's obligation under RSA 674:59 if the unit meets the criteria in RSA 674:58, IV for rental units.

674:73 Detached Accessory Dwelling Units. A municipality is not required to but may permit detached accessory dwelling units. Detached accessory dwelling units shall comply with the requirements of, and any municipal ordinances or regulations adopted pursuant to, RSA 674:72, IV through IX. If a municipality allows detached accessory dwelling units, it may require an increased lot size. Amend the bill by replacing section 5 with the following:

5 Effective Date. This act shall take effect June 1, 2017.

Committee amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment. Rep. Beaulieu offered floor amendment (3060h).

Floor Amendment (3060h)

Amend RSA 674:72, VI-VIII as inserted by section 2 of the bill by replacing them with the following:

VI. A municipality shall require owner occupancy of one of the dwelling units, but it shall not specify which unit the owner must occupy. A municipality may require that the owner demonstrate that one of the units is his or her principal place of residence, and the municipality may establish reasonable regulations to enforce such a requirement.

VII. A municipality shall establish standards for accessory dwelling units for the purpose of maintaining the aesthetic continuity with the principal dwelling unit as a single-family dwelling. A municipality may also establish minimum and maximum sizes for an accessory dwelling unit, provided that size may not be restricted to less than 750 square feet.

VIII. A municipality shall require a familial relationship between the occupants of an accessory dwelling unit and the occupants of a principal dwelling unit.

Amend RSA 674:72 as inserted by section 2 of the bill by deleting paragraph X.

Amend section 2 of the bill by deleting RSA 674:73.

Rep. Beaulieu spoke in favor and yielded to questions.

(Speaker Jasper in the Chair)

Rep. Beaulieu withdrew floor amendment (3060h).

The question now being adoption of the committee report of Ought to Pass with Amendment.

Rep. Barbara Griffin spoke against and yielded to questions.

Rep. Beaudoin spoke against.

Rep. Porter spoke in favor and yielded to questions.

Rep. Almy requested a roll call; sufficiently seconded.

Laware, Thomas Rollins, Skip

and the committee report was adopted and ordered to third reading.

HB 297, protecting individual customer data from disclosure by a public utility. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT. Rep. Glen Aldrich for the Majority of Science, Technology and Energy. The purpose of this bill is to protect a utility customer's personal data and to streamline the exchange of customer complaint data between the PUC and the office of consumer advocate, No evidence surfaced that utility customer data was in any way at risk. In fact all utilities stated they took great pains to protect this data. It seems this bill was a solution looking for a problem. The PUC said that it already has the authority to share customer complaint data with the consumer advocate making this bill unnecessary. Vote 12-8. Rep. David Borden for the Minority of Science, Technology and Energy. Although the NH executive branch is one of the least expensive in the nation on a per capita basis, there are processes which are overly bureaucratic and wasteful. The minority feels that it is the role of the legislature to streamline processes thus lowering the cost of government. The Public Utilities Commission requested this bill as a way to improve the flow and usefulness of customer information while also protecting privacy rights.

MOTION TO LAY ON THE TABLE

Rep. Introne moved that **HB 297**, protecting individual customer data from disclosure by a public utility, be laid on the table.

Motion adopted.

REGULAR CALENDAR CONT'D

HB 334, relative to the sale of personally identifiable information by Internet service providers. OUGHT TO PASS WITH AMENDMENT.

Rep. Robert Backus for Science, Technology and Energy. This bill, as amended, establishes a committee to study ways of requiring internet service providers to keep the personal information of customers confidential. It would establish a committee of 5 members, 3 members of the House and 2 members of the Senate. The study committee is to issue its report by November 1, 2016. As originally presented, the bill would have defined personally identifiable information, internet service provider, and require a customer to "opt in," rather than "opt out," before personally identifying information could be shared. While the committee generally shared the sponsor's concern about securing the privacy of personally identifiable information from unwanted disclosure to third parties, it became clear that this was a subject that required more time and expertise than was readily available to the committee or the sponsor. With the agreement of the sponsor, the bill was then amended to provide for a study committee so that necessary legal and technical assistance could be brought to bear to help assure effective legislation may be introduced as a result. Vote 14-6.

Amendment (2359h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study ways of requiring Internet entities to keep the personal information of customers confidential.

Amend the bill by replacing all after the enacting clause with the following:

- 1 Committee Established. There is established a committee to study ways of requiring Internet entities to keep the personal information of customers confidential.
 - 2 Membership and Compensation.
 - I. The members of the committee shall be as follows:
- (a) Three members of the house of representatives, appointed by the speaker of the house of representatives.
 - (b) Two members of the senate, appointed by the president of the senate.
- II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.
 - 3 Duties. The committee shall:
 - I. Define "Internet service providers".
 - II. Define "personally identifiable information".

III. Establish criteria for protecting the personally identifiable information of New Hampshire residents from being shared by entities that obtain such information by providing Internet service.

4 Chairperson; Quorum. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Three members of the committee shall constitute a quorum.

5 Report. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the president of the senate, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 2016

6 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a committee to study ways of requiring Internet entities to keep the personal information of customers confidential.

Committee amendment adopted.

Committee report adopted and ordered to third reading.

HB 369-FN-A-L, establishing a defined contribution retirement plan for public employees. MAJORITY: REFER FOR INTERIM STUDY. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Frank Edelblut for the Majority of Special Committee on Public Employee Pension Plans. The committee recommends Interim Study to allow further exploration of "stacked hybrid" plans using this bill as a framework. Stacked plans return a component of a defined benefit plan (DB) up to a certain wage level with a defined contribution plan (DC) above that level. Vote 8-5.

Rep. Jeffrey Goley for the Minority of Special Committee on Public Employee Pension Plans. The reason for referring this bill for Interim Study was to use it as a vehicle to look at and study stacked hybrid plans. We believe the committee already has the ability to look at and study any plan without the need of legislation. There have already been numerous study commissions that have looked at the retirement system, including the subject addressed in this bill, which is establishing a defined contribution plan. If legislation is needed going forward there is already a bill that has been introduced for the upcoming session dealing with cash balance plans that can be used. Therefore the minority of the committee believes this legislation is not needed.

The question being adoption of the majority committee report of Refer for Interim Study.

Rep. Goley spoke against and yielded to questions.

Rep. Edelblut spoke in favor.

Majority committee report adopted.

HB 556-FN-L, establishing a cash balance plan for public employees in the retirement system. **REFER FOR INTERIM STUDY.**

Rep. Gary Azarian for Special Committee on Public Employee Pension Plans. The majority of the committee recommended Interim Study for this bill for the following reason: this bill, as presented, is a bare bones approach to moving the system towards a cash balance plan. The complexities to move New Hampshire to a cash balance plan modeled after the successful plans of Nebraska and Kansas merit a true Interim Study so that successful legislation can be brought forward for the benefit of the state, those employees currently in the system, and those who will join the system. Vote 9-4.

MOTION TO LAY ON THE TABLE

Rep. Goley moved that **HB 556-FN-L**, establishing a cash balance plan for public employees in the retirement system, be laid on the table.

On a division vote, with 130 members having voted in the affirmative and 139 in the negative, the motion failed.

The question now being adoption of the committee report of Refer for Interim Study.

On a division vote, with 170 members having voted in the affirmative and 97 in the negative, the committee report was adopted.

SPECIAL ORDERED

Without objection, the Speaker made the remaining bills on today's calendar Special Orders for the Session of January 20, 2016.

RESOLUTION

Rep. Hinch offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet, Wednesday, January 20, 2016 at 10:00 a.m..

LATE SESSION

Third Reading and Final Passage

HB 499, permitting New Hampshire farmers to sell farm-raised bison directly to the public.

HB 533, to installation requirements for arc-fault circuit interrupters.

HB 661-FN, relative to record keeping for sold or transferred animals and making certain technical corrections to the law governing the sale or transfer of animals.

HB 500, repealing the prohibition on the use of silencing devices for taking wildlife.

SB 203-FN, relative to review of eligibility for workers' compensation.

HB 430, relative to extending the veterans' property tax credit to all honorably discharged veterans.

SB 146, relative to accessory dwelling units.

HB 334, establishing a committee to study ways of requiring Internet entities to keep the personal information of customers confidential.

RECESS MOTION

Rep. Hinch moved that the House stand in recess for the purposes of the introduction of bills, receiving Senate messages, enrolled bill amendments and enrolled bill reports.

Motion adopted.

The House recessed at 4:30 p.m.

RECESS

(Rep. Hoelzel in the Chair) RESOLUTION

Rep. Hinch offered the following: RESOLVED, that late drafting and introduction having been approved by the Rules Committee and in accordance with the list in the possession of the Clerk, House Bill numbered 1698 shall be by this resolution read a first and second time by the therein listed title, sent for printing and referred to the therein designated committee. Motion adopted.

INTRODUCTION OF HOUSE BILL

First, second reading and referral

HB 1698-FN, relative to an integrative approach to substance abuse disorders. (V. Fraser, Belk. 1; Rouillard, Hills. 6; Suzanne Smith, Graf. 8; L. Ober, Hills. 37; Cheney, Straf. 17; Bradley, Dist 3; Health, Human Services and Elderly Affairs)

SENATE MESSAGES CONCURRENCE

HB 331, relative to absences among selectmen on election day.

HB 555, relative to participation of chartered public school students in school district co-curricular activities.

NONCONCURRENCE

HB 346, relative to criminal history records checks for school employees and volunteers.

HB 463, relative to state agency communications.

HB 529, relative to party conventions.

REFERRED FOR INTERIM STUDY

HB 689, relative to adoption of a default budget.

RECESS

(Speaker Jasper in the Chair) RESOLUTION

Rep. Chandler offered the following: RESOLVED, that late drafting and introduction having been approved by the Rules Committee and in accordance with the list in the possession of the Clerk, House Bill numbered 1699 shall be by this resolution read a first and second time by the therein listed title, sent for printing and referred to the therein designated committee. Motion adopted.

INTRODUCTION OF HOUSE BILL

First, second reading and referral

HB 1699-FN-A-L, establishing a licensed alcohol and drug counselor in the bureau of emergency medical services to develop a training program for fire and emergency medical services personnel and making an appropriation therefor. (Hinch, Hills. 21; Bradley, Dist 3; Executive Departments and Administration)

REFERRAL DECLINED

Rep. Andrew Christie, Chairman of the Committee on Executive Departments and Administration, under the provisions of House Rule 46 (f), declined the referral of **HB 301**, establishing a committee to study New Hampshire's statewide longitudinal data system and any other department of education maintained database that contains student level.

RECESS

(Speaker Jasper in the Chair) RESOLUTION

Rep. Hinch offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, Senate Bills numbered 369, 447 and 576 shall be by this resolution read a first and second time by the therein listed titles and referred to the therein designated committees. Motion adopted.

INTRODUCTION OF SENATE BILLS

First, second reading and referral

SB 369-FN, requiring public schools to include drug and alcohol education as part of their health education curriculum. (Education)

SB 447-FN, establishing a commission to study Narcan. (Criminal Justice and Public Safety)

SB 576-FN-A, relative to the penalty for possession and use of fentanyl-class drugs, insurance coverage for substance use disorders, the funding of the controlled drug prescription health and safety program, the membership of the board of medicine, and prescribers of controlled drugs. (Criminal Justice and Public Safety)

SENATE MESSAGES CONCURRENCE

HB 502, relative to petitions for verification of checklists.

NONCONCURRENCE

HB 521, relative to the size of the pool of the workers' compensation appeals board.

RECESS

(Speaker Jasper in the Chair)

Rep. Hinch moved that the House adjourn. Motion adopted.

HOUSE JOURNAL NO. 3

Wednesday, January 20, 2016

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Her Excellency, Governor Margaret Wood Hassan, joined the Speaker on the rostrum for the day's opening ceremonies.

Prayer was offered by House Chaplain, Reverend Kate Atkinson, Rector of St. Paul's Church in Concord. Almighty God, You are the source of energy, productivity, restoration, creativity, and life. When the bitter cold permeates our very bones, may the warmth of Your Spirit invigorate us. When darkness falls before the day is complete, may the light of Your Spirit renew our vision and enhance the work of our hands. When we are surrounded by the bleakness of bare branches and withered plants, may the hope of Your Spirit flourish within us and feed our souls. When the earth is frozen and hidden by ice and snow, may the wisdom of Your Spirit enable us to see beyond what is to what could be. And when the harsh winds overwhelm us and take our breath away, may the power of Your Spirit breathe new life into our bodies, minds and spirits. Creator of all that is, inspire us to break free from the bonds of winter and make us Your bearers of warmth, light, hope, wisdom, and life-giving power. Amen.

Representative Kuch, member from Bow, led the Pledge of Allegiance.

The National Anthem was sung by Jake Harkins, a senior at Bow High School.

UNANIMOUS CONSENT

Rep. Suzanne Smith requested Unanimous Consent of the House regarding memorial remarks for the former Representative from Campton, the Honorable James Aguiar.

Rep. Suzanne Smith addressed the House.

MOTION TO PRINT REMARKS

Rep. Hinch moved that the remarks made by Rep. Suzanne Smith be printed in the Permanent Journal. Motion adopted.

REMARKS

Rep. Suzanne Smith: Good Morning and thank you, Mister Speaker and thank you, members. The honorable Dr. James D. Aguiar was first elected to the New Hampshire House in a special election in December 2005. The Grafton 5 District he was campaigning in for his first try for public office stretched from Orford on the Connecticut River through the Southern White Mountains and the slopes of Moosilauke to Campton, his home on the far side of Interstate 93. I'd say at least 40 miles end to end. That December day was cold and voters rushing from their warm cars to the polls remarked on his fortitude braving the 7-degree weather for his chance to serve in this august body. Jim was elected to serve and he and his wife, Martha, stood together before Governor Lynch to be sworn into office before Session that began January 2006. Jim served on the Resources, Recreation and Development Committee from 2005 until 2014. Regardless of whether the Chair was a Democrat or Republican, Jim dug for answers on issues, worked for the common good and spoke his mind. He fought for what he believed in and was especially proud to have passed marriage equality legislation. His relentless spirit made him a valuable member of the Grafton County Delegation where he served on the executive committee. He strove to adopt county budgets which kept taxes in check while not forsaking the needs of those less fortunate and the social services the county provides. Jim Aguiar lived a good life that ended too soon on August 13, 2015. He was born in Biddeford, Maine on December 10, 1946. He graduated from Biddeford High School where he was a two-time state wrestling champion. Wrestling played an active role throughout his life, as did football. He coached football at the University of Oregon while he pursued his master's degree and in 1974, he and his wife, Martha, moved to Campton, NH where he served as Assistant Professor of Health Education, Assistant Football Coach and Head Wrestling Coach at Plymouth State. After earning his doctorate in 1986, Jim's career took

him to Ithaca College. For retirement, he and his family came home to Campton, if you can call retiring continuing to coach wrestling at PSU and becoming active in New Hampshire politics. At Jim's memorial service in August, grown men who had been led by Coach Aguiar, rose one after another recalling how he had affected their lives for the good. One of these boys, Billy Mitchell, recalled, "Jim was a father figure to me and many others. We had our issues, but I always knew he was behind me and the Panther family." That's the PSU Panthers. Jim coached many All New England wrestlers, including the first NCAA-All American wrestler at Plymouth State. He still holds the record for the most career dual-meet victories over 100 wins. Jim had many passions. He played his Gibson guitar at open mic nights, local fundraisers, and the Campton Farmer's Market. He enjoyed boats, whether sailing or kayaking. He and Martha took time, I don't know how they did with everything else he did, to explore all 7 continents and 50 states. During the 4-years I served with Jim in the Legislature, he spoke often of his daughters, Jessica and Gretchen, and his grandchildren whom he could never spend enough time with. I saw Jim last a couple of weeks before he died. He was happy to be home after many extended hospital stays. Jim and Martha's house, perches above the Pemigewasset River. We visited in his living room, looking over the river that he loved. In the words of New Hampshire singer/songwriter Bill Staines,

"River take me along in your sunshine. Sing me a song ever moving and winding and free. You rolling old river. You changing old river. Let's you and me, river, run down to the sea." The Honorable Dr. James Aguiar, Representative Aguiar, Jim, was a true renaissance man and is missed by all who knew him.

MOMENT OF SILENCE

A moment of silence was observed in honor and in memory of the former member from Campton, the Honorable James Aguiar.

INTRODUCTION OF SPECIAL GUEST

The Speaker welcomed Mrs. Martha Aguiar, guest of the House.

LEAVES OF ABSENCE

Reps. Ronald Belanger, Comtois, DiFranco, Emerson, Gallagher, Gargasz, Gidge, Gladys Johnsen, Kellogg, Knowles, Major, Marston, Moody, O'Hearne, Priestley and Sanders, the day, illness. Reps. Beaudoin, Bouldin, Friel, Goulette, Erin Hennessey, Hirsch, Kolodziej, Ley, Long, O'Neil, Packard, Sprague, Daniel Sullivan, Tamburello, Gerald Ward and Kenneth Ward, the day, important business. Reps. Ferrante and Scontsas, the day, death in the family.

INTRODUCTION OF GUESTS

Hunter Stickney, a student at Hollis Brookline High School and grandson of Rep. James Belanger, Page for the day.

Carl Rice, Son of Rep. Chip Rice. Dan Brennan, Peggy Martin, Ian and Sabine Halm, guests of Rep. Suzanne Smith. Christine Harkins, Eliot Berman, and Sarah Jasper, parents of the singer and daughter of the Speaker, guests of the Speaker.

INTRODUCTION OF SPECIAL GUEST

The Honorable John Kasich, Governor of the State of Ohio addressed the House.

INTRODUCTION OF SPECIAL GUEST

The Honorable Marco Rubio, United States Senator for the State of Florida addressed the House.

SPECIAL REPORT

Rep. Hinch addressed the House regarding a report from the Joint Task Force for the Response to the Heroin and Opioid Epidemic.

REGULAR CALENDAR

SB 447-FN, establishing a commission to study Narcan. OUGHT TO PASS.

Rep. Laura Pantelakos for Criminal Justice and Public Safety. This bill establishes a fourteen-member commission to study Narcan. The commission will study all aspects of Narcan, including: whether there should be a registry established for those in possession of Narcan; the training required regarding

dosage, conditions for administering Narcan, and other appropriate training; whether there should be mandatory reporting of use of Narcan; and whether those persons who are administered Narcan should be required to go to outpatient treatment for a certain period of time. The commission will also produce a long-term plan on the use and distribution of Narcan. Vote 14-0.

Rep. Edwards spoke against and yielded to questions.

Rep. Tholl spoke in favor and yielded to questions.

On a division vote, with 275 members having voted in the affirmative and 71 in the negative, the committee report was adopted and ordered to third reading.

SB 576-FN-A, relative to the penalty for possession and use of fentanyl-class drugs, insurance coverage for substance use disorders, the funding of the controlled drug prescription health and safety program, the membership of the board of medicine, and prescribers of controlled drugs. OUGHT TO PASS.

Rep. Laura Pantelakos for Criminal Justice and Public Safety. This bill addresses many of the issued raised by the Joint Task Force for the Response to the Heroin and Opioid Epidemic. Current reports indicate that last year there were 385 deaths as a result of opioid abuse in the state. The final number of deaths for the year may be even higher. The bill establishes a multi-pronged response to the problem by strengthening our laws in several areas including law enforcement, the program for monitoring prescriptions for controlled drugs, the education of medical providers, and insurance coverage for substance abuse treatment. These changes represent important steps in what will be a lengthy process to tackle this complex problem. Specifically, the bill adds penalties for the possession and use of fentanyl that are equal to the penalties for the possession and use of heroin and crack cocaine. Fentanyl is a powerful derivative of morphine that in combination with heroin, increases the potency and danger of the drug. Prescribers are further required to periodically query the PDMP for the same patient for subsequent prescriptions. Another provision in the bill permits prescribers and dispensers to assign designees to fulfill these enhanced requirements. Prescribers of controlled drugs will also be required to complete continuing education in pain management and addiction disorder. In order to provide more consistency in insurance coverage for substance abuse treatment, the bill requires all managed care health plans in the state to use the same criteria for determining medical necessity. Plans also must provide two routine outpatient visits without a requirement for prior authorization. Vote 11-3.

MOTION TO DIVIDE

Rep. Carol McGuire moved that Sections 5, 6, 7, 9, 13 and 14 be divided from SB 576-FN-A, relative to the penalty for possession and use of fentanyl-class drugs, insurance coverage for substance use disorders, the funding of the controlled drug prescription health and safety program, the membership of the board of medicine, and prescribers of controlled drugs.

Rep. Carol McGuire spoke in favor.

Reps. Hinch and Lynne Ober spoke against.

Rep. Rosenwald requested a roll call; sufficiently seconded.

and the committee report was adopted and ordered to third reading.

SB 369-FN, requiring public schools to include drug and alcohol education as part of their health education curriculum. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. James Grenier for the Majority of Education. This bill, as amended, recognizes the need for alcohol and drug education for the youth of New Hampshire. This bill advises school boards to develop policies authorizing school personnel to provide pupils, parents and legal guardians information relative to existing drug and alcohol counseling and treatment for pupils without a legislative mandate to add additional programs, or services. This bill only requires school districts provide information regarding available programs and services. This bill does not require any specific alcohol and drug prevention program. Parents, school district staff, school board members and other interested local individuals are empowered to collaboratively develop the most age and community appropriate alcohol and drug prevention program for pupils in the school district. Vote 12-3.

Rep. James Verschueren for the Minority of Education. This bill required age-appropriate drug education to pupils from kindergarten through grade 12. That is the sole change to the current law. The amendment changed "shall" to "should" in Section I. Those of us who voted against the amendment did so on multiple grounds. 1) Age-appropriate is insufficient language as classrooms, especially elementary school ones, include children at a range of developmental levels, not age-specific. 2) The bill provides no provision for teacher training. 3) The critical need for parental notification around sensitive curriculum is not addressed. 4) Statutes that "encourage" action weakens the intent of the law.

Majority Amendment (0071h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; School Boards; Drug and Alcohol Education. Amend RSA 189 by inserting after section 11-c the following new section:

189:11-d Drug and Alcohol Education.

- I. Each public school in the state, as part of their health education curriculum, should provide at each grade level age appropriate drug and alcohol education to pupils from kindergarten through grade 12. The school board may authorize the use of an evidence-based prevention program.
- II. School boards shall develop policies authorizing school district personnel to provide pupils, parents, and legal guardians with information and resources relative to existing drug and alcohol counseling and treatment for pupils. Nothing in this section shall require a school district to add additional programs or services, but only to provide information about available programs and services.

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill requires public schools to provide, as part of the school's health education curriculum, age appropriate drug and alcohol education to pupils in kindergarten through grade 12.

Rep. Ladd spoke against.

Majority committee amendment failed.

Rep. Ladd offered floor amendment (0082h).

Floor Amendment (0082h)

Amend the title of the bill by replacing it with the following:

AN ACT encouraging public schools to include drug and alcohol education as part of their health education curriculum.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; School Boards; Drug and Alcohol Education. Amend RSA 189 by inserting after section 11-c the following new section:

189:11-d Drug and Alcohol Education.

- I. Each public school in the state, as part of their health education curriculum, should provide at each grade level age appropriate drug and alcohol education to pupils from kindergarten through grade 12. The school board may authorize the use of an evidence-based prevention program.

and floor amendment (0082h) was adopted.

Wheeler, Deborah

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Brewster spoke against.

Rep. Grenier spoke in favor.

Majority committee report adopted and ordered to third reading.

RESOLUTION

Reps. Hinch and Shurtleff offered the following: RESOLVED, that Senate Bills numbered 369, 447 and 576 be read by titles only and that they be read a third time by this resolution, and that their titles be the same as adopted, and that they be passed at the present time.

Third Reading and Final Passage

SB 447-FN, establishing a commission to study Narcan.

SB 576-FN-A, relative to the penalty for possession and use of fentanyl-class drugs, insurance coverage for substance use disorders, the funding of the controlled drug prescription health and safety program, the membership of the board of medicine, and prescribers of controlled drugs.

SB 369-FN, encouraging public schools to include drug and alcohol education as part of their health education curriculum.

The House recessed at 12:05 p.m.

RECESS

The House reconvened at 1:15 p.m.

(Speaker Jasper in the Chair) MOTION TO SPECIAL ORDER

Rep. Abrami moved that **HB 630-FN-A**, establishing the New Hampshire video lottery, and **CACR 2**, relating to dedicated funds. Providing that funds shall be used solely for the purpose of the fund, be made Special Orders immediately following the Special Guest presentation. Motion adopted.

REGULAR CALENDAR CONT'D

HB 280, establishing a committee to study the feasibility of placing medal decals on special number plates for veterans. OUGHT TO PASS WITH AMENDMENT.

Rep. Thomas Walsh for Transportation. This bill as amended replaces the proposed study committee and creates specialty plates for veterans and non-profit organizations using a decal plate format. The decal plate is acquired from the Department of Motor Vehicles. The decals for military branch, etc. can then be purchased from the State Office of Veterans Services for veterans decal plates, or from the non-profit organizations that are approved (by the legislature) for standard decal plates. The last part of the bill creates a motorcycle plate for disabled veterans. The requests for these types of plates have had to be denied for years due to cost. This program solves that problem and has the support of the Department of Safety. Vote 15-0.

Amendment (2556h)

Amend the title of the bill by replacing it with the following:

AN ACT authorizing multi-use decal plates, multi-use veterans decal plates, and relative to special motorcycle number plates for disabled veterans.

Amend the bill by replacing all after the enacting clause with the following:

1 New Chapters; Multi-Use Decal Plates. Amend RSA by inserting after chapter 261-A the following new chapters:

CHAPTER 261-B

MULTI-USE DECAL PLATES

261-B:1 MULTI-Use Decal Plates Authorized. The department of safety shall issue multi-use decal plates. The design shall provide an area 3 inches by 3 inches for the placement of a decal representing an organization authorized under RSA 261-B:3. Except as otherwise provided in this chapter, multi-use decal plates shall have the same effect and be issued in the same manner as other number plates. Multi-use number plates shall retain the "live free or die" logo.

261-B:2 Decals.

- I. Decals shall be made of nonreflectorized material and manufactured to maintain their visibility for a minimum of 36 months.
 - II. Decals may only be placed on multi-use decal plates issued pursuant to this chapter.
 - III. Decals shall be distributed by organizations authorized under RSA 261-B:3.
 - IV. Decals shall include a unique sequence number.
 - V. The authorized organization may collect a fee for the decal.
 - 261-B: 3 Authorized Organizations.
- I. Organizations that have been granted and continue to hold tax exempt status under 26 U.S.C. section 501(c)(3) are eligible to participate in the multi-use decal number plate program. To issue decals under this chapter, an organization shall file an annual report with the director of motor vehicles, in a format and time established by the director, containing the following:
 - (a) Address of the organization's headquarters.
 - (b) Name, address, and telephone number of the coordinator of the organization's decal program.
 - (c) A sample of the decal to be issued.
- (d) A statement verifying that the images used in the decals do not infringe on any other person's intellectual property or a release from the owner authorizing the use of the images.
- (e) A list of persons receiving decals from the organization and the sequence number assigned to each person.
 - (f) Fees received by the organization and their distribution.
- (g) Verification of the organization's continuing status as a tax-exempt organization under 26 U.S.C. section 501(c)(3).
 - (h) A statement that the organization will continue to participate in the program.
- II. An organization may end its participation in the multi-use decal number plate program by written notification to the director of motor vehicles and filing a final annual report within 30 days of the notification.
- III. Participation in the multi-use decal number plate program shall terminate automatically if the organization fails to file its annual report under paragraph I or files a report that does not include the statement required by subparagraph I(h).
- IV. A person displaying the decal of an organization that is no longer participating in the program on a multi-use decal number plate may continue to display the decal until the next expiration of the vehicle's registration.
- V. Organizations shall allow a purchaser of a decal to purchase a new decal no less frequently than every 36 months.
 - 261-B: 4 Issuance and Renewal; Fees.
- I. The fee for multi-use decal number plates shall be \$15 per year per set, which shall be in addition to any other registration and number plate fees. This fee shall not be prorated.
- II. The commissioner of the department of safety shall deposit \$5 from each fee collected under paragraph I in the department of safety inventory fund established by RSA 228:25. The remainder shall be deposited in the highway fund.
- 261-B: 5 Vehicles Eligible. Multi-use decal number plates may be used on passenger motor vehicles and recreation vehicles.
- 261-B: 6 Misuse of Decals. Only decals issued by organizations authorized under this chapter may be displayed on multi-use decal number plates. Use of an unauthorized decal shall be a violation punishable by a fine of \$50 plus penalty assessment.
- 261-B:7 Change of Decals. The holder of a multi-use decal number plate may replace a decal with a decal from a different authorized organization.
- 261-B:8 Rulemaking. The commissioner of the department of safety shall adopt rules pursuant to RSA 541-A relative to the administration of the multi-use decal number plate program.

CHAPTER 261-C

MULTI-USE VETERANS DECAL PLATES

261-C:1 Multi-Use Veterans Decal Plates Authorized. The department of safety shall issue multi-use veterans decal plates. The design shall provide an area 3 inches by 3 inches for the placement of decals representing branches of service and medals authorized under RSA 261-C:4. Except as otherwise provided in this chapter, multi-use veterans decal plates shall have the same effect and be issued in the same manner as other number plates. Multi-use veterans decal plates shall retain the "live free or die" logo.

261-C:2 Decals.

- I. Decals shall be made of nonreflectorized material and manufactured to maintain their visibility for a minimum of 36 months.
 - II. Decals shall include a unique sequence number.
- III. The state office of veterans services may issue decals to eligible veterans and shall collect a fee of \$10 for the decal.
- 261-C:3 Eligibility. Multi-use veterans decal plates shall be issued only to those veterans defined in RSA 21:50, I(a). Additionally, an individual shall demonstrate to the satisfaction of the director of the state office of veterans services that he or she was a member of a specific branch of service or was awarded the medal represented on the requested decal.
 - 261-C:4 Authorized Decals.
 - I. The following decals shall be issued in accordance with this chapter:
 - (a) Branch of service:
 - (1) United States Army.
 - (2) United States Navy.
 - (3) United States Air Force.
 - (4) United States Marine Corps.
 - (5) United States Coast Guard.
 - (b) Medal for Valor:
 - (1) Medal of Honor.
 - (2) Distinguished Service Cross.
 - (3) Navy Cross.
 - (4) Air Force Cross.
 - (5) Silver Star.
 - (6) Bronze Star.
- II. The state office of veterans services shall provide a report annually to the director of the division of motor vehicles. Such report shall contain the names of veterans to whom decal or decals were issued, indicating which decal was issued and its issue number.
- III. Eligible veterans shall obtain new decals no less frequently than 36 months from the date of issue.
- 261-C:5 Vehicles Eligible. Multi-use veterans decal number plates may be used on passenger motor vehicles and recreation vehicles.
- 261-C:6 Misuse of Decals. Only decals authorized under this chapter may be displayed on multiuse veterans decal number plates. Use of an unauthorized decal shall be a violation punishable by a fine of \$50 plus penalty assessment.
- 261-C:7 Rulemaking. The commissioner of the department of safety in consultation with the director of the state office of veterans services shall adopt rules pursuant to RSA 541-A relative to the administration of the multi-use veterans decal number plate program.
 - 2 Disabled Veterans; Motorcycle Plates. Amend RSA 261:86, II to read as follows:
- II. Plates furnished pursuant to subparagraphs I(a)-(c) shall be issued without charge. Plates furnished pursuant to subparagraphs I(d) and (e) shall be issued without the \$4 per plate fees under RSA 261:75 but shall require payment of the regular registration fee. Notwithstanding RSA 265:73 or any other law, any person who is issued a plate pursuant to subparagraphs I(c)-(e) shall not be entitled to free parking privileges for disabled veterans[, except that]. A person who qualifies for special plates pursuant to subparagraph I(a) or subparagraph I(d) may be issued an additional plate for a motorcycle.
 - 3 Effective Date. This act shall take effect July 1, 2016.

AMENDED ANALYSIS

This bill authorizes multi-use decal number plates and participation by the tax-exempt organizations to issue decals.

This bill authorizes multi-use veterans decal number plates and the issuance of decals by the state office of veterans services.

This bill allows a person who is eligible for a special number plate for disabled veterans to be issued an additional special number plate for a motorcycle.

Committee amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment. Rep. Steven Smith offered floor amendment (3029h).

Floor Amendment (3029h)

Amend RSA 261-B:1 as inserted by section 1 of the bill by replacing it with the following:

261-B:1 Multi-Use Decal Plates Authorized. The department of safety shall issue multi-use decal plates. The design shall provide an area 3 inches by 3 inches for the placement of a decal representing an organization authorized by statute to issue decals. Except as otherwise provided in this chapter, multi-use decal plates shall have the same effect and be issued in the same manner as other number plates. Multi-use number plates shall retain the "live free or die" logo.

Amend RSA 261-B:2, III as inserted by section 1 of the bill by replacing it with the following:

III. Decals shall be distributed by organizations authorized by statute.

Amend the introductory paragraph of RSA 261-B:3, I as inserted by section 1 of the bill by replacing it with the following:

I. Organizations that have statutory authority to issue decals shall have been granted and continue to hold tax exempt status under 26 U.S.C. section 501(c)(3) to participate in the multi-use decal number plate program. To issue decals under this chapter, an organization shall file an annual report with the director of motor vehicles, in a format and time established by the director, containing the following:

Amend RSA 261-B:6 as inserted by section 1 of the bill by replacing it with the following:

261-B:6 Misuse of Decals. Only decals issued by organizations authorized by statute may be displayed on multi-use decal number plates. Use of an unauthorized decal shall be a violation punishable by a fine of \$50 plus penalty assessment.

AMENDED ANALYSIS

This bill authorizes multi-use decal number plates which may bear decals issued by tax-exempt organizations authorized by statute.

This bill authorizes multi-use veterans decal number plates and the issuance of decals by the state office of veterans services.

This bill allows a person who is eligible for a special number plate for disabled veterans to be issued an additional special number plate for a motorcycle.

Rep. Steven Smith spoke in favor.

Floor amendment (3029h) adopted.

Committee report adopted and referred to the Committee on Finance.

HB 586-FN-L, relative to registration of automobile utility trailers. OUGHT TO PASS WITH AMENDMENT.

Rep. Werner Horn for Transportation. This legislation establishes a business model under which automobile utility trailer registrations are accomplished via on-line access for out of state and New Hampshire residents. The amendment clarifies operating standards for nongovernmental registering trailer agents and requires the remittance of fees to the applicable town or city clerk for processing resident registrations. Vote 8-3.

Amendment (2485h)

Amend the bill by replacing sections 2-3 with the following:

2 New Subdivision; Registrations by Nongovernmental Registering Trailer Agents. Amend RSA 261 by inserting after section 74-s the following new subdivision:

Registrations by Nongovernmental Registering Trailer Agents

261:74-t Registrations by Nongovernmental Registering Trailer Agents.

I. Automobile utility trailer registrations may be issued, renewed, or transferred through non-governmental registering trailer agents appointed in accordance with this subdivision. Trailer agents shall be residents of and have a verified business address in this state. The director is authorized to limit the number of nongovernmental registering trailer agents appointed under this subdivision based on resource limitations, provided that at least 3 trailer agents are appointed and provided that any limitation established shall not be the basis for revoking any appointment previously made.

II.(a) Each applicant for appointment as a trailer agent shall furnish the following to the department:

- (1) Whether the application is an original, renewal, or change of location;
- (2) Corporate or business name;
- (3) Trade name, if applicable;

- (4) Legal address;
- (5) Mailing address;
- (6) Telephone number;
- (7) Business hours;
- (8) Name, address, and date of birth of at least one owner, partner, or officer, and title, if applicable;
 - (9) Name of the person who will be responsible for filing monthly reports;
- (10) An agreement to notify the department of any change of ownership, address, or corporate or trade name; and
 - (11) Signature and title of the person identified in subparagraph (8) and date signed.
- (b)(1) Upon submission of an application that is incomplete or might indicate lack of fitness or qualification for appointment as a trailer agent, the director or his or her designee shall require an applicant to appear for an interview.
- (2) The director or his or her designee shall inform the applicant in writing of the interview. The written notice shall include the date, time, and location of the interview.
 - (3) At the interview, the director or his or her designee shall:
 - (A) Explain any discrepancy or concerns to the applicant.
 - (B) Answer any questions that the applicant may have about the process.
- (C) Allow the applicant to make corrections to the application or address any concerns expressed.
- (4) If an applicant refuses or neglects to appear for a scheduled interview, the director shall deny his or her application.
- (5) If an applicant fails to explain any discrepancy or concerns at the interview, the director shall deny his or her application.
 - (c) In order to be appointed as a trailer agent by the director, each applicant shall:
 - (1) Complete the application.
 - (2) Complete the training requirements.
 - (3) Complete an interview if applicable.
 - (4) Obtain a surety bond.
- (5) Agree to allow the director or his or her designee to enter the agent's premises during business hours for the purposes of auditing or verifying compliance with the terms and conditions of this section.
 - (6) Agree to keep current with forms and software as determined by the department.
 - (d) Trailer agents:
- (1) Shall furnish registration information concerning vehicle information as the director may require.
 - (2) Collect fees.
 - (3) Issue registrations.
- (4) Submit monthly reports to the department and to each city and town clerk for which municipal permit fees are collected and remitted by the manner and in the form as the director may prescribe.
- (e)(1) Each trailer agent shall maintain a record of all trailer registration certificates issued by him or her, including:
 - (A) Date of registration.
 - (B) Full name of the registrant.
 - (C) Identifying number.
 - (D) Address and phone number of record.
 - (2) The trailer agent shall maintain all records for a period of 15 years.
- (f)(1) Prior to being appointed as a trailer agent, each applicant shall complete a training program conducted at the division of motor vehicles, or such other location as the department shall determine.
 - (2) The training program shall include the following instruction:
- (A) Completing a trailer registration using either online equipment furnished by the department or offline equipment including forms and tables furnished by the department.
 - (B) Filing monthly reports.
 - (C) Collecting trailer registration and municipal permit fees.

- (D) Maintaining records.
- (E) Retaining the agent fee.
- (F) Posting office hours.
- (g)(1) If a trailer agent is deficient in any area, the department shall request the trailer agent to undergo retraining.
- (2) Depending upon the areas of deficiency, retraining shall consist of one or more of the following:
 - (A) Repeat the training program.
 - (B) Repeat any portion of the training program.
 - (C) Undergo further training, the substance of which shall be determined by the department.
- (h) Before any appointment shall become effective, each trailer agent shall file a surety bond with the department, pursuant to RSA 41:6.
- (i)(1) Each trailer agent shall mail a monthly report to the tax collector of all municipalities where a New Hampshire resident lives that registered a trailer with that agent. The trailer agent shall send a copy of the monthly report to the department.
- (2) Each trailer agent shall mail a monthly report of nonresident registrations to the department containing:
 - (A) The physical address and telephone number where the trailer agent is located;
 - (B) Period the report begins and ends;
 - (C) Number of trailers registered; and
 - (D) Amount of registration fee collected.
- (3) The monthly reports shall be submitted along with all fees due to the department or the municipality in the form of a check or money order.
- (j) Whenever a trailer agent's office is closed or unattended, all decals, stamps, and other registration materials shall be placed in a locked file cabinet or other secure container.
- II. A nonresident may register an automobile utility trailer in this state through a nongovernmental registering trailer agent, even if the trailer is not garaged exclusively in this state in accordance with RSA 261:46. Registrations of nonresidents for automobile utility trailers that are not garaged exclusively in this state shall bear the address of the owner's residence and the address of the nongovernmental registering trailer agent.
 - 261:74-u Fees; Multiyear Registrations.
- I. A nongovernmental registering trailer agent may collect and retain a fee for each registration processed as compensation for processing the registration.
- II. The nongovernmental registering trailer agent shall collect and remit to the department the registration fee established in RSA 261:141, III(j). Automobile utility trailers owned by nonresidents of New Hampshire registered under this subdivision shall not require a municipal permit for registration and shall not be subject to any municipal fees. When a trailer agent processes a registration for a New Hampshire resident, the agent shall collect and forward to the applicable town or city clerk the registration permit fee under RSA 261:153, I due for that year.
- III. Persons may register automobile utility trailers for up to 10 years through a trailer agent. Multiyear registrations for automobile utility trailers shall be subject to the following discounted fees:
 - (a) One year: no discount.
 - (b) Two years: 2 times the annual fee.
 - (c) Three years: 2.75 times the annual fee.
 - (d) Four years: 3.25 times the annual fee.
 - (e) Five years: 4.25 times the annual fee.
 - (f) Ten years: 8 times the annual fee.
 - 261:74-v Revocation of Agency Status.
- I. If the director determines that a trailer agent has not continued to fulfill the requirements of RSA 261:74-t or has violated any of the rules adopted pursuant to RSA 261:74-w, the director shall commence the procedure established in paragraph II.
- II. Any trailer agent whose appointment is sought to be revoked shall be afforded the opportunity of a hearing before the director or designee prior to such revocation. Following the hearing, the director may revoke the appointment as a trailer agent upon satisfactory evidence that the provisions of this subdivision have been violated and that the revocation is in the best interest of the state. A written statement outlining the evidence and violations shall accompany the revocation.

III. Upon the revocation of such agency, the person shall surrender to the department or its authorized agent all materials issued by the state under the provisions of this subdivision and all

records pertaining to all matters authorized by this subdivision.

IV. Whenever an authorized auditor of the department, with the approval of the commissioner, determines that the public interest requires immediate action, the director may issue a temporary order suspending the authority of a nongovernmental registering trailer agent to issue, renew, or transfer registrations, pending a hearing.

261:74-w Rulemaking. The director shall adopt rules pursuant to RSA 541-A relative to applica-

tion forms for appointment as a nongovernmental registering trailer agent.

3 Surety Bonds. Amend the introductory paragraph of RSA 41:6, I to read as follows:

I. Town treasurers, trustees as provided in RSA 31:22 and [23] RSA 31:23, trustees as provided in RSA 53-B:8-a, I, library trustees including alternate library trustees, if any, town clerks, tax collectors and their deputies, agents authorized to collect the boat fee, nongovernmental registering trailer agents appointed under RSA 261:74-t, and persons delegated treasury functions under RSA 41:29, VI shall be bonded by position under a blanket bond from a surety company authorized to do business in this state. The bond shall indemnify against losses through:

4 Effective Date. This act shall take effect July 1, 2016.

AMENDED ANALYSIS

This bill:

- I. Authorizes registration of automobile utility trailers through nongovernmental agents of the department of safety.
 - II. Authorizes multiyear registrations through those agents.
 - III. Provides discounts on fees for multiyear registrations.
- IV. Allows registrations through the agents by nonresidents for automobile utility trailers not garaged exclusively in this state.

Committee amendment adopted.

Committee report adopted and referred to the Committee on Ways and Means.

HB 359, allowing municipalities in Carroll county to offer property tax exemptions to foster commercial and industrial construction. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Don Leeman for the Majority of Ways and Means. The purpose of this bill is to extend the property tax exemption program in Coos County to municipalities in Carroll County for 5 years. This allows them to offer property tax exemptions to foster commercial and industrial construction. The amendment extends this option to all cities and towns in New Hampshire. Vote 17-2.

Rep. Susan Almy for the Minority of Ways and Means. The effect of this bill as amended is to remove the existing incentive to draw businesses to Coos County, the poorest county in the state, and to remove the incentive the bill sponsors sought to allow Carroll County to join Coos' program. The incentive has proved inadequate to draw substantial business to counties that are under endowed with adequate transportation and broad band.

Majority Amendment (2408h)

Amend the title of the bill by replacing it with the following:

AN ACT allowing all municipalities to adopt the property tax exemption to foster commercial and industrial construction.

Amend the bill by replacing all after the enacting clause with the following:

1 Property Taxation; Commercial and Industrial Construction Exemption; Change to Statewide. Amend RSA 72:75, I(b) to read as follows:

(b) "Eligible municipality" shall mean any city or town [in Coos county].

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill extends the property tax exemption currently available only in Coos county to all municipalities in the state to foster commercial and industrial construction.

Majority committee amendment adopted.

Majority committee report adopted and ordered to third reading.

HB 552-FN, requiring the state treasurer to develop an implementation plan for the state to accept bitcoin as payment for taxes and fees. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.

Rep. David Karrick for the Majority of Ways and Means. While consideration of accepting bitcoin as payment for taxes and fees to the State of New Hampshire is an interesting idea it is felt that if there is a serious problem with bitcoin or other proto currencies it would reflect poorly on the state even if the state was not at risk. Vote 13-4.

Rep. Susan Almy for the Minority of Ways and Means. This bill was rewritten to ensure that all the risk associated with bitcoin lies where it belongs, with the person who owes taxes or fees to the state and the bitcoin processor whom he contracts with to pay dollars to the state. The Treasurer provided strictures which have been met. The bitcoin concept is highly attractive to many of the young entrepreneurs we need to retain or attract to New Hampshire. The minority does not commit to ever using bitcoin itself, but believes it should be an option as long as the state receives payments only in US dollars and bears none of the risk of this volatile asset.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Schleien spoke against and yielded to questions.

Reps. Timothy Smith, Ohm and Karrick spoke in favor.

Rep. Jones requested a roll call; sufficiently seconded.

INTRODUCTION OF SPECIAL GUEST

The Honorable Chris Christie, Governor of the State of New Jersey, addressed the House.

REGULAR CALENDAR CONT'D

SPECIAL ORDER

HB 630-FN-A, establishing the New Hampshire video lottery. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.

Rep. Paul Henle for the Majority of Ways and Means. This legislation would allow establishments with a liquor license in the state to install and operate up to six video lottery machines (slot machines). This would be an unprecedented expansion of gambling in New Hampshire. It would have all of the negatives associated with casino gambling and very few of the positives. One of the arguments for allowing one or two casinos in the state was that it would promote economic activity in the vicinity of the casino. None of that would happen if this bill is enacted. Nobody is going to build a hotel next to a restaurant just because it has six slot machines. The bill does not create any new jobs; it has the potential to harm tourism; and it offers an inconsistent revenue stream. The issue of problem gambling is exacerbated by the wide distribution of the machines. Restricting the machines to one or two facilities enables both the casino operators and the state to monitor their use and identify problem gamblers early. Interventions can then

be made to ward off the dire effects that problem gambling can have on individuals, families and local economies. Under this bill that would not be possible. It would be all too easy for a problem gambler to go undetected until it was too late and irreparable harm had been done. In 2013 and 2014 the House rejected bills that would have allowed video lottery machines in six locations. It has shown no interest in spreading this kind of gambling willy-nilly around the state. Vote 12-7.

Rep. Joseph Lachance for the Minority of Ways and Means. This legislation expands the NH Lottery to include video lottery machines. On-premise liquor licensees (restaurants, bars, clubs, etc.) would be able to license up to six machines per location and machines must be kept in a room not visible or accessible to those under 21. The machines are centrally monitored at all times by the Lottery Commission's computers. There is a per-machine license fee which pays for the Lottery's expenses and, with a proposed amendment, a treatment fund for problem gambling. There is also a 67% tax on net after-prize income, which is directed to reducing the State Education Property Tax. The expected \$217 million of annual revenue would cut the \$363 million State Education Property Tax more than in half, for a 5% reduction in the typical property tax bill. This is gambling that works with existing small businesses, not against them. Like the original NH Lottery, it is a home-grown system and is not being promoted by lobbyists. Video lottery is very popular in Oregon and South Dakota, the two states with similar systems. In both states video lottery coexists with casinos, so one does not preclude the other. The amendment also provides for the same local opt-in and opt-out as we have for the rest of the NH Lottery. The committee also discussed a possible amendment. This amendment would allow for video lottery terminals to be in veterans and private social clubs only. No action was taken on that amendment at the executive session.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Dan McGuire spoke against and yielded to questions.

Reps. Carol McGuire, Cheney and Kappler spoke against.

Reps. Azarian and Hess spoke in favor.

Rep. Lovejoy spoke in favor and yielded to questions.

Rep. Lachance requested a roll call; sufficiently seconded.

SPECIAL ORDER

CACR 2, relating to dedicated funds. Providing that funds shall be used solely for the purpose of the fund. INEXPEDIENT TO LEGISLATE.

Rep. David Hess for Ways and Means. The intent of this proposed constitutional amendment is to require that revenues from so called "dedicated funds" be spent only on those designated special programs unless the General Court, by two-thirds majorities in both chambers, votes to divert those revenues and spend them on other programs. While this goal is laudable, the committee concluded that adding this provision to our constitution would have a number of anomalous and adverse, unintended consequences. First it would require super majority votes to redirect dedicated funds which had been created in the first instance by simple majority votes. Second it would significantly

limit the flexibility of future legislatures to address fiscal crises by temporarily reordering financial priorities. Experience in many other states with constitutionally—mandated super majorities to raise revenues and/or make appropriations has been anything but positive. Finally, were this to be in our constitution, it would require a two-thirds vote to divert funds from a dedicated fund, but allow the legislature to get access to the same funds by a simple majority vote eliminating the fund. Vote 19-0.

Rep. Hoell spoke against. Rep. Hess spoke in favor.

Rep. Leeman requested a roll call; sufficiently seconded.

REGULAR CALENDAR CONT'D

HB 594-FN-A, establishing keno. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Patrick Abrami for the Majority of Ways and Means. This bill calls for the expansion of Lottery by allowing for the introduction of Keno at establishments that pour liquor as defined by the liquor statutes listed in the amendment. Unlike other states, Keno will not be allowed to be played in convenience stores. There is an annual license fee to the establishment of \$500 which goes to the Education Trust Fund. The licensee will retain 8% of sales. The Department of Health and Human Services retains 1% of the remainder for problem gambling intervention. The Lottery Commission takes 2% of sales for administrative costs. Prize payouts will amount to 70% of sales. The balance of the sales revenue goes to the Education Trust Fund. Within two years of passage revenue is estimated to be approximately between \$8-9 million annually. Towns and cities must vote in the affirmative to allow Keno to be played within their municipality. The game of Keno utilizes the same equipment that is utilized for all the other Lottery games and will be monitored centrally at Lottery headquarters, Lottery has the infrastructure in place to easily accommodate this new game. It is well known that all the top revenue establishments in Massachusetts that have Keno are along the New Hampshire southern border which are frequented by many NH citizens. By allowing Keno in NH much of this revenue will be brought back to our state. This will be a win for NH restaurants as well as NH veterans' and other social clubs who want to participate, in addition to being a win for the Education Trust Fund. It also provides a way for our Lottery system to grow and to insure sufficient funds continue to flow into the Education Trust Fund. Keno was voted as the House position in 2014 and once again as the House position when it was voted on the House floor to be added to HB 2 in the original FY 2016-17 budget vote. Keno was also in the original FY 2016-17 budget submitted by the Governor. Vote 12-7. Rep. Mary Cooney for the Minority of Ways and Means. This bill would allow Keno to be played in most establishments that hold a liquor license. One problem that arises is that since Keno is considered a lottery game a player must only be 18 to play, but still 21 to drink alcohol. Keno, as it is played today is on video terminals. For some it is very addictive. Because it is electronic, the games offer many different scenarios with jackpots, roll-overs and multipliers. The minority feels that such addictive terminals should not be located in NH restaurants were children dine with their parents. Massachusetts, where Keno is everywhere lottery is sold, and before any casinos were approved, has some of the highest per capita spending on gambling in the country. NH should not want to join Massachusetts in this dubious distinction.

Majority Amendment (2481h)

Amend RSA 284:45, VI as inserted by section 1 of the bill by replacing it with the following:

VI. To be eligible for licensure under this subdivision an applicant shall:

(a) Document that it is one of the following:

- (1) A restaurant or hotel holding a valid liquor license under RSA 178:20, II, RSA 178:21, II(a) or (b), or RSA 178:22, V(q).
 - (2) A brew pub holding a valid liquor license under RSA 178:13.

(3) A ballroom holding a valid liquor license under RSA 178:22, V(c).

- (4) A veterans' club, private club, or social club holding a valid liquor license under RSA 178:22, V(h).
 - (5) A convention center holding a valid liquor license under RSA 178:22, V(i).
 - (6) A hotel holding a valid liquor license under RSA 178:22, V(k).

(7) A racetrack holding a valid liquor license under RSA 178:22, V(n).

(8) A sports recreation facility holding a valid liquor license under RSA 178:22, V(v).

(b) Document that the keno games will only be operated in towns and cities that have voted to allow the operation of keno games pursuant to RSA 284:51.

(c) Maintain a current list of employees.

Amend RSA 284:45 as inserted by section 1 of the bill by inserting after paragraph VI the following new paragraph:

VII. Any suspension or revocation of a liquor license shall result in the immediate suspension of the keno license issued under this chapter.

Amend RSA 284:51 as inserted by section 1 of the bill by replacing it with the following:

284:51 Local Option.

I. Any town or city may allow the operation of keno games according to the provisions of this subdivision, in the following manner:

(a) In a town, the question shall be placed on the warrant of an annual town meeting under the procedures set out in RSA 39:3, and shall be voted on a ballot. In a city, the legislative body may vote to place the question on the official ballot for any regular municipal election, or, in the alternative, shall place the question on the official ballot for any regular municipal election upon submission to the legislative body of a petition signed by 5 percent of the registered voters.

(b) The selectmen, aldermen, or city council shall hold a public hearing on the question at least 15 days but not more than 30 days before the question is to be voted on. Notice of the hearing shall be posted in at least 2 public places in the municipality and published in a newspaper of general circulation at least 7 days before the hearing.

(c) The wording of the question shall be substantially as follows: "Shall we allow the operation

of keno games within the town or city?"

II. If a majority of those voting on the question vote "Yes," keno games may be operated within the town or city.

III. If the question is not approved, the question may later be voted upon according to the provisions of paragraph I at the next annual town meeting or regular municipal election.

IV. A municipality that has voted to allow the operation of keno games may consider rescinding its action in the manner described in paragraph I of this section.

V. The lottery commission shall maintain a list of municipalities where keno is available. Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Cooney spoke against.

Rep. Abrami spoke in favor and yielded to questions.

On a division vote, with 182 members having voted in the affirmative and 137 in the negative, the majority committee report was adopted and ordered to third reading.

MOTION TO REMOVE FROM THE TABLE

Rep. Haefner moved that **HB 372**, relative to certain private employers under workers' compensation, be removed from the table.

Motion adopted.

The question being adoption of the majority committee report of Ought to Pass.

Rep. Haefner spoke in favor. Rep. Bartlett spoke against and requested a roll call; sufficiently seconded.

and the majority committee report was adopted and referred to the Committee on Labor, Industrial and Rehabilitative Services.

BILLS REMOVED FROM THE CONSENT CALENDAR OF JANUARY 7, 2016

HB 211, establishing a commission to study domestic affairs. **INEXPEDIENT TO LEGISLATE.** Rep. Kimberly Rice for Children and Family Law. The concerns contained in this bill were incorporated into an amendment to HB 378, therefore making HB 211 unnecessary. Vote 14-1. Committee report adopted.

HB 378, relative to shared residential responsibility and establishing a commission to study child support and related child care issues. OUGHT TO PASS WITH AMENDMENT.

Rep. Debra DeSimone for Children and Family Law. The committee retained 3 study bills, including this bill. The proposed amendment to this bill incorporates issues from the other 2 bills. The amended bill studies the impact of the parental rights statute enacted 10 years ago. It also studies the child support guidelines enacted in 2013. Vote 15-0.

Amendment (2405h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study RSA 461-A, relative to parental rights and responsibilities, and the revised child support guidelines as of 2013.

Amend the bill by replacing all after the enacting clause with the following:

- 1 Committee Established. There is established a committee to study RSA 461-A, relative to parental rights and responsibilities, and the revised child support guidelines as of 2013.
 - 2 Membership and Compensation.
 - I. The members of the committee shall be as follows:
- (a) Four members of the house of representatives, appointed by the speaker of the house of representatives.
 - (b) One member of the senate, appointed by the president of the senate.
- II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.
 - 3 Duties.
- I. The committee shall review implementation of RSA 461-A, relative to parental rights and responsibilities, and the revised child support formula, adopted pursuant to RSA 458-C, as amended by 2012, 248. The study shall address the following questions:
- (a) Did adoption of RSA 461-A meet the legislature's goal of minimizing the adversarial nature of divorce and parenting cases?
- (b) Could RSA 461-A and RSA 458-C be amended to further reduce the adversarial nature of such proceedings?
- (c) Would specific guidelines for shared and split parenting cases improve outcomes and reduce conflict?
 - (d) What effect has the loss of state funding for guardians ad litem had on low income cases?
- (e) Have changes in the child support guidelines been equitable for both parents and provided adequate and appropriate support for children?

- (f) How have changes to the child support guidelines affected low and high income parents?
- (g) What criteria is used for the 4-year review of the child support guidelines, required under RSA 458-C:6 and 42 U.S.C. section 667, and would changes to the review's scope or procedures be appropriate?
- II. The committee may solicit information and testimony from any individual and organization the committee deems relevant to its study, including:
 - (a) Family law attorneys.
 - (b) The department of health and human services, division of child support services.
 - (c) The New Hampshire Coalition Against Domestic and Sexual Violence.
 - (d) The New Hampshire Conflict Resolution Association.
 - (e) Child psychologists.
 - (f) The university of New Hampshire cooperative extension.
 - (g) Judges and masters assigned to the circuit court, family division.
 - (h) Guardians ad litem.
- (i) Members of the public who were parties to parenting cases under RSA 461-A or RSA 458-C, including individuals who were satisfied and those who were dissatisfied with the legal process.
- 4 Chairperson; Quorum. The first-named house member shall serve as chairperson of the committee and shall call the first meeting of the committee. The first meeting of the committee shall be held within 45 days of the effective date of this section. Three members of the committee shall constitute a quorum.
- 5 Report. The committee shall report its findings and any recommendations for proposed legislation to the chairperson of the house children and family law committee, the speaker of the house of representatives, the president of the senate, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 2016.
 - 6 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a committee to study RSA 461-A, relative to parental rights and responsibilities, and the revised child support guidelines as of 2013.

Committee amendment adopted.

Committee report adopted and ordered to third reading.

HB 400-FN, relative to the mileage reimbursement rate for legislators and prohibiting deductions from compensation or mileage reimbursement of representatives. INEXPEDIENT TO LEGISLATE.

Rep. Richard Hinch for Legislative Administration. This bill prohibits deductions of any kind from the compensation or mileage reimbursements paid to state representatives. While we understand the concern of the members who brought this bill forward, the issue has been addressed in the past. It is the Internal Revenue Service code that dictates the withholding of taxes from legislative compensation. The legislature is not in a position to address the issue of what the federal government views as taxable or not taxable, and therefore we believe the recommendation of Inexpedient to Legislate is the correct outcome. Vote 9-1.

Rep. Hinch spoke in favor and yielded to questions.

Rep. Marple spoke against, yielded to questions and requested a roll call; sufficiently seconded.

HB 585-FN-A, relative to fines for violation of alcoholic beverage laws. OUGHT TO PASS WITH AMENDMENT.

Rep. David Karrick for Ways and Means. Abuse and misuse of alcohol and resulting negative behavior, including domestic violence and criminal activity, imposes substantial costs on the state, businesses, communities, and families. There is presently a penalty assessment for violations of the liquor statutes when adjudicated by a court but no assessment when the Liquor Commission levies fines. The amendment makes the penalty assessment at the commission level equal to the court level and corrects statutory references. The added revenue is split equally three ways between the victims' assistance, domestic violence, and alcohol abuse prevention and treatment funds. Vote 19-0.

Amendment (2403h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to penalty assessments.

Amend the bill by replacing sections 2 and 3 with the following:

2 New Subparagraph; General Revenue Exceptions. Amend RSA 6:12, I(b) by inserting after subparagraph (330) the following new subparagraph:

(331) Moneys received pursuant to RSA 179:64, which shall be deposited in accordance with RSA 179:64, IV.

3 New Section; Penalty Assessment; Waiver of Penalty. Amend RSA 179 by inserting after section 63 the following new section:

179:64 Penalty Assessment; Waiver of Penalty.

I. The commission shall levy a penalty assessment of \$12 or 24 percent, whichever is greater, on each fine or penalty imposed by the commission for a violation of RSA title XIII.

II. If multiple offenses are involved, the penalty assessment shall be imposed on the total fine.

III. If a fine is suspended in whole or in part, the penalty assessment shall be reduced in

proportion to the suspension.

IV. The commission shall collect all penalty assessments and shall transmit the amount collected under paragraphs I-III to the state treasurer for deposit in the following funds. The state treasurer shall deposit 33 1/3 percent of the amount collected in the victims' assistance fund, 33 1/3 percent of the amount collected in the special fund for domestic violence programs, and 33 1/3 percent of the amount collected in the alcohol abuse prevention and treatment fund.

V. If it is determined by the commission that the payment of all or any part of a penalty assessment would work a hardship on the person convicted or on such person's immediate family, the commission may suspend the payment of all or any part of the assessment.

Amend the bill by replacing all after section 4 with the following:

5 Penalty Assessments. Amend RSA 188-F:31, I to read as follows:

I. Every court shall levy a penalty assessment of [\$2] \$12 or 24 percent, whichever is greater, on each fine or penalty imposed by the court for a criminal offense or violation of law, including any fine or penalty for a violation of RSA title XXI or any municipal ordinance, except for a violation of a municipal ordinance relating to motor vehicles unlawfully left or parked. Notwithstanding any law or rule to the contrary, the penalty assessment shall be levied in addition to the amount of the fine or penalty imposed by the court.

6 Effective Date. This act shall take effect July 1, 2016.

AMENDED ANALYSIS

This bill establishes a penalty assessment for violation of alcoholic beverage laws. This bill also modifies penalty assessments under RSA 188-F:31.

Committee amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment. Rep. Ohm offered floor amendment (0108h).

Amendment (0108h)

Amend the bill by deleting section 5 and renumbering the original section 6 to read as 5.

AMENDED ANALYSIS

This bill establishes a penalty assessment for violation of alcoholic beverage laws.

Rep. Ohm spoke in favor.

Floor amendment (0108h) adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment.

Rep. Rideout spoke against.

Rep. Abrami spoke in favor.

Rep. Burt requested a roll call; sufficiently seconded.

HB 668-FN, relative to expense deductions under the business profits tax. INEXPEDIENT TO LEGISLATE.

Rep. Brian Gallagher for Ways and Means. This bill allows a business organization to calculate increased expense deductions as defined by IRS code section 179, but not to exceed \$100,000, per calendar year under the Business Profits Tax. Testimony was received from CPA firms and the Department of Revenue Administration that the impact to business would be very difficult to measure. The additional concern expressed by accounting firms was that few businesses could potentially be economically impacted. The Department of Resources and Economic Development suggested that many business entities would not take advantage of the opportunity and that this incentive would not significantly impact important business decision making. Vote 19-0.

MOTION TO SPECIAL ORDER

Rep. Abrami moved that **HB 668-FN**, relative to expense deductions under the business profits tax, be made a Special Order in its Regular Calendar order for the House Session of February 10, 2016. Motion adopted.

RESOLUTION

Rep. Hinch offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet, Wednesday, January 27, 2016 at 10:00 a.m..

LATE SESSION

Third Reading and Final Passage

HB 301, establishing a committee to study New Hampshire's statewide longitudinal data system and any other department of education maintained database that contains student level.

HB 359, allowing all municipalities to adopt the property tax exemption to foster commercial and industrial construction.

HB 594-FN-A, establishing keno.

HB 378, establishing a committee to study RSA 461-A, relative to parental rights and responsibilities, and the revised child support guidelines as of 2013.

HB 585-FN-A, relative to penalty assessments.

UNANIMOUS CONSENT

Rep. Stephen Schmidt requested Unanimous Consent of the House regarding memorial remarks for the former member from Wolfeboro, the Honorable David Knox.

Rep. Stephen Schmidt addressed the House.

Rep. Mangipudi requested Unanimous Consent of the House regarding the Indian Harvest Festival.

Rep. Mangipudi addressed the House.

MOMENT OF SILENCE

A moment of silence was observed in honor and in memory of the Representative from Wolfeboro, the Honorable David Knox.

MOTION TO PRINT REMARKS

Rep. Shurtleff moved that the remarks made by Rep. Stephen Schmidt be printed in the Permanent Journal. Motion adopted.

REMARKS

Rep. Stephen Schmidt: Thank you, Mister Speaker. A kind, gentle and thoughtful gentleman passed away on January 15, 2016. John David Knox or David as he preferred to be called served four terms in the New Hampshire House from 2004 to 2012 representing Wolfeboro, Tuftonboro and Moultonborough. He sat on the Environment and Agriculture Committee. David loved serving as a Representative and particularly loved the process of governing. By any measure, David belonged to the moderate wing of the Republican Party. He believed in civil discourse and compromise. Harsh rhetoric, pledges and frozen positions were not how David viewed his role in the Legislature. When I first ran for office in November 2010, I sat down with David to get his perspective on what being a good Representative was all about. He advised me to never cast a vote without having read the bill, to determine if the bill was really necessary, to determine if the bill was positive or detrimental to my constituents and lastly, that a good idea was a good idea regardless of who proposed it. His advice was excellent then and remains so today. David would read the various position sheets but always cast his vote based on his own analysis. One might disagree with some of his votes, but you knew with absolute certainty that they were all cast with integrity. For those reasons you cold never by angry with him. He was absolutely a man of principle. David was a teacher by profession. He taught American Government and History at Kingswood High School for over thirty years. During that time he taught several generations and was loved and respected by all. David excelled at being a teacher and provided his pupils a love for America and the brilliance of our founders who established the foundations of our Republic. He encouraged his pupils to involve themselves in clubs such as Youth and Government, Model Congress and Close Up. He also facilitated visits from various candidates to Kingswood to get students more involved in the political process. I last saw David in a social setting last March during our Carroll County Lincoln Day Dinner. Our guest speaker was and is a candidate for President but David was more excited to introduce two young guests from Kingswood High School. He wanted them to experience the excitement of a Presidential campaign and have the opportunity to meet the various dignitaries attending. You see, David never stopped being a teacher. David was also something of a "Renaissance Man." He had a fine singing voice and a passion for music. He was a member of the Wolfeboro All Saints Episcopal Church choir for over forty years and also sang with the Clear Lakes Chorale as well as the Kingswood High School production of the "Music Man." He was indeed a well-rounded and giving man. At this point I would be remiss not to point out that David is survived by his daughters Beth Ann and Sarah, grandchildren Tyler and Alexis, sister Jane, brother James, companion Penny and nieces and nephews. David's wife of thirty eight years, Gay, predeceased him. Lastly, as we all travel down life's path, we ultimately come to the realization that the path in front of us is much shorter than the path behind. At this point it's tempting to look over our shoulders and see if we have left enduring footprints during our journey. Have we lived a good life? I can say without question that David's footprints will long endure and that his legacy will be remembered by all those fortunate enough to have been touched by his presence. Rest well my friend.

RECESS MOTION

Rep. Hinch moved that the House stand in recess for the purposes of the introduction of bills, receiving Senate messages, enrolled bill amendments and enrolled bill reports.

Motion adopted.

The House recessed at 4:20 p.m.

RECESS

(Rep. Hinch in the Chair) ENROLLED BILL AMENDMENT

SB 576-FN-A, relative to the penalty for possession and use of fentanyl-class drugs, insurance coverage for substance use disorders, the funding of the controlled drug prescription health and safety program, the membership of the board of medicine, and prescribers of controlled drugs. (Amendment printed SJ 1-26-16)
Adopted.

RECESS

(Speaker Jasper in the Chair) ENROLLED BILLS REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled House Bills numbered 331 and 555 and Senate Bills numbered 447 and 576.

Rep. Hinch, Sen. D'Allesandro, for the Committee

SENATE MESSAGES CONCURRENCE

SB 146, relative to accessory dwelling units.

SB 265-FN, establishing the achieving a better life experience (ABLE) savings account program.

NONCONCURRENCE

HB 192, relative to the valuation of utility property.

HB 380, relative to investigations of child day care agencies.

REFERRED FOR INTERIM STUDY

HB 195, relative to continuing care communities.

HB 383, relative to the immunization/vaccination registry.

HB 593-FN, permitting qualifying patients and registered caregivers to cultivate cannabis for therapeutic use.

HB 613, relative to governmental records exempted under the right-to-know law.

RECESS

(Speaker Jasper in the Chair)

Rep. Hinch moved that the House adjourn. Motion adopted.

HOUSE JOURNAL NO. 4

Wednesday, January 27, 2016

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by House Chaplain, Reverend Kate Atkinson, Rector of St. Paul's Church in Concord. We pray for Your blessing, O God, on the members of this House and for all who work with them. We pray for Your blessing, O God, on the people of New Hampshire who are the reason for the existence of this body and the motivation for all that is accomplished in this place. As we give thanks for honest government and fair representation, we recognize the power that comes with freedom, and ask that You would guide and inspire the decisions that are made here today. And in this momentous year, as we focus our minds on future decisions, and as the eyes of the world are focused on this Primary State, help us to continue to use our power thoughtfully, with open eyes, listening ears and discerning hearts. We give thanks for our freedom of choice. May we be inspired to choose well for the good of Your beloved people, in this country and throughout the world. Amen.

Representative Victoria Sullivan, member from Manchester, led the Pledge of Allegiance.

The National Anthem was sung by Kara Lyford of Merrimack, granddaughter of Rep. Forest.

LEAVES OF ABSENCE

Reps. Bartlett, Chris Brown, Comtois, Dumais, Emerson, Fisher, Gargasz, Green, Infantine, Kellogg, Kidder, Knowles, Major, Moody, Palmer, Phillips, Priestley, Chip Rice, Kimberly Rice, Rollo, Sanders and Gregory Smith, the day, illness.

Reps. Booras, Bouldin, Rebecca Brown, Francis Chase, DeSimone, Donovan, Jones, LeBreche, Nigrello, O'Hearne, O'Neil, Oligny, Parison, Rowe, Russell, Scontsas, Jeffrey Shackett, Timothy Smith, Spillane, Daniel Sullivan, Tamburello and Tucker, the day, important business. Rep. Ohm, the day, illness in the family.

INTRODUCTION OF GUESTS

Eagle Scout, Anthony Dickerson of Raymond, Page for the day.

Manis Brennan, guest of Rep. Burton. Lori Davis, guest of Reps. Whitehouse and Pitre. Stephen Blakney, Husband of Rep. Treleaven. June Dickerson and Jane Bailey, mother and grandmother of the Page, guests of Rep. Kappler. Lucille Forest, wife of Rep. Forest. The Honorable Jeffrey Brown, former member from Seabrook, guest of Rep. Cushing. The Honorable Sally Kelly, former member from Chichester, guest of Reps. Doherty, Schuett and Seaworth.

SENATE MESSAGE NONCONCURS WITH AMENDMENT REQUESTS COMMITTEE OF CONFERENCE

SB 369-FN, encouraging public schools to include drug and alcohol education as part of their health education curriculum.

The President appointed Sens. Bradley, Stiles and Kelly.

Rep. Ladd moved that the House accede.

Motion adopted.

The Speaker appointed Reps. Ladd, Kurk, Hinch and Shaw.

CONSENT CALENDAR

Rep. Hinch moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

HJR 3, calling for the investigation and defunding of Planned Parenthood, removed by Rep. Groen. **HB 1350**, relative to allodial rights and violations of the oath of office, removed by Rep. Marple. Consent Calendar adopted.

Rep. Berch declared a conflict of interest on **HB 1677-FN** and did not participate in the vote on the Consent Calendar.

HB 1193, relative to the wellness and primary prevention council. OUGHT TO PASS WITH AMENDMENT.

Rep. James MacKay for Health, Human Services and Elderly Affairs. The Wellness and Primary Prevention Council has been operating successfully for many years. Its emphasis on prevention is an extremely high priority in health care. This legislation as amended clarifies the administrative role of the Department of Health and Human Services and the council. It also provides that if funds are available the department could provide a coordinator of wellness and primary prevention programs after consultation with the council. Vote 16-0.

Amendment (0057h)

Amend RSA 126-M:3, III(c) as inserted by section 1 of the bill by replacing it with the following:

(c) After consultation with the council, the department of health and human services shall, to the extent of available funds, [seek] provide a coordinator of wellness and primary prevention programs, to assist the council in the performance of its duties. The department of health and human services shall provide information and administrative support to the council as [is reasonable and requested by the council] the department may deem reasonable.

HB 1217, relative to the duties of and meeting requirements for the judicial council. INEXPEDIENT TO LEGISLATE.

Rep. Frank Heffron for Judiciary. This bill would make several changes to the operation of the Judicial Council, an organization created by statute "to serve as a catalyst for the discussion of legal and judicial issues through seminars, forums and special studies, and any other means." The first proposed change would delete language in the statute enabling the council to avail itself of private funding as well as state funding. The committee saw no reason to make this change. The second proposed change would "allow the public to speak on any issue at meetings of the council." The committee heard testimony that the council has limited time to transact its business and that there are ways that members of the public can make suggestions to members of the council outside of its meetings. The third proposed change would require the council to hold a meeting in June, as well as in January, April and October. This would limit the flexibility of the council, which consists of members donating their time, and in any event, the council often holds a fourth meeting at some time during the year. The fourth proposed change would require the posting of a notice of each council meeting in the House Calendar at least 10 days in advance of the meeting. The committee heard testimony that the council posts notices of its meetings on its website and has tried to place a notice of meeting in the House Calendar but decided against this in consultation with the previous House Clerk. Accordingly, the committee voted unanimously to recommend Inexpedient to Legislate. Vote 16-0.

HB 1676, relative to attachments on benefits under the judicial retirement plan. INEXPEDIENT TO LEGISLATE.

Rep. David Woodbury for Judiciary. This bill seeks to change the current statutory judicial retirement plan. At present, the benefits and rights of judicial enrollees are protected from attachment, execution or similar process, just as are the benefits of state employees in other statutory plans. This bill seeks to expose one-half of the benefits of judicial enrollees to assignment, execution or attachment to satisfy a court order. The sponsor was unable to give the committee any cogent reason why judicial benefits should be exposed when the benefits of other state and municipal employees were not so exposed. Vote 17-0.

HB 1677-FN, abolishing the supreme court general counsel position and the judicial council. INEXPEDIENT TO LEGISLATE.

Rep. David Woodbury for Judiciary. This bill seeks to abolish the Judicial Council and to give its functions to the Attorney General. Despite the title, the bill does not mention the Supreme Court General Counsel. If adopted, this measure would not only increase the duties of the Attorney General, but would create an intolerable conflict of interest with the state's chief prosecutor choosing and supervising the opposing attorneys of the Public Defender's Office. The Judicial Council has performed well for many years and should be preserved as it now is. Vote 15-0.

HB 1345, repealing the age limit for sheriffs. INEXPEDIENT TO LEGISLATE.

Rep. Ken Peterson for Municipal and County Government. Sponsors of this legislation were convinced that an age limitation of sheriffs while having no such limit on the officers working for the sheriff as well as police chiefs and other law enforcement officers was something that needed

to be addressed. The age limit had no real relationship to one's physical ability. However, during testimony it was pointed out that the NH Constitution sets the age limit on judges and sheriffs and a change to that would require a constitutional amendment. Knowing that, the sponsor of the bill asked the committee to recommend Inexpedient to Legislate. Vote 16-0.

HB 1427-FN-A-L, suspending the water and air pollution control facility property tax exemption and appropriating certain revenues for water pollution control grants to municipalities. **INEXPEDIENT TO LEGISLATE.**

Rep. James Coffey for Municipal and County Government. This bill is a variation of last year's HB 224 and deals with exemption from property taxes for water and air pollution control facilities installed by manufacturers, larger businesses and educational institutions. The state exempted these facilities from local property taxes to encourage the installation of equipment designed to meet EPA standards over the years. Initially, the exemption had a sunset date but that was eliminated in other legislation. Municipalities desire to obtain the revenue they would otherwise get and want the exemption to end. Those who have these facilities claim that subjecting them to local taxation will not only raise their cost of doing business but will force some to consider leaving the state, some to pass on the increases to consumers and others to possibly go out of business. This bill has a variation to last year's bill in that it suspends the exemption for only a two year period and uses the state income to fund matching grants for the cost of water pollution control projects for which the state portion of funding was never realized. The state's failure to fund special municipal projects should not be paid for by taxing unrelated and otherwise tax free property. Removing the tax exemption for a temporary period effective so quickly does not give the affected entities time to do any financial planning for the impact and simply opens the door to make the suspension of the exemption permanent. The committee has rejected attempts to re-establish a property tax for these pollution control systems in the past and saw no reason to change that position for this bill. Vote 16-0.

HB 1505, allowing municipalities to exempt water and sewer pollution control facilities owned by educational institutions from the local property tax. **INEXPEDIENT TO LEGISLATE.**

Rep. James Coffey for Municipal and County Government. This legislation was introduced in response to the introduction of HB 1427. HB 1427 proposes to eliminate a tax exemption for pollution control equipment for Franklin Pierce College and this bill proposes to allow that exemption to be re-established. However, the wording of this bill was not exclusive and would have applied to other educational institutions. A representative of Franklin Pierce College testified against this bill. This legislation is a moot issue if HB 1427 is found to be ITL. Knowing that the institution that was intended to benefit from this bill is opposed to it regardless of the outcome of other legislation convinced the committee that the bill should be found ITL. Vote 16-0.

HB 1241, establishing the alternative motto "scenic" for motor vehicle plates. INEXPEDIENT TO LEGISLATE.

Rep. Thomas Walsh for Transportation. The committee appreciates the sponsor's idea of a choice for a different message on our plates, however the cost to implement new plates remains prohibitive. Vote 15-0.

HB 1477, relative to the grace period for motor vehicle inspections. OUGHT TO PASS.

Rep. Steven Smith for Transportation. Vehicle transporters who take longer than 10 days to complete a trip are currently required to inspect a vehicle that they do not own. This bill fixes that inadvertent condition. Vote 13-2.

REGULAR CALENDAR

HB 1281, relative to divorce petitions and procedures. INEXPEDIENT TO LEGISLATE.

Rep. Eric Estevez for Judiciary. This bill is about automatic temporary restraining orders and what the qualifications are for who can apply for joint divorce petitions. This bill allows either party to transfer from a joint account to an account in his or her name, half of the total amount of \$10,000, whichever is less. This bill also eliminates domicile provisions. Essentially, if enacted, this bill will allow people to come to New Hampshire and use our state as a venue to get a divorce. In the final analysis, this bill is unclear and vague, such as the insurance provisions that do not include children. Vote 13-3.

Committee report adopted.

HB 1119-L, relative to the maximum optional fee for transportation improvements charged by municipalities when collecting motor vehicle registration fees. MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Marjorie Porter for the Majority of Municipal and County Government. RSA 261:153, VI (b), enacted in 1998, enabled municipalities to add a surcharge to vehicle registrations, with the proceeds to be used to fund local transportation needs. The addition of such a surcharge must be approved by the voters, who also have final say over how the funds are used. Communities that have chosen to add the surcharge report using funds for road and bridge repairs, shuttle transportation for the elderly or infirm, sidewalk and bike path projects, among others. The original legislation set a surcharge cap of \$5.00 per vehicle, where it remains. HB 1119 amends the existing statute by raising the cap to \$10.00. As local voters decide whether or not to enact the surcharge, how much the surcharge will be, and how the resulting funds will be used in their community, this enabling legislation allows for complete local control. Vote 8-7.

Rep. James Coffey for the Minority of Municipal and County Government. This bill increases the maximum optional fee for transportation improvements that may be charged by municipalities when collecting motor vehicle registration fees. A minority of the committee believes that a 100% increase, from \$5 to \$10, was excessive even if it was to be a local option.

The question being adoption of the majority committee report of Ought to Pass.

Rep. Burt requested a roll call; request withdrawn.

Majority committee report failed.

Rep. Kurk moved the minority committee report of Inexpedient to Legislate.

On a standing division vote, with 165 members having voted in the affirmative and 127 in the negative, the minority committee report was adopted.

HB 1438-FN-L, relative to the registration of antique trailers. OUGHT TO PASS.

Rep. Larry Gagne for Transportation. This bill eliminates the requirement that antique trailers have only one axle to qualify for antique plates. The focus of this bill is to remove the single wheel/single axle restriction found in RSA 261:89-a, II which presently limits antique trailers to very small units. The Division of Motor Vehicles and also the Department of Safety support this bill. There was no testimony given opposing this bill. Vote 15-0.

Committee report adopted and ordered to third reading.

UNANIMOUS CONSENT

Rep. Myler requested Unanimous Consent of the House regarding the 30-year anniversary of the Space Shuttle Challenger disaster and Christa McAuliffe, the Concord teacher and crew member. Rep. Myler, standing with the Concord Delegation addressed the House.

MOMENT OF SILENCE

A moment of silence was observed in honor and in memory of Christa McAuliffe and the Space Shuttle Challenger.

MOTION TO PRINT REMARKS

The Speaker, without objection, ordered that the remarks made by Rep. Myler during Unanimous Consent be printed in the Permanent Journal.

REMARKS

Rep. Myler: Thank you, Mister Speaker. On a cold morning, January 28, 1986, seven space explorers approached the Challenger Space Shuttle launch site in what would be, unbeknownst to them, their last voyage. Our own Christa McAuliffe was a member of the crew. Christa had competed with 11,000 teachers to be the first citizen to fly in space and to represent the nation's best in teaching via the Teacher In Space program sponsored by NASA. She was selected not because of her knowledge in science, or space, or math. No. She was selected because she was an excellent teacher, like so many others across the nation. She taught social studies at Concord High School. She challenged her students to be curious, to dream, to challenge themselves, to accept things not as they are but what they ought to be, to find their true passion in life, to have a voice for the things they care about, to take risks, to not accept the status quo, to make a difference, to care for others. She was selected because she was a

teacher's teacher. She exemplified all that was good in teaching. She always said, "I touch the future, I teach." Christa's selection excited a nation. For the average citizen, she represented the possibility that they too might become a space traveler. To teachers, she became their voice, their vision of respect for the teaching profession. Prior to her NASA training, she traveled the nation demonstrating a poise and intelligence that was infectious to those she touched. She was gregarious in a humble way. She was the symbol of not just good teaching, but what was good in America. The launch was delayed for two days because of an unusual cold spell in Florida. On the third morning, the New Hampshire delegation got the word that the launch was a "GO." There was a heavy frost on the car windows that cold, dark morning. Located a mile from the launch pad was the VIP section. There was Governor Sununu and other elected officials. Grace and Ed Corrigan, Christa's mother and father. Scott McAuliffe, Christa's son, class and teachers. The leadership team of NEA New Hampshire, Christa had been an active local leader in the association. And there were many others. In front of the VIP stands was a large digital clock counting down to launch. Speakers allowed us to hear the monotone voice of mission control in Houston. As the clock counted down, the excitement grew. 10, 9, 8 ignition - from a mile away you could feel the ground shake - 3, 2, 1 blast off. The shuttle took off in a bright, blue clear sky, a perfect launch. Seventy-three seconds into the flight, we heard mission control order, "Power up." At that moment, puffs of smoke appeared from the shuttle, followed by a fire ball in the sky and the shuttle trajectory was interrupted. Immediately, mission control said, "There has been a malfunction." Followed quickly by, "There has been a major malfunction." Those of us present in the VIP stands had no clue what we had just witnessed. NASA employees appeared immediately and ushered us back to the buses that would return us to the parking lot 30 minutes away. As we traveled, there was little conversation - we still were in the dark to the tragedy, there was no communication from NASA. I had to take my friends to the airport who were scheduled to return to New Hampshire. In the car, I turned on the radio. One of my friends said, "Turn it off." I did. We traveled to the airport in silent shock still not knowing what had happened to the shuttle. When we got to the airport, I called Diane, my wife, 90 minutes after the explosion, and was informed all had perished. Gone were seven lives. All had trained together. They were a crew of space explorers. They knew the danger. They knew the risks. For those of us who knew Christa, there was immediate concern for Steve, Scott, and Caroline. Gone was the wife and mother. Gone was the teacher's teacher. Gone was the spokesperson who was so articulate in speaking for the teaching profession. However, on deeper reflection, we saw Christa who taught her students to seek their passion, to be curious, to take risks - she died doing exactly what she taught. She was reaching for her star. That my friends is her legacy to us all. Set a life course based on sound tenets and live it well each day. Sharon Christa McAuliffe - perhaps her life can best be summed in the words placed on her graveside memorial and written by the person who knew her best, husband Steve. It reads: "Wife, Mother, Teacher. Pioneer Woman. Crew member, Space Shuttle Challenger. American's first ordinary citizen to venture toward space. She helped people. She laughed. She loved and is loved. She appreciated the world's natural beauty. She was curious and sought to learn who we are and what the universe is about. She relied on her own judgment and moral courage to do right. She cared about the suffering of her fellow man. She tried to protect our spaceship earth. She taught her children to do the same."

REGULAR CALENDAR CONT'D

HB 1562-FN-L, allowing counties to establish heroin use prevention and treatment programs. **IN-EXPEDIENT TO LEGISLATE**.

Rep. Ken Peterson for Municipal and County Government. This legislation would allow counties to establish heroin use prevention and treatment programs. There is a recognized need for such programs but it isn't clear that they should be funded by the counties. As most of us are aware, there are several bills in the pipeline having to do with this subject as a result of the Joint Task Force on Heroin and Opioid Epidemic. This bill is likely premature pending the outcome of those Task Force bills and could result in a duplication of effort. Pending the results of the statewide effort on this drug problem, the committee felt this bill was not timely. Vote 12-4.

Rep. Cheney spoke against.

Rep. Peterson spoke in favor.

Rep. Abramson spoke against, yielded to questions and requested a roll call; not sufficiently seconded. On a standing division vote, with 283 members having voted in the affirmative and 43 in the negative, the committee report was adopted.

Abrami, Patrick

Belanger, Ronald

Allen, Mary Chirichiello, Brian

REMOVED FROM THE CONSENT CALENDAR

HJR 3, calling for the investigation and defunding of Planned Parenthood. INEXPEDIENT TO LEGISLATE.

Rep. Lucy Weber for Health, Human Services and Elderly Affairs. Committee members voted to ITL this resolution for a variety of different reasons. Concerns expressed by committee members were as follows. Some committee members were concerned about joining investigation and defunding in one resolution. If investigation turns up no wrongdoing, there would be no need for defunding. Some believe that a resolution calling for action by Congress is of little practical effect. Some believe the resolution unnecessary because Congress and the NH Attorney General have already conducted investigations or investigated complaints and the NH Attorney General determined no further investigation was necessary. Some believe that the allegations in the resolution are untrue and object to the tone. Not all committee members agree with all of these reasons, but all agreed that this resolution should not go forward. Vote 16-0.

MOTION TO LAY ON THE TABLE

Rep. Kotowski moved that **HJR 3**, calling for the investigation and defunding of Planned Parenthood, be laid on the table.

Rep. Burt requested a roll call; sufficiently seconded.

SPECIAL ORDERED

Without objection, the Speaker made the remaining bills on today's calendar Special Orders in their Regular Calendar order for the Session of February 4, 2016.

RESOLUTION

Rep. Hinch offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet, Thursday, February 4, 2016 at 1:00 p.m.

LATE SESSION

Third Reading and Final Passage

HB 1193, relative to the wellness and primary prevention council.

HB 1477, relative to the grace period for motor vehicle inspections.

HB 1438-FN-L, relative to the registration of antique trailers.

RECESS MOTION

Rep. Hinch moved that the House stand in recess for the purposes of the introduction of bills, receiving Senate messages, enrolled bill amendments and enrolled bill reports. Motion adopted.

The House recessed at 12:05 p.m.

RECESS

(Rep. Packard in the Chair) RESOLUTION

Rep. Tholl offered the following: RESOLVED, that late drafting and introduction having been approved by the Rules Committee and in accordance with the list in the possession of the Clerk, House Bill numbered 2016 shall be by this resolution read a first and second time by the therein listed title, sent for printing and referred to the therein designated committee. Motion adopted.

INTRODUCTION OF HOUSE BILL

First, second reading and referral

HB 2016, relative to the state 10-year transportation improvement program. (Chandler, Carr. 1; Public Works and Highways)

RECESS

(Speaker Jasper in the Chair) RESOLUTION

Rep. Packard offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, Senate Bills numbered 4, 25, 66, 193, 237, 257, 300, 343, 359, 364, 390, 405, 409, 411, 429 and 438 shall be by this resolution read a first and second time by the therein listed titles and referred to the therein designated committees. Motion adopted.

INTRODUCTION OF SENATE BILLS

First, second reading and referral

SB 4, relative to eligibility to vote and relative to availability of voter information. (Election Law) SB 25, relative to the administration of epinephrine. (Education)

SB 66, relative to the naming of areas of the state house complex. (Legislative Administration)

SB 193-FN-L, establishing a committee to study the duties of the attorney general and the county attorneys. (Judiciary)

SB 237-FN, establishing a reporting requirement for gubernatorial inauguration contributions. (Executive Departments and Administration)

SB 257-FN, relative to membership in the judicial retirement plan of judges appointed at age 63 or older. (Judiciary)

SB 300, revising banking, credit union, and trust laws. (Commerce and Consumer Affairs)

SB 343, establishing a commission to study apportionment of gross business profits under the business profits tax. (Ways and Means)

SB 359, relative to funding electric vehicle charging stations with municipal registration permits. (Transportation)

SB 364, establishing a committee to study the feasibility of incorporating complete streets into the 10-year transportation improvement plan. (Public Works and Highways)

SB 390-FN, relative to the procedure in retirement system hearings concerning qualification for disability retirement benefits. (Executive Departments and Administration)

SB 405, making changes to the limited liability companies statutes. (Commerce and Consumer Affairs) SB 409-FN, relative to the first responder's critical injury benefit. (Labor, Industrial and Rehabilitative Services)

SB 411, relative to the merger of lots that are mortgaged. (Commerce and Consumer Affairs)

SB 429, changing statutory references from the "Workforce Investment Act" to the "Workforce Innovation and Opportunity Act." (Labor, Industrial and Rehabilitative Services)

SB 438, relative to the aesthetic maintenance of highway intersections. (Public Works and Highways)

RECESS

(Speaker Jasper in the Chair)

Rep. Hinch moved that the House adjourn. Motion adopted.

HOUSE JOURNAL NO. 5

Thursday, February 4, 2016

The House assembled at 1:00 p.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by Guest Chaplain, Dr. Peter Chamberland, Pastor of Granite State Baptist Church in Concord.

Representative Mangipudi, member from Nashua, led the Pledge of Allegiance.

The National Anthem was sung by Mr. Leonard Bell, U.S. Navy retired.

LEAVES OF ABSENCE

Reps. Bartlett, Beaudoin, Chris Brown, Comtois, Duarte, June Frazer, Gargasz, Hodgdon, Kellogg, Kenison, Knowles, Ley, Patrick Long, Lundgren, Priestley, Sanders, Robert Walsh and Wheeler, the day, illness.

Reps. Bailey, Baroody, Beaulieu, Duane Brown, Rebecca Brown, Bush, Chris Christiansen, Coffey, Crawford, DiSilvestro, Doucette, Froburg, Gardner, Gile, Goulette, Martha Hennessey, Hess, Hull, Hurt, Jones, Major, Milz, Nordgren, Oligny, Parison, Parker, Peckham, Piper, Pitre, Schleien, Sherman, Stepanek, Sylvia, Sytek, Tamburello, Franklin Tilton, Tucker, White, Whitehouse and Woitkun, the day, important business.

Reps. Nelson, Chip Rice, Carol Roberts and Vann, the day, illness in the family.

Rep. Soucy, the day, death in the family.

INTRODUCTION OF GUESTS

Joseph Bell, student at Bishop Brady High School and Samuel Alicea, student at Merrimack Valley High School and grandson of Rep. Alicea, Pages for the day.

Students from the University of Southern Florida, guests of Rep. Cordelli. Jodi Hoyt, guest of Rep. Irwin. Evan Oxenham, husband of Rep. Oxenham. Cheryl Ann Turcotte, wife of Rep. Alan Turcotte. Stephanie Alicea, daughter of Rep. Alicea. Candice Benson, guest of Rep. Sanborn.

RESOLUTION

Reps. Hinch and Shurtleff offered the following: RESOLVED, that the House of Representatives notify the Honorable Senate that it is ready to meet in Joint Convention for the purpose of hearing the State of the State Address by her Excellency, Governor Margaret Wood Hassan. Motion adopted.

The House recessed at 1:10 p.m.

RECESS

The House reconvened at 1:15 p.m.

(Speaker Jasper in the Chair) SENATE MESSAGE

The Senate is ready to meet with the House of Representatives in Joint Convention for the purpose of hearing the State of the State Address by her Excellency, Governor Margaret Wood Hassan.

The Clerk introduced and the Sergeant-at-Arms escorted the Honorable Senate and Senate President, Chuck Morse.

JOINT CONVENTION (Speaker Jasper presiding)

INTRODUCTION OF SPECIAL GUESTS

The Clerk introduced and the Sergeant-at-Arms escorted the following: Deputy Administrative Judge of the Circuit Courts, David D. King. Administrative Judge of the Circuit Court, Edwin W.

Kelly. Chief Justice of the Superior Court, Tina Nadeau. Associate Justice of the Supreme Court, Robert J. Lynn. Associate Justice of the Supreme Court, Carol Ann Conboy. Senior Associate Justice of the Supreme Court, Gary E. Hicks. Chief Justice of the Supreme Court, Linda Stewart Dalianis. State Treasurer, William F. Dwyer. Executive Councilor, Joseph D. Kenney, Executive Councilor, Colin Van Ostern. Executive Councilor, Christopher R. Sununu. Executive Councilor, Christopher C. Pappas.

The Clerk introduced and the Sergeant-at-Arms escorted Governor Margaret Wood Hassan, Ben and Thomas Hassan.

Governor Hassan presented her State of the State Address to the Joint Convention.

STATE OF THE STATE ADDRESS

Mr. Speaker, Mr. Senate President, Madam Chief Justice, Honorable members of the House, Senate and Executive Council, my fellow citizens: I am honored to stand before you today to discuss our work together to set the foundation for a new generation of economic growth that will help build a stronger, more innovative New Hampshire. I'd like to take a moment to recognize our extraordinary First Gentleman, my husband Tom. Tom and I are blessed with a strong and loving family - here today with us our son Ben, my mother Peggy, sister Franny and our family of the heart, Joyce and Liz. Our daughter Meg couldn't join us today, but I owe thanks to all of my family for their steadfast support and love. This week, as our country's focus turns toward New Hampshire and our First In The Nation primary, Americans will see that the state of our state is strong - and getting stronger. By partnering together over the past three years, and bringing the traditions of hard work, collaboration and bipartisan problem-solving back to Concord, we have come a long way since the depths of the recession. Our unemployment rate continues to fall and is now 3.1 percent, which is the fourth-lowest in the country and the lowest level in nearly 15 years. And for the third year in a row, New Hampshire was ranked as the strongest state in the Union based on more than a dozen measures of our economy, the safety of our communities, and our quality of life. Our greatest strength is - and always has been - the citizens of New Hampshire. We combine a sense of community and independence unlike anywhere else, and it's that "all-hands-on-deck" spirit that keeps our state moving forward. That spirit shines through in the brave men and women of the New Hampshire National Guard, who respond to emergencies and disasters while protecting our nation, both at home and abroad. We can also see that spirit in all of our active duty servicemen and women, and our veterans, who have served bravely in defense of our freedom. Today - and every day - we thank all of our service members, veterans and their families whose selfless sacrifices make the American Dream possible. Thank you as well to all of our dedicated law enforcement officers, fire fighters and other first responders for all that you do to keep our communities safe. Every single day, Granite Staters roll up their sleeves and work together to solve problems and improve our communities, setting a strong example for us here in Concord. And following that lead, we continue to prove that we can bridge the political divide and accomplish great things together. That started with enacting two fiscally responsible, bipartisan budgets - while holding the line against a sales or an income tax. We came together and lowered taxes for small businesses, while protecting our ability to invest in critical economic priorities now and into the future. Priorities like encouraging innovation, making college more affordable for all of our people, ensuring that hard-working Granite Staters have access to quality, affordable health care, combating the heroin and opioid crisis, and fixing our roads and bridges. We put our state's financial house in order, working across party lines to end expensive lawsuits that threatened our long-term financial outlook and our bond rating. Thanks to a strong economy and careful management of our state budget, we finished Fiscal Year 2015 with a 62 million dollar surplus - doubling our Rainy Day Fund to its highest level since Fiscal Year 2009. This would not have been possible without our dedicated public servants, who continue to do more with less. Thank you to our commissioners, and to all of our hard-working state employees, for your service to the people of New Hampshire. We have made real bipartisan progress to set the foundation for a new generation of innovative economic growth. But our work to keep New Hampshire moving forward must never cease. While our state's economy remains ahead of the curve, the American economy has fundamentally changed. It is critical that we equip our people to adapt to this changing economy so that we can build a future where everyone has

the opportunity to get ahead and stay ahead. A future where New Hampshire's innovative companies can create more high-quality, 21st century jobs that will support a thriving middle class. And a future where our vibrant communities remain destinations for families, visitors and young people. We know that our people, our families and our businesses cannot grow and thrive without safe communities. And that is why the first and foremost responsibility of government is keeping our citizens safe. Thanks to our remarkable public safety officials, we are one of the safest states in the nation. But we all know that the heroin and opioid crisis remains the most pressing public health and public safety issue facing our state. Last year alone, more than 400 Granite Staters died from a drug overdose, with the majority of those deaths caused by fentanyl, heroin or another opioid. And thousands more overdosed, their lives saved only by the quick action of first responders, medical providers or family and friends. Drug overdoses are now the second-most common cause of death in New Hampshire. Today, more Granite Staters are killed by overdoses than by diabetes, breast cancer or motor vehicle accidents. We all recognize the serious threat that substance abuse poses to our people and to our high quality of life, and we have been working together to strengthen our efforts to combat this crisis. I applaud the Joint Legislative Task Force on the Heroin and Opioid Epidemic for its hard work. And I commend members of both parties for quickly acting last month to send bipartisan legislation to my desk. Thanks to that swift action, we are cracking down on fentanyl, streamlining access to treatment and strengthening our prescription drug monitoring program. But we know that this fight is far from over. We must be constant and focused in our work to strengthen these efforts, and to give patients, providers, families, educators and law enforcement better tools to combat this horrible epidemic. Combating the scourge of addiction requires us at times to change the way we have always done things, at a quicker pace than is sometimes comfortable. And it also requires additional resources and dollars. While some may say that we can't afford to take steps that require additional funding, I believe that we can't afford not to. Our economy continues to strengthen, and revenues are already more than 40 million dollars above projections this fiscal year. We can afford to address this challenge - and we must. There remains broad, bipartisan consensus around many of the other items that I proposed in November. And I thank the Senate for passing many of these measures this morning. That includes providing additional support to law enforcement in our hardest-hit communities. We have allocated funding for the State Police to assist the Manchester Police Department's "Operation Granite Hammer" in seizing illicit drugs and arresting street-level dealers. With Chief Willard's leadership, Manchester has seen great success with this initiative - and we remain profoundly grateful for law enforcement's leadership and dedication. But Manchester is not alone in facing these challenges. We need to expand this effort to support local law enforcement across the entire state. While we must continue supporting law enforcement on the front lines, every police chief I have spoken with makes it clear that we can't arrest our way out of this problem. Strengthening our prevention, treatment and recovery efforts and removing the stigma of addiction remain critical parts of a comprehensive approach. To help prevent addiction in the first place, we are working with local school districts to help our young people understand the dangers of substance abuse. Both chambers have passed legislation to build on those efforts, and we will continue working to strengthen youth prevention programs. We also know that this epidemic stems in part from the overuse, misuse and abuse of addictive prescription opioids, so we are working to improve provider training and prevent the overprescribing of opioids. We have started a series of nationally recognized provider trainings, and in the last several months, the boards of medicine, nursing and dental examiners have set a strong example by adopting emergency rules on the prescribing of opioids. Now, we must build on this example by requiring the boards governing all prescribers to adopt updated, permanent rules, this year. We must also ensure that providers have the tools they need to turn these trainings and rules into action. That includes upgrading technology to strengthen our prescription drug monitoring program and to ensure that more prescribers can use it in a timely fashion. And while our work to increase the safe and effective use of Narcan has saved lives, Narcan is not a cure. Addiction is a disease, and we must ensure that those afflicted with addiction can access services to treat this illness, just as we would for any other chronic condition. That means strengthening support for the Governor's Commission on Alcohol and Drug Abuse Prevention, Treatment and Recovery and empowering first responders to connect those who they treat for an overdose with ongoing support from counselors. Across the state, those in recovery and families who have lost loved

ones have shared their stories, inspiring us with their bravery and making a profound difference in the lives of countless others battling addiction. To support them, we must ensure that New Hampshire citizens have access to immediate treatment and a robust, long-term recovery system. There is also broad consensus that we should expand existing drug courts and establish new drug courts across the state to help prevent people from slipping back into addiction and crime. But drug courts can only work if they are backed by increased treatment capacity. While we have revised licensing requirements to make it easier for providers to open treatment facilities, New Hampshire has for too long lagged behind other states for treatment capacity. That is one of the many reasons why we must reauthorize the bipartisan New Hampshire Health Protection Program without delay. Already, thousands of Granite Staters have accessed substance abuse and behavioral health services through our bipartisan expansion plan. And experts have said that re-authorizing expansion is essential to increasing treatment capacity in New Hampshire. We also know that reauthorizing expansion is critical to the health and well-being of all of our citizens, our businesses, and our economy. Just ask Damber, from Manchester, whose lack of insurance almost kept her from completing her nursing program at Plymouth State. Thanks to expansion, she received coverage and was able to continue pursuing her dream of becoming a nurse. Or ask Deborah and her husband Damon, from Conway, who own a small snow and tree removal business. They could not afford insurance for the 17 years before the New Hampshire Health Protection Program began. Thanks to coverage under expansion, Deborah received her first physical in nearly 20 years, and a doctor found and treated a number of health issues that would have increasingly threatened her ability to work. And Damon now has the peace of mind that comes with health insurance as he confronts the physically demanding tasks that come with their business. Thousands of our friends and neighbors have similar stories. More than 46,000 hard-working Granite Staters now have the health and financial security that comes with quality, affordable health coverage thanks to our bipartisan expansion plan. Since expansion began, hospitals have seen a significant decline in inpatient, outpatient and emergency room visits by uninsured Granite Staters. That means our hospitals now provide less uncompensated care, reducing the shifting of healthcare costs onto all of our people and businesses. The state has also seen an increase in revenues from the insurance premium tax, and we are beginning to see cost-savings elsewhere thanks to preventive and primary care and other benefits covered by expansion. Combined, these measures are expected to save taxpayers a total of 29 million dollars in avoided costs over the next biennium. With the expansion population now on private insurance through our premium assistance program, we are helping retain competition in our insurance marketplace, competition that will strengthen options and affordability for all Granite Staters. It's clear that the New Hampshire Health Protection Program is making a real difference for our people and boosting our economy, and we must re-authorize it now. As we continue our work to keep our communities healthy and to combat the heroin and opioid crisis facing our state, we must also confront other threats to the safety and well-being of our people. From the evolving and unique threats posed by the likes of ISIS and other terrorist organizations, to the increasing acts of gun violence and mass shootings across the country, we must continue to be vigilant in our efforts to keep our communities safe and secure. This includes our ongoing work to expand our Information and Analysis Center, enhance safety plans at our public schools, institute active shooter trainings for police departments across the state, and strengthen cyber security. And it has never been more important than it is now for New Hampshire to continue our strong practice of unified training and community policing. The Police Standards and Training Council helps prepare our dedicated officers for the challenges and dangers that they face every day. And right now, the council is facing a funding crisis. We cannot let down our dedicated and brave law enforcement officers or the people they protect. We must maintain our commitment to public safety and pass legislation that adequately funds police training. It is also our responsibility to ensure a safe environment for children, and in the rare instances where their families harm them, we must protect them. In preparation for an independent, expert review of New Hampshire's child protective services at the Division of Children Youth and Families, the Department of Justice is partnering with DCYF to provide training so that case workers can better identify potential crimes when evaluating cases of abuse and neglect. In addition, the Legislative Commission to Review Child Abuse Fatalities has recommended legislation to strengthen child abuse investigations - legislation that I stand ready to sign. Our safe and healthy communities are the

foundation of our state, and one of the reasons that New Hampshire is such a great place to live and to raise a family. And to maintain our high quality of life, we must continue working to advance other critical priorities that support economic growth and help innovative businesses create jobs - the kind of jobs that will strengthen and grow our middle class. We need to ensure that our workforce has a deep pool of highly skilled workers to meet the needs of our innovative businesses. We need a solid, modern transportation infrastructure and a more affordable energy future in order for our economy to thrive. And our small, nimble state government must remain responsive to the needs of the business community to support economic development. When I visit businesses across the state, they continue to tell me that a strong, highly educated workforce remains their number-one need. A strong workforce begins with a strong education at all levels - from early childhood, to our K-12 system, to higher education. A high school degree is rarely enough for jobs in the changing economy, and our people need access to affordable higher education in order to climb the ladder of opportunity. We have made important progress to hold down the cost of higher education. We froze in-state tuition at our university system for the first time in 25 years. And we lowered tuition at our community colleges. A new partnership is bringing state and local government together with the education community and other stakeholders to work toward a new 65 by 25 goal - ensuring that 65 percent of New Hampshire's population holds a postsecondary credential or degree by 2025. That goal is achievable - but only if everyone in this room continues working together to make higher education more attainable for all Granite Staters. We must also continue working to prepare our students at the K-12 level for higher education and the challenges of the changing economy. That is why together, we increased math requirements for our students and building on the efforts of our STEM Task Force, we are developing stronger science standards for our K-12 public schools, developing new options for math classes and integrating coding into our curriculum for a 21st-century education. Across the country, New Hampshire is recognized as a leader in competency-based education. Through our PACE pilot program, seven school districts and one charter school are now reducing the level of standardized testing in favor of more locally managed assessments that are integrated into the student's day-to-day work - a model that is expanding nationally based on our success. But in order to ensure that our schools can continue to be innovators in public education, we must meet our financial commitment to all of our students by fully funding adequacy this year. It's also critical that we continue to focus on early childhood education, which is a fundamental aspect of long-term success. Spark New Hampshire has outlined a framework to ensure that our state's children have the opportunity that they deserve to live healthy lives, receive a high-quality education, and experience economic stability at home. And to build on those efforts, we must also continue working to make full-day kindergarten a reality statewide. But as we educate our young people and build the highly skilled workforce of the future, innovative businesses looking to grow here in New Hampshire need more workers now. We have an opportunity to better use the talent of our own people right here in New Hampshire, helping our businesses thrive while closing the opportunity gap for New Hampshire's children and families. We are proud that New Hampshire's child poverty rate is among the lowest in the nation, but no child should live in poverty. And the best indicator of the long-term success of a child is the success of his or her parents. Children whose parents are able to work their way into the middle class are themselves more likely to stay in the middle class. The successful New Hampshire Working program is helping people stay at work, return to work and get ready to work. And today I am announcing a new plan - Gateway to Work - that complements New Hampshire Working to help develop and expand our workforce as our economy continues to strengthen, while at the same time closing the opportunity gap for our families. As with New Hampshire Working, Gateway to Work repurposes existing federal funds to help Granite Staters succeed in the workforce. With this new initiative, we have the opportunity to help those on the New Hampshire Health Protection Program or other state programs move into jobs that pay sustainable wages - lessening their need for public assistance. Through Gateway to Work, we will strengthen job training, create new apprenticeship opportunities, help remove the barriers that cause too many of our citizens to fail in the workplace, and help our young people get a leg up on their futures. First, we know that many good-paying jobs at innovative employers like Dartmouth-Hitchcock, Albany/Safran and Dyn require more than a high school education. So we will establish a partnership between the community college system and the business community to create apprenticeship programs in

high-need areas such as advanced manufacturing, information technology networking, and health care. These are solid, good-paying career pathways that will help expand our middle class. Second, while businesses need workers, they are often reluctant to risk the investment of time and money that comes from hiring someone who may require additional training or who lacks reliable access to child care and transportation. We will help overcome such obstacles for workers and businesses by providing employers with job-training grants and salary support for eligible workers for six weeks. This will help ensure that workers can get a fair shot at a new career, while providing businesses with the workforce that they need to grow and thrive. Third, we also know that there are individuals who face significant barriers to joining the workforce. Goodwill of Northern New England and Families in Transition have begun a pilot project in Manchester to help individuals served by the Temporary Assistance to Needy Families program overcome barriers and enter the workforce. We will partner with these non-profits and other organizations willing to address this challenge through efforts such as increasing case management, eliminating child care co-pays for TANF clients and expanding in-home visitation to work with more at-risk parents. Each of these steps will help these individuals enter and stay in the workforce. Finally, because work experience as a young person can help ensure success in school and in the workforce later in life, we will strengthen our efforts to prepare at-risk youth for the workplace. We will expand after-school and summer youth employment programs for young people, including apprenticeships and on-the-job training. And we will create a pilot program that will allow counselors to work with at-risk middle schoolers to develop education and career plans. Through Gateway to Work, we can provide more of the workers our businesses need to thrive. And we can help give more of our families the opportunity to work their way to self-sufficiency and into the middle class. This effort will also help address the healthcare workforce shortage in fields from direct care workers to pediatric nurses to psychologists. But we must do more. In our bipartisan budget, we provided resources to the Department of Health and Human Services to examine healthcare workforce shortage issues. And I will be appointing a Task Force to work with the department on that effort and to bring forward creative solutions. From those who experience disabilities to New Hampshire's seniors, addressing this shortage will allow more Granite Staters to stay at home and live independently. But to help ensure that all of our workers are able to succeed and fully support their families, we must finally restore and increase the minimum wage in New Hampshire. As we invest in giving families the opportunity to work their way to a better future, we know that the success of both our established businesses and new start-ups also depends on our efforts to continue strengthening our transportation infrastructure. Innovative public-private partnerships like Pettengill Road in Londonderry are attracting job-creating businesses to the Granite State, and the Ten-Year Transportation Plan is the next step in our work to strengthen our infrastructure. I have put forward a ten-year plan that advances critical transportation goals while maintaining fiscal responsibility and living within our projected revenues. It is a plan to preserve and fix our bridges. A plan to preserve good roads now in order to avoid more expensive projects later. A plan that begins the first phase of widening the portion of Route 106 critical for access to the New Hampshire Motor Speedway, and a plan that completes the expansion of Interstate 93. It advances and accelerates the Exit 4A project in Londonderry and Derry, which represents one of the most promising economic development opportunities in the state. And it leverages federal funds for the environmental and engineering work necessary to move forward with commuter rail from Boston to Nashua and Manchester. Each of these critical transportation projects will help set the foundation for long-term economic growth, and we must pass a Ten-Year Plan that supports these important priorities. As we work to strengthen our transportation infrastructure, we also recognize that high energy costs remain a burden on people and businesses across our region. We must strengthen our energy infrastructure and diversify our energy resources to reduce costs for our families and businesses, to create jobs, and to reach a more reliable clean-energy future. As large-scale energy projects are considered, we must work to ensure that any proposed project will deliver real benefits to our ratepayers, while incorporating local viewpoints and protecting our communities and our natural resources. And we must continue to be a leader in promoting clean air and combating climate change, which threatens our economic future and the health of our citizens. Throughout our efforts, we must never take our eyes off the imperative of building a cleaner and more sustainable energy future. Thanks to initiatives like RGGI, our Renewable Portfolio Standard and our long-term energy strategy, our

growing clean energy sector recently ranked New Hampshire as one of the top five states for renewable energy. In recent years, New Hampshire's families and businesses have invested millions of dollars in our local economy by installing solar arrays and other renewable generation facilities, decreasing the need for new transmission projects in the future. This makes our families and businesses, and our entire state, more energy independent. It also benefits our local economy. A New Hampshire Cleantech Council report estimated that fifteen to twenty thousand New Hampshire workers are now employed by the clean tech industry, at wages significantly higher than the state's average annual wage. Because of our clean energy sector's success, we are now at the statutory limit on net metering, which is a critical tool for individuals and businesses to be compensated for the energy they provide to the electric grid and to other customers. We must continue our clean energy progress, and I support the efforts from members of both parties to lift the cap on net metering. Supporting our emerging clean energy sector is critical to protecting the natural beauty that makes New Hampshire a special place to live, work, visit and raise a family. But we must also step up efforts to ensure clean water for future generations. As we prepare for the final decision in the MtBE case, we must have a plan ready for the funds if the previous decisions stand. That is why we should create a trust fund to ensure that these dollars are used for their intended purpose - removing MtBE contamination and ensuring that all Granite Staters have access to clean drinking water now and into the future. We know that transportation, affordable energy, and clean air and water are critical to a thriving economy, but we also know that there is more we must do to support our job-creating businesses. We have worked to support economic development opportunities in every corner of our state. That includes working across party lines to help move forward the redevelopment of the Balsams in the North Country – a bold vision that has the potential to revitalize the North Country's economy and have a ripple effect across the entire state. This process involved relevant state agencies and the legislature acting quickly, showing just how nimble our small state government can be. Such responsiveness is a leading economic advantage for our state. New Hampshire was also ranked as the fifth-best state for entrepreneurship, and we must continue to build on this progress. Through Live Free and Start, we are bringing together business leaders and entrepreneurs to make it easier for innovative companies to start up and grow. We have worked to modernize our securities regulations, ease the process for registering a business, and connect our start-up community with angel investors in order to increase access to capital. And Live Free and Start will continue working to help innovation-based businesses start, connect and succeed in New Hampshire, Each of these individual efforts - from combating the heroin and opioid crisis and reauthorizing the New Hampshire Health Protection Program, to workforce development and supporting innovative businesses, to reducing energy costs and protecting our environment - are fundamental to our shared economic success. We've come a long way from the depths of the recession - working together to address the priorities that are critical to supporting our vibrant communities, encouraging a thriving economy with a strong middle class, and maintaining the high quality of life that we are known for in New Hampshire. But our work to advance these priorities must continue if we are to help our citizens adapt to the changing economy and build a stronger, more innovative New Hampshire. A New Hampshire where all of our people and businesses have a fair shot to get ahead and stay ahead. These are the priorities that I have fought for since becoming Governor, and these are the priorities I will continue working on with Republicans, Democrats and Independents now and into the future. This week - more than ever - the eyes of our nation are upon New Hampshire. As the spotlight turns toward our state, Americans will see the vibrant and robust citizen-led democracy that makes New Hampshire the perfect place to host the nation's first presidential primary. They will also see a place where we make government work for our people and our businesses. A place where we embrace individualism and community like nowhere else. A place where we overcome our political differences, move past the inevitable arguments, and come together to make progress for our people, our communities and our economy. And a place where we are facing the challenges of a changing economy head on, keeping our communities safe and secure, and working together to help our families and businesses adapt and thrive. I look forward to continuing that important work with all of you. Thank you.

Rep. Hinch and Sen. Bradley moved that the Joint Convention arise. Motion adopted.

The Joint Convention adjourned.

HOUSE SESSION

(Speaker Jasper in the Chair) CONSENT CALENDAR

Rep. Hinch moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

HB 1389, prohibiting a town meeting from materially changing a petitioned warrant article in a town that has adopted the official ballot referendum form of meeting, removed by Rep. Spillane.

HB 1621-FN-L, relative to sanctuary cities, removed by Rep. Baldasaro.

HB 1295-FN, eliminating the bureau of certificate of title, removed by Rep. Marple.

Consent Calendar adopted.

HB 1620-FN-A, relative to forensic child abuse evaluations and making an appropriation for the training of forensic child abuse specialists. INEXPEDIENT TO LEGISLATE.

Rep. Kimberly Rice for Children and Family Law. The committee concluded the bill's concept needs to be worked on because it does not meet the needs as described in this bill. Vote 11-0.

HB 1651, establishing a commission to study the collection of child abuse data. OUGHT TO PASS WITH AMENDMENT.

Rep. Martha Hennessey for Children and Family Law. This bill as amended directs the current commission to review child abuse fatalities to identify all potential sources of child abuse and neglect data and recommend a comprehensive system for coordinated reporting to a central source. Vote 12-0.

Amendment (0097h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the duties of the commission to review child abuse fatalities.

Amend the bill by replacing all after the enacting clause with the following:

1 New Subparagraph; Duties of the Commission to Review Child Abuse Fatalities; Identification of Sources of Child Abuse Data. Amend RSA 169-C:39-k, III by inserting after subparagraph (d) the following new subparagraph:

(e) Identify all potential sources of child abuse and neglect data and recommend a comprehensive system for coordinated reporting to a central source. The commission shall solicit information and testimony from individuals and entities with experience and expertise relevant to the study, including the division of public health services, the department of safety, the Crimes Against Children Research Center at the university of New Hampshire, the Granite State Children's Alliance, the New Hampshire Association of Chiefs of Police, the New Hampshire Hospital Association, and a circuit court judge of the family division.

2 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill directs the commission to review child abuse fatalities to identify all potential sources of child abuse and neglect data and recommend a comprehensive system for coordinated reporting to a central source.

HB 1168, relative to decrees pro confesso in title dispute actions. INEXPEDIENT TO LEGISLATE. Rep. David Woodbury for Judiciary. In essence, this bill seeks to avoid default judgment in title dispute actions once a respondent has filed an answer. Defaults under the present practice may be entered by the court for various reasons. Presumably, this bill would remove the judge's discretion to manage litigation in an orderly manner. Secondly, this bill calls for a noticed hearing or assessment of damages, but such damages are not assessed in title disputes, the subject of this bill. Vote 17-0.

HB 1107, changing the name of Sargent's Purchase to Marilla Ricker. INEXPEDIENT TO LEGISLATE.

Rep. Bruce Tatro for Municipal and County Government. Marilla Ricker was a person who has contributed to the state and such contributions deserve recognition. An extensive amount of information on her history was demonstrated to the committee. However, changing the name of Sargent's Purchase which was also named from NH historical events seemed inappropriate. Suggestions such as naming un-named areas or erecting a monument to Marilla's recognition were mentioned but

the committee saw no support in re-naming an already named unincorporated area even if there were not recorded residents. The costs of changing maps and other material and the realization that Mount Washington would no longer be in Sargent's Purchase and would now be in Marilla Ricker township was discounted by the committee. Vote 12-0.

HB 1123, relative to a property tax exemption for certain stand-by generators. INEXPEDIENT TO LEGISLATE.

Rep. James Coffey for Municipal and County Government. This bill proposes to allow cities and towns to grant a property tax exemption for residential standby generators to all persons over age 65 or with a "medical necessity." Determination of the medical necessity was problematic with no reference to either a VA or Social Security defined disability. Existing statutes already address the aged population with local exemptions and the committee felt these statutes more than covered anything presented in this bill. The committee also heard that some towns do not bother to assess these units. Vote 15-0.

HB 1230, relative to information on dog licenses. INEXPEDIENT TO LEGISLATE.

Rep. Keith Ammon for Municipal and County Government. The purpose of this bill is admirable and the mandate is minimal. At the time of issuing a dog license, the issuing authority would be required to ask the owner if there should be a second contact name added to the license. This would facilitate a second contact person in the event the original could not be contacted or, in emergencies, if the original person was unable to care for the dog. It would simply direct the licensing authority to add the name of that contact person with contact information. The possibility that this would require a change to the form used for licensing was considered but the sponsor felt that simply adding the information to the bottom of the form would be sufficient. However, the committee felt it inevitable that the license form would require a change and any software recording licensing would be affected and require a change. There appears to be no impediment to adding a note on the license form to indicate a second contact person but mandating it would likely impose a financial burden. Vote 13-0.

HB 1243-FN-L, relative to storm water or sewage penalties. OUGHT TO PASS WITH AMEND-MENT.

Rep. Ken Peterson for Municipal and County Government. The main purpose of this bill was to reduce the maximum penalty for violations pertaining to sewage and storm water ordinances. The current maximum fine of \$10,000 per day was felt to be excessive and the sponsors wished to modify this to a maximum amount of \$1,000 per day. After hearing testimony that these fines are not automatically enacted and only become an issue when the violator either refuses to respond to notices of violations or refuses to take remedial action, the proposed maximum amount was deemed to be too minimal to serve as a deterrent. The committee felt that the original amount should remain since the existing statute states that the penalty is "not to exceed \$10,000 per day of violation" and the municipality already has the ability to set \$1,000 as the maximum penalty. However, other wording in the statute was deemed in need of some attention and the committee opted to amend the current statute in other areas. The committee felt that communities with relatively few and/or smaller violations would enact smaller maximum fines than those communities that might have to enact larger fines for larger and/or recurring major violations. Language was added to allow ordinances or bylaws to include a schedule of penalties for violations up to the current maximum allowed. Vote 14-1.

Amendment (0112h)

Amend the bill by replacing all after the enacting clause with the following:

- 1 New Paragraph; Sewers; Bylaws and Ordinances. Amend RSA 149-I:6 by inserting after paragraph I-a the following new paragraph:
- I-b. Any ordinances or bylaws adopted pursuant to this section may include a schedule of penalties for violations of the requirements adopted to ensure the proper maintenance and operation of the sewage system, stormwater system, or stormwater utility, as applicable. Any penalty so established shall constitute the civil penalty under paragraph II and shall be enforceable in the same manner. Any such penalty may be in any amount up to the maximum stated in paragraph II.
 - 2 Sewers; Bylaws and Ordinances. Amend RSA 149-I:6, II to read as follows:
- II. Any person who violates any ordinance or bylaw adopted pursuant to paragraph I or I-a of this section shall be subject to a civil penalty not to exceed \$10,000 per day of such violation. Each day a violation continues shall be a separate offense. In addition, the municipality may petition the court for any appropriate action to prevent, enjoin, abate, or remove the violation.

3 New Paragraphs; Sewers; Bylaws and Ordinances. Amend RSA 149-I:6 by inserting after paragraph III the following new paragraphs:

IV. In any action brought by a municipality for injunctive relief or recovery of civil penalties under paragraph II in which the municipality prevails, the court shall award to the municipality its costs and reasonable attorney fees actually expended in pursuing the action, to be paid by the violator. For the purposes of this paragraph, recoverable costs shall include all out-of-pocket expenses actually incurred, including but not limited to inspection fees, expert fees, and investigatory expenses.

V. If any violation of a local ordinance or bylaw under paragraph I or I-a results in the expenditure of public funds by a municipality which are not reimbursed under paragraph IV, the court in its discretion may order, as an additional civil penalty, that a violator make restitution to the municipality for the funds expended.

VI. The superior court may, upon a petition filed by a municipality and after notice and a preliminary hearing as in the case of prejudgment attachments under RSA 511-A, require an alleged violator to post a bond with the court to secure payment of any penalty or remedy or the performance of any injunctive relief which may be ordered or both. At the hearing, the burden shall be on the municipality to show that it is likely to prevail on the merits, that the penalties or remedies sought are likely to be awarded by the court in an amount consistent with the bond sought, and that the bond represents the amount of the projected expense of compliance with the injunctive relief sought.

VII. The municipality may commence an action for civil penalties under paragraph II either in the district court pursuant to RSA 502-A:11-a, or in the superior court.

4 Effective Date. This act shall take effect January 1, 2017.

Referred to the Committee on Judiciary.

HB 1375, relative to charter commissions for budgets in official ballot jurisdictions. OUGHT TO PASS. Rep. Keith Ammon for Municipal and County Government. This bill is the result of a study committee's work over the summer and combines the intent of both SB 242 and HB 689. In SB2 towns and school districts, the current one-size-fits-all method of calculating default budgets and dealing with proposed budgets at the deliberative session doesn't work for every community. This enabling legislation would allow a municipality to establish a charter commission with the sole mission of creating a new budgeting process that works best for the community. The charter commission would operate under defined procedures in existing statutes. Vote 16-0.

HB 1526-FN-L, providing for the election of members of the county convention as a separate county office. **INEXPEDIENT TO LEGISLATE**.

Rep. Catherine Cheney for Municipal and County Government. This bill would have the county convention be elected from at large citizens and would eliminate the requirement that the convention be composed of state representatives. A state representative could still serve as a member of the convention but would have to be elected to that office. In the two largest counties in NH, this would have required an additional election of hundreds of individuals. The insight and knowledge obtained at the state level by elected state representatives in the routine performance of their duties is beneficial in making decisions at the county level. The result could be that the county delegation and the county convention would be composed of two different groups of people. The bill also prohibits a person elected to the county convention from holding many other elected offices. The costs of administering such an election process was not disclosed although this bill was headed to another committee to deal with the financial implications. The committee felt, at this time, the current composition was not in need of any change without further study. Vote 15-0.

HB 1251-FN-A, requiring the department of transportation to upgrade a portion of road in the town of Pittsfield. **INEXPEDIENT TO LEGISLATE**.

Rep. Mark McConkey for Public Works and Highways. Main Street in Pittsfield is an unnumbered state highway and unnumbered state highways have traditionally not been a part of the ten year transportation plan. Historically these categories of highways are funded through the betterment program or other state local match programs. Although not totally reconstructed, a portion of the road in question was paved last year and another portion is scheduled for this season. There are many unnumbered state highways throughout the state that have not received any work in recent years, but the Department of Transportation has recognized the need in Pittsfield and is addressing it. There are state local match programs available should the town wish to avail themselves of these opportunities. Vote 16-0.

HB 1567-FN-A, authorizing friends of animal number plates. **INEXPEDIENT TO LEGISLATE.** Rep. Alan Cohen for Transportation. The committee evaluated the bill in relation to all such specialty license plates. Based on previous testimony by the Department of Safety, the cost of producing specialty license plates is approximately \$300K based substantially on the cost of software changes. Vote 18-0.

HB 1583-FN, allowing for voluntary donations to veterans' organizations through a check-off box on driver's license applications and automobile registration forms. REFER FOR INTERIM STUDY. Rep. Karel Crawford for Transportation. Although the committee felt that this was a well intended bill there were too many unanswered questions of constitutionality in collecting the funds, and how DMV would actually administer the program. Vote 18-0.

HB 1655-FN, relative to registration fees for agricultural/industrial utility vehicles. OUGHT TO PASS WITH AMENDMENT.

Rep. Chris True for Transportation. This bill returns the registration fee pertaining to agricultural/industrial utility vehicles to its 2014 level. The amendment clarifies existing confusion among town and city clerks regarding whether industrial utility vehicles are eligible as agricultural vehicles. The amendment also maintains the current flat fee of \$5. Vote 16-0.

Amendment (0193h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the municipal registration fee for an agricultural/industrial utility vehicle used exclusively for farming or agriculture.

Amend the bill by replacing all after the enacting clause with the following:

1 Fees for Registration Permits. Amend RSA 261:153, I to read as follows:

I. The treasurer of each city, or such other person as the city government may designate, and the town clerk of each town shall collect fees for such permits as follows: on each vehicle offered for registration a sum equal to 18 mills on each dollar of the maker's list price for the first preceding model year vehicle, 15 mills on each dollar of the maker's list price for the second preceding model year vehicle, 9 mills on each dollar of the maker's list price for the third preceding model year vehicle, 6 mills on each dollar of the maker's list price for the fourth preceding model year vehicle, and 3 mills on each dollar of the maker's list price for the fourth preceding model year vehicle, and 3 mills on each dollar of the maker's list price for the fifth preceding model year vehicle and any model year prior thereto. In no event, however, shall the fee be less than \$5. Registration permit fees for construction equipment, as defined in RSA 259:42, shall be governed by RSA 261:64. The director shall make the final determination of any vehicle model year in any case in which a dispute arises. The fee collected hereunder for a vehicle used only in the manner and for the purposes specified in RSA 261:82 and for an agricultural/industrial utility vehicle used exclusively for farming or agriculture shall be \$5; and provided further, that the fee collected hereunder for a farm tractor shall be \$5. In cases of doubt, the director may investigate for the purpose of determining eligibility for limited purpose registrations.

2 Effective Date. This act shall take effect January 1, 2017.

AMENDED ANALYSIS

This bill establishes the municipal registration fee for an agricultural/industrial utility vehicle used exclusively for farming or agriculture.

Referred to the Committee on Ways and Means.

HB 1666-FN, relative to certain definitions in the motor vehicles law. INEXPEDIENT TO LEGISLATE.

Rep. Thomas Walsh for Transportation. This bill would effectively repeal registration requirements for all non-commercial New Hampshire vehicles. The magnitude of the fiscal impact makes it impossible to pass. Vote 18-0.

REGULAR CALENDAR

HB 1272-FN, relative to bus transportation for chartered public school students. OUGHT TO PASS. Rep. Ralph Boehm for Education. This bill provides for transportation to public charter schools if the charter school is in the school district. This bill only mandates bus transportation in accordance with the same terms and conditions as they provide to their regular public schools. Current law states that transportation be provided for private schools in the school district. Vote 11-8. Rep. Ladd offered floor amendment (0414h).

Floor Amendment (0414h)

Amend the bill by replacing all after the enacting clause with the following:

1 Chartered Public Schools; Establishment. Amend RSA 194-B:2, V to read as follows:

V. Attendance at a chartered public school for the purposes of transportation shall not constitute assignment under the provisions of RSA 189:6 and RSA 189:8. Pupils who reside in the school district in which the chartered public school is located shall be provided transportation to that school by the district on the same terms and conditions as provided for [in RSA 189:6 and RSA 189:8 and that transportation is provided to pupils attending other] regular public schools [within that] in the district and utilizing the same regular bus schedules and routes that are provided to pupils attending public schools within that district. [However, any added costs for such transportation services shall be borne by the chartered public school.]

2 Effective Date. This act shall take effect July 1, 2016.

Rep. Ladd spoke in favor.

Floor amendment (0414h) adopted.

Committee report of Ought to Pass with Amendment adopted and ordered to third reading.

HB 1127, relative to qualifications of referees in the superior courts and circuit courts. MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Mark McLean for the Majority of Judiciary. RSA 490-F:15 grants the circuit court the power to assign referees to any non-jury case including marital cases. In some cases these referees and masters are former or retired judges, retired clerks, or retired court staff, but as the existing statutes do not specify the qualifications required, those currently holding positions as referees come from a wide range of experience level. This latitude of experience has the potential to create inconsistency in the application of justice in the court. Additionally, because referees and masters who are not former judges are not officers of the state (they are employees only), there is no legislative or executive oversight of these positions. This bill seeks to introduce a modest provision requiring that all referees, marital referees, or marital masters who are not former or retired judges be commissioned as justices of the peace. The committee reviewed the requirements to serve as a justice of the peace and found that they were not overly burdensome. Because justices of the peace are public state officers who receive their commission from the Governor and Council, this bill will make it possible for the legislative or executive branch to oversee referees and masters. Vote 10-8.

Rep. David Woodbury for the Minority of Judiciary. Requiring a referee or master of become a justice of the peace not only subjects that person to removal by bill of address, but more importantly subjects that person to what amounts to a retention election when their commission expires. This subjects the master/referee to the push and pull of partisan politics by having to curry favor with a majority of Governor and Council upon renewal of their commission. This runs counter to our entire state history of fostering judicial independence. This bill represents bad policy and should be rejected.

The question being adoption of the majority committee report of Ought to Pass.

Rep. Woodbury spoke against and yielded to questions.

Rep. McLean spoke in favor and yielded to questions.

Rep. Dan McGuire requested a roll call; sufficiently seconded.

and the majority committee report was adopted and ordered to third reading.

SPECIAL ORDER

HB 1350, relative to allodial rights and violations of the oath of office. INEXPEDIENT TO LEGISLATE.

Rep. Gary Hopper for Judiciary. This bill would require that any public official who knowingly diminishes the allodial land right of a New Hampshire resident would be tried for treason. An allodial land right is an absolute right to your land and any building on it. If it is absolute, it can't be taxed, zoned, or taken via eminent domain. The majority of the Judiciary Committee found the sponsors' understanding of land rights, at the time of Constitution was written, to be inconsistent with the Constitution itself. In 1784, Part I, Article 6 [Morality and Piety] said, "Legislature to authorize from time to time, the several towns, parishes, bodies-corporate, or religious societies within this State, to make adequate provision at their own expense, for the support and maintenance of public Protestant teachers of piety, religion and morality." This was followed by the legislature requiring that each town tax its people based on their property value, in order to hire teachers. If the founders of this state had believed in allodial land rights, they wouldn't have taxed the people's property. Vote 16-1.

Rep. Marple spoke against.

Rep. Hopper spoke in favor.

Committee report adopted.

SPECIAL ORDER

CACR 15, relating to the election of judges. Providing that judges be elected for specific terms. INEXPEDIENT TO LEGISLATE.

Rep. Timothy Horrigan for Judiciary. This resolution is the most recent version of an idea which has been proposed and rejected many times before: electing judges. The committee concluded that this proposal should be rejected again. Throughout the history of our state, judges have been appointed by the Governor and Executive Council after an exhaustive selection process. The people have ample opportunity to comment on the judicial nominees' qualifications and personal character throughout this selection process. Once in office, judges are held to the highest personal and professional standards and they can be removed from office if they behave badly, but they are free of outside political pressure. Our judges do not have to run for re-election, which means they do not have to promise to rule one way or another on certain types of cases just to get political endorsements, nor do they have to raise campaign funds. Our judges can remain truly impartial and independent. The committee finally notes that no one aside from the prime sponsor showed up to testify in favor of this resolution, the prime sponsor gave only a brief oral presentation, and the resolution as introduced failed to address a number of essential issues, e.g., the length of the judges' terms, and who would be qualified to run for judicial office. Vote 16-0.

Rep. Horrigan spoke in favor.

Rep. Gannon spoke against and requested a roll call; sufficiently seconded.

Laware, Thomas Rollins, Skip and the committee report was adopted.

HB 1214, allowing towns and cities to authorize an additional surcharge on hotel occupancy under the meals and rooms tax. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.

Rep. Franklin Sterling for the Majority of Municipal and County Government. Towns and cities would be authorized to levy a local tax on hotel occupancy under this proposed bill. Although

minimal, it would establish yet another tax and it is unclear what the costs of administering this program would be. The bill implies that the tax would simply be administered under the current Meals and Rooms Tax program but the funds received would have to be returned to the municipality which collected it and would not be subject to the education funding that is part of the current Meals and Rooms Tax structure. Therefore, it would require separate accounting and possibly additional costs at the state level which would need to be considered in setting budgets. Setting a new tax on room occupancy that would vary from municipality to municipality could have an adverse effect on tourism and the unintended consequences of such a change are undeterminable at this time. The committee felt this legislation, although permitted in other states, was not in keeping with our low tax image. Vote 10-6.

Rep. Marjorie Porter for the Minority of Municipal and County Government. As we are all aware, budgetary constraints have resulted in the state reducing the share of the meals and rooms tax revenues sent back to cities and towns by tens of millions of dollars over the past several budget cycles. Communities which are tourist destinations have been hit particularly hard by this downshifting. Local property tax payers must foot the costs for the extra municipal services needed when their populations swell during tourist season. Extra police may be needed or specialized fire equipment must be purchased, for example. HB 1214 allows these communities, if they so choose, to add an additional surcharge, not to exceed \$2.00, on hotel occupancy within the municipality under the meals and room tax. In this way, visitors would help pay for services they use, and the burden on local taxpayers would be reduced. This is enabling legislation, and allows for local control.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Cloutier, John	Converse, Larry	Gagnon, Raymond	Gottling, Suzanne		
Irwin, Virginia	O'Hearne, Andrew	Oxenham, Lee	Schmidt, Andrew		
and the majority committee report was adopted.					

HB 1221, relative to excluding certain one-time expenditures from the default budget in official ballot municipalities. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS. Rep. Franklin Sterling for the Majority of Municipal and County Government. This bill is yet another attempt to define what items are "one time expenses" for the purpose of creating a "default" budget in official ballot communities and school districts. The committee recommended Inexpedient to Legislate as this definition might work for the school district of the sponsors, it will certainly be a change to what other districts are doing and we will see another bill next session to change the definition yet again. The committee felt that HB 1375 was the better solution. Vote 12-4.

Rep. Catherine Cheney for the Minority of Municipal and County Government. The committee heard there is a need to solve the problem of default budgets in official ballot municipalities and this needs more study which this bill might have done.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Abramson spoke against.

Rep. Sterling spoke in favor.

On a division vote, with 224 members having voted in the affirmative and 67 in the negative, the majority committee report was adopted.

HB 1402, prohibiting the state and political subdivisions from acquiring military-equipped vehicles or equipment which are not readily available in an open national commercial market. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: REFER FOR INTERIM STUDY.

Rep. Franklin Sterling for the Majority of Municipal and County Government. HB 1402 would prohibit the state and political subdivisions from acquiring military-equipped vehicles or equipment not readily available on the commercial market. This is identical to HB 407 introduced in 2015. HB 1402 has the same fault as the previous bill in that it calls for any hardware or equipment already in the possession

of municipalities be forfeited but does not provide an entity to turn it over to. HB 407 was turned into a study committee with a reporting date of November 2016. The study committee has not completed its work at this time and should be allowed to complete its work before any legislation is introduced on this subject. Although there is committee support for addressing this issue, it was felt premature to adopt legislation that is subject to change based on any study committee findings. The committee options, therefore, would be Inexpedient to Legislate (ITL) or Refer for Interim Study (RIS). Since there is likely to be new legislation that will result from the current study committee, RIS seemed to be a duplication of effort, ITL was deemed the appropriate motion. Vote 11-4.

Rep. Keith Ammon for the Minority of Municipal and County Government. Police departments should be part of the community and not styled after an occupying military force. The proliferation of military-style weapons among domestic law enforcement is a troubling trend. Last year President Obama issued an executive order limiting the types of weapons and equipment that domestic police departments are allowed to possess. However, executive orders can be reversed by the next administration. The minority felt that killing this bill sends the wrong message regarding this issue and instead wanted the bill Referred for Interim Study. A study committee created by a similar bill last year is still meeting and has yet to release its findings. Defining military style equipment may be difficult to do. We wouldn't want to prevent police departments from obtaining defensive gear that would protect the safety of officers. Perhaps, though, it is possible to codify some of the rules contained in the President's executive order into New Hampshire law, so that it cannot easily be reversed by a future presidential administration.

MOTION TO LAY ON THE TABLE

Rep. Hoell moved that **HB 1402**, prohibiting the state and political subdivisions from acquiring military-equipped vehicles or equipment which are not readily available in an open national commercial market, be laid on the table.

Motion adopted.

REGULAR CALENDAR CONT'D

HB 1576-FN-L, repealing the licensure of dogs. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.

Rep. Susan Treleaven for the Majority of Municipal and County Government. The proposal to eliminate licensing of dogs has been before this legislature several times and was always defeated. Although there is evidence that this practice was instituted to fund "damage done by dogs" to local sheep, it has become more than that today. The fact that other animals are not required to be licensed was brought up but most of those cited were animals that are normally confined and most not subject to spreading rabies. Without licensing, strays would be almost impossible to identify, the requirement for rabies vaccinations could be largely ignored and many programs of benefit to the public would go unfunded. Testing for rabies at the State Diagnostic Lab would be curtailed as well as other animal related programs and even the office of the State Veterinarian would suffer. The committee saw little support for this legislation, which was also the case in prior year attempts to do the same. Vote 12-3. Rep. Keith Ammon for the Minority of Municipal and County Government. The history of dog licensure can be traced back to the 1800s when it was a community fund to be used to compensate farmers for damage to their livestock by dogs. It has since morphed into a compulsory regulatory scheme, and once a tax or regulatory scheme is in place it's almost impossible to dislodge it. Outside interests lobby to keep it. Quite often, if a dog owner forgets to renew their license, warrants are issued by the town and the police are dispatched to their home to remind them to pay. This seems like a preposterous use of law enforcement resources. The United Kingdom abolished mandatory dog licensing in 1987 and canine chaos has not ensued. Some dog owners resent being taxed on their best friend. Majority committee report adopted.

HB 1212, naming welcome center at exit 44 on Interstate 93 in honor of Raymond S. Burton. OUGHT TO PASS.

Rep. Erin Hennessey for Public Works and Highways. This bill seeks to name the Interstate 93 Exit 44 welcome center after the late executive councilor Raymond S. Burton. Councilor Burton was instrumental in the opening of the exit 44 welcome center in the late 1980's. He also enthusiastically and tirelessly served his constituents of the North Country for over 32 years. The committee heard testimony that this bill has received wide-spread support in the local community. This bill has no fiscal impact. Vote 14-0. Committee report adopted and ordered to third reading.

HB 1430-FN, relative to registration of compact utility tractors. OUGHT TO PASS WITH AMENDMENT.

Rep. Thomas Walsh for Transportation. This bill as amended simply clarifies the definition of compact utility tractor for registration and operation purposes. The committee amendment fixes a possible scenario where a lawn mower might have required registration. Vote 16-0.

Amendment (0130h)

Amend the bill by replacing section 1 with the following:

1 Words and Phrases; Compact Utility Trailer Added. Amend RSA 259:13-a to read as follows: 259:13-a Compact Utility Tractor. "Compact utility tractor" shall mean any self-propelled 4-wheel vehicle utilizing diesel fuel, with a rated horsepower not to exceed 28 horsepower, that is capable of carrying not more than one occupant, is equipped by the manufacturer with at least one PTO (power take-off) in addition to any PTO installed for the purpose of an under-tractor mower deck, and has no provision for carrying a load other than attached implements such as snowplows, tool boxes, or bucket loaders.

Amend the bill by replacing section 3 with the following:

3 Operation on Ways. Amend RSA 265:160 to read as follows:

265:160 Utility Vehicles and Compact Utility Tractors; Operation on Ways Restricted. No person shall operate a utility vehicle, including an agricultural/industrial utility vehicle as defined in RSA 259:2-a, a compact utility tractor, as defined in RSA 259:13-a, or an off highway recreational vehicle as defined in RSA 259:69, except on a way where the posted speed limit is 40 miles per hour or less or, in the case of compact utility tractor, 35 miles per hour or less, and the route or crossing being used is open to such vehicles and at such times and under any other special operating conditions established by the government authority having control of the way. Any person operating or in actual physical control of such a vehicle upon a way shall hold a valid driver's license.

Amend the bill by replacing section 5 with the following:

5 Effective Date. This act shall take effect July 1, 2017.

Committee amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment. Rep. Steven Smith offered floor amendment (0270h).

Floor Amendment (0270h)

Amend RSA 259:13-a as inserted by section 1 of the bill by replacing it with the following:

259:13-a Compact Utility Tractor. "Compact utility tractor" shall mean any self-propelled 4-wheel vehicle utilizing diesel fuel, with a rated horsepower not to exceed 28 horsepower, that is capable of carrying not more than one occupant, is equipped by the manufacturer with at least one PTO (power take-off) in addition to any PTO installed for the purpose of an under-tractor mower deck, and has no provision for carrying a load other than attached implements such as snowplows, tool boxes, or bucket loaders.

Amend the bill by replacing section 3 with the following:

3 Operation on Ways. Amend RSA 265:160 to read as follows:

265:160 Utility Vehicles and Compact Utility Tractors; Operation on Ways Restricted. No person shall operate a utility vehicle, including an agricultural/industrial utility vehicle as defined in RSA 259:2-a, a compact utility tractor, as defined in RSA 259:13-a, or an off highway recreational vehicle as defined in RSA 259:69, except on a way where the posted speed limit is 40 miles per hour or less or, in the case of compact utility tractor, 35 miles per hour or less, and the route or crossing being used is open to such vehicles and at such times and under any other special operating conditions established by the government authority having control of the way. Any person operating or in actual physical control of such a vehicle upon a way shall hold a valid driver's license. Amend the bill by replacing section 5 with the following:

5 Effective Date. This act shall take effect July 1, 2017.

Rep. Steven Smith spoke in favor.

Floor amendment (0270h) adopted.

Committee report adopted and referred to the Committee on Finance.

HB 1446, relative to enforcement of the prohibition on the use of mobile electronic devices while driving. **INEXPEDIENT TO LEGISLATE.**

Rep. Werner Horn for Transportation. The "Hands-Free Law" (RSA 265:79-c) in its present incarnation was the result of over a year's worth of study and consultation. This bill seeks to modify a law before the implications of the current law are fully understood. By making this law enforceable as a secondary offense it would prevent law enforcement from pulling over a driver so distracted by their device they do not notice the presence of a law enforcement officer watching them from an adjacent vehicle. Law enforcement officers are currently empowered to address dangerous behavior pro-actively without waiting for the distracted driver to strike someone else. Vote 15-3. Rep. Horn spoke in favor.

Rep. Hoell spoke against and requested a roll call; sufficiently seconded.

HB 1697-FN, relative to the operation and insurance of transportation network companies. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Thomas Walsh for the Majority of Transportation. This bill establishes insurance guidelines and consumer protections for transportation network companies and their customers. This statewide framework is supported by the industry and creates a growth environment. The committee amendment clarifies when additional insurance coverage is required for vehicles engaging in transport part time. Vote 14-2.

Rep. Werner Horn for the Minority of Transportation. Regulating one segment of an industry creates a special class. This bill as amended will remove from a municipality the responsibility for regulating a ground transportation business operating in their towns or cities. Transportation network companies have a business model that has been directly challenged in separate cities and towns by existing ground transportation companies. This legislation is a direct response to those challenges by seeking immunity and autonomy from regulation in the very communities they operate in. Innovative business models should not enjoy special legislative protections that place existing industries at a disadvantage.

Majority Amendment (0176h)

Amend RSA 376-A:8 through RSA 376-A:10 as inserted by section 1 of the bill by replacing them with the following:

376-A:8 Financial Responsibility of TNCs. On or before the effective date of this chapter and thereafter:

- I. Every TNC driver, or TNC on behalf of the driver, shall maintain primary motor vehicle insurance that recognizes that the driver is a TNC driver or otherwise uses a vehicle to transport passengers for compensation and covers the driver:
 - (a) While the driver is logged on to the TNC's digital network; or
 - (b) While the driver is engaged in a prearranged ride.
- II. The following motor vehicle insurance requirements shall apply while a participating TNC driver is logged on to the TNC's digital network but is not engaged in a prearranged ride:
- (a) Primary motor vehicle liability insurance, consistent with RSA 259:61, in the amount of at least \$50,000 for death and bodily injury per person; \$100,000 for death and bodily injury per incident; and \$25,000 for property damage, including the duty to defend.
 - (b) Coverage consistent with New Hampshire financial responsibility laws.
 - III. The coverage requirements of paragraph II may be satisfied by any of the following:
 - (a) Motor vehicle insurance maintained by the TNC driver;
 - (b) Motor vehicle insurance maintained by the TNC; or
 - (c) Any combination of subparagraphs (a) and (b).

- IV. The following motor vehicle insurance requirements shall apply while a TNC driver is engaged in a prearranged ride:
- (a) Primary motor vehicle liability insurance, consistent with RSA 259:61, that provides at least \$1,000,000 for death, bodily injury, and property damage and includes the duty to defend.

(b) Coverage consistent with New Hampshire financial responsibility laws.

- V. The coverage requirements of paragraph IV may be satisfied by any of the following:
 - (a) Motor vehicle insurance maintained by the TNC driver;
 - (b) Motor vehicle insurance maintained by the TNC; or
 - (c) Any combination of subparagraphs (a) and (b).

VI. If insurance maintained by the TNC driver in paragraphs II and IV has lapsed or does not provide the required coverage, insurance maintained by the TNC shall provide the coverage required by this section beginning with the first dollar of a claim and shall have the duty to defend and indemnify such claim.

VII. Coverage under a motor vehicle insurance policy maintained by the TNC shall not be dependent on a personal motor vehicle insurer first denying a claim nor shall a personal motor vehicle insurance policy be required to first deny a claim.

VIII. Insurance required by this section shall be placed with an admitted insurer that has the requisite certificate of authority to write motor vehicle insurance pursuant to RSA 401:1. Insurance required under this section may be placed with an unadmitted surplus lines insurer consistent with the provisions of RSA 405:24 through RSA 405:31.

IX. Every TNC driver shall carry physical or electronic proof of coverage satisfying paragraphs II and IV with him or her at all times during his or her use of a vehicle in connection with a TNC's digital network. In the event of an accident, a TNC driver shall provide this insurance coverage information to the directly interested parties, automobile insurers, and investigating police officers. Upon request, a TNC driver shall also disclose to directly interested parties, automobile insurers, and investigating police officers, whether he or she was logged on to the TNC's digital network or on a prearranged ride at the time of an accident.

376-A:9 Disclosures. Before accepting a request for a prearranged ride on the TNC's digital network, every TNC shall disclose in writing to the TNC driver the following:

I. The insurance coverage, including the types of coverage and the limits for each coverage, that the TNC provides while the TNC driver uses a personal vehicle in connection with a TNC's digital network; and

II. That the TNC driver's own motor vehicle insurance policy might not provide any coverage while the TNC driver is logged on to the TNC's digital network or is engaged in a prearranged ride, depending on its terms.

376-A:10 Motor Vehicle Insurance Provisions.

I. Insurers that write motor vehicle insurance in New Hampshire may exclude any and all coverage afforded under the policy issued to an owner or operator of a personal vehicle for any loss or injury that occurs while a TNC driver is logged on to a TNC's digital network or while a driver provides a prearranged ride. The right to exclude all coverage may apply to any coverage included in a motor vehicle insurance policy including, but not limited to:

- (a) Liability coverage for bodily injury and property damage.
- (b) Uninsured and under insured motorist coverage.
- (c) Medical payments coverage.
- (d) Comprehensive physical damage coverage.
- (e) Collision physical damage coverage.

If the coverage has been excluded under this paragraph, and the insurance required to be maintained by the TNC driver under RSA 376-A:8, II and IV has lapsed or does not provide the required coverage, the state financial responsibility requirements in RSA 259:61, I, including costs of defense, shall be satisfied by the TNC's motor vehicle insurance policy, beginning with the first dollar of a claim. Nothing in this section implies or requires that a personal motor vehicle insurance policy provide coverage while the TNC driver is logged on to the TNC's digital network, while the TNC driver is engaged in a prearranged ride, or while the TNC driver otherwise uses a vehicle to transport passengers for compensation. Nothing in this section shall be deemed to preclude an insurer from providing coverage for the TNC driver's vehicle, if it chooses to do so by contract or endorsement.

II. No automobile insurer that excludes the coverage described in RSA 376-A:8 shall have a duty to defend or indemnify any claim expressly excluded thereunder. Nothing in this section shall be deemed to invalidate or limit an exclusion contained in a policy, including any policy in use or approved for use in New Hampshire prior to the enactment of this chapter, that excludes coverage for vehicles used to carry persons or property for a charge or available for hire by the public. An automobile insurer that defends or indemnifies a claim against a driver that is excluded under the terms of its policy, shall have a right of contribution against other insurers that provide automobile insurance to the same driver in satisfaction of the coverage requirements of RSA 376-A:8 at the time of loss.

III. In a claims coverage investigation, TNCs and any insurer potentially providing coverage under RSA 376-A:8 shall cooperate in facilitating the exchange of relevant information with directly involved parties and any insurer of the TNC driver if applicable, including the precise times that a TNC driver logged on and off of the TNC's digital network in the 12 hour period immediately preceding and in the 12 hour period immediately following the accident and disclose to one another a clear description of the coverage, exclusions, and limits provided under any automobile insurance maintained under RSA 376-A:8.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Sanborn offered floor amendment (0405h).

Floor Amendment (0405h)

Amend RSA 376-A:3, II as inserted by section 1 of the bill by replacing it with the following:

II. The department shall issue a permit to each applicant that meets the requirements for a TNC under this chapter, and pays an annual permit fee of \$500 to the department.

Rep. Sanborn spoke in favor.

Rep. Steven Smith spoke in favor and yielded to questions.

Floor amendment (0405h) adopted.

Majority committee report adopted and referred to the Committee on Commerce and Consumer Affairs.

BILLS REMOVED FROM THE CONSENT CALENDAR

HB 1389, prohibiting a town meeting from materially changing a petitioned warrant article in a town that has adopted the official ballot referendum form of meeting. INEXPEDIENT TO LEGISLATE. Rep. Bruce Tatro for Municipal and County Government. This bill would change the way a petitioned warrant article is treated in a deliberative session and would treat petitioned warrant articles differently in SB 2 communities and in traditional town meeting communities. A petitioned warrant article is already restricted as to the changes which may be made to it before it is presented to the voters. After it is introduced to the voters is it should be treated like any other warrant article. The petition restrictions are only applicable to protect the article from being changed prior to introduction at the meeting where the voters have control over the article. Not allowing the voters to change one article while allowing changes to another is discriminatory and results in unequal treatment between articles. It could be used to convince submitters to make sure all articles presented to the town meeting are petitioned articles which would remove the ability for the voters to enact changes and significantly reduce the reasons for attending the deliberative session which is already affected with low attendance. There is also no reason to treat a petitioned warrant article in an official ballot municipality differently than one in a traditional meeting municipality. Vote 13-3.

Rep. Spillane spoke against and yielded to questions.

Rep. Tatro spoke in favor and yielded to questions.

On a division vote, with 194 members having voted in the affirmative and 100 in the negative, the committee report was adopted.

HB 1621-FN-L, relative to sanctuary cities. INEXPEDIENT TO LEGISLATE.

Rep. James Belanger for Municipal and County Government. A sanctuary city is a municipality that has opted not to enforce any immigration laws and allow those illegals to reside in their community. There are currently no sanctuary cities in NH and committee members doubted there ever would be. This bill would simply mandate that there could not be such a community in the state and the committee felt it was unnecessary. Testimony was heard regarding pitfalls of a community

allowing such residency but, in the end, the question was legislation that would prohibit something from existing that was highly unlikely to exist in the first place. Imposing legislation upon communities to prevent something from happening that was unlikely to happen is precedent setting and might open the door to a huge amount of prohibitive legislation. NH is a permissive state and we all know that municipalities can now only do what is permitted by the state. Since sanctuary cities are not permitted then they are deemed to be prohibited and this bill is unnecessary. Vote 13-2.

MOTION TO LAY ON THE TABLE

Rep. Potucek moved that **HB 1621-FN-L**, relative to sanctuary cities, be laid on the table. On a division vote, with 247 members having voted in the affirmative and 47 in the negative, the motion was adopted.

BILLS REMOVED FROM THE CONSENT CALENDAR CONT'D

HB 1295-FN, eliminating the bureau of certificate of title. **INEXPEDIENT TO LEGISLATE**. Rep. Larry Gagne for Transportation. This bill would eliminate the Bureau of Certificate of Title and would decrease state revenue by over \$10 million in the first year. Additionally vehicle titles prove ownership, adding value both to citizens and businesses. Vote 18-0.

Rep. Marple spoke against.

Rep. Steven Smith spoke in favor.

Committee report adopted.

RESOLUTION

Rep. Hinch offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet, Wednesday, February 10, 2016 at 10:00 a.m..

LATE SESSION

Third Reading and Final Passage

HB 1651, relative to the duties of the commission to review child abuse fatalities.

HB 1375, relative to charter commissions for budgets in official ballot jurisdictions.

HB 1272-FN, relative to bus transportation for chartered public school students.

HB 1127, relative to qualifications of referees in the superior courts and circuit courts.

HB 1212, naming welcome center at exit 44 on Interstate 93 in honor of Raymond S. Burton.

UNANIMOUS CONSENT

Rep. Fothergill requested Unanimous Consent of the House regarding Cancer prevention month.

Rep. Fothergill addressed the House.

RECESS MOTION

Rep. Hinch moved that the House stand in recess for the purposes of the introduction of bills, receiving Senate messages, enrolled bill amendments and enrolled bill reports.

Motion adopted.

The House recessed at 4:45 p.m.

RECESS

(Rep. Kotowski in the Chair) RESOLUTION

Rep. Ebel offered the following: RESOLVED, that late drafting and introduction having been approved by the Rules Committee and in accordance with the list in the possession of the Clerk, House Bills numbered 1700 and 1701 shall be by this resolution read a first and second time by the therein listed titles, sent for printing and referred to the therein designated committees. Motion adopted.

INTRODUCTION OF HOUSE BILLS

First, second reading and referral

HB 1700-FN, relative to abuse-deterrent opioid drug products. (Sherman, Rock 24: Rosenwald, Hills 30; Hinch, Hills 21; Bradley, Dist 3: Commerce and Consumer Affairs)
HB 1701-FN, relative to specialty care in drop-in or walk-in clinics. (Hannon, Straf 25: Health, Human Services and Elderly Affairs)

COMMITTEE ASSIGNMENT

The Speaker made the following changes to committee assignment: Rep. Jeffrey Shackett on the Committee on Public Works and Highways.

RECESS

(Rep. Tholl in the Chair) ENROLLED BILL AMENDMENT

 ${\bf SB}$ 146, relative to accessory dwelling units. (Amendment printed SJ 2-11-16) Adopted.

SENATE MESSAGES REFERRED FOR INTERIM STUDY

HB 141, relative to rulemaking authority concerning practice standards and safe and secure operation of pharmacies.

CONCURRENCE WITH AMENDMENTS

SB 144, relative to carry-over coverall bingo and shared carry-over coverall bingo.

NONCONCURRENCE WITH AMENDMENTS

SB 45, establishing a commission to study opioid use in workers' compensation cases. **SB 64-FN**, relative to payment for filling prescriptions and enforcement concerning prices for filling certain prescriptions.

RECESS

(Speaker Jasper in the Chair)

Rep. Hinch moved that the House adjourn. Motion adopted.

HOUSE JOURNAL NO. 6

Wednesday, February 10, 2016

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by House Chaplain, Reverend Kate Atkinson, Rector of St. Paul's Church in Concord. Timeless, eternal God, we give You thanks for the reminder we receive on this holy day: that we come from dust and will one day return to dust. Whatever our individual beliefs or creed or tradition may be. we all share a common mortality. Inspire us to treasure this wondrous gift of life to use our time on earth wisely, and to make the most of every opportunity. Help us to focus on those things that are life-giving, and strengthen us to accomplish all that we are called to do, to use our time and our gifts wisely and well.

A Prayer of Saint Augustine

Almighty God, in whom we live and move and have our being. You have made us for yourself and our hearts are restless until they rest in You: Grant us purity of heart and strength of purpose, That no selfish passion may hinder us from knowing Your will: No weakness from doing it: But that in Your light we may see light To the glory of Your name. Amen.

Representative Pearson, member from Keene, led the Pledge of Allegiance.

The National Anthem was performed by a quintet from the New Hampshire Symphony; Jacqueline DeVoe on the flute; Andrea Bonsignore on the Oboe; Marguerite Levin on the Clarinet; Michael Weinstein on the Horn; and Gregory Newton on the Bassoon.

LEAVES OF ABSENCE

Reps. Chris Brown, Comtois, Emerson, Forest, Gardner, Gargasz, Kellogg, Knowles, Major, Marston, Priestley, Sanders, Twombly, Robert Walsh and Wheeler, the day, illness. Reps. Barry, Bouldin, Bush, Fisher, Goulette, Hess, Hurt, Oligny, Russell, Sanborn and Tamburello,

the day, important business.

INTRODUCTION OF GUESTS

Madison Norris, student at Hollis-Brookline High School, Page for the day.

Bebe Casey, guest of Rep. Ebel. Aileen Cormier, guest of Rep. Balcom. Gates Ingram, guest of Rep. Ticehurst. Joe Doiron, guest of Rep. Joe Sweeney. Rosanna Eubank and Kai Dude, guests of Rep. Douglas Long. Ann Royce and Heather Ames, guest and wife of Rep. Ames. Honorable Suzanne Mercer Vail, former member from Nashua, guest of Reps. Horrigan and Harvey. Fourth Graders from Broken Ground School in Concord, guests of the House.

INTRODUCTION OF SPECIAL GUESTS

Christopher Kobach, Secretary of State for the State of Kansas, guest of the House.

CONSENT CALENDAR

Rep. Hinch moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

HB 1495-FN-L, relative to insurance incentives to lower costs of health care, removed by Rep. Kurk.

HB 1189-FN, relative to aid granted to Dartmouth College to assist indigent students from New Hampshire, removed by Rep. Cushing.

HB 1566-FN, relative to out-of-state transportation companies, removed by Rep. Martel.

HB 1581-FN-A, establishing a special marriage officiant license, removed by Rep. Cushing.

HB 1593-FN-L, restricting fees for obtaining copies of public records and requiring certain information on public official and legislative financial disclosure forms, removed by Rep. Hoell.

HB 1693-FN-L, abolishing fluoridation in water, removed by Rep. Valerie Fraser.

Consent Calendar adopted.

HB 1434-FN, relative to out-of-home placements under the child protection act. OUGHT TO PASS WITH AMENDMENT.

Rep. Kimberly Rice for Children and Family Law. This bill as amended reinforces the requirement that the judges provide a written finding to keep a child in out-of-home placement after the preliminary hearing of an abuse and neglect proceeding. The written finding gives the estranged child and parent facts to rebut for reconsideration, de novo hearing, or appeal. This is a further attempt to ensure removal from the home only occurs when necessary. Vote 14-2.

Amendment (0225h)

Amend the bill by replacing all after the enacting clause with the following:

1 Statement of Findings. The general court finds that the relationship between children and their parents is so fundamental to the wellbeing of society that unwarranted interference in that relationship is a harm to children, parents, and society as a whole. Furthermore, the failure to enumerate offenses is a violation of the Constitution of the State of New Hampshire Part 1, Article 15.

2 New Paragraphs; Child's Welfare and Findings Regarding Removal. Amend RSA 169-C:6-b

by inserting after paragraph II the following new paragraphs:

- III. If the court orders that a child be removed from his or her home at the preliminary hearing under RSA 169-C:15, the adjudicatory hearing under RSA 169-C:18, the dispositional hearing under RSA 169-C:19, or the final hearing under RSA 169-C:21, the court order for removal shall include specific written findings regarding the need for the out-of-home placement. The order shall enumerate specific instances of abuse or neglect, include a general description of incidents and dates where available, and summarize the evidence the court relied upon in ordering the placement.
- IV. If the removal order does not comply with the requirements of paragraph III, the judge shall make a written finding to justify the out-of-home placement.
 - 3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill requires an order to remove a child from his or her home under the child protection act to include written findings with regard to the need for the out-of-home placement.

Referred to the Committee on Criminal Justice and Public Safety.

HB 1159-FN, relative to sale of tobacco products. REFER FOR INTERIM STUDY.

Rep. Pamela Tucker for Commerce and Consumer Affairs. This bill's original intent was to clarify the definition of tobacco products in the state liquor laws. After further discussion we found too many issues with the language in the statutes and determined that we need to recodify our statutes. The committee recommends referring this bill for Interim Study in order to address these inconsistencies and to provide an opportunity to create the right language. Vote 19-1.

HB 1182-FN, relative to fees for sales of wine by manufacturers. OUGHT TO PASS WITH AMENDMENT.

Rep. Pamela Tucker for Commerce and Consumer Affairs. This bill, as amended, forms a study committee to find the right balance for applying the tax on wine manufacturers and to bring the reporting requirements in line with federal reporting requirements. Currently, New Hampshire taxes wine sold by manufacturers directly to consumers at 5% of the retail sale price. Reporting for the federal government is based on gallons, not dollars, so the committee hopes to find a more efficient way to combine the tax. This committee's responsibility is to rectify this difference and make it easier for our wine manufacturers to do the reporting. Vote 18-1.

Amendment (0260h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study fees for sales of wine by manufacturers.

Amend the bill by replacing all after the enacting clause with the following:

- 1 Committee Established. There is established a committee to study fees for sales of wine by manufacturers.
 - 2 Membership and Compensation.
 - I. The members of the committee shall be as follows:
- (a) Three members of the house of representatives, appointed by the speaker of the house of representatives.

- (b) One member of the senate, appointed by the president of the senate.
- II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.
- 3 Duties. The committee shall study fees for sales of wine by manufacturers. The committee's study shall include an examination of federal reporting requirements for wine manufacturers licensed in New Hampshire. The committee shall determine what fee would be revenue neutral if New Hampshire switched from the current percentage of sales fee to a per gallon fee for wine manufacturers. The committee shall solicit input from the liquor commission, other state agencies, and private businesses as deemed relevant to the committee.
- 4 Chairperson; Quorum. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Three members of the committee shall constitute a quorum.
- 5 Report. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the president of the senate, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 2016.
 - 6 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a committee to study fees for sales of wine by manufacturers. Referred to the Committee on Ways and Means.

HB 1685-FN, relative to mortgage bankers, brokers, and services. OUGHT TO PASS WITH AMENDMENT.

Rep. Laurie Sanborn for Commerce and Consumer Affairs. This bill makes several common sense changes in an effort to clean up, organize and clarify regulations related to mortgage servers. It also simplifies the advertising disclosure requirements and removes the requirement for annual reports because the Banking Department now receives quarterly reports through the Nationwide Mortgage Licensing System and Registry (NMLS). The committee amendment restores an exemption for three real estate transactions in a 12-month period, makes a typographical correction and ensures that the maximum penalty for not filing reports remains the same as the current law. Vote 17-0.

Amendment (0388h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to mortgage bankers, brokers, and servicers.

Amend RSA 397-A:4 as inserted by section 1 of the bill by inserting after paragraph IV the following new paragraph:

V. An owner of real property who, in any consecutive 12-month period, makes no more than 3 mortgage loans to purchasers of the property for all or part of the purchase price of the real estate against which the mortgage is secured.

Amend RSA 397-A:16, I as inserted by section 1 of the bill by replacing it with the following:

I. Mortgage bankers, mortgage brokers, or mortgage servicers may charge fees and points for services rendered in conjunction with the origination, closing, and servicing of loans. If any fee is collected in advance of the closing of the loan, the mortgage banker or mortgage broker shall provide the borrower with a written explanation of the purpose and disposition of the fee. A mortgage banker or mortgage broker may charge an application fee which may include the direct costs incurred by the mortgage banker or mortgage broker for processing an application, and for a real estate appraisal, a credit bureau report, or income verification, or other third party services.

Amend RSA 397-A:13, V as inserted by section 1 of the bill by replacing it with the following:

V. Any mortgage banker, mortgage broker, or mortgage servicer failing to file the mortgage call report required by this section within the time prescribed may be required to pay to the department a penalty of \$25 for each calendar day the mortgage call report is overdue up to a maximum penalty of \$625 per mortgage call report.

AMENDED ANALYSIS

This bill defines and regulates mortgage servicers. Referred to the Committee on Ways and Means.

HB 1584-FN, relative to minimum and maximum sentences for felony convictions. OUGHT TO PASS WITH AMENDMENT.

Rep. Dick Marston for Criminal Justice and Public Safety. This bill as introduced dealt with minimum and maximum sentences for felony convictions. The committee believes that the credit for serving time in county jails in lieu of paying a fine, which has not been updated in 20 years, needs to be addressed. The amendment, which replaces the bill, brings the daily rate from \$50 per day to \$125 per day which more accurately reflects the actual cost of incarceration. The association of counties states that there will be no added cost to the counties and the committee believes that it will also reduce costs to the counties. Vote 14-0.

Amendment (0100h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the discharge of a person committed for nonpayment of a fine.

Amend the bill by replacing all after the enacting clause with the following:

1 Discharge of Person Committed in Default of Payment of Fine. Amend RSA 618:8 and 618:9 to read as follows:

618:8 At End of Term, or on Payment of Balance. Any person sentenced conditionally to pay a fine or to be imprisoned for a term shall be discharged at the expiration of the term, and may be discharged at any time on payment of the balance of the fine, after deducting [\$50] \$125 for each

day such person has been imprisoned under the sentence.

618:9 Committal for Nonpayment; Term. Whenever a person is committed to a county correctional facility in default of payment of a fine imposed by a justice of a superior court or a district court, he or she shall be discharged from custody by the superintendent thereof at the expiration of a number of days after the date of his or her commitment equal to one day for each [\$50] \$125 of the fine so imposed. The superintendent shall keep a record of all discharges made under the provisions of this section.

2 Effective Date. This act shall take effect January 1, 2017.

AMENDED ANALYSIS

The bill increases the daily amount deducted for a person who is committed for nonpayment of a fine. Referred to the Committee on Ways and Means.

HB 1675-FN-A, relative to the legalization and taxation of marijuana. INEXPEDIENT TO LEGISLATE.

Rep. Arthur Barnes for Criminal Justice and Public Safety. This bill would legalize the possession of 2.2 pounds of marijuana for personal use for persons over the age of 18, license wholesale and retail sale of marijuana, and create marijuana retail sales cultivation and testing facilities. It would allow the cultivation of 6 plants for personal use and establish a \$30 per ounce tax on marijuana at the wholesale level. The committee felt that adopting this bill would send the wrong message during the time of an opioid crisis and that the amount legalized is excessive, allowing those under 18 ample ways to obtain this federally illegal drug. Vote 14-1.

HB 1351, relative to the laws governing chartered public schools. INEXPEDIENT TO LEGISLATE. Rep. James Grenier for Education. This bill would require all charter schools to comply with the same laws and rules governing regular public schools. The members of the House Education recognized this bill would destroy the concept of charter schools and they would cease to exist. Vote 19-0.

HB 1485, relative to private rights of action under the pupil safety and violence prevention act. **INEXPEDIENT TO LEGISLATE.**

Rep. Glenn Cordelli for Education. This bill grew out of a case of bullying in which the school principal ignored the situation. The proposed remedy, however, would expose the school district to many lawsuits and massive legal bills. Suits could be brought whenever a parent was not satisfied with the district remedy, or even unaware of the remedy. Vote 18-2.

HB 1652-FN-A, establishing a teacher preparation for mathematics education scholarship program. **REFER FOR INTERIM STUDY.**

Rep. Mary Heath for Education. The Education Committee finds unanimously that this bill needs further research, reviews and development. The committee recognizes the difficulty in securing qualified mathematics educators and that the NH Department of Education lists "Mathematics Educator" on the critical shortage list and has done so for over ten years. The committee also recognizes the need to fully engage the NH University System Teacher Preparation Programs in the design of a plan

to increase the numbers of qualified math educators in our schools. Furthermore, after a review of student math scores over the last ten years and the impetus to improve such scores, the committee requests Interim Study with regard to the most effective ways to recruit and attract mathematic teachers and to explore a variety of options from scholarships to loan forgiveness to increase the number of math educators. Vote 20-0.

HB 1667-FN-L, repealing the statutes authorizing the department of education. INEXPEDIENT TO LEGISLATE.

Rep. Terry Wolf for Education. The NH Department of Education has many roles, such as the oversight of higher education, standards and certification, school building aid, educational credentialing and career school licensing. This bill would eliminate the DOE's role in each of these areas. Vote 19-0.

HB 1292, relative to the use of abandoned agricultural property. OUGHT TO PASS.

Rep. Michele Peckham for Environment and Agriculture. RSA 674:32-b, the Right to Farm statute, refers to the "disuse" of farmland in two places. This bill simply changes the word "disuse" to "abandonment" in order to protect farmers who, through no fault of their own, let their land fall into disuse for a season because of illness, accident, or generational transfer of the farm. The word "abandonment" implies that the farmer left without an intent to come back to farming. Vote 17-0. Referred to the Committee on Municipal and County Government.

HB 1404-FN, relative to certain director positions in the insurance department. OUGHT TO PASS WITH AMENDMENT.

Rep. Peter Schmidt for Executive Departments and Administration. This bill is a request of the Insurance Department and constitutes a housekeeping action, allowing the department to manage several already existing positions in a more efficient manner. This change will enable the department to more effectively and competitively recruit staff replacements in the future. Vote 15-1.

Amendment (0079h)

Amend the bill by replacing sections 1 and 2 with the following:

1 Insurance Department; Department Positions. Amend RSA 400-A:6, VII to read as follows:

VII. The commissioner shall appoint, as the commissioner's assistants, a director of examinations, a life, accident and health director, a life, accident and health actuary, a health policy legal counsel, a health care policy analyst, a health care statistician, a general counsel, an insurance fraud attorney, a senior insurance fraud investigator, a property and casualty director, a property and casualty actuary, an assistant property and casualty actuary, a workers' compensation analyst, a compliance and enforcement counsel, a communications director, and a health reform coordinator, each of whom shall serve at the pleasure of the commissioner during good behavior. The director of examinations, life, accident and health director, life, accident and health actuary, health policy legal counsel, health care policy analyst, health care statistician, general counsel, insurance fraud attorney, senior insurance fraud investigator, property and casualty director, property and casualty actuary, assistant property and casualty actuary, workers' compensation analyst, compliance and enforcement counsel, communications director, and health reform coordinator, shall perform such duties and exercise such powers as the commissioner may authorize.

2 Insurance Department; Department Positions. RSA 400-A:6, VII is repealed and reenacted to read as follows:

VII. The commissioner shall appoint, as the commissioner's assistants, a director of examinations, a life accident and health director, a life, accident and health actuary, a health policy legal counsel, a health care policy analyst, a health care statistician, a general counsel, an insurance fraud attorney, a senior insurance fraud investigator, a property and casualty director, a property and casualty actuary, an assistant property and casualty actuary, a workers' compensation analyst, a compliance and enforcement counsel, a financial examination supervisor, a communications director, and a health reform coordinator, each of whom shall serve at the pleasure of the commissioner during good behavior. The director of examinations, life, accident and health director, life, accident and health actuary, health policy legal counsel, health care policy analyst, health care statistician, general counsel, insurance fraud attorney, senior insurance fraud investigator, property and casualty director, property and casualty actuary, assistant property and casualty actuary, workers' compensation analyst, compliance and enforcement counsel, communications director, and health reform coordinator, shall perform such duties and exercise such powers as the commissioner may authorize.

Referred to the Committee on Finance.

HB 1556-FN, relative to Lucky 7 tickets. REFER FOR INTERIM STUDY.

Rep. Jeffrey Goley for Executive Departments and Administration. This bill would increase the maximum price for a Lucky 7 ticket from \$.50 to \$1, increase the hours of sales of Lucky 7 tickets, and increase the deal fee. This bill is very similar to HB 1545 which is currently in the Ways and Means Committee, so the sponsor and majority of the ED&A Committee agreed to refer the bill for Interim Study. Vote 15-1.

HB 1594-FN, relative to emergency medical services. OUGHT TO PASS WITH AMENDMENT. Rep. Mark Proulx for Executive Departments and Administration. This bill amends the regulation of emergency medical care providers so that it is more in line with the regulation of other medical professions. It provides increased safety to patients by requiring a criminal history record check for licensure and expanding the grounds for license revocation. It also allows emergency medical providers to work in all licensed health care facilities in addition to hospitals. Vote 14-1.

Amendment (0192h)

Amend the bill by inserting after section 6 the following and renumbering the original section 7 to read as 8, respectively:

7 Emergency Medical Services; Definitions. Amend RSA 153-A:2, XI to read as follows:

XI. "Facility" means a hospital as defined in RSA 151:2, I(a) and (d).

Referred to the Committee on Criminal Justice and Public Safety.

HB 1671-FN, establishing an office of inspector general. INEXPEDIENT TO LEGISLATE.

Rep. J.R. Hoell for Executive Departments and Administration. This bill seeks to create an office of Inspector General. This office would be tasked with the initiation of inspections to address fraud and abuse. The office would also be the agency to receive any criminal complaints regarding abuse by government. Sponsors of the bill expressed support for another bill with a similar purpose. The similar bill, HB 1433, establishes an Office of Ombudsman in the Department of State. The committee would like to work further on this concept and therefore believes that HB 1671 is not necessary. Vote 14-0.

HB 1373-FN, adding 2 alternative treatment centers under the law governing use of cannabis for therapeutic purposes. **INEXPEDIENT TO LEGISLATE**.

Rep. Stephen Schmidt for Health, Human Services and Elderly Affairs. The medical cannabis law is still in the early implementation stage. The committee felt it was inappropriate at this time to consider changes to the law. Following full implementation and evaluation of the program, recommended changes may be suggested to the medical cannabis council for consideration. Vote 15-0.

HB 1520, relative to the membership of the medical review subcommittee. INEXPEDIENT TO LEGISLATE.

Rep. John Fothergill for Health, Human Services and Elderly Affairs. This bill is not necessary because the intent to increase the membership of the medical review subcommittee by adding 2 additional physician members was accomplished in SB 576 (Chapter 2, Laws of 2016) which was signed into law in January this year. Vote 16-0.

HB 1550-FN, relative to the duties of the ombudsman. INEXPEDIENT TO LEGISLATE.

Rep. Joanne Ward for Health, Human Services and Elderly Affairs. Although well meaning, this bill would expand the duties of the Ombudsman Office of the Department of Health and Human Services to investigate any complaints against the office from not only clients and caregiver, but to any family member. The Office of the Ombudsman is fully staffed and timely investigates complaints. It was the finding of the committee that this level of involvement was not necessary and would add significant costs to the program. Vote 18-0.

HB 1565-FN, relative to transportation companies under the Medicaid managed care program. **INEXPEDIENT TO LEGISLATE.**

Rep. Donald LeBrun for Health, Human Services and Elderly Affairs. It is the opinion of the committee that this bill would be better handled as a contractual issue. This determination came as the result of lengthy debate from numerous presenters. There is no need for legislation. Vote 15-1.

HB 1573-FN, relative to brokers arranging transportation for Medicaid patients. **INEXPEDIENT TO LEGISLATE.**

Rep. Kendall Snow for Health, Human Services and Elderly Affairs. This bill which gives first priority to in-state transportation companies, is unclear as to which programs it impacts, whether

it applies to who gets first priority when contracting with providers, or scheduling transits. Also discriminating against out-of-state providers will institute a violation of medicaid and Medicare statutes and could threaten receiving federal matching funds. Vote 15-1.

HB 1668-FN, establishing a registry for persons convicted of heroin-related offenses and requiring registration of heroin offenders. INEXPEDIENT TO LEGISLATE.

Rep. John Fothergill for Health, Human Services and Elderly Affairs. This bill establishes a registry of persons convicted of heroin-related offenses. The vast majority of testimony was against the bill, including from the NH Department of Safety. The committee felt the bill would create an undue hardship for people trying to reclaim their life through treatment or rehabilitation. Vote 15-0.

HB 1574-FN-A, relative to the penalty assessment fund and requiring payment into the penalty assessment for persons performing court-mandated community service. INEXPEDIENT TO LEGISLATE.

Rep. Joseph Hagan for Judiciary. Under current law, clerks of each court collect penalty assessments and distribute 66.6% to New Hampshire Police Standards and Training (Police Academy) and the remaining 33.3% equally to the Victim's Assistance Fund and Judicial Branch Information Technology Fund, the latter which funds the E-court initiatives. This bill would remove the Judicial Branch Information Technology Fund from the revenue stream of penalty assessments, putting the modernization of the courts at risk. The committee recognized the need for funding police training but not at the expense of modernizing court processes in the computer age. In addition, this bill would have assessed a \$2.00 per hour penalty for community service which the committee felt violated the spirit of assessing service in lieu of fine. Vote 16-0.

HB 1611-FN-L, allowing a public body or agency to charge a fee for costs of retrieving public records under the right-to-know law. INEXPEDIENT TO LEGISLATE.

Rep. Michael Sylvia for Judiciary. This bill would allow a public body to charge for the cost of retrieving, copying and redacting confidential and other exempt information requested under the right-to-know law. While the majority believes there should be a limit to excessive requests under RSA 91-A, the committee felt public bodies currently have the ability to fend off frivolous requests. The bill as written would create a barrier to government transparency. Vote 16-1.

HB 1531, permitting the legislature to open the state house on weekends. OUGHT TO PASS. Rep. Stephen Shurtleff for Legislative Administration. This bill would allow the New Hampshire

Hegislature to enter into a memorandum of understanding with a non-profit entity to enable the New Hampshire State House to be open on Saturdays. The memorandum would address issues including security, staffing, hours of operation, and janitorial services. All expenses incurred would be borne by the non-profit entity. The final memorandum must be approved by the Joint Facilities Committee before Saturday openings would be permitted. Vote 9-0.

Referred to the Committee on Finance.

HB 1602-FN-A-L, establishing a road usage fee and making an appropriation therefor. REFER FOR INTERIM STUDY.

Rep. Mark McConkey for Public Works and Highways. The bill evolved from a mechanism to create a fair and level playing field for alternative fuel vehicles to ensure owners of these vehicles pay their fair share for using New Hampshire's roads and bridges. While many feel this concept should be adopted the proposed bill evolved into what some consider a way to raise extra revenue for the Department of Transportation. The proposed bill would not only level the playing field for alternative fuel vehicles but would have raised fees on so-called high mileage vehicles. The full committee supports a recommendation of Interim Study. Vote 18-0.

HB 1291, eliminating the land use board, establishing an advisory board, and requiring approval of federal land acquisitions by the governor, executive council, and general court. **INEXPEDIENT TO LEGISLATE.**

Rep. Judith Spang for Resources, Recreation and Development. This bill addresses the process by which the federal government acquires land in New Hampshire. The committee felt that adding a vote of the General Court to the approval process that already includes the Governor and Council, the Department of Resources and Economic Development (DRED), and a local municipal vote is excessive. The proposed advisory board of five landowners to review federal land acquisition

would not include membership specifically from the area involved. The current process is thorough. DRED evaluates the terms and conditions of acquisitions and adherence to NH statutory limits on the amount of land the federal government can own in the state. The percentage of a municipality's total assessed valuation that the federal government may own is being addressed by another House bill. Vote 16-0.

HB 1536-FN-A, relative to funding for search and rescue operations of the fish and game department, and applying resident fishing licenses to use by the purchaser's family. INEXPEDIENT TO LEGISLATE. Rep. David Russell for Resources, Recreation and Development. The funding for search and rescue operations by the Fish and Game Department comes from boat, snowmobile, and OHRV registrations. If there is a shortfall, the department pays for the remainder using hunting and fishing license revenue. Removing this dedicated source of funding and replacing it with an appropriation from the General Fund was not seen as a stable source of revenue for the program and also loses out on any future revenue growth from increased numbers of registrations. Testimony from the department shows that the Search and Rescue Fund will close without a deficit. Regarding the part of the bill creating a family-fishing license, children under 16 already do not need a license to fish. Such a license would also create a challenge for enforcement, requiring conservation officers to verify the marital status of an adult fishing under another person's license. Vote 17-0.

HB 1149, requiring a royalty on the price of natural gas conveyed by pipeline intended for use in a foreign country. INEXPEDIENT TO LEGISLATE.

Rep. Douglas Thomas for Science, Technology and Energy. This bill seeks to compensate property owners directly affected by any pipeline or utility company by charging a royalty on all natural gas specifically exported for use in a foreign country. This would be in addition to any compensation previously given to the landowners by the transmission company. The committee heard testimony that this could be in direct contradiction to the Commerce Clause of the US Constitution on those projects that are interstate. Although a few states do charge royalties on gas production, there is no production within New Hampshire. Pipeline companies do not own the gas; they are merely a transporter of product. Although well-intended, additional fees would be passed on to all ratepayers. For these reasons, the committee cannot support this bill. Vote 18-0.

HB 1337, relative to rules of the public utilities commission on requiring deposits after disconnect notices to customers. INEXPEDIENT TO LEGISLATE.

Rep. Michael Vose for Science, Technology and Energy. This bill seeks to prohibit a utility from requiring a deposit from a customer who received a disconnect notice. Testimony indicated that current Public Utilities Commission rules permit waivers to low-income customers and allow deposits to be paid in up to three installments. Utility representatives testified that this legislation might make them reluctant to work with customers. Should customers default on their deposits, other ratepayers would be left having to pay for delinquent accounts. The bill also opens the door to limiting deposits for commercial customers. Deposits are a long-standing utility best practice. At least one utility has suspended deposits pending a review of their usefulness. Vote 19-0.

HB 1352-FN, relative to the penalty for retirement system employers' noncompliance with reporting requirements for retirees. **OUGHT TO PASS WITH AMENDMENT**.

Rep. Frank Byron for Special Committee on Public Employee Pension Plans. The bill as amended clarifies the retiree compensation data reporting requirements and penalty assessment criteria applied by the New Hampshire Retirement System (NHRS). The bill clarifies that retirees who receive compensation while serving in an elected capacity are not required to report. The bill further specifies that before a penalty is levied by NHRS a municipality will be afforded an opportunity to show cause why a penalty is not warranted. Vote 10-0.

Amendment (0250h)

Amend the bill by replacing section 1 with the following:

1 Retirement System; Compensation Data Reporting; Penalty. Amend RSA 100-A:16, VII to read as follows:

VII.(a) Every employer shall report to the retirement system monthly, in a format provided by the retirement system, all compensation paid by the employer to retired members of the retirement system, including the name of, and the total hours worked, for each retired member of the retirement system, except that an employer shall not include in the report the compensation and hours worked by a retiree for serving as an elected state official or as an elected official of a political subdivision in either a group I or group II position.

(b) Notwithstanding any other provision of law, employers [shall] may be subject to a penalty of up to \$25 per day for non-compliance with the data reporting requirements of subparagraph (a), including data that was not timely remitted or data that cannot be processed at the times designated by the board of trustees due to data reporting errors by the employer. [The board may abate all or any part of the penalty upon] Before a penalty is assessed, the board shall notify the employer in writing of the noncompliance, identifying the reasons for the finding of noncompliance, and shall request the employer to explain to the board in writing within 30 days of the notification how the noncompliance occurred. Upon expiration of the 30 day period, the board may impose all or a portion of the penalty provided for in this paragraph, unless there is a showing that the employer did not willfully, intentionally, through gross negligence, or through a pattern of negligence fail to file the data as required.

AMENDED ANALYSIS

This bill requires the retirement system board of trustees to give employers notice and an opportunity to explain before the penalty for retirement system employer noncompliance with the data reporting requirements may be assessed.

Referred to the Committee on Finance.

HB 1672-FN-A-L, relative to excess federal matching funds, property tax relief, and general fund appropriations. **INEXPEDIENT TO LEGISLATE.**

Rep. Gary Azarian for Ways and Means. The bill, as written, provides for the transfer of any excess above \$100 million in the Revenue Stabilization Reserve Account (Rainy Day Fund) be used for property tax relief for low-income NH residents. The bill gave no specifics on how this would be administered and both the Department of Treasury and the Department of Revenue Administration expressed concern with its methodology. Vote 20-0.

REGULAR CALENDAR

HB 1551-FN-A, establishing the John and Molly Stark scholarship program and making an appropriation therefor. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Mary Gile for the Majority of Education. This bill as amended establishes the John and Molly Stark Scholarship program to provide public postsecondary education and training opportunities to every graduate of a NH public secondary school by providing a one half-tuition scholarship for a maximum of three years. Applicants must be a New Hampshire resident and shall maintain a 2.75 grade point average. Scholarship recipients shall be required to work in New Hampshire for a minimum of four years after graduation, or shall repay the scholarship amount received in full. Vote 16-2.

Rep. Glenn Cordelli for the Minority of Education. The minority is concerned with the requirement for the scholarship recipient to work in New Hampshire for four years after graduation. How will recipients be tracked as to their place of employment? Will the Department of Education continue tracking students through college and future employment? In addition, what if the recipient decides to join the military? Would that require a scholarship repayment? The intent is good, but there are problems with the future execution.

Majority Amendment (0182h)

Amend RSA 21-N:8-c, III as inserted by section 2 of the bill by replacing it with the following:

III. Applicants who are selected to receive a scholarship under this program shall maintain a 2.75 grade point average and meet such other criteria as may be established in this section. Applicants selected shall receive a 1/2 tuition scholarship for the applicable tuition and fees, reduced by the amount of any other scholarship aid they may receive. The scholarship shall be for a maximum of 3 years. Scholarship recipients shall be required to work in the state of New Hampshire for a minimum of 4 years after graduation or shall repay the scholarship amount received in full. Rep. Cordelli spoke against and yielded to questions.

Rep. Gile spoke in favor.

Rep. Ladd yielded to questions.

On a division vote, with 223 members having voted in the affirmative and 114 in the negative, the majority committee amendment was adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. On a division vote, with 205 members having voted in the affirmative and 139 in the negative, the majority committee report was adopted and referred to the Committee on Finance.

HB 1561-FN, relative to freedom of expression on college campuses. REFER FOR INTERIM STUDY.

Rep. Ralph Boehm for Education. The committee is in favor of freedom of speech. There are some good aspects to this bill, but there are concerns with sections of the bill that require more study, including cost impacts to the University and Community College System. Vote 14-3. Committee report adopted.

HB 1563-FN-L, relative to funding for full-day kindergarten pupils. MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Mary Heath for the Majority of Education. This bill does not mandate, or require school districts to provide full day kindergarten, nor does it require mandatory kindergarten attendance. This bill provides full day kindergarten programs with "Average Daily Membership in Attendance" or ADMA. The Education Committee heard overwhelming testimony in favor of this bill with no one from the public opposing the bill. NH mandates that all NH school districts provide the opportunity for public kindergarten. This bill simply provides full day programs with ADMA and gives those districts making that full day commitment to its five year olds the same benefit it provides in grades 1-12. This bill also offers the same effort within our Public Charter Schools. Vote 10-9.

Rep. Terry Wolf for the Minority of Education. Many communities in NH offer full-day kindergarten. The minority feels adjustments to the adequacy formula, such as fully funding catastrophic and building aid is a better way to support ALL school districts. There is also concern changing the formula from half-day to full-day kindergarten would create the perception of a mandate and lead to the elimination of successful part-time programs.

The question being adoption of the majority committee report of Ought to Pass.

Rep. Ladd spoke against and yielded to questions. Rep. Luneau spoke in favor and yielded to questions. Rep. Myler spoke in favor and requested a roll call; sufficiently seconded.

and the minority committee report was adopted.

HB 1604-FN-A-L, relative to exceptional student education programs and providing funding therefor. **OUGHT TO PASS WITH AMENDMENT**.

Rep. Terry Wolf for Education. This bill as amended identifies and places into statute specific instructional methods designed to advance students to higher-levels of work once they demonstrate knowledge and skill mastery, rather than advancing based upon seat time in the classroom. For example, all students in a 6th grade classroom do not necessarily belong in a 6th grade math book or program. Some may be below and others may be ready for pre-algebra. How schools structure and organize the delivery of instruction is the key to educational success. This bill references basic instructional methods that once established, will result in higher levels of student achievement. The key to student success revolves around quality instruction and creative delivery models providing a challenging curriculum. This not only applies to gifted students, but to all. Struggling students must receive support prior to their being placed unprepared in the next grade level in an effort to prevent later failure. The bill as amended addresses challenging instructional design, and can be accomplished without the need for additional differentiated aid as the introduced bill had proposed. Vote 19-2.

Amendment (0160h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to instructional methods to enable students to acquire and apply requisite knowledge and skills.

Amend the bill by replacing all after the enacting clause with the following:

1 Statewide Education Improvement and Assessment Program; Statement of Purpose. Amend RSA 193-C:1, III to read as follows:

III. Widespread participation in the establishment of a statewide education improvement and assessment program is essential. Consultation with educators at all levels, business people, government officials, community representatives, and parents must occur in the development of educational standards. In turn, widespread dissemination of those standards, once established, must occur. Teachers, administrators, and school board members must be fully apprised of these state-developed standards. They must, in turn, communicate these expectations to students and parents, and find and

implement instructional methods to enable students to acquire and apply the requisite knowledge and skills. Implemented instructional methods designed to enable students to acquire and apply the requisite knowledge and skills shall include but not be limited to:

(a) Advancing students to higher level work once they demonstrate knowledge and skill

and mastery of competency, rather than advancing based upon seat time in the classroom.

(b) Providing support to struggling students before they advance in an effort to prevent later failure.

(c) Keeping all students on pace to graduate and to ensure those below level make progress.

(d) Promoting innovative learning that has meaning to students, cuts across multiple curriculum areas, and includes varied learning pathways.

(e) Graduating students with deeper college and career ready skills.

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill specifies instructional methods designed to enable students to acquire and apply requisite knowledge and skills.

Committee amendment adopted.

Rep. Ladd offered floor amendment (0409h).

Floor Amendment (0409h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to instructional methods to enable students to acquire and apply requisite knowledge and skills.

Amend the bill by replacing all after the enacting clause with the following:

1 Statewide Education Improvement and Assessment Program; Statement of Purpose. Amend

RSA 193-C:1, III to read as follows:

III. Widespread participation in the establishment of a statewide education improvement and assessment program is essential. Consultation with educators at all levels, business people, government officials, community representatives, and parents must occur in the development of educational standards. In turn, widespread dissemination of those standards, once established, must occur. Teachers, administrators, and school board members must be fully apprised of these state-developed standards. (e) Graduating students with deeper college and career ready skills.

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill specifies instructional methods designed to enable students to acquire and apply requisite knowledge and skills.

Rep. Ladd spoke in favor and yielded to questions.

Floor amendment (0409h) adopted.

Committee report adopted and referred to the Committee on Finance.

HB 1630-FN-L, relative to calculating the base cost of an adequate education. OUGHT TO PASS WITH AMENDMENT.

Rep. Terry Wolf for Education. The bill as amended addresses policy needs and costs relative to calculating an adequate education. This legislation is a result of subcommittee and full education committee work throughout the summer, fall and to this date. Element priorities within the bill include: (1) working with the Department of Education and the Legislative Budget Assistant to develop an

adequacy formula premised upon sound policy and realistic fiscal constrains to include projected data based upon estimated populations for FY18, (2) to increase the base adequacy amount by \$8.00 per pupil and to allocate this modest amount to professional development to support and enhance quality of instruction. Using preliminary FY17 data, base adequacy for FY18, to include adjustments for CPI, would be \$3640.92, (3) funding to support non proficient third grade students who are not eligible to receive other forms of differentiated aid, (4) reinstatement of fiscal disparity for those municipalities in the lower quartile that have the lowest capacity to raise property tax revenue as long as the municipality's median family income (based upon US Bureau of Census) is less that the state average, (5) fiscal disparity and stabilization based on the 2012 stabilization grant amount received and then annually reducing only the amount of stabilization by 4% as stated in current law, and (6) for each fiscal year following FY17, as currently stated in statute, the education grant is no longer capped. In comparing FY18 adequacy funding for education based upon the state grant formula in current law, to the state grant based on the proposed bill, the increase is slightly more than \$8M. This bill is projected to be effective for Fiscal Year 2018. The overwhelming majority of the house education committee supports this legislation that reasonably balances policy and appropriation considerations. Vote 18-1.

Amendment (0376h)

Amend the bill by replacing all after the enacting clause with the following:

1 Cost of an Opportunity for an Adequate Education. Amend RSA 198:40-a, I to read as follows:

I. Beginning July 1, 2009, and for every biennium thereafter, the annual cost of providing the opportunity for an adequate education as defined in RSA 193-E:2-a shall be [\$3,450] \$3,458 per pupil attending a public school, plus any applicable differentiated aid for which a pupil is eligible. Differentiated aid shall be in the amount of \$1,725 for each pupil in the public school's ADMA in the determination year who is in kindergarten through grade 12 and who is eligible for the federal free and reduced-price meal program.

2 School Money; Cost of an Opportunity for an Adequate Education. Amend RSA 198:40-a, II-a to read as follows:

II-a. An additional [\$675] \$697 for each third grade pupil in the public school's ADMA in the determination year who has not tested at the proficient level or above in the reading [component] and mathematics components of the state assessment and who is not eligible to receive special education, English as a second language, or free or reduced-price meal program funds in the determination year.

3 New Section; School Money; Fiscal Capacity Disparity Aid. Amend RSA 198 by inserting after section 40-c the following new section:

198:40-cc Fiscal Capacity Disparity Aid.

I. In addition to aid for the cost of the opportunity for an adequate education provided under RSA 198:40-a, each biennium the department shall calculate fiscal capacity disparity aid and provide that amount of aid in each year of the biennium to a municipality's school districts and to charter schools approved under RSA 194-B:3-a as follows:

(a) The department shall calculate the equalized valuation per pupil for each municipality in the state and shall sort the results into quartiles based on equalized valuation per pupil and shall divide all quartiles in half. If there are an uneven number of municipalities in a quartile or half quartile, the department shall make the lower quartile or half quartile the one with fewer municipalities.

(b) A municipality with an equalized valuation per pupil in the lower half of the lowest quartile and which has a median family income which is less than the state average median family income shall receive fiscal capacity disparity aid in the amount of \$2,000 multiplied by the municipality's average daily membership in attendance.

(c) A municipality with an equalized valuation per pupil in the upper half of the lowest quartile which has a median family income which is less than the state average median family income shall receive fiscal capacity disparity aid in the amount of \$1,200 multiplied by the municipality's average daily membership in attendance shall be distributed pursuant to RSA 198:42.

II. Except as otherwise provided in this section, fiscal capacity disparity aid shall be distributed pursuant to RSA 198:42.

III. In this section:

(a) "Equalized valuation per pupil" means a municipality's equalized valuation, including properties subject to taxation under RSA 82 and RSA 83-F, as determined by the department of revenue administration, that was the basis for the local tax assessment in the determination year, divided by the school district's kindergarten through grade 12 average daily membership in attendance.

(b) "Median family income" means the most recent census data published for New Hampshire counties and municipalities by the United States Department of Commerce, Census Bureau, as of October 1 preceding the beginning of the biennium for which aid is to be determined.

4 School Money; Determination of Adequate Education Grants. Amend RSA 198:41, IV(d) to

read as follows:

- (d)(1) For fiscal year 2017 and each fiscal year thereafter, the department of education shall distribute a total education grant to each municipality in an amount equal to the total education grant for the fiscal year in which the grant is calculated plus a percentage of the municipality's fiscal year 2012 stabilization grant, if any, distributed to the municipality; the percentage shall be 96 percent for fiscal year 2017, and shall be reduced by 4 percent of the amount of the 2012 education grant for each fiscal year thereafter.
- (2) For fiscal year 2018 and each fiscal year thereafter, no municipality which is eligible to receive fiscal capacity disparity aid pursuant to RSA 198:40-cc shall receive a stabilization grant which is less than the amount of the municipality's 2018 stabilization grant, less 4 percent.

5 Effective Date. This act shall take effect July 1, 2017.

AMENDED ANALYSIS

This bill increases the amount of per pupil adequacy aid, increases the amount of aid to certain third grade pupils, and provides fiscal capacity disparity aid to certain school districts. Committee amendment adopted.

Committee report adopted and referred to the Committee on Finance.

HB 1638-FN-L, relative to the allocation of lottery revenues to schools. INEXPEDIENT TO LEGISLATE.

Rep. Allen Cook for Education. The committee recommends ITL for several reasons: first the lack of clarity in regards to being able to separate the monies of the lottery, which are already pooled into a general fund creating a large deficit in already designated funding. Secondly, it would require private schools to disclose private information and change many of their current operating procedures. Finally, it would require the creation of new staff of the NH Department of Education to handle the dispensing of funds. Vote 16-2.

MOTION TO LAY ON THE TABLE

Rep. Leeman moved that **HB 1638-FN-L**, relative to the allocation of lottery revenues to schools, be laid on the table.

On a division vote, with 158 members having voted in the affirmative and 188 in the negative, the motion failed.

The question now being adoption of the committee report of Inexpedient to Legislate. Committee report adopted.

HB 1644-FN, relative to screening and treatment for dyslexia and related disorders and establishing a reading specialist in the department of education. MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. John Balcom for the Majority of Education. The majority of the committee felt that the early identification of dyslexia was important enough to pass this bill. Testimony from parents, educators, practitioners and students provided evidence that current policies within our NH school districts are allowing students to lose valuable years of learning before being identified their dyslexia. The coordinator of DOE is necessary to oversee training of evaluators and successful implementation of this process. Vote 11-8.

Rep. Ralph Boehm for the Minority of Education. This bill provides a new designated reading specialist at the Department of Education to assist students with dyslexia and related disorders. The bill further states that a student's school district shall provide best practices and support services for any student who is identified as having characteristics that are associated with dyslexia risk factors. Within grades 1-3, many schools currently administer screening assessments such as DIBELS and use test results to develop appropriate instruction. Students identified as possibly having a specific learning disability such as dyslexia, should be referred for a more thorough evaluation by trained special education specialists and if the student is determined to have dys-

lexia, a special education IEP is developed. Although all members of the education committee recognize the importance of providing early intervention instruction in reading, language or math for students diagnosed with dyslexia, there is a process currently in place to do this in accordance with established special education law. Lastly, children from birth to age five having learning disabilities are provided services through the Department of Health and Human Services. The exception is preschool special education that is administered by the New Hampshire Department of Education. This bill is duplicative of current programming and if the Department identifies the need for a reading specialist as a staffing priority, then the position should be designated to improve the quality of reading and language instruction for all students.

The question being adoption of the majority committee report of Ought to Pass.

Rep. Boehm spoke against and yielded to questions.

Reps. Balcom and Ebel spoke in favor.

Rep. Hoell requested a roll call; sufficiently seconded.

and the majority committee report was adopted and referred to the Committee on Finance.

HB 1564-FN-A, establishing an independent redistricting commission. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: REFER FOR INTERIM STUDY.

Rep. William Gannon for the Majority of Election Law. Under this bill, an independent commission would be appointed to create redistricting plans and recommend them to the legislature. The legislature would not be able to amend the first and second plans developed by the commission, though it could reject them. If two plans are rejected by the legislature, a third plan would be adopted using the usual legislative process. The process outlined by this bill is cumbersome and the timeframes are completely unrealistic. The majority does not see a need to change the current process for developing redistricting plans for state offices in New Hampshire. Vote 11-8.

Rep. Wayne Moynihan for the Minority of Election Law. This bill is a proactive proposal intended to get the NH House onto the task of preparing for the next round of legislative redistricting, after the census of 2020. It is generally acknowledged that the process and the result of the last NH Redistricting Committee, after the census of 2010, was problematic, involving lawsuits by cities,

towns, and legislators. The redistricting process undertaken after the 2000 census was followed up by time consuming, expensive, and contentious legal battles. It is reported that 80% of the population does not trust the process whereby legislators are in control of the process that determines the boundaries of the legislative districts in which they run for election. Other states have begun to study and adopt independent redistricting commissions, and the U. S. Supreme Court has recently found that such a plan is valid and constitutional. The committee minority believes it is wise policy and in the best interest of the citizens of the state to now begin the study, discussion, and design of an independent commission to manage the upcoming redistricting.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Moynihan spoke against.

Rep. Gannon spoke in favor.

Rep. Shurtleff requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

HB 1674-FN, requiring the labeling of genetically engineered foods. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. John O'Connor for the Majority of Environment and Agriculture. This bill, which the House has previously rejected, once again attempts to require food manufacturers, grocery retailers, and our farmers and farmers markets to label products that may have been produced or grown using genetic engineering - a process that has been in existence for over 30 years and has been deemed to be safe by the most respected and widely recognized academic, scientific and medical organizations, such as the American Medical Association, the American Association for the Advancement of Science, the National Academy of Sciences, the US Department of Agriculture, and the World Health Organization, among others. The passage of this bill would put New Hampshire in conflict with other states that are attempting to implement similar laws but with different provisions. Studies have shown that this conflict would result in increased costs and penalties to our businesses and consumers. Currently each state that has brought forward a bill such as this has found itself embroiled in litigation costing millions in an attempt to prove its constitutionality. In addition, this bill adds severe penalties to our businesses of up to \$1,000 per day for incorrect labeling. The fiscal note states that 1) personnel costs for Department of Health and Human Services enforcement will be \$100,000 to \$200,000 per year; 2) the Attorney General will be required to make rules, conduct civil investigations and mandate civil action, the costs of which are not included in the fiscal note; and 3) the 16 self-inspecting towns in the state will be required to conduct enforcement and civil action on their own, with no state support. What is the solution? The US Food and Drug Administration (FDA) has recently released labeling guidance for foods that have or have not been derived from genetically engineered plants. The Campbell Soup Company just announced they will be using the FDA labeling guidance as a marketing tool. Currently, companies are free to voluntarily label and market their product as "organic," and/or have third party certification to label their products "GMO-free." Finally, with the advent of modern technology, by midsummer the major food companies will be releasing the new "SmartLabel," so when a consumer scans a product on the grocery store shelf with a smart phone or with an in-store scanner, more information about the product than what is on the label will be instantly available to the consumer, including whether or not it contains genetically engineered ingredients. For these reasons, the bipartisan majority of the committee strongly opposes this bill. Vote 12-7.

Rep. Peter Bixby for the Minority of Environment and Agriculture. This bill is fundamentally about the right to know. Preliminary court decisions on the Vermont labeling law suggest that the federal court accepts that there is a compelling state interest in the people's right to know how their food is produced. The Jew who follows the law of Kilayim, separation of species, established in Leviticus, has a right to know if species have been mixed in his food. The person with digestive disorders who wants to be extra cautious with her food has a right to know. The person who is not convinced the federal government has done its due diligence in safety testing has a right to know and is justified in that doubt. In 1992, notwithstanding the advice of the agency's scientists, the head of the Food and Drug Administration (FDA) determined that foods produced with genetic engineering were substantially equivalent to natural foods and were legally "Generally Recognized as Safe" (GRAS). Since that time, the US Department of Agriculture's oversight of GMO foods has been limited to assessing pest and disease risks. The FDA's role is even smaller. All safety assessments are optional and done by choice by the companies that produce the GMOs. The optional review process, in which the biotech companies send the safety data they choose to the FDA in exchange for a letter saying they did so, has all the weight of a rubber stamp. The record of biotechnology corporations in protecting public health is not without lapses. Long after Agent Orange was determined to have long-term health consequences for veterans exposed in Vietnam, Monsanto went out of its way to avoid responsibility. They repeated the pattern with incidents of dioxin contamination in Nitro, West Virginia and PCB contamination in Anniston, Alabama. Similarly, DuPont had a decades-long practice of covering up health issues with C-8, an ingredient in Teflon. While publicly accessible trait-by-trait, third party, safety testing would be preferable, labeling food with "produced with genetic engineering" is a remedy within our purview as a state. We should do the best we can by providing this to our citizens.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Reps. McConnell, Bixby, Abramson and Valerie Fraser spoke against.

Rep. Darrow spoke against and yielded to questions.

Rep. Sad spoke in favor.

Rep. O'Connor spoke in favor and requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

The House recessed at 12:30 p.m.

RECESS

The House reconvened at 1:45 p.m.

(Speaker Jasper in the Chair) ENROLLED BILL REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled House Bill numbered 502.

Rep. Hinch, Sen. Prescott for the Committee

INTRODUCTION OF SPECIAL GUESTS

Members of Leadership Greater Concord, guests of the House.

REGULAR CALENDAR CONT'D

HB 1416-FN, relative to funding for state criminal background checks. INEXPEDIENT TO LEGISLATE.

Rep. J.R. Hoell for Executive Departments and Administration. The measure would have authorized the Department of Safety (DOS) to set "reasonable" fees for state criminal background checks. Some people saw this as a new gun tax. Although, there was some discussion in the hearing on what reasonable fees would be, there was no definitive conclusion. Dealers testified that there would be serious logistical issues with collecting any fee. They wondered if it would be applied per phone call, per firearm, or per transaction. There were also questions about who would retain the data on those who made payments, as this data would create a list of gun owners in NH, something that the gun owners strongly objected to. To help explain the process, the current system treats handguns and long guns differently. Handgun purchases are run through the State Police for a check while long guns (rifles and shotguns) are run through the federal database. Currently, the National Instant Criminal Background Check System is a free service from the Federal Government and many felt that there was no reason to charge a fee for this same service in state. The proponents of the measure argued that the current system has a more up to date database and there was value to keeping this service in state, however they were seeking to reduce the delays in processing these transactions. With the exception of the sponsors and the DOS, everyone else testifying on this measure opposed this bill and the new fees that would have been set by the department. In addition, there were several hundred emails received opposing the measure and the vast majority of those in attendance to the hearing opposed this bill. Vote 11-4.

Committee report adopted.

HB 1527-FN-A, authorizing additional part-time positions at the department of administrative services and making an appropriation therefor. OUGHT TO PASS.

Rep. Mark Proulx for Executive Departments and Administration. This bill was filed at the request of the Department of Administrative Services. The department would like to add three part-time positions in response to the loss of a number of positions over the years. This will allow them to better provide the services that are required of the department. Vote 13-3.

Committee report adopted and referred to the Committee on Finance.

HB 1699-FN-A-L, establishing a licensed alcohol and drug counselor in the bureau of emergency medical services to develop a training program for fire and emergency medical services personnel and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Jacalyn Cilley for Executive Departments and Administration. This bill establishes a position of licensed alcohol and drug counselor in the Department of Safety, Bureau of Emergency Medical Services. This individual will be charged with developing a statewide plan to train fire and emergency medical services personnel. As part of this legislature's commitment to addressing the heroin and opioid crisis claiming an increasing number of lives in the state of NH, the intent of this bill is to empower those on the front lines of this crisis to intervene in the most effective manner possible. With proper training, it is envisioned that those called to resuscitate an overdose patient have a critical window of opportunity to encourage that patient to take the first step towards rehabilitation. The original bill was amended to remove the pilot program of placing LADC's in three cities within the state, as there is not currently a clear consensus on the organizational structure or operational aspects of the pilot program. The committee felt that time will permit stakeholders in this issue to work on a shared vision of a potential pilot program that will be of optimal value in addressing the heroin and opioid crisis. Vote 12-3.

Amendment (0400h)

Amend RSA 21-P:12-b, IV as inserted by section 1 of the bill by deleting subparagraph (b) and renumbering the original subparagraph (c) to read as (b).

AMENDED ANALYSIS

This bill establishes the position of licensed alcohol and drug counselor in the department of safety, bureau of emergency medical services. The person holding the position shall be responsible for establishing a training program for fire and emergency medical services personnel. The bill makes an appropriation for this purpose.

Committee amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment. Rep. Hansen spoke against.

Rep. Cilley spoke in favor and yielded to questions.

On a division vote, with 185 members having voted in the affirmative and 125 in the negative, the committee report was adopted and referred to the Committee on Finance.

HB 1524-FN-A, repealing fish and game department authority to establish fees by administrative rulemaking. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.

Rep. Richard McNamara for the Majority of Fish and Game and Marine Resources. The majority of the committee felt that the Fish and Game Department, which has recently been given the authority to set fees, be provided the opportunity to make the new system work before making major changes to the law. Vote 9-2.

Rep. James Spillane for the Minority of Fish and Game and Marine Resources. This bill would rectify the unfortunate situation that occurred last year when the authority to set hunting and fishing license fees was granted to the Fish and Game Department by means of an amendment that the Senate attached to a House bill that dealt with an entirely different issue. The legislature has been successfully setting fees for the entire history of the Fish and Game Department and that oversight should be returned by passage of this bill. The amendment that the minority wishes to propose fixes a few issues with currently set fees.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Duarte spoke against and yielded to questions.

Rep. Webb spoke in favor.

Rep. Hoell requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

HB 1557-FN, relative to alcohol and drug treatment programs. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Stephen Schmidt for the Majority of Health, Human Services and Elderly Affairs. The amendment to HB 1557-FN requires the legislative budget assistant office to evaluate the "feasibility" of calculating and using cost effectiveness in evaluating new and existing state programs. The majority of the committee recognizes that this approach would result in a paradigm shift of how the allocation of finite state dollars would be used for authorized programs. This bill does no more than establish a pathway to determine the feasibility and potential resources required to accomplish this methodology. Presently, program effectiveness, if it's measured at all, is based on transactional metrics such as number of clients served, or number of bridges required. These metrics are interesting, but provide no assurance that monies are well spent. Vote 11-7.

Rep. Lucy Weber for the Minority of Health, Human Services and Elderly Affairs. The original title of this bill was "an act relative to alcohol and drug treatment programs." The bill has been transformed into a direction to the legislative budget assistant to evaluate the feasibility of calculating and using cost effectiveness methods throughout all state programs. The minority is concerned that the amendment differs so much from the original bill that it is a non-germane amendment requiring a new hearing under House Rule 45 (b). In addition, the minority does not understand why a statute is required instead of having the appropriate authority simply direct, or authorize the legislative budget assistant to study this issue.

Majority Amendment (0326h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to cost effectiveness of programs implemented within state agencies.

Amend the bill by replacing all after the enacting clause with the following:

1 Office of Legislative Budget Assistant; Cost Effectiveness of Programs Within State Agencies.

- I. The legislative budget assistant, in collaboration with the department of administrative services and such other organizations as he or she may wish to consult, shall evaluate the feasibility of calculating and using cost effectiveness in evaluating new and existing state programs. The process for determining cost effectiveness shall include, but not be limited to, the following steps:
- (a) Systematically assessing all high-quality studies from the United States and elsewhere to identify policy options that have been tried and tested and found to achieve improvements in outcomes.
- (b) Determining how much it would cost to produce the results found in subparagraph (a) in this state, determining the value of the benefits from such an improved outcome, and calculating the net present value thereof.
- (c) Assessing the risk in the estimates to determine the probability that a particular policy options benefits will outweigh its costs.

(d) Ranking programs in state agencies based on value and risk.

II. The department of administrative services and each state agency shall furnish to the legislative budget assistant information, excluding information otherwise confidential under law, he or she may request in the course of carrying out the duties under this section in a mutually agreeable and compatible format.

III. The legislative budget assistant shall make an initial report by November 1, 2016, on the feasibility of calculating and using cost effectiveness in evaluating new and existing state programs. If the legislative budget assistant determines that calculating cost effectiveness is feasible, he or she shall make a final report on or before November 1, 2017, including recommendations for legislation, to the commissioner of administrative services, the chairpersons of the house and senate finance committees, the speaker of the house of representatives, the president of the senate, the state library, and the governor.

2 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill requires the office of the legislative budget assistant to evaluate the feasibility of calculating and using cost effectiveness in evaluating new and existing state programs.

CLERK'S NOTE

The Speaker ruled that Majority Amendment (0326h) was non-germane to HB 1557-FN, relative to alcohol and drug treatment programs, and as it did not have a public hearing, the Speaker ruled that House Rules must be suspended in order for the amendment to be adopted. The Chair of the Committee did not ask for a rules suspension. The report and question before the House is Ought to Pass.

MOTION TO LAY ON THE TABLE

Rep. Weber moved that **HB 1557-FN**, relative to alcohol and drug treatment programs, be laid on the table. On a division vote, with 232 members having voted in the affirmative and 124 in the negative, the motion was adopted.

REGULAR CALENDAR CONT'D

HB 1619-FN, relative to the use of narcan, REFER FOR INTERIM STUDY.

Rep. James MacKay for Health, Human Services and Elderly Affairs. The committee felt that this potentially significant legislation required further study. The utilization of recovery coaches in the process of treatment for an overdose is pertinent to comprehensive plans. Hospitals expressed an interest, but have significant questions that need to be clarified. Other questions revolved around certification and training requirements. There is a unanimous agreement that further study could provide an enhanced piece of legislation. Vote 18-0.

Rep. Hopper spoke against.

Rep. MacKay spoke in favor.

On a standing division vote, with 277 members having voted in the affirmative and 66 in the negative, the committee report was adopted.

HB 1695-FN, establishing an office of health services planning and review within the department of health and human services. OUGHT TO PASS WITH AMENDMENT.

Rep. Lucy Weber for Health, Human Services and Elderly Affairs. The bill, as amended, facilitates the gathering of data on all aspects of the health care system including cost, financing, quality, patient safety, system performance and efficiency. The data is collected through a memorandum of understanding between the Department of Health and Human Services, the Insurance Department and the Attorney General's office. For the most part, this is data that is already being collected through the three agencies. A website is to be established in the Department of Health and Human Services to allow all stakeholders and members of the public access to this data to aid in health care planning decisions. In addition, a health care data council is created to monitor the data thus collected and assess the effect on patient safety, cost, quality access and performance. The council is charged with aiding the commissioner of DHHS to create a 10-year health care plan for the state. The council is charged with reviewing and evaluating best practices and efficiencies as to quality and cost of care. The council will make a report on November 1, 2016, and annually thereafter. The bill sets up a fund to be used for costs of implementing the bill, but there is no funding mechanism included in the bill and no appropriation is being sought. Vote 18-0.

Amendment (0323h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to a health system public data resource plan for New Hampshire and establishing a special fund.

Amend the bill by replacing all after the enacting clause with the following:

1 New Subdivision; Health System Public Data Resource Plan. Amend RSA 126-A by inserting after section 69 the following new subdivision:

Health System Public Data Resource Plan

126-A:70 Health System Public Data Resource Plan; Council Established.

- I.(a) Pursuant to the memorandum of understanding set forth in paragraph V, the department of health and human services shall make publicly available through an Internet website consolidated information on health care system patient safety, cost, quality, access to coverage and care, system performance, and efficiency, and information pertaining to the delivery and financing of the health care system in New Hampshire, including information on new health system projects and associated costs.
- (b) The information made available shall be maintained as a resource for decision making and policy analysis by state and local planners, policy makers, health care system entities, purchasers of health care, and the public. The information shall also be used by the department, in consultation with the health system public data resource planning council established in paragraph III, to plan and monitor the health care system and the relevant factors that influence patient safety, cost, quality, access, and performance.
- II. The commissioner, in consultation with the health system public data resource planning council, shall coordinate and provide support for the development of a 10-year health system public data resource plan for New Hampshire. The plan shall take into consideration and align itself with other existing multi-year plans, as appropriate. The plan shall be developed as an information resource for use by health care providers, health insurance carriers, health care purchasers, and the general court to develop and implement programs and policies and provide guidance to state agencies when implementing programs and policies. The plan shall include:
- (a) Analysis of the health care needs of both the state as a whole and each geographic region of the state.
- (b) Analysis of current health care system safety, cost, quality, access, system performance, and financing.
 - (c) Specific goals and objectives the state should accomplish over the 10-year period.
 - (d) Methods of evaluating progress to meeting the goals and objectives.
- III.(a) There is hereby established a health system public data resource planning council. The membership of the council shall be as follows:
- $(\tilde{1})$ Two members of the house of representatives, appointed by the speaker of the house of representatives.
 - (2) One member of the senate, appointed by the senate president.
 - (3) The commissioner of the department of health and human services, or designee.
 - (4) The insurance commissioner, or designee.
 - (5) The attorney general, or designee.
- (6) One member representing health care facilities, appointed by the New Hampshire Hospital Association.
- (7) One member representing health care practitioners, appointed by the New Hampshire Medical Society.
- (8) One member representing municipal planners, appointed by the New Hampshire Planners Association.
- (9) One member representing public health practitioners, appointed by the New Hampshire Public Health Association.
 - (10) One member representing community services providers, appointed by the governor.
 - (11) One public member representing health care consumers, appointed by the governor.
- (12) One member representing public purchasers of health insurance, appointed by the governor.
- (13) One member representing private purchasers of health insurance, appointed by the governor.
 - (14) One member representing health insurance carriers, appointed by the governor.

- (15) A representative of community health centers, appointed by the Bi-State Primary Care Association.
- (b) Members of the council shall serve without compensation, except that legislative members shall receive mileage at the legislative rate when attending to the duties of the council. The members, other than those representing state agencies and the legislature, shall serve 3-year terms and shall not serve more than 2 full consecutive terms. Those members representing state agencies shall serve as nonvoting members on the council.
- (c) The council may meet as often as necessary to effectuate its goals. The first meeting shall be called by the commissioner of health and human services within 45 days of the effective date of this subdivision. At the first meeting, a chairman shall be elected by the members. Seven members of the council shall constitute a quorum.
 - (d) The council shall:
- (1) Provide advice and consultation to the commissioner regarding the development, implementation, and maintenance of the health system public data resource plan.
- (2) Review and evaluate best practices to make publicly available consolidated information on health care system patient safety, cost, quality, access to coverage and care, system performance, and efficiency, and information pertaining to the delivery and financing of the health care system in New Hampshire, including information on new health system projects and associated costs.
- (3) Monitor the health care system and the relevant factors that influence patient safety, cost, quality, access, and performance. The council's authority and duties shall be limited to the provisions of this subdivision.
- (4) The council shall make an initial report on November 1, 2016 with an annual report on each November 1 thereafter, relative to the health system public data resource plan and information Internet website. The reports shall include the council's findings and any recommendations for proposed legislation and shall be submitted to the oversight committee on health and human services established in RSA 126-A:13, the chairpersons of the house and senate standing committees having jurisdiction over health and human services issues, the speaker of the house of representatives, the president of the senate, and the governor.
- IV. The commissioner, in consultation with the council, shall release the initial version of the health system public data resource plan no later than January 1, 2017 or 8 months after the effective date of this subdivision, whichever is later.
- V. The commissioner, in consultation with the council, shall enter into a memorandum of understanding with the insurance commissioner and attorney general for collaboration in the development of the publicly available information specified in paragraph I. The memorandum of understanding shall include a description of the resources that shall be made available to the department and shall specifically identify data and reports which shall be shared with the department.
- VI. Pursuant to the memorandum of understanding under paragraph V, the commissioner, in consultation with the council, shall adopt rules under RSA 541-A, as may be necessary, relative to collecting aggregate information from health care providers and the insurance department that is not proprietary information on new health system projects, and associated costs under the provisions of this subdivision.
- VII. The department, in consultation with the council, shall make the health system public data resource plan and meet other requirements set forth in this subdivision, subject to sufficient and available funding.
- 126-A:71 Health System Public Data Resource Plan Fund; Established. There is established the health system public data resource plan fund, which shall be nonlapsing and continually appropriated to the department and administered by the commissioner for the purposes of this subdivision. Pursuant to the memorandum of understanding under RSA 126-A:70, V, the fund shall be used for costs incurred by the department in carrying out the requirements under this subdivision. All monetary funds, grants, gifts, donations, or interest generated by the fund shall be deposited with the state treasurer in the fund.
- 2 New Subparagraph; Application of Receipts; Health System Public Data Resource Plan Fund. Amend RSA 6:12, I(b) by inserting after subparagraph (331) the following new subparagraph:
- (332) Moneys deposited in the health system public data resource plan fund, established in RSA 126-A:71.
 - 3 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a health system public data resource plan for New Hampshire. Under this bill, the commissioner of the department of health and human services, the insurance commissioner, and the attorney general shall enter into a memorandum of understanding to collaborate in the development of publicly available information on health care system patient safety, cost, quality, access, and system performance, and information pertaining to the delivery and financing of the health care system in New Hampshire. The bill also establishes a health system public data resource planning council to provide consultation for the development of a 10-year health system public data resource plan for New Hampshire. The bill also establishes a fund for the implementation and administration of the requirements of the plan. Committee amendment adopted.

Committee report adopted and referred to the Committee on Finance.

HB 1696-FN, requesting a modification of the New Hampshire health protection program. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. John Fothergill for the Majority of Health, Human Services and Elderly Affairs. This bill reauthorizes the New Hampshire Health Protection Program for 2017 and 2018. The NHHPP developed in 2014 was for residents not qualifying for Medicaid and not qualified for subsidies on the Health Insurance Exchange, also known as expanded Medicaid. The program allows 47,000 low income residents and neighbors better access to healthcare leading to improved healthcare outcomes. Testimony from individuals as well as hospitals, community health centers; insurance carriers, business, the NH Municipal Association and others overwhelmingly supported the bill. There are multiple economic benefits including the infusion of hundreds of millions of dollars of federal funding, providing fiscal stability to hospitals and other healthcare providers and finally helping to provide a healthier workforce. The program provides a robust substance abuse benefit, a much needed service to fight the opioid epidemic. With this legislation there are no new taxes and no use of general funds. Voluntary contributions by insurance carriers and hospitals will make the special purpose trust whole. Any deficiency in the trust and the NHHPP ceases to operate as well as no risk for taxpayers. New enrollees will be expected to work if they are able. This bill is well crafted and represents a bipartisan effort to help a vulnerable portion of New Hampshire residents. Vote 17-1.

Rep. Joanne Ward for the Minority of Health, Human Services and Elderly Affairs. If a deal sounds too good to be true, it generally is. The federal funds will roll in and the hospitals will chip in and the state will come out even. So what is the problem? There are no guarantees that either party will fulfill their obligations. Of course the hospitals will chip in to pay for the expansion. Uncompensated care is down significantly since this program was expanded and they receive reimbursement for emergency visits. It is a win-win for hospitals and community health care centers because of the reimbursement rates. There is less uncompensated care in the emergency rooms, but that is not to say there are less visits. There is no incentive for preventative care. Yes, there are deductibles of 8 or 25 dollars for inappropriate uses of the emergency room. Is this small amount really a disincentive? And we have to rely on the federal government to grant us a waiver to provide a waiver for this to happen. How can the state deny 47,000 people health insurance if it is working so well, how many of those previously had health care but shifted to medicaid insurance because it is less expensive, how many of our incarcerated have been shifted to this program? How sad is it that the ACA, which was intended to fix this problem, didn't? How sad is it that our citizens on Medicare need supplemental insurance to pay for their care, how sad is that our citizens on medicaid are denied treatment by some providers, and how sad are the deductibles and premiums that many of us pay for private insurance? Wouldn't it be great if the state would pay for all of this? The federal government has proven that the ACA is a failed expensive health care solution. So should the taxpayers of the state be on the hook to pay for the failure? Medicaid expansion is private insurance; it is an expansion of a failed government program. This expansion will cover able-bodied young people who can get insurance on the exchange if they work for it. This is not medicaid, it is very different, it shifts costs to the privately insured. Medicaid is intended for un-insured children, elderly, disabled and less fortunate. This expansion may merely shift costs to the insured through higher deductibles and premiums.

Majority Amendment (0345h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; New Hampshire Health Protection Plan. Amend RSA 126-A:5 by inserting after paragraph XXIX the following new paragraph:

- XXX.(a)(1) Newly eligible adults who are unemployed shall be eligible to receive benefits under RSA 126-A:5 XXIV-XXV, if the commissioner finds that the individual is engaging in at least 30 hours per week of one or a combination of the following activities:
 - (A) Unsubsidized employment.
 - (B) Subsidized private sector employment.
 - (C) Subsidized public sector employment.

(D) Work experience, including work associated with the refurbishing of publicly assisted housing, if sufficient private sector employment is not available.

- (E) On-the-job training.
- (F) Job search and job readiness assistance.
- (G) Community service programs.
- (H) Vocational educational training not to exceed 12 months with respect to any individual.
- (I) Job skills training directly related to employment.
- (J) Education directly related to employment, in the case of a recipient who has not received a high school diploma or a certificate of high school equivalency.
- (K) Satisfactory attendance at secondary school or in a course of study leading to a certificate of general equivalence, in the case of a recipient who has not completed secondary school or received such a certificate.
- (L) The provision of child care services to an individual who is participating in a community service program.
- (2) The requirements under subparagraph (1) shall be consistent with the federal Temporary Assistance for Needy Families Program, 42 U.S.C. section 607(d).
- (3) Grounds for disqualification for benefits under this subparagraph shall be consistent with the federal Temporary Assistance for Needy Families Program, 42 U.S.C. section 607(e).
- (4) This subparagraph shall only apply to those considered childless, abled-bodied adults as defined in section 1902(a)(10)(A)(i)(VIII) of the Social Security Act of 1935, as amended, 42 U.S.C. section 1396a(a)(10)(A)(i). In this subparagraph, "childless" means an adult who does not live with a dependent child which includes a child under 18 years of age or under 20 years of age if the child is a full-time student in a secondary school or the equivalent.
 - (5) This subparagraph shall not apply to:
- (A) A person who is temporarily unable to participate in the requirements under subparagraph (a)(1) due to illness or incapacity as certified by a licensed physician, an advanced practice registered nurse (APRN), a licensed behavioral health professional, a licensed physician assistant, or a board-certified psychologist. The physician, APRN, licensed behavioral health professional, licensed physician assistant, or psychologist shall certify, on a form provided by the department, the duration and limitations of the disability.
- (B) A person participating in a state-certified drug court program, as certified by the administrative office of the superior court.
- (C) A parent or caretaker as identified in RSA 167:82, II(g) where the required care is considered necessary by a licensed physician, APRN, board-certified psychologist, physician assistant, or licensed behavioral health professional who shall certify the duration that such care is required.
- (6) If any provision of this subparagraph, or the application thereof to any person or circumstance, is held invalid, including, but not limited to, being contrary to federal law or rejected by the Centers for Medicare and Medicaid Services(CMS) in necessary state plan amendments or waivers, such determination shall not affect the provisions or applications of this subparagraph which can be given effect without the invalid provision or application, and to that end the provisions of this subparagraph are severable.
- (b) Newly eligible adults who visit the emergency room for non-emergency purposes shall be required to make a co-payment of \$8 for the first visit and \$25 for each and every non-emergency visit thereafter.
- (c) The commissioner shall seek any new waiver or state plan amendments to implement the provisions of this paragraph. Any such waivers or amendments necessary shall be in place

by January 1, 2017. Prior to submitting the waiver or state plan amendments to the (CMS), the commissioner shall present the waiver or state plan amendments to the fiscal committee of the general court for approval. The program shall not be reauthorized until such waivers or state plan amendments have been approved by CMS.

2 Insurance Premium Tax; New Hampshire Health Protection Program. Amend RSA 400-A:32, III to read as follows:

III.(a) Except as provided in subparagraph (b), the taxes imposed in paragraphs I and II of this section shall be promptly forwarded by the commissioner to the state treasurer for deposit to the general fund.

(b) Taxes imposed attributable to premiums written for medical and other medical related services for the newly eligible Medicaid population as provided for under RSA 126-A:5, XXIV-XXVI shall be deposited into the New Hampshire health protection trust fund, established in RSA 126-A:5-b. The commissioner shall notify the state treasurer of sums for deposit into the New Hampshire health protection trust fund no later than 30 days after receipt of said taxes.

3 Department of Health and Human Services; Premium Assistance Program. Amend RSA 126-A:5, XXV(a) to read as follows:

XXV.(a) Consistent with the time frames in this paragraph, there is hereby established the marketplace premium assistance program. This will be a premium assistance program for newly eligible adults and their eligible spouse and dependents, if applicable, until December 31, [2016] 2018 and shall be administered by the department of health and human services. In order to receive medical assistance from the program, newly eligible adults who are ineligible for the HIPP program shall choose from any qualified health plans (QHPs) offered on the federally-facilitated exchange if cost effective; provided, however, that any newly eligible adult who had coverage under an alternative benefit plan (ABP) offered by a managed care organization (MCO) under paragraph XIX during the voluntary bridge to marketplace premium assistance program established under RSA 126-A:5, XXIV shall be automatically enrolled at the beginning of open enrollment in a comparable QHP by that same MCO if one is available, unless such newly eligible adult subsequently chooses a different QHP during the enrollment period. If a comparable QHP is not offered by the newly eligible adult's MCO then the newly eligible adult may choose from any QHPs, if cost effective. Provider payments shall be in an amount which shall be no less than before the effective date of this paragraph.

4 Department of Health and Human Services; Premium Assistance Program. Amend RSA 126-A:5, XXV(c) to read as follows:

(c) If the waiver to implement the marketplace premium assistance program is approved on or before March 31, 2015 then, coverage under the voluntary bridge to marketplace premium assistance program established in RSA 126-A:5, XXIV shall terminate on December 31, 2015. Enrollment in the marketplace premium assistance program shall begin on October 15, 2015 and coverage shall begin on January 1, 2016. Coverage shall end on December 31, [2016] 2018. The cost of the medical assistance provided under the marketplace premium assistance program shall be paid solely from federal funds as provided under 42 U.S.C. section 1396d(y).

5 New Hampshire Health Protection Trust Fund. Amend the introductory paragraph of RSA 126-A:5-b, I to read as follows:

I. There is hereby established the New Hampshire health protection trust fund which shall be accounted for distinctly and separately from all other funds and shall be non-interest bearing. The trust fund shall be administered by the commissioner of the department of health and human services and shall be used solely to provide payment and reimbursement for medical and other medical-related services for the newly eligible Medicaid population as provided for under RSA 126-A:5, [XXIII] XXIV-XXVI and RSA 126-A:67. The commissioner may accept any gifts, grants, donations, or other funding from any source and shall deposit all such revenue received into the fund. No state general fund appropriations shall be deposited into the fund. All moneys in the trust fund shall be nonlapsing and shall be continually appropriated to the commissioner of the department of health and human services for the purposes of the trust fund. The trust fund shall be authorized to pay and/or reimburse.

6 New Sections; Funding the State Share of the New Hampshire Health Protection Program. Amend RSA 126-A by inserting after section 5-b the following new sections:

126-A:5-c Funding the State Share of the New Hampshire Health Protection Program.

I. In this section:

- (a) "Program" means the New Hampshire health protection program under RSA 126-A:5, XXIV-XXV.
- (b) "Remainder amount" means the cost of the program for coverage effective between January 1, 2017 and June 30, 2017 less all federal reimbursement for the program and the cost of the program for coverage effective between July 1, 2017 and December 31, 2018 less all federal reimbursement for the program; and taxes attributable to premiums written for medical and other medical related services for the newly eligible Medicaid population as provided for under RSA 126-A:5, XXIV-XXVI, consistent with RSA 400-A:32, III(b).
- II. Funding for the program from January 1, 2017 until December 31, 2018 shall not be funded from general funds. The program shall be funded as follows:
 - (a) Federal funds as made available by 42 U.S.C. section 1396d(y)(1).
- (b) Revenue generated under RSA 400-A:32, III(b) attributable to policies purchased under the New Hampshire health protection program between July 1, 2017 and December 31, 2018.
 - (c) Other non-general fund revenues.
- III. If at any time the sum total of the federal match rate applied, as set forth in 42 U.S.C. section 1396d(y)(1), and insurance premium tax revenues attributable to the program and revenue from non-general fund sources is insufficient to fully fund the program for newly eligible adults under RSA 126-A:5, XXIV-XXV and is less than 100 percent, then RSA 126-A:5, XXIV and XXV shall immediately be repealed upon notification by the commissioner of the department of health and human services to the secretary of state and the director of legislative services and consistent with the terms of the waiver for this program issued by the Centers for Medicare and Medicaid Services.
- IV. On or before August 15th of each fiscal year, the department of health and human services, in consultation with the insurance department, shall calculate the remainder amount pursuant to this section. The remainder amount shall be calculated utilizing estimated insurance premium taxes attributable to medical and other medical-related services for the newly eligible Medicaid population as provided for under RSA 126-A:5, XXIV-XXVI for each fiscal year. The commissioner of health and human services shall report the remainder amounts to the insurance department, the New Hampshire Hospital Association, the New Hampshire Health Plan, the governor, the speaker of the house of representatives, and the senate president.
- V. After the close of each fiscal year, on or before January 15th, the department of health and human services, in consultation with the insurance department, shall recalculate the remainder amount utilizing actual insurance premium tax revenues attributable to medical and other medical-related services for the newly eligible Medicaid population provided for under RSA 126-A:5, XXIV-XXVI for the completed fiscal year. The commissioner of health and human services shall compare the remainder amount calculations under this paragraph with the remainder amount calculations under paragraph IV and report the results to the insurance department, the New Hampshire Hospital Association, the New Hampshire Health Plan, the governor, the speaker of the house of representatives, and the senate president. Any difference between amounts calculated under paragraphs IV and V for a completed fiscal year shall be added to the remainder amount due and payable during the current fiscal year. In the event that actual program costs are less than funds received, the difference shall be credited against the remaining amount for the next payable period.

126-A:5-d Hospital Contributions.

- I. For the period of January 1, 2017 through December 31, 2018, to fund an amount, not to exceed 50 percent of the remainder amount as defined in RSA 126-A:5-c, I(b), for benefits contained in RSA 126-A:5, XXIV-XXV, consistent with the schedule outlined in 42 U.S.C. section 1396d(y) (1), the following contributions shall be deposited into the New Hampshire health protection trust fund, established pursuant to RSA 126-A:5-b, in the following order:
- (a) Voluntary provider donations as described in 42 C.F.R. section 433.54(d) from individual hospital contributions of \$50,000 each per year from all acute care hospitals in the state; and
- (b) The balance of any required remainder amount, after deducting amounts collected pursuant to subparagraph (a), shall be met with voluntary direct individual hospital contributions from acute care hospitals with individual hospital donation amounts as recommended by the New Hampshire Hospital Association relative to hospital net patient services revenue.
- II. Hospitals are requested to contribute the amounts in subparagraph I(a) by October 15 of each fiscal year to the New Hampshire health protection trust fund.

- III. Hospitals are requested to contribute the amounts specified in subparagraph I(b) in equal 1/3 installments by February 15, April 15, and June 15 of each fiscal year.
 - 7 Individual Health Insurance Market; Purpose. Amend RSA 404-G:1, II to read as follows:
- II. Create a nonprofit, voluntary organization to facilitate the availability of affordable individual nongroup health insurance by establishing an assessment mechanism and an individual health insurance market mandatory risk sharing plan as a mechanism to distribute the risks associated within the individual nongroup market and to support the marketplace premium assistance program established in RSA 126-A:5, XXIV.

8 Individual Health Insurance Market; Definitions. Amend RSA 404-G:2, X-a to read as follows:

- X-a. "Plan of operation" means the plan of operation of the risk sharing mechanism, the high risk pool, support for the program established in RSA 126-A:5, XXIV, and the federally qualified high risk pool, including articles, bylaws and operating rules, procedures and policies adopted by the association.
- 9 New Paragraph; Individual Health Insurance Market; Definitions. Amend RSA 404-G:2 by inserting after paragraph X-b the following new paragraph:
- X-c. "Program" means the marketplace premium assistance program established pursuant to RSA 126-A:5, XXIV.
- 10 Plan of Operation for the High Risk Pool. Amend RSA 404-G:5-a, IV(b) and (c) to read as follows:
- (b) Established no later than November 1 in the year preceding the calendar year for which the carrier's experience shall be used to calculate the assessment; [and]
- (c) Anticipated to be sufficient to meet the high risk pool's funding needs and the association's share of the costs of the program, as defined in subparagraph (d); and
- (d) For the period of January 1, 2017 through December 31, 2018, an amount not to exceed 50 percent of the remainder amount, as defined in RSA 126-A:5-c, I(b), less the amount made available to the program pursuant to RSA 420-G:11, VI. The association shall transfer all amounts collected pursuant to this subparagraph and the amount made available to the program pursuant to RSA 420-G:11, VI to the New Hampshire health protection trust fund, established pursuant to RSA 126-A:5-b.
- 11 High Risk Pool; Termination Activities and Dissolution. Amend RSA 404-G:11, VI to read as follows:
- VI. Following the cessation of coverage on December 31, 2013, the association shall take such actions as are necessary and desirable to wind down its affairs under this chapter in accordance with the plan of termination. The association shall retain all of its powers and duties, including, but not limited to, its power to establish and collect regular and special assessments under RSA 404-G:5 and RSA 404-G:5-a, and the immunity provided by RSA 404-G:9 and the bylaws of the association. Any excess funds remaining after the satisfaction of all of the association's liabilities shall be [returned to the association's members in proportion to their respective liability for the last regular assessments imposed by the association] used for the program and for the association's reasonable costs for collecting its share of the remainder amount.
- VI-a. No later than October 1, 2016, the board of directors shall prepare and submit to the commissioner and the commissioner of health and human services for approval an amendment to the plan of termination that provides for the continuation of the association for the limited purpose of compliance with the provisions of RSA 404-G:5-a, IV(d).
- 12 New Section; Commission to Evaluate the Effectiveness and Future of the Premium Assistance Program. Amend RSA 126-A by inserting after section 126-A:5-d the following new section:
 - 126-A:5-e Commission to Evaluate the Effectiveness and Future of the Premium Assistance Program.
- I. There is hereby established a commission to evaluate the effectiveness and future of the premium assistance program.
 - (a) The members of the commission shall be as follows:
- (1) Three members of the senate appointed by the president of the senate, one of whom shall be a member of the minority party.
- (2) Three members of the house of representatives, appointed by the speaker of the house of representatives, one of whom shall be a member of the minority party.
 - (3) The commissioner of the department of health and human services, or designee.
 - (4) The commissioner of the department of insurance, or designee.

- (5) A representative of an insurance carrier that offers policies for sale in New Hampshire on the exchange, appointed by the senate president.
- (6) A representative of a hospital that operates in New Hampshire, appointed by the speaker of the house of representatives.
 - (7) A public member, who is a taxpayer, appointed by the senate president.
- (8) A public member, who currently receives insurance coverage through the program, appointed by the speaker of the house of representatives.
 - (9) A licensed physician, appointed by the governor.
 - (10) A licensed mental health professional, appointed by the governor.
 - (11) A masters level licensed alcohol and drug counselor, appointed by the governor.
- (b) Legislative members of the commission shall receive mileage at the legislative rate when attending to the duties of the commission.
- II.(a) The commission shall evaluate the effectiveness and future of the premium assistance program. Specifically the commission shall:
 - (1) Review the program's financial metrics
 - (2) Review the program's product offerings.
 - (3) Review the program's impact on insurance premiums for individuals and small businesses.
- (4) Make recommendations for future program modifications, including, but not limited to whether the premium assistance program is the most cost-effective model for the long term versus a return to private market managed care.
 - (5) Evaluate non-general fund funding options for longer term continuation of the program.
- (b) Any funding solutions recommended by the commission shall not include the use of new general funds.
- (c) The commission shall solicit information from any person or entity the commission deems relevant to its study.
- III. The members of the commission shall elect a chairperson from among the members. The first meeting of the commission shall be called by the first-named senate member. The first meeting of the commission shall be held within 45 days of the effective date of this section. Eight members of the commission shall constitute a quorum.
- IV. The commission shall report its findings and any recommendations for proposed legislation to the president of the senate, the speaker of the house of representatives, the senate clerk, the house clerk, the governor, and the state library on or before December 1, 2017.
 - 13 New Hampshire Health Protection Program. Amend 2014, 3:10, I to read as follows:
- I. If at any time the federal match rate applied to medical assistance for newly eligible adults under RSA 126-A:5, [XXIII] XXIV-XXV between July 1, 2014 December 31, 2016 is less than 100 percent, less than 95 percent in 2017 and less than 94 percent in 2018, of the amount as set forth in 42 U.S.C. section 1396d(y)(1), then RSA 126-A:5[-XXIII--] XXIV[-] and XXV shall immediately be repealed upon notification by the commissioner of the department of health and human services to the secretary of state and the director of legislative services.
 - 14 New Hampshire Health Protection Plan Extended. Amend 2014, 3:13, I-a to read as follows:
- I-a. Section 12, paragraphs II-VII of this act shall take effect December 31, [2016] 2018. 15 Repeal. RSA 126-A:5-e, relative to the commission to evaluate the effectiveness and future of the premium assistance program, is repealed.
 - 16 Effective Date.
 - I. Section 2 of this act shall take effect July 1, 2017.
 - II. Section 15 of this act shall take effect December 1, 2017.
 - III. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill requires the commissioner of the department of health and human services to submit waivers or state plan amendments to modify the New Hampshire health protection program. The bill also includes funding for such program by using moneys from the insurance premium tax, federal funds, and other non-general fund revenues.

Rep. Carol McGuire spoke against.

Rep. Fothergill spoke in favor.

On a standing division vote, with 186 members having voted in the affirmative and 116 in the negative, the majority committee amendment was adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Leonard Turcotte offered floor amendment (0431h).

Floor Amendment (0431h)

Amend RSA 126-A:5, XXX(a)(6) as inserted by section 1 of the bill by deleting it.

Rep. Leonard Turcotte spoke in favor.

Rep. Stephen Schmidt spoke against.

Rep. Sylvia requested a roll call; sufficiently seconded.

Floor Amendment (0460h)

Amend RSA 126-A:5, XXX(c) as inserted by section 1 of the bill by replacing it with the following:

(c) The New Hampshire health protection program established under RSA 126-A:5, XXIV-XXV

shall be limited to 60,000 participants.

(d) The commissioner shall seek any new waiver or state plan amendments to implement the provisions of this paragraph. Any such waivers or amendments necessary shall be in place by January 1, 2017. Prior to submitting the waiver or state plan amendments to the (CMS), the commissioner shall present the waiver or state plan amendments to the fiscal committee of the general court for approval. The program shall not be reauthorized until such waivers or state plan amendments have been approved by CMS.

AMENDED ANALYSIS

This bill requires the commissioner of the department of health and human services to submit waivers or state plan amendments to modify the New Hampshire health protection program. The bill includes funding for such program by using moneys from the insurance premium tax, federal funds, and other non-general fund revenues. The bill also limits the New Hampshire health protection program to 60,000 participants.

and floor amendment (0460h) failed.

Rep. Cheney declared a conflict of interest and did not participate.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Baldasaro offered floor amendment (0493h).

Floor Amendment (0493h)

Amend RSA 126-A:5, XXX(c) as inserted by section 1 of the bill by replacing it with the following:

- (c) All veterans who are current New Hampshire residents shall receive medical and medicalrelated services from any hospital in this state providing services to the newly eligible Medicaid population.
- (d) The commissioner shall seek any new waiver or state plan amendments to implement the provisions of this paragraph. Any such waivers or amendments necessary shall be in place by January 1, 2017. Prior to submitting the waiver or state plan amendments to the (CMS), the commissioner shall present the waiver or state plan amendments to the fiscal committee of the general court for approval. The program shall not be reauthorized until such waivers or state plan amendments have been approved by CMS.

AMENDED ANALYSIS

This bill requires the commissioner of the department of health and human services to submit waivers or state plan amendments to modify the New Hampshire health protection program. The bill includes funding for such program by using moneys from the insurance premium tax, federal funds, and other non-general fund revenues. This bill also allows veterans who are New Hampshire residents to receive services under the New Hampshire health protection program. Rep. Umberger spoke in favor.

Rep. Baldasaro spoke in favor, yielded to questions and requested a roll call; sufficiently seconded.

Rep. Cheney declared a conflict of interest and did not participate.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Hoell offered floor amendment (0481h).

Floor Amendment (0481h)

Amend the title of the bill by replacing it with the following:

requesting a modification of the New Hampshire health protection program and establishing an advisory commission relative to the use of health savings accounts for a certain population.

Amend the section heading and the amending language of section 12 of the bill by replacing them with the following:

12 New Sections: Commission to Evaluate the Effectiveness and Future of the Premium Assistance Program; Health and Human Services Health Savings Account Advisory Commission. Amend RSA 126-A by inserting after section 126-A:5-d the following new sections:

Amend section 12 of the bill by inserting after RSA 126-A:5-e the following new section:

126-A:5-f Health and Human Services Health Savings Account Advisory Commission.

- I. There is established the health and human services health savings account advisory commission to advise the commissioner of the department of health and human services and the general court on the potential for use of health savings accounts for use by the population above 100 percent of the federal poverty level. The members of the commission shall be as follows:
- (a) Three members of the house of representatives, appointed by the speaker of the house of representatives.
 - (b) One member of the senate, appointed by the president of the senate.
 - (c) The commissioner of the department of health and human services, or designee.
 - (d) One public member, appointed by the president of the senate.
 - (e) One public member, appointed by the speaker of the house of representatives.
 - (f) One public member, appointed by the governor.
- (g) A representative of a critical access hospital, nominated by the New Hampshire Hospital Association and appointed by governor and council.
- (h) A representative of a non-critical hospital that is not a member of the New Hampshire Hospital Association, nominated by joint agreement of the president of the senate and the speaker of the house of representatives and appointed by governor and council.
- (i) One member who is an executive director of a community mental health center, nominated by the New Hampshire Community Behavioral Health Association and appointed by governor and council.
- (j) A representative of the community health centers, nominated by the Bi-State Primary Care Association and appointed by the governor and council.
- (k) One member who is an executive director of an area agency, appointed by the governor
- II.(a) The members of the commission shall elect a chairperson from among the members. The first meeting of the commission shall be called by the commissioner, or designee, and shall be held within 45 days of the effective date of this section. Six members of the commission shall constitute a quorum.

- (b) Legislative members of the commission shall receive mileage at the legislative rate when attending to the duties of the commission.
 - III. The commission shall:
- (a) Study the potential for use of health savings accounts by the population above 100 percent of the federal poverty level.
- (b) Study the potential for use of catastrophic health coverage in combination with health savings accounts including options for federal funding or solely state funding.
- (c) Study other existing state plans utilizing health savings accounts such as the Healthy Indiana Plan, including the costs of the Healthy Indiana Plan and the estimated costs if a similar plan were implemented in New Hampshire, the number of people covered by the Healthy Indiana Plan compared to the number covered by Medicaid expansion, and how to modify the waiver received by Indiana so that a similar program could be implemented in New Hampshire.
 - (d) Study options for expansion of medical services cost transparency.
 - (e) Serve as a forum for a formal hearing and public comment.
- (f) Receive input from experts in health care with knowledge and/or experience in the implementation of health savings accounts and input from interested stakeholders.
- (g) Create any subcommittees it deems necessary, which may include members of the public appointed by the chairperson, to assist with the research, analysis, or other work necessary to support its recommendations.
- IV. The department of health and human services shall provide administrative support to the commission and provide such information, data, testimony, and the assistance as requested by the commission.
- V. On or before October 1, 2016, the commission shall make a report of its findings and recommendations to the speaker of the house of representatives, the president of the senate, the house clerk, the senate clerk, the governor, the commissioner of the department of health and human services, and the state library.

Amend the bill by replacing all after section 15 with the following:

- 16 Repeal. RSA 126-A:5-f, relative to the health and human services health savings account advisory commission, is repealed.
 - 17 Effective Date.
 - I. Section 2 of this act shall take effect July 1, 2017.
 - II. Section 15 of this act shall take effect December 1, 2017.
 - III. Section 16 of this act shall take effect October 1, 2016.
 - IV. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill requires the commissioner of the department of health and human services to submit waivers or state plan amendments to modify the New Hampshire health protection program. The bill includes funding for such program by using moneys from the insurance premium tax, federal funds, and other non-general fund revenues. This bill also establishes an advisory commission to advise the commissioner of the department of health and human services and the general court on the potential use of health savings accounts for the population above 100 percent of the federal poverty level.

Rep. Hoell spoke in favor.

Rep. Kotowski spoke against.

Rep. Shurtleff requested a roll call; sufficiently seconded.

and floor amendment (0481h) failed.

Rep. Cheney declared a conflict of interest and did not participate.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Hoell offered floor amendment (0487h).

Floor Amendment (0487h)

Amend RSA 126-A:5, XXX(c) as inserted by section 1 of the bill by replacing it with the following:

- (c) A person shall not be eligible to enroll or participate in the New Hampshire health protection program, established under RSA 126-A:5, XXIV-XXV, unless such person verifies his or her United States citizenship by 2 forms of identification and proof of New Hampshire residency by either a New Hampshire driver's license or a nondriver's picture identification card issued pursuant to RSA 260:21.
- (d) The commissioner shall seek any new waiver or state plan amendments to implement the provisions of this paragraph. Any such waivers or amendments necessary shall be in place by January 1, 2017. Prior to submitting the waiver or state plan amendments to the (CMS), the commissioner shall present the waiver or state plan amendments to the fiscal committee of the general court for approval. The program shall not be reauthorized until such waivers or state plan amendments have been approved by CMS.

Rep. Hoell spoke in favor.

Rep. Kotowski spoke in favor and yielded to questions.

Rep. Weber yielded to questions.

Rep. Fromuth requested a roll call; sufficiently seconded.

and floor amendment (0487h) was adopted.

Wallner, Mary Jane

Rep. Cheney declared a conflict of interest and did not participate.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Hoell offered floor amendment (0494h).

Floor Amendment (0494h)

Amend RSA 126-A:5, XXX as inserted by section 1 of the bill by deleting subparagraph (a)(6). Amend RSA 126-A:5, XXX(c) as inserted by section 1 of the bill by replacing it with the following:

- (c) No person, organization, department, or agency shall submit the name of any person to the National Instant Criminal Background Check System (NICS) on the basis that the person has been adjudicated a "mental defective" or has been committed to a mental institution, except pursuant to a court order issued following a hearing in which the person participated and was represented by an attorney.
- (d) The commissioner shall seek any new waiver or state plan amendments to implement the provisions of this paragraph. Any such waivers or amendments necessary shall be in place by January 1, 2017. Prior to submitting the waiver or state plan amendments to the CMS, the commissioner shall present the waiver or state plan amendments to the fiscal committee of the general court for approval. The program shall not be reauthorized until such waivers or state plan amendments have been approved by CMS.

Reps. Hoell and Kotowski spoke in favor.

Rep. Burt requested a roll call; sufficiently seconded.

and floor amendment (0494h) was adopted.

Rep. Cheney declared a conflict of interest and did not participate.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.

(Rep. Packard in the Chair)

Reps. Edelblut and Dan McGuire spoke against.

Reps. Lachance and Kotowski spoke in favor and yielded to questions.

Rep. Fromuth spoke against and yielded to questions.

MOTION TO LAY ON THE TABLE

Rep. Spillane moved that **HB 1696-FN**, requesting a modification of the New Hampshire health protection program, be laid on the table.

Rep. Umberger requested a roll call; sufficiently seconded.

Rep. Spillane withdrew his motion.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.

(Speaker Jasper in the Chair)

Rep. Joanne Ward spoke against.

Rep. Umberger spoke in favor and yielded to questions.

MOTION TO PRINT REMARKS

Rep. William O'Brien moved that the Parliamentary Inquiry made by Rep. Hoell and the answer by Speaker Jasper be printed in the Permanent Journal.

Without objection, the Speaker so ordered.

REMARKS

Representative Hoell: Thank you, Mister Speaker. I guess this question is directed to you. We adopted three amendments; amendment numbers 493, 494 and 487. Would those be reordered because they all...

Speaker Jasper: They would be reordered, much as happens when we adopt the budget, so they will all be adopted sequentially.

Representative Hoell: Awesome, thank you.

Speaker Jasper: You are welcome.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.

Rep. Comeau spoke against.

Rep. Stephen Schmidt spoke in favor.

Rep. Timothy Smith requested a roll call; sufficiently seconded.

REGULAR CALENDAR CONT'D

HB 1560-FN, relative to abortion procedures. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Linda Kenison for the Majority of Judiciary. This bill seeks to add a new section to New Hampshire RSA 132 (Protection for Maternity and Infancy) which would prohibit the most common method of second-trimester pre-viability abortion to the ten percent (10%) of women who make a difficult decision to terminate their pregnancy. The medical term for this safe procedure is called non-intact D&E (Dilation and Evacuation). Across the country, this procedure is performed on the ten percent of women, ninety-five percent (95%) of the time. Other jurisdictions, as recently as January 22, 2016, have held nearly identical statutory language which banned this very type of D&E, likely unconstitutional, Nauser v. Kansas, Court of Appeals of the State of Kansas (2016). The appellate court refused to overrule the lower court's injunction which kept the law from taking effect, reasoning that the statute violated the Kansas Constitution's Bill of Rights and the United States Constitution's 14th Amendment. Similarly, the United States Supreme Court determined this to be a safe alternative to the Partial-Birth Abortion Ban Act of 2003 (a federal statute regulating abortion procedures.) Gonzales v. Carhart, 550 US 127 (2007). The Gonzales case also recognized long-standing law which prohibits an undue interference for the state on a woman's right to terminate their pregnancy prior to viability. Roe v. Wade, 410 US 113 (1973). This bill, if passed, will likely force New Hampshire into costly and unnecessary litigation. In addition to the constitutional issues, the bill's language is discriminatory and disregards the individual rights of women New Hampshire citizens. The bill allows a court to determine whether the identity of the women should be disclosed in "every civil criminal, or administrative proceeding," regardless of her consent to such disclosure. It further allows only a "married" father of the unborn to bring an action for civil damages, yet does not provide the right to an unmarried father or same-sex spouse. This bill also criminalizes health care providers for practicing medicine in a manner they determine is medically sound and is in the best interest of their patients. This bill imposes criminal penalties, including a class A felony for physicians and other medical providers who perform this procedure. We are trusted with the responsibility to pass laws for all the citizens of New Hampshire. This bill, as worded, falls short of our responsibility and violates the laws of the State of New Hampshire and United States Constitution. Vote 9-7.

Rep. Kurt Wuelper for the Minority of Judiciary. The minority believes the dismemberment abortion procedure known as Dilation and Evacuation [D&E] is so monstrous it should be illegal. No baby should ever be subjected to being physically torn limb-from-limb, which is precisely what the D&E does. Our constitution forbids "cruel and unusual" punishment for crimes. We apply this principle even to those who have committed crimes so serious they have received the death penalty. We believe the pre-born child, having committed no crime, deserves similar mercy. Even more, our State should do all it can to protect every baby from such a torturous procedure. We believe the Supreme Court would follow the same logic it used to uphold the Partial Birth Abortion ban and uphold the D&E ban.

The question being adoption of the majority committee report of Inexpedient to Legislate. Rep. Souza spoke against.

(Rep. Packard in the Chair)

Reps. Itse, Wuelper and Frank McCarthy spoke against.

Rep. Kenison spoke in favor.

Rep. Hoell requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

Wuelper, Kurt

HB 1627-FN, relative to the protection of infants born alive. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Paul Berch for the Majority of Judiciary. There are existing laws, both federal and state, that extend protections to infants born alive. This bill seeks to go beyond these laws to allow criminal prosecutions of doctors who are believed to have exceeded vague concepts relating to evidence of life, medically necessary or reasonable care, without defining these terms. A bipartisan majority of the committee felt this bill impermissibly interferes with medical professionals trying to provide the best medical care that they can. This legislation would require doctors to employ extraordinary resuscitation measures for pre-viable fetuses who are born as a result of early (pre-term) labor or abortion - even where there is no chance of viability or ultimate survival. The requirements of this bill deviate from the medical standard of care and interfere with the ability of physicians to work during a time of pregnancy loss or termination. New Hampshire currently has some of the lowest abortion rates and the best maternal health outcomes in the country, yet we heard testimony that this legislation would threaten the state's top neonatologists and fetal medicine specialists with prosecution and subject doctors and families to an invasive level of government interference. Vote 9-7. Rep. Kurt Wuelper for the Minority of Judiciary. The minority believes that every baby born alive deserves nourishment and "medically appropriate and reasonable" care, even if that baby is born alive accidentally after an abortion procedure. Further, it is the role of the legislature to define crimes and establish penalties for crimes. This bill is similar to the Federal Born Alive Protection Act and requires any such baby receive such care and makes failure to provide that care a crime. With criminal cases from other states documenting that hundreds of these babies have been killed (or allowed to die with no care given), we believe our state needs to clearly identify such wanton disregard for living babies a serious crime.

The question being adoption of the majority committee report of Inexpedient to Legislate. Rep. Wuelper spoke against and yielded to questions.

(Speaker Jasper in the Chair)

Rep. Groen spoke against.

Rep. Berch spoke in favor.

Rep. Hoell requested a roll call; sufficiently seconded.

REFERRAL DECLINED

Rep. Kurk, Chairman of the Committee on Finance, under the provisions of House Rule 46 (f), declined the referral of **HB 1352-FN**, relative to the penalty for retirement system employers' noncompliance with reporting requirements for retirees and **HB 1604-FN-A-L**, relative to instructional methods to enable students to acquire and apply requisite knowledge and skills.

RESOLUTION

Rep. Hinch offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet, Thursday, February 11, 2016 at 9:00 a.m.

LATE SESSION

Third Reading and Final Passage

HB 1352-FN, relative to the penalty for retirement system employers' noncompliance with reporting requirements for retirees.

HB 1604-FN-A-L, relative to instructional methods to enable students to acquire and apply requisite knowledge and skills.

RECESS MOTION

Rep. Hinch moved that the House stand in recess for the purposes of the introduction of bills, receiving Senate messages, enrolled bill amendments and enrolled bill reports.

Motion adopted.

The House recessed at 6:25 p.m.

RECESS

(Speaker Jasper in the Chair)

Rep. Hinch moved that the House adjourn. Motion adopted.

HOUSE JOURNAL NO. 7

Thursday, February 11, 2016

The House assembled at 9:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by House Chaplain, Reverend Kate Atkinson, Rector of St. Paul's Church in Concord. O Lord our Governor, bless the leaders of our land, that we may be a people at peace among ourselves and a blessing to other nations of the earth. To the President and members of the Cabinet, to Governors of States, Mayors of Cities, and to all in administrative authority, grant wisdom and grace in the exercise of their duties. To Senators and Representatives, and those who make our laws in States, Cities, and Towns, give courage, wisdom, and foresight to provide for the needs of all our people, and to fulfill our obligations in the community of nations. To the Judges and Officers of our Courts, give understanding and integrity, that human rights may be safeguarded and justice served. And finally, teach our people to rely on Your strength and to accept their responsibilities to their fellow citizens, that they may elect trustworthy leaders and make wise decisions for the well-being of our society; that we may serve You faithfully in our generation and honor Your Holy name. Amen.

Representative Ladd, member from Haverhill, led the Pledge of Allegiance.

The member from Windham, Representative Mary Griffin, led the singing of the National Anthem.

LEAVES OF ABSENCE

Reps. Alicea, Ronald Belanger, Chris Brown, Comtois, Crawford, Dean-Bailey, Duarte, Emerson, Forest, Froburg, Gardner, Gargasz, Gladys Johnsen, Kellogg, Knowles, Marston, Murotake, Priestley, Sanders, Simmons, Twombly, Vose, Robert Walsh and Wheeler, the day, illness.

Reps. Barry, Bouldin, Duane Brown, Rebecca Brown, Bush, DiFranco, Donovan, Fisher, Friel, Goulette, Barbara Griffin, Halstead, Hess, Hurt, Kolodziej, Lovejoy, Luneau, O'Hearne, O'Neil, Oligny, Piper, Russell, Sanborn, Schroadter, Scontsas, Timothy Smith, Spillane, Tamburello and Varney, the day, important business.

INTRODUCTION OF GUESTS

Joel Weinrebe, guest of Rep. LeBreche. Mark and Daniel Tran, guests of Rep. Bates.

MOTION TO SPECIAL ORDER

Rep. Bates moved that **HB 1130**, requiring school districts to permit placement of a memorial honoring those who have died during military service, be made a Special Order as the first order of business. Motion adopted.

SPECIAL ORDER

HB 1130, requiring school districts to permit placement of a memorial honoring those who have died during military service. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Alfred Baldasaro for the Majority of State-Federal Relations and Veterans Affairs. This bill as amended gives the school district the authority to permit a placement of a memorial honoring an alumnus who was killed while in the military serving our country. There is no cost to the state or any municipality for the design, manufacturing, installation or maintenance of the memorial. The decision to place the memorial must be agreeable to the school board of the school that the military person has attended. Vote 7-4.

Rep. Robert Theberge for the Minority of State-Federal Relations and Veterans Affairs. This bill requires school districts to permit placement of a memorial honoring those who died during military service. The amendment still mandates school districts to permit the placement of memorials. The legislature has a long-stated belief in using local control at the local level and not mandating actions. To date, there has never been any school district within the state which has denied the placement of memorials honoring veterans. School districts have always worked with veteran organizations and non-profits for the placement of such memorial.

Majority Amendment (0406h)

Amend RSA 189:18-a as inserted by section 1 by replacing it with the following:

189:18-a Memorials on School Property. Each school district shall permit the placement of a memorial plaque in a suitable location, or other memorial as agreeable to the school board, at a district high school in honor of an alumnus of a junior high school or high school in the district who died during military service, provided that the cost for design, manufacture, installation, or maintenance of the memorial shall not be a charge to the state or any municipality.

Rep. Theberge spoke against.

Rep. Baldasaro spoke in favor and yielded to questions.

MOTION TO LAY ON THE TABLE

Rep. Heffron moved that **HB 1130**, requiring school districts to permit placement of a memorial honoring those who have died during military service, be laid on the table.

Rep. Baldasaro requested a roll call; sufficiently seconded.

and the majority committee report was adopted and referred to the Committee on Education.

REGULAR CALENDAR CONT'D FROM FEBRUARY 10, 2016

HB 1641-FN-L, relative to requiring prevailing wages on state-funded public works projects. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Leon Rideout for the Majority of Labor, Industrial and Rehabilitative Services. The majority of the committee felt that despite testimony that this would level the playing field it would do the opposite. The majority felt that the administrative burdens would hinder a small company from bidding on a state funded project which will hinder competition. The NH Department of Administrative Services testified that passing this bill would require them to hire 6 new employees to properly administer the provisions. The approximate cost will be \$2.6 million annually. Other states that have instituted a prevailing wage law have experienced an approximate 10% increase in construction costs which would add even more strain to the NH Department of Transportation's already stretched budget, resulting in fewer projects completed. The majority was also troubled that the often cited study in testimony was a national study not a study of the NH market, therefore the study's assumption could not be accurately applied to NH. Vote 10-6. Rep. Andrew White for the Minority of Labor, Industrial and Rehabilitative Services. This bill would put more money from taxpayer-funded public construction projects into the hands of our NH workers and businesses. It would do so without increasing project costs, by preventing unscrupulous out-of-state contractors from underbidding NH-based workers and contractors. Without this law, we are shipping New Hampshire's jobs and taxpayer money out-of-state and failing to rebuild and enhance our own New Hampshire economy. Credible research shows that passing a prevailing wage law will not only direct more public dollars to our own NH workers and businesses, but also ensure construction workers on these projects receive healthcare benefits and competitive pay. The result would be the creation of at least 1,700 new jobs, nearly \$300 million in increased economic activity, and over \$7 million in new state and local tax revenues. Understanding that passing this bill would be a win for New Hampshire workers, the state, and all taxpayers, the minority voted against the motion of Inexpedient to Legislate and urge you to do the same.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Reps. Cilley and White spoke against and yielded to questions.

Rep. Flanagan spoke in favor and yielded to questions.

Rep. Rogers requested a roll call; sufficiently seconded.

Williams, Kermit

REFERRAL DECLINED

Rep. Tholl, Chairman of the Committee on Criminal Justice and Public Safety, under the provisions of House Rule 46 (f), declined the referral of **HB 1434-FN**, relative to out-of-home placements under the child protection act.

REGULAR CALENDAR CONT'D

HB 1568-FN-A, relative to prepaid road tolls for certain alternative energy vehicles. OUGHT TO PASS WITH AMENDMENT.

Rep. Franklin Tilton for Public Works and Highways. This bill as amended establishes a road toll at the time of registration for vehicles powered solely by electricity. The annual toll will be equal to the amount of the state portion of the registration fee. This reestablishes a requirement that existed in NH from 1981 until 2001. The amendment and amended bill applies only to those vehicles powered solely by electricity. Currently all vehicles using the NH State highways except those powered by electricity share in the highway maintenance costs through the gas tax or other methods. Vote 15-0.

Amendment (0335h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to prepaid road tolls for electric vehicles.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Electric Vehicle Defined. Amend RSA 259 by inserting after section 27 the following new section:

259:27-a Electric Vehicles. "Electric vehicle" shall mean a vehicle powered solely by electricity.

2 New Paragraph; Alternate Energy; Road Tolls. Amend RSA 260:52 by inserting after paragraph XVIII the following new paragraph:

XIX. Each person registering an electric vehicle shall be required to prepay road toll fees at the time of registration of the vehicle. The toll for a full 12-month year shall be equal to the state registration fee under RSA 261:141 for a full year. The toll for a period of less than a full year shall be prorated in the same manner as vehicle registrations are prorated under RSA 261:141. Any person who shall drive or cause to be driven a motor vehicle in violation of the provisions of this paragraph shall be guilty of a violation.

3 Effective Date. This act shall take effect January 1, 2017.

AMENDED ANALYSIS

This bill establishes prepaid road tolls for electric vehicles. Committee amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment. On a division vote, with 222 members having voted in the affirmative and 95 in the negative, the committee report was adopted and referred to the Committee on Ways and Means.

HB 1298, relative to damage to private property. OUGHT TO PASS WITH AMENDMENT.

Rep. John Mullen for Resources, Recreation and Development. This bill, as amended, addresses the process by which landowners may seek to recover damages caused by illegal dumping and release of pollutants caused by OHRV's and snowmobiles while traveling on an owner's property. Current statute does not provide adequate guidance to the courts, the Department of Environmental Services, or municipalities on how a landowner may recover costs for cleanup when an incident occurs, nor does it provide sufficient deterrents to prevent such activity. When an incident occurs, the bill would allow a landowner to commence a right of action for the cost of cleanup and such damages that may result from any discharges of the damaging pollutants. Additionally, a penalty of up to 3 times actual damages could be imposed and the recovery of attorney's fees incurred by the owner could be ordered. Vote 17-0.

Amendment (0228h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Chapter; Landowner's Right of Action. Amend RSA by inserting after chapter 149-O the following new chapter:

CHAPTER 149-P LANDOWNER'S RIGHT OF ACTION

149-P:1 Landowner's Right of Action.

I. It is hereby declared to be in the public interest to encourage the preservation and conservation of the land, water, forest, agricultural, and wildlife resources of this state. It is also declared to be in the public interest to discourage and provide means for preventing the spoliation of such resources from the effects of illegal dumping, and to create rights in landowners to provide the means for obtaining such objectives. It is the intention of this chapter to create a landowner's right of action in support of these purposes.

- II. Notwithstanding any rules adopted by the department of environmental services, any ordinance adopted by a municipality, or any provision of law, any person, as defined in RSA 147-A:2, XII, who without authorization, intentionally, recklessly, or negligently discharges, spills, releases, pollutes, disposes, dumps, leaks, injects, or places oil, gasoline, diesel fuel, fuel oil, motor oil, automotive oil, gasoline ethers, offensive matter, hazardous waste, waste, refuse, or solid waste as those terms are defined in RSA 146-A through 146-O, upon the land of another, shall be liable to the owner of the land.
 - III. Upon such discharge occurring, the owner of the land may:
- (a) Commence an action for the cost of cleanup and any such damages as may result from the discharge;
- b) Seek injunctive relief enjoining any activity described in paragraph II, if such activity is imminent or likely;
- (c) a court order requiring the person causing the discharge to contain, clean up, and remediate the discharge at such person's expense;
- (d) Obtain multiple damages against the person causing the discharge of up to 3 times actual damages, based upon the degree of culpability, as determined by the trier of fact;
- (e) Obtain reasonable attorneys' fees and professional fees associated with the containment, cleanup, and remediation, and the seeking and obtaining relief and damages;
- (f) Require the person causing the discharge to provide a bond, or other assurances sufficient to cover the costs of containment, cleanup, and remediation, upon a showing by the owner that there is a reasonable likelihood of a judgment; and
- (g) Obtain an attachment, prejudgment attachment, or trustee process in accordance with RSA 511, RSA 511-A and RSA 512.
- IV.(a) This chapter shall only apply to discharges that are made directly upon the landowner's land and shall not apply to those discharges that originate from the land of another, including without limitation, discharges from any above ground or underground storage tank. However, this chapter shall not otherwise limit any other rights afforded a landowner for such discharges originating from the land of another.
- (b) For the purposes of this chapter, a landowner shall include any owner holding an entire, joint, fractional, mortgage, or other ownership interest in the land, but any separate claims made by more than one such owner shall be consolidated into a single action.
- (c) This chapter shall not apply to or benefit any owner holding an interest in the land making claim against any other owner holding an interest in the same land.
- (d) This chapter shall not apply to a discharge on a landowner's land, when the discharge results from a motor vehicle involved in a motor vehicle accident not originating on the landowner's land.
- (e) The rights and benefits conferred upon a landowner under this chapter shall not apply to any claim or claims against the state and its subdivisions.
- 2 Penalties; OHRV/Operator Responsibilities; Roads Included. Amend RSA 215-A:19, I(a)(1) to read as follows:
- (1) To the owner of any lands where trees, shrubs, *roads*, or other property have been damaged as a result of travel over [their] the owner's premises by such vehicles.
- 3 New Subparagraph; Penalties; OHRV/Operator Responsibilities; Damage to Private Property. Amend RSA 215-A:19, V by inserting after subparagraph (e) the following new subparagraph:
 - (f) The use of the OHRV has resulted in damage to private property.
- 4 New Paragraph; Penalties; OHRV/Operator Responsibilities. Amend RSA 215-A:19 by inserting after paragraph IX the following new paragraph:
- X. In addition to any other penalty or obligation imposed, the owner of any lands which have been damaged in violation of this chapter may bring an action to recover such damages, in the superior court for the county in which the lands are located, against any person who is responsible and accountable under subparagraph I(a). In bringing such action, the owner shall be entitled to:
 - (a) The cost of clean-up and restoration to the prior condition of the lands.
- (b) Multiple damages of up to 3 times actual damages, based upon the recklessness or severity of the conduct, as determined by the trier of fact.

(c) Reasonable attorney's fees necessary to the action.

- 5 Damage to Land; Snowmobile Operator Responsibilities. Amend RSA 215-C:34, I(a)(1) to read as follows:
- (1) To the owner of any lands where trees, shrubs, or other property have been damaged as a result of travel over [his or her] the owner's premises by such vehicles.
- 6 New Subparagraph; Damage to Property; Snowmobile Operator Responsibilities. Amend RSA 215-C:34, V by inserting after subparagraph (e) the following new subparagraph:

(f) The use of the snowmobile has resulted in damage to public or private property.

7 New Paragraph; Damage to Property; Snowmobile Operator Responsibilities. Amend RSA

215-C:34 by inserting after paragraph VIII the following new paragraph:

IX. In addition to any other penalty or obligation imposed, the owner of any lands which have been damaged in violation of this chapter may bring an action to recover such damages, in the superior court for the county in which the lands are located, against any person who is responsible and accountable under subparagraph I(a). In bringing such action, the owner shall be entitled to:

(a) The cost of clean-up and restoration to the prior condition of the lands;

- (b) Multiple damages of up to 3 times actual damages, based upon the level of culpability of the conduct, as determined by the trier of fact; and
 - (c) Reasonable attorney's fees.

8 Effective Date. This act shall take effect January 1, 2017.

AMENDED ANALYSIS

This bill:

I. Creates a cause of action for a landowner whose land is damaged by pollution.

II. Creates a cause of action for a landowner whose land is damaged by OHRV.

III. Creates a cause of action for a landowner whose land is damaged by snowmobile use. Committee amendment adopted.

Rep. Chris Christensen offered floor amendment (0255h).

Floor Amendment (0255h)

Amend RSA 215-A:19, V(f) as inserted by section 3 of the bill by replacing it with the following:

(f) The use of the OHRV has resulted in damage to public or private property.

Rep. Chris Christensen spoke in favor.

Floor amendment (0255h) adopted.

Committee report adopted and referred to the Committee on Judiciary.

HB 1412-FN, relative to duties of the public utilities commission. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.

Rep. Michael Vose for the Majority of Science, Technology and Energy. This bill would have expanded the responsibilities of the Public Utilities Commission (PUC) to perform economic, environmental and social analyses as part of its investigations into utility regulation. The bill's fiscal note estimated that these expanded responsibilities would increase the agency's costs by \$2.7 to \$3.2 million. The prime sponsor presented an amendment at the public hearing that reduced the bill to merely asking the PUC to make judgments about the "public good." During questioning, the terms "public good" and "public interest" were determined to be synonymous. Since statute already directs the PUC to judge whether regulatory actions are in the public interest, the need for this legislation is not apparent. Vote 15-5. Rep. William Baber for the Minority of Science, Technology and Energy. The modest intent of this bill is to extend the scope of consideration in the Public Utilities Commission's (PUC) decision processes to include the concept of "public interest" in all of their decisions given that the state is experiencing a rapid transformation in the sources and transmission of energy. Allowing the PUC to consider all factors that may impact the economy, jobs, and the environment is clearly in the best interest of the state. The minority believes the amendment will eliminate the need for a fiscal note and allows more discretion by the PUC.

The question being adoption of the majority committee report of Inexpedient to Legislate. Rep. Oxenham spoke against.

(Rep. Packard in the Chair)

Rep. Douglas Thomas spoke in favor.

On a division vote, with 201 members having voted in the affirmative and 111 in the negative, the majority committee report was adopted.

HB 1553-FN, transferring the administration of the telecommunications accounting unit. **OUGHT TO PASS.**

Rep. Marjorie Shepardson for Science, Technology and Energy. This bill transfers the statewide telecommunications accounting unit from the Department of Safety to the Department of Information Technology. Over the past several years, we have transitioned to a nearly total dependence on digital technologies in communications, making the Department of Information Technology a more fitting place for these functions to reside. It should make billing more efficient and reduce one employee position. The fiscal note states this bill will decrease state expenditures. Vote 19-0. Committee report adopted and referred to the Committee on Finance.

HB 1622-FN, relative to radioactive waste and establishing a nuclear waste storage fee. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT. Rep. Herbert Vadney for the Majority of Science, Technology and Energy. This bill strongly discourages the storage of nuclear waste at Seabrook Station by placing a high annual fee (\$500,000) on each cask of such waste stored on site. Investigation showed there are fourteen casks already on site that would result in an annual charge of \$7 million to Seabrook Station, money that would surely be raised from customers. Passing such costs on to ratepayers would increase what are already being considered intolerably high electricity bills in the state. Although removing the spent fuel waste from Seabrook may be an admirable goal, it is a situation Seabrook Station cannot control as the federal government has not yet provided a location or mechanism to properly dispose of such waste as required under federal law. Existing state statute (RSA 125:77-b) specifically allows interim on-site storage of nuclear fuel and spent fuel at Seabrook. Until the federal government provides a more permanent solution for long term storage or disposal, the Seabrook spent fuel waste will remain at Seabrook and there is little to nothing we can do to change that situation. In addition, RSA 125:77-b prohibits the disposal of any radioactive waste in the state, thereby making the 9 pages of the bill that would regulate the siting of a disposal site in the state unnecessary. Further, it should be noted, Seabrook's highly reliable 1,200 megawatts of carbon free electricity are critical to powering our New England electrical grid. Tinkering with it at this time could prove foolhardy. Vote 13-6. Rep. David Borden for the Minority of Science, Technology and Energy. In January 1986, the US Department of Energy announced that it had identified a 78 square mile area centered in Hillsborough, NH as a potential site for burial of the nation's high level radioactive waste. That year, 137 towns passed warrant articles opposing the proposed waste site and the legislature passed the High Level Radioactive Waste Act. The act was signed into law by Governor Sununu. The law was repealed as part of the trailer bill in 2011. This bill reestablishes the law and ensures that no new high level radioactive waste site areas are created in our state. The amendment proposed by the minority eliminates the fees which could be assessed by the bill.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Backus spoke against and yielded to questions.

Rep. Vadney spoke in favor.

Rep. Cushing spoke against, yielded to questions and requested a roll call; sufficiently seconded.

(Speaker Jasper in the Chair)

HB 1673-FN-L, establishing a cash balance plan within the state retirement system. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: REFER FOR INTERIM STUDY.

Rep. Neal Kurk for the Majority of Special Committee on Public Employee Pension Plans. This legislation, with the amendment, would enact a cash balance defined benefit pension plan for all new state employees hired on and after July 1, 2016. It does not change, or in any way affect, the current traditional defined benefit retirement plan for all current state and political subdivision employees, and it would only apply to employees of political subdivisions if and when that subdivision's governing body voted to adopt the plan. Under a cash balance plan, the employer guarantees a minimum return on each employee's retirement account regardless of the investment return on the pension plan's investments. If the pension plan earns a rate of return greater than the guaranteed minimum return, the employer and employee share the benefits of those excess investment earnings. Under this cash balance plan, an employee's retirement is funded in the first instance by annual contributions made by both the employer and employee - identical in amount to the contributions of employers and employees under NH's current defined benefit plan. The value of each employee account increases annually by an "interest credit rate" based on the federal mid-term bond rate, but with a guaranteed minimum of 5%. In addition, the retirement system Board of Trustees may vote to pay an additional dividend to all participating employees up to a maximum total of 66.7% of the total investment earnings of the retirement trust fund (including the total interest credits already paid to the employees' accounts) over any five-year rolling period. All contributions, interest credits and dividends compound annually until the employee either retires or withdraws the accumulated benefits from the plan. An employee in the cash balance plan fully vests in five years, and the account is 100% portable. Under the plan, at retirement an employee can elect to receive a 2.5% COLA as part of his final retirement benefit (to be paid for out of the member's total retirement account), and may receive up to 50% of his final retirement benefit as a lump sum. Generally speaking, the cash balance plan will be administered and invested the same way as the current plan. The primary difference between NH's current defined benefit plan and this cash balance defined benefit plan is in the method of calculating the value of the final retirement account. Under the current plan, that value is based upon an employee's years of service and his average earnings in the final years before retirement. Under this bill, that value is based upon the amount of contributions, interest credits and dividends credited to the employee's account, compounded over the employee's years of service and final retirement date. This creates somewhat greater uncertainty in the cash balance defined benefit plan in that the employee could get somewhat less in the cash balance plan than in the current plan; but that employee could also get more - perhaps significantly more, under the cash balance plan. The intent behind this cash balance defined benefit plan is to provide employee retirement benefits that are essentially the same as the retirement benefits under the current NH plan, assuming the markets generate the same rate of return over future decades that they have generated over the past six or so decades. The current NH Retirement plan is underfunded by approximately \$4 billion. A plan was put into place in 2007 to pay down that unfunded amortized actuarial liability (UAAL) over 25 years. This cash balance plan continues that robust amortization plan by contributing to the amortization schedule for every new State employee over the remaining years of that schedule. In addition, this cash balance defined benefit plan will substantially reduce the possibility that the UAAL will grow larger over time. By its very nature, a cash balance defined benefit plan is funded on a pay-as-you-go basis. This is amply demonstrated by the cash balance plan adopted by Nebraska in 2003 - the plan this legislation was closely modeled after. That plan has been very successful during both economic good times and the great recession. It was fully funded at 104% at the end of 2015, and employees have seen their accounts grow on average more than 7.90% per year over those twelve years. Vote 7-6.

Rep. Jeffrey Goley for the Minority of Special Committee on Public Employee Pension Plans. The committee only had two weeks between the public hearing and the executive session and was not able to get answers on numerous concerns we had about the legislation. One of the main concerns was - what percentage of an employee's income would be replaced at the time of retirement under a cash balance plan? The minority of the committee believes that a retiree under this plan may have their benefits significantly reduced. While the sponsor has stated that his intent is

to establish a plan that would produce a level of income replacement that is similar to the current defined benefit plan, the fact is that there have been no solid calculations produced to show that this bill would do that. There was also a legal consideration brought forward by the NH Retirement System. Staff noted that the employer contribution credit as determined by RSA 100-A:16 may violate the definitely determinable rule under the Internal Revenue Code Section 401(a). Another main factor in recommending Interim Study is that both the NH Municipal Association and the NH School Board Association testified that they would like to wait until the Decennial Retirement Commission begins its work in 2017, where the discussion on a cash balance plan could be thoroughly vetted and explored.

Majority Amendment (0223h)

Amend the bill by replacing sections 1 and 2 with the following:

1 New Paragraph; Definition; Cash Balance Plan. Amend RSA 100-A:1 by inserting after paragraph I the following new paragraph:

I-a. "Cash balance plan" means the retirement plan established in RSA 100-A:58 through RSA 100-A:70 administered by the board of trustees for persons who begin service on and after July 1, 2016, and who are required to participate as a condition of employment under RSA 100-A:3, I-b or I-c.

2 New Paragraphs; Membership; Cash Balance Plan. Amend RSA 100-A:3 by inserting after paragraph I-a the following new paragraphs:

I-b. Any person who begins service on or after July 1, 2016 with the state or any department, commission, institution, or agency of the state government by which an employee is paid through the office of the state treasurer with respect to their employees, as an employee, teacher, permanent policeman, or permanent fireman, shall as a condition of employment participate in the cash balance plan of the retirement system established under RSA 100-A:58 through RSA 100-A:70.

I-c. Any political subdivision employee, teacher, permanent policeman, or permanent fireman, of a non-state employer, working in a full-time position for such employer as determined by common law standards, where the employer has made a separate election under the provisions of RSA 100-A:25-a to have its employees, teachers, policemen, and firemen participate in the cash balance plan, and who begins service on or after July 1, 2016 and after the effective date of such election, shall as a condition of employment participate in the cash balance plan of the retirement system established under RSA 100-A:58 through RSA 100-A:70.

Amend RSA 100-A:65, I as inserted by section 6 of the bill by replacing it with the following:

I. For the fiscal year beginning July 1, 2016, and each fiscal year thereafter, the actuary for the board shall perform a separate actuarial valuation of the cash balance plan using the entry age actuarial cost method.

Amend the bill by replacing section 9 with the following:

9 Effective Date. This act shall take effect July 1, 2016.

AMENDED ANALYSIS

This bill establishes a cash balance pension plan for retirement system members who begin service with the state on or after July 1, 2016. Teachers, policemen, firemen, and political subdivision employee members of a non-state employer hired on or after July 1, 2016 are cash balance plan members if their employer elects to have their members participate in the cash balance plan.

MOTION TO LAY ON THE TABLE

Rep. Goley moved that **HB 1673-FN-L**, establishing a cash balance plan within the state retirement system, be laid on the table.

Rep. Hinch requested a roll call; sufficiently seconded.

REGULAR CALENDAR CONT'D

HB 1616-FN, relative to drivers' licenses and identification cards that are compliant with federal identification law. OUGHT TO PASS WITH AMENDMENT.

Rep. Sherman Packard for Transportation, For almost ten years NH has said it will not participate in what is referred to as Real ID. This law was passed by Congress in 2005. The concept was taken from the 9/11 Commission report. It stated the federal government should set standards for the issuance of birth certificates and sources of identification such as drivers' licenses. It was feared by many that this would turn into a national identification card database. That fear has been averted. Developing a NH compliant drivers' license does not create a national ID card, a federal database of driver license information or new federal access to state data. This bill will allow NH citizens to voluntarily obtain a real ID compliant license. This bill is completely opt-in. The deadlines have been set by Homeland Security. Many federal buildings are not now accessible with a NH license. Provisions governing the boarding of aircraft will take effect January 2018. If we do not act in a responsible manner hundreds of thousands of our citizens will be greatly affected. If we do not act we will be forcing our citizens to obtain a passport causing some families great financial difficulty. In NH if you wish to have your picture and Social Security number removed from the Department of Safety database after you receive your license you may. To opt-in for a Real ID license you must agree to leave those two items retained in the NH system. If you choose not to have a Real ID license you will still be able to have those two items removed. Your license will be marked non-compliant for federal purposes if you do not have a Real ID license. Though some feel that we should continue to refuse to participate in Real ID, we were elected to govern in the best interests of the citizens of the State of NH. Preventing our constituents from having the option of obtaining a Real ID license is unfair and unnecessary. This bill is completely voluntary. No one is being forced or asked to obtain a Real ID license. We are only giving them the ability to make an informed decision on participating or not participating in Real ID. The amendment sends a strong statement of dissatisfaction with Real ID. Unless this law is changed federally it is our responsibility to give our constituents the option. Vote 16-2.

Amendment (0123h)

Amend the bill by replacing section 1 with the following:

1 Prohibition Against Participation in National Identification System. Amend 2007, 243:1, I-II as amended by 2010, 372:1 to read as follows:

I. The general court finds that the public policy established by Congress in the Real ID Act of 2005, Public Law 109-13, is contrary and repugnant to Articles 1 through 10 of the New Hampshire constitution as well as Amendments 4 though 10 of the Constitution for the United States of America. Therefore, except to the extent provided in RSA 260:21-a, RSA 260:21-b, RSA 263:14-b, and RSA 263:14-c, the state of New Hampshire shall not participate in any driver's license program pursuant to the Real ID Act of 2005 or in any national identification card system that may follow therefrom, including PASS ID.

II. Except to the extent provided in RSA 260:21-a, RSA 260:21-b, RSA 263:14-b, and RSA 263:14-c, the department of safety shall not amend procedures for applying for a driver's license [under RSA 263] or an identification card [under RSA 260:21] in order to comply with the goals or standards set forth in the Real ID Act of 2005 or in any national identification card system that may follow therefrom, including PASS ID, or in any rules or regulations promulgated thereunder, or in any requirements adopted by the American Association of Motor Vehicle Administrators for such purposes.

Amend RSA 260:21-a, IX as inserted by section 8 of the bill to read as follows:

IX. The director shall keep a record of the cards issued, and each card shall contain a random identification number specifically assigned to the person to whom the card was issued. Amend RSA 260:21-b, IX as inserted by section 8 of the bill to read as follows:

IX. The director shall keep a record of the cards issued, and each card shall contain a random identification number specifically assigned to the person to whom the card was issued. Amend the bill by inserting after section 14 the following and renumbering the original sections 15-16 to read as 16-17, respectively:

15 Provision for Federal Identification Database Prohibited. Amend RSA 260:14-a to read as follows:

260:14-a Provision for Federal Identification Database Prohibited.

I. The department shall not provide a complete, or substantially complete or mirrored, extract of motor vehicle records that contain personally identifiable information from any file or database to the federal government or to any agent or agency of, or contractor engaged by, the federal government for the purpose of creating or enhancing a federal identification database.

II. In support of the department's participation in the enhanced driver's license program, the interface to the cognizant federal authority shall be implemented to provide a specific response at the time a New Hampshire enhanced driver's license holder presents that license at a border crossing. The department shall not provide the full set of driver information to the cognizant federal authority at the time of license issuance.

Committee amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment. Rep. Shurtleff offered floor amendment (0447h).

Floor Amendment (0447h)

Amend the bill by replacing sections 6-7 with the following:

6 Identification Cards. Amend RSA 260:21, III to read as follows:

III. The identification card shall bear the name, address, date of birth, blood type (optional), veteran's status for the purposes of identification for receiving benefits and services under New Hampshire law (optional), picture and signature of the applicant, and in the case of a card issued pursuant to RSA 260:21, I(c), said card shall bear the notation "Golden Granite State Discount Card." An applicant may choose not to have his or her facial image, signature, and social security number retained by the department, in which case the identification card shall bear an approved security marking indicating that it was not issued in compliance with Public Law 109-13 and is therefore not acceptable for federal identification purposes.

7 New Paragraph; Identification Cards. Amend RSA 260:21 by inserting after paragraph XI the following new paragraph:

XII. Unless the applicant chooses not to have his or her facial image, signature, and social security number retained by the department, the department shall issue a nondriver's picture identification card that is compliant with the standards of the Real ID Act of 2005, Public Law 109-13, and its implementing regulations, including, but not limited to, 6 C.F.R. part 37, or an enhanced identification card as proof of identity and citizenship for persons entering the United States at land and sea ports which meet the standards of the Western Hemisphere Travel Initiative developed by the United States Department of State and the United States Department of Homeland Security, and its associated regulations, including but not limited to Documents Required for Travelers Departing From or Arriving in the United States at Sea and Land Ports-of-Entry From Within the Western Hemisphere, 73 Fed. Reg. 18,384, Apr. 3, 2008, respectively, in lieu of an identification card defined in RSA 260:21.

Amend RSA 260:21-a, I(c) as inserted by section 8 of the bill by replacing it with the following:

(c) Has not opted out of the requirements of this section by requesting that the department not retain his or her facial image, signature, and social security number.

Amend RSA 260:21-b, I(c) as inserted by section 8 of the bill by replacing it with the following:

(c) Has not opted out of the requirements of this section by requesting that the department not retain his or her facial image, signature, and social security number.

Amend RSA 263:14-b as inserted by section 11 of the bill by replacing it with the following:

263:14-b Driver's License Compliant with Public Law 109-13. Except for applicants who choose not to have their facial image, signature, and social security number retained by the department, the department of safety shall issue drivers' licenses which meet the standards of the Real ID Act of 2005, Public Law 109-13, and its implementing regulations, including but not limited to 6 C.F.R. part 37. The department shall upon application issue a driver's license that complies with Public Law 109-13 to any resident who:

I. Pays the required fee;

II. Does not hold any other driver's license or nondriver's picture identification card;

III. Has not opted out of the requirements of this section by requesting that the department not retain his or her facial image, signature, and social security number; and

IV. Provides documents required to demonstrate identity, United States citizenship, social security number, and New Hampshire residency.

Amend RSA 263:14-c, III as inserted by section 11 of the bill by replacing it with the following:

III. Has not opted out of the requirements of this section by requesting that the department not retain his or her facial image, signature, and social security number; and

Amend RSA 263:40, I as inserted by section 12 of the bill by replacing it with the following:

I. The commissioner shall, upon payment of the required fee, issue to every applicant a driver's license subject to such conditions as the commissioner may deem expedient and in such form as the commissioner may prescribe. Licenses issued to persons under the age of 21 shall be designed so that their horizontal and vertical axes are opposite the horizontal and vertical axes of licenses issued to other persons, and said licenses shall prominently display the date on which the licensee shall attain the age of 21 years. Consistent with RSA 263:14, the youth operator license shall expire on the 21st anniversary of the applicant's date of birth, at which time the applicant shall be issued a traditional license. The license shall bear thereon a distinguishing number assigned to the licensee and an instant full-face color photograph, image, or likeness of the licensee. There shall also be provided a space wherein the licensee may indicate his or her honorable veteran's status for purposes of identification for receiving benefits and services under New Hampshire law if the licensee so desires. The license shall bear a special designation or symbol indicating honorable veteran's status for licensees who indicate such veteran status. An applicant may choose not to have his or her facial image, signature, and social security number retained by the department, in which case the driver's license card shall bear an approved security marking indicating that it was not issued in compliance with Public Law 109-13 and is therefore not acceptable for federal identification purposes.

AMENDED ANALYSIS

This bill requires that drivers' licenses and nondrivers' picture identification cards comply with the Real ID Act of 2005 unless the applicant chooses a noncompliant license or card.

This bill also authorizes optional enhanced drivers' licenses and optional enhanced nondrivers' picture identification cards which meet the standards of the Western Hemisphere Travel Initiative. Rep. Kurk spoke against.

Rep. Shurtleff spoke in favor and requested a roll call; sufficiently seconded.

and floor amendment (0447h) failed.

The question now being adoption of the committee report of Ought to Pass with Amendment. Rep. Kurk offered floor amendment (0479h).

Floor Amendment (0479h)

Amend the bill by replacing section 15 with the following:

15 Provision for Federal Identification Database Prohibited. RSA 260:14-a is repealed and reenacted to read as follows:

260:14-a Provision for Federal Identification Database Prohibited. The department shall not provide any motor vehicle driver's license, license plate, or identification card data to any agency or contractor of the federal government or another state or territory, or any provider of interstate license or identification messaging services, for use in compiling or creating "pointers" to or indexes of information concerning drivers' licenses, identification cards, or license plates. The department shall not provide any information concerning drivers' licenses, identification cards, or license plates except on a case-by-case basis for a named individual or specific license plate number in response

to a request which includes the purpose of the request, the name of the agency or contractor which originated the request, and a unique identifier for the individual requester at that agency or contractor. Such information shall be provided only for purposes related to issuance or validity. The department shall report on its website by March 1 of each year beginning in 2017 the numbers of such requests, the numbers of records disclosed in response to them, the agencies making such requests and receiving records in response, and the purposes of these requests. Rep. Kurk spoke in favor and yielded to questions.

MOTION TO PRINT REMARKS

Rep. Shurtleff moved that his question and the answer by Rep. Kurk, during the debate on HB 1616-FN, relative to drivers' licenses and identification cards that are compliant with federal identification law, be printed in the Permanent Journal.

Without objection, the Speaker so ordered.

CLERK'S NOTE

The entire debate on HB 1616-FN, relative to drivers' licenses and identification cards that are compliant with federal identification law, was voted to be printed and appears later in this Journal.

The question now being adoption of floor amendment (0479h).

On a division vote, with 204 members having voted in the affirmative and 113 in the negative, floor amendment (0479h) was adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment. Rep. True spoke against and yielded to questions.

INTRODUCTION OF SPECIAL GUESTS

The 2016 class of Leadership New Hampshire, guests of the House.

The question now being adoption of the committee report of Ought to Pass with Amendment. Rep. Steven Smith spoke in favor and yielded to questions.

MOTION TO LAY ON THE TABLE

Rep. Ammon moved that HB 1616-FN, relative to drivers' licenses and identification cards that are compliant with federal identification law, be laid on the table. Rep. Eaton requested a roll call; sufficiently seconded.

MOTION TO PRINT DEBATE

Rep. Ammon moved that the debate on **HB 1616-FN**, relative to drivers' licenses and identification cards that are compliant with federal identification law, be printed in the Permanent Journal. On a division vote, with 169 members having voted in the affirmative and 152 in the negative, the motion was adopted.

DEBATE ON HB 1616-FN

Speaker Jasper: The question is on the committee amendment, 0123h, printed in House Record 7, pages 42 to 43. Are you ready for the question? All those in favor, say Aye; those opposed, Nay. The Ayes have it and the committee amendment is adopted. The bill is on second reading, open to further amendment. The Chair recognizes Representative Shurtleff who offers floor amendment 0447h and he is recognized to speak to his amendment.

Representative Shurtleff: Thank you, Mister Speaker. Mister Speaker, I move amendment 0447h. Speaker Jasper: You are recognized to speak to that.

Representative Shurtleff: Thank you, Mister Speaker. Mister Speaker, I rise to offer an amendment to this bill, which makes one simple change to the method by which an individual would choose to obtain or decline a license that is compliant with Real ID. To briefly explain, under current law when you apply for or renew a drivers' license, your image and social security number are kept in a database maintained by the Department of Safety unless you check a box on the application to state that you do not want the information retained. The committee passed a version of this bill that changes that process and instead gives people a number of options on what kind of a license they wish to acquire. The concern is that the method recommended by the committee will be confusing to individuals who don't understand the ins and outs of federal law and the consequences of not obtaining a compliant identification. As we know, individuals without compliant ID's will soon be unable to board an aircraft or enter federal buildings with a drivers' license or a non-driver ID. Without making the consequences of non-compliance clear, we run the very real risk of our constituents arriving at an airport for a very important flight who could be told that they are unable to board because their ID is insufficient. That's a risk that we don't want to take if it can be avoided, so that's why this amendment takes us back to the process we currently use for choosing whether to keep our image and social security number on file. If an individual does not want to comply with Real ID and not allow that information to be kept in the database, they can simply continue to check the box on the application form as they do today. So this amendment retains the exact same right to keep your personal information as exists under current law and under the committee passed version of the bill, but it does so in the most clear and understandable way as possible. As legislators, it's important for us to safeguard the privacy of our constituents, which we have done by allowing individuals the choice of either complying with Real ID or not, but whenever we can, we must make sure that we do not do so in a way that does not create unnecessary confusion, work or bureaucratic hassles. That is why I am offering this amendment, Mister Speaker. Thank you so much. Speaker Jasper: The Chair recognizes the member from Weare, Representative Kurk to speak against the floor amendment.

Representative Kurk: Thank you, Mister Speaker. As most of you know, New Hampshire has taken the position that we do not wish to participate in the Real ID Act because at one time the federal government was going to create a national database with all of our information in there, including information that you currently do not give to the DMV. The feds have since backed off of that position and now they want to have what's called a state-to-state database. We will talk about that later in a floor amendment, but I bring that up now because what the minority amendment does is to create an opt-out plan as opposed to the majority amendment, which we have just adopted, which is an optin. Under an opt-in, you have to make the decision as to whether or not you want to have a Real ID compliant license and then if you do that, you'll have to do the following things. You will have to submit a photo ID or a non-photo ID that includes your full legal name and birth date. You will have

to supply a certified copy of your birth certificate, which of course tells who your parents are, where you were born and so forth. You will have to provide documentation of your legal status and documentation of your social security number and documentation showing your name and your principal address. All of this documentation will be kept at the DMV for at least 7 years depending on whether it is an electronic or physical form. That's a lot of data about a lot of people that will be in the database if you adopt the minority's amendment as is before us. That information will not be in the database if we continue on with the amendment that we have adopted. The amendment that we have adopted is an opt-in so that information will only be in the database for people who want Real ID compliant licenses. New Hampshire tries to protect the privacy of its citizens and in doing so we want to collect the least possible amount of information in our motor vehicle department database. That's what the majority amendment does. The minority amendment takes the exact opposite position and I don't think that's the way we want to go. One other point. The amendment that we've just adopted talks about keeping the objection to Real ID and New Hampshire's non-participation in the Real ID Act, except to the extent individuals opt-in, then they have to comply with the Real ID Act. That's their decision. You don't want to get a passport? You don't want to go through the screening? In case some of you don't know it, you don't have to have any ID to go on an airplane, but it will take you a couple of hours to go through the screening process. If they want to have their passport, they can do that and don't have to go through Real ID or if they want to go through Real ID, they can do so. The majority amendment says we are not participating in the Real ID Act, except to the extent the individuals want to do so. The amendment before us, the minority amendment says we repeal New Hampshire's prohibition against Real ID, totally repealed, because that was in the bill as introduced in Section I. Their amendment only deals with Sections VI and I think VII so if you're concerned about citizen's privacy and you want to make sure that the least possible information goes into the state database and to the federal database, I urge you to vote no on this amendment. Thank you.

Speaker Jasper: The question is on the Shurtleff floor amendment, 0447h, which is in your seat pockets. Are you ready for the question? Roll call has been requested by Representative Shurtleff. Is that sufficiently seconded? That is sufficiently seconded. This will be a roll call vote and members will take their seats. The House will come to order. The question is on floor amendment 0447h. The Chair recognizes Representative Rosenwald for a parliamentary inquiry.

Representative Rosenwald: Thank you, Mister Speaker. If I know this amendment keeps the method used under current law to decline participation in Real ID, and if I know this amendment retains the exact same right to decline Real ID as the committee passed version, aka majority amendment, but it does so in a clear way that reduces the risk of an excited new grandmother being kept off an airplane when she doesn't realize that her drivers' license is wrong and she is trying to go to another state to visit a new grandchild and it reduces; if I know that it reduces the risk of someone making a long drive from the North Country to get to a social security office; Mister Speaker, if I believe it's our duty to protect the privacy of Granite Staters, but to do so in a transparent way that avoids creating unnecessary confusion and bureaucratic hurdles; Mister Speaker, would I then press the green button to adopt the floor amendment? Thank you.

Speaker Jasper: The question is on the floor amendment. If you are in favor, you'll press the green button. If you are opposed, you'll press the red button. The Chair recognizes Representative Steven Smith for a parliamentary inquiry.

Representative Steven Smith: Thank you, Mister Speaker. If I know that New Hampshire's current policy of resisting Real ID was overwhelmingly bipartisan, sponsored by some current members of the leadership in both parties and many of the minority party and signed by Governor Lynch, and if I know that this floor amendment effectively flips that policy on its head by saying that our default position will be, eh okay, go ahead, Real ID is fine so do that without a public hearing, as may occur in another venue, would I resist this, maintain New Hampshire's current policy and keep the respect for New Hampshire's policy on Real ID by pressing the read button? Thank you. Speaker Jasper: The question is on the Shurtleff floor amendment. This is a roll call vote. If you are in favor, you'll press the green button. If you are opposed, you'll press the red button. Voting stations are open for 30 seconds. Have all members voted who were present when the question was put? The House will attend to the state of the vote. There having been 127 votes in the affirmative and 190 in the negative, the floor amendment fails. The bill is on second reading and open to further amendment. The Chair recognizes Representative Kurk, who offers floor amendment 0479h in your seat pockets. Representative Kurk is recognized to speak to his floor amendment.

Representative Kurk: Thank you, Mister Speaker and I thank the members for their strong support of the committee version of this bill. This amendment further secures the privacy of our documents. It basically says that we will not contribute any information to the state-to-state system which is what the federal government is proposing that we do in order to become Real ID compliant and it says that in very firm and strong language. I'll be candid with you. We need to change some of this at some later date in the process as we deal with the folks at the Department of Motor Vehicles to make sure that this language will be consistent with our present operations with respect to commercial drivers' licenses and a couple of other systems dealing with drivers' licenses. The purpose of this amendment, which I ask that you support, is to give us a strong negotiating position with the DMV folks and the Department of Homeland Security folks with whom we are trying to negotiate to understand what we must have in order to be compliant for those citizens who choose to opt for Real ID compliant licenses. So, while this may change, and I indeed will hope it changes during the course of the bill going forward in the process, at this time in the process, the House should take a strong position in favor of protecting privacy of individual records. Thank you, Mister Speaker. Speaker Jasper: Does the member yield to questions? Representative Shurtleff, you may inquire. Representative Shurtleff: Thank you, Mister Speaker and I thank my friend from Weare for taking my question. Would you agree with me that there are possibilities of maybe some flaws in the amendment? And, as this amendment, if it is approved, goes through the system, it should be vetted for unforeseen consequences that could be in the amendment?

Representative Kurk: Absolutely and I will work to make sure that those, if there are any unintended consequences, do not happen.

Representative Shurtleff: Mister Speaker, could I request that the dialogue between myself and the gentleman from Weare be placed in the Permanent Journal?

Speaker Jasper: Without objection, so ordered. The question is on the Kurk floor amendment. Are you ready for the question? All those in favor, say Aye; those opposed, Nay. The Chair is in doubt; the House will divide so this will be a division vote. Members who are presently in the Hall only. Everyone should be in their seats. The question is on the Kurk floor amendment. If you are in favor, you'll press the green button. If you are opposed, you'll press the red button. Voting stations are open for 30 seconds. Have all members voted who were present when the question was put? The House will attend to the state of the vote. There having been 204 votes in the affirmative, 113 in the negative, the floor amendment is adopted. The question is on the committee report of Ought to Pass with amendment on HB 1616. The Chair recognizes Representative True from Sandown to speak against the committee report.

Representative True: Thank you, Mister Speaker. Mister Speaker, I rise in opposition to the committee report of Ought to Pass on HB 1616, Real ID. In 2007, the State of New Hampshire passed a law saying that the state shall not comply with the federal ID, the federal Real ID, because it was contrary and repugnant to our state constitution and to the Constitution of the United States of America. Now, HB 1616 is before us and if passed will have our state comply with the wishes of the Department of Homeland Security. In the words of America's greatest singers and songwriters of all time, Frank Zappa, "Susie cream cheese, what's gotten into you?" Real ID is still contrary and repugnant to the constitution and that is why I oppose complying. In 1982, Nancy Reagan said, "Just say no." Today, I am asking all of you to say, to just vote no. It has been said that complying with Real ID is completely voluntary and for those who do not voluntarily agree, the federal government will hassle and harass any and all who will not willingly comply. Rather than giving in and passing legislation to implement Real ID in New Hampshire, we should be demanding that Congress repeal Real ID. Just vote no. The 10th amendment to the constitution says the federal government does not have the right to tell the states how to make up their state's identification and drivers' licenses. Some people have said there is really nothing we can do, that you can't fight city hall and you can't fight the government and that if we do not give in to the federal government, the federal government will make it very inconvenient for our citizens. Live free or die in convenience is not the greatest of evils. Many people have asked me, "Christopher, Christopher, Christopher, why are you making such a big deal on such a small issue?" I say that taking a stand, making a stand and shouting that the constitution must be followed is not a small issue. In closing, I quote from a great American actor and humorist, Danny Thomas. It might have been Marlo Thomas. It could have been Thomas' English Muffins, but I know it was one of the Thomas'. "I will not go gentle into that good night. I will rage against the dying of the light." Thank you, Mister Speaker.

Speaker Jasper: Does the member yield to questions? House will be in order. No show of emotion. Representative Itse, you may inquire.

Representative Itse: Thank you, Mister Speaker. Thank you to the member from Sandown, which I used to represent, for taking my question. Would you agree with Benjamin Franklin that those who would give up essential liberty in exchange for security deserve neither?

Representative True: A wise man and I agree with that statement 100%.

Speaker Jasper: The Chair recognizes the member from Charlestown, Representative Steven Smith to speak in favor of the committee report.

Representative Steven Smith: Thank you, Mister Speaker. It is with no joy, but firm resolve that I rise in support of HB 1616. It's the right thing to do. My colleague from Sandown said you can't fight city hall. Well of course you can. Is Real ID repugnant? Of course it is; that's why we left the language in there as a bipartisan policy of the State of New Hampshire. What are you going to do about it though? We are not going to repeal Real ID. We are New Hampshire State Representatives. We are not Congress. You want to have that fight? Despite my support for this bill, I will have that fight, but I got to ask are you serious? When have you gone to Senator Ayotte's office, Senator Shaheen's office, Kuster or Guinta to tell them to get it repealed? Being a small state, have you lobbied the Senator's and Congressmen from other states to do the same thing? I apologize for what I'm about to say, but what I hear a lot is statements about what we don't like, Facebook wars, and no action. We are here today to serve our constituents, and I don't know about you, but I will not hold my constituents hostage to make some kind of political point. I am here to let them live free. Why should I make this decision for them? I'm supposed to give them the framework under which they live, something that's fair, something that allows them to choose their own destiny. HB 1616 does that. You want to fight Real ID? Pass HB 1616 and tell all your constituents to go down and get a non-compliant license. Even better, do you know how easy that is? Under HB 1616, you know what you have to do to not comply with Real ID? Nothing. When your license is renewed, it will say not valid for federal ID unless you have specifically chosen to participate in the program. I submit this to you, that will either happen and then you can go to our Senators or the rest of our federal delegation and go, look an overwhelming majority of the people in New Hampshire refuse to participate in this system and we want action or you find out you were wrong. Either way, you want to have the fight? We are giving you the venue to have that fight. We are giving you real results to go out and make your point or not, but don't sit here and say you just don't like it so we are going to dig our heels in. Normally, when you don't feel good about a bill, and I'll tell you I don't feel good about a bill. I am firmly convinced it's the right thing to do. We had hearings. We were respectful of the state's bipartisan position on this. We tried to accommodate all that, but normally you can go, I don't really feel good about this so I can always press the red button and life will go on as it did before. I am sorry, but you do not have that option today. Life is going to change and you are going to choose one path with the green button, one path with the red button, but the Federal Congress has said life is not going to go on the way it did today. So here's your choices and I'll leave it up to you to choose which one you do. You can choose a system that requires your wives, sisters, girlfriends and mothers to go through an enhanced security screening, which I've been through. When I tried to get into the Federal Capital Building and they took my belt and my boots in front of my kids before I went in, you can tell your constituents to make your point they have to go through that or put all of their information in a federal database when they apply for their passport or we can be New Hampshire Legislators and give them a local option that says you don't want to play. You really want to make a family decision to make that sacrifice, go ahead, we support you or no, I don't want my grandmother to go through that and I'm going to, for no extra money, agree to get the compliant license. Let them make that decision. It's their family. An aside benefit of this bill, if I can lighten it up a little bit, sorry for being so heavy, is if the only place you want to go is Canada or Mexico. Right now you have to get a passport. That's a burden for families. It's like, what, \$90 to \$100 a head? One of the third options in this bill is you can pay \$30 extra and get a card that will allow you to go see your friends and relatives in Canada, which is cheaper, and that has nothing to do with the other options so support Real ID, don't support Real ID. You want to fight Real ID? You all have my contact information. Let's go do it, but take this option away from your constituents to make a grand political statement? Please support the committee report. Thank you, Mister Speaker.

Speaker Jasper: Does the member yield to questions? Representative Murphy, you may inquire.

Representative Murphy: Thank you, Mister Speaker. Thank you for taking the question. My understanding is that New York, Montana, Missouri and Louisiana are also non-Real ID compliant. Do you really believe that the Federal Government will make the 20-odd million people who live in New York State go through this screening to get on airplanes?

Representative Steven Smith: Well, I hope so. New York, I'm glad you brought up has a special problem because New Hampshire's done a very good job of knowing who we've given licenses to and who we haven't. New York has a special problem because they're not quite as sure as we are, but do I think that they are going to go through with it anyway? Yes I do. On October 15th of 2015, non-compliant ID's were stopped being accepted at some federal facilities. The program is being rolled out. So having watched them phase this out and be implemented, regardless of where you are from, yeah, I think they are going to do it.

Speaker Jasper: Does the member yield to a further question? Representative Itse, you may inquire. Representative Itse: Thank you, Mister Speaker. Thank you for taking my question. Would you believe that while you said that we in the chamber can't thwart the federal government, but that the entire no Real ID movement began right here in this chamber in 2006, when we voted with near unanimity to say no Real ID and then it failed in the chamber, which is not to be mentioned, after pressure from our federal delegation? But then, in the next term, it passed...

Speaker Jasper: Representative. Will the member... Representative Itse: This is a would you believe.

Speaker Jasper: Well, then say so.

Representative Itse: But, then it passed in Maine and then it passed here and then it took fire across the states and yes, would you believe that this chamber can thwart the federal government? Representative Steven Smith: No, because despite the unanimous support, well in this chamber almost unanimous, and I hear there's someplace beyond the wall where it was unanimous and signed by Governor Lynch. HB 685, yes, sponsored by the gentleman from Weare, the gentlelady from Lebanon, former Senator Peter Burling. Yeah, we did that, and what happened? In October of 2015, New Hampshire IDs stopped being accepted. You fought and you lost and the way to win this fight is to get the people behind us, not just make speeches. Go out and do the work. Tell them to get the regular ID and that's what will let us fight this, having a significant portion of the population that doesn't want to play. That's the tool we need. This gives them the option and lets the families make their own decision.

Speaker Jasper: Does the member yield to a further question? Representative White, you may inquire. Representative White: Thank you, Mister Speaker. Thank you, Representative. Representative, would it surprise you to know that on October 20, 2015 when I arrived at the National Fire Academy, that I was not permitted on the grounds with my New Hampshire identification? That I had to, in fact, present a United States passport to be allowed entry to that facility? Would that surprise you? Representative Steven Smith: Thank you for the question. No, it would not and we are trying to pass this so that people can make their own family decision about how they want to deal with that. Speaker Jasper: The Chair recognizes Representative Ammon for a parliamentary inquiry.

Representative Ammon: Thank you, Mister Speaker. Mister Speaker is today the last day for early bills and would it require a two-third majority to remove a bill from the table after today?

Speaker Jasper: Today is a deadline so if a bill were to be laid on the table, after the deadline it could removed by a simple majority, however, for the bill to pass it would require a two-thirds vote after today. Representative Ammon: Mister Speaker, would a motion to table be in order at this moment?

Speaker Jasper: It would be in order.

Representative Ammon: I would like to make a motion to table and I ask for a division vote. Speaker Jasper: Roll call has been requested. Is that sufficiently seconded? It is sufficiently seconded. This will be a roll call vote. Members will take their seats. The House will come to order. The question is on the tabling motion on HB 1616. The Chair recognizes Representative Ammon for a parliamentary inquiry.

Representative Ammon: Thank you, Mister Speaker. Mister Speaker, if I know that the deadline for Real ID has been changed to the year 2018 and even the year 2020 since this bill was written and this is according to the Department of Homeland Security in the beginning of January, and if I know it is none of the federal government's business what we put on our licenses because this is a state purview? And, if I also know that this is the camel's nose under the tent and that even amendments offered in this very chamber today seek to move the goalpost and that eventually this will be mandatory? If I know that, would I then press the green button to table this bill?

Speaker Jasper: Question is on the tabling motion on HB 1616. If you're in favor, you'll press the green button. If you're opposed, you'll press the red button. The Chair recognizes Representative Packard for a parliamentary inquiry.

Representative Packard: Thank you, Mister Speaker. If I know there is still a lot more debate to go on this bill and that the members deserve to hear that debate? If I know that if we table this bill at this point, we will be adversely affecting hundreds of thousands of our citizens and if I know that tabling this bill is just plain irresponsible at this point, would I now press the red button so we can continue the debate and have a vote on this bill as we should have?

Speaker Jasper: The question is on the tabling motion on HB 1616. This is a roll call vote. If you are in favor, you'll press the green button. If you are opposed, you'll press the red button. Voting stations are open for 30 seconds. Have all members voted who were here when the question was put? The House will attend to the state of the vote. There having been 67 votes in the affirmative, 254 in the negative, the motion fails. There are only two speakers left on this debate. The Chair recognizes the member from Derry, Representative Webb, to speak against the committee report. Representative Webb: Thank you, Mister Speaker. I rise in opposition to the committee report for many reasons. For the start, we have been opposed to this bill, to this type of government trying to get us to do it for 10 years. We are not alone in this battle. There are 28 other states that have been fighting this as well so it's not just in New Hampshire. This is basically the beginning of a national ID card. It says in this bill that it's voluntary. Well, as you know as well as I do, anything that's voluntary sooner or later becomes mandatory. As well as if you look at the actual cost of this in the fiscal note on the bill. This is not an inexpensive venture that we're going through. We are basically changing our entire system of the drivers' licenses so they can make it so we have this mandatory or national ID card. I was going to say a few other things, but as people spoke on this bill, I came up with a couple of things and I circled and wrote what they said. I heard things like they are worried about protecting the Granite State people's right and all that. I heard that we can't freeze this, which is totally wrong. I also heard that this is a process and that's absolutely right, it is a process. This process is the process of putting us into this national database and New Hampshire has prided itself on not allowing license plate scanners. That was one that we fought and we actually won that one. There is some other things that we try to fight, but unfortunately we didn't do so well. People changed their minds and the bills had gotten passed, you know, but for the most part when it says optional, it's not. I have an employee badge at work and it has this ID on it and they are able to get information on it, everything there transmits right off my badge to the computers at work and it's 10 years old, so it's 10 year old technology. I don't know what we are going to be putting in these licenses with these national ID cards, but it's no better than tattooing a number on you like the Nazis did during the war. I mean they are going to give us a national ID number. Our licenses are going to be put in there with all this information. It is going to be stored and you know eventually it will become mandatory; it's not going to be optional. The people that want this or want to buy this license with this enhanced ID, well that's great but everybody else is paying for it. Nobody is looking at that portion of it. They want us, the people that don't want it, are going to end up paying for it because the whole system has to be changed to put it in there. From what I understand, it has been pushed out anyway even further, as one of the previous speakers said so I would encourage you to please vote against the committee report and Mister Speaker, I would like a division vote please. Thank you.

Speaker Jasper: The Chair recognizes the final speaker of the debate, the member from Londonderry, Representative Packard, to speak in favor of the committee report.

Representative Packard: Thank you, Mister Speaker. I'm going to try and be as short as possible, but there are some things I feel we have to cover. I'm going to give you a brief history of Real ID. This was passed back in 2005, introduced by a conservative Republican Congressman, James Sensenbrenner from Wisconsin. It was signed into law by President Bush because of the 9/11 Commission Report. I want to try and correct some fallacies out there. The gold card that some of you got yesterday has some tremendous inaccuracies. It says the Federal Real ID Act establishes a national identification card and requires the identification to allow photos and social security numbers to be held in government databases. The only government database that it is held in is the New Hampshire database and you have to give that to get your current license. If you wish to have your social security number and your photo redacted from the system, you can do that. You will continue to be able to do that. Currently, 3% of our population that have drivers' licenses have opted to have their pictures taken out, 3%, 97%

have not. Under social security numbers, it's between 8-9% that have asked to have their social security numbers taken out of the system so over 90% of our citizens have said they are not worried about our state system. It says currently 28 states do not comply with Real ID, again, false. Twenty-three states completely comply. All except 4 states are in the process of complying. The current licenses you have, have 2 features of security on it. Starting January 1st we entered into a new contract. I don't know who the contractor is; who makes our licenses. It will have all 3 security features in it whether you're Real ID, you're not Real ID, whether we pass this bill or we don't pass this bill. It will have 3 security features in it. That is acceptable as a Real ID license. The only thing that we are really asking you in this bill that has to retain in the state system is your social security number and your picture. If you don't want it retained in the system, you take it out; you get a non-Real ID compliant license. That's it. This fantasy about a national identification card is just that, fantasy. It does not exist. It will not exist. This legislature wouldn't let it exist if it came to that and I would be one of the first ones up here saying hell no. For those of you who were here back in, what 2007, I think it was, 2006. It was about 9:00 at night. I was the Chairman of the Transportation Committee and we were discussing Real ID and I thought it was a little premature to move forward and just say we were going to say hell no and my dear friend from Weare got up and said, "I'm going to fire a shot across the bow." Well that shot, for those of you who were here, blew my ship up. That bill passed overwhelmingly; it got overturned. Ladies and gentlemen, this is for our citizens. Stop and think about this. Less than 45% of the people of New Hampshire have passports. So we are talking about 650 to 700,000 of our citizens that do not have passports, going on the national average. Could be a little more; could be a little less. So what we are telling our citizens is, and it was made reference to before, grandma and grandpa want to go see, which I am one, want to go see their new grandchild out in California or Texas or someplace like this and they don't have a Real ID license. Now they're going to have to go through hell at the airports just to get on the plane and all they want to do is go see their new grandchild. Family of 4 wants to go to Disneyland so now they got to go out and buy passports, \$6-7-\$800 more just so they can go to Disneyland for the week. It doesn't make any sense. This bill is 100% opt in. If you don't want to do it, you don't have to do it, but let's give our citizens the chance to do it. That's all we're asking. I'm sure I have enough faith in the Department of Safety that they will come up with a good enough system to make people realize the consequences of not acting or acting and getting into the system. Let's talk about numbers for a little bit. Let's just say, and I'm using a low number, 250,000 of our citizens have to go out and buy passports now because we decide now not to allow them the option of getting into Real ID. Figure it out at \$90-\$150 a passport that comes over to \$25 million. So, if you vote against this bill, you're probably voting to put a tax on our citizens of \$25 to \$30 million. Do you want that on your head? It's on your head, not on mine. I am strongly supporting the idea of giving our citizens the option of getting into the Real ID system and that's what this bill does. I urge you to support the committee report of Ought to Pass as Amended. Thank you.

Speaker Jasper: Does the member yield for questions? Member yields. Representative Ohm, you may inquire.

Representative Ohm: Thank you, Mister Speaker. I thank the Representative for taking my question. My understanding is that we now have additional privacy protections in Representative Kurk's floor amendment. Would you suggest that I ask my colleagues to join me in pressing the green button? Representative Packard: I would strongly suggest that you ask your colleagues to join us in pressing the green button and between the committee amendment and Representative Kurk's amendment; we have ample security in there.

Representative Ohm: Thank you.

Speaker Jasper: Does the member yield to further questions? The member does not yield. Representative Leeman has requested a roll call. Is that sufficiently seconded? That is sufficiently seconded. This will be a roll call vote. Members will take their seats. House will come to order. Members should be in their seats. The question is on the committee report on HB 1616 as amended. The Chair recognizes Representative Burt for a parliamentary inquiry.

Representative Burt: Thank you, Mister Speaker. My voice is almost back.

Speaker Jasper: I should bring them to order, however.

Representative Burt: Mister Speaker, if I know the fine Representative from Weare fought and killed Real ID in 2006 or 2007 to protect our privacy and if I further know that the fine Representative from Dunbarton and I flew out of the Manchester/Boston Regional airport using our State Representative ID card, which looks like we made it in our basement, and that is true? And lastly,

Mister Speaker, if I know this House should always protect our privacy and vote these bills down as we will be able to still fly? Let me repeat, we will still be able to fly after 2018 and 2020 with just a few extra minutes at check in time using our regular licenses, which I am happy to take the few extra minutes to protect our privacy.

Speaker Jasper: That's a question?

Representative Burt: Yes. Would I now vote no and push my favorite color, Mister Speaker, the red button? Thank you, Mister Speaker.

Speaker Jasper: The question is on the adoption of the committee report on HB 1616. If you are in favor; you will press the green button. If you are opposed, you'll press the red button. The Chair recognizes Representative Packard for a parliamentary inquiry.

Representative Packard: Thank you, Mister Speaker. If I know that this does not create a national database or a national ID card and if I know that this is completely 100% voluntary? If I know I am not willing at this time to commit our citizens to have to spend up to 2 to 3 hours extra in some airports just to board an airplane when it's unnecessary, would I now press the green button and support the committee report? Thank you, Mister Speaker.

Speaker Jasper: The question is on the adoption of the committee report on HB 1616, as amended. If you are in favor, you will press the green button. If you are opposed, you'll press the red button. Voting stations are open for 30 seconds. Have all members voted who were present when the question was put? The House will attend to the state of the vote. There having been 245 votes in the affirmative, 76 in the negative, the committee report is adopted. Under the Rules of the House the bill is referred to the Committee on Ways and Means. For what purpose does the member rise? Representative Ammon: Thank you, Mister Speaker. I request that the remarks on the previous debate be entered into the Permanent Journal. I think it's important for the future.

Speaker Jasper: The motion is on printing the debate on HB 1616 in the Permanent Journal. Are you ready for the question? All those in favor, say Aye; those opposed, Nay. The Chair is in doubt. The House will divide. Only members in the Hall. Members should be in their seats. If you are in favor of printing the remarks in the Journal, you will push the green button. If you are opposed, you'll press the red button. Voting stations are open for 30 seconds. Have all members voted who were here when the question was put? The House will attend to the state of the vote. There having been 169 votes in the affirmative and 152 in the negative, the motion is adopted.

REGULAR CALENDAR CONT'D

HB 668-FN, relative to expense deductions under the business profits tax. INEXPEDIENT TO LEGISLATE.

Rep. Brian Gallagher for Ways and Means. This bill allows a business organization to calculate increased expense deductions as defined by IRS code section 179, but not to exceed \$100,000, per calendar year under the Business Profits Tax. Testimony was received from CPA firms and the Department of Revenue Administration that the impact to business would be very difficult to measure. The additional concern expressed by accounting firms was that few businesses could potentially be economically impacted. The Department of Resources and Economic Development suggested that many business entities would not take advantage of the opportunity and that this incentive would not significantly impact important business decision making. Vote 19-0.

Rep. Abrami spoke against and yielded to questions.

Rep. Sanborn requested a roll call; sufficiently seconded.

SULLIVAN

Rollins, Skip

Gagnon, Raymond Grenier, James Laware, Thomas and the committee report failed.

Rep. Abrami moved Ought to Pass and offered floor amendment (0464h).

Floor Amendment (0464h)

Amend the bill by replacing all after section 1 with the following:

- 2 Applicability. This act shall apply for tax periods beginning January 1, 2017.
- 3 Effective Date. This act shall take effect January 1, 2017. Rep. Abrami spoke in favor.

Floor amendment (0464h) adopted.

Motion of Ought to Pass with Amendment adopted and referred to the Committee on Finance.

REFERRAL DECLINED

Rep. Major, Chairman of the Committee on Ways and Means, under the provisions of House Rule 46 (f), declined the referral of **HB 1616-FN**, relative to drivers' licenses and identification cards that are compliant with federal identification law.

REGULAR CALENDAR CONT'D

HB 1184-FN, relative to license fees for domestic wine manufacturers. INEXPEDIENT TO LEGISLATE.

Rep. Richard Abel for Commerce and Consumer Affairs. The bill sought to modify the license fee schedule for domestic (New Hampshire) wine manufacturers to increase the number of cases of wine that could be produced at the minimum annual license fee of \$100, from 1,000 to 10,000 cases per year. However, testimony revealed that wine manufacturers already enjoy the lowest licensing fees of all classes of alcoholic beverages. They pay less than one-half of the lowest license fees required for manufacturers of beer, liquor, and rectifiers. The Legislative Budget Assistant determined that this legislation, as introduced, creates a negative impact on state revenues in each of the fiscal years 2015 through 2020. A bipartisan majority concluded that wine manufacturers already receive encouragement to grow their industry from current license fees and the present schedule should be preserved as is. Vote 15-4.

HB 1207-FN, exempting wine sample fees from the meals and rooms tax. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. John Hunt for the Majority of Commerce and Consumer Affairs. Last year, legislation passed enabling beer, wine and distilled liquor manufacturers to charge for samples, which they had never been able to do before. Everyone understood at the time that any charge for samples would be susceptible to the Rooms and Meals tax. This is similar to brew pubs, who not only pay the beer tax, but also the Rooms and Meals tax when serving customers. The committee felt it would be unfair to exempt sampling when everybody else has to collect the tax. If the beverage and liquor manufacturers continue to give the samples away for free as they have in the past, then there would be no tax. Vote 14-5. Rep. Pamela Tucker for the Minority of Commerce and Consumer Affairs. This bill eliminates the taxation of wine samples. A sample is designed to entice the buyer into a larger purchase and create more sales and tax revenue. Our wine manufacturers, who already pay a tax on the wine produced, whether sold or sampled at a nominal cost, have to collect a tax on the small samples they pour. This creates more reporting and increases the cost of doing business. The minority felt that the double taxation on wine samples creates a disincentive for their sale and will not create the additional revenue the sample was intended to produce.

HB 1368-FN, requiring firearms owners to have liability insurance. INEXPEDIENT TO LEGISLATE. Rep. Pamela Tucker for Commerce and Consumer Affairs. This bill attempts to mandate that anyone who owns or purchases a firearm shall obtain a liability insurance policy. A majority of the committee felt that the bill should be found Inexpedient to Legislate because the mandated insurance is not currently available and, if it were, it would disproportionately affect those who are economically disadvantaged. This bill would create a de facto gun ban and self-defense ban on the poor. The committee received an overwhelming number of emails and personal testimony in opposition to this bill. The committee also noted that the state of New Hampshire does not require liability insurance to own or operate a motor vehicle upon a public way. Vote 20-1.

Rep. Burt requested a roll call; sufficiently seconded.

Majority committee report adopted.

and the committee report was adopted.

HB 1444-FN-A, relative to the rate of the insurance premium tax. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: REFER FOR INTERIM STUDY.

Rep. Donald Flanders for the Majority of Commerce and Consumer Affairs. This bill proposes a .75% tax increase on insurance companies. Currently, insurance companies pay a tax of 1.25% of premiums or the Business Enterprise Tax (BET) and Business Profit Tax (BPT), whichever is higher. They also contribute about \$15 million a year to pay the cost of the Insurance Department and the Labor Department's Worker Compensation Division. The premium tax rate was lowered after considerable discussion and deliberation in 2006 as an economic development initiative. It has helped create about 1,000 New Hampshire jobs and insurance employment should continue to increase. Raising the tax would not be helpful to our economy. Vote 11-7.

Rep. Edward Butler for the Minority of Commerce and Consumer Affairs. The reduction in insurance premium tax when instituted in 2006 was projected to increase jobs and economic activity in our state. Some projected as many as 3,400 new jobs would be created with an over \$60 million increase to personal incomes. When the reduction was passed, there was also a requirement to produce an annual report on the number of jobs created through this initiative. Those reports have not shown the job increases projected. Indeed testimony was given that only 9 jobs had been reported recently. That statement was vehemently challenged. There are clearly strong opinions on both sides of whether this premium tax reduction has had its intended result. The minority believes that now is the time to get better, more comprehensive, data about the impact of this change on the state's economy.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Butler spoke against. Rep. Hunt spoke in favor.

Estevez, Eric

Rep. Sanborn requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

REFERRAL DECLINED

Rep. Kurk, Chairman of the Committee on Finance, under the provisions of House Rule 46 (f), declined the referral of **HB 668-FN**, relative to expense deductions under the business profits tax.

REGULAR CALENDAR CONT'D

HB 1590-FN-A-L, relative to the regulation and taxation of short-term rental businesses. OUGHT TO PASS WITH AMENDMENT.

Rep. Edward Butler for Commerce and Consumer Affairs. As most House members know, since about 2008 there has been an explosion of short-term rentals of residential properties being promoted through website platforms. Some of the platforms that help owners rent their properties are AirBNB, HomeAway, Flipkey, Pillow, VRBO, Beyond Stays, and Guesty, among others. Though these operators offer overnight accommodations and other services similar to traditional lodging businesses (which pay the state Rooms and Meals tax and comply with public health and safety regulations) many, if not most, do not apply for a Rooms and Meals tax license. In fact current law requires that any short-term rental is subject to the Rooms and Meals tax (RSA 78-A). This legislation will require that all residential short-term rental operators include their Rooms and Meals tax license number in all advertisements which will, of course, include online listings. This will give the Department of Revenue Administration another mechanism to determine if those using these website platforms are paying the required taxes. It may also serve to encourage neighbors who do pay this tax, to question neighbors who also provide short-term rentals who are not. Vote 15-4.

Amendment (0287h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Subdivision; Regulation of Short-Term Rental Businesses. Amend RSA 353 by inserting after section 10 the following new subdivision:

Regulation of Short-Term Rental Businesses

353:11 Definition. In this subdivision, "short-term rental business" means any person or entity which offers or advertises the rental of one or more rooms in a residential unit for occupancy for tourist or transient use.

353:12 Advertisements. Any advertisement by a short-term rental business for printing, display, publication, distribution, or broadcast offering a short-term rental shall clearly and conspicuously display the meals and rooms license number of the operator. A first-time violation of the provisions of this section may result in a warning from the department of revenue administration that the operator's license may be revoked, suspended, or denied. Subsequent violations of the provisions of this paragraph may constitute sufficient cause for revocation, suspension, or denial of license.

2 Effective Date. This act shall take effect January 1, 2017.

AMENDED ANALYSIS

This bill requires advertisments by short-term rental businesses to display the meals and rooms license number of the operator.

Committee amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment. Rep. Hoell requested a roll call; sufficiently seconded.

Rollins, Skip Laware, Thomas and the committee report was adopted and referred to the Committee on Ways and Means.

HB 1647-FN, repealing laws regulating hawkers and peddlers and itinerant vendors. MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Bart Fromuth for the Majority of Commerce and Consumer Affairs. This bill repeals laws regulating hawkers, peddlers and itinerant vendors at the state level. The majority of the committee feels that these laws, one originally adopted in 1897 and the other in 1931, have outlived their utility and purpose. Over the years, so many exemptions had been written into the laws that it was difficult for the committee to discern who might still be subject to their requirements. As an example, the exemptions include: charities, religious groups, home goods sales political organizations, and any person conducting business in any industry or trade association show. Further, it seemed as though many of the state's remaining licensees had availed themselves of the licenses mistakenly due to the confusion surrounding the exemptions. We also heard testimony from a former police officer and license holder that the licenses were no longer necessary. Vote 10-9.

Rep. Edward Butler for the Minority of Commerce and Consumer Affairs. No town official or citizen has come to their elected state representatives and said that these laws present a problem. In the committee hearings we heard from the Secretary of State's office that they are useful and necessary. We heard from a town police chief and a representative of the State Police, representing the concerns of several towns, that these statutes give towns the basis upon which to create their own local ordinances relative to hawkers and peddlers; and that they make it possible for them to do the necessary background checks on those applying for these licenses. The minority believes that until those finding these laws useful come to us to request a change, that the laws should continue

to offer the basis for protection of our citizens from unscrupulous door-to-door peddlers.

The question being adoption of the majority committee report of Ought to Pass.

Rep. Williams spoke against and yielded to questions.

Rep. Fromuth spoke in favor, yielded to questions and requested a roll call; sufficiently seconded.

and the committee report was adopted and referred to the Committee on Ways and Means.

HB 1694-FN-A-L, relative to the legalization and regulation of marijuana. MAJORITY: INEX-PEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.

Rep. Dick Marston for the Majority of Criminal Justice and Public Safety. This bill would have legalized possession of marijuana for persons over the age of 21 and legalized the cultivation of up to 6 plants, of which 3 could be adult plants which could produce up to 3 pounds. After hearing testimony on the practices in other states, the sponsors indicated that it would be a much needed source of revenue for the State of New Hampshire. The committee also heard testimony from many sources, including the proponents of legalization, that marijuana is not a harmless drug. The majority of the committee believes that legalizing marijuana and allowing the cultivation of up to 6 plants would not prevent persons under the age of 21 from obtaining the drug from either legal or illicit means. The committee feels that in light of the ongoing opioid crisis and the information given to the task force about how a young man went from marijuana use to prescription drugs and on to heroin addition, that now is not the time to legalize a drug that is illegal under federal statutes. The committee further believes that relying on the sale and taxation of a federally illegal drug is not the NH way to address the state's fiscal needs. Vote 11-4.

Rep. Geoffrey Hirsch for the Minority of Criminal Justice and Public Safety. The minority believes that this bill is a well-crafted piece of legislation providing adult NH citizens over the age of 21 with a controlled, tested, labeled, and less harmful alternative to alcohol - without turning users into criminals. 58% of Americans nationally and 60% of NH citizens support the legalization of recreational marijuana sold and taxed like alcohol (WMUR Poll 7/15). This bill is modeled after the best practices adopted in states currently regulating marijuana successfully in accordance with public health and safety. Passage of this bill will, by the most conservative estimates, divert hundreds of millions of dollars from the illicit drug market to a regulated market. Regulations in this bill protect the consumer without minimizing marijuana's risks. Resulting jobs created in NH will range from agriculture to manufacturing to laboratories to retail sales. Tax provisions in this bill will provide the State of NH with much needed revenue. Recreational marijuana is currently legal in 4 states and Washington DC. According to USA Today, 11 states -- most notably Vermont, Maine, Massachusetts, Rhode Island, and Connecticut -- will likely adopt legalization of marijuana this year or next. NH could soon be surrounded by states that have ended the prohibition of marijuana for adult use. Supporters of this bill are not blind to NH's, indeed the nation's, crisis with opiates and related deaths. But consider this: according to the US CDC, in 2015 over 17,000 people died from illicit drug overdoses (heroin, cocaine, etc.); over 25,000 people died from overdoses of prescription drugs; over 50,000 people died from alcohol related diseases and overdoses. During that same period 0 people died from an overdose of cannabis. In numerous reputable studies, gateway drug assertions have been shown to be unwarranted. The message this legislation brings to citizens of all ages is that we will no longer tolerate marijuana coming from the hands of callous drug dealers who tempt customers into more dangerous substances (as happens now). Rather, NH will provide tested, regulated, and labeled marijuana products adults can understand and trust. The message is that legislators can be responsive to public opinion, responsible in their actions, and reasonable in their laws.

The question being adoption of the majority committee report of Inexpedient to Legislate. Rep. Hirsch spoke against.

Reps. Hansen and Tholl spoke in favor.

Rep. Kappler requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

BILLS REMOVED FROM THE CONSENT CALENDAR ON FEBRUARY 10, 2016 HB 1495-FN-L, relative to insurance incentives to lower costs of health care. INEXPEDIENT TO LEGISLATE.

Rep. Donald Flanders for Commerce and Consumer Affairs. The committee determined that, while well intended, this bill is too prescriptive and a government mandate of this kind is not necessary. Insurance carriers already offer their members transparency tools that provide cost and quality information for more than 1,000 health care services. These tools, along with innovative provider networks and health plan designs, are successfully encouraging consumers to make informed decisions and are lowering costs for everyone. This bill also presents a number of operational and administrative problems. The committee determined that this bill would inhibit the innovation that is already taking place and that giving health insurance carriers the flexibility to offer different incentives and programs will better serve the public than a legislative mandate. Vote 16-2. Committee report adopted.

HB 1189-FN, relative to aid granted to Dartmouth College to assist indigent students from New Hampshire. INEXPEDIENT TO LEGISLATE.

Rep. Rick Ladd for Education. In 1807, the NH Legislature granted Dartmouth College a grant of land known as the Second College Grant, and in 1883, the state appropriated and paid Dartmouth the sum of \$10,000. Income from the Second College Grant and the 1883 Fund are to be used for education of indigent NH youth. Both the 1807 and 1883 legislative acts required Dartmouth to annually prepare and submit accounting for the grants to the Governor. Reporting aspects of the legislation did not occur. This bill seeks to correct reporting needs and would impose a \$10,000 fine for each year Dartmouth trustees failed to timely file annual reports and further would set a fund for indigent students within the Department of Education. In light of the recent memorandum of understanding signed by the Charitable Trusts Unit of the NH Department of Justice and Trustees of Dartmouth College addressing and correcting issues noted in the bill, the committee resolves that the bill is no longer necessary given the MOU dated December 10, 2015. Vote 17-2. Committee report adopted.

HB 1566-FN, relative to out-of-state transportation companies. INEXPEDIENT TO LEGISLATE. Rep. Stephen Schmidt for Health, Human Services and Elderly Affairs. The committee determined that the bill would require the booking of existing medical managed care contracts in potential violation of existing contract law. In addition, the committee heard testimony that prohibiting out-of-state transportation companies from providing services would be in violation of federal law. Vote 15-1. Committee report adopted.

HB 1581-FN-A, establishing a special marriage officiant license. INEXPEDIENT TO LEGISLATE. Rep. Kurt Wuelper for Judiciary. This bill would allow any person to solemnize one marriage for a fee which would go to the Victim's Assistance Fund. The majority of the committee saw no need to expand the authority to perform marriage ceremonies. Vote 11-5.

Rep. Wuelper spoke in favor. Rep. Cushing spoke against, yielded to questions and requested a roll call; not sufficiently seconded. On a division vote, with 223 members having voted in the affirmative and 74 in the negative, the committee report was adopted.

HB 1593-FN-L, restricting fees for obtaining copies of public records and requiring certain information on public official and legislative financial disclosure forms. INEXPEDIENT TO LEGISLATE. Rep. Lucy Weber for Legislative Administration. The first section of this bill prohibits public bodies and agencies from recovering labor costs for searching and compiling information requested under the right-to-know law. The committee received testimony that these costs are already unrecoverable under the present language, so the change is not needed. The remaining two sections require the public filing of significant information having to do with member spouses, their employment, and their business interests. Representatives are bound by the Legislative Ethics rules and it is important that Representatives' information is available to the public. Committee members believed that spouses of Representatives should retain their privacy. Vote 9-0.

HB 1693-FN-L, abolishing fluoridation in water. INEXPEDIENT TO LEGISLATE.

Rep. Paula Francese for Resources, Recreation and Development. This bill would prohibit the introduction of fluoride into drinking water supplies in the state. It contains a number of issues of concern for the committee. Tooth decay is one of the most common chronic diseases among American children. According to the National Center for Health Statistics, one of four children living below the federal poverty level experience untreated tooth decay. The safety and benefits of fluoride are well documented and have been reviewed comprehensively by several scientific and public health organizations. No convincing scientific evidence has been found linking fluoridation with any potential adverse health effect or systemic disorder. With regard to cost, according to the American Dental Association the cost of a lifetime of water fluoridation is less than the cost of a single filling. By preventing tooth decay, community water fluoridation has been shown to save money, both for families and the health care system. SB 449, passed in 2004, established a procedure for voting on the introduction of fluoride into public water supplies at the local level. New Hampshire statutes specify procedures by which supplemental fluoridation of public water supplies can be accomplished. These statutes require that any proposal to fluoridate be subject to a vote and that majority approval is needed to begin fluoridation. Once fluoridation begins, the Department of Environmental Services monitors water supplies to ensure the proper concentration is achieved and maintained. Further, test kits are available for homeowners whose artesian well water contains naturally occurring fluoride. The committee believes that the pros and cons of fluoridation is a subject individuals and families need to discuss with their health care providers and that community water fluoridation is a decision best made at the local level. Vote 16-2. Rep. Valerie Fraser spoke against.

Rep. Francese spoke in favor.

Committee report adopted.

RESOLUTION

Rep. Hinch offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet, Wednesday, March 9, 2016 at 9:00 a.m.

LATE SESSION

Third Reading and Final Passage

HB 1434-FN, relative to out-of-home placements under the child protection act.

HB 1616-FN, relative to drivers' licenses and identification cards that are compliant with federal identification law.

HB 668-FN, relative to expense deductions under the business profits tax.

UNANIMOUS CONSENT

Rep. Webb requested Unanimous Consent of the House regarding an apology and addressed the House. Rep. Kris Roberts requested Unanimous Consent of the House regarding Black History Month and addressed the House.

MOTION TO PRINT REMARKS

Rep. Hinch moved that the remarks made by Rep. Kris Roberts during Unanimous Consent be printed in the Permanent Journal.

Motion adopted.

REMARKS

Rep. Kris Roberts: Today I stand here because it is Black History Month. But to me it is much more than that. Yes it involves our African roots, and our black ancestors. However, to me Black History Month is not a stand-alone history. It is American history. Black history is not about a group of people, who based on their color have become to be viewed by many not as equals but, "perennial victims; victims who were stripped of their culture and humanity and forced to live out their lives in slavery." Black History Month is about how all of us stand, not on the shoulders of giants, but on the shoulders of men and women; who through their sweat, tears, pain, and suffering without surrendering their dignities, played a major role in helping make the United States into the greatest industrial powerhouse the world has ever known; a democracy that still spends American blood and treasure fighting for democracy and human rights worldwide. Even after the words of President James A. Garfield spoken in 1881, "The elevation of the Negro race from slavery to the full rights of citizenship is the most important political change we have known since the adoption of the Constitution of 1787. No thoughtful man can fail to appreciate its beneficent effect upon our institutions and people. So far as my authority can lawfully extend, they shall enjoy the full and equal protection of the Constitution and the laws." A democracy that has delayed ensuring the same civil and human rights to every single American regardless of race, religion, sex, and sexual orientation. I don't stand here to place blame, I don't stand here to judge the actions of our nation's forefathers by today's morals, to absolute anyone for their actions, least of all to be political correct. I know I will speak of unpleasant historical facts. I stand here to inform, to enlighten, but most of all to tell the black youth of New Hampshire that they have the right to be proud; proud of the fact that the labors of our ancestors were major contributors to making America the greatest country in the history of the world. When Colin Powell was born, descended from black slaves, born under Jim Crow rules, no one could ever have dreamt that he, a black American, despite the words of Senator Robert C. Byrd spoken in 1944, "I shall never fight in the armed forces with a Negro by my side. Rather I should die a thousand times, and see Old Glory trampled in the dirt never to rise again, than to see this beloved land of ours become degraded by race mongrels, a throwback to the blackest specimen from the wilds," would become the Chairman of the Joint Chiefs of Staff or later Secretary of State. American history is about how more than half of all slave voyages left and returned from almost every port city in the United States; Portsmouth, Newport, Salem, Boston, Middletown, and New London, to name a few. Transporting mostly after 1808, about 180,000 of the approximately 388-450,000 black men and women who were captured, sold, survived the trans-Atlantic journey to what was to become the United States and resold; often repeatedly. Or, in the words of Lorenzo Green, a renowned author on black life in 17th-18th century New England, "The effects of the New England slave trade were momentous. It was one of the foundations of New England's economic structure; it created a wealthy class of slave-trading merchants, while the profits derived from this commerce stimulated cultural development and philanthropy," colleges, museums and music halls. The trade brought great wealth to some merchants and investors and created jobs for tens of thousands of others. In addition to the sailors employed in the trade, many people worked in industries dependent on the slave trade; rope making, iron forging, candle manufacturing, carpentry, logging, newspapers, distilleries, tanners, lawyers, fishermen, farmers, and the cotton mills of Fall River, Lowell, and Manchester. I could go on. Steven Bressler said, "Once you begin to see these great seaports and these great historic houses, everywhere you look, you can follow it back to the agricultural trade of the West Indies, to the trade of bodies in Africa, to the unpaid labor of black people. What people need to understand is that, here in the North, while there were not the large plantations of the South or the Caribbean islands, there were families who owned slaves. There were businesses actively involved in the slave trade. Slavery was a major stimulus to the New England economy." In March 1835, 28 white and 14 black students begin classes at the newly founded Noyes Academy in a small New Hampshire town. The school admitted qualified students, regardless of race. Its policy was clear, "To afford colored youth a fair opportunity to show that they are capable, equally with the whites, of improving themselves in every scientific attainment, every social virtue, and every Christian ornament." The citizens of this NH town called a meeting and declared that they were "determined to

take effectual measures to remove the school." The town appointed a committee "To do away with the school in the interest of the town, and the honor of the State." It rounded up men from surrounding towns and with about 100 yoke of oxen, pulled down the school and dragged it to the Baptist church located near the town commons. When their work was completed, the committee met once more to praise the Constitution and invoke the memories of the patriots of '76. The Concord Patriot wrote, "Joyful to the friends of this country." Speaking in Congress, New Hampshire Senator Isaac Hill defended the citizens' actions, stating their goal had been to thwart the abolitionist scheme to mingle the children of the two races. In New England, one need look no further than a symbol that graces welcome mats, door knockers, bedposts, and all manner of household décor; the pineapple. That exotic fruit is as intertwined with slavery as the Confederate flag. When New England ships came to port, captains would impale pineapples on a fence post, a sign to everyone that they were home and open for business, bearing the bounty of slave labor and sometimes slaves themselves. Lest we forget, while we may wish to change dark events of our past, we must remember to do so is to change the present. Thank you.

RECESS MOTION

Rep. Hinch moved that the House stand in recess for the purposes of the introduction of bills, receiving Senate messages, enrolled bill amendments and enrolled bill reports. Motion adopted.

The House recessed at 1:45 p.m.

RECESS

(Rep. Hinch in the Chair) ENROLLED BILL AMENDMENTS

SB 144, relative to carry-over coverall bingo and shared carry-over coverall bingo. (Amendment printed SJ 2-18-16) Adopted.

SB 265-FN, establishing the achieving a better life experience (ABLE) savings account program. (Amendment printed SJ 2-18-16) Adopted.

REFERRAL DECLINED

Rep. Kurk Chairman of the Committee on Finance, under the provisions of House Rule 46 (f), declined the referral of **HB 1430-FN**, relative to registration of compact utility tractors.

RECESS

(Rep. Packard in the Chair) RESOLUTION

Rep. Hinch offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, Senate Bills numbered 59, 127, 129, 152, 210, 239, 302, 309, 312, 313, 314, 315, 316, 318, 319, 322, 328, 331, 333, 361, 371, 373, 375, 377 and 378 shall be by this resolution read a first and second time by the therein listed titles and referred to the therein designated committees. Motion adopted.

INTRODUCTION OF SENATE BILLS

First, second reading and referral

SB 59, relative to the removal of county officers and temporary filling of the office. (Municipal and County Government)

SB 127-FN, relative to the appointment of special Medicaid representatives. (Health, Human Services and Elderly Affairs)

SB 129-FN, allowing retired members of the retirement system to change an optional allowance election in certain circumstances. (Executive Departments and Administration)

SB 152, relative to criminal history records checks for school employees and designated school volunteers. (Education)

SB 210-FN, relative to regulation of septic system evaluators. (Executive Departments and Administration) SB 239-FN, relative to application of the Internal Revenue Code to provisions of the business

profits tax. (Ways and Means)

SB 302-FN-A, making an appropriation to the department of safety for disaster and emergency response preparedness. (Finance)

SB 309, relative to sulfur limits of certain liquid fuels. (Science, Technology and Energy)

SB 312, relative to epinephrine administration in independent schools. (Education)

SB 313, relative to requirements for licensed estheticians. (Executive Departments and Administration)

SB 314, relative to the membership of the higher education commission. (Education)

SB 315, relative to the regulation of barbers, cosmetologists, estheticians, and manicurists. (Executive Departments and Administration)

SB 316, relative to placement decisions by a child's individualized education program team. (Education) SB 318, permitting the state to enter into a lot line agreement with a private abutter to the Bradford Pines Natural Area. (Resources, Recreation and Development)

SB 319-FN, relative to survivor benefits for families of police officers and firefighters killed in the line of duty. (Executive Departments and Administration)

SB 322, relative to the provision and administration of bronchodilators, spacers, and nebulizers in schools. (Education)

SB 328-L, relative to school districts and school administrative units exercising joint powers with other public agencies. (Education)

SB 331, relative to fulfilling the requirement for a notarized signature electronically. (Judiciary)

SB 333, relative to net energy metering. (Science, Technology and Energy)

SB 361, banning the sale of premixed synthetic urine. (Health, Human Services and Elderly Affairs) SB 371, relative to school lunch meal payment policies. (Education)

SB 373, relative to the information technology infrastructure in public schools. (Education)

SB 375, establishing the coastal marine natural resources and environment commission. (Resources, Recreation and Development)

SB 377, relative to emission levels of municipal waste combustion units. (Science, Technology and Energy)

SB 378, relative to the availability of net metering tariffs. (Science, Technology and Energy)

RECESS

(Speaker Jasper in the Chair) RESOLUTION

Rep. Packard offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, Senate Bills numbered 121, 332, 352, 356, 357, 380, 392, 396, 397, 398, 426, 427, 437, 440, 444, 453, 460, 464, 480, 485 and 522 shall be by this resolution read a first and second time by the therein listed titles and referred to the therein designated committees. Motion adopted.

INTRODUCTION OF SENATE BILLS

First, second reading and referral

SB 121-FN-L, relative to exceptions from the land use change tax for removal of certain materials. (Environment and Agriculture)

SB 332, relative to state procurement of goods and services. (Executive Departments and Administration)

SB 352, naming a cove in Lake Winnipesaukee as Ritson Cove. (Resources, Recreation and Development) SB 356-FN, relative to agricultural plates for vehicles of commercial fishing operations. (Transportation)

SB 357, relative to driver's license examinations. (Transportation)

SB 380, establishing the drinking water and groundwater trust fund and establishing the New Hampshire drinking water and groundwater advisory commission. (Resources, Recreation and Development)

SB 392, relative to the special training licenses issued by the board of podiatry. (Executive Departments and Administration)

SB 396, relative to compatibility of electrical devices with the National Electric Code and the state building code. (Executive Departments and Administration)

SB 397, relative to the membership of the post-traumatic stress disorder and traumatic brain injury commission. (Executive Departments and Administration)

SB 398, relative to renewal of licenses issued by the board of funeral directors and embalmers. (Executive Departments and Administration)

SB 426, establishing an end-of-life choices study commission. (Judiciary)

SB 427, establishing a committee to study the use of restraints when transporting a person subject to involuntary admission proceedings. (Health, Human Services and Elderly Affairs)

SB 437, establishing a commission to address child hunger in New Hampshire. (Children and Family Law)

SB 440-FN, repealing the repeal of certain fees in the shoreland protection act. (Ways and Means)

SB 444-FN, relative to lottery retailer incentive awards. (Ways and Means)

SB 453-FN, relative to comprehensive criminal background checks for individuals in registered and licensed child day care agencies, child care institutions, and child care agencies. (Education)

SB 460, authorizing the state board of education to adopt rules relative to child sexual abuse and healthy relationships. (Education)

SB 464-FN-A, establishing a statewide drug offender grant program and making appropriations therefor, and relative to transferring certain revenues to the revenue stabilization reserve account. (Ways and Means)

SB 480-FN-A, relative to the state house visitor's center revolving fund. (Legislative Administration) SB 485-FN-A, establishing a state grant program to assist state and local law enforcement agencies in addressing the opioid crisis and making an appropriation therefor. (Finance)

SB 522-A, making an appropriation to the office of professional licensure and certification for technology upgrades for the controlled drug prescription health and safety program. (Finance)

SENATE MESSAGES

CONCURRENCE WITH AMENDMENTS

SB 110-FN, establishing the administrative supervision act.

SB 157-FN, requiring high school students to pass a competency assessment of the United States and New Hampshire government and civics.

SB 227-FN, relative to calculating the cost of an adequate education.

COMMITTEE ASSIGNMENTS

The Speaker made the following change to committee assignments: Rep. Tasker off the Committee on Children and Family Law.

RECESS

(Speaker Jasper in the Chair)

Rep. Hinch moved that the House adjourn. Motion adopted.

HOUSE JOURNAL NO. 8

Wednesday, March 9, 2016

The House assembled at 9:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by the member from Exeter, Representative Alexis Simpson.

Gracious God, we come back together today, rested from recess, and work-weary from preparations for the day. We come into this space grateful for the continued opportunity to serve the people of New Hampshire, yet many are anxious, wondering what the day will hold. Today we entrust the care of our children, our parents, our spouses, our partners to others as we seek to honor the lived experience of 1.3 million people. Today we set aside all other work to improve the communities we call home. Our hearts and our heads are full. With so much on the table, so much seems to be at stake. Prepare our hearts and our minds for the work ahead. Hold us in Your care as we seek wisdom. Grant us perseverance when our day gets long. Offer us moments of grace that we may see each other's deepest humanity in the midst of discord, debate and disagreement. Allow us moments of humor and collegiality when we need them most. May the spirit of respect, light, and love rise up from our midst. Amen.

Representative Leonard Turcotte, member from Barrington, led the Pledge of Allegiance.

The National Anthem was sung by the Coe-Brown Northwood Academy Select Chorus.

LEAVES OF ABSENCE

Reps. Bridge, Chris Brown, Comtois, Emerson, Fesh, Kellogg, Manning, Moody, Michael O'Brien, Oxenham, Priestley, Sanders and Scontsas, the day, illness.

Reps. Booras, Hagan, Goulette, Nordgren, O'Hearne, Sherman, Souza, Tamburello, Whitehouse and Woodbury, the day, important business.

INTRODUCTION OF GUESTS

Cole and Connor Tollett, students from Fall Mountain Regional High School, Pages for the day. Marc and Alyson Therrien, guests of Rep. Leonard Turcotte.

COMMUNICATION

March 7, 2016

Speaker Shawn Jasper New Hampshire House of Representatives New Hampshire State House 107 North Main Street Concord, New Hampshire 03301

Dear Speaker Jasper:

I am writing to resign my seat as Representative from Rockingham County - District 2. I appreciate all your courtesies during the time I have served in the New Hampshire Legislature.

Sincerely, Kyle Tasker

ENROLLED BILLS REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled Senate Bills numbered 146 and 157.

Rep. Hinch, Sen. Prescott for the Committee

REPORT FROM THE COMMITTEE ON LEGISLATIVE ADMINISTRATION

On Monday, March 7, the Legislative Administration Committee met to consider the matter of Representative Don Leeman and whether or not he was an inhabitant of the district he was elected to represent, the topic being referred to the committee by the Speaker. Representative Leeman had been living at 14 Partridge Green Way, which is in Ward 3 in the city of Rochester. The district, (Strafford 23), includes Ward 3 (as well as Ward 2). Representative Leeman told the committee the

he had lived there for 9 years, but had moved on December 29 of 2015 and currently resides at 64 Old Farm Lane in Rochester's Ward 6. The committee took testimony from the Speaker, Clerk, and House Legal Counsel. Part 2, Article 14 of the New Hampshire Constitution was reviewed extensively, which includes the language "every member of the house of representatives shall be chosen, by ballot; and, for two years, at least, next preceding his election shall have been an inhabitant of this state; shall be, at the time of his election, an inhabitant of the town, ward, place or district he may be chosen to represent and shall cease to represent such town, ward, place or district immediately on his ceasing to be qualified as aforesaid." The provision twice uses the term "inhabitant" and that is an older term from the 1700s that means, according to Black's Law Dictionary, "one who resides actually and permanently in a given place and has his domicile there." Additionally, according to the book The New Hampshire State Constitution, by Lawrence Friedman (2015 edition), "if a member moves out of his or her district, the residency requirement is not met and he or she ceases to be a representative." The committee, as part of this report undertook to answer two questions. 1) Is the member an inhabitant of the district to which he was elected? 2) Is the member qualified to continue to represent the district to which he was elected? The committee agreed, unanimously, that the answer to both questions was no. Representative Leeman can no longer serve as a member of the New Hampshire House because he has constitutionally disqualified himself.

Rep. Dick Hinch for the Committee

Rep. Hinch addressed the House and indicated that Rep. Leeman had in fact returned to his district.

MOTION TO LAY ON THE TABLE

Rep. Packard moved that the Report of the Committee on Legislative Administration be laid on the table.

Motion adopted.

MOTION TO AMEND CONSENT CALENDAR

Rep. Hinch moved that the bills printed in House Calendar Addendum 14A, intended and voted by Committee to be on the Consent Calendar, be included in the vote on the Consent Calendar. Motion adopted.

CONSENT CALENDAR

Rep. Hinch moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

HB 1329, relative to prohibited sales of alcoholic beverages, removed by Rep. Fisher.

HB 1135, relative to physical force in defense of a person, removed by Rep. Abramson.

HB 1153, prohibiting a political subdivision from adopting residency restrictions on sex offenders, removed by Rep. Spillane.

HB 1261, relative to multiple indictments in criminal prosecutions, removed by Rep. Abramson.

HB 1311, relative to solitary confinement, removed by Rep. Hannon.

HB 1318, relative to sex offender registration, removed by Rep. Spillane.

HB 1610-FN, legalizing the possession and cultivation of marijuana for personal use, removed by Rep. Sylvia.

HB 1414, repealing the home education advisory council, removed by Rep. Hoell.

HB 1497, relative to the limits on disclosure of information used on college entrance exams, removed by Rep. Ladd.

HB 1143, relative to showing a ballot, removed by Rep. Rideout.

HB 1144-L, relative to notice for sessions of correction of the check list, removed by Rep. Bates.

HB 1466, relative to labeling requirements for certain homestead food operations, removed by Rep. Hannon.

HB 1661-FN, relative to conversion therapy seeking to change a person's sexual orientation, removed by Rep. Moore.

HB 1701-FN, relative to specialty care in drop-in or walk-in clinics, removed by Rep. Joe Sweeney.

HB 1370, relative to termination of tenancy, removed by Rep. Abramson.

HB 1126, limiting the authority of delegates to Article V conventions, removed by Rep. Hoell.

HB 1263, authorizing municipalities to use form-based codes as an alternative zoning regulation, removed by Rep. Abramson.

HB 1359, relative to the tax credit for service-connected disability, removed by Rep. Estevez.

HB 1134, relative to open access to broadband infrastructure, removed by Rep. Abramson.

HCR 10, requesting an investigation on whether benzodiazepines contribute to suicides by veterans, removed by Rep. Abramson.

HB 1422-FN, creating an exemption from the business profits tax for new businesses in New Hampshire, removed by Rep. Estevez.

Consent Calendar adopted.

HB 1118, relative to the determination of parental rights and responsibilities and establishing a presumption in favor of shared residential responsibility. OUGHT TO PASS WITH AMENDMENT. Rep. Frank Edelblut for Children and Family Law. This bill establishes as the starting point in a custody proceeding that it is in the best interest of the child, barring extenuating circumstances such as abuse or neglect, that both parents have continuing substantive involvement in the child's life. A large body of research in this area establishes that shared parenting arrangements result in lower risks of fear, aggression or depression, behavioral problems and risky behaviors. Vote 14-0.

Amendment (0801h)

Amend RSA 461-A:6, I(b) as inserted by section 1 of the bill by replacing it with the following:

(b) In the absence of an agreement between the parties, or a determination of the parental rights and responsibilities for each child under subparagraph (a), the court shall issue an order that provides for continuing contact between each parent and the minor child or children and for the shared parenting responsibilities of child-rearing and encouraging the love, affection, and contact between the minor child or children and the parents regardless of marital status, unless the court makes explicit findings that such contact is not in the best interest of the child. There shall be a rebuttable presumption that shared parenting and shared residential rights and responsibilities are in the best interest of the child or children.

Amend the bill by replacing section 3 with the following:

3 New Paragraph; Parental Rights and Responsibilities; Definition of Shared Parenting. Amend RSA 461-A:1 by inserting after paragraph VII the following new paragraph:

VIII. "Shared parenting" means an arrangement by which:

- (a) A child has comparable time with each parent appropriate to (i) the developmental age and status of the child, (ii) the child's routine schedule of school and other activities, (iii) holidays and other child-centered special events, and (iv) the parent's availability to fulfill parenting responsibilities; and
- (b) The child's material, developmental, educational, and emotional needs are provided by the parents according to the parents' individual capability.

AMENDED ANALYSIS

This bill:

I. Provides a list of factors the court may consider in determining parental rights and responsibilities.

II. Establishes a presumption in favor of shared parental rights, including residential responsibility.

III. Permits the court to modify parental rights and responsibilities based on the best interest of the child.

HB 1165, changing "incapacitated" to "vulnerable" in the adult protective services laws. OUGHT TO PASS WITH AMENDMENT.

Rep. Debra DeSimone for Children and Family Law. This bill and amendment simply changes the word "incapacitated" to "vulnerable." It was the testimony heard from a multitude of departments and councils that this change would be a less disagreeable term to those who are "vulnerable." Vote 13-0.

Amendment (0670h)

Amend the bill by inserting after section 1 the following and renumbering the original sections 2-11 to read as 3-12, respectively:

2 Elderly and Adult Services; "Incapacitated" Changed to "Vulnerable." Amend the introductory paragraph of RSA 161-F:46 to read as follows:

Any person, including, but not limited to, physicians, other health care professionals, social workers, clergy, and law enforcement officials, suspecting or believing in good faith that any adult who is or who is suspected to be [incapacitated] vulnerable has been subjected to abuse, neglect, self-neglect, or exploitation or is living in hazardous conditions shall report or cause a report to be made as follows:

Amend RSA 161-F:49, I(a) as inserted by section 3 of the bill by replacing it with the following:

(a) "Individual" means an individual, 18 years of age or older, [found eligible for or receiving services pursuant to RSA 171-A, RSA 135-C:13, RSA 135-C:14, RSA 161-E, RSA 161-I, or programs licensed under RSA 151:2, I(b), (e), or (f), or] who is [an incapacitated] a vulnerable adult, as defined under RSA 161-F:43, VII.

HB 1237, establishing a committee to study the establishment of a default conflict management and resolution system for parents and children. OUGHT TO PASS.

Rep. Jeffrey Oligny for Children and Family Law. Despite many attempts by the court to help resolve family conflict over many years, the committee still hears many complaints about high conflict in family court. The majority believe enough evidence exists to support the bill and potential enhanced default systems which may better serve New Hampshire families. Vote 10-2.

HB 1279, relative to grounds for termination of parental rights. OUGHT TO PASS.

Rep. Skip Berrien for Children and Family Law. This bill terminates the parental rights of a parent convicted of murder or manslaughter of the other parent or the child's sibling when the child was born after the parent's conviction. Vote 11-0.

HB 1105, establishing a committee to study third party mortgage processors. OUGHT TO PASS. Rep. Edward Butler for Commerce and Consumer Affairs. In the process of analyzing recent fraud and Ponzi schemes, such as the Financial Resources Mortgage (FRM) debacle, questions have been raised about whether the state is appropriately regulating third party mortgagers. Focused effort is needed to understand this issue better. This study is designed to accomplish this goal. Vote 17-2.

HB 1111, relative to securities advisory councils and committees. INEXPEDIENT TO LEGISLATE. Rep. Harold French for Commerce and Consumer Affairs. After deliberations, the committee determined, that creating an entire new state entity under the Secretary of State was not the best nor most effective way to handle complaints of possible fraud in the sale of securities. Vote 19-0.

HB 1150, relative to the penalty for failure to deliver goods under the Uniform Commercial Code. **INEXPEDIENT TO LEGISLATE.**

Rep. Valerie Fraser for Commerce and Consumer Affairs. This bill is an attempt to add a new section to RSA 382-A:1-311, creating a penalty of negligence with liability for damages equal to triple the value of the contract as defined in the Uniform Commercial Code (UCC), if there is failure to deliver any part of the property included in a contract to any purchaser. The committee feels that there are many remedies available in law that address a breach of contract relative to goods purchased and the UCC is not the appropriate place to add this provision since the Consumer Protection Act already has triple damages. Vote 20-0.

HB 1152, relative to the definition of specialty beer. OUGHT TO PASS.

Rep. Bart Fromuth for Commerce and Consumer Affairs. This bill, as introduced, raises the allowable alcohol by volume content in specialty beers from 12 to 21%. The committee felt that this was a good bill and people should be able to buy the same specialty beers in NH that they can acquire in other states. This bill also bypasses the previous requirement for approval of the Liquor Commission for beers with content over 12%, which should save the state time and money. Vote 20-0.

HB 1160-FN, relative to licensing spas and salons to serve alcoholic beverages. INEXPEDIENT TO LEGISLATE.

Rep. Rebecca McBeath for Commerce and Consumer Affairs. This bill establishes a license for spas and salons to serve alcoholic beverages. The committee was concerned about who should be included in the bill since many businesses, not just spas, might give away free alcohol to their customers. Defining and ultimately enforcing this license seems to be problematic so the committee decided to not pass this bill. Vote 17-0.

HB 1169, prohibiting bank fees for on-line accounts. INEXPEDIENT TO LEGISLATE.

Rep. Valerie Fraser for Commerce and Consumer Affairs. This bill is an attempt to prohibit in-state banks from charging fees for an accessible on-line account. This bill is not necessary, as most banks that provide on-line banking do not charge any transaction fees. Vote 20-0.

HB 1194, relative to medical benefits under motor vehicle insurance. INEXPEDIENT TO LEGISLATE. Rep. Edward Butler for Commerce and Consumer Affairs. The intent of this bill was to clarify the process for billing for ambulance services. However, this legislature looked at this issue a few years ago and made the necessary changes. The Insurance Department provided the necessary information and assistance to the constituent. Therefore this bill is not needed. Vote 19-0.

HB 1195, relative to prepayment contracts for petroleum products. OUGHT TO PASS.

Rep. John Hunt for Commerce and Consumer Affairs. Under a recently adopted law, oil and propane companies are barred from soliciting pre-pay contracts for the next heating season until after May of that year. Given that some municipalities and school districts can't wait until May, this bill removes this restriction and permits fuel companies to sign contracts, as long as the initial contact is from the customer and not the fuel dealer. Vote 18-1.

HB 1206, relative to limited credits. REFER FOR INTERIM STUDY.

Rep. Barbara Biggie for Commerce and Consumer Affairs. This bill updates RSA 179:13, by requiring wine manufacturers as well as wholesale distributors, brewpubs, nano breweries, beverage vendors and beverage manufacturers to report to the Liquor Commission when a payment to them from another licensee is delinquent. The Liquor Commission then informs all holders of these licensees of the delinquent licensees, thereby restricting any delivery of beverages to these licensees until payments are made. These payments must also be reported to the Liquor Commission, who will again inform all. The Liquor Commission states that this information aids them in identifying those licensees who may be under financial stress. Because of the complex nature of RSA 179:13, and to ensure all licensees, manufacturers, distributors and retailers are considered for equal treatment, as well as the timely nature of all reporting, the committee agreed unanimously to refer this bill for Interim Study. Vote 19-0.

HB 1211, relative to requirements for certain alcoholic beverage licenses. OUGHT TO PASS WITH AMENDMENT.

Rep. Bart Fromuth for Commerce and Consumer Affairs. This bill, as amended, allows former felons who have served their time for crimes committed, to access employment opportunities at restaurants and other liquor serving establishments without the approval of the Liquor Commission. Under current law, everyone from the bartender, to the doorman, to the dishwasher must seek approval from the Liquor Commission if they have a previous felony on their record. The majority of the committee felt that this requirement was not only unnecessary but also counter to state policy of promoting access to gainful employment for all Granite Staters. Vote 19-1.

Amendment (0638h)

Amend the bill by replacing all after the enacting clause with the following:

- 1 License Qualifications. Amend RSA 178:3, VII(b) to read as follows:
- (b) The applicant and any person listed pursuant to subparagraph V(b) are at least 21 years of age and *the applicant is* of sufficiently good character to leave no substantial doubt that the proposed business shall be operated in strict accordance with all applicable state and federal alcoholic beverage control laws and rules.
 - 2 Repeal. The following are repealed:
 - I. RSA 178:3, VII(e), relative character of managers.
 - II. RSA 179:23, V-VI, relative to approval of employees convicted of felonies.
 - 3 Effective Date. This act shall take effect January 1, 2017.

AMENDED ANALYSIS

This bill eliminates restrictions on being employed by a liquor licensee based on felony convictions and character.

HB 1264, relative to carnival or amusement ride inspections. **OUGHT TO PASS WITH AMEND- MENT.**

Rep. Harold French for Commerce and Consumer Affairs. The majority of the committee felt that this legislation brings uniformity to inspection forms to be used in the amusement ride industry. This uniformity will make it easier for operators to remain in compliance with filing such forms with the state as required. In addition, this bill increases the insurance coverage amounts to a level more in line with today's requirements. Vote 19-1.

Amendment (0640h)

Amend RSA 321-A:2-a, I(a)(4) as inserted by section 3 of the bill by replacing it with the following:

(4) By the operator, daily on days of operation and prior to operation, using an inspection form developed by the [director, which form] manufacturer, or if no such form exists, one approved by the director. Completed inspection forms shall be kept by the owner of the ride for a period of 2 years and shall be made available and open to inspection and copies shall be furnished to the commissioner or his or her agents upon request.

Amend RSA 321-A:2-a, I(b)(2) as inserted by section 4 of the bill by replacing it with the following:

(2) [By an agent of the commissioner not less than 90 days and not more than 120 days after the inspection required by subparagraph (1).

(3)] By the operator on each day of operation, prior to operation, using the inspection form developed by the manufacturer, or if no such form exists, one approved by the director. [director. The form shall be forwarded to the director on a weekly basis, or upon relocation of the ride, whichever occurs first.] The completed inspection forms shall be retained by the owner of the ride for a period of 2 years and shall be made available and open to inspection and copies shall be furnished to the commissioner or his or her agents upon request.

Amend RSA 321-A:5, III(a) as inserted by section 6 of the bill by replacing it with the following:

(a) A certificate of insurance showing the operator as a named insured and confirming that insurance has been issued and is in force providing coverage for specified equipment or devices in a minimum amount of [\$300,000 per person] \$1,000,000 per occurrence and [\$1,000,000] \$2,000,000 aggregate. Such certificate shall include the provision that coverage shall remain in effect until the expiration date or if canceled by the insurer prior to the expiration date for any reason, the cancellation shall not take effect until 20 days after written notice received by the director that said certificate is being canceled and the reason or reasons for such cancellation.

Amend RSA 321-A:5, IV(a) as inserted by section 7 of the bill by replacing it with the following:

(a) A certificate of insurance showing the operator as a named insured and confirming that insurance has been issued and is in force providing coverage for specified equipment or devices at specified locations, in a minimum amount of [\$100,000 per person] \$1,000,000 per occurrence and [\$300,000] \$2,000,000 aggregate. Such certificate shall include the provision that coverage shall remain in effect until the expiration date or if canceled by the insurer prior to the expiration date for any reason, the cancellation shall not take effect until 20 days after written notice received by the director that said certificate is being canceled and the reason or reasons for such cancellation.

AMENDED ANALYSIS

This bill requires carnival or amusement ride operators to make inspection forms available to the commissioner of the department of safety.

This bill also makes changes to the required insurance coverage for carnival or amusement ride operators.

HB 1307, relative to the procedure for amendment of condominium instruments. OUGHT TO PASS. Rep. Kermit Williams for Commerce and Consumer Affairs. When a condominium community votes to change its bylaws or other legal instruments, they are sometimes required to request approval from the mortgage holders for individual units in the development. When the mortgage holder was the bank downtown, this process was easy, but today mortgages are bought and sold on a daily basis and mortgage holders are often huge financial firms who have little interest in the affairs of a New Hampshire condominium association. This bill gives the mortgage holder a reasonable 60 days to respond to the request, after which the request is deemed approved. Vote 18-2.

HB 1316, relative to hospital rates for self-pay patients. OUGHT TO PASS.

Rep. John Hunt for Commerce and Consumer Affairs. Under current law, self-pay patients at a hospital can get the same discounts as someone who has health insurance. This bill clarifies who is self-pay - which means a patient seeking care at a hospital who does not have any form of insurance, including, but not limited to, health insurance, Med Pay coverage, or any other liability coverage. Vote 20-0.

HB 1403, relative to reinsurance. OUGHT TO PASS.

Rep. Edward Butler for Commerce and Consumer Affairs. In 2013, the New Hampshire Insurance Department (NHID) modernized the standards governing credit for reinsurance by adoption of

the National Association of Insurance Commissioners (NAIC) credit for reinsurance model law. Adoption of this model law is an NAIC accreditation standard. When the NAIC model law was adopted in 2013, NHID inadvertently deleted the section regarding required insolvency clauses standards for reinsurance contracts (previously RSA 405:49). These standards had been in place since 2004. This legislation simply returns those same insolvency clause standards back into law. Vote 17-2.

HB 1409, relative to life, accident, and health insurance. OUGHT TO PASS WITH AMENDMENT. Rep. John Hunt for Commerce and Consumer Affairs. At the request of the Insurance Department, this bill makes technical corrections to the life, accident and health insurance statutes, including repealing redundant statutes. Vote 18-1.

Amendment (0437h)

Amend the bill by deleting section 2 and renumbering the original sections 3-9 to read as 2-8, respectively:

Amend the bill by replacing section 8 with the following:

- 8 Effective Date.
 - I. Sections 4-6 of this act shall take effect upon its passage.
 - II. Section 7 of this act shall take effect 30 days after its passage.
 - III. The remainder of this act shall take effect January 1, 2017.

AMENDED ANALYSIS

This bill makes various changes in the laws relating to life, accident, and health insurance.

HB 1410, relative to motor vehicle coverage. OUGHT TO PASS WITH AMENDMENT.

Rep. John Hunt for Commerce and Consumer Affairs. At the request of the Insurance Department, this bill makes technical corrections to the auto insurance statutes, such as corrections to statutory references. The amendment addresses who is included under coverage for a vehicle not owned by the insured by clarifying that coverage includes certain relatives who reside in the same household. Vote 19-0.

Amendment (0629h)

Amend RSA 259:61, II as inserted by section 1 of the bill by replacing it with the following:

II. Which further provides indemnity for or protection to the named insured, [and to the spouse of such named insured as insured if a] any relative of the named insured by marriage, blood, or adoption who is a resident of the same household, or [the private chauffeur or] any domestic servant acting within the scope of the employment of any such named or resident insured [with respect to the presence of any such insured in any other motor vehicle.] from liability as a result of accidents which occur [in New Hampshire] within the limits of the United States of America, its territories or possessions, and the Dominion of Canada due to the [driving] operation of any motor vehicle, trailer, or semi-trailer not owned in whole or in part by such insured; provided, however, the insurance afforded under this paragraph applies only if no other valid and collectible insurance is available to the insured.

HB 1437, relative to health insurance fraud and abuse reporting. INEXPEDIENT TO LEGISLATE. Rep. Joseph Hannon for Commerce and Consumer Affairs. The bill requires health insurance carriers to establish a fraud and abuse detection system and to investigate any health insurance claim or series of claims for services that are suspected to be the result of health care provider billing fraud and abuse. Under this bill, the health insurance carrier shall report suspected fraud or abuse to the fraud investigation unit. Fraud and abuse programs have been, and are currently being developed by insurance companies. It is in the best interests of the companies to do this in ways that are best for them and their customers. Vote 18-0.

HB 1450, relative to risk-based capital for insurers. OUGHT TO PASS.

Rep. Edward Butler for Commerce and Consumer Affairs. This bill simply changes the calculation of risk-based capital within annual life and/or health insurance reports from a 2.5 multiplier to 3. This is now the national standard with which all states comply. Vote 17-1.

HB 1459, relative to commercial coverage. OUGHT TO PASS WITH AMENDMENT.

Rep. John Hunt for Commerce and Consumer Affairs. This bill is a request of the Insurance Department and makes certain changes to the laws governing property and casualty insurance. Changes include

revising the definition of 'large commercial policyholder.' These policyholders are exempt from some insurance regulations. The bill also extends the time frame for approval of an extra 30 days for policies that are in the nonconforming market. Vote 18-0.

Amendment (0674h)

Amend RSA 412:15, IV(b) and (c) as inserted by section 2 of the bill by replacing them with the following:

(b) No greater than plus or minus 40 percent of the insurer's base rates.

AMENDED ANALYSIS

This bill makes certain changes to the laws governing property and casualty insurance.

HB 1473, relative to small loans. INEXPEDIENT TO LEGISLATE.

Rep. Kermit Williams for Commerce and Consumer Affairs. When the Banking Department presented a bill last year to recodify the small loan statute, they neglected to point out two small changes to the law that were included in the legislation. In order to ensure that the legislature was aware of these changes, the department requested this bill to repeal the provisions this year. The committee felt that the changes were acceptable and provide some additional protection to small loan borrowers, and voted unanimously to recommend the bill be found Inexpedient to Legislate. Vote 18-0.

HB 1491, relative to trust fund interest. INEXPEDIENT TO LEGISLATE.

Rep. Edward Butler for Commerce and Consumer Affairs. This bill would mandate that any interest earned through a deposit into a trust fund would be returned to the depositor. Notwithstanding the difficulty for the many NH businesses who take deposits and the difficulty they would have in calculating the interest earned, the committee learned that there are trust funds, like the IOLTA (Interest on Lawyer Trust Accounts), in which the interest earned is not returned to the depositor but rather is used to provide legal services for those unable to afford them otherwise. The committee determined that services provided through such a program are valuable to our communities and therefore voted this bill Inexpedient to Legislate. Vote 18-0.

HB 1516-FN, relative to balance billing. REFER FOR INTERIM STUDY.

Rep. David Luneau for Commerce and Consumer Affairs. An insured patient who obtains medical services from an in-network provider, such as a hospital, may end up having services performed by a doctor who is not a member of the insurance carrier's network. Under current law, there is nothing to prevent these doctors from billing the patient for the difference between their normal charge and the amount the doctor was paid by the patient's insurance carrier. Balance billing, as it is known, often can follow an emergency procedure, but it can happen following any medical procedure. The committee recognizes as a problem that patients should not be billed for procedures that otherwise would be covered by their insurance and seeks to work with health care providers and insurance carriers to find a solution. Vote 18-0.

HB 1579, relative to regulation of the practice of out-of-state brokers by the real estate commission. OUGHT TO PASS.

Rep. Harold French for Commerce and Consumer Affairs. After careful consideration of this legislation, the committee recommended that the House adopt it. This bill assists real estate brokers licensed in NH by codifying what is the practical and existing practice in the sale and leasing of commercial real estate. It clears up, within existing statute, certain ambiguities that have been a hindrance to the industry in the past. Vote 17-0.

HB 1601, relative to certain continuing care communities. OUGHT TO PASS WITH AMENDMENT. Rep. Richard Abel for Commerce and Consumer Affairs. This bill directs that the Commissioner of Insurance shall not prescribe by rule or otherwise require submission of an actuarial report from any facility which does not offer a contract in which all or part of the risk of uncertain future health care costs is borne by the facility and not the resident. The amendment clarifies the language in the original bill. Vote 17-0.

Amendment (0008h)

Amend the bill by replacing section 1 with the following:

1 New Paragraph; Certain Continuing Care Communities. Amend RSA 420-D:7 by inserting after paragraph III the following new paragraph:

IV. Notwithstanding paragraph II, the commissioner shall not prescribe by rule or otherwise require submission of an actuarial report from any facility which does not offer a contract in which all or part of the risk of uncertain future health care costs is borne by the facility and not the resident.

AMENDED ANALYSIS

This bill declares that any continuing care community which charges an entrance fee but which does not assume risk of uncertain future health care costs shall not be required to submit actuarial studies to the insurance department.

HB 1617, relative to funding for housing projects by the New Hampshire housing finance authority. **INEXPEDIENT TO LEGISLATE.**

Rep. Edward Butler for Commerce and Consumer Affairs. This bill requires that the NH Housing Authority conduct a market study prior to authorizing a proposed housing development. It was reinforced for the committee that such studies are always done for proposed new developments. In the specific situation that engendered this bill, a total of 4 studies were done in an effort to answer questions raised by interested parties. Therefore, the committee believes that this bill is not needed. Vote 15-1.

HB 1618, relative to debt adjustment services. OUGHT TO PASS WITH AMENDMENT.

Rep. Laurie Sanborn for Commerce and Consumer Affairs. This bill recodifies and modernizes existing laws regulating debt adjustment services by modifying the definition of debt adjustment to match industry models and by restructuring the statute to match other statutes enforced by the NH Banking Department. The committee amendment restores an exemption that is in current law. Vote 17-0.

Amendment (0811h)

Amend RSA 399-D:1, IX(f) as inserted by section 1 of the bill by replacing it with the following:

- (f) Any person that serves as an intermediary between a debtor and one or more creditors of the debtor for the purpose of obtaining concessions.
 - (1) An intermediary includes but is not limited to any person that:
 - (A) Engages in the business of mortgage loan loss mitigation; and
 - (B) Is not subject to RSA 397-A or RSA 397-B.
- (2) An intermediary does not include any person specifically exempted pursuant to RSA 397-A:4 or RSA 397-B:10.

Amend the bill by replacing section 2 with the following:

- 2 Exemptions; Debt Adjustment Services. Amend RSA 479-B:11, I(g) through (h) to read as follows:
- (g) A nonprofit organization or government entity that offers counseling or advice to homeowners in foreclosure or loan default, if the organization is not directly or indirectly related to and does not contract for services with for-profit lenders, foreclosure consultants, or pre-foreclosure purchasers; [or]
- (h) A creditors' committee or trustee participating in a place of reorganization or repayment through a proceeding under the jurisdiction of the United States Bankruptcy Court[-] or
 - (i) A person licensed to engage in the business of debt adjustment under RSA 399-D.

HB 1700-FN, relative to abuse-deterrent opioid drug products. INEXPEDIENT TO LEGISLATE. Rep. John Hunt for Commerce and Consumer Affairs. This bill requires insurers to include in their formulary an abuse-deterrent alternative for each opiate on the formulary, where one is available. Considering that the committee has endorsed HB 1608 the Prior Authorization form legislation and the fact that health plans have some of these already on their formularies, the committee accepted the sponsor's recommendation that the legislation was no longer necessary. Vote 17-0.

HB 1113, requiring a performance audit of the sex offender treatment program in the department of corrections. **OUGHT TO PASS.**

Rep. Geoffrey Hirsch for Criminal Justice and Public Safety. This bill requires an audit of the sex offender treatment program in the Department of Corrections. Testimony revealed that the sex offender treatment program has both laudable results as well as areas of concern. All the testimony was in favor of this bill, from the Department of Corrections to former inmates. The audit will be conducted by the Audit Division of the Legislative Budget Assistant's office, which will submit its findings within 9 months of the bill's effective date. Vote 11-0.

HB 1235, relative to stalking. INEXPEDIENT TO LEGISLATE.

Rep. John Burt for Criminal Justice and Public Safety. This bill redefines "course of conduct" in the stalking statute. This bill seeks to amend RSA 633:3-a, which reads in part: "nor shall it include conduct that was necessary to accomplish a legitimate purpose independent of making contact with the targeted person." The committee understood this language was added to law many years ago so a person that had a "legitimate" reason to be at a place - a local grocery, gas station, children's school - would not be charged for stalking if another person had an issue and wanted to file a stalking charge. The committee heard a lot of testimony from the one woman that wanted this bill and the committee felt if the woman was afraid of her ex-spouse that she could have filed a domestic violence charge. Vote 17-0.

HB 1266, legalizing firecrackers and smoke bombs. OUGHT TO PASS WITH AMENDMENT. Rep. Arthur Barnes for Criminal Justice and Public Safety. This bill as amended legalizes the sale of firecrackers. The statute which prohibits the retail sale of firecrackers (RSA 160-B:16-b) was last revisited in 2004. Since that time the size and quantity of gunpowder contained therein has been reduced. Based upon the documented testimony provided, the committee determined that the explosive power of mortar firecrackers does not present the level of danger they once did. Vote 9-3.

Amendment (0412h)

Amend the title of the bill by replacing it with the following:

AN ACT legalizing firecrackers.

Amend the bill by replacing sections 2-3 with the following:

- 2 Repeal. RSA 160-B:16-b, relative to the prohibition on the retail sale of firecrackers, is repealed.
- 3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill legalizes the sale of firecrackers.

HB 1287, repealing a provision of the harassment statute. OUGHT TO PASS.

Rep. John Burt for Criminal Justice and Public Safety. This bill repeals a section of the harassment statute, RSA 644:4 l(f), that was struck down as unconstitutional by the New Hampshire Supreme Court in the case of State v. Pierce, 152 N.H. 790 (2005). The Supreme Court struck the law down on free speech grounds, holding that it violated Part I, Article 15 of the New Hampshire Constitution. Vote 17-0.

HB 1305, relative to the use of an ignition interlock device after a license suspension. OUGHT TO PASS WITH AMENDMENT.

Rep. Latha Mangipudi for Criminal Justice and Public Safety. This bill was discussed at length by the committee regarding the benefits to the safety of New Hampshire drivers. The bill as amended provides that a person requesting a restricted license shall have an enhanced technology interlock device installed for a period of one year, thus providing the ability of the driver to work and support the family while modifying the driver's behavior involving drinking and driving. Vote 12-1.

Amendment (0346h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the use of an ignition interlock device.

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Limited Driving Privilege; Ignition Interlock Program. Amend RSA 263:57-b by inserting after paragraph V the following new paragraph:

VI. As a condition of receiving a limited privilege license, the person shall agree to be subject to the ignition interlock program for one year immediately following restoration of driving privileges.

- 2 New Subparagraph; Use of Mobile Electronic Devices While Driving. Amend RSA 265:79-c, II by inserting after subparagraph (c) the following new subparagraph:
 - (d) To perform any action required by an ignition interlock device.
 - 3 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill requires a person receiving a limited privilege license to be subject to the ignition interlock program for one year after restoration of driving privileges. This bill also establishes an exemption from the prohibition on the use of mobile electronic devices while driving for actions required by an ignition interlock device.

HB 1327, relative to the statute of limitations for continuing violations of trespass. INEXPEDIENT TO LEGISLATE.

Rep. David Welch for Criminal Justice and Public Safety. This bill excepts continuing violations of trespass from the 3-year statute of limitations for personal actions. No one spoke in favor of the bill, so the committee voted to dispense with the bill accordingly. Vote 13-1.

HB 1343, prohibiting the retroactive application of the sex offender registry. **INEXPEDIENT TO LEGISLATE.**

Rep. John Martin for Criminal Justice and Public Safety. Although this bill was very brief, it garnered a lot of testimony, both for and against. Much of the testimony centered on Doe v. State of NH which was decided by the New Hampshire Supreme Court on February 12, 2015. This decision weighed the punitive nature of the sex offender registry versus its regulatory nature. While the decision partially upheld and partially struck down a lower court decision, the court did not expressly forbid the retroactive use of the sex offender registry, as it was originally held to be regulatory in nature and not ex post facto punishment. Many of the problems argued arise from subsequent changes to RSA 651-B. As written, this bill does not meet any need relative to correcting any ex post facto issues. Other testimony, from the Department of Safety and from domestic violence groups also opposed this bill, and the Department of Safety advised this bill has the potential of removing 900 offenders from the registry without any further review. Additionally, other bills may deal with the issues raised in Doe, but this one does not. Vote 11-5.

HB 1344, prohibiting the sale or possession of sky lanterns. INEXPEDIENT TO LEGISLATE. Rep. David Welch for Criminal Justice and Public Safety. Sky lanterns are devices sold in many retail outlets that are powered by heat from a combustible source. The bag-shaped lantern rises as the heat builds up within the bag and when the heat source is extinguished the bag floats down. There is no flame when the combustible material is consumed. The state fire marshal has ruled these sky lanterns as "recreational fire" and suggests that they be tethered by a string so that they are attended. The committee saw no need to prohibit their sale or possession. Vote 12-0.

HB 1353, relative to the notice required of a law enforcement officer prior to making an audio recording of a routine stop. **OUGHT TO PASS WITH AMENDMENT.**

Rep. David Welch for Criminal Justice and Public Safety. This bill amends the statute that provides that a uniformed law enforcement officer during a routine stop must notify the party of the fact that he or she is being recorded. The added language states it must be done "where it is reasonable or practicable under the circumstances." This is because there are times when it may not be reasonable, such as when the party is intoxicated or under duress or when the situation makes notification difficult or impossible, such as during a confrontation or an accident. The amendment changes the effective date to upon passage. Vote 14-0.

Amendment (0415h)

Amend the bill by replacing section 2 with the following:

2 Effective Date. This act shall take effect upon its passage.

HB 1369, requiring judges to grant earned time credits when a prisoner has substantially reduced the threat he or she poses to the public. **INEXPEDIENT TO LEGISLATE.**

Rep. John Martin for Criminal Justice and Public Safety. This bill requires the sentencing court to grant a prisoner's petition for earned time credits whenever the prisoner has substantially reduced, through self-improvement efforts, the threat he or she poses to the public. This legislation mixes the person's behavior with these efforts and that is not the intent. The bill also does not define any methodology or risk assessment procedure to determine whether the prisoner no longer poses a threat to the public. In addition, we have not had enough time under the existing law to determine any correlation between granting earned time credit with reduction in recidivism, including the possibility of reduction of threat or risk. This bill also requires judges to grant petitions for earned time credits from prisoners. The use of the word "shall" removes the discretion from the judge. It sets a bad precedent for a judge's decisions to be dictated by the legislature and is a blurring of the principle of separation of powers. Vote 16-1.

HB 1381-FN, legalizing the sale of smoke bombs. **OUGHT TO PASS WITH AMENDMENT.** Rep. David Welch for Criminal Justice and Public Safety. This bill as introduced would have repealed the prohibition on the sale or use of smoke bombs. If that had happened military canisters of smoke

would have been allowed. The amendment amends the statute which allows small smoke devices sold as permissible fireworks and limits the sale to those 21 and older. The devices have been illegally sold in other retail outlets but now are only available from licensed fireworks dealers. Vote 12-1.

Amendment (0416h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the sale of smoke bombs.

Amend the bill by replacing all after the enacting clause with the following:

1 Smoke Bombs. Amend RSA 644:16-b, II to read as follows:

II. With the exception of persons or groups, including law enforcement organizations, who use smoke bombs for training purposes or to protect property or lives, and with the exception of smoke bombs sold or offered for sale by a person licensed to sell permissible fireworks pursuant to RSA 160-C, any person who sells, barters, lends, or gives to any person a smoke bomb and any person who uses a smoke bomb in a public place shall be guilty of a violation.

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill creates an exception for the sale or use of smoke bombs by a person licensed to sell permissible fireworks.

HB 1415, relative to escape from official custody. OUGHT TO PASS.

Rep. Latha Mangipudi for Criminal Justice and Public Safety. This bill clarifies current law so that if a person escapes from official custody, confinement pursuant to a court order, from a jail, prison, house of correction or juvenile custody they are guilty of a class B felony. This bill corrects a prior omission from the statute from several years ago where those persons released from a correctional institution pursuant to administrative home confinement or any treatment program or other place as directed by the commissioner or sentencing court were inadvertently left out of the statute. Vote 13-0.

HB 1426-FN, relative to earned time credits for prisoners participating in rehabilitative or educational programming. **OUGHT TO PASS WITH AMENDMENT.**

Rep. David Welch for Criminal Justice and Public Safety. This bill expands a program initiated in 2014 which allows prisoners who earn degrees to be granted time off their minimum and maximum sentences. The bill adds master's degree and doctorate degree to the list of programs. The Department of Corrections agrees with the amended bill. The costs for these programs are borne by the prisoner or the prisoner's family and participation is determined by the prisoner's behavior. Vote 17-0.

Amendment (0681h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to earned time credits for prisoners participating in educational programming. Amend RSA 651-A:22-a as inserted by section 1 of the bill by replacing it with the following: 651-A:22-a Earned Time Credits.

- I. The commissioner, after reviewing a prisoner's record, shall award to a prisoner or recommend that the prisoner receive a one-time reduction in his or her minimum and maximum sentences for successful completion of each of the following programs while incarcerated:
 - (a) Education Programs:
- (1) [GED] High School Equivalency Certificate 90 day reduction in the prisoner's minimum sentence and 90 day reduction in the prisoner's maximum sentence.
- (2) High School Diploma 120 day reduction in the prisoner's minimum sentence and 120 day reduction in the prisoner's maximum sentence.
- (3) Associate's Degree 180 day reduction in the prisoner's minimum sentence and 180 day reduction in the prisoner's maximum sentence.
- (4) Bachelor's Degree 180 day reduction in the prisoner's minimum sentence and 180 day reduction in the prisoner's maximum sentence.
- (5) Master's Degree 180 day reduction in the prisoner's minimum sentence and 180 day reduction in the prisoner's maximum sentence.
- (6) Doctorate Degree 180 day reduction in the prisoner's minimum sentence and 180 day reduction in the prisoner's maximum sentence.

- (b) Vocational Programming. A prisoner who successfully completes a vocational program that is authorized and approved by the department or who successfully completes a vocational program that the commissioner deems to be valuable to the prisoner's rehabilitation, shall be entitled to a reduction of [up to] 60 days in his or her minimum sentence and a reduction of [up to] 60 days in his or her maximum sentence. The commissioner shall establish procedures, which shall be exempt from RSA 541-A, for awarding such reductions.
- (c) Mental Health Programming. A prisoner who meaningfully participates in recommended or mandated mental health and/or substance use treatment that is authorized and approved by the department or that the commissioner deems to be valuable to the prisoner's rehabilitation, shall be entitled to a one-time reduction of 60 days in his or her minimum sentence and a one-time reduction of 60 days in his or her maximum sentence. The commissioner shall establish procedures, which shall be exempt from RSA 541-A, for awarding such reductions.
- (d) Participation in Family Connections Center Programming. A prisoner who is a parent and who meaningfully participates in the programming offered by the Family Connections Center that the commissioner deems to be valuable to the prisoner's rehabilitation, shall be entitled to a one-time reduction of 60 days in his or her minimum sentence and a one-time reduction of 60 days in his or her maximum sentence. The commissioner shall establish procedures, which shall be exempt from RSA 541-A, for awarding such reductions.
- II. The earned time reductions authorized in paragraph I of this section shall be available to prisoners who were incarcerated on or after the effective date of this section and who have been granted this option by the presiding justice at the time of sentencing. The earned time reductions authorized in paragraph I of this section shall be available to prisoners who were incarcerated prior to the effective date of this section upon recommendation of the commissioner and upon approval of the sentencing court in response to a petition which is timely brought by the prisoner.
- III. The earned time reductions authorized in paragraph I of this section shall only be earned and available to prisoners while in the least restrictive security classifications of general population and minimum security. The earned time may be forfeited for involvement or membership in a security threat group, attempted escape, escape, or commission of any category A offense listed in the department of corrections policy and procedure directives.
- IV. The earned time reductions granted under this section shall not exceed [13] 21 months off the prisoner's minimum sentence and [13] 21 months off the prisoner's maximum sentence.

HB 1492, regarding individual privacy when law enforcement agencies use body-worn cameras. **INEXPEDIENT TO LEGISLATE.**

Rep. David Welch for Criminal Justice and Public Safety. The subject matter contained in this bill is already covered in a previous bill which has passed the House (HB 617). The sponsor requested that the committee find this bill Inexpedient to Legislate. Vote 11-0.

HB 1506, establishing a committee to study the use of solitary confinement in New Hampshire. INEXPEDIENT TO LEGISLATE.

Rep. Dick Marston for Criminal Justice and Public Safety. The bill is unnecessary, as it does not address issues or conditions in New Hampshire. The anecdotal evidence presented in testimony to the committee referred to practices in other states. Solitary confinement is not a condition of confinement used by the NH Department of Corrections (DOC) or the various counties, as was presented in extensive testimony by the Assistant Commissioner of the Department of Corrections, Helen Hanks. It appears that prior to the introduction of this legislation not enough research was done or attempts made to reach out to DOC or the counties to review facilities or processes. Additionally, the committee felt there is insufficient time for a study committee. Vote 11-0.

HB 1507, amending the procedures for the use of solitary confinement and establishing a committee to study the use and effectiveness of solitary confinement in New Hampshire. INEXPEDIENT TO LEGISLATE.

Rep. John Martin for Criminal Justice and Public Safety. This bill is unnecessary, as it does not address issues or conditions that arise in New Hampshire. Solitary confinement, as repeatedly described, is not a condition of confinement used in the New Hampshire Department of Corrections (DOC) or the various counties. The anecdotal evidence presented in testimony to the committee referred to practices in other states. The Laaman consent decree, DOC policy and procedures, and standards from the American Correctional Association all address conditions of confinement. Further,

prior to the introduction of the legislation, none of the sponsors had researched or reached out to the DOC or counties to review facilities or processes. One of the prison housing units mentioned in the bill did not even have the segregated space targeted by the bill. Enactment of this bill would be a solution searching for a problem and would squander precious time and resources. If there is a question relative to the county jails, the county delegations are able to arrange tours and inspect every area behind the walls. The DOC has been forthcoming with information and accessibility. The committee has had opportunities to tour the Men's Prison in Concord and meet with inmates unsupervised. Every area and housing unit was available for inspection and no areas exist that fit the description in the proposed legislation. The facility in Berlin has made it a practice, since it opened, to return problematic inmates to Concord, and they are not equipped with an area to totally segregate an inmate. Vote 9-2.

HB 1525-FN, relative to the circumstances that constitute indecent exposure and lewdness. INEX-PEDIENT TO LEGISLATE.

Rep. John Burt for Criminal Justice and Public Safety. This bill expands the indecent exposure law to include the anus (regardless of gender) as well as the nipple and areola (only if female). The committee heard testimony from many who warned that, due to likely acts of civil disobedience, the state would face expensive court fees should this become law. The NH Civil Liberties Union testified that violation of such a law could be considered protected political speech, indicating that the state would be unsuccessful in litigation. The committee sees no sense in passing a law that cannot be enforced. The committee also believes that this bill violates Part I, Article 2 of the State Constitution, which states "Equality of rights under the law shall not be denied or abridged on account of race, creed, color, sex or national origin." This bill attempts to apply a law to women only. This bill would also place police officers in the uncomfortable position of having to determine the gender of a potential offender. Lastly, an offender (if convicted) would be listed in the state's sex offender registry after a second conviction, which many considered to be an excessive punishment. In a state with an average temperature of only 46 degrees, the risk of rampant nudity seems rather low. The committee considers this legislation Inexpedient to Legislate for these reasons. Vote 19-0.

HB 1586-FN, prohibiting the impersonation of an emergency medical technician or firefighter. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Dick Marston for Criminal Justice and Public Safety. This bill as amended will provide that all first responders, not just police, cannot be impersonated without penalty of law. First responders are granted access to emergency scenes or critical infrastructure not granted to untrained and unauthorized persons. Individuals with malicious intent target these roles for impersonation because of the unrestricted access they may obtain. This puts the private citizens at a great risk in many various ways. The committee, with a near unanimous vote, is seeking to plug up this loophole in our laws. Vote 16-1.

Amendment (0603h)

Amend the bill by replacing section 1 with the following:

1 Penalty; Impersonation of a Firefighter. Amend RSA 154:9 to read as follows: 154:9 Penalty.

I. If any person present at a fire, emergency or service call, at or to which the fire department is responding shall refuse or neglect to obey the commands of any member who is recognized as, or should have been recognized as, a member of the fire department, or shall unlawfully assume the office or badge of office of a fire chief, fire officer or firefighter, such person shall be guilty of a violation.

II. Any person who knowingly and falsely assumes or exercises the functions, powers, duties, or privileges incident to the position of firefighter of any city, town, or private fire department, or any other firefighter or fire investigator employed by any state, county, or political subdivision of a state or county, or who wears or displays without authority any uniform, badge, or other identification by which such firefighter or investigator is lawfully identified, and with the intent to be recognized as such, shall be guilty of a class B felony. This paragraph shall not apply to a retired firefighter who wears apparel with his or her former station's insignia upon it.

Amend RSA 153-A:21-a as inserted by section 2 of the bill by replacing it with the following:

153-A:21-a Emergency Medical Technicians and Paramedics; False Personation. Any person who knowingly and falsely assumes or exercises the functions, powers, duties, or privileges incident to the position of emergency medical technician or paramedic of any city, town, or private entity, or any emergency medical technician or paramedic employed by any state, county, or political subdivision of a state or county, or who wears or displays without authority any uniform, badge, or other identification by which such emergency medical technician or paramedic is lawfully identified, and with the intent to be recognized as such, shall be guilty of a class B felony.

HB 1597-FN, relative to preservation of biological material in a criminal investigation for DNA testing. INEXPEDIENT TO LEGISLATE.

Rep. Arthur Barnes for Criminal Justice and Public Safety. This bill as introduced would require an investigating agency to preserve any biological material obtained in connection with a criminal or delinquency investigation or prosecution for five years from the date of conviction or adjudication, or as long as any person connected with that case or investigation remains in custody, whichever is longer. The testimony of the state police's criminal lab was that modern techniques in DNA testing do not require maintaining all biological material collected to have an accurate chain of evidence. Additional time costs of preserving all biological material collected would be astronomical. Vote 15-0.

HB 1598-FN, relative to the penalty for driving while intoxicated, third or subsequent offense. INEXPEDIENT TO LEGISLATE.

Rep. Dick Marston for Criminal Justice and Public Safety. This bill would require the indefinite revocation of the driver's license of any person convicted of a third driving while intoxicated offense. There was no testimony in favor of the bill and two witnesses testified against the bill. Additionally, the Department of Safety took no position. The committee believes that changes to current law are unnecessary. Vote 13-0.

HB 1603-FN, requiring the registration of drug dealers. INEXPEDIENT TO LEGISLATE.

Rep. Geoffrey Hirsch for Criminal Justice and Public Safety. The committee was presented with compelling testimony that such a registry will do nothing to alleviate NH's drug crisis but will add additional administrative duties to state and local law enforcement. Further, given the Drug Task Force's work, it is increasingly clear that we need to treat the issue of drug addiction as a public health issue and NOT as a criminal justice issue. Law enforcement already has records of those convicted of drug trafficking. Vote 15-0.

HB 1606-FN, relative to unlawful sale or possession of alcoholic beverages. **INEXPEDIENT TO LEGISLATE**.

Rep. John Martin for Criminal Justice and Public Safety. This bill would have allowed the consumption of beer and wine by 18 to 20 year olds while under the supervision of a "responsible" adult over the age of 21. While its stated intent is to facilitate the introduction of alcohol to 18 to 20 year olds in a responsible, supervised manner, it does nothing of the kind. There is no way to quantify what a "responsible" adult is, let alone a 21 year old. There was very little support for this bill. The scenario of 18 to 20 year olds drinking beer and wine under the supervision of a 21 year old would be a fair description of a fraternity party or an underage home drinking party. This bill would only serve to encourage underage drinking and essentially legalize irresponsible behavior. Vote 9-2.

HB 1613-FN, relative to criminal prosecution for those charged with prostitution. INEXPEDIENT TO LEGISLATE.

Rep. Geoffrey Hirsch for Criminal Justice and Public Safety. This bill attempts to adjust criminal penalties for clients of prostitution, while ignoring the other party to the activity. This one-sided approach is not an appropriate way to address any changes in NH prostitution laws. Vote 15-1.

HB 1628-FN, relative to human trafficking involving persons under 18 years of age. OUGHT TO PASS.

Rep. David Welch for Criminal Justice and Public Safety. This bill makes it a crime for a person to pay to engage in sexual contact with a person under the age of 18. It also makes it illegal to observe a sexually explicit performance involving a person under the age of 18. The committee unanimously supported passage of the bill. Vote 12-0.

HB 1654-FN, relative to flying drones near correctional facilities. OUGHT TO PASS WITH AMENDMENT.

Rep. John Martin for Criminal Justice and Public Safety. This bill, as amended, prohibits, with certain exceptions, the flying of a drone over or close to the environs of a jail or prison under penalty of a class A misdemeanor. This bill was at the request of the Department of Corrections after several intrusions by drones over department facilities. Such intrusions could facilitate an avenue for the introduction of contraband and this bill becomes another tool in assuring security. It also allows for the proper authorities to operate a drone over the facility for security purposes or authorize the operation by other parties under certain conditions. Vote 11-2.

Amendment (0390h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to flying a drone above a correctional facility.

Amend the bill by replacing section 1 with the following:

1 New Section; Breaches of the Peace; Flying a Drone Above a Correctional Facility. Amend RSA 644 by inserting after section 21 the following new section:

644:22 Flying a Drone Above a Correctional Facility.

I. Except as otherwise provided in this section, no person shall fly a drone in the airspace above a state or county correctional facility or municipal jail. Any person who violates this section shall be guilty of a class A misdemeanor.

II.(a) State, county, or municipal correctional authorities may fly a drone above a correctional

facility over which they have control for security purposes.

(b) State, county, or municipal correctional authorities may authorize a request by a person to fly a drone above a correctional facility over which they have control, provided the person:

(1) Requests permission from the appropriate correctional authority;

- (2) Is authorized by the Federal Aviation Administration to operate a drone for commercial purposes; and
 - (3) Operates the drone in a manner that complies with the authorization.

III. In this section:

- (a) "Airspace" means the space above the ground on which a state or county correctional facility or municipal jail is sited.
 - (b) "Drone" means a powered, aerial vehicle, excluding a geosynchronous satellite, that:

(1) Does not carry a human operator;

- (2) Uses aerodynamic forces to provide vehicle lift;
- (3) Can fly autonomously or be piloted remotely; and
- (4) May be expendable or recoverable.
- (c) "Person" means an individual, corporation, organization, and for-profit or not-for-profit entities.

AMENDED ANALYSIS

This bill prohibits, with certain exceptions, a person from flying a drone above a state or county correctional facility or a municipal jail.

HB 1692-FN, revising the procedures relating to parole violation and parole revocation. INEXPEDIENT TO LEGISLATE.

Rep. John Martin for Criminal Justice and Public Safety. This bill would have lengthened the term of incarceration for a parole violation from 90 days to 2 years, and eliminated provisions for bail for a parole violator arrested pursuant to this bill. Testimony was largely opposed to this bill, as it would have contributed greatly to crowding conditions in the State Prison and limited options for the Adult Parole Board in dealing with offenders. There can be many mitigating circumstances in a parole violation that cannot be dealt with by a "one size fits all" solution, and decisions of this nature are best left to the parole department and the Adult Parole Board. Vote 16-0.

HB 1121, relative to the academic areas that comprise the statewide assessment. OUGHT TO PASS WITH AMENDMENT.

Rep. Rick Ladd for Education. The annual statewide assessment is currently administered to students in grades 3-8 and grade 11 in the academic areas of reading and language arts, mathematics and science. The statewide assessment program also requires the state to assess history, geography,

civics and economics; however, these academic areas have never been tested by the state either in the old NECAP or the current Smarter Balanced systems. This bill directs statutory responsibility for assessment of history, geography, civics and economics to the local level. It is the recommendation of the education committee, although equally important, that assessment in these critical areas of study is best provided and should appropriately remain within the purview of the local school board. Vote 16-1.

Amendment (0554h)

Amend RSA 193-C:5 as inserted by section 1 of the bill by replacing it with the following:

193-C:5 Areas of Assessment. The statewide academic areas to be assessed shall include [, but not be limited to:] reading and language arts, mathematics, and science [, history, geography, civics, and economics]. History, geography, civics, and economics remain critical areas of study. Therefore, assessment of these subjects remains within the purview of the local school board. The statewide assessment program shall only measure student understanding of key content-specific concepts, skills, and knowledge applied within or across academic content domains.

HB 1137, relative to the adoption of school administrative unit budgets. INEXPEDIENT TO LEGISLATE.

Rep. Terry Wolf for Education. This bill amends the alternative budget procedure in a school administrative unit and requires that the warrant article for the school administrative unit budget state the cost per pupil per fiscal year under the proposed budget. School districts currently are able to state the cost per pupil per year in a budget proposal. This bill is not necessary. Vote 20-0.

HB 1145, establishing a committee to study suspensions and expulsions in licensed preschools and in kindergarten through grade 3. **OUGHT TO PASS.**

Rep. Ralph Boehm for Education. This bill establishes a committee to look into why students in K through 3 are being suspended from school. Last year there were 101 kindergarten students suspended. A total of 523 students in K through 3. We need to find out why. Is it because of a school's zero tolerance policies? We even heard of a kindergarten student suspended for sexual harassment – for tickling another student. School policies on this matter need attention. Vote 20-0.

HB 1201, relative to withdrawal from a cooperative school district. INEXPEDIENT TO LEGISLATE. Rep. James Grenier for Education. Breakup of, or withdrawal from a cooperative school district presents challenging financial and educational issues. The intent of this bill will be addressed in an amended version of HB 1303. HB 1303 has been amended to a study commission and will address multiple aspects of withdrawal from a cooperative school district. Vote 20-0.

HB 1205, including libraries that provide children's programming in the definition of drug-free school zone. **INEXPEDIENT TO LEGISLATE.**

Rep. Barbara Shaw for Education. This bill includes libraries with children's programming in the definition of "drug-free school zones." The committee believes this bill is not necessary because the language of existing law allows for the designation of drug-free zones through policy established by local government and law enforcement agencies. Vote 18-0.

HB 1239, relative to certain terminology in the education statutes. OUGHT TO PASS WITH AMENDMENT.

Rep. Rick Ladd for Education. This bill as amended cleans up statutory language in regard to difficult to understand terminology in RSA 186:8, 193-C, and 193-E. Amending language states that it is the responsibility of the local level to identify and implement skills and knowledge included in curriculum. Academic standards mean what a student should know and be able to do at each grade level. Curriculum means the lessons and academic content taught in school or in a specific course or program. Past statutes have unclearly referenced educational and curriculum standards. This bill uses common terminology throughout statute when referencing standards, and the terms used are "academic standard" or "minimum standards." All other references to "standards" have been removed with all references to curriculum assigned to schools or school districts. Vote 19-0.

Amendment (0581h)

Amend the bill by replacing all after the enacting clause with the following:

1 State Board of Education; Rulemaking Authority. Amend RSA 186:8 to read as follows:

186:8 Rulemaking Authority; Standards; Employee Qualifications. The state board of education shall adopt rules, pursuant to RSA 541-A, relative to:

I. Academic standards for all grades of the public schools.

II. Minimum [curriculum and educational] standards for public school approval [standards] for all grades of the public schools.

[H-] III. Qualifications and duties for school superintendents, principals, school administrative

unit professionals and other public school employees.

[HH:] IV. Certification standards for educational personnel, including those listed in RSA 21-N:9, II(s), provided that the commissioner of the department of education may, through an agreement with another state when such state and New Hampshire are parties to an interstate agreement, provide for recertification based on another state's procedures if the other state's professional development plan is approved by the New Hampshire department of education.

[W:] V. Establishing requirements for teachers and teacher preparation programs to ensure that all teachers are prepared to teach to a broad range of students' needs, including, but not limited to,

the needs of exceptional learners.

[V.] VI. Certification standards for advanced teaching credentials, including administering the

master teacher credential as provided in RSA 189:14-f.

[VI.] VII. Appeals from a school board on the matter of nonrenewal of teacher contracts, providing that the appeal to the state board of education shall be limited to the record developed at the school board hearing, except where the state board of education determines that new evidence is available which could not have been reasonably discovered at the time of the school board hearing and that such evidence may have materially affected the outcome of the school board hearing. In such cases, the state board of education shall render a final decision in the matter or remand it to the school board for a new hearing.

[VII.] VIII. Requiring a high school pupil to attain competency in mathematics for each year in which he or she is in high school through graduation to ensure career and college readiness. A pupil may meet this requirement either by satisfactorily completing a minimum of 4 courses in mathematics or by satisfactorily completing a minimum of 3 mathematics courses and one non-mathematics content area course in which mathematics knowledge and skills are embedded and applied, as may be approved by the school board. The rules shall be implemented in the 2015-16 school year.

2 Duties of the State Board of Education. Amend RSA 186:11, IX(a) to read as follows:

(a) Direct the department to develop [curriculum frameworks] academic standards to serve as a guide and reference in health, physiology, and hygiene as they relate to the effects of alcohol and other drugs, child abuse, human immunodeficiency virus (HIV)/acquired immunodeficiency syndrome (AIDS), and sexually transmitted diseases on the human system, and which are designed to help students lead longer, healthier lives.

3 Statewide Education and Improvement and Assessment Program; Statement of Purpose. Amend

RSA 193-C:1, II-III to read as follows:

II. A statewide education improvement and assessment program built upon the establishment of [educational] academic standards specifying what students should know and be able to do is an important element in educational improvement. Such a program also serves as an effective measure of accountability and student performance when the assessment exercises or tasks are valid and appropriate representations of the [eurriculum standards] knowledge and skills that students are expected to achieve.

III. Widespread participation in the establishment of a statewide education improvement and assessment program is essential. Consultation with educators at all levels, business people, government officials, community representatives, and parents must occur in the development of [educational] academic standards. In turn, widespread dissemination of those standards, once established, must occur. Teachers, administrators, and school board members must be fully apprised of these state-developed standards. They must, in turn, communicate these expectations to students and parents, and find and implement methods to enable students to acquire and apply the requisite knowledge and skills.

4 Statewide Education Improvement and Assessment Program; Program Established. Amend RSA 193-C:3, III(a)-(b) to read as follows:

(a) [Educational] Academic standards specifying what students should know and be able to do shall be clearly defined before assessment procedures and exercises are developed.

- (b) The assessment exercises or tasks shall be valid and appropriate representations of the *academic* standards the students are expected to achieve.
- 5 Statewide Education Improvement and Assessment Program; Program Established. Amend RSA 193-C:3, IV(a) to read as follows:
- (a) At the student level, by students, parents, and teachers, to determine what the student knows and is able to do in relationship to the state-established *academic* standards.
 - 6 Adequate Public Education; Policy and Purpose. Amend RSA 193-E:1 to read as follows:

193-E:1 Policy and Purpose.

- I. It is the policy of the state of New Hampshire that public elementary and secondary education shall provide all students with the opportunity to acquire the knowledge and skills necessary to prepare them for successful participation in the social, economic, scientific, technological, and political systems of a free government, now and in the years to come; an education that is consistent with the [curriculum] minimum standards for public school approval, the state-established academic standards [and student proficiency standards specified in state school approval rules and New Hampshire], and school district or school curriculum [frameworks].
- II. Respecting New Hampshire's long tradition of community involvement, it is the purpose of this chapter to ensure that appropriate means are established to provide an adequate education through an integrated system of shared responsibility between state and local government. In this system, the state establishes[,through] minimum standards for public school approval, [and student proficiency standards] and [curriculum guidelines,] academic standards [the framework] for [the] inclusion and delivery of educational services at the local level. School districts then have responsibility and flexibility in implementing diverse educational approaches to instruction and curriculum tailored to meet student needs.

7 Adequate Public Education; Substantive Educational Content of an Adequate Education. Amend RSA 193-E:2-a, IV-VI to read as follows:

IV. The *minimum standards for public* school approval [standards] for the areas identified in paragraph I shall constitute the opportunity for the delivery of an adequate education. The general court shall periodically, but not less frequently than every 10 years, review, revise, and update, as necessary, the *minimum* standards identified in paragraph I and shall ensure that the high quality of the *minimum* standards for public school approval in each area of education identified in paragraph I is maintained. Changes made by the board of education to the school approval standards through rulemaking after the effective date of this section shall not be included within the standards that constitute the opportunity for the delivery of an adequate education without prior adoption by the general court. The board of education shall provide written notice to the speaker of the house of representatives, the president of the senate, and the chairs of the house and senate education committees of any changes to the school approval standards adopted pursuant to RSA 541-A.

V. The general court requires the state board of education and the department of education to institute procedures for maintaining, updating, improving, and refining [eurriculum frameworks] the minimum standards for public school approval for each area of education identified in paragraph I. Each school district shall be responsible for maintaining, updating, improving, and refining curriculum. The curriculum [frameworks] shall present educational goals, broad pedagogical approaches and strategies for assisting students in the development of the skills, competencies, and knowledge called for by the [academic] minimum standards for public school approval for each area of education identified in paragraph I. [The curriculum frameworks shall serve as a guide and reference to what New Hampshire students should know and be able to do in each area of education. The frameworks do not establish a statewide curriculum.] It is the responsibility of local teachers, administrators, and school boards to identify and implement approaches best suited for the students in their communities to acquire the skills and knowledge included in the [frameworks] curriculum, to determine the scope, organization, and sequence of course offerings, and to choose the methods of instruction, the activities, and the materials to be used.

VI. In this section[7]:

- (a) ["School approval standards"] "Minimum standards for public school approval" mean the applicable criteria that public schools and public academies shall meet in order to be an approved school, as adopted by the state board of education through administrative rules.
- (b) "Academic standards" mean what a student should know and be able to do at each grade level.

- (c) "Curriculum" means the lessons and academic content taught in school or in a specific course or program.
 - 8 Adequate Public Education; Accountability. Amend RSA 193-E:3-c, III(a) to read as follows:
- (a) Performance on state [tests] assessments administered pursuant to RSA 193-C and, upon the prior approval of the department, other assessments administered at local option that are consistent with the state's [curriculum] academic standards.
- 9 Adequate Public Education; Performance-Based Accountability System. Amend RSA 193-E:3-c, VI to read as follows:
- VI. The department shall annually prepare a detailed report documenting the results of each school on the performance-based school accountability system to be developed pursuant to RSA 193-E:3-c, and identifying all schools that can demonstrate the opportunity for an adequate education through the performance-based methodology. The report shall be submitted no later than [October +] January 15 annually to the same individuals receiving the final report under paragraph IV. [The initial report shall be due October 1, 2012.]
 - 10 Effective Date. This act shall take effect 60 days after its passage.
- HB 1240, relative to alternatives to the statewide assessment. INEXPEDIENT TO LEGISLATE. Rep. James Grenier for Education. The intent of this bill is to reduce the number of times a statewide assessment would be administered in grades 3-8 at NH public schools. Additionally, the bill allows a locally developed assessment for those years when a statewide assessment is not required. While there is broad consensus that statewide assessment should not be administered in each of grades 3-8 the uncertainty of the impact of new federal legislation, Every Student Succeeds Act, (ESSA) precludes the possibility of pursuing the intent of this bill. Vote 17-0.

HB 1283, relative to school notification of a change in placement. OUGHT TO PASS.

Rep. Rick Ladd for Education. This bill requires the New Hampshire Department of Health and Human Services or any other state department to notify a school as soon as possible when initiating or placing a child in an out-of-home placement that results in attendance at another school. Transitions such as this should be accomplished in accordance with a developed transition plan that reduces emotional and mental impact to the child. Vote 18-0.

HB 1303, relative to withdrawal from a cooperative school district. OUGHT TO PASS WITH AMENDMENT.

Rep. Christopher Adams for Education. There are over 50 cooperative districts comprised of almost 250 individual towns in New Hampshire. Each cooperative district has a unique set of "Articles of Agreement" that describe the conditions and circumstances under which they will operate their cooperative. These agreements were entered into under the statute applicable at the time of the agreements. Changes to current statutes without full consideration to the multitude of complex circumstances would be injudicious at this time. Therefore, the committee has agreed to form a comprehensive commission to help recommend potential legislation. Vote 20-0.

Amendment (0683h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a commission to study issues relating to pre-existing districts withdrawing from a cooperative school district.

Amend the bill by replacing all after the enacting clause with the following:

1 New Subdivision; Commission to Study Issues Relating to Pre-existing Districts Withdrawing from a Cooperative School District. Amend RSA 195 by inserting after section 31 the following new subdivision:

Commission to Study Issues

Relating to Pre-existing Districts Withdrawing from a Cooperative School District.

195:32 Commission Established.

- I. There is established a commission to study issues related to pre-existing districts withdrawing from a cooperative school district. The membership of the commission shall be as follows:
- (a) Three members from the house of representatives, 2 of whom shall serve on the education committee, and one of whom shall serve on the finance committee, appointed by the speaker of the house of representatives.
 - (b) One member from the senate education committee, appointed by the senate president.

- (c) The commissioner of the department of education, or designee.
- (d) The commissioner of the department of revenue administration, or designee.
- (e) Two school board members from cooperative school districts, appointed by the governor.
- (f) Two superintendents from cooperative school districts, appointed by the governor.
- (g) One member from the New Hampshire School Administrators Association, appointed by that association.
- (h) One member from the New Hampshire School Boards Association, appointed by that association.
- (i) One member from the New Hampshire Council of School Attorneys, appointed by that association.
 - (j) One member from the public, appointed by the governor.
- II. The commission shall study issues relating to the withdrawal of pre-existing districts from their cooperative school district, including:
- (a) The procedure for withdrawal, including the procedure for both initiating a withdrawal study and the procedure for approval of any proposed withdrawal plan.
 - (b) How assets are determined, valued, and apportioned among the pre-existing districts.
- (c) The nature and scope of the withdrawal plan created according to RSA 195:26, including the liability of the withdrawing pre-existing district pursuant to RSA 195:27 and the disposition of any property pursuant to RSA 195:28.
 - (d) Any other issue which the commission deems relevant to the objective of the study.
- III. Legislative members of the commission shall receive mileage at the legislative rate when attending to the duties of the commission.
- IV. The department of education and house committee research staff shall provide clerical, administrative, and research services to the commission as may be needed.
- V. The members of the commission shall elect a chairperson from among the members. The first meeting of the commission shall be called by the first-named house member. The first meeting of the commission shall be held within 30 days of the effective date of this section. Eight members of the commission shall constitute a quorum.
- VI. The commission shall file an interim report on or before January 1, 2017, and shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the president of the senate, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 2017.
- 2 Repeal. RSA 195:32, relative to the commission to study issues relating to pre-existing districts withdrawing from a cooperative school district, is repealed.
 - 3 Effective Date.
 - I. Section 2 of this act shall take effect November 2, 2017.
 - II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a commission to study issues relating to pre-existing districts withdrawing from a cooperative school district.

HB 1323, relative to nonrenewal of a teacher's contract. INEXPEDIENT TO LEGISLATE.

Rep. James Grenier for Education. This bill would amend RSA 189:14-a (Failure to be Renominated or Reelected) to eliminate the condition that a person "have taught one or more years in the same school district." This change was contrary to the "intent" of the bill, "to require justification for not renominating a non-tenured teacher." The actual "intent" of the bill was addressed. After such testimony, there was not sufficient evidence to justify a change of existing statute. Vote 19-0.

HB 1364, relative to the membership of the cooperative school district budget committee. INEX-PEDIENT TO LEGISLATE.

Rep. James Grenier for Education. A study commission for withdrawal from a cooperative school district has been established in a related amended bill. The membership of the cooperative school district budget committee will be addressed by that commission. Vote 20-0.

HB 1366, relative to the definition of educational competencies. INEXPEDIENT TO LEGISLATE. Rep. James Verschueren for Education. The bill proposes to limit student assessment, whether standard assessment or competency-based assessment, to a single content domain. As written, the

bill is internally inconsistent as it includes "science" as a single domain which it clearly is not. In addition, the bill proposes to further limit assessment by removing assessment of a student's ability to apply key concepts across academic content domains. Testimony before the committee characterized the changes as fundamentally changing competency-based education and removing local control by restricting what a school board may wish to assess. The committee found no positive purpose to support this bill. Vote 18-1.

HB 1372, permitting a child with a disability to use audio or video recording devices in the class-room. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Glenn Cordelli for Education. Last year HB 507 (Chapter 71, Laws of 2015) regarding teacher protections and privacy was passed and signed. A portion of the bill dealt with recordings in the classroom and it had unintended consequences. This bill clarifies that special needs students may use recording devices, if needed, and that recording for instructional purpose is also acceptable. As amended, it also allows recording of student teachers after notification to classroom parents. Vote 20-0.

Amendment (0459h)

Amend RSA 189:68, V as inserted by section 1 of the bill by inserting after subparagraph (b) the following new subparagraph:

(c) Nothing in this section shall preclude the use of audio or video recordings for use in the instruction of teacher interns or student teachers after written notification to the parent or legal guardian of each affected student as to the purpose of, and privacy policy for, the recordings.

HB 1379, amending the requirement to use English in schools. INEXPEDIENT TO LEGISLATE. Rep. James Grenier for Education. This bill would allow a private school to educate a student exclusive of English. A student might then transfer to a public school with no knowledge of English and would then be a financial burden to the public school district. Vote 19-1.

HB 1408-FN, relative to a school building inventory. OUGHT TO PASS.

Rep. Rick Ladd for Education. This bill requires the New Hampshire Department of Education (DOE) to conduct a statewide school building inventory to gather basic data and information on the condition of public school buildings. In July 2000, the DOE released the Turner Report related to the condition and adequacy of school facilities. Although the survey had limitations, it did contain useful information covering the condition of 391 school buildings throughout NH. In an effort to obtain needed data to better understand our current situation, this bill enables the department to acquire data and information that includes, but is not limited to: demographic shifts, structural condition, fire and life safety code compliance, building operational costs, HVAC systems, suitability of instructional space and equipment to prepare students for later careers and more. The survey will cost no money as information can be gathered and assessed using online technology and staff in place at the department and schools. Vote 19-1.

HB 1411, making civics mandatory in public schools. INEXPEDIENT TO LEGISLATE.

Rep. Christopher Adams for Education. This bill provides that a half-year course in civics shall be required for high school graduation. It was determined by the committee that this bill, while laudable in intention, was duplicative of current statute and Ed 306 rules and therefore unnecessary. Vote 19-1.

HB 1431, relative to academic freedom and whistleblower protection. INEXPEDIENT TO LEGISLATE.

Rep. Rick Ladd for Education. It is the committee's position and that of the Community College System and the University System that this bill is not needed because: 1) NH Law already has a whistleblower protection act, 2) academic freedom is protected in the constitution, and 3) those protections are reflected in contracts. Vote 18-2.

HB 1456, relative to chartered public school boards. INEXPEDIENT TO LEGISLATE.

Rep. Victoria Sullivan for Education. This bill requires the members of a charted public school board of trustees to be appointed by the Governor with the advice and consent of the council. Appointment and membership of charter school boards of trustees is already referenced in existing law. Charter schools have unique mission statements that are reflected in the make-up of their boards. Present law is working and should not be changed to a more complicated process. Vote 17-0.

HB 1457, establishing a code of professional ethics for New Hampshire teachers. REFER FOR INTERIM STUDY.

Rep. Robert Elliott for Education. This bill establishes a code of professional ethical standards and practices for teachers. The committee feels very strongly that we need a code of ethics for all NH teachers. Regardless, 16 members felt there are some issues in this legislation that need further clarification, especially in the area of new technology and electronics. Smart phones, computers, which are personal electronic devices, have raised new social, political and religious issues which need careful consideration. Interim Study provides the committee members the opportunity to review and identify professional responsibilities for the teaching profession as it relates to communities, students, parents, the profession and public. Vote 19-1.

HB 1458, relative to social media policies for educational institutions. INEXPEDIENT TO LEGISLATE.

Rep. Ralph Boehm for Education. This bill amends legislation passed into law last year, HB 142, (Chapter 270, Laws of 2015) Educational Institution Policies in Social Media. The bill makes reference to Home Education, but this section of law based upon HB 142 was not intended to affect Home Education students. Current law provides all the protection necessary for students and the NH School Board Association developed needed policies for the law. Vote 18-0.

HB 1558-FN, requiring the university system of New Hampshire to examine the disposition of children in state custody. **INEXPEDIENT TO LEGISLATE.**

Rep. Ralph Boehm for Education. This bill requires the University System of New Hampshire (USNH) to conduct a child welfare study, the objective of which shall be to analyze the disposition of children in state custody. This is not the job of USNH. The Executive Branch of government is responsible for overseeing its own agencies. This kind of study will only cause financial distress on the already burdened University System. Also, the time limit placed in the bill is not reasonable for any such study. If a study is needed, it needs to be done by the Governor's office and not the University System. Vote 20-0.

HB 1114, relative to the number of inspectors of election. OUGHT TO PASS.

Rep. James Gray for Election Law. This bill would limit the number of inspectors of election appointed by the political parties to 2 per party at each polling place regardless of the number of voters. Statute provides that the moderator may appoint additional workers. Vote 17-0.

HB 1183, relative to election result recounts. INEXPEDIENT TO LEGISLATE.

Rep. Adam Schroadter for Election Law. This bill seeks to improve the recount process for close elections by requiring that all candidates involved in the election and present agree to end the recount. However, the committee became concerned about unintended consequences and costs associated with high-number candidate elections such as state representative elections for large districts. Vote 17-0.

HB 1220, relative to disqualification of election officers. OUGHT TO PASS.

Rep. James Gray for Election Law. This bill would clarify the statute which states election officials whose names are on the ballot for another position may perform their duties within the restrictions specified. Vote 17-0.

HB 1223, relative to changes of address on election day. OUGHT TO PASS.

Rep. James Gray for Election Law. This bill clarifies the wording of RSA 659:13 I (a) with regard to a change of address identified to the ballot clerks on election day. It requires that a change of address be recorded rather than corrected. Vote 19-0.

HB 1265, permitting municipalities to adopt a system of approval voting. **INEXPEDIENT TO LEGISLATE**.

Rep. Yvonne Dean-Bailey for Election Law. This bill significantly changes our current electoral process by permitting towns to change to a method called approval voting for a primary election. Approval voting would allow voters to vote for multiple candidates for one office instead of only one candidate. If this is allowed, some towns would then be using different voting methods which would cause significant confusion. This would greatly change our method of electing candidates and the committee saw no pressing reason to allow municipalities to make this change. Vote 18-0.

HB 1377, relative to receipt of absentee ballots. OUGHT TO PASS WITH AMENDMENT. Rep. Kathleen Souza for Election Law. This bill facilitates the delivery of absentee ballots to the polls by adding "ward clerk" to those officials able to accept them. It also provides that absentee ballots delivered by a voter's spouse, parent, sibling, or child must be received by the town, city, or ward clerk by 5:00 p.m. on election day. Vote 18-0.

Amendment (0247h)

Amend the bill by replacing section 1 with the following:

1 Absentee Voting: Procedure by Voter. Amend RSA 657:17 to read as follows:

657:17 Procedure by Voter. After marking the ballot, the voter or the person assisting a blind voter shall enclose and seal the same in an inner envelope. The voter shall execute the affidavit. The voter or the person assisting the blind voter shall enclose and seal the inner envelope with the affidavit in an outer envelope. The voter shall then endorse on the outer envelope his or her name, address, and voting place and shall mail the envelope, affixing postage, or personally deliver it or have it delivered by the voter's spouse, parent, sibling, or child to the city or town clerk from whom it was sent. The city or town clerk, or ward clerk on election day at the polls, shall not accept an absentee ballot from a family member unless the family member completes a form provided by the secretary of state, which shall be maintained by the city or town clerk, and the family member presents a government-issued photo identification or has his or her identity verified by the city or town clerk. Absentee ballots delivered through the mail or by the voter's spouse, parent, sibling, or child shall be received by the town, city, or ward clerk no later than 5:00 p.m. on the day of the election.

HB 1378, relative to disabled voters requiring assistance. OUGHT TO PASS WITH AMENDMENT. Rep. James Gray for Election Law. Absentee ballots are currently used prior to election day to assist voters who cannot access the polling place due to a physical disability. This bill codifies the absentee ballot process to be used on election day for voters who are physically unable to access the polling place. The committee unanimously recommends approval. Vote 17-0.

Amendment (0496h)

Amend RSA 659:20-a as inserted by section 1 of the bill by replacing it with the following:

659:20-a Assistance in Voting; Disabled Voter. Any voter who declares to the moderator under oath that said voter is unable to access a polling place due to physical disability, after appearing at the polling place location to vote in person shall, upon the voter's request, have an absentee ballot delivered to the voter outside the guardrail by the town or ward clerk or one of his or her assistants. The absentee ballot delivered by the town or ward clerk shall be delivered and processed using the same procedures as any other absentee ballot except that the voter shall be treated on the marked checklist as having voted in person.

HB 1387, relative to vacancies in county offices. INEXPEDIENT TO LEGISLATE.

Rep. James Gray for Election Law. The committee believes that vacancies in county offices should not be filled by a secret ballot at the county convention. Since the county delegation represents the citizens, the voters have a right to know how their representatives vote. Vote 15-0.

HB 1467, relative to notice of village district elections. OUGHT TO PASS WITH AMENDMENT. Rep. Barbara Griffin for Election Law. This bill provides minimum time periods for village districts to notify the supervisors of the checklist when they are having elections. There are a number of village districts in the state and this will eliminate local issues regarding adequacy of notice. Vote 19-0.

Amendment (0043h)

Amend RSA 670:5 as inserted by section 1 of the bill by replacing it with the following:

670:5 Warrant. Village district elections shall be warned by the commissioners in the same manner as town elections are warned by the selectmen as provided in RSA 669:2 and RSA 39. The commissioners shall give the supervisors of the checklist 60 days notice of any village district election.

AMENDED ANALYSIS

This bill requires commissioners to give notice of village district elections to supervisors of the checklist.

HB 1503, relative to distributing campaign materials at the polling place. **OUGHT TO PASS.** Rep. Duane Brown for Election Law. This bill helps to clarify, for the moderator and the general public, items that are deemed as electioneering and may not be distributed or posted within the building where an election is being held. It also prohibits any person from distributing such materials. Vote 15-2.

HB 1511-FN-L, relative to hours of polling. INEXPEDIENT TO LEGISLATE.

Rep. William Gannon for Election Law. The majority opposed this bill, as it is a 'one size fits all' approach. The needs of a small northern town differ greatly from the needs of a city. Forcing a town to stay open beyond their needs would be wrong. This bill would be more palatable if it had permissive language such as "may." This way a municipality could opt in or out to earlier or later hours as best fits the individual city or town needs. Vote 17-0.

HB 1515, requiring persons sending absentee ballot applications to comply with identification requirements for political advertising. OUGHT TO PASS WITH AMENDMENT.

Rep. James Gray for Election Law. The bill, with the amendment, requires anyone who distributes absentee ballot applications to voters to identify who is responsible for distributing the applications. Vote 15-0.

Amendment (0721h)

Amend RSA 657:4, II(a) as inserted by section 1 of the bill by replacing it with the following:

II.(a) Any person, other than the city or town clerk or the secretary of state, that publishes, mails, or distributes in any manner any written communication that contains a form or post card which a reasonable person would consider as intended to be used by the recipient of the communication to submit a request for an absentee ballot shall identify who is publishing, mailing, or distributing the communication, and attach a copy of the form prepared by the secretary of state pursuant to paragraph I of this section to the communication or include in the communication a complete facsimile of the form prepared by the secretary of state pursuant to paragraph I of this section.

HB 1521, allowing voters to vote for multiple candidates for an office. INEXPEDIENT TO LEGISLATE.

Rep. Yvonne Dean-Bailey for Election Law. This bill significantly changes our current electoral process to the method of approval voting. Approval voting would allow voters to vote for multiple candidates for one office instead of only one. This would greatly change our method of electing candidates and the committee saw no pressing reason to make this change. Vote 18-0.

HB 1534, relative to reports of death of voters. OUGHT TO PASS.

Rep. Robert Luther for Election Law. This bill provides that deaths recorded in the statewide voter registration database can be the basis for the Town or City Clerk to notify the Supervisors of the Checklist of the change in a voter's status. Vote 17-0.

HB 1539-FN, relative to procedures for resolving ties in legislative races. INEXPEDIENT TO LEGISLATE.

Rep. James Gray for Election Law. This bill establishes a process for run-off elections in the event of a tie in a state legislative race. The committee believes that existing state law should not be changed. Vote 17-0.

HB 1624-FN, relative to electioneering by public employees. OUGHT TO PASS.

Rep. Barbara Griffin for Election Law. This bill modifies the applicability of the prohibition on electioneering by public employees by clarifying that the prohibition applies to equipment. Currently, the statute prohibits the use of government property which raises issues as to areas of public access such as the grounds of the State House or the lobby room of a public building. Vote 16-1.

HB 1642-FN-L, relative to persons executing election affidavits. INEXPEDIENT TO LEGISLATE. Rep. Barbara Griffin for Election Law. This bill, as proposed, addressed the verification of the identity of individuals who sign an election affidavit in the process of registering to vote on Election Day and do not provide photo identification. The committee understood that the state is currently responsible for verification after the election, and they do not have enough resources to do so. This bill required that the individual would be responsible for verifying his or her qualifications to vote within ten days after registering. Concerns were raised regarding the notice and process for the individual as provided in the bill as presented. Vote 14-3.

HB 1646, relative to the disclosure of felony convictions by individuals seeking an elected office. INEXPEDIENT TO LEGISLATE.

Rep. Adam Schroadter for Election Law. This bill introduced new language to the Declaration of Candidacy form in reaction to a well-publicized concern regarding felons and elections in Nashua. However, the form already requires candidates who have previously been convicted of a felony to declare that their sentence has been completed as required by RSA 607-A:2. The committee did not feel that the Declaration of Candidacy form was the correct place to address additional qualifications for candidacy. Vote 16-0.

HB 1679-FN, relative to electioneering by a public official. INEXPEDIENT TO LEGISLATE. Rep. Barbara Griffin for Election Law. The bill, as presented, was an attempt to prevent elected or constitutional officials from using government property or funding for electioneering. While the committee discussed that the intent of the proponents to ensure appropriate conduct was a legitimate issue, the bill, as worded, was inconsistent with wording in similar statutes. Further, concern was expressed that the determination of what conduct was covered would be subjective. Vote 17-0.

HB 1682-FN, relative to electioneering by public servants and relative to warrant articles. **INEX-PEDIENT TO LEGISLATE.**

Rep. James Gray for Election Law. The committee believes that the current law addressing electioneering by public employees does not need to be expanded. It further believes that the current laws relative to recommendations for special warrant articles provide useful information and should be retained. Vote 17-0.

HB 1141, defining "agritourism." OUGHT TO PASS WITH AMENDMENT.

Rep. Stephen Darrow for Environment and Agriculture. This bill is in response to a NH Supreme Court decision that said that agritourism is not part of the definition of agriculture in NH law. That decision has far-reaching implications for our farmers statewide. Agritourism is necessary to keep our farms viable by attracting customers to the farm to buy their products. It includes things like pick-your-own, hayrides, farm stays, and farm to plate meals. This bill with amendment puts the definition of agritourism into the definition of agriculture in RSA 21:34-a, II, thereby addressing the concerns of the court. Vote 17-0.

Amendment (0269h)

Amend the bill by replacing all after the enacting clause with the following:

- 1 Farm, Agriculture, Farming; Marketing. Amend RSA 21:34-a, II(b)(5) to read as follows:
- (5) The marketing or selling at wholesale or retail[, on-site and off-site, where permitted by local regulations,] of any products from the farm on-site and off-site, where not prohibited by local regulations. Marketing includes agritourism, which means attracting visitors to a farm to attend events and activities that are accessory uses to the primary farm operation, including but not limited to: eating meals, making overnight stays, enjoyment of the farm environment, education about farm operations, or active involvement in the activity of the farm.
 - 2 Repeal. RSA 21:34-a, VI, relative to the definition of agritourism, is repealed.
 - 3 Effective Date. This act shall take effect 60 days after its passage.

HB 1171, relative to appeals heard by the waste management council. OUGHT TO PASS.

Rep. John O'Connor for Environment and Agriculture. This bill makes corrections to which council hears appeals of decisions of the Department of Environmental Services regarding oil discharges to surface and ground waters and from underground storage facilities. RSA 146-A and 146-C are amended to direct such appeals to the Waste Management Council instead of the Water Council, or the Water Supply and Pollution Control Council which no longer exists. Vote 18-0.

HB 1354, establishing a committee to study livestock and meat inspection. OUGHT TO PASS WITH AMENDMENT.

Rep. Peter Bixby for Environment and Agriculture. This bill establishes a study committee to review RSA 427, Livestock and Meat Inspection. Parts of this chapter are inactive; other parts are unclearly written or outdated. The committee will review the chapter, consult stakeholders, remove unnecessary statutes, and rewrite others as needed in clear, concise language. The amendment reduces the number of senators to one. Vote 16-0.

Amendment (0547h)

Amend the bill by replacing section 2 with the following:

- 2 Membership and Compensation.
 - I. The members of the committee shall be as follows:
- (a) Three members of the house of representatives, appointed by the speaker of the house of representatives.
 - (b) One member of the senate, appointed by the president of the senate.
- II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

Amend the bill by replacing section 4 with the following:

4 Chairperson; Quorum. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section.

HB 1355, relative to poultry producers exempted from meat inspection requirements. OUGHT TO PASS. Rep. Peter Bixby for Environment and Agriculture. This bill raises the limit for on-farm poultry slaughter for sale to restaurants from the 1,000 birds in the existing statute to the federal limit of 20,000 birds. Farmers who slaughter under this exemption must first take a safe-slaughter workshop, and the slaughter facilities are subject to inspection by the United States Department of Agriculture (USDA), Food Safety Inspection Service. Vote 15-0.

HB 1398, establishing a commission to study septic sludge spreading. INEXPEDIENT TO LEGISLATE.

Rep. Christy Bartlett for Environment and Agriculture. This bill would establish a commission to study septic sludge spreading. The testimony, both oral and written, was overwhelmingly opposed to another study commission. The Department of Environmental Services is opposed to the bill and told us there were comprehensive studies done in 2003 and 2007. There is a great deal of awareness among those in the industry of what is contained in the septage and the rules and compliance needs are in place. The tanks are treated to kill pathogens and the liquids are filtered. Our committee did not hear that there was a problem that needed to be studied further at this time. Vote 18-0.

HB 1514, relative to the application of nitrogen and phosphorus content fertilizers. INEXPEDIENT TO LEGISLATE.

Rep. Christy Bartlett for Environment and Agriculture. This bill would exempt the sale of certain fertilizers sold in bulk from limitations of nitrogen and phosphorus content. We worked with the Department of Agriculture, Markets and Food to try to address concerns regarding inappropriate application of fertilizers that are affecting waterways and lakes. The bill is quite specific about the allowances and content and it would be difficult for manufacturers to meet only NH requirements. In addition, it does not appear that there is a lawful way to separate commercial applicators from homeowner consumers in retail sales. Finally, there is no enforcement mechanism to be used by the department. The committee has agreed to continue to work on the problem and address some of the concerns through public education. Vote 16-0.

HB 1571-FN, prohibiting the possession, purchase, or sale of equipment used for animal fighting. **INEXPEDIENT TO LEGISLATE.**

Rep. John O'Connor for Environment and Agriculture. The committee overwhelmingly agrees that animal fighting is inhumane. This bill attempts to use various types of paraphernalia found in the possession of a person, even without the evidence of any animal being present, as a basis for finding the person guilty of animal fighting and subject to a class B felony. Many legitimate animal handlers could be subject to this vague interpretation of law. This bill would presume that they are guilty and now are required to prove their innocence with no recourse. Currently, there are sufficient laws in statute to regulate any animal fighting that may occur. There have not been any instances of animal fighting in NH for many years. Vote 20-0.

HB 1615-FN, regulating the transfer of dogs from out of state. REFER FOR INTERIM STUDY. Rep. Robert Haefner for Environment and Agriculture. This bill licenses and regulates out of state transporters of dogs and cats who deliver pets for transfer into New Hampshire from out of state. Some of these transfers are under the radar such that the state does not know how many animals are

delivered to New Hampshire, where they go, their health or behavior. Those transfers that are done following the rules are known, whereas others are not, such as dogs sold in parking lots in our state. We are hearing of health and behavioral problems that may not be reported. While the committee believes we need to get a better handle on out of state transporters as some of neighboring states have done, we do not think the bill is ready for passage. We also have a problem with the fiscal note that says a new hire is needed, which the bill does not fund. The committee recommends unanimously that the bill be studied further to better prepare legislation for passage next term. Vote 20-0.

HB 1128, proclaiming the second week in September as Patriot Week. INEXPEDIENT TO LEGISLATE.

Rep. Peter Schmidt for Executive Departments and Administration. This bill requires the Governor to declare the second week of September of every year as Patriot Week. The sponsors anticipate that this will encourage appropriate activities to be included in all schools. While the committee recognizes the good intentions of the bill's sponsors, it does not see any significant need for, or benefit from, statutory intervention in this regard. We believe NH schools, students and citizens are already imbued with love for their state and country; and our towns and cities are, and should continue to be, the focal points of citizenship activities. Vote 14-2.

HB 1142, relative to employee compensation at certain hospitals. INEXPEDIENT TO LEGISLATE. Rep. J.R. Hoell for Executive Departments and Administration. The bill sought to limit the compensation of non-profit hospital CEOs to 100 times that of the lowest paid full-time employee. The testimony was about a prior non-profit hospital executive receiving over \$1 million, but that employee is no longer there and this is no longer the case. Concerns were raised by opponents of the bill that included that there were no appropriations for enforcement of the provision and that the definition sections was overly broad and even included "loans to be repaid." During the executive session, the committee felt that the government did not have any business regulating how much non-profits pay their employees. Furthermore, in 2012 the NH Attorney General's office funded a study on this particular issue: "Executive Compensation at New Hampshire's Non-Profit Hospitals." The New Hampshire Center for Public Policy Studies reviewed the New Hampshire's health care system and the finances of the state's hospitals and concluded, "The majority of non-profit hospitals in New Hampshire meet the IRS standards for executive compensation practices. Moreover, New Hampshire CEO compensation levels, on average, are roughly in line with those in other New England states." Vote 13-0.

HB 1167-FN, repealing the administrative procedure act. INEXPEDIENT TO LEGISLATE. Rep. John Sytek for Executive Departments and Administration. This bill would repeal the Administrative Procedure Act (RSA 541-A). At present, RSA 541-A specifies the process by which state agencies make rules that follow from and implement legislation. These rules are reviewed by the Joint Legislative Committee on Administrative Rules (JLCAR). JLCAR serves as a check and balance on executive actions, i.e. the agencies. Without RSA 541-A, there would not be guidance, restraint, or oversight on agency rulemaking. The consequence of such a repeal would have a devastating effect on the ability of state agencies to carry out the will of the legislature in rulemaking. Vote 12-0.

HB 1213-FN, repealing athletic trainer license requirements. **INEXPEDIENT TO LEGISLATE.** Rep. J.R. Hoell for Executive Departments and Administration. This bill would have repealed the licensing for athletic trainers. In order to be licensed, athletic trainers must have a four-year degree with a concentration in athletic training. The committee, with the agreement of the sponsor, determined that licensure should remain in place for these professionals. Vote 14-0.

HB 1226, relative to administration of pharmaceutical agents by optometrists. OUGHT TO PASS WITH AMENDMENT.

Rep. J.R. Hoell for Executive Departments and Administration. Currently optometrists are the only independently practicing licensed health professionals whose regulatory board does not fully control the list of medications they are allowed to prescribe. This bill completes the effort, started a number of years ago, of moving formulary decisions from a Joint Pharmaceutical Formulary and Credentialing Committee to the Board of Optometry. Because the Board of Optometry meets more often, it can make formulary decisions regarding new medications faster than current practice. The medicines that are involved are typically schedule III and schedule IV medications. The ophthalmologists objected to the bill as filed and worked with the optometrists on language upon which both parties agree. Vote 15-0.

Amendment (0136h)

Amend the bill by replacing sections 1 and 2 with the following:

1 Optometry; Definition; Pharmaceutical Agent. Amend RSA 327:1, III(j) and (k) to read as follows:

- (j) Non-steroidal anti-inflammatory agents approved pursuant to RSA 327:6-a, VI [and included in the formulary].
- (k) Anti-glaucoma agents [which are topically applied] provided that an optometrist may dispense or prescribe such agents if the optometrist has met the requirements of RSA 327:6-c.
- 2 Optometry; Authorization for Pharmaceutical Agents. Amend RSA 327:6-a, IV and V to read as follows:
- IV. Nothing in this section shall be construed to permit an optometrist to administer any pharmaceutical product by [intravenous] injection; or to administer, prescribe or dispense any pharmaceutical product designated as a [category] schedule I or schedule II controlled substance [defined by the United States Controlled Substances Act of 1970, as amended] under RSA 318-B:1-a; or to administer, prescribe or dispense any pharmaceutical product except for the diagnosis or treatment of disease or conditions of the human eye, adnexa or eyelids.

V. Notwithstanding any other provision of law, an optometrist who is certified to use pharmaceutical agents in the practice of optometry shall be permitted to administer diphenhydramine, epinephrine or an equivalent medication *administered by injection* to counter anaphylaxis or anaphylactic reaction. Amend the bill by inserting after section 5 the following and renumbering the original sections 6 and 7 to read as 7 and 8, respectively:

- 6 Treatment of Glaucoma; Topical Medical Therapy. Amend RSA 327:6-c, IV(b)(1) to read as follows:
- (1) The patient is experiencing documented progression of optic nerve damage or the patient develops documented and repeated progression of visual field loss on maximum tolerated *topical* medical therapy; or

HB 1245-FN, relative to petitions for adoption of rules under the administrative procedures act and incorporation of documents by reference. **OUGHT TO PASS WITH AMENDMENT**.

Rep. Peter Schmidt for Executive Departments and Administration. This bill is offered by the leadership of the Joint Legislative Committee on Administrative Rules (JLCAR) to address some procedural glitches in current regulatory language. As such, it is a housekeeping bill for the JLCAR to facilitate better communications between stakeholders and oversight boards. Vote 14-0.

Amendment (0194h)

Amend the bill by inserting after section 2 the following and renumbering the original section 3 to read as 4, respectively:

3 New Paragraph; Rulemaking; Exceptions; Department of Transportation. Amend RSA 541-A:21

by inserting after paragraph VIII the following new paragraph:

IX. Rules of the department of transportation relating to the state bridge aid program or the state highway aid program adopted under rulemaking authority of the commissioner of the department, shall be exempt from RSA 541-A:12, III and may incorporate by reference the department of transportation's Standard Specifications for Road and Bridge Construction, Highway Design Manual, and Bridge Design Manual without specifying a date or edition for the content incorporated, as provided in RSA 234:5, II and RSA 235:14, II.

AMENDED ANALYSIS

This bill allows boards, commissions, and groups which are petitioned to adopt rules under RSA 541-A to have 30 days after the next scheduled meeting to respond to the petition. The bill also allows certain documents prepared by third parties and certain manuals of the department of transportation to be incorporated by reference in administrative rules.

HB 1246-FN, relative to speech-language assistants. OUGHT TO PASS WITH AMENDMENT. Rep. Andrew Christie for Executive Departments and Administration. This bill was requested by the Board of Speech Language Pathologists and has the full support of both the board and the Department of Education. The bill, with the amendment, exempts individuals employed in public and private schools from licensure if they work under the direction and supervision of a licensed speech-language pathologist or a certified speech-language specialist. Vote 14-0.

Amendment (0290h)

Amend RSA 326-F:2, I(c) as inserted by section 1 of the bill by replacing it with the following:

(c) Individuals employed at a public school or nonpublic school approved by the department of education who do not act independently but work under the direction and supervision of a speech-language pathologist licensed under this chapter or a speech language specialist certified by the department of education.

HB 1255, designating May 19 as a Day of Compassion. INEXPEDIENT TO LEGISLATE.

Rep. Peter Hansen for Executive Departments and Administration. This bill would amend state law to require the Governor to proclaim May 19 as a Day of Compassion on an annual basis. The bill was intended to encourage teachers in the state to cultivate compassionate thinking and actions through programs such as assemblies, classroom exercises, or other age appropriate means. The committee was deeply impressed by the sponsor's concern for the wellbeing of our young people, her sincere intentions, and informative delivery of the potential affects passage of the bill would yield. The majority of the committee felt that while the merits of the idea were worthy, the subject matter could be best taught on a continuing basis by parents and through existing educational programs. Vote 13-1.

HB 1294, relative to exemptions from licensure as a massage therapist. OUGHT TO PASS WITH AMENDMENT.

Rep. J.R. Hoell for Executive Departments and Administration. Bowen Therapy uses very light touch to align the autonomous nervous system to allow the body to heal itself. The current statutes currently exempt polarity therapy and therapeutic touch from regulation under the massage theory statutes. This bill would just add this one additional therapeutic treatment to the list of exempt practices. No one showed up in opposition to the bill and the practitioners spoke about national standards that were already in place to oversee this technique. The committee saw no harm in removing this technique from regulation under the massage therapy practice act. Vote 16-0.

Amendment (0128h)

Amend the bill by replacing section 2 with the following:

2 Effective Date. This act shall take effect upon its passage.

HB 1357, relative to the duties of the department of cultural resources. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Jacalyn Cilley for Executive Departments and Administration. This bill, with the amendment, establishes the Division of Film and Digital Media within the Department of Cultural Resources. The mission of this division is to market and promote film, video and digital media production for the purpose of strengthening the cultural, educational and economic impact of media production in New Hampshire. The committee heard testimony that these media forms are becoming a more vibrant part of our economy and as such require resources dedicated to amplifying and enhancing the contributions of this sector. Support for this legislation is intended to recognize an important part of our economy. Vote 13-1.

Amendment (0288h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Subparagraph; General Functions of the Department of Cultural Resources. Amend RSA 21-K:2, II by inserting after subparagraph the following new subparagraph:

(e) Marketing and promotion of film and digital media for the purpose of strengthening the cultural, educational, and economic impact of media production in New Hampshire.

2 New Subdivision; Division of Film and Digital Media Established. Amend RSA 21-K by inserting after section 24 the following new subdivision:

Division of Film and Digital Media

21-K:25 Division of Film and Digital Media Established. There is hereby established within the department the division of film and digital media, which shall also be known as the state film office, under the supervision of an unclassified director of film and digital media, with the primary goal of marketing and promotion of film, video, and digital media production for the purpose of strengthening the cultural, educational, and economic impact of media production in New Hampshire.

3 Commissioner; Directors; Compensation. Amend RSA 21-K:3, II to read as follows:

II. The commissioner shall nominate each division director for appointment by the governor, with the consent of the council. Division directors shall serve for a term of 4 years. The directors of the divisions of arts, [and] historical resources, and film and digital media shall be qualified by reason of professional competence, education, and experience. The director of the division of libraries, who shall also be known as the state librarian, shall hold a master of library science degree from an accredited library school and shall have had at least 4 years' experience in a library in an administrative capacity. An accredited library school means an institution of higher education which is accredited by the American Library Association to grant a degree of master of library science.

4 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill establishes the division of film and digital media in the department of cultural resources.

HB 1424-FN, establishing an office of program evaluation and government accountability. INEX-PEDIENT TO LEGISLATE.

Rep. Steven Beaudoin for Executive Departments and Administration. This bill establishes a new state office under the direction of a joint legislative committee. The office would be responsible for evaluating state agencies and programs and, if the committee deemed necessary, local and county agencies and programs. In addition, the office would ensure that public funds provided to local county governments, and many other non-profits and quasi-municipal organizations, is spent for the designated purpose. The committee was unanimous in its feeling that, though well intentioned, the bill was too broad in scope and lacked a funding source. Further, the Audit Division of the Legislative Budget Assistant's Office is already set up to conduct performance audits and financial audits of state agencies and programs. Therefore, the committee felt that this bill was not necessary. Vote 16-0.

HB 1580-FN, removing the real estate commission from the office of professional licensure and certification. REFER FOR INTERIM STUDY.

Rep. John Sytek for Executive Departments and Administration. In the last legislative session, the boards that regulate the various professions licensed by the state of NH were brought under the Office of Professional Licensing and Certification (OPLC). The Real Estate Commission was one of the agencies included in this consolidation. There was a great deal of conflicting testimony on this bill. Some boards, previously under the Joint Board (the immediate predecessor the OPLC), were satisfied with the new arrangement. The Real Estate Commission was not. Were we witnessing growing pains or a fundamental incompatibility? A performance audit of the Real Estate Commission has been scheduled. The committee decided to wait for the results of the audit and is recommending Refer for Interim Study as a means for the committee to monitor the situation. Vote 16-0.

HB 1588, relative to employment restrictions on former executive branch commissioners, and repealing certain prohibitions on employment of state employees. OUGHT TO PASS WITH AMENDMENT. Rep. J.R. Hoell for Executive Departments and Administration. The bill, with the amendment, removes two current prohibitions that are in statute regarding employment after working as a state employee. These prohibitions apply to certain employees in two state agencies. The current statutes are overly restrictive and would prohibit a large office supply firm, [hypothetically Staples] from selling paper to the state if any "commissioner, deputy commissioner, financial data manager, accounting director, or director of procurement and support services of the department" decided to even work in one of their retail locations as a clerk. The penalties for the firms that hire these higher-level employees is loss of business for 5 years with the state. Testimony was given that positions were hard to fill given these "non-compete" requirements, even if the new job had no conflict of interest. The committee was very sensitive to the public perception of a revolving door policy and the chairman has called for a study of the current prohibitions regarding future employment after working for the state. That study will take place over the summer. There is already another general prohibition in place in regarding future employment under RSA 21-G:26 that prohibits for a period of 6 months any executive branch official from directly lobbying the state on behalf of a client. The bill leaves this general prohibition untouched. Vote 13-0.

Amendment (0569h)

Amend the title of the bill by replacing it with the following:

AN ACT repealing certain prohibitions on employment of state employees.

Amend the bill by deleting section 1 and renumbering the original sections 2 and 3 to read as 1 and 2:

AMENDED ANALYSIS

The bill repeals provisions on future employment by former employees of the lottery commission and the department of administrative services.

HCR 11, encouraging and commending the governor and council to open meetings of the council with an opening prayer. INEXPEDIENT TO LEGISLATE.

Rep. Peter Schmidt for Executive Departments and Administration. This House Concurrent Resolution seeks to encourage an opening prayer at Governor and Council meetings. It elicited articulate and principled testimony in opposition as to its basis, purpose, premise and language. The committee believes the Governor and Council need no guidance from the House as to its practices, nor would they likely welcome our oversight. Vote 14-1.

HB 218-FN, relative to third grade proficiency in mathematics. INEXPEDIENT TO LEGISLATE. Rep. Joseph Pitre for Finance. This bill would amend RSA 198:40-a, II-a for an additional \$675 (adjusted to the consumer price index in subsequent years, \$710.71 for FY2018) for each third grade pupil in the public school's ADMA in the determination year who has not tested at the proficient level or above in the mathematics component of the state assessment and who is not eligible to receive special education, English as a second language, or free or reduced-price meal program funds in the determination year. This would increase FY 2018 Adequate Education Grants based on FY 2017 preliminary data to an estimated additional cost of \$309,471. The committee felt that this affected only a small part of the student population at each school within districts and could be corrected with targeted differentiated instruction. The number of students in this category was distributed quite evenly with zero to ten affected students in each district with a comparable distribution among larger school populations. The committee believes the additional benefit from this formula change was not worth the cost. Vote 24-1.

HB 231, relative to the criteria for evaluating school building aid applications. OUGHT TO PASS. Rep. Kenneth Weyler for Finance. This bill adds to the criteria for scoring requests for school building aid. In response to the present circumstances of declining enrollments, some districts are consolidating their buildings. This creates savings for operations and hopefully lower property taxes. It also credits any safety projects that the district already paid for with some points. The bill came to the Finance Committee to ensure that passing the bill did not reopen the budget, or obligate money in violation of the moratorium on building aid. With that reassurance we are in favor of the bill. Vote 25-0.

HB 549-FN-A-L, relative to school building aid grants. INEXPEDIENT TO LEGISLATE.

Rep. Kenneth Weyler for Finance. The concept of school building aid was vital to our state in past decades when growing student populations put great pressure on communities to add new school buildings. Most of this past decade has seen significant declines in enrollment. Therefore, the legislature saw less urgency in this part of the budget versus some others. We have had a moratorium on school building aid. Since the state is paying portions of school building bonds that were passed with 20-year payments, we are still obligated well into the future. These collective shares peaked at \$50 million in our budget and then began to decline as older bonds were paid off. In the present budget, the House position was to sustain the level at \$50 million, but with bond maturities, we would have had \$8 million to spare in FY16, and \$13 million in FY17. This scheme did not survive the committee of conference, where money was reduced to bond payments only. This bill proposes to restore the House position but reduces all the previously agreed state portions, which ranged from 30% to 60%, to 25% to 55%, so each of the five categories is reduced by 5%. Although the committee appreciates the effort, the changing priorities in our budgeting have brought competing issues to more prominence, and we are not ready to bring school building aid back. Vote 25-0.

HB 585-FN-A, (New Title) relative to penalty assessments. INEXPEDIENT TO LEGISLATE. Rep. Peter Leishman for Finance. The bill provides a funding source for several very worthy programs. However, the majority could not support placing penalty assessments on administrative fines imposed by the NH Liquor Commission on license holders as a source of funding. The bill contains no appeal process to challenge the proposed 24 percent penalty assessment or the fiscal impact to collect the proposed penalty assessment. Allowing the Liquor Commission or any other state agency or commission to assess penalties without a right of judicial oversight is inequitable. Vote 25-0.

HB 1215-FN-A, changing the allocation of penalty assessment funds, establishing a compensation fund for victims of crimes against the person, and continually appropriating a percentage of penalty assessments to such fund. INEXPEDIENT TO LEGISLATE.

Rep. Daniel Eaton for Finance. While well intended, HB 1215 would have significant unintended consequences. The bill would reallocate the part of the penalty assessment fund that supports the Police Standards and Training Council. NH law requires all law enforcement to attend the academy and be certified. Without the penalty assessment money, the academy would cease to exist, placing officers and their communities in violation of state law. The sponsor wanted the money to fund victims of crime. If police have no ability to meet the state training mandate, there would be no one to certify that a crime had occurred thereby leaving victims doubly victimized. Vote 25-0.

HB 1228-FN-A, requiring the payment of an amount paid to redeem real property and making an appropriation therefor. **INEXPEDIENT TO LEGISLATE**.

Rep. Robert Walsh for Finance. The members of the committee felt that the legislature was not the agency for appealing for the recovery of monies or property taken in 1993. Rather, it should have been handled as a legal matter requiring the services of an attorney and seeking remedies through the judicial system. This bill requires that the monies be paid from performance bonds held by the state, which is not allowed under state law. Vote 24-0.

HB 1447-FN, relative to child support paid through the department of health and human services. INEXPEDIENT TO LEGISLATE.

Rep. Betsy McKinney for Finance. This was a bill that addressed a citizen's request for better information regarding support payments. However, the Department of Health and Human Services has already taken steps to fix the problem and will have a new system in July that should be up, running and available for use by August or September making this bill unnecessary. Vote 25-0.

HB 1592-FN, relative to the health care premium contribution for retired state employees who are over 65 years of age, relative to funding of retiree health benefits, and making an appropriation to the department of administrative services. INEXPEDIENT TO LEGISLATE.

Rep. Lynne Ober for Finance. This bill was a companion bill that was intended to introduce additional options for the Department of Administrative Services in the management of the NH state retirement health benefits. After exploring the details of the option and the insufficient time for implementation, the prime sponsor requested the bill be voted Inexpedient to Legislate. Vote 25-0.

HJR 4-FN-A, recognizing the failure of the clerk of the supreme court to process a notice of errors and requiring payment of certain money to Joseph Haas. **INEXPEDIENT TO LEGISLATE**.

Rep. David Danielson for Finance. Citing RSA 93-B this resolution seeks a payment of \$42,500 plus 5% annual interest to Mr. Joseph Haas for a reported loss attributed to non-performance of a supreme court clerk's performance in FY 1994. After hearing testimony and considering the response of the Judicial Branch, citing RSA 93-B:1-a, that the bond coverage provided by the Department of Administrative Services provides coverage to the state and not individuals, and learning that a suit would have to be brought against the state for recovery, and learning that since the loss is over 20 years old, it would be time barred, the committee voted Inexpedient to Legislate. Vote 24-0.

HJR 5-FN-A, making a payment to Joseph Haas for compensation for unlawful incarceration. INEXPEDIENT TO LEGISLATE.

Rep. Peter Spanos for Finance. This bill was filed on behalf of one individual for an action that occurred in Grafton County jail in 1984. The bill requests monetary damages to be paid from the performance bond of the superior court judge and clerk. State law prohibits paying damages from any performance bond to any individual, making it impossible to implement this bill. Vote 24-0.

HJR 6-FN-A, making a payment to compensate Edward Brown for an illegal action. INEXPEDIENT TO LEGISLATE.

Rep. David Danielson for Finance. Citing RSA 93-B this resolution seeks a payment of \$150 to Mr. Edward Brown for a claim of alleged theft of filing fee. This payment would come from a performance bond maintained by the Department of Administrative Services. After considering testimony and comments from the Judicial Branch, it was determined that the bond is maintained by the Department of Administrative Services and that the coverage is for losses to the state, not

to individual citizens. Therefore, the bond is not available for payment to any individual or entity other than the state. The individual would have to bring suit against the state for recovery of the alleged loss. Without such a suit, the Judicial Branch stated, there could be no fiscal resolution to this claim. Vote 24-0.

SB 155-FN-A, establishing the Financial Resources Mortgage (FRM) victims' contribution recovery fund for victims of the FRM fraud and continually appropriating a special fund. OUGHT TO PASS WITH AMENDMENT.

Rep. Peter Spanos for Finance. This bill establishes a process for restitution assistance for victims of the Financial Resources Mortgage (FRM) fraud. The committee amendment will set up a fund for the first six years for donations for the victims of the FRM scandal and the bankruptcy. After six years this fund will be sunset, but if future donations are received, they will be added to the Victims Assistance Fund and distributed to FRM victims who have applied. This requires no state dollars, as a private administrator will administer and distribute funds according to the provisions of this bill. The private administrator will receive no more than 10 percent of the private donations as remuneration. Vote 23-2.

Amendment (0440h)

Amend the bill by replacing all after section 1 with the following:

2 New Chapter; FRM Victims' Contribution Recovery Fund. Amend RSA by inserting after chapter 359-O the following new chapter:

CHAPTER 359-P FRM VICTIMS' CONTRIBUTION RECOVERY FUND

359-P:1 Definitions. In this chapter:

- I. "Claimant" means a person who is a victim of the Financial Resources Mortgage fraud and who has filed a complete application for recovery assistance under this chapter.
 - II. "Director" means the director of charitable trusts, department of justice.
- III. "Financial Resources Mortgage" means Financial Resources Mortgage, Inc., C L and M, Inc., and any predecessor, successor, or affiliated entities, and any entities established by, through, or with Scott Farah or Donald Dodge, through which moneys of Financial Resources Mortgage, Inc., C L and M, Inc., and any predecessor, successor, or affiliated entities passed.
- IV. "Financial Resources Mortgage fraud" means fraudulent acts committed by Financial Resources Mortgage or its principals where loans brokered by or serviced by Financial Resources Mortgage.
 - V. "Fund" means the FRM victims' contribution recovery fund established in RSA 359-P:2.
- VI. "Person" means an individual, corporation, partnership, association, joint stock company, unincorporated organization, or any other entity.
- VII. "Qualifying claimant" means a person who suffered financial losses as a result of the Financial Resources Mortgage fraud and is a claimant eligible for recovery assistance under this chapter. Qualifying claimant shall not include a borrower under any loan transaction borrowed or serviced by Financial Resources Mortgage.
- VIII. "Recovery assistance" means payments from the fund to persons who suffered financial losses as a result of the Financial Resources Mortgage fraud.
- IX. "Victim" means a person who suffered monetary injury as a result of the Financial Resources Mortgage fraud.
 - 359-P:2 FRM Victims' Contribution Recovery Fund Established.
- I. There is hereby established the FRM victims' contribution recovery fund. The fund shall be nonlapsing and continually appropriated to the director. The fund shall be capped at \$10,000,000 and shall consist of gifts and contributions of any kind.
 - II. The fund shall be used for awarding recovery assistance pursuant to this chapter.
- III. The total amount in the fund less costs of administration shall be distributed on a pro rata basis to qualifying claimants annually on December 31 until all such claims are satisfied.
 - 359-P:3 Eligibility for Recovery Assistance.
- I. Except as otherwise provided in this chapter, a claimant shall be eligible for recovery assistance at the rate of 50 cents on each dollar lost by the claimant under this chapter if the claimant:
 - (a) Submits all supplemental documents as requested by the attorney or administrator.
 - (b) Can demonstrate loss due to the Financial Resources Mortgage fraud.
 - (c) Meets all other requirements of this chapter.

settlement.

II. In addition to a qualifying claimant and except as otherwise provided in this chapter, a surviving spouse or surviving child of a qualifying claimant shall be eligible for recovery assistance under this chapter.

359-P:4 Attorney/Administrator. The director shall hire/appoint a private attorney or administrator who shall collect gifts and contributions, review applications for assistance submitted pursuant to this chapter, make awards of assistance in accordance with the procedures of this chapter, and report annually to the director commencing on February 1, 2017 and each February 1 thereafter. The director shall negotiate the attorney's or administrator's compensation which in any calendar year shall be no more than 10 percent of any private sector contributions received in that calendar year.

359-P:5 Recovery Assistance.	is received in that calculat year.

II. The complete application shall be received not more than 180 days after the effective date of this section. An extension of time may be granted for good cause shown by the claimant. However, an application that is received more than 270 days after the effective date of this section shall not be accepted. The attorney or administrator shall send a notice regarding the process for recovery under this chapter to the last known address of potential claimants.

III. All applications filed in compliance with this chapter shall be accepted. Processing of an application shall begin upon receipt of a complete application. All applications shall be reviewed by the attorney or administrator to ensure that the applications are complete. If an application is not complete, it shall be returned to the claimant with a brief statement of the additional information required. The application shall be denied if the applicant does not furnish additional information or additional time is not granted for good cause. Once an application is accepted as complete, the applicant shall be so notified.

IV. The attorney or administrator shall determine the amount of loss of original investments, if any, of each claimant and the pro rata share to be distributed to a claim demonstrating loss.

V. Recovery assistance shall be limited to 50 cents on each dollar lost on the amount of the claimant's original investment.

VI. The attorney or administrator may consider individual claims filed by persons owning a joint interest that was subject to loss due to the Financial Resources Mortgage fraud, but any recovery awarded shall only be to the extent of each individual claimant's original investment.

359-P:6 Awards Under This Chapter Set Off Against Any Other Recovery.

I. The amount of any award made under this chapter shall be set off against any other recovery sources, including, but not limited to awards from private suits, arbitration, bankruptcy court awards or settlements, or other sources of recovery.

II. In the event a qualifying claimant receives an award from a recovery source listed in paragraph I subsequent to the filing of a claim under this chapter, the claimant shall immediately notify the attorney or administrator of the award. The attorney or administrator shall then modify the claimant's award and pro rata share by offsetting such award against the claimant's award under this chapter.

- 359-P:7 Recovery Assistance Prohibited. Recovery assistance shall not be awarded if the attorney or administrator for the attorney or administrator determines the claimant:
- I. Sustained the monetary injury as a result of participating or assisting in or attempting to commit or committing financial fraud with Financial Resources Mortgage; or
- II. Profited or would have profited from the financial fraud of Financial Resources Mortgage. 359-P:8 Award Not Subject to Other Processes. An award made under this chapter shall not be subject to execution, attachment, garnishment, or other process. A claimant convicted of forgery, fraud, or deception in connection with a claim under this chapter shall forfeit an award paid to the claimant under this chapter.
- 359-P:9 Liability of State. The state shall be under no obligation or liability under this chapter except to make payments to claimants to whom the recovery fund attorney or administrator has made awards of assistance, but only to the extent there is money available in the fund.
- 359-P:10 Claims Prior to January 1, 2006. Claims for restitution assistance shall not be accepted for any losses that occurred prior to January 1, 2006 due to financial fraud.
- 3 New Subparagraph; FRM Victims Contribution Recovery Fund. Amend RSA 6:12, I(b) by inserting after subparagraph (331) the following new subparagraph:
- (332) Moneys deposited under the FRM victims' contribution recovery fund, established in RSA 359-P:2.
- 4 Victim's Assistance Account; Department of Justice; FRM Victims Added. Amend RSA 21-M:8-h, I(a)(4) to read as follows:
- (4) Any person who is a victim of human trafficking and has been tattooed with an identifying mark of human trafficking by a person who has forced him or her into trafficking;
 - (5) Victims of the FRM fraud.
- 5 Applicability. Upon repeal of the FRM victims' contribution recovery fund, established in RSA 359-P:2, on July 1, 2023, any remaining moneys in such fund shall be deposited in the victim's assistance account established in RSA 21-M:8-g and shall be used to compensate any remaining victims of the FRM fraud.
 - 6 Repeal. The following are repealed:
- I. RSA 359-P, relative to a recovery fund for victims of the Financial Resources Mortgage (FRM) fraud.
 - II. RSA 6:12, I(b)(332), relative to the FRM victims' contribution recovery fund.
 - 7 Effective Date.
 - I. Sections 4 through 6 of this act shall take effect July 1, 2023.
 - II. The remainder of this act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill establishes a process for restitution assistance for victims of the Financial Resources Mortgage (FRM) fraud. Under this bill, the director of charitable trusts shall hire or appoint an attorney or administrator to review applications for and make restitution assistance to victims from the FRM victims' contribution recovery fund.

HB 1100, relative to licensure of guides by the fish and game department. **INEXPEDIENT TO LEGISLATE.**

Rep. Douglas Long for Fish and Game and Marine Resources. After testimony, the committee felt that licensed guides need to be held to a higher standard of safety and responsibility, with appropriate repercussions for failing in this regard. This bill would weaken this standard. The Department of Fish and Game opposes the bill. Vote 13-0.

HB 1106, relative to days on which fishing is permitted without a license. INEXPEDIENT TO LEGISLATE.

Rep. Ivy Vann for Fish and Game and Marine Resources. The committee is in favor of another bill (HB 1286) that it has heard on the same subject, which the committee believes is more effective. Vote 11-0.

HB 1136, authorizing the fish and game department to grant awards for solutions to reducing the Asian shore crab and European green crab populations. **INEXPEDIENT TO LEGISLATE.**Rep. Ivy Vann for Fish and Game and Marine Resources. The committee voted to oppose the bill because

no mechanism for raising the money for the awards was provided. Additionally, the Department of Fish and Game can already entertain proposed solutions for crab control from citizens. Vote 13-0.

HB 1176, relative to nomination and qualification of fish and game commissioners. REFER FOR INTERIM STUDY.

Rep. Jonathan Manley for Fish and Game and Marine Resources. This bill needs more study and is not yet ready to become a law. Vote 12-0.

HB 1177, relative to permission required for baiting for game on the property of another. INEX-PEDIENT TO LEGISLATE.

Rep. Jonathan Manley for Fish and Game and Marine Resources. This bill removes the requirement that a person, before baiting for game on the property of another, must first file with the local conservation officer the written permission granted by the property owner and a map showing the bait site. All testimony received by the committee on this bill was in opposition, including that of the sponsor. Vote 13-0.

HB 1191, establishing an exotic game license for hunting in a game preserve. INEXPEDIENT TO LEGISLATE.

Rep. James Spillane for Fish and Game and Marine Resources. This bill was targeting one specific organization in the state, and the exotic animals are private property exactly like farm animals. Asking someone to pay the state for a license to kill private property is a violation of private property rights. Vote 11-2.

HB 1267, relative to the family hike safe card for fish and game search and recovery expenses. **OUGHT TO PASS**.

Rep. Ivy Vann for Fish and Game and Marine Resources. This bill changes the definition of family to include dependent adults for the purpose of coverage under a family hike safe card. Such individuals should enjoy the benefits of a hike safe card since they are members of the family. Vote 11-0.

HB 1268, relative to liability for payment of expenses of search and rescue recovery by the fish and game department. **OUGHT TO PASS.**

Rep. James Spillane for Fish and Game and Marine Resources. This bill gives further clarification to the situations in which the Department of Fish and Game can recover expenses from individuals for rescue operations by strengthening the ability to seek restitution in the courts from those who acted recklessly. Vote 11-0.

HB 1286, relative to days when fishing without a license is permitted. OUGHT TO PASS.

Rep. James Spillane for Fish and Game and Marine Resources. This bill allows the Department of Fish and Game to add an extra promotional day of fishing in a calendar year when no license is required. The extra day chosen may be in the winter so people would get a chance to experience ice fishing. Hopefully, this will get more people interested in fishing. Vote 11-0.

HB 1383, repealing the penalty for carrying away seaweed at night. INEXPEDIENT TO LEGISLATE. Rep. Jonathan Manley for Fish and Game and Marine Resources. The law that this bill seeks to repeal is a needed protection for live seaweed. With words such as "below high water mark" and "harvest," it is clear the law covers live plants that should have this restriction. With only 18 miles of shoreline, New Hampshire could quickly be depleted of this natural resource by unregulated activity. Vote 13-0.

HB 1388-FN, expanding crossbow use into muzzeloader season. OUGHT TO PASS.

Rep. James Spillane for Fish and Game and Marine Resources. This bill allows a person who has purchased a muzzleloader license to hunt deer with a crossbow. This will generate revenue for the Department of Fish and Game and also allow for better deer management in the troubled compact areas where muzzleloaders cannot be discharged. Vote 12-1.

HB 1519, relative to the season for taking bear using dogs set by the executive director of fish and game. **INEXPEDIENT TO LEGISLATE.**

Rep. Douglas Long for Fish and Game and Marine Resources. The sponsor was able to work out a resolution with the Department of Fish and Game concerning the issue addressed by the bill, and so the bill is no longer necessary in the opinion of the sponsor and the committee. Vote 13-0.

HB 1124, relative to the membership of the occupational therapy governing board and relative to equipment used in respiratory care practice. OUGHT TO PASS WITH AMENDMENT.

Rep. Lucy Weber for Health, Human Services and Elderly Affairs. This bill originally had two parts; the first part made a change in the membership of the occupational therapy governing board and the second part addressed requirements surrounding the delivery and installation of respiratory care equipment. The testimony on the second part of the bill raised more questions than it answered, so the amendment removed the second part of the bill. As amended, the bill simply omits the requirement of a physician on the board governing occupational therapy, and adds one more occupational therapist to the board. The physician member is not needed because occupational therapists are not supervised by physicians, and it has been difficult to fill this position. Vote 17-0.

Amendment (0623h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the membership of the occupational therapy governing board.

Amend the bill by deleting section 2 and renumbering the original section 3 to read as 2.

AMENDED ANALYSIS

This bill removes the requirement that a physician be appointed to the occupational therapy governing board.

HB 1138, relative to access to investigational drugs, biological products, and devices. OUGHT TO PASS WITH AMENDMENT.

Rep. John Fothergill for Health, Human Services and Elderly Affairs. This bill establishes the Terminal Patient's Right to Try Act which allows a patient with a terminal illness access to investigational drugs, biological products and devices. The committee felt strongly that terminal patients deserve this option. The bill protects the rights of all involved. Similar bills have been enacted in other states. Vote 15-0.

Amendment (0645h)

Amend RSA 126-Z:1, III as inserted by section 2 of the bill by replacing it with the following:

III. "Physician" means the licensed physician who is providing medical care or treatment to the eligible patient for the terminal illness.

Amend RSA 126-Z:4 as inserted by section 2 of the bill by replacing it with the following:

126-Z:4 Private Cause of Action. Nothing in this chapter shall be construed to create a private cause of action against a manufacturer of an investigational drug, biological product, or device or against any other person or entity involved in the care of an eligible patient using the investigational drug, biological product, or device for any harm done to the eligible patient resulting from the investigational drug, biological product, or device, if the manufacturer or other person or entity is complying in good faith with the terms of this chapter and has exercised reasonable care.

126-Z:5 Severability. If any provision of this chapter, or the application thereof to any person or circumstance is held invalid, the invalidity does not affect the other provisions or applications of the chapter which can be given effect without the invalid provisions or applications and to this end the provisions of this chapter are severable.

HB 1209, relative to consultations under the telemedicine law. INEXPEDIENT TO LEGISLATE. Rep. Mary Freitas for Health, Human Services and Elderly Affairs. The law currently requires a face-to-face connection between practitioners and patient in telemedicine. This bill would remove the face-to-face requirement, services being provided via telephone only. The committee believes that current practices already provide a telephone level of service to patients. Vote 18-0.

HB 1210, relative to prescriptions for controlled drugs by telemedicine. OUGHT TO PASS. Rep. James MacKay for Health, Human Services and Elderly Affairs. This legislation extends the use of telemedicine care. It provides for a prescriber to continue the treatment of an established patient after the patient moves, for example, telemedicine allows the provider to monitor, prescribe and plan for follow-up care. For example, an established patient who moves to attend college can continue their care with their provider. This includes individuals who are receiving care at a community mental health center, or those in an opioid treatment center. Vote 18-0.

HB 1256, requiring the attorney general to prepare an inventory of all untested rape kits. INEX-PEDIENT TO LEGISLATE.

Rep. John Fothergill for Health, Human Services and Elderly Affairs. This bill would require the NH Attorney General's office to inventory all collected, but untested rape kits. Extensive testimony revealed that the state forensic lab does a great job with processing rape kits and has no significant backlog. It was also pointed out that the New Hampshire Coalition Against Domestic and Sexual Violence monitors all collected rape test kits and, therefore, the bill is not needed. Vote 15-0.

HB 1269, extending the New Hampshire health care quality assurance commission. OUGHT TO PASS WITH AMENDMENT.

Rep. Lucy Weber for Health, Human Services and Elderly Affairs. This bill, as amended, adds a second public member to the commission, and extends the term of the commission to 2021. The commission performs a vital function, as it provides a forum for health care institutions to discuss and share information about safety issues and best practices. This contribution to patient safety and quality of care is valuable and should be extended. Vote 17-0.

Amendment (0093h)

Amend the title of the bill by replacing it with the following:

AN ACT extending the New Hampshire health care quality assurance commission and relative to the membership of the commission.

Amend the bill by inserting after section 1 the following and renumbering the original section 2 to read as 3, respectively:

Amend RSA 151-G:1, II(e) to read as follows:

(e) [One member-at-large] Two members-at-large, appointed by the governor.

AMENDED ANALYSIS

This bill extends the New Hampshire health care quality assurance commission until July 1, 2021. This bill also clarifies the membership of the commission.

HB 1273, requiring a medical care provider to inform a woman who is discovered to have dense breast tissue. INEXPEDIENT TO LEGISLATE.

Rep. John Fothergill for Health, Human Services and Elderly Affairs. This bill requires health care providers performing mammography testing to send a notice to women who have dense breast tissue containing information about breast density. The committee heard from a radiologist explaining the reports presently being provided to every person who has a mammogram. These reports were found to be detailed and adding further requirements unnecessary. Vote 18-0.

HB 1285, relative to the donation of food that has passed its expiration date. OUGHT TO PASS WITH AMENDMENT.

Rep. Kendall Snow for Health, Human Services and Elderly Affairs. This bill extends the hold harmless protection for donors of food products from criminal penalties and civil damages to include food used for animal feed, or composting unless damage is caused by gross negligence, recklessness, or intentional misconduct. Vote 15-2.

Amendment (0091h)

Amend RSA 508:15, I(b) as inserted by section 1 of the bill by replacing it with the following:

(b) "Food" means any raw, cooked or processed edible substance, ice, beverage or ingredient used or intended for use or for sale in whole or in part for human consumption or for feeding of animals. "Food" also means food items open-dated for which the date has passed.

Amend RSA 508:15. II as inserted by section 2 of the bill by replacing it with the following:

II. The good faith donor of any food to a needy individual or individuals or to a bona fide charitable or non-profit organization for distribution or serving by such organization without charge or at a charge sufficient only to cover the cost of handling and administering such food and the distribution thereof, or to a person for uses such as animal feed or composting, shall not be subject to criminal penalty or civil damages arising from the condition of the food, unless an injury is caused by the gross negligence, recklessness, or intentional misconduct of the donor; provided, however, that at the time of donation such food is not knowingly misbranded and is not adulterated and has not been manufactured, processed, prepared, handled or stored in violation of applicable rules of the department of health and human services, or unless an injury is caused by the gross negligence, recklessness or intentional conduct of the donor.

HB 1309, adding post-traumatic stress disorder to qualifying medical conditions under therapeutic use of cannabis. **INEXPEDIENT TO LEGISLATE.**

Rep. Joanne Ward for Health, Human Services and Elderly Affairs. This bill adds post-traumatic stress disorder to the qualifying medical conditions under therapeutic use of cannabis. The committee believes that changes should not be made prior to the implementation of the medical marijuana law prior to its complete rollout. This is not to disagree that our veterans suffering from post-traumatic stress disorder would benefit from this inclusion. However, it was also believed that many with substance abuse co-existing conditions may not benefit. The committee believes that it is too soon to be making any changes. Vote 16-0.

HB 1324, relative to membership of the oversight committee on health and human services. INEXPEDIENT TO LEGISLATE.

Rep. James MacKay for Health, Human Services and Elderly Affairs. The Oversight Committee on Health and Human Services is a long-standing joint committee of the House and Senate. The House and Senate members are appointed from the health policy committees. In addition, the committee membership was extended to include a member of the House Finance Committee as significant health legislation is often referred to the Finance Committee. The committee feels the present membership is appropriate to carry out the responsibilities assigned to the committee. Vote 18-0.

HB 1394, requiring the department of health and human services to report on the effectiveness of mental health treatment programs. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Donald LeBrun for Health, Human Services and Elderly Affairs. This bill requires the department of health and human services to make an annual report on the effectiveness of mental health treatment programs. As amended, this bill prevents funds for services from lapsing and thus being unused from year to year. This will allow the appropriation to proceed forward for Developmental Services. The bill extends the nonlapsing of appropriations through June 30, 2017, thus providing time to effectively analyze effectiveness of the programs. Vote 15-0.

Amendment (0693h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the appropriation for developmental services.

Amend the bill by replacing all after the enacting clause with the following:

1 Health and Human Services; Developmental Services Appropriations. Amend 2015, 275:1, accounting unit 05-95-93-930010-7100 by inserting a class note immediately following such accounting unit as follows:

CLASS NOTE

557 F. This appropriation shall not lapse until June 30, 2017.

2 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill clarifies the appropriation for developmental services contained in the 2016-2017 operating budget.

HB 1406, establishing a commission to study the termination of Medicaid benefits when a person enters certain state institutions or county correctional facilities. REFER FOR INTERIM STUDY. Rep. Thomas Sherman for Health, Human Services and Elderly Affairs. The committee supports the sponsor's concerns about this complex issue. We are assured by the NH Department of Health and Human Services that conversion from termination of benefits to suspension of benefits with incarceration is progressing well towards resolution. Vote 17-0.

HB 1423-FN, relative to rulemaking for prescribing controlled drugs. OUGHT TO PASS WITH AMENDMENT.

Rep. Lucy Weber for Health, Human Services and Elderly Affairs. The bill, as amended, sets out a timetable for rulemaking about the prescription of controlled drugs and sets out detailed requirements as to the many issues that the proposed rules must address. The major provisions of the bill apply to six boards: medicine, dental exams, nursing, optometry, podiatry and naturopathy. The intent is to specify what issues each board must address, but to let each board adopt standards which are appropriate to their areas of practice. Areas to be included in rulemaking are the

taking of medical history, patient examiners, risk assessment documentation of treatment plans, querying the prescription and drug monitoring program database. The requirements recognize the differing approaches needed for treatment of acute pain and chronic pain. Specific attention is given to requirements for prescription in emergency rooms, urgent care settings and walk in clinics. A separate section of the bill requires the board of veterinary medicine to propose rules for the prescription of opioids for use of treatment of pain in animals, and measures to be taken to ensure medicine prescribed is not being diverted. Vote 16-0.

Amendment (0872h)

Amend the bill by replacing section 1 with the following:

1 New Section; Rulemaking for Prescribing Controlled Drugs; Controlled Drug Prescription Health and Safety Program. Amend RSA 318-B by inserting after section 40 the following new section:

318-B:41 Rulemaking for Prescribing Controlled Drugs.

- I.(a) Before September 1, 2016, the following boards shall submit to the joint legislative committee on administrative rules final proposed rules for prescribing schedule II, III, and IV opioids, for the management or treatment of pain:
 - (1) The board of medicine, concerning physicians and physician assistants.

(2) The board of dental examiners, concerning dentists.

- (3) The board of nursing, concerning advanced practice registered nurses.
- (4) The board of registration in optometry, concerning optometrists.
- (5) The board of registration in podiatry, concerning podiatrists.
- (6) The naturopathic board of examiners, concerning naturopaths.
- (b) The rules required under paragraph I shall, at a minimum, contain mandatory standards for the practice components established in paragraph II.
- II. The rules shall, at a minimum, contain mandatory standards for the following practice components:
 - (a) Standards for the use of opioids for the management or treatment of all pain:
- (1) Conducting and documenting a detailed history and a physical exam in response to a complaint of pain or anticipated pain.
- (2) Completing a board-approved risk assessment tool to determine whether a patient is an appropriate candidate for a schedule II, III, or IV opioid.
- (3) Establishing and documenting an appropriate pain treatment plan that includes consideration of nonpharmacological modalities and non-opioid therapy.
- (4)(A) Querying the program database when writing an initial schedule II, III, or IV opioid prescription for the management or treatment of a patient's pain and then periodically, at least twice a year. Such rules shall include exceptions for:
 - (i) Controlled substances administered to a patient in a health care setting;
- (ii) The program is inaccessible or not functioning properly, due to an internal or external electronic issue; or
- (iii) An emergency department is experiencing a higher than normal patient volume, and to query the program database would materially delay care.
- (B) When a situation falling under exception (A)(ii) or (iii) is applicable, such exception shall be documented in the patient's medical record.
 - (5) Establishing procedures for informed consent outlining the risks and benefits of opioid use.
- (6) Requiring the lowest effective dosage for the fewest number of days with specific dose limits be prescribed for a medical condition or specialty.
- (7) Providing for the enforcement of the prescribing rules by specifying that noncompliance with the rules may constitute unprofessional conduct under the board's practice act.
 - (b) Standards for the use of opioids for the management or treatment of acute pain:
- (1) Limiting the amount of days for an opioid prescription issued in an emergency department, urgent care setting, or walk-in clinic. This specific duration limit shall be set by each board no later than August 1, 2016 taking into consideration the recommendation from a majority vote of a policy group consisting of the chief medical officer of the department of health and human services, a physician designated by the New Hampshire chapter of the American College of Emergency Physicians, a physician designated by the New Hampshire Hospital Association, an advanced practice registered nurse designated by the New Hampshire Nurse Practitioner Association, a physician or advanced practice registered nurse designated

by the governor, a board certified surgeon, designated by the New Hampshire Medical Society, and an oral surgeon, designated by the New Hampshire Dental Society. Five members of the policy group shall constitute a quorum. All policy group meetings shall be open to the public and noticed in the house and senate calendars.

- (2) In settings where continuity of care is anticipated, each board shall establish finite limits considering dose and duration of opioid prescriptions for treatment of acute pain and appropriate timing of office follow up for persistent, unresolved acute pain.
 - (c) Standards for the use of opioids for the management or treatment of chronic pain:
- (1) Mandatory use of written treatment agreements, such as the agreement developed by the American Academy of Pain Medicine. Treatment agreements shall include conduct that triggers the discontinuation or tapering of opioid prescriptions.
- (2) Establishing a requirement for periodic review conducted at reasonable intervals to reevaluate treatment plans and use of opioids.
- (3) Establishing a procedure for, and documenting consideration of, consultation with, or referral to a specialist for patients receiving a high morphine equivalent dose for longer than 90 days.
- (4) Creating exemptions to the prescribing rules for situations in which an opioid is being prescribed for the management of chronic pain for:
 - (A) Patients with cancer pain;
 - (B) Patients with a terminal condition;
 - (C) Long-term, nonrehabilitative, residents of a nursing home facility.
- III. Before September 1, 2016, the board of veterinary medicine shall submit to the joint legislative committee on administrative rules final proposed rules for prescribing schedule II, III, and IV opioids by veterinarians for the management or treatment of pain. For the practice components set forth in paragraph IV, the term "patient" refers to the animal being prescribed opioids for the management or treatment of pain, and the term "owner" refers to the legal owner of the animal.
- IV. The prescribing rules required by paragraph III shall, at a minimum, contain mandatory standards for the following practice components.
 - (a) Standards for the use of opioids for the management or treatment of pain:
- (1) Conducting and documenting a detailed history and a physical exam in response to a complaint of pain or anticipated pain.
- (2) Completing a board-approved risk assessment tool to determine whether a patient is an appropriate candidate for a schedule II, III, or IV opioid.
- (3) Establishing and documenting an appropriate pain treatment plan that includes consideration of nonpharmacological modalities and non-opioid therapy.
- (4)(A) Querying the program database when writing an initial schedule II, III, or IV opioid prescription for the management or treatment of a patient's pain and then periodically, at least twice a year. The program shall be queried for the patient, its owner, and the individual bringing the patient in to see the veterinarian, if applicable. Exceptions to this requirement shall be limited to situations in which:
 - (i) Controlled substances are to be administered to a patient in a health care setting.
- (ii) The program is inaccessible or not functioning properly, due to an internal or external electronic issue.
- (B) For exception (ii), the specific reason why there was no query of the program database shall be documented in the patient's medical record.
 - (5) Establishing procedures for informed consent outlining the risks and benefits of opioid use.
- (6) Requiring the lowest effective dosage for the fewest number of days with specific dose limits, if appropriate, be prescribed for a medical condition or specialty.
- (7) Providing for the enforcement of the prescribing rules by specifying that noncompliance with the rules may constitute unprofessional conduct under the board's practice act.
 - (b) Standards for the use of opioids for the management or treatment of acute pain:
- (1) Limiting the amount of days for an opioid prescription issued in an emergency care setting. The board shall base its recommendation on the limit established pursuant to paragraph II(b)(1).
- (2) In settings where continuity of care is anticipated, establishing finite limits on dose and duration of opioid prescriptions for treatment of acute pain and appropriate timing of office follow up for persistent, unresolved acute pain.
 - (c) Standards for the use of opioids in the management or treatment of chronic pain.

- (1) Mandatory use of written treatment agreements, such as the agreement developed by the American Academy of Pain Medicine. Treatment agreements shall include conduct that triggers the discontinuation or tapering of opioid prescriptions.
- (2) Establishing a requirement for periodic review conducted at reasonable intervals to reevaluate treatment plans and use of opioids.
 - V. At a minimum, each board's Internet website shall include online links to board approved:
 - (a) Continuing education on the prescribing of opioids.
 - (b) Screening tools.
 - (c) Treatment agreements.
 - (d) Risks and benefits of opioid use.
 - (e) Proper storage of opioids.
 - (f) Proper disposal of unused opioids.

Amend RSA 329:9, XX as inserted by section 2 of the bill by replacing it with the following: XX. Prescribing controlled drugs pursuant to RSA 318-B:41.

Amend RSA 317-A:12, XIII as inserted by section 3 of the bill by replacing it with the following: XIII. Prescribing controlled drugs pursuant to RSA 318-B:41; and

Amend RSA 326-B:9, XII as inserted by section 4 of the bill by replacing it with the following: XII. Prescribing controlled drugs pursuant to RSA 318-B:41.

Amend RSA 327:31, X as inserted by section 5 of the bill by replacing it with the following: X. Prescribing controlled drugs pursuant to RSA 318-B:41.

Amend RSA 315:4, XII as inserted by section 6 of the bill by replacing it with the following:

XII. Prescribing controlled drugs pursuant to RSA 318-B:41. Amend RSA 328-E:10, I(e) as inserted by section 7 of the bill by replacing it with the following:

(e) Prescribing controlled drugs pursuant to RSA 318-B:41.

Amend RSA 332-B:7-a, XV as inserted by section 8 of the bill by replacing it with the following: XV. Prescribing controlled drugs pursuant to RSA 318-B:41.

Amend the bill by replacing section 9 with the following:

9 Repeal. RSA 318-B:39, relative to prescribers required to query the program prior to prescribing controlled substances, is repealed.

10 Effective Date.

- I. RSA 318-B:41, II(a)(4), IV(a)(4), and section 9 shall take effect January 1, 2017.
- II. The remainder of this act shall take effect upon its passage.

HB 1425-FN, restricting the use of food stamps in convenience stores. INEXPEDIENT TO LEGISLATE.

Rep. Joanne Ward for Health, Human Services and Elderly Affairs. This bill sought to limit "food stamp" purchases to only milk at convenience stores. Strict guidelines are issued from the USDA, which administers the program on what categories of items a store has to sell in order to be qualified to accept the Supplemental Nutrition Assistance Program (SNAP) benefits. The sponsor believed that recipients could purchase food at grocery stores to get a better price for food. The committee believed that this bill is discriminatory and not within the ability of the state to implement. Vote 15-0.

HB 1429, relative to the use of microbeads in personal care products and over-the-counter drugs. **INEXPEDIENT TO LEGISLATE.**

Rep. Joanne Ward for Health, Human Services and Elderly Affairs. Microbeads used in beauty products can cause problems with water treatment facilities. They do not disintegrate and can cause problems for wildlife. This bill is no longer needed because a federal law has been passed which regulates use. Vote 13-0.

HB 1464-FN, relative to monitoring visits to child day care agencies. INEXPEDIENT TO LEGISLATE.

Rep. Joanne Ward for Health, Human Services and Elderly Affairs. The committee understood the sponsor's view for only announced inspections for day care. The Department of Health and Human Services testified that the funding the state receives for day care is in the form of a block grant and it mandates that the department conduct unannounced inspections. The department also testified that if they arrive at a center or day care and it was inconvenient or an activity was happening that the department would be flexible and conduct the inspection on another day. Vote 18-0.

HB 1490, relative to collaborative practice between pharmacists and health care practitioners. OUGHT TO PASS,

Rep. James MacKay for Health, Human Services and Elderly Affairs. This legislation upgrades the qualifications, standards and supervision of collaborative pharmacy agreements between pharmacists and health care practitioners. Health care systems are undergoing significant changes nationally and in New Hampshire. Pharmacists occupy a significant place in the delivery of healthy services. Specifically, pharmacists have expertise in dealing with people who have multiple chronic conditions and the increased use of more complex medication. This legislation was the unanimous product of the Commission to Study the Standards for Collaborative Practice. Vote 13-0.

HB 1501, relative to qualifying medical conditions for the use of cannabis. INEXPEDIENT TO LEGISLATE.

Rep. Donald LeBrun for Health, Human Services and Elderly Affairs. This bill, having been fully vetted by the committee and being determined to be Inexpedient to Legislate, is not an addition that needs to be adopted at this time. It is the finding of the committee that the current law has not been fully implemented and we should allow time for it to go into effect as originally passed before making changes or additions. Vote 15-0.

HB 1537-FN, relative to testing for Lyme disease. INEXPEDIENT TO LEGISLATE.

Rep. Thomas Sherman for Health, Human Services and Elderly Affairs. This bill requires health care providers to send certain information to persons being tested for Lyme disease. While expressing concerns for issues raised by the sponsors and receiving assurances from the appropriate society that they would work with the sponsor to address these concerns, the committee reaffirmed a strong reluctance to commit medical information, or recommendations to statute. Vote 18-0.

HB 1541-FN, prohibiting placement of certain persons with a mental illness in the secure psychiatric unit, and authorizing the commissioner of the department of corrections to seek therapeutic alternatives. REFER FOR INTERIM STUDY.

Rep. James MacKay for Health, Human Services and Elderly Affairs. There has been considerable discussion over the past several years about the location and operation of the Secure Psychiatric Unit (SPU) presently operated by the New Hampshire Department of Corrections. Thoughtful studies were conducted in 2006 and 2010. This legislation provoked considerable concern about the present location of the SPU. However, there was considerable concern about potential unintended consequences from passage of this legislation. It is the hope of the committee that a robust Interim Study committee can move this serious issue forward. Vote 17-0.

HB 1542-FN, requiring drug testing of public assistance recipients. INEXPEDIENT TO LEGISLATE. Rep. Lucy Weber for Health, Human Services and Elderly Affairs. The bill requires an invasive and suspicious drug test of all public assistance recipients. Recipients of public assistance do not surrender their constitutional rights. Courts have already held that the state may not deny an individual benefits because the individual has exercised his or her constitutional rights. Nor may an entire class of citizens be denied their constitutional rights. There is no documentation that drug use in this population is any greater than that of the general population. In addition, the program would likely cost more to administer than it would save in benefit costs. Vote 18-0.

HB 1634-FN, relative to the penalty for possession, use, or sale of fentanyl. INEXPEDIENT TO LEGISLATE.

Rep. Stephen Schmidt for Health, Human Services and Elderly Affairs. This bill was found inexpedient to legislate as the penalty for fentanyl use, or sale, was addressed previously in Senate Bill 576 which has already been signed into law. The bill sponsor agreed that this bill was no longer necessary. Vote 18-0.

HB 1648-FN, relative to sales by pharmacists under the controlled drug act. INEXPEDIENT TO LEGISLATE.

Rep. Donald LeBrun for Health, Human Services and Elderly Affairs. This bill authorizes pharmacists to fill a prescription for certain controlled drugs for a 34-day supply or 100 dosage units, whichever is less. This bill is similar to HB 1423-FN, relative to rulemaking for prescribing controlled drugs which was recommended ought to pass as amended by the committee. Therefore this bill is deemed to be unnecessary. Vote 16-0.

HB 1662-FN, relative to abortion-inducing drugs. INEXPEDIENT TO LEGISLATE.

Rep. Thomas Sherman for Health, Human Services and Elderly Affairs. Without demonstrating a compelling need, this bill would set several precedents in addressing abortion including requiring use of FDA guidelines rather than the medical standard of practice, requiring admitting privileges for an outpatient procedure and requiring a contract with her physician to handle procedure complications. Furthermore, it would apply criminal penalties for activities under the jurisdiction of the Board of Medicine. Vote 16-1.

HB 1664-FN, relative to pharmacy benefit managers. OUGHT TO PASS WITH AMENDMENT. Rep. John Fothergill for Health, Human Services and Elderly Affairs. This bill requires certain provisions to be included in contracts between carriers or pharmacy benefit managers and pharmacies. The committee heard concerns from pharmacists relative to maximum allowable cost pricing (MAC), which is a tool used by pharmacy benefit managers to control prescription drug costs. The bill establishes requirements that pharmacy benefit managers provide certain information relative to MAC pricing to pharmacists and include a process to appeal, investigate and resolve disputes. All stakeholders, including the pharmacists, the pharmacy benefit managers, and the Department of Insurance agreed to the bill as amended. Vote 16-0.

Amendment (0846h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to contracts between carriers or pharmacy benefit managers and certain pharmacies.

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Managed Care; Definitions. Amend RSA 420-J:3 by inserting after paragraph X the following new paragraph:

X-a. "Contracted pharmacy" or "pharmacy" means a pharmacy participating in the network of a pharmacy benefit manager through a direct contract or through a contract with a pharmacy services administration organization or group purchasing organization.

2 New Paragraph; Managed Care; Definitions. Amend RSA 420-J:3 by inserting after paragraph

XIV the following new paragraph:

- XIV-a. "Drug product reimbursement" means the amount paid by a carrier or pharmacy benefit manager to a contracted pharmacy or pharmacist for the cost of the drug dispensed to a patient and does not include a dispensing or professional fee.
- 3 New Paragraph; Managed Care; Definitions. Amend RSA 420-J:8 by inserting after paragraph XIV the following new paragraph:
- XV.(a) All contracts between a carrier or pharmacy benefit manager and a contracted pharmacy shall include:
- (1) The sources used by the pharmacy benefit manager to calculate the drug product reimbursement paid for covered drugs available under the pharmacy health benefit plan administered by the carrier or pharmacy benefit manager.
- (2) A process to appeal, investigate, and resolve disputes regarding the maximum allowable cost pricing. The process shall include the following provisions:
- (A) A provision granting the contracted pharmacy or pharmacist at least 30 business days following the initial claim to file an appeal;
- (B) A provision requiring the carrier or pharmacy benefit manager to investigate and resolve the appeal within 30 business days; and
- (C) A provision requiring that, if the appeal is denied, the carrier or pharmacy benefit manager shall:
 - (i) Provide the reason for the denial; and
- (ii) Identify the national drug code of a drug product that may be purchased by contracted pharmacies at a price at or below the maximum allowable cost.
- (D) A provision requiring that, if an appeal is granted, the carrier or pharmacy benefits manager shall within 30 business days after granting the appeal:
 - (i) Make the change in the maximum allowable cost; and
- (ii) Permit the challenging pharmacy or pharmacist to reverse and rebill the claim in question.
- (b) For every drug for which the pharmacy benefit manager establishes a maximum allowable cost to determine the drug product reimbursement, the pharmacy benefit manager shall:

- (1) Include in the contract with the pharmacy information identifying the national drug pricing compendia or sources used to obtain the drug price data.
 - (2) Make available to a contracted pharmacy the actual maximum allowable cost for each drug.
- (3) Review and make necessary adjustments to the maximum allowable cost for every drug for which the price has changed at least every 14 days.
 - 2 Effective Date. This act shall take effect January 1, 2017.

AMENDED ANALYSIS

This bill establishes procedures for contracts between carriers or pharmacy benefit managers and contracted pharmacies.

HB 1665-FN, adopting the interstate medical licensure compact. OUGHT TO PASS.

Rep. Joanne Ward for Health, Human Services and Elderly Affairs. This bill allows the State of New Hampshire to join with other states in the formation of a medical licensure compact. Committee support for the concept was unanimous. Being a member of the compact will allow a licensed physician in one state that wishes to practice in another state, to not have to duplicate all of the history that is required for an initial license. Each state the physician holds a license in will have the renewal requirements and the licensee needs to satisfy each license. This does not lower any requirements. Vote 18-0.

HB 1680-FN, extending the suspension of prior authorization requirements for a community mental health program on drugs used to treat mental illness. **OUGHT TO PASS WITH AMENDMENT**. Rep. Lucy Weber for Health, Human Services and Elderly Affairs. This bill, as amended, extends for one year to June 30, 2017 the suspension of prior authorization requirements for a community mental health program for drugs used to treat mental illness. The committee is persuaded that this moratorium should not be lifted without having additional safeguards in place to protect both patients and public safety. Vote 16-0.

Amendment (0622h)

Amend the bill by deleting section 1 and renumbering the original sections 2-3 to read as 1-2, respectively.

HB 1681-FN, relative to hypodermic syringes and needles containing trace amounts of controlled drugs. OUGHT TO PASS WITH AMENDMENT.

Rep. John Fothergill for Health, Human Services and Elderly Affairs. The bill is relative to hypodermic syringes and needles containing residual amounts of controlled drugs. Exchanging needles with residual amounts of controlled drugs is not illegal. Needle exchange programs will provide a point of access for reaching people. This access has been shown to improve the health of addicts. More importantly this bill will help protect the wider public from impending outbreaks of Hepatitis C and HIV. Vote 15-0.

Amendment (0634h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to hypodermic syringes and needles containing residual amounts of controlled drugs. Amend the bill by replacing all after section 1 with the following:

2 New Paragraph; Controlled Drug Act; Definition Added. Amend RSA 318-B:1 by inserting after paragraph XXIX the following new paragraph:

XXIX-a. "Residual amount" means an unusable amount of a controlled substance in or on a hypodermic syringe or needle.

- 3 Controlled Drug Act; Acts Prohibited. Amend RSA 318-B:2, IV(d) to read as follows:
- (d) The proximity of any residue of controlled substances, except for hypodermic syringes and needles with or without residual amounts;
- 4 Controlled Drug Act; Disposal of Controlled Drugs in Possession of Practitioner. Amend RSA 318-B:17-a to read as follows:
- 318-B:17-a Disposal of Controlled Drugs in Possession of Practitioner. No person other than the pharmacy board, its officers, agents, and inspectors is authorized to destroy any out-dated, deteriorated, excessive or otherwise unwanted or confiscated controlled drugs which are in the possession of a practitioner, veterinarian, pharmacy, peace officer, nursing home, manufacturer, wholesaler, clinic, or laboratory or hospital. No payment shall be made to any person or institution for any drug surrendered

for destruction. A record shall be maintained which indicates the name, strength, and quantity of all drugs destroyed; the place and manner of destruction; the date and time destroyed; the name of the practitioner or institution surrendering the drugs; and the signature and title of the person witnessing destruction. Such records shall conform to any federal requirements and shall be open to inspection by all federal or state officers charged with the enforcement of federal or state controlled drug laws. This section shall not apply to residual amounts in hypodermic syringes and needles.

- 5 Controlled Drug Act; Penalties; Exception Added. Amend the introductory paragraph of RSA 318-B:26, I(c) to read as follows:
- (c) Except for residual amounts in hypodermic syringes and needles, in the case of a violation involving any of the following, a person may be sentenced to a maximum term of imprisonment of not more than 7 years, a fine of not more than \$100,000, or both. If any person commits such a violation after one or more prior offenses as defined in RSA 318-B:27, such person may be sentenced to a maximum term of imprisonment of not more than 15 years, a fine of not more than \$200,000, or both:
- 6 Repeal. RSA 318:52-d, recording and filing of prescriptions for hypodermic syringes and needles, is repealed.
 - 7 Effective Date. This act shall take effect January 1, 2017.

AMENDED ANALYSIS

This bill exempts residual amounts of controlled substances in hypodermic syringes and needles from the provisions of the controlled drug act. The bill also authorizes persons other than pharmacists to dispense hypodermic syringes and needles and allows them to be sold in retail establishments other than pharmacies.

Referred to the Committee on Criminal Justice and Public Safety.

HB 1698-FN, relative to an integrative approach to substance abuse disorders. **INEXPEDIENT TO LEGISLATE**.

Rep. John Fothergill for Health, Human Services and Elderly Affairs. This bill requires treatment and recovery programs for substance abuse disorders to use an integrative approach, including homeopathic remedies, when treating patients. All boards such as medical and nursing will be releasing new rules asking for consideration of all modalities available when treating substance abuse. The committee felt these new rules would be adequate. Vote 18-0.

HB 1109, relative to notice of offer for property in eminent domain cases and making the condemning entity liable for reasonable attorney's fees in certain cases. **INEXPEDIENT TO LEGISLATE.**

Rep. Kurt Wuelper for Judiciary. This bill would make the taking entity in an eminent domain case liable for attorney's fees if the property were undervalued by 20% and, in all eminent domain cases, offer at least 300% of the fair market value of the property. The majority recognized that in some cases the appraisal might undervalue the property, but extending the 300% benchmark to all cases would be unfair to the taker and, in many (perhaps most) cases unnecessarily burden taxpayers. Vote 17-1.

HB 1115, relative to the laws governing the citizens of New Hampshire. INEXPEDIENT TO LEGISLATE.

Rep. David Woodbury for Judiciary. Although some members regret the extent of regulations, rules, local ordinances and the like which have the force of law, a strong majority recognized the chaos which would ensue if this bill became law. The intention of this bill is to make this legislature, and the United States Congress, the sole source of law in this state. It would be physically impossible to place this burden on this body and the result, if enacted, would be unfortunate. Vote 13-1.

HB 1166-FN, appointing personal representatives for persons who had founded petitions before the house committee on redress of grievances. **INEXPEDIENT TO LEGISLATE**.

Rep. Kurt Wuelper for Judiciary. This bill would have the Attorney General appoint a personal representative to pursue the legislative remedies in reports from the now disbanded Committee on Redress of Grievances. The committee believes these remedies either have been or could be pursued through the normal legislative process making this bill unnecessary. Vote 14-1.

HB 1196, relative to the amount of a money judgment for unpaid rent. INEXPEDIENT TO LEGISLATE.

Rep. Kurt Wuelper for Judiciary. This bill sought to increase the maximum money judgment order in an eviction case from \$1,500 to \$5,000. The committee believes that this would cause many more evictions to move to Superior Court, defeating the purpose of the increase. Vote 14-0.

HB 1204, relative to payment of rent pending the stay of an eviction proceeding. OUGHT TO PASS WITH AMENDMENT.

Rep. Claire Rouillard for Judiciary. This bill as amended allows a tenant and a landlord to negotiate and enter into an agreement to pay past due rent, which includes an agreement of the tenant to waive any right to appeal. This agreement allows the tenant to remain in their home if timely payment of arrearage and future rents are made. Vote 18-0.

Amendment (0234h)

Amend the bill by replacing all after the enacting clause with the following:

1 Landlord Tenant; Discretionary Stay Dependent on Payment of Rent; Payment of Arrearage and Current Rent Due. Amend RSA 540:13-c, II to read as follows:

II. Nothing in this section shall be construed to prohibit the parties in a case of nonpayment of rent from agreeing that, in spite of judgment for the plaintiff, a writ of possession shall not be issued, if the defendant makes payments in accordance with a schedule designated in the agreement. [However, if such payments are not made when due, a writ of possession shall be issued upon request of the plaintiff.] The agreement may incorporate the arrearage, future rent due, court costs, and service fees. Entering into such an agreement shall waive the defendant's right to appeal.

(a) Every such agreement shall conspicuously state in a separate paragraph at the end of

the agreement the following language:

I, TENANT/DEFENDANT IN THIS ACTION, UNDERSTAND THAT IF I FAIL TO MAKE ANY OF THE PAYMENTS CALLED FOR IN THIS AGREEMENT ON TIME, THE COURT MAY ORDER THE SHERIFF TO EVICT ME WITHOUT A HEARING. I ALSO UNDERSTAND THAT BY SIGNING THIS AGREEMENT I AM GIVING UP MY RIGHT TO FILE ANY APPEAL IN THIS CASE.

- (b) If the plaintiff has not filed an affidavit of non-compliance within 14 days of the date that the final payment under the agreement is due, the court shall dismiss the action.
- (c) The acceptance of any payment pursuant to such an agreement shall not establish a new tenancy.
- (d) If payments are not made when due, as evidenced by an affidavit of non-compliance filed with the court by the plaintiff and served in hand or at the abode of the defendant before the affidavit is filed with the court, the court shall issue a writ of possession, within 5 business days of the filing of the affidavit with the court, and without further hearing or judicial review.
- (e)(1) Notwithstanding the provisions of subparagraph (d), the court may hold a hearing to determine whether or not a writ of possession shall issue if the defendant files an objection or other pleading in court within 4 business days of the filing of the affidavit of non-compliance and certificate of service with the court, which alleges that:
 - (A) The defendant made a timely tender of the required payment; or
- (B) The defendant had a specific compelling cause for not tendering the required payment or payments on time, and that the defendant is able to tender the past-due payment or payments at the time the defendant files his or her objection or other pleading.
- (2) If the court finds that the defendant's motion or other pleading do not meet the requirements of subparagraph (1)(A) or (1)(B), it shall issue a writ of possession. If the court determines that the defendant's allegations meet the requirements, a hearing shall be scheduled to occur within 4 business days of the filing of the defendant's objection or other pleading.
- (f)(1) At any hearing under subparagraph (e)(2), the defendant shall have the burden to prove that:
- (A) The defendant has made timely payments, and therefore the writ of possession shall not issue; or
- (B) The defendant has brought to court cash or a certified check sufficient to tender all past-due payments, and the defendant had a specific compelling cause for his or her failure to tender any past-due payments.
 - (2) If the defendant fails to meet his or her burden of proof under subparagraph (1)(A)

or (1)(B), the court shall issue the writ of possession.

- (3) If the defendant meets his or her burden of proof under subparagraph (1)(B), the court shall order the defendant to tender, by cash or certified check, all past-due payments to the plaintiff immediately. If all past due-payments are tendered immediately by cash or certified check, a writ of possession shall not issue, otherwise a writ of possession shall issue.
 - 2 Effective Date. This act shall take effect upon its passage.

HB 1216-FN, requiring public bodies and agencies to provide information which is not regularly kept or reported upon payment by the requestor. **INEXPEDIENT TO LEGISLATE.**

Rep. Mark McLean for Judiciary. RSA 91-A:4 grants all citizens the right to inspect governmental records. However, the statute explicitly states that public bodies or agencies are not required to compile, cross-reference, or assemble information into a form in which it is not already kept. This bill would reenact that portion of the law to require public bodies and agencies to compile and report information that is not normally kept after receiving payment by the requestor. The supporters of this bill testified that repeated right to know requests were refused on the grounds that the data requested was scattered and would require compiling. They believed that this bill would address the issue by mandating the compilation. The committee unanimously agreed that while there were some cases where compilation could be easily achieved, there were many more cases where this would not be so, and that the bill was so broadly written that it would have the impact of turning agencies into data researchers. Public bodies and agencies do not have the resources to execute this kind of work on a large scale. The current right to know statute grants anyone the right to inspect any document for free, and it has no restrictions on how the requestor may choose to compile or tabulate that data after it has been received. The committee therefore felt that this bill was unnecessary and burdensome. Vote 12-0.

HB 1218, relative to levy of executions on shares in any corporation. **INEXPEDIENT TO LEGISLATE.**

Rep. Claire Rouillard for Judiciary. This bill attempts to add a criminal penalty to civil litigation. The language of the bill is directed to "officers" of a corporation who fail to give appropriate notice of the sale in two adjoining towns, 30 days prior to the sale. Failure to provide this notice would result in a "penalty" and find an "officer" guilty of a "violation" and subject to a "fine" equal to the value of such shares or interest. This is inconsistent and contrary to the civil law in New Hampshire. Vote 15-0.

HB 1276, relative to a taxpayer's application for a property tax abatement. **INEXPEDIENT TO LEGISLATE.**

Rep. Kurt Wuelper for Judiciary. This bill seeks to allow a taxpayer to raise constitutional issues when seeking a tax abatement. The committee believes that tax abatement boards should not be asked to rule on such issues. Vote 17-1.

HB 1306, allowing periodic payments of judgments to include assignment of wages. INEXPEDIENT TO LEGISLATE.

Rep. Michael Sylvia for Judiciary. This bill would allow the court to order judgment in some circumstances to be deducted from wages by employers. The sponsor agreed that the bill needs substantial additional work. Vote 16-0.

HB 1333, requiring that courts provide jurors with information regarding the authority of the position of juror. **INEXPEDIENT TO LEGISLATE.**

Rep. Mark McLean for Judiciary. This bill seeks to educate jurors as to their authority by requiring that courts provide educational information to prospective jurors with their juror qualification forms. The bill also specifies the language of the information to be provided. While some members of the committee felt that there might be value to an educational brochure or pamphlet, the bill as written takes language directly from literature generated by the Fully Informed Jury Association and mandates its use. The committee unanimously found the proposed language to be unnecessarily harsh and combative and believed it would inevitably create an adversarial relationship between the jury and the judge. Vote 16-0.

HB 1413, establishing a commission to study processes to resolve right-to-know complaints. **INEXPEDIENT TO LEGISLATE.**

Rep. Linda Kenison for Judiciary. This bill would establish a commission to study processes to resolve right to know complaints. The bill as written would create a narrow and unbalanced commission membership. It includes a member from Right to Know New Hampshire, and fails to include other significant stakeholders. Suggestions for a more balanced membership were discussed at the hearing on this bill, however, no amendment was offered. In addition, the focus of study by the commission is about creating an ongoing board or commission to adjudicate citizen right to know complaints. The committee did not support this concept. Vote 11-3.

HB 1418-L, relative to the minutes of nonpublic sessions of public bodies. OUGHT TO PASS. Rep. Mark McLean for Judiciary. This bill addresses the type of information that is to be included in the minutes of nonpublic sessions under the right to know law. Testimony revealed that there is confusion as to what should be in the contents of nonpublic minutes and this has led to a wide variation in the application of the law in cities and towns throughout the state. The bill creates consistency by clarifying that the same content that is contained in public minutes must also be contained in nonpublic minutes. In addition to this, the nonpublic provisions that allow for the sealing of minutes containing sensitive information are untouched by this bill. Thus, the right to keep sensitive information confidential is preserved. This bill had broad support from both right to know activists and the New Hampshire Municipal Association. Vote 18-0.

HB 1419, relative to voting records in nonpublic sessions of public bodies. OUGHT TO PASS. Rep. Michael Sylvia for Judiciary. This bill makes a slight change to our right to know statute as it applies to the minutes of nonpublic sessions under RSA 91-A:3, III. The minutes of nonpublic sessions with this change will require that the vote of each member may be ascertained. This can be accomplished by noting a unanimous decision, those dissenting, or a roll call. The committee believes this is a simple rule which will enhance transparency as required under Part I, Article 8 of our Constitution. Vote 18-0.

HB 1494, relative to the expectation of privacy in personal information. **INEXPEDIENT TO LEGISLATE.**

Rep. Timothy Horrigan for Judiciary. The majority of the committee recognized that this bill dealt with issues of great importance to the people of New Hampshire. However, the remedies in the bill were unworkable and overly broad, and for the most part would be more appropriately addressed at the federal level. Furthermore, the bill had numerous technical flaws; for example, it would apply to all activities of any government contractor with the federal government, including activities not directly related to the contracts themselves. Vote 19-1.

HB 1510, relative to the review of minutes of nonpublic sessions. **INEXPEDIENT TO LEGISLATE.** Rep. Linda Kenison for Judiciary. This bill requires public bodies to properly notify persons who are the subject of certain nonpublic sessions. This bill also requires public bodies to review minutes of nonpublic sessions every three years and after review such records may be sealed. This bill relates to nonpublic meetings having to do with employee dismissal, promotion, compensation, discipline, or investigations of charges against him or her. This blanket requirement of the public body to review such records every three years, by calling another nonpublic meeting to determine if the record should remain sealed, is not practical. There are decades of such records. To carry this out would result in untold financial costs, as well as time and resources. The bill lacks a fiscal note to address the financial costs. Vote 16-2.

HB 1569-FN, relative to volunteers under the department of resources and economic development. OUGHT TO PASS WITH AMENDMENT.

Rep. David Woodbury for Judiciary. Under present law, volunteers performing duties at a state park, forest, reservation, trail or historic site will be defended and indemnified, in case of a lawsuit, by the Attorney General's Office and State Treasury. Umbrella organizations, corporate or non-profit do the same work, but do not have the same protection. This bill, as amended, brings both the persons and the organizations into line with one another giving both an identical level of protection. This allows the organization to function and perform valuable services to the state with confidence they will be defended and indemnified. Vote 17-1.

Amendment (0633h)

Amend RSA 216-A:3-h as inserted by section 1 of the bill by replacing it with the following:

216-A:3-h Indemnification of Department of Resources and Economic Development Volunteers. Any person recognized by the commissioner of the department of resources and economic development as a volunteer or, notwithstanding RSA 508:17, II, a corporation or other nonprofit legal entity that is recognized by the commissioner of the department of resources and economic development, and who is under the general supervision of authorized department of resources and economic development personnel, and is actually performing assigned volunteer duties or activities at a state park, forest, reservation, trail, or historic site, shall be considered as a state employee for the purpose of defense and indemnification from civil suits under RSA 99-D.

AMENDED ANALYSIS

This bill indemnifies volunteer organizations working for the department of resources and economic development.

HB 1577-FN, relative to alternatives to incarceration as a criminal penalty. INEXPEDIENT TO LEGISLATE.

Rep. Linda Kenison for Judiciary. The sponsor favored alternatives to incarceration for non-violent offenders. While the committee agrees with reducing the number of incarcerations, this bill does not achieve this goal. The bill adds an unnecessary layer for prosecutors by requiring them to submit a written statement to the court, duplicating what is currently done at oral argument in court and which is recorded. Further, this bill would add additional work for the clerk of court and additional time for the judge to review the written statement. The Judicial Branch estimates the fiscal impact of this bill to exceed at least \$10,000 annually and the counties assume an unspecified cost for attorney and staff time. Vote 16-0.

HB 1582-FN, relative to judicial salaries. INEXPEDIENT TO LEGISLATE.

Rep. Linda Kenison for Judiciary. This bill would eliminate the weighted caseload method of compensation for part-time district and probate court judges and require them to be paid the same salaries as full-time judges. The sponsor of the bill testified that he opposes his bill due to the prohibitive cost to the state. Vote 15-0.

HB 1596-FN-L, changing the marriage license requirement to a requirement that couples obtain a certificate of notice of intent to marry and a certificate of marriage. **INEXPEDIENT TO LEGISLATE.** Rep. Timothy Horrigan for Judiciary. This bill proposed totally revising the law related to marriage licenses, apparently by rolling back many provisions of vital records law and marriage law to how the laws were at some point in the distant past. This bill, if passed, would severely disrupt the keeping of vital records, would delay and complicate couples' wedding plans, and would totally disregard changes to marriage law made in recent decades. Vote 16-0.

HB 1607-FN, relative to entering dismissals of cases by nolle prosequi. INEXPEDIENT TO LEGISLATE.

Rep. Mark McLean for Judiciary. This bill requires that a state or county attorney seeking to dismiss a case by nolle prosequi must have the Attorney General issue a written report evaluating the evidence to the parties to the case a minimum of five business days before the dismissal is sought. The sponsors of the bill felt it was necessary to prevent termination of prosecution without advance notification to the involved parties. However, this bill would create a need for the Attorney General to oversee all county attorneys and their prosecutorial decisions. This would have a substantial fiscal impact on the Department of Justice. The bill would also inhibit the discretion and flexibility of the county attorney. In many cases, the need to nol pros is immediate and the five-day notification would not be able to be met. If, for example, a witness were absent or reluctant, this bill would force the county attorney to go forward with the case even though it was not ready, potentially resulting in an undesirable verdict that would prevent future prosecution. Vote 15-1.

HR 17, authorizing and directing the house judiciary committee to investigate whether cause exists for the impeachment of Governor Maggie Hassan. INEXPEDIENT TO LEGISLATE.

Rep. Kurt Wuelper for Judiciary. This bill sought to investigate whether cause exists for impeachment of Governor Maggie Hassan. The committee could find no basis in the text of the bill or in the testimony presented. Vote 15-0.

HR 18, directing the house judiciary committee to investigate former superior court justices Robert Morrill and James O'Neill and retired Grafton county superior court clerk Robert Muh for violations of law and constitutions. **INEXPEDIENT TO LEGISLATE.**

Rep. Linda Kenison for Judiciary. This bill sought to direct the Judiciary Committee to investigate several justices and clerks of court based on the assertion that they made decisions that were not constitutional and were a violation of laws. The committee found no basis in the text of the bill or in the testimony presented. Vote 14-1.

HR 19, authorizing and directing the house judiciary committee to investigate whether cause exists for the impeachment of the 5 executive councilors. INEXPEDIENT TO LEGISLATE.

Rep. Joseph Hagan for Judiciary. This bill sought to direct the Judiciary Committee to investigate whether cause exists for impeachment of all the executive councilors. This is a constituent bill to address lingering grievances against the Judiciary. No evidence was presented by the sponsor or the constituent that merited further action. Vote 15-0.

HB 1108, relative to inquiries by employers into the criminal history of applicants for employment. **REFER FOR INTERIM STUDY.**

Rep. Andrew White for Labor, Industrial and Rehabilitative Services. The bill presented to the committee would have banned employers from asking potential employees if they had been convicted of a crime on an employment application. The committee agreed the bill as presented had some technical problems on which consensus could not be gained. The committee did however support the concept of giving those convicted of a crime a second chance. The Refer for Interim Study motion will allow the committee to continue to look at all options to carry out this concept. Vote 22-0.

HB 1278, requiring payment of lawful money to employees. **INEXPEDIENT TO LEGISLATE.** Rep. Andrew White for Labor, Industrial and Rehabilitative Services. The bill sought to punish banks and credit unions with the crime of theft by extortion for charging a non-member a fee for cashing a payroll check. Current law RSA 275:43 addresses the issue adequately making this legislation unnecessary. Vote 13-0.

HB 1331, relative to the membership of the compensation appeals board. OUGHT TO PASS WITH AMENDMENT.

Rep. Andrew White for Labor, Industrial and Rehabilitative Services. The bill as amended makes clear the experience requirements a person must have to be appointed to the Compensations Appeals Board, which hears appeals on workers compensation claims. The bill came to us because the Department of Labor was having difficulty finding interested parties with the experience required under the current statute which requires at least five years of workers' compensation experience. The original bill added equivalent experience in the field of employment. The amendment requires at least five years of experience in workers' compensation law, human resources, or administrative law. Vote 18-0.

Amendment (0628h)

Amend RSA 281-A:42-a, I as inserted by section 1 of the bill by replacing it with the following:

I. There is established a compensation appeals board. The board shall consist of a pool of 33 members, of which 11 members shall represent labor, 11 members shall represent employers or workers' compensation insurers and 11 members shall be attorneys who shall be neutral. Members of the board shall be appointed by the governor and council from a list of nominees submitted by the commissioner. The commissioner shall submit at least 2 nominees for each vacancy to be filled. Any person appointed by the governor and council who is not qualified or who ceases to be qualified in the capacity in which such person is serving on the appeals board shall be replaced by the governor and council. Terms of board members shall be 3 years, except the initial appointments shall be staggered so that no more than 1/3 of the members' terms shall expire in the same year. Members of the board shall have at least 5 years' experience in the area of workers' compensation or human resources or administrative law. As a condition to maintaining eligibility to hear appeals, board members shall have at least 10 hours annually of training and briefing in the area of workers' compensation and relevant disciplines. The commissioner, or designee, with the assistance of the attorney general's staff shall supervise and approve the training. The commissioner shall have the authority to suspend the eligibility of any member of the board who is not in compliance with such annual training requirements, and to reinstate such member's eligibility upon compliance. The commissioner may suspend from active participation any board member who fails to render a decision or order within 30 days of the hearing as required by RSA 281-A:43, I(b). The commissioner may rescind the suspension once the board member is in compliance with RSA 281-A:43, I(b). Appeals from a decision of the commissioner or the commissioner's representative shall be heard de novo by a 3-member panel, composed of an attorney who shall serve as chair, one member representing labor and one member representing employers or workers' compensation insurers. At least 2 like votes shall be necessary for a decision by the panel. The board shall hear appeals, in accordance with RSA 281-A:43, I(b), from the decisions of the commissioner made pursuant to RSA 281-A:43. No person who is an interested party or an employee of an interested party shall participate as a member of the panel. The board shall conduct its proceedings in such a manner as to ensure a fair and impartial hearing.

AMENDED ANALYSIS

This bill clarifies the experience that the members of the compensation appeals board must have to be members of the board.

HB 1341, relative to employee payments to unions. REFER FOR INTERIM STUDY.

Rep. Tammy Simmons for Labor, Industrial and Rehabilitative Services. While the committee felt the premise of this bill deserves consideration, as written, the bill needs further study. Vote 18-0.

HB 1463, relative to mandatory vaccines. REFER FOR INTERIM STUDY.

Rep. Tammy Simmons for Labor, Industrial and Rehabilitative Services. The original bill dealt with mandatory vaccines and potential resulting workers' compensation claims from adverse effects of the vaccines. The sponsor's proposed amendment, while still dealing with vaccinations provided by employers, no longer pertained to a labor statute but to RSA 151, which the committee unanimously agreed would fall under the purview of the Health, Human Services and Elderly Affairs Committee. While both the original bill and the suggested amendment had some merit, neither, as written or suggested, has the support of the committee. Vote 20-0.

HB 1476, relative to prohibitions on the employment of youth. **INEXPEDIENT TO LEGISLATE.** Rep. William Infantine for Labor, Industrial and Rehabilitative Services. The committee heard two bills regarding the same issue. The parties agreed to kill this bill and to amend the remaining bill (HB 1301) to deal with one combined piece of legislation. Vote 13-0.

HB 1512, relative to the definition of "employee" for the purposes of workers' compensation and unemployment compensation. **REFER FOR INTERIM STUDY.**

Rep. Keith Murphy for Labor, Industrial and Rehabilitative Services. This bill is intended to address the unfortunate fact that the Department of Labor and the Department of Employment Security use different definitions for the terms "employee" and "independent contractor." In some cases employers have followed the definition provided by one agency only to face penalties and interest from another agency. The sentiment of the committee was that this inconsistency is unfair and confusing to both employers and employees. However, providing a common definition proved to be a very complicated task raising issues of possible worker misclassification, and the committee was unable to achieve a solution in the short time window prior to crossover. Rather than possibly cause harm through unintended consequences, the committee felt it best to take the time to solve this problem after due consideration and input from all stakeholders. Vote 22-0.

HB 1523, relative to government construction contracts. REFER FOR INTERIM STUDY.

Rep. Jack Flanagan for Labor, Industrial and Rehabilitative Services. Although the bill was well received and has merit, it failed to address two areas of concern. First, it restricts controls set at the local level. Second, it was best suited for contracts under \$25 million dollars. Vote 19-1.

HB 1535-FN, relative to liability for payment of criminal record background checks and drug tests. **INEXPEDIENT TO LEGISLATE.**

Rep. Leonard Turcotte for Labor, Industrial and Rehabilitative Services. If passed, this bill would have prevented an employer from recovering the costs of both criminal background checks and drug testing. The majority believes that the employer/employee contractual relationship should not be interfered with by further legislative actions. During the hiring process, an employer will determine who is responsible for the costs of background checks and drug testing. Once employed, the employer will have already made known to the employee which party is responsible for those costs going forward. The employee, as a condition of employment, must then accept those conditions. An employee paying costs associated with employment is not uncommon. Employees in many job classifications are personally responsible for the costs of maintaining their health, expertise, licenses and training to acceptable/adequate levels. Finally, current statutes authorize municipalities to require job applicants to pay the costs of background checks. This bill would therefore set up a situation where private employers would be subject to laws that public employers would not have to adhere to. Fiscal note information provided by the New Hampshire Municipal Association also point to multiple ambiguities as to the bill's application. Vote 16-1.

HB 1633-FN, relative to the use of the Family and Medical Leave Act time as it applies to workers' compensation. **OUGHT TO PASS WITH AMENDMENT**.

Rep. Brian Seaworth for Labor, Industrial and Rehabilitative Services. As amended, this bill would require that employers notify workers' compensation claimants when they are placed on Family and Medical Leave Act (FMLA) leave as a result of worker injury. The notification requirement replaces the original bill, which prohibited an employer from requiring an employee to file for or accept time off under the FMLA as a result of such injury. FMLA provides a limited extension to medical benefits and we heard testimony from workers who were taken by surprise when losing coverage due to a workplace injury while federal law does require notification. The committee unanimously agreed that an effort to fully inform impacted workers was appropriate at the state level. Vote 22-0.

Amendment (0680h)

Amend the bill by replacing section 1 with the following:

1 New Section; Leave Time; Notification Required. Amend RSA 281-A by inserting after section 19 the following new section:

281-A:19-a Leave Time Due to Workers' Compensation Injury; Notification Required. An employer shall notify an employee, in writing, relative to the benefits and adverse effects of signing an application for, or accepting time off under the Family and Medical Leave Act of 1993, as amended, as a result of a workers' compensation injury when the employee is eligible. The employer shall provide such notification either prior to the employee being placed on family and medical leave or the employer accepting an application for family and medical leave from the employee.

AMENDED ANALYSIS

This bill requires an employer to notify an employee, in writing, relative to the benefits and adverse effects of signing an application for, or accepting time off under the Family and Medical Leave Act as a result of a workers' compensation injury.

CACR 14, relating to government of right. Providing that the people of New Hampshire have the right of local community self government. **INEXPEDIENT TO LEGISLATE.**

Rep. Sherman Packard for Legislative Administration. Members of the committee agree with the concerns expressed by the supporters of this proposed constitutional amendment. Local control over local land use is very important. However, committee members were concerned about the possible effects of the proposed language, which is very broad. The committee could not see any language which limited local power to issues of land use. Concern was expressed that the language could be used to allow a local community unfettered taxing authority. Concern was expressed that a community desiring, with the support of a large vote of its' residents, to authorize the building of a large gambling casino by an out of state corporation, might be able to use this language as way to circumvent state law and do just that. We were told that the proposed amendment would not completely override state or federal law, but the argument was not clear as to how. Opposing opinions were expressed as to whether adoption of the amendment would make New Hampshire a home rule state. A further concern is the expenditure of public funds which would inevitably occur when some entity challenged the new provision of the state constitution on the grounds of federal preemption, and the state would be forced to defend one or more costly lawsuits. With all these concerns and questions unresolved, the committee thought that a vote of Inexpedient to Legislate was the only option at this time. Vote 6-0.

CACR 18, relating to compensation of legislators. Providing that members of the general court shall receive \$2,500 per year. **INEXPEDIENT TO LEGISLATE.**

Rep. Sherman Packard for Legislative Administration. This proposed amendment to the state constitution would increase the compensation of state legislators from \$100 to \$2,500 per year. We have many times over the years turned down raises for ourselves and we should continue to do so. Vote 8-0.

CACR 19, relating to the taking of human life. Providing that the general court shall not appropriate nor authorize any expenditure to benefit any corporation having as its object the taking of innocent human life. **INEXPEDIENT TO LEGISLATE.**

Rep. Russell Ober for Legislative Administration. This proposal to amend the state constitution would prevent any state expenditures for any corporation which has the object of taking innocent human life at any stage of development. The wording of the amendment is very vague. It also lacks definitions. It appears that the functions of the New Hampshire National Guard would be constrained. The committee believes that some important medical interventions in hospitals in New Hampshire could be curtailed. And, finally, many unintended consequences were foreseen. Vote 8-0.

CACR 20, relating to the veto of bills. Providing that a three-fifths vote of both houses of the general court be required to override a veto. **INEXPEDIENT TO LEGISLATE.**

Rep. Anthony Pellegrino for Legislative Administration. This proposal to amend the state constitution would change the vote required to override a governor's veto from two-thirds of those present and voting to three-fifths. The current Article 44 has worked fine since 1792. A majority of the committee felt that it was not necessary to change it at this time. Two-thirds is a standard super majority for many other procedures and states, and we saw no reason to change it just for veto overrides. Vote 7-1.

CACR 25, relating to legislation. Providing that bills dealing with assessments, rates, and taxes shall originate in the house of representatives. INEXPEDIENT TO LEGISLATE.

Rep. Sherman Packard for Legislative Administration. Part 2, Article 18 of the NH Constitution has been in existence since June 2, 1784. This article requires all money bills to originate in the House. When something has worked successfully for that long the committee felt there was no reason to change it. The current language allows the proper amount of discretion for us to deal effectively with bills relative to assessments rates and taxes. Vote 7-1.

HB 1103, requiring a report on the avails and income of a tract of land granted by the state to Dartmouth College. **INEXPEDIENT TO LEGISLATE.**

Rep. Russell Ober for Legislative Administration. This bill required an annual report from the trustees of Dartmouth College pertaining to income and expenses for a certain tract of land that had been granted to the college in 1807. Discussion of the bill revealed that this report had been initiated by the college and that this bill was premature. Vote 6-0.

HB 1163, relative to lobbying, campaign contributions, and political advertising. INEXPEDIENT TO LEGISLATE.

Rep. Sherman Packard for Legislative Administration. This bill contains a number of provisions designed to enhance transparency in the political process. The committee feels that the goals of this legislation are laudable but that further work should be done to ensure that the proposed changes to the legislative ethics, lobbyist registration and campaign finance laws don't lead to unintended consequences and that they address problems that exist at the state level. Vote 6-0.

HB 1233, relative to the right of attendance by general court members at legislative proceedings. **INEXPEDIENT TO LEGISLATE.**

Rep. Sherman Packard for Legislative Administration. The committee discussed the existing provision addressing the ability of legislators to attend legislative proceedings and whether it presented any problems. The committee members felt that the current law covers travel to and from the State House for legislative business effectively. Vote 7-0.

HB 1234, relative to the seal of the general court. INEXPEDIENT TO LEGISLATE.

Rep. Lucy Weber for Legislative Administration. This bill would adopt the first state seal, the fish, tree, and bundle of arrows, as the seal of the General Court. The bill would also restrict the use of this seal to current and former members of the New Hampshire House and Senate and legislative staff. Committee members believe the first state seal belongs to the people of New Hampshire, and it should not be so restricted. Vote 7-0.

HB 1319, relative to seating assignments of members of the house of representatives. **INEXPEDIENT TO LEGISLATE.**

Rep. Anthony Pellegrino for Legislative Administration. This bill would require the Speaker to consider a member's physical disability when making seating assignments in the House chamber. This is already the practice in the House and legislation in this area is not needed. Vote 7-0.

HB 1325, relative to the election of chairs of house standing policy committees. INEXPEDIENT TO LEGISLATE.

Rep. Sherman Packard for Legislative Administration. RSA 14-A:1 currently outlines the process for filling a vacancy when the position of chairman of a legislative committee becomes vacant for any reason. This law permits the Speaker or the Senate President to appoint another member of the committee to fill the vacancy. The committee feels that this process is appropriate and should not be changed. Therefore, this bill is unnecessary. Vote 8-0.

HB 1326, prohibiting the general court from filing legislation in the second year of the session. **INEXPEDIENT TO LEGISLATE.**

Rep. Sherman Packard for Legislative Administration. This bill would prohibit the filing of bills in the second year of the session. Many on the committee believe there should be a way of limiting excessive filing of bills. However, the adoption of this bill would restrict a member's ability to help a citizen address a problem through the legislative process. Vote 8-0.

HB 1386-FN, establishing a process for petitions for redress of grievance. **INEXPEDIENT TO LEGISLATE**.

Rep. Lucy Weber for Legislative Administration. This bill would establish by statute a permanent Legislative Committee for Redress of Grievances, with broad authority, among other things, to overturn actions taken by the executive branch, award sums of money to petitioners, remove judges, and issue directives to state agencies. We were also asked to ensure the committee would have the power to overturn judicial decisions. Members of the committee were concerned that efforts by one legislature to fix the rules of future legislative bodies by statute would be ineffective, as one legislature cannot bind the next. Members of the committee were also concerned about unconstitutional intrusion into the realms of the other two branches of government, and were persuaded by a legal opinion issued by House Counsel that any effort on the part of the legislature to overturn judicial decisions is also unconstitutional. With respect to the workings of the executive branch, the legislature may change those at any time by the usual passage of a bill into law. Vote 9-0.

HB 1432-FN, including the legislature as a public employer under the public employee labor relations act. INEXPEDIENT TO LEGISLATE.

Rep. Pamela Tucker for Legislative Administration. This bill attempts to solve a problem that has yet to be revealed. The bill would require collective bargaining (union representation) for all of the employees of the legislature. The employees in the legislative branch would lose their individual negotiating power to their wages. Individuals with exemplary service could not receive raises based upon their stellar performance, but would be tied to a negotiated pay raise for all. This does not promote efficiency in our government. During the hearing, there was no demonstrated need brought forth for this bill. In the words of FDR, "The Government does not engage -- of course, the words "collective bargaining" were unheard of in those days -- the Government does not make contracts with any Government employee." The application of FDR's statement to all branches of government should be considered instead of this bill. Vote 7-1.

HB 1441-FN, requiring business impact notes for proposed legislation. REFER FOR INTERIM STUDY.

Rep. Sherman Packard for Legislative Administration. This bill requires the Department of Resources and Economic Development to prepare 'business impact notes' for bills. These notes would be written in addition to the 'fiscal notes' already required and before the introduction of a bill. They would involve an extensive analysis of the proposed legislation including comparisons to other state and federal laws. The committee believes that this is an idea ahead of its time, but feels that more work should be done to ensure that any new process can realistically be completed within the constraints of our current bill drafting and introduction deadlines. By sending this bill to study, we will have more time to examine all of the implications of the bill. The Clerk of the House has offered to assist the committee in making the bill more workable. Vote 6-0.

HB 1454, establishing a committee to determine a process for inhabitants of the state to effectuate the protections of Article 14. INEXPEDIENT TO LEGISLATE.

Rep. Sherman Packard for Legislative Administration. This bill would establish a legislative committee to study and develop a process for inhabitants of the state to effectuate their rights under Part 1, Article 14 of the state constitution. This article entitles subjects of the state to free and prompt access to legal remedies for all injuries they may receive. The committee does not feel that a study committee is the best approach for addressing the concerns of the sponsor. Vote 8-0.

HB 1465, relative to recording of roll calls of legislative committees. INEXPEDIENT TO LEGISLATE.

Rep. James MacKay for Legislative Administration. The central focus of this legislation is to make available to the public the results of roll call votes and other pertinent data in as timely a manner

as possible. The Office of the House Clerk is already taking responsibility to satisfy the interest of this legislation. The important goals of this bill are in the process of being reviewed and achieved and therefore the legislation is not needed. Vote 7-0.

HB 1486, relative to membership of the state house bicentennial commission. **OUGHT TO PASS.** Rep. Lucy Weber for Legislative Administration. The bill adds four people to the State House Bicentennial Commission: the clerks of the House and Senate, and the chiefs of staff of the House and the Senate. Committee members believe this is a necessary and important addition for planning, scheduling and general liaison purposes as we prepare for the bicentennial celebration in 2019. Vote 6-0.

HB 1653-FN, establishing a citizen complaint and grievance website. INEXPEDIENT TO LEGISLATE.

Rep. James MacKay for Legislative Administration. This bill is an attempt to provide another avenue to service a focus on citizen complaints and grievances. It is clear the House has no authority to overturn a court ruling. In fact, it is deemed to be unconstitutional. Thus, it is clear that the office of the House Clerk has no legal authority to establish and maintain an internet website for receiving and reviewing citizens' complaints and grievances. House Legal Counsel has written a 'Redress of Grievances Analysis as of 2015' which is pertinent to the legal questions raised by the proposed legislation. Vote 9-0.

HB 1669-FN, establishing a state procedure for conventions to ratify proposed amendments to the United States Constitution. **INEXPEDIENT TO LEGISLATE**.

Rep. Pamela Tucker for Legislative Administration. This bill establishes a procedure for the ratification or rejection of a proposed amendment to the US Constitution. This procedure would only take effect in the event that Congress proposes an amendment and has not specified that it must be addressed by the state legislatures and the manner in which constitutional conventions must be constituted. The committee feels that it is unnecessary to adopt the procedure proposed by this bill at this time. Vote 8-0.

HCR 12, urging support of the 65/25 initiative in New Hampshire. OUGHT TO PASS.

Rep. Lucy Weber for Legislative Administration. The 65/25 initiative is a workforce enhancement goal created by a coalition of business interests and educational institutions. The goal is to ensure that 65 percent of the New Hampshire workforce has a postsecondary educational qualification by the year 2025. Meeting this goal will help ensure that New Hampshire has a workforce that will be qualified for the jobs that will be needed in the future. The New Hampshire Coalition for Business and Education requested the endorsement of the legislature on this important goal. Vote 7-0.

HR 16, calling on the United States Senate and House of Representatives to consider a constitutional amendment prohibiting campaign contributions unless the donor is eligible to vote in that election. INEXPEDIENT TO LEGISLATE.

Rep. Russell Ober for Legislative Administration. This resolution is in support of the concept of prohibiting a campaign contribution in any national election by any person or entity who was not eligible to vote in that election locally. This would mean that a citizen of New Hampshire would not be allowed to contribute to a candidate running for office in the state of Massachusetts. Vote 6-0.

HB 1164, relative to contributions by a city to the county or state. OUGHT TO PASS.

Rep. Marjorie Porter for Municipal and County Government. This bill amends RSA 44:1 by allowing cities, upon approval by the city council, to make voluntary contributions of funds or resources to county or state projects. Vote 15-0.

HB 1179-L, relative to the taxation of manufactured housing on the land of another. INEXPEDIENT TO LEGISLATE.

Rep. Franklin Sterling for Municipal and County Government. This bill would shift the liability for back property taxes on a manufactured home from the homeowner to the landowner upon which the home was located. The landowner has no authority to collect taxes and has no leverage to force compliance from the delinquent taxpayer. Vote 16-0.

HB 1181, relative to designating an alternate cemetery trustee. OUGHT TO PASS.

Rep. Benjamin Tilton for Municipal and County Government. This bill allows the governing body (select board) to appoint alternates to serve as a cemetery trustee. Alternate trustees would serve for a one-year term and could support the elected trustees as well as act in the absence of an elected trustee to conduct the business of the board. There are times when a three-member board has a

member that is absent, which provides the possibility of a tie vote and an alternate member could solve that problem. The language in this bill is the same as provided for library trustees and trust fund trustees. The committee felt bringing this in line with other elected bodies was beneficial. Vote 15-0.

HB 1190, relative to a grant of land to Dartmouth College. INEXPEDIENT TO LEGISLATE. Rep. Ken Peterson for Municipal and County Government. This bill would have prohibited the sale of certain land granted by the General Court to Dartmouth College in 1807. It would have repealed an act approved July 10, 1846, in the Laws of New Hampshire permitting sale of this land. The committee believes the bill is unconstitutional because it seeks to repeal the 1846 Act. Part I, Art. 23 of the New Hampshire Constitution, entitled "Retrospective Laws Prohibited" applies. The right to sell property is a vested property right. The legislature may not revoke that right or condition it after the fact. The bill is no different from a private landowner who sells property, later seeking to prevent the sale of that land, despite having no ownership right in it. Vote 16-0.

HB 1202, relative to applications submitted to a planning board. OUGHT TO PASS.

Rep. James Belanger for Municipal and County Government. This bill deals with time lines for planning board applications. Current law states: the applicant shall file the application with the board or its agent at least 15 days prior to the meeting at which the application will be accepted. Many planning boards find that time period too short to deal with incomplete applications, publishing notices, notifying abutters, etc. This bill increases that time to 21 days which would allow sufficient time for processing applications. There were no objections to this bill presented in the public hearing. Vote 17-0.

HB 1203, relative to voting on variances. OUGHT TO PASS.

Rep. James Belanger for Municipal and County Government. Most New Hampshire municipalities have enacted zoning ordinances to control how their community controls and manages growth and development among other things. The legislative body votes to approve these stipulations on how their community will be governed and this becomes their zoning ordinance. Varying from the established ordinance should not be treated lightly as any change in the written ordinance modifies what the community has decided will be the ground rules, so to speak. Five members of a zoning board are allowed to vary the stipulations in the adopted ordinance if the applicant meets five criteria set in NH law. A vote of three of the five voting members is all that is required to grant a variance from the adopted ordinance. In order to ensure that each of those five criteria are taken individually and seriously, this bill requires each of the five criteria be treated individually to ensure the provisions of the laws set down in our statutes are met. It was the intent of the sponsor and co-sponsor of this bill, as evidenced by testimony, that the same three members of the board vote in the affirmative on all five criteria. However, during the deliberation in executive session, it was not clear to all committee members that the same three members needed to vote in the affirmative on all five criteria. In order to make that clear, the sponsor had an amendment drafted that specifically said the same three members had to approve each of the five criteria. When that amendment was presented to the committee during executive session, it was defeated by a vote of eight in the affirmative and nine in the negative. Then the original wording of the bill was presented and was approved on a vote of fourteen to three. It was then clear that the intent of the Municipal and County Government Committee that a vote in the affirmative on each criteria by any three members was sufficient to approve but that all five criteria be voted on individually. Therefore, an affirmative vote by any three members of the zoning board on each of the five criteria is needed to vary the provisions of the municipality's zoning ordinance. Vote 14-3.

HB 1222, relative to procedures for appraisals by assessing officials. INEXPEDIENT TO LEGISLATE.

Rep. James Coffey for Municipal and County Government. This bill requires assessing officials to make three attempts for an in-person inspection of property before applying a statistical update to an appraisal for property tax purposes. This bill would place restrictions on assessing officials while in the performance of their duties with respect to viewing properties for purposes of re-assessments. The Department of Revenue Administration (DRA) testified that this would place an added burden on a community as well as significantly increase costs. Assessors testified in opposition with the Manchester assessor indicating this would increase costs to the city by three times. The current system of gaining access to property is working well. Vote 15-0.

HB 1244-L, relative to municipal cemeteries. OUGHT TO PASS WITH AMENDMENT.

Rep. David Bickford for Municipal and County Government. If a municipality has a problem providing a cemetery within its boundaries this bill will allow it to enter into agreements with adjacent municipalities to provide space. The original bill allowed agreements with "for profit" cemeteries which are illegal in NH. The amendment removed the "for profit cemetery" option. Vote 14-1.

Amendment (0379h)

Amend RSA 289:2 as inserted by section 1 of the bill by replacing it with the following:

289:2 Municipality to Provide. Every municipality shall provide, or may enter into agreements with adjacent municipalities or nonprofit entities to provide, one or more suitable cemeteries for the interment of deceased persons [within its boundaries], which shall be subject to such regulations as the municipality may establish. In the absence of regulations established by vote of the legislative body, the cemetery trustees may establish such regulations pursuant to RSA 289:7, I(a). The operation and maintenance of all cemeteries owned and maintained by the municipality shall be in the charge of the cemetery trustees.

HB 1253-L, relative to the removal of land use board members and municipal officers. **INEXPE-DIENT TO LEGISLATE.**

Rep. Franklin Sterling for Municipal and County Government. This bill modifies the provisions for removing land use board members and repeals the provision for removing certain municipal officers. The bill goes into great detail in listing the reasons and justifications for removing appointed or elected members with explanations of such reasons as incompetency and malfeasance. The existing statutes are rather clear and appear to include all the contents of this new bill. The bill provides for appeals from dismissal to the Superior Court and holds the governing body responsible for legal and other fees in the event the court determines the dismissal was not justified. The final portion of the bill removes insanity and incapacitated to discharge the duties of the office as reasons for removal. This could create an involved legal battle if an insane or incapacitated person were removed from office. The committee felt existing statutes already cover what this bill attempts to adopt and this bill is unnecessary. Vote 14-1.

HB 1259, relative to liability for third party review of site plans. INEXPEDIENT TO LEGISLATE. Rep. Catherine Cheney for Municipal and County Government. The intent of the bill was to solve a problem of unreasonable requests for third-party review of projects by planning boards. Citizens desiring to improve their lots bring in the appropriate engineered plans and planning boards can ask for another engineered plan or review by another firm. Contrary to the expectations of fairness from all planning boards, abuse has been known to occur as a result of nepotism and preference given to firms with whom members of the board have favor, either as friends or relatives of the engineer. The committee felt the bill using the term "one lot" was not specific enough because a large project could be situated on one lot and other reviews may be prudent for the larger project albeit on a single lot. Further study of this situation and preventive measures to protect citizens need to be put in place. Last year we passed SB 98 (Ch. 126, Laws of 2015) to have planning boards and the applicant compose a list of three firms for third-party reviews from which a second firm was to be chosen by mutual agreement. However an unforeseen consequence of this bill is that some planning boards select firms a long distance away and the person seeking the permit pays for travel time. This bill corrects unforeseen circumstances resulting after the passage of last year's bill. Vote 17-0.

HB 1260, repealing the authority of assessing officials to obtain administrative inspection warrants to complete property appraisals. **INEXPEDIENT TO LEGISLATE.**

Rep. James Coffey for Municipal and County Government. This bill removes the authority of assessing officials to obtain an administrative inspection warrant to inspect property to complete an inventory or appraisal for purposes of property taxation. This would hinder the ability for assessing officials to perform their duties and possibly end up costing the community in legal fees. Assessors need a mechanism to view the interior of a property to assess value and ensure that the tax levied on the property is fair. This is a last ditch effort for assessors and is a valuable tool which should not be eliminated. When access to a property is refused, officials should be able to continue to get a warrant even if it means going before a justice with probable cause. The committee felt this bill tied the hands of assessing officials and could allow lower assessments than what is fair. Upon passage of this bill, refusals to allow entry would increase dramatically. For that reason, and others, the committee recommends this bill be Inexpedient to Legislate. Vote 15-0.

HB 1262, relative to the application of zoning ordinances to home-based businesses. INEXPEDIENT TO LEGISLATE.

Rep. David Bickford for Municipal and County Government. This bill applies to unincorporated places which are governed by county government. The counties showed no interest in the state limiting home based business to gross business receipts of \$200,000 or less. The committee felt this bill was not needed. Vote 13-1.

HB 1277, establishing a homestead act. INEXPEDIENT TO LEGISLATE.

Rep. Franklin Sterling for Municipal and County Government. This bill would allow any property owner of a primary residence not to pay taxes and continue to occupy at least half the property under the homestead statutes. The bill says an indebted person claiming a homestead right may assert a common law right to moiety, or up to half of the freehold/estate, and the other half temporarily subject to be occupied and used by the creditor until the claimed debt shall be either extinguished by a court action or paid in full. The committee felt this provided a loophole to allow a property owner to avoid paying taxes indefinitely. Vote 15-0.

HB 1284, relative to highway agents. INEXPEDIENT TO LEGISLATE.

Rep. David Bickford for Municipal and County Government. The committee felt this bill contradicts RSA 231:65 which holds a road agent accountable when the circumstances require it. Governing bodies already have statutory authority to remove certain employees and this should not be treated any differently. Examples of reasons for removal would be offenses involving corruption, sexual assault on an employee, violations of administrative policies and ordinances of the municipality. The authority of the governing body to manage a community and do those things they were elected to do should not be undermined. Vote 15-0.

HB 1293, relative to the procedure for charter amendments. OUGHT TO PASS WITH AMENDMENT. Rep. Catherine Cheney for Municipal and County Government. This bill clarified some of the provisions for municipal officers and citizens regarding charter amendments. In 2014, HB 422 (Ch. 292, Laws of 2014) changed many aspects of RSA 49-B:4 and 5. Application of the law (RSA 49-B:5) in practice revealed a few things: it made sense to move text from one paragraph to another in a couple of instances, the bar for the number of signatures was too high, the process was confusing depending on which approach was taken, municipal or petition, and the process ended up in one comingled and confusing paragraph. There was not a need for an attorney's opinion of the charter amendment before sending to the state agencies (Secretary of State, Attorney General, and Department of Revenue Administration). Testimony showed that even with an attorney's opinion the state agencies might deem the language to be noncompliant with state law. The process of sending the charter amendment to the state agencies and applying their input to the amendment prevents confusion and works best. The Secretary of State, an attorney, and others familiar with charter amendments all testified that a redundant legal opinion is unnecessary. The requirement for the number of registered voters that voted in the last municipal election was lowered by the bill from 20% to 10%. Tables showing the numbers of the change revealed this was a very high bar to meet in both cases. In all cases, there are about 20 signatures in 100 that cannot be counted. The name may be unreadable, the person signing is not a registered voter of the community, the address does not match the voter checklist, a false name is given or for another reason the clerk is unable to deem the signature "sufficient." The amendment changed the number of signatures needed of registered voters in the community for a petition from 20% in current law and 10% as proposed in the bill, to 15%. The amendment changed the reference for those authorized by the petition committee to gather signatures from "persons" to "voters of the municipality," it separated out the processes for a charter amendment coming from the municipal officers versus by a petitioners' committee, and moved a few sentences around between paragraphs, which made more sense. Vote 17-0.

Amendment (0453h)

Amend the bill by replacing all after the enacting clause with the following:

1 Municipal Charter Amendments; Procedures. Amend RSA 49-B:5, I to read as follows:

I. The municipal officers may determine that one or more amendments to the municipal charter are necessary and shall, by order, provide for notice and hearing on them [in the same manner as provided in RSA 49-B:5, V(a)]. The notice of the hearing shall be published in a newspaper having general circulation in the municipality at least 7 days prior to the hearing, and shall contain

the text of the proposed amendment and a brief explanation. The hearing shall be conducted by the municipal officers or a committee appointed by them. If substantive changes are made to the proposed amendment, a hearing on the modified amendment shall be held. Notice of the hearing and the conduct thereof shall be as provided in this paragraph.

(a) Within 7 days after the last public hearing, the municipal officers or the committee appointed by them shall file with the municipal clerk a report containing the proposed amendment. In the case of a report of an appointed committee, a copy shall be filed with the municipal officers.

- (b) Within 7 days after receiving approval from the secretary of state, the attorney general, and the commissioner of the department of revenue administration under RSA 49-B:4-a, the municipal officers may order the proposed amendment to be placed on a ballot at the next regular municipal election. In the case of municipalities with biennial elections, the municipal officers may order amendments to be placed on the ballot at either the next regular municipal election or [the next state biennial election, whichever occurs earlier,] at a special municipal election that occurs not less than 60 days after the order.
- [(a)] (c) Each amendment shall be limited to a single subject, but more than one section of the charter may be amended as long as it is germane to that subject.

[(b)] (d) Alternative statements of a single amendment are prohibited.

- 2 Municipal Charter Amendments; Procedure. Amend the introductory paragraph of RSA 49-B:5, II to read as follows:
- II. On the written petition of a number of voters equal to at least $[\frac{20}{3}]$ 15 percent of the number of ballots cast in a municipality at the last regular municipal election, but in no case fewer than 10 voters, the municipal officers shall, by order, provide that proposed amendments to the municipal charter be placed on a ballot in accordance with the procedures set out *in paragraphs II-a through V*:
 - 3 Charter Amendments; Procedure. Amend RSA 49-B:5, II-a (b) and (c) to read as follows:
- (b) [The petitioners' committee, or voters of the municipality designated by the committee, may circulate the petition and file it in proper form.] Each signature on the affidavit required by subparagraph II-a(a) shall be included in the clerk's count of the number of signatures required by paragraph II unless a signatory has signed both the affidavit and the petition, in which case the signature shall be counted only once.
- (c) Promptly after the affidavit is filed by the petitioners' committee, the clerk shall file a certified copy of the affidavit, including the proposed amendment, for review of the proposed amendment in accordance with RSA 49-B:4-a. Promptly after receiving approval of the proposed amendment from the state officials under RSA 49-B:4-a, the clerk shall issue petition form blanks to the committee. The petition forms shall read substantially as follows: "Each of the undersigned voters respectfully requests the municipal officers to provide for the amendment(s) of the municipal charter as set out below. If more than one subject is included in a petition, each subject shall be addressed in a separate amendment".
 - 4 Charter Amendments; Procedure. Amend RSA 49-B:5, III(a) to read as follows:
- III.(a) [The petition forms shall read substantially as follows: "Each of the undersigned voters respectfully requests the municipal officers to provide for the amendment(s) of the municipal charter as set out below." If more than one subject is included in a petition, each subject shall be addressed in a separate amendment.] The petitioners' committee, or voters of the municipality designated by the committee, may circulate the petition and file it in proper form. Each signature affixed to a petition shall be in ink or other indelible instrument and shall be followed by the place of domicile of the voter with street and number, if any. No petition shall contain any party or political designation.
 - 5 Charter Amendments; Procedure. Amend RSA 49-B:5, V to read as follows:
- V.(a) Within 10 days of receipt of a report that a petition is sufficient, the municipal officers shall by order provide for and issue notice of a public hearing on the proposed amendment. The notice of the hearing shall be published in a newspaper having general circulation in the municipality at least 7 days prior to the hearing, and shall contain the text of the proposed amendment and a brief explanation. The hearing shall be conducted by the municipal officers or a committee appointed by them; provided that in the case of an amendment submitted by voter petition, the hearing shall be conducted by the municipal officers. If, as a result of the public hearing, substantive changes are made to the proposed amendment, a second hearing shall be held] and no substantive changes may be made to the amendment. [Notice of the hearing and the conduct thereof shall be as provided in this section.]

- (b) Within 7 days after the [last] public hearing, the municipal officers [or the committee appointed by them] shall file with the municipal clerk a report containing the [final draft of the] proposed petitioned amendment [and a written opinion by an attorney admitted to the bar of this state that the proposed amendment is not in conflict with the general laws or the constitution. In the case of a committee report, a copy shall be filed with the municipal officers. Upon such filing, the provisions of RSA 49-B:4-a shall apply in the same manner as for a charter adoption; provided, however, that the municipal officers or the appointed committee shall be substituted for the charter commission for purposes of RSA 49-B:4-a, III.
- (e) Within 7 days after the approval by the secretary of state, the attorney general and the commissioner of the department of revenue administration, or within 7 days after the last public hearing in the case of an amendment submitted by voter petition, the municipal officers] and shall order the proposed amendment to be placed on the ballot at the next regular municipal election. In the case of municipalities with biennial elections, the municipal officers shall order the amendments to be placed on the ballot at either the next regular municipal election or at a special municipal election that occurs not less than 60 days after the date of the order.
 - 6 Effective Date. This act shall take effect 60 days after its passage.

HB 1296, requiring the legislative body to approve the appointment of town managers and prohibiting town managers from hiring contractors to perform the duties of town managers. INEXPEDIENT TO LEGISLATE.

Rep. James Belanger for Municipal and County Government. The committee felt this bill was unnecessary. The bill would require a vote of the legislative body (town meeting in the case of towns) to approve the appointment of a town manager. Legislative bodies mostly meet only once a year at the annual meeting and mandating that they approve employee appointments like a town manager would not be workable. The bill also states, "No town manager shall hire any contractor to perform the duties he or she is required to perform." The committee felt this language might prohibit hiring an assistant and would undermine the authority and responsibilities of the governing body (selectmen in the case of towns). Vote 16-0.

HB 1304, relative to town maintenance of a road designated as a highway to summer cottages. INEXPEDIENT TO LEGISLATE.

Rep. Francis Chase for Municipal and County Government. This bill would mandate the town to plow a road designated as a "summer cottage road" by the legislative body if a summer resident decided to live there year round. The committee felt that the residence was purchased with the knowledge of the extent of maintenance on the road and that this was a self-created hardship. It should be no different than a residence on a Class VI road or a private road if the resident decided to change the conditions of his or her residency. The cure would be to petition the legislative body to change the class of the road and treat it like any other Class V road in town. Vote 13-2.

HB 1315, adding mixed-use development to the definition of business and industrial facility. OUGHT TO PASS.

Rep. Catherine Cheney for Municipal and County Government. The intent of the bill is to add the term "mixed-use development" to the definition of types of development that business development authorities facilitate with communities. Though RSA 162-G:16, IV states: "The provisions of this chapter shall be liberally construed in order to effect its purposes," adding the term to the existing definition in RSA 162-G:3, IV: "...commercial, business service, mixed-use development, manufacturing,..." clarifies this. This update to the definition has clear support from agencies and communities supporting walk-able communities, clean air and economic development. Even though some communities do allow this, making it clear will avoid any unnecessary court cases. Vote 12-2.

HB 1336-FN-L, relative to interest on abatements of taxes. INEXPEDIENT TO LEGISLATE. Rep. James Coffey for Municipal and County Government. When a taxpayer is granted a refund on paid property taxes, the municipality pays 6% interest on the amount. This bill proposes to increase that interest paid by the municipality from 6% to 12%. This appears to mimic the 12% interest penalty paid for late payment of taxes, which is also intended to be a deterrent for taxpayers from using their city or town as a short-term bank. An increase in the amount of interest being paid to the taxpayer when an abatement is granted would increase local government expenses, and in the instance of a large utility, commercial enterprise or industrial development, this could be significant. Vote 11-3.

HB 1363, relative to filling of vacancies in town offices. INEXPEDIENT TO LEGISLATE.

Rep. James Coffey for Municipal and County Government. This bill requires towns to provide notice of vacancies in town offices. More specifically, it states that the authorized body or person shall post notice of the vacancy to be filled in two appropriate places, one of which may be the town's Internet website, if such exists, or in a newspaper of general circulation in the town. The notice shall include a solicitation for letters of interest and only those persons who submit such a letter shall be considered. This limits the ability of the appointing authority to an unreasonable degree. The committee felt existing hiring practices differ in different municipalities and local control should prevail. Vote 14-0.

HB 1380, relative to duties of police commissions. INEXPEDIENT TO LEGISLATE.

Rep. Susan Treleaven for Municipal and County Government. This bill attempts to limit the power of police commissions with regard to setting budgets. It states that the police commission cannot set compensation to exceed the police department budget as established by the governing body. Statutes already control spending within the budget of any municipality. The committee recognizes that police commissions have authority over supervisory and advisory duties while the governing body and/or legislative body of the municipality already has control over the budgets set. Although money can be moved within line items in a budget by the governing body, the bottom line approved by the legislative body cannot be exceeded without strict adherence to statutes already in effect. After careful consideration, the committee felt that the police commission's spending is already limited by the police department budget and this bill is unnecessary. Vote 15-0.

HB 1384, clarifying powers of commissioners of deeds. INEXPEDIENT TO LEGISLATE.

Rep. Keith Ammon for Municipal and County Government. This bill attempts to clarify the power of a Commissioner of Deeds. Commissioners of Deeds are officers appointed by the Governor and Executive Council to a term of five years. They are authorized to administer oaths, take depositions and affidavits, and acknowledge instruments of writing intended to be used or recorded in the State of New Hampshire. They may or may not be residents of New Hampshire and are currently authorized to act both within and without the state. Importantly, this bill removed the authority of the Commissioner of Deeds to operate outside of the state of New Hampshire. It was due to this reduction in authority, and the unknown consequences that could result, that the committee voted to recommend Inexpedient to Legislate. Vote 15-0.

HB 1390, relative to municipal authority to restrict where registered sex offenders live. INEXPEDIENT TO LEGISLATE.

Rep. Keith Ammon for Municipal and County Government. The original version of this bill had two parts. 1) It would have allowed towns to make bylaws prohibiting registered sex offenders from residing within a certain distance from a school, daycare center, or another place where children regularly congregate. 2) It would also have allowed a sex offender who was convicted after a guilty plea without a trial, before the establishment of the sex offender registry, to petition the court to have his or her name removed from the registry. The bill came before the Municipal and County Government Committee due to the first part of the bill. The prime sponsor submitted an amendment to the committee that would have removed the first part and requested that the amended bill be sent to the Criminal Justice and Public Safety Committee. Since there are already two other bills with similar subject matter as the proposed amended version (HB 1318 and HB 1343) before the proper committee and have yet to be heard before the public, our committee decided to recommend Inexpedient to Legislate for this bill and allow the other bills to address the issue at hand. Vote 15-0.

HB 1392-L, relative to notice of land use violations and court costs in cases brought by a municipality. INEXPEDIENT TO LEGISLATE.

Rep. James Coffey for Municipal and County Government. This bill would prohibit a building inspector, or other municipal official, from visiting a location where no building permit has been issued, unless the owner is notified and written consent is obtained. It also seeks to allow for the recovery of costs, including loss of income and attorney fees, against any planning board, zoning board of adjustment or building code board of appeals, or as a result of any other administrative action, when a person who is charged with a violation of the New Hampshire Building Code is found to be not guilty of such violation. The proposed bill states that a court shall award fees if the municipality's legal action was in bad faith, frivolous, or not well grounded in fact. This bill attempts to make the award of costs mandatory for the court by the use of the word "shall." It sets criteria that are not well defined such as "well-grounded," which would further add confusion.

This proposal is unnecessary since courts already award costs to persons or businesses affected by improper action by a municipality. This bill is unnecessary and will lead to higher local costs and to making the job of our local officials more difficult. Vote 16-0.

HB 1395, relative to municipal electronic records. OUGHT TO PASS WITH AMENDMENT. Rep. David Bickford for Municipal and County Government. The bill allowed municipalities to store records in a portable document format (PDF) as well as paper and microfilm. The amendment allows such storage in PDF format on a medium from which it is readily accessible, as well as paper and microfilm. PDF documents can be stored at significantly less cost compared to the physical space for paper. Vote 15-2.

Amendment (0577h)

Amend RSA 33-A:5-a as inserted by section 1 of the bill by replacing it with the following:

33-A:5-a Electronic Records. Electronic records as defined in RSA 5:29, VI and designated on the disposition schedule under RSA 33-A:3-a to be retained for more than 10 years shall be transferred to paper[;] or microfilm, or [both] stored in portable document format on a medium from which it is readily accessible. Electronic records designated on the disposition schedule to be retained for less than 10 years may be retained solely electronically if so approved by the record committee of the municipality responsible for the records. The municipality is responsible for assuring the accessibility of the records for the mandated period.

HB 1407, establishing a property tax credit for persons providing certain home health care services for a family member. INEXPEDIENT TO LEGISLATE.

Rep. Franklin Sterling for Municipal and County Government. This bill proposed that a tax credit of \$750 be given to a family member who provided "continuing health care, nursing care or other rehabilitative care" to another family member in the provider's primary residence. The committee was concerned that the tax credit was a mandate and not optional for a municipality to adopt and that the definition of what type of care would be provided was not defined. The application form that would be filed with the town was not specific enough for the assessing body to make a determination as to eligibility. Vote 17-0.

HB 1439-L, requiring regional planning commissions to file an annual report. INEXPEDIENT TO LEGISLATE.

Rep. James Coffey for Municipal and County Government. This bill modifies RSA 36:49 to require that all regional planning commissions shall make an annual report to include a summary of the activities of the agency and an audited financial statement. All regional planning commissions already require audits which are available. A publication of all of the past year's activities into a single report would be an added expense which will be passed on to the participating municipalities. Some planning commissions do prepare an annual summary of highlights and others send out frequent monthly updates of current work activity. This bill is unnecessary and will only serve to provide a coffee table book few will read. Vote 12-3.

HB 1460, relative to perambulation of town boundaries. INEXPEDIENT TO LEGISLATE.

Rep. Ken Peterson for Municipal and County Government. This bill removes the requirement that a municipality verify their town lines and bounds once every seven years. The reason given for changing the word "shall" to "may" and making the perambulation voluntary was that most towns don't do this now. This requirement was adopted for a reason and the fact that it is an old law does not make it obsolete. Physical verification that industrial and residential developments have not crossed over into an adjacent community is still needed. Examples of these instances happening do not support the assertion that GPS abilities of today render such verification unnecessary. Missing town bound markers and monuments cannot be detected by GPS. Finding that a building is not located in the community it was intended to be is always a surprise, and is something that GPS could not have detected. Bounds need to be inspected and property lines need to be verified, especially when the abutting property is in another state. The committee found a similar bill Inexpedient to Legislate last year and has not changed positions with this bill. Vote 14-1.

HB 1504-FN-L, relative to the execution of a real estate tax lien on a primary residence. INEX-PEDIENT TO LEGISLATE.

Rep. James Belanger for Municipal and County Government. This bill would prevent a community from executing a tax lien on property that was in arrears for non-payment of taxes in the community as long as that property was occupied by the owner as their primary residence. This would promote non-payment of taxes in periods where the stock market was yielding high returns with no incentive for the property owner to pay taxes. If this became widespread, the community could not meet its obligations without going out for tax anticipation notes and place the community in a financial crisis. Every property, no matter who occupies it, should be treated equally unless some of the existing statutes are used for deferred or abated taxes. Vote 15-0.

HB 1513, relative to the duties of registers of probate. REFER FOR INTERIM STUDY.

Rep. James Coffey for Municipal and County Government. This legislation attempts to reinstate the duties of the Register of Probate which was removed in 2011. The committee felt that this bill was incomplete and left too many open issues and requires additional study. Vote 15-0.

HB 1518, relative to village district members of budget committees. INEXPEDIENT TO LEGISLATE.

Rep. David Bickford for Municipal and County Government. This bill would remove the requirement that a member from a village district be appointed as a member of the municipal budget committee, thus denying the district of representation. The committee felt if a district is to be taxed the district needs a representative on the committee. Vote 14-1.

HB 1533, relative to noise level limitations for permanent machinery. INEXPEDIENT TO LEGISLATE.

Rep. Franklin Sterling for Municipal and County Government. The purpose of this bill was to give cities and towns the authority to create noise ordinances. That ability already exists in RSA 31:39(n). At the request of the prime sponsor the committee voted Inexpedient to Legislate. Vote 16-0.

HB 1559-FN, relative to property taxes paid by education facilities leasing property. **INEXPEDIENT TO LEGISLATE.**

Rep. James Coffey for Municipal and County Government. Current statutes provide for tax considerations for educational institutions using property that is normally taxable. Assessing standards provide for these situations and are handled locally without state intervention. This bill would expand the tax exemptions provided to charter schools and other similar facilities to include any property used for educational purposes. However, the word educational can be interpreted in many ways and could include facilities that educate but are not in use for schooling like K-12 or community colleges, etc. The brush is much too broad and the committee felt its intent should be left to the community. Vote 15-0.

HB 1585-FN, relative to competitive bidding in Carroll county. INEXPEDIENT TO LEGISLATE. Rep. Franklin Sterling for Municipal and County Government. The intent of this bill is to place into statute language similar to RSA 28:8-e that mandates the competitive bidding process to be followed in Hillsborough County. The committee heard testimony from the prime sponsor as to why Carroll County's bidding process needs to be codified in a similar manner. The committee also heard from the Carroll County Administrator acknowledging that errors may have been made in the past but as he was newly appointed he asked that before the legislature took the step of passing this bill that he, the county commissioners and the county delegation work toward a policy of their own. The committee agreed and therefore recommends Inexpedient to Legislate. Vote 16-0.

HB 1587, relative to limitations on capital reserve funds of counties. OUGHT TO PASS.

Rep. Franklin Sterling for Municipal and County Government. The intent of this bill is to raise the amount of funding that counties can place in capital reserve funds. Currently the cap on capital reserve funds is 1/100 of 1% of the last base valuation. This bill raises that to 1/50 of 1% of the last base valuation. The committee felt this increase was in keeping with inflation. Vote 12-3.

HB 1683-FN-L, relative to lowering the interest rate and costs for the redemption and repurchase of property subject to a tax lien or tax deed. INEXPEDIENT TO LEGISLATE.

Rep. James Belanger for Municipal and County Government. This bill attempts to lower the interest charged on payments in the redemption or repurchase of property subject to a tax lien or tax deed. There have been times, in prior economies, when taxpayers earned more money on investments than was charged for late payments of tax bills. This resulted in communities supporting investments of taxpayers

by delaying tax payments. Other bills, in prior years, attempted to reduce the interest rate charged on late tax payments and all of those failed. The seemingly high rate of interest is meant to be a deterrent to not paying taxes and should not be reduced. After three years, the municipality has the option of taking a deed on the property and, at that time, the interest rate increases, again as a deterrent to not paying taxes when due. The second part of the bill attempts to remove the fifteen percent penalty added to the cost to repurchase the tax-deeded property. The committee felt this had some merit but was informed that there is another bill that addresses this issue and it does not need to be in this bill. The committee felt that the best course of action to leave interest rates as they are and to address the fifteen percent repurchase issue in the other bill could be best accomplished by a recommendation of Inexpedient to Legislate on this bill and allow the penalty section to be addressed by the other bill. Vote 16-0.

HB 1200-L, relative to the use of recycled glass. INEXPEDIENT TO LEGISLATE.

Rep. Martin Jack for Public Works and Highways. This very well intentioned bill attempts to increase the market for recycled glass in paving materials. Allowable state road and bridge construction materials are detailed in NH Department of Transportation specifications that are harmonized with the national engineering standards for highway construction materials. Testing and field experience ensures that approved materials are safe, strong, and durable in their intended usages. These standards already allow for use of recycled glass where appropriate. For these reasons, the bill is unnecessary. Vote 18-0.

HB 1242, relative to rules of the department of transportation on driveway permits. REFER FOR INTERIM STUDY.

Rep. Mark McConkey for Public Works and Highways. Presently the Department of Transportation is exempt from rule making for driveway permits. The sponsor proposes to change RSA 236:13 to require DOT to go through the rule making process to adopt rules for driveway permits. While testimony spoke of a restrictive permit process, DOT testified that 98.6% of driveway permits are approved. DOT also highlighted that they have changed the appeal process so that all local district denials are now reviewed in Concord. The committee was indifferent on the rulemaking change, but agreed that the appeal process should be more clearly defined in the driveway permit application, and has tasked DOT to make these changes in the appeal notification process. If substantial changes are not made by the department, a new bill can be filed next session. Interim study will allow the committee to work on a better process with the department. Vote 14-0.

HB 1317, renaming the North Hampton state beach as the Robert Shaw Memorial state beach. INEXPEDIENT TO LEGISLATE.

Rep. Mark McConkey for Public Works and Highways. United States Marine Corps Rifleman PFC Robert Ernest Shaw was the only North Hampton resident that died during the Vietnam War. Testimony revealed that PFC Shaw is presently memorialized in North Hampton on town property that was renamed the "Shaw Common." While it is the practice of the Public Works and Highways Committee to consider renaming state highways and bridges to honor fallen veterans, the renaming of state parks or state beaches has not happened previously and the committee is concerned with the precedent as it is more involved than just changing the name – maps, brochures and a number of other official documents would need to be changed and would, or at a minimum could, lead to confusion amongst the public. The committee applauds the students who took on this project and urges them to work on improvements and recognition of the current memorial at the Shaw Common in North Hampton. Vote 14-0.

HB 1397, establishing a committee to study improvements to the Hannah Duston Memorial. OUGHT TO PASS.

Rep. Virginia Irwin for Public Works and Highways. Hannah Duston was the first woman in United States history to have a monument erected in her name. In fact, there are two monuments, one of which is in Boscawen, NH. It is in a questionable location and in need of attention. There is joint ownership by the state and the town and the location is also a railroad right of way. We need to study improvements to this site and make appropriate recommendations for future preservation, considering all aspects of her story. Vote 18-0.

HB 1578, relative to the maintenance of private roads. INEXPEDIENT TO LEGISLATE.

Rep. Mark McConkey for Public Works and Highways. This bill was introduced in response to a change in criteria used by Fannie Mae for financing of homes on private roads. The effect of the change has impacted the ability of some buyers to obtain financing, and the committee received

testimony that it has impacted sale prices. A number of interested parties attempted to find a solution without creating additional responsibilities for private road maintenance on existing landowners. Unfortunately, language to address the problem was not developed but interested parties have agreed to continue to work toward a solution outside of the legislative process in hopes of introducing legislation in a subsequent session. The committee agreed to find the bill inexpedient to legislate at the suggestion of those who had an interest in the bill based on their commitment to continue to work toward a compromise. Vote 17-0.

HB 1147, requiring a report on federal landholdings within the state and establishing a moratorium on federal land acquisitions. OUGHT TO PASS WITH AMENDMENT.

Rep. Carol McGuire for Resources, Recreation and Development. This bill, as amended, requires an annual report by the Department of Resources and Economic Development (DRED) on federal landholding in the state and every town. Recently, the US Fish and Wildlife Service announced their intention to expand the Silvio O. Conte National Fish and Wildlife Refuge to a large part of the Connecticut River watershed, so that the sponsors were concerned that these possible acquisitions would violate existing limits on federal landholding of 2% of the area of the state and 5% of the assessed value of any town, excluding the White Mountain National Forest. This limit, imposed by state law (RSA 121:6), is not widely known. A preliminary report from DRED showed that the actual percentage was 0.7%, but if the Silvio O. Conte Refuge and the proposed Great Thicket Refuge both reach the maximum contemplated, it will exceed 2%. Since land acquisitions are a slow process, the committee believed an annual report would be sufficient. Vote 19-0.

Amendment (0472h)

Amend the title of the bill by replacing it with the following:

AN ACT requiring a report on federal landholdings within the state.

Amend the bill by replacing all after the enacting clause with the following:

- 1 New Section; Report on Federal Landholdings. Amend RSA 121 by inserting after section 6 the following new section:
- 121:6-a Report on Federal Landholdings. The commissioner of the department of resources and economic development shall annually prepare and file a report on the current inventory of federal landholdings within the state and calculate what percentage of New Hampshire land is held by the federal government in accordance with RSA 121:6. Such report shall be filed with the speaker of the house of representatives, the president of the senate, the house clerk, the senate clerk, the governor, and the state library on or before July 1.
- 2 Initial Report. The commissioner of the department of resources and economic development shall make the first report required in RSA 121:6-a within 30 days of the effective date of this section.
 - 3 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill requires the commissioner of the department of resources and economic development to make an annual report on federal landholdings within the state.

HB 1170, relative to special permits for OHRV operation in Jericho Mountain State Park. OUGHT TO PASS.

Rep. Yvonne Thomas for Resources, Recreation and Development. This bill would allow the Department of Resources and Economic Development (DRED) to continue to offer specialty trails for 4 x 4 off road vehicles at Jericho Mountain State Park. In 2013, HB 349 was passed which provided DRED with a three-year opportunity to develop new recreational trails for such purposes. The trails opened this spring and have proven to be a successful venture. Formal authority to continue use of the trails expired on January first and this bill would reinstate that authority. Vote 20-0.

HB 1172, relative to corrective action implementation of audit findings concerning Cannon Mountain. **OUGHT TO PASS.**

Rep. Suzanne Gottling for Resources, Recreation and Development. A FY 2014 audit of Cannon Mountain operations resulted in several findings that require statutory changes. This bill implements the changes outlined in audit observation 25. These changes included removal of the position of Marketing and Ski Service Administrator, updated referrals to other statutes, removed references to Mount Sunapee, specified uniform reporting dates, changed the package plan description and

authority so it accurately describes present practices, gives authority to the manager to grant special passes, and specifies the responsibilities of the Park Director and the Cannon Mountain Advisory Commission in relation to capital improvements. Vote 20-0.

HB 1299, relative to the frequency of background checks for camp employees. INEXPEDIENT TO LEGISLATE.

Rep. Suzanne Smith for Resources, Recreation and Development. This bill would amend RSA 485-A:24 and loosen the requirement for annual criminal background checks for employees and volunteers who may be left alone with children at youth skill camps. Presently, criminal background checks are required annually. This bill would amend the law so that criminal background checks on these employees or volunteers would only be required every three years. Although the committee understands the desire to save municipalities and public/private entities the annual fee for the criminal background checks, the committee also believes that the safety of our children and grandchildren trumps the annual fee. Vote 20-0.

HB 1332, adding a member to the aquatic resources compensatory mitigation site selection committee. OUGHT TO PASS WITH AMENDMENT.

Rep. Judith Spang for Resources, Recreation and Development. When wetlands will be impacted by a land development project, state and federal regulations require mitigation to be performed, whether by improvement of a wetland or through wetland conservation either on the same property or elsewhere. Particularly on a small property, it is not always possible for the developer to do meaningful mitigation. Alternative sites may not be available. Therefore, the Aquatic Resource Mitigation program was developed to allow developers to take the money they would have spent on their own mitigation project and place it in a large state fund. When funds are sufficient, a site selection committee evaluates potential wetland projects and disperses funds to them. This bill adds to that committee a member who is expert in stream restoration work for projects involving stream rehabilitation. The amendment just changes the name of the organization that will nominate that person. Vote 18-0.

Amendment (0734h)

Amend RSA 482-A:32, I(e)(5) as inserted by section 1 of the bill by replacing it with the following:

(5) A person with experience in stream restoration work, who shall be nominated jointly by the Northeast Region of American Rivers and the New Hampshire Rivers Council.

HB 1461, relative to the definition of and criteria for protection instream flow. **OUGHT TO PASS WITH AMENDMENT.**

Rep. John Mullen for Resources, Recreation and Development. Prior to the implementation of the protected instream flow component of the Rivers Management and Protection Program, pilot studies on the Lamprey and Souhegan rivers were conducted. As a result, the amended bill makes changes to the statute which will support full implementation of instream flow protection on all designated rivers. The language modifications include a definition of instream flow that incorporates current scientific knowledge, as well as additional requirements for local, broad-based stakeholder input before and during the development of protected instream flows and water management plans. Vote 19-0.

Amendment (0456h)

Amend RSA 483:9-c, II as inserted by section 6 of the bill by replacing it with the following:

II. No less than 60 days prior to commencing a protected instream flow study on any designated river, the department shall hold a public hearing jointly with the senate committee with jurisdiction over river management issues and the house committee with jurisdiction over river management issues and provide a public comment period of 30 days. The department shall consider the public comments received before commencing the study.

Amend RSA 483:9-c, VII as inserted by section 6 of the bill by replacing it with the following:

[V:] VII. [The maintenance of protected instream flows shall constitute a condition of any permit] Only those permits issued by the department that affect stream flow [for any project or activity] within a designated river shall be required to meet protected instream flows [or segment and corridor].

AMENDED ANALYSIS

This bill revises the definition of protected instream flow.

HB 1589-FN, prohibiting the transportation of exotic aquatic weeds. OUGHT TO PASS WITH AMENDMENT.

Rep. Frederick Rice for Resources, Recreation and Development. Invasive exotic aquatic plants have a substantial negative impact on the water bodies in which they occur. This bill, as amended, is designed to curb the spread of such plants by prohibiting the transport of such plants from one water body to another and requiring that all boats, vehicles and equipment be cleaned of attached plant material and drained of water according to specified procedures when exiting any water body. Vote 20-0.

Amendment (0488h)

Amend the title of the bill by replacing it with the following:

AN ACT prohibiting the transport of aquatic plants and aquatic weeds.

Amend the bill by replacing all after the enacting clause with the following:

1 Purpose; Clean Lakes Program. Amend RSA 487:15 to read as follows:

- 487:15 Purpose. The general court recognizes that rapidly escalating pressures of shorefront development and recreational uses of public waters have placed increasing strains upon the state's lake resources, thereby accelerating the eutrophication process in many of our public lakes through nuisance growths of aquatic macrophytes (aquatic plants) [macrophyton] and phytoplankton (algae) and thus posing a threat to water quality. The general court further recognizes that transporting boats from one water body to another increases the risk of inadvertent transport of aquatic nuisance species, some of which are invisible to the unaided eye. This risk can be reduced by inspecting and draining all boats and water-related equipment upon leaving state waters. The general court further recognizes the need to restore, preserve and maintain the state's lakes and ponds in order that these significant environmental, aesthetic and recreational assets will continue to benefit the social and economic well-being of the state's citizens.
- 2 New Paragraph; New Definition; Aquatic Plants. Amend RSA 487:16 by inserting after paragraph IV the following new paragraph:
- V. "Aquatic plants" means plants that are adapted to live in freshwater aquatic environments, also referred to as aquatic macrophytes.
 - 3 Exotic Aquatic Weed Penalties. Amend RSA 487:16-b to read as follows:
- 487:16-b Exotic Aquatic Weed Penalties. It shall be unlawful to [knowingly, recklessly, or purposely] offer for sale, distribute, sell, import, purchase, propagate, *transport*, or introduce exotic aquatic weeds into New Hampshire waterbodies. Notwithstanding RSA 487:7, any person engaging in such an activity shall be guilty of a violation.
- 4 New Sections; Aquatic Plants or Exotic Aquatic Weeds; Requirements for Draining Water Conveyances. Amend RSA 487 by inserting after section 16-b the following new sections:
- 487:16-c Transport of Aquatic Plants or Exotic Aquatic Weeds On Outside of Boats, Vehicles, and Equipment. No person shall transport any aquatic plants or plant parts or exotic aquatic weed or weed parts to or from any New Hampshire waters on the outside of a vehicle, boat, ski craft as defined in RSA 270:73, trailer, or other equipment.
 - 487:16-d Draining of Water Conveyances.
- I. When leaving waters of the state, a person shall drain their boat and other water-related equipment that holds water, including live wells and bilges.
- II. Drain plugs, bailers, valves, or other devices used to control the draining of water from ballast tanks, bilges, and live wells shall be removed or opened while transporting boats and other water-related equipment, if the vessel is so equipped.
- III. Commercial enterprises transporting boats for off-site storage, maintenance, or repairs, and emergency response vehicles and their related equipment are exempted from paragraphs I and II, however all such exempt commercial enterprises shall drain all water-related equipment holding water and live wells and bilges prior to transporting the equipment to another waterbody.
- 487:16-e Penalties. Notwithstanding RSA 487:7, any person who violates RSA 487:16-c through 487:16-d shall be guilty of a violation punishable by a fine of \$50 for a first offense and \$250 for any subsequent offense. The authority to enforce these sections shall extend to all peace officers in the state of New Hampshire.
 - 5 Enforcement Powers Conferred. Amend RSA 270:12-a, I(e)-(f) to read as follows:
- (e) Any crime or offense, excluding a violation of title XVIII or a violation of title XXI not involving a boat or watercraft, that occurs on an island or on the mainland contiguous to inland or coastal bodies of water in the absence of any law enforcement agency with jurisdiction immediately available when immediate action is required; [and]

- (f) Any crime or offense when requested to render assistance to another peace officer having jurisdiction in the area[-]; and
- (g) The provisions of RSA 487:16-c and RSA 487:16-d, relative to the transport of aquatic plants or plant parts or exotic aquatic weeds or weed parts on the outside of boats, vehicles, and equipment, and the draining of water conveyances.

6 Effective Date. This act shall take effect January 1, 2017.

AMENDED ANALYSIS

This bill prohibits the transport of aquatic plants and exotic aquatic weeds.

HB 1595-FN, relative to the rivers management and protection program. OUGHT TO PASS WITH AMENDMENT.

Rep. James McConnell for Resources, Recreation and Development. The Rivers Management and Protection Program (RMPP) was instituted in 1988 to provide for enhanced protection for certain rivers or watersheds which are documented as having outstanding characteristics. It is a ground-up program, with local citizens and groups nominating their river for designation into the program by the legislature, then taking an ongoing role in monitoring and promoting protection of the river's resources. In the intervening years, it has become apparent that refinements needed to be made in the statute's terminology as well as the composition and role of the local river management advisory committees. This bill, which emanated from the State Rivers Management Advisory Committee, makes those changes. It also makes it more apparent that designation of a river into the program means that the whole designated river, not just the most substantial parts of the stream, will be subject to the Comprehensive Shoreland Water Quality Protection Act. At the same time, it reduces the extent to which the Shoreland Act applies to smaller streams in the designated area. The amendment requires that shoreland property owners be notified when their river is being considered for designation into the RMPP. Notification of the State Rivers Coordinator and local advisory committees will no longer be required for minimum impact activities for timbering, recreational path maintenance, and agriculture. Only streams running year-round are eligible for inclusion. With these changes, the bill has the support of participating conservationists, agriculture and timber interests, and landowner rights advocates. Vote 17-0.

Amendment (0782h)

Amend the bill by replacing section 5 with the following:

5 New Paragraph; New Hampshire Rivers Management and Protection Program; Definitions. Amend RSA 483:4 by inserting after paragraph XII the following new paragraph:

XII-a. "Meander belt" means the width on either side of a river channel which the river can occupy through time as a result of migration.

Amend RSA 483:6, I as inserted by section 9 of the bill by replacing it with the following:

I. Any New Hampshire organization or resident may nominate a perennial river or any segment or segments of such river for protection by submitting to the commissioner a description of the river or segment or segments of such river and its values and characteristics. The completed nomination shall be submitted to the rivers coordinator on or before June 1 in order for it to be considered in the next legislative session. This nomination shall include, but not be limited to, an assessment of fisheries; geologic and hydrologic features; vegetation; wildlife; historical and archaeological features; open space and recreation features and potential; water quality and quantity; dams, hydropower generation, buildings, and other manmade structures; riparian interests and public water supply, including flowage rights known by the nominating individual or group, and other pertinent instream and riverbank and tributary drainage area information. The nominating party shall hold at least one public meeting on the information prior to final submittal to the commissioner. The department shall encourage the nominating party to include tributary drainage area information in the nomination. Nominations shall include identification of the stream order of each river or river segment proposed for designation and the provisions of RSA 483-B that apply to each segment. The nominating party shall advertise the meeting publicly in cooperation with the rivers coordinator and shall give written notice to riparian landowners and the governing body of any municipality where segments of the river are located. The rivers coordinator shall provide assistance to the nominating party in the presentation of the nomination at the public meeting.

Amend RSA 483:8, I(g) as inserted by section 14 of the bill by replacing it with the following:

- (g) A representative of the conservation community [ehosen from a list of 3 nominees submitted] nominated by the Society for Protection of New Hampshire Forests, the Audubon Society of New Hampshire, and the New Hampshire [Wildlife Federation] Council of Trout Unlimited. Amend RSA 483:8-a, III(b) as inserted by section 17 of the bill by replacing it with the following:
- (b) To consider and comment on any federal, state, or local governmental plans to approve, license, fund, or construct facilities or applications for permits, certificates, or licenses, that [would] may alter the resource values and characteristics for which the river or segment is designated. Amend RSA 483:10, II (j) as inserted by section 31 of the bill by replacing it with the following:
- (j) State-owned lands within the corridor and tributary drainage areas thereof. The plan shall include a description of the importance of those lands to the characteristics for which the river was designated.

Amend RSA 483:12-a, I as inserted by section 33 of the bill by replacing it with the following:

- I. Any state agency considering any action affecting any river or segment designated under this chapter shall notify the rivers coordinator and the local river management advisory committee prior to taking any such action. Such agency shall forward to the rivers coordinator and the local river management advisory committee for review and comment copies of all notices of public hearings, or, where a public hearing is not required, a copy of the application for issuance of a permit, certificate, or license within the designated river or corridor under RSA 485-C, RSA 485-A, RSA 483-B, RSA 12-E, RSA 270:12, RSA 482, RSA 482-A, except notifications for minimum impact activities under RSA 482-A:3, V and XII and for routine roadway maintenance under RSA 482-A:3, XVI on land used for agricultural purposes, RSA 149-M, RSA 430, or RSA 147-A. If an agency is notified by the rivers coordinator that a proposed activity would violate a protection measure under RSA 483:9-a, 483:9-a, or 483:9-b, such agency shall deny the application. Amend the bill by replacing all after section 35 with the following:
- 36 New Hampshire Rivers Management and Protection Program; Definitions. Amend RSA 483:4, VIII to read as follows:
- VIII. "Designated river" means that portion of a *perennial* river which has been specifically designated by the general court pursuant to RSA 483:15.
- 37 New Hampshire Rivers Management and Protection Program; Definitions. Amend RSA 483-B:4, XV to read as follows:
- XV. "Protected shore land" means, for natural, fresh water bodies without artificial impoundments, for artificially impounded fresh water bodies, except private garden water features and ponds of less than 10 acres, and for coastal waters and rivers, all land located within 250 feet of the reference line of public waters. For river segments of third order or lower designated as protected under RSA 483:15 which are either designated after or for which specific exemptions are repealed after December 31, 2015, "protected shore land" means all land located within 50 feet of the reference line of public water.
 - 38 Repeal. The following are repealed:
 - I. RSA 483:10-a, relative to long-range river management plans.
 - II. RSA 483:14, II, relative to state owned property included in a long-range river management plan. 39 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill:

- I. Adds definitions for aquatic connectivity, fluvial geomorphology, and meander belt.
- II. Expands the criteria for nomination of a river to the rivers management and protection program. III. Changes the mechanism by which members of the rivers management advisory committee are selected.

HB 1155, relative to providing choice of meters to customers of utilities. INEXPEDIENT TO LEGISLATE.

Rep. Douglas Thomas for Science, Technology and Energy. This bill would permit customers of utilities to choose whether to consent to the installation of smart meters and allow the utility to charge a surcharge to such customers at the completion of the installation period. This bill would produce confusion among customers as not all smart meters transmit using radio waves (the concern of some), but rather use the existing electric lines serving the customers' property, and it would only potentially benefit a few customers that have old meters. Affected utilities are currently working with customers who have concerns, so the committee felt this bill was not ready or needed. Vote 20-0.

HB 1275, relative to net energy metering capacity. INEXPEDIENT TO LEGISLATE.

Rep. John Mann for Science, Technology and Energy. This bill is unnecessary as its content and purpose are contained within HB 1116 which the committee is bringing forward with a positive recommendation. Vote 20-0.

HB 1362, requiring telephone notice where an electrical outage is expected to exceed 4 hours. **INEXPEDIENT TO LEGISLATE.**

Rep. Herbert Richardson for Science, Technology and Energy. Requiring telephone notice to customers when an electrical outage is expected to exceed four hours is not an appropriate standard or practical means of notice in all situations, nor does it encompass the systematic approach needed to inform customers about outages and emergencies. Utilities already have plans in place to accomplish this which may include, depending on the circumstances, the use of various media outlets, phone call notifications, and communications with state and local authorities. In addition, utilities are working on making further improvements to take advantage of changes in technology and how people communicate. Vote 20-0.

HB 1367, relative to the public utility commission's authority to implement measures to increase the reliability, cost effectiveness, efficiency, or resiliency of the electrical grid. **INEXPEDIENT TO LEGISLATE.**

Rep. Robert Backus for Science, Technology and Energy. This bill would have waived any limitations under the Limited Electrical Energy Producers Act, RSA 362-A, regarding targeted net energy metering or to implement measures designed to increase grid reliability, efficiency, cost effectiveness, or overall resiliency of the electrical grid. Since the Public Utilities Commission currently has an open and active docket on grid modernization, the committee deemed this bill unnecessary. Vote 20-0.

HB 1472, relative to the siting of certain new pipelines and storage vessels. INEXPEDIENT TO LEGISLATE.

Rep. Glen Aldrich for Science, Technology and Energy. This bill would make it more difficult for gas transmission lines to be put in place. There was no testimony of any problems with gas transmission lines being damaged by frost heaves. Considering both the standard way they are buried with substantial overburden and the heat generated from the gas being compressed, there seems to be no issues of failure due to freezing. Therefore, the majority felt this bill unnecessary. Vote 17-1.

HB 1483, relative to community renewable energy. INEXPEDIENT TO LEGISLATE.

Rep. James Parison for Science, Technology and Energy. This bill would require electric utilities to sort out individual usage in a collective generation community (group net metering) and then bill each user separately. While this convenience may be a reasonable ask, the bill would also provide for reduced utility tariffs and create a targeted local tax exemption that would allow taking money from ratepayers and average town taxpayers and redistributing these funds to a list of special interests and projects the bill sponsors seem to think deserving. Since the local cash award decisions could be made by any two selectmen, the committee felt this bill if enacted would lead to favoritism and the corruption of an otherwise fair tax system. Vote 20-0.

HB 1502, establishing a committee to study odor emissions from landfills. **INEXPEDIENT TO LEGISLATE.**

Rep. Glen Aldrich for Science, Technology and Energy. After hearing testimony on the bill, it appears that the annual testing already being done at landfills shows that odors are well within the limits set by the state. Even though many complaints have been filed, it seems that only a couple of property owners downwind of the landfill made a majority of the complaints. While the committee understands the frustration of the property owners, the committee feels that studying this further will not solve the problem of being downwind of a landfill. Vote 20-1.

HB 1449-FN, relative to additional temporary supplemental allowances for retired members of the retirement system. **REFER FOR INTERIM STUDY.**

Rep. Gary Azarian for Special Committee on Public Employee Pension Plans. The committee was unanimous in recommending this bill be Referred for Interim Study. The committee agreed that there are retired persons in the system that could benefit from a temporary supplemental allowance (TSA). The committee wants more time to consider the amount of the TSA, who would qualify, the funding mechanism, and the total amount to be appropriated. The committee also believed that any appropriations to fund a TSA should follow standard legislative procedure and be referred to the Finance Committee as a second committee if the House votes to adopt the underlying policy. Vote 10-0.

HB 1489, establishing a committee to study the rates of employer contributions in the retirement system. INEXPEDIENT TO LEGISLATE.

Rep. Gary Azarian for Special Committee on Public Employee Pension Plans. Establishing a committee to study the rates of employer contributions to the NH retirement system is not necessary. The information that this committee would gather is readily available now from the NHRS and legislating yet another study committee is not needed. Vote 9-0.

CACR 24, relating to the right to travel. Providing that all people have the right to travel within the state in their choice of privately owned conveyance. **INEXPEDIENT TO LEGISLATE.**

Rep. Chris True for Transportation. This amendment would do away with most of the motor vehicle laws. The committee does not support cancelling the requirements of licensing and registering trucks and automobiles, which would cost the state over \$93 million in lost revenue. Vote 18-0.

HB 1102, relative to travel on ways with 3 or more lanes. INEXPEDIENT TO LEGISLATE. Rep. Thomas Walsh for Transportation. This bill attempts to exclude commercial vehicles from traveling in the extreme lane on certain highways with three or more lanes. There are unanswered questions about open road tolling areas and additional signage costs, among others. No amendments were offered to address the issues. Vote 17-0.

HB 1131, relative to vehicles formerly used as ambulances. INEXPEDIENT TO LEGISLATE. Rep. Karel Crawford for Transportation. This committee passed HB 196 (Ch. 63, Laws of 2015, RSA 266:78-r) last session which says a vehicle formerly used as an ambulance must have identifying features removed such as red forward and side emergency lights, etc. The majority of the committee agreed to let the law have time to work. Vote 14-3.

HB 1151, relative to after market tinting on side windows. INEXPEDIENT TO LEGISLATE. Rep. Werner Horn for Transportation. This bill seeks to allow tinting on side windows. Legislation to allow this, in the form of HB 1445, has already been recommended by this committee, making this bill unnecessary. Vote 17-0.

HB 1156, relative to interference with traffic devices. OUGHT TO PASS WITH AMENDMENT. Rep. Thomas Walsh for Transportation. This bill adds public transit bus operators to the list of exemptions from RSA 265:15, II(c) which prohibits using a device to change traffic signals. The amendment added a reference in subparagraph (d) as well. Repealing this prohibition allows stakeholders to study a system that could eventually be considered for future legislation and municipal approval. The bill and amendment do not create or even authorize implementation of such a system at this time. Vote 16-0.

Amendment (0523h)

Amend RSA 265:15, II(d) as inserted by section 2 of the bill by replacing it with the following:

(d) The exemptions set forth in subparagraphs (c)(1)-[(c)(4)] (c)(5) shall only apply to such personnel when they are operating licensed ambulances, licensed fire apparatus, [or] government-owned vehicles, or fixed route public transit buses.

HB 1157, relative to enforcement of the prohibition on the use of mobile electronic devices while driving. **INEXPEDIENT TO LEGISLATE.**

Rep. Werner Horn for Transportation. RSA 265:79-c limits driving while using a mobile electronic device. Testimony by state police indicated that three years is an appropriate length of time to evaluate the impact on driver behavior. With RSA 265:79-c having only been implemented since July 2015, bills that modify the law without proper time to evaluate the impact on driver behavior hinder the effect of these laws. Vote 15-2.

HB 1158, relative to an exemption from the prohibition on the use of mobile electronic devices while driving. **INEXPEDIENT TO LEGISLATE.**

Rep. Werner Horn for Transportation. RSA 265:79-c limits driving while using a mobile electronic device. Testimony by state police indicated that three years is an appropriate length of time to evaluate the impact on driver behavior. With RSA 265:79-c having only been implemented since July 2015, bills that modify the law without proper time to evaluate the impact on driver behavior hinder the effect of these laws. Vote 15-2.

HB 1161, relative to the traffic safety commission. OUGHT TO PASS WITH AMENDMENT. Rep. Karel Crawford for Transportation. This bill reorganizes the Traffic Safety Commission and was requested by the Department of Safety. No one testified against this bill. The amendment changed the word "chairman" to "representative" and American Association of Retired Persons to "AARP." Vote 17-0.

Amendment (0649h)

Amend RSA 238:10, I(a) as inserted by section 1 of the bill by replacing it with the following:

- (a) Representatives of the following organizations nominated by their respective organizations and appointed by the commissioner of the department of safety. Initial appointments shall be: 4 members for one year, 5 members for 2 years, and 5 members for 3 years. After the initial term, members shall each serve for terms of 3 years and until a successor is duly qualified and recommended by their respective organizations. Vacancies shall be filled for the unexpired terms in the same manner as the original appointment.
 - (1) One member of the New Hampshire Association of Chiefs of Police.
 - (2) One member of the New Hampshire Sheriffs Association.
 - (3) One county attorney representing the New Hampshire Association of Counties.
 - (4) The executive director of the New Hampshire Municipal Association.
 - (5) One representative of the New Hampshire Automobile Dealers Association.
 - (6) One representative of the New Hampshire Motor Transport Association.
 - (7) One representative of the New Hampshire School Transportation Association.
 - (8) One representative of the American Automobile Association of Northern New England. (9) One representative of the New Hampshire branch of AARP.
 - (10) One representative of the New Hampshire Driver Education Teachers Association.
 - (11) One representative of the New Hampshire Hospital Association.
 - (12) One representative of the New Hampshire Association of Fire Chiefs.
 - (13) One representative of the Granite State Wheelmen.
 - (14) One representative of the Associated General Contractors of New Hampshire.

HB 1162, relative to eligibility for utility dealer registration. INEXPEDIENT TO LEGISLATE. Rep. Steven Smith for Transportation. This bill was well intended, but the stakeholders were unable to reach a consensus regarding collecting the fees from independent registration agents. Vote 18-0.

HB 1186, repealing the law prohibiting coasting of vehicles. OUGHT TO PASS WITH AMEND-MENT.

Rep. Alan Cohen for Transportation. This law is unobservable by law enforcement and therefore unenforceable. It should be removed from the statutes. The amendment changes the effective date to date of bill passage. Vote 16-2.

Amendment (0753h)

Amend the bill by replacing section 2 with the following:

2 Effective Date. This act shall take effect upon its passage.

HB 1271, making certain length and width exemptions concerning commercial vehicles. OUGHT TO PASS.

Rep. Larry Gagne for Transportation. This bill will establish additional length and width exemptions for commercial vehicles which will create parity between New Hampshire and neighboring states regarding commercial vehicle exceptions. Consistency among the states will help companies and others engaged in transportation to more efficiently and safely move goods between the states. This bill was requested by the Department of Safety. Vote 16-0.

HB 1302, relative to driver's license requirements for operation of a mixed use school bus. **OUGHT TO PASS.**

Rep. Gladys Johnsen for Transportation. This bill requires the operator of a commercial vehicle to hold a valid commercial driver's license. An operator of a mixed use school bus that qualifies as a commercial motor vehicle as defined in RSA 259:12-e shall hold a valid commercial driver's license pursuant to RSA 263:86 appropriate for the type and class of mixed use school vehicle being driven. This could be a coach or a choral director. Federal law requires a CDL when there are 15 or more passengers. The vehicle must be owned by the school or institution. Non-profit schools (i.e., charter) are exempt; they have different rules. This bill is supported by the Department of Safety. Vote 15-1.

HB 1308, allowing motorcycles to pass a vehicle in the same lane or travel between lanes of traffic in certain instances. INEXPEDIENT TO LEGISLATE.

Rep. Alan Cohen for Transportation. This bill allows motorcycles to pass vehicles in the same lane. This bill would also allow three-wheeled motorcycles to cut through slow traffic and create a huge logiam at red lights. The committee believes that this bill creates safety issues for motorcyclists and other drivers, and ignores the need to update right of way statutes. Vote 19-0.

HB 1347, establishing a committee to study sharing the road with bicycles and motorcycles. **INEXPEDIENT TO LEGISLATE.**

Rep. Brian Chirichiello for Transportation. This is a study bill in the second half of the session. While this topic may have merit, it would be best to bring this bill up in the new session which would provide a better chance for the committee to produce legislation. The committee also felt that the charge contained in the bill was too broad, and that the proposed study committee would lack focus. Vote 18-1.

HB 1396, relative to OHRV operation on certain highways in Grafton County. OUGHT TO PASS. Rep. George Sykes for Transportation. This bill will extend the allowable practice of OHRV operation on highways, if designated by the Department of Resources and Economic Development Bureau of Trails, and approved by the Department of Transportation, from just Coos County to also include Grafton County. This bill will help drive further economic activity in Grafton County. No highways will be approved as trail connectors without first following the procedures established in current statute. Vote 17-0.

HB 1405, repealing the prohibition on after market tinted glass in motor vehicles. INEXPEDIENT TO LEGISLATE.

Rep. Karel Crawford for Transportation. This bill is one of three bills that repeal the prohibition on market-tinted glass in a motor vehicle. This committee passed a similar bill, HB 1445, that permits tinting at 35%. This is essentially a duplicate. Vote 17-0.

HB 1421-FN, relative to exemptions from certificate of title for a vehicle. INEXPEDIENT TO LEGISLATE.

Rep. Thomas Walsh for Transportation. This bill seeks to reverse a law that has been in effect for just over a year. Starting in January 2015, titles are required on all vehicles from year 2000 and up. Proof of ownership, ability to get loans and safely being able to scrap old cars are just a few reasons this change had such wide support. The committee didn't hear any compelling reasons for changing the title requirement back to vehicles 15 years old. People who may lose or buy a vehicle with a missing title have a means through DMV to get it re-titled. Vote 18-0.

HB 1452, relative to motor vehicle laws applicable to diplomats and certain officials. **OUGHT TO PASS.**

Rep. Steven Smith for Transportation. In the 1980s a bill was passed that gave New Hampshire car registrations, free of charge, to members of the State Department, US Senators, and White House staff. The committee believes that these people can afford to register their cars. This bill adds those people to the cover plate statute. Like New Hampshire State Representatives, they can register their own cars and pay \$9 for cover plates. Vote 15-1.

HB 1462, relative to the height of a motor vehicle body and chassis. INEXPEDIENT TO LEGISLATE.

Rep. Thomas Walsh for Transportation. This bill seeks to eliminate the minimum bumper height on motor vehicles. There was no testimony in favor. Car customizers have pneumatic and hydraulic options available to lower their cars for shows, while still complying with road regulations. Vote 17-1.

HB 1469, relative to the restriction of drivers' licenses for nonpayment of child support. INEX-PEDIENT TO LEGISLATE.

Rep. Russell Dumais for Transportation. The Department of Motor Vehicles, the Department of Health and Human Services and New Hampshire Legal Assistance all opposed the bill. No one testified in support of the bill. Vote 19-0.

HB 1649-FN, relative to state inspection of new motor vehicles. INEXPEDIENT TO LEGISLATE. Rep. Thomas Walsh for Transportation. This bill would eliminate safety inspection requirements for cars under three years old. The bill makes no provision for OBD inspections necessary for compliance with the Clean Air Act. Further, illegal modifications to a new vehicle would not be discovered until an expensive violation ticket was written. Vote 17-1.

HB 1101, prohibiting charges to New Hampshire residents for the construction of high pressure gas pipelines. **REFER FOR INTERIM STUDY.**

Rep. Richard Ames for Ways and Means. The New Hampshire Public Utilities Commission (PUC) is currently considering whether to allow electric utilities (also known as Electric Distribution Companies or EDCs) to enter into long term contracts acquiring gas transportation capacity on new high pressure natural gas pipelines. Such contracts, if approved by the PUC, would help finance pipeline development costs. The development costs covered by such an approved contract would then be recovered through involuntary assessments on the electric utility's customers or ratepayers. The central legal issue is whether or not such capacity acquisitions by EDCs would violate the state's electric utility restructuring principles as set out in RSA 374-F, particularly the principle calling for the functional separation of generating services, which are to be subject to open market competition, from transmission and distribution services, which are to continue under state regulation. In a January 19, 2016 order, the PUC stated that no consensus exists regarding the potential legality of such an acquisition of gas capacity by a New Hampshire EDC and that it expected that such a capacity acquisition and the related cost recovery would be highly controversial. HB 1101, both as originally filed and as clarified and focused in an amendment considered by the committee, would resolve this legal dispute by simply prohibiting the imposition of all such charges on ratepayers. On February 18, 2016, Eversource filed a petition requesting the PUC's approval of a 20-year interstate pipeline capacity acquisition contract. Similar proposals have been presented for approval in neighboring states. In these circumstances, retention of HB 1101 for interim study will allow the committee time to monitor over the next six months all legal developments relating to these pipeline capacity acquisition contracts here in New Hampshire and in neighboring states. Also, during this time, the committee will be able to gain a better understanding of the likely impact of these pipeline developments on natural gas prices, electric utility pricing, and carbon emissions in New Hampshire. Whichever way the PUC comes out on the basic question of the legality or illegality of the pipeline acquisition contracts, a committee report in October 2016 on whether or not further legislation is needed will be based on far better information than is now available. Vote 21-0.

HB 1197, relative to conservation number plate funds. OUGHT TO PASS.

Rep. Patrick Abrami for Ways and Means. This bill was brought forth by the State Treasurer. It amends statutes related to the Land and Community Heritage Investment Program (LCHIP) to reflect that the State Treasurer has no involvement in the administration of this program as current statutes imply. The allocation of funds from the conservation fund plate is the responsibility of the Commissioner of Safety and not the State Treasurer. In addition, the establishment of the fund known as the Land and Community Heritage Investment Program Administrative Fund is the responsibility of the New Hampshire Land and Community Heritage Investment Authority and not the State Treasurer. The other major change is modifying any language referring to a trust fund to simply a fund, since these funds are not trust funds. There was no testimony in opposition to these changes. Vote 20-0.

HB 1199, allowing adults to play children's bingo at private campgrounds or hotels. OUGHT TO PASS. Rep. Joseph Lachance for Ways and Means. This bill updated the law regarding special bingo games for children at a private campground or hotel. Specifically, any person over the age of 18 may play the game for the purpose of supervising the child or children he or she is with, however such adult shall not be eligible to win. The card such adult is playing shall be marked in such a way that the bingo attendant is able to identify it as not eligible to win under this paragraph. Vote 17-0.

HB 1208-FN, relative to administration of the tobacco tax. OUGHT TO PASS.

Rep. Patrick Abrami for Ways and Means. This bill makes technical and clarifying changes to RSA 78, Tobacco Tax laws, which include changing the definition of "premium cigar," adding needed definitions, removing references to "metering machines," and clarifying activities which constitute unauthorized sales of tobacco products. In addition this bill adds a requirement for records of tobacco stamps sold to wholesalers and tobacco products distributed, and provides for consumer reporting on Internet sales and out of state purchases and payment for same. The definition of "premium cigar" is amended to remove the dollar criterion of \$2.00 or more. This bill was previously passed by the House in 2015 (HB 550). Vote 20-0.

HB 1254-FN-L, providing an exemption from the business profits tax and the business enterprise tax for certain manufacturing businesses. INEXPEDIENT TO LEGISLATE.

Rep. Bill Ohm for Ways and Means. This bill would provide a 15-year exemption from business taxes to certain entities in several counties. The committee feels that selective tax exemptions are not good policy, and that other entities in other counties would be discriminated against, raising constitutional questions. Vote 19-0.

HB 1258-FN, establishing exemptions from the business profits tax and business enterprise tax for new businesses in New Hampshire. INEXPEDIENT TO LEGISLATE.

Rep. Jordan Ulery for Ways and Means. This bill attempted to create a carve-out from the Business Enterprise Tax and Business Profits Tax for new businesses in New Hampshire. The intent was to encourage new business openings in the Granite State. Unfortunately the wording was difficult in several areas. The constitutional mandate that taxes in New Hampshire be equitable and proportionate would have required creating a new class of taxable entity, a "new business." While the definition in the bill required a different North American Industry Classification System code for each enterprise, there was nothing to effectively prevent dissolution and reforming at the expiration of the exemption. Thus the definition of "new business" was not as complete as necessary. Also contained in the bill was wording that left to a bureaucracy the requirement of determining what "good citizenship" and contributing to the economy of New Hampshire entailed. The Department of Revenue Administration was also concerned about the administrative practices and costs of monitoring and evaluating the internship programs contained in the bill. In addition the illicit practice of creating a hiring preference for New Hampshire residents was included. Vote 19-0.

HB 1289, making technical corrections to certain tax laws. OUGHT TO PASS WITH AMENDMENT. Rep. Patrick Abrami for Ways and Means. This bill was brought forth by the Department of Revenue Administration (DRA). This bill makes nine technical corrections to a variety of statutes related to taxes. The committee heard testimony on each change and questioned the DRA on each before moving to the next. They did respond to all the committee's questions to its satisfaction. There was one small amendment to the original bill that clarified issues brought up during the public hearing. No one testified against these changes. None of these changes will have an impact in any way on state revenue going forward. Vote 20-0.

Amendment (0181h)

Amend the bill by replacing section 7 with the following:

7 New Paragraph; Nursing Facility Quality Assessment; Rulemaking. Amend RSA 84-C:9 by inserting after paragraph I the following new paragraph:

I-a. The commissioner may adopt rules, pursuant to RSA 541-A, relative to exceptions to the requirement of RSA 84-C:5, I that payment be made by electronic transfer in instances when a nursing facility is unable to remit payment to the state treasurer by electronic transfer.

Amend the bill by inserting after section 10 the following and renumbering the original section 11 to read as 13:

11 Reference; Multistate Tax Commission Audits. Amend RSA 21-J:3, XXXI to read as follows: XXXI. Have the authority, subject to appropriation, to contract with the Multistate Tax Commission for participation in audits performed by the Multistate Tax Commission on behalf of member states. While under contract with the state, the Multistate Tax Commission shall be an authorized agent of the commissioner for the purposes [RSA 21-J:14-e] of paragraph IX.

12 Real Estate Transfer Tax; Declaration of Consideration. Amend RSA 78-B:10, I(b) to read as follows:

(b) Contain a space immediately below the statement in subparagraph (a) for the dated [and witnessed] signature of the purchaser, grantee, assignee, or transferee of the deeded real estate on their respective declaration of consideration and for the dated [and witnessed] signature of the seller, grantor, assignor, or transferor of the deeded real estate on their respective declaration of consideration.

AMENDED ANALYSIS

This bill makes technical corrections regarding rulemaking authority and reporting and payment dates to certain tax laws. The bill removes a requirement for witnessed signatures on declaration of consideration reports under the real estate transfer tax. The bill repeals the law establishing the division of automated information systems.

This bill was requested by the department of revenue administration.

HB 1290, relative to filing dates for business taxes. OUGHT TO PASS WITH AMENDMENT. Rep. Don Leeman for Ways and Means. This bill was requested by the Department of Revenue Administration (DRA) and calls for a change of the due dates for filing returns for both the Business Profits Tax and the Business Enterprise Tax. The bill makes these changes so as to comply with the federal due dates for partnership and corporate tax returns. The bill also makes one technical correction, as was explained to Ways and Means by the DRA. The amendment resolves the issue of when the bill applies, starting with taxable periods after December 31, 2015. Vote 20-0.

Amendment (0149h)

Amend the bill by inserting after section 3 the following and renumbering the original section 4 to read as 5: 4 Applicability. The provisions of this act shall apply to taxable periods beginning after December 31, 2015.

HB 1385-FN-A, relative to the sale or exchange of an interest in a business organization under the business profits tax. OUGHT TO PASS WITH AMENDMENT.

Rep. Patricia Lovejoy for Ways and Means. This bill corrects a flaw in our tax system. NH taxes partnerships, Sub Chapter S corporations and (Limited Liability Companies) LLC's differently than does the federal government and the vast majority of states. The federal government and most states treat all net income or loss from one of these entities as a pass through to the owner's personal tax returns. Since NH does not have a personal income tax, NH taxes the entity with both Business Enterprise Tax and Business Profit Taxes (BPT). When an interest in one of these types of organizations is sold for more than the owner's basis, NH imposes BPT on the PURCHASER not the SELLER for the difference between sales price and the seller's basis. In return the purchaser gets to record the assets purchased at their purchased price, not the previous owner's basis. This is referred to as a step-up in basis. The Business Tax Commission had identified this situation as a flaw that hurts NH's competitive basis, and significantly disadvantages small businesses, especially start-up businesses. This bill gives the purchaser the choice between not paying the tax and therefore not getting the step-up in basis or paying the tax and getting the step-up in basis. The amendment changes the default from paying the tax to not paying the tax if the taxpayer neglects to select an option on their tax return. This provides needed flexibility for NH businesses. Vote 20-1.

Amendment (0828h)

Amend the bill by replacing all after the enacting clause with the following:

1 Sale or Exchange of an Interest in a Business Organization. RSA 77-A:4, XIV is repealed and reenacted to read as follows:

XIV.(a) In the case of a business organization where an ownership interest in the business organization is sold or exchanged and the transaction, for federal income tax purposes results in an increase in the basis of the assets for one or more of the parties to the transaction, the business organization shall:

- (1) Add to the gross business profits of the business organization, for each taxable period, an amount equal to the annual depreciation or amortization attributable to the increase in the basis of the assets recognized by the parties to the transaction for federal income tax purposes; and
- (2) Calculate the gain or loss on the sale or other disposition of an asset without regard to the basis increase recognized by any party to the transaction for federal income tax purposes, from the sale or exchange of the ownership interest in the business organization.
- (b) A business organization may, for a particular sale or exchange, make an irrevocable election on a timely filed return including any extension period, to recognize the basis increase of the assets for one or more of the parties to the transaction for federal income tax purposes. Such business organization for the purposes of the business profits tax shall:
- (1) Be required to make an addition to gross business profits of the business organization equal to the net increase in the basis of all assets transferred or sold in the tax period in which the sale or exchange of the ownership interest occurs;
- (2) Be allowed a deduction against its gross business profits for annual depreciation or amortization attributable to the increase in the basis of the assets recognized by the parties to the transaction for federal income tax purposes; and
- (3) Calculate the gain or loss on the sale or other disposition of an asset with regard to the basis increase recognized by any party to the transaction for federal income tax purposes, from the sale or exchange of the ownership interest in the business organization.

- 2 Applicability. This act shall take effect for sales or exchanges of interests in business organizations that occur on and after January 1, 2016.
 - 3 Effective Date. This act shall take effect upon its passage.

HB 1391, relative to the price of bingo cards at senior bingo and bingo at private campgrounds and hotels. OUGHT TO PASS.

Rep. Brian Gallagher for Ways and Means. This bill raises the limit on the price paid per bingo card at senior bingo. This bill also sets limits on payouts for senior bingo and bingo at private campgrounds and hotels. Testimony was received that every penny collected would go back to the players and that more people could play and avoid being turned away. The change in limit was noted as an adjustment due to inflation, the prize changes are permissive and not mandatory. Vote 17-0.

HB 1436-FN, relative to exemption from the yield tax on timber for clearing for solar energy. INEXPEDIENT TO LEGISLATE.

Rep. Susan Almy for Ways and Means. This bill emerged from the problem of a single constituent, but the current and prior chief assessor of the Department of Revenue Administration said current law is clear that no tax is due the town or state when the trees cut are near the house. As they explained, the "value on the stump" that triggers an intent to cut form and local Timber Tax is the amount that a third party would pay the landowner to be able to cut and remove a tree. Since small numbers of trees near houses cost more to cut and remove than they can be sold for, their value is negative, and no tax is levied. Vote 20-0.

HB 1488, establishing a commission to review and make recommendations for the recodification of RSA 284 and RSA 287-D. **INEXPEDIENT TO LEGISLATE.**

Rep. Bill Ohm for Ways and Means. This bill proposed a study commission to review and make recommendations regarding statutes dealing with horse and dog racing and games of chance. No one testified in support of the bill, and the Lottery Commission is opposed, because Racing & Charitable Gaming is merging with the Lottery Commission, and this could be premature. The committee sees no need for this bill at this time. Vote 17-0.

HB 1498, repealing the prohibition on certain gambling. **INEXPEDIENT TO LEGISLATE.** Rep. Gary Azarian for Ways and Means. This bill seeks to repeal RSA 647:2 which, if enacted, would allow all forms of gambling in NH. The bill makes no provision for rules, rulemaking authority, regulation or oversight. If NH decides to expand gaming, this certainly would not be the model. The Attorney General also expressed opposition. Vote 17-0.

HB 1538-FN-A, relative to revising the business enterprise tax as a business flat tax, reducing the rate of the interest and dividends tax, repealing certain taxes, and establishing a commission to recommend statutory changes for the implementation of this new tax structure. **INEXPEDIENT TO LEGISLATE.**

Rep. Gary Azarian for Ways and Means. This bill seeks to repeal the Business Profits Tax, Business Enterprise Tax and the Medicaid Enhancement Tax. It also reduces the rate of the Interest and Dividends Tax by implementing a Business Flat Tax. The bill also establishes a commission to recommend statutory changes for the implementation of this new tax structure. The legislation would nullify the exemption for schools and non-profits. Additionally, the bill would subject state departments and political subdivisions to the Business Flat Tax. Vote 19-0.

HB 1544-FN-A-L, establishing a tax on revenues from natural gas transmission. INEXPEDIENT TO LEGISLATE.

Rep. Brian Gallagher for Ways and Means. This bill establishes a tax on revenues received under contracts for natural gas transmission via in-state pipelines. No information could be provided on revenues which could potentially be subject to this tax. Pursuant to Federal Energy Regulatory Commission (FERC) regulations, any such tax would be considered an allowed cost of service item and thus recoverable in future rate structures over which FERC has jurisdiction. Strong opposition was expressed to this proposal from the Nashua Chamber of Commerce. Vote 21-0.

HB 1545-FN, relative to Lucky 7 tickets. REFER FOR INTERIM STUDY.

Rep. Bill Ohm for Ways and Means. This bill would authorize charitable gaming organizations to increase the denomination of Lucky 7 tickets from 50 cents to \$1, and permit electronic

dispensers of such tickets to only dispense a paper ticket on request. The committee feels that these electronic dispensers already look, feel and act like slot machines, and the proposed changes would only enhance the effect. While the committee heard testimony that such machines are legal, they believe that they are contrary to legislative intent. Approximately 350 of these machines are installed, none recently. Refer for Interim Study is recommended to review what, if anything should be done with this type of device. Vote 21-0.

HB 1554-FN, establishing a state sports lottery. INEXPEDIENT TO LEGISLATE.

Rep. Patrick Abrami for Ways and Means. This bill called for the introduction of sports lottery into the portfolio of New Hampshire Lottery games. Although there were members intrigued by the idea of having a lottery tied to actual athletic events, there were several major reasons that this was not felt to be a good idea at this time. There are only a few states with this type of lottery game in place with the most prominent being Delaware. There is ongoing major litigation that we would have the potential of being drawn into if this bill were to pass and be signed into law. It was felt that the timing of the filing of this bill was not good. Once other states have cleared the legal hurdles it would lead to a clearer path for New Hampshire to consider this type of lottery game on its merits. With this said the bill also needed work to make it acceptable to the committee. One major item was the bill called for the game to be tied to both professional and collegiate sporting events. There was no appetite on the committee to have this game tied to collegiate sporting events. Vote 19-0.

HB 1572-FN, establishing a broadband deployment tax credit incentive program against the business profits tax and the business enterprise tax. **REFER FOR INTERIM STUDY**.

Rep. Gary Azarian for Ways and Means. This bill called for tax credits of up to \$2 million for broadband companies to provide Internet and broadband service in areas of the state where such service is unavailable. There is high site cost for construction to provide service in remote areas. The committee will study this issue to help better understand whether issuing credits is the best way to move forward in providing broadband and Internet service to these areas. Vote 21-0.

HB 1650, relative to limits in table stakes poker. REFER FOR INTERIM STUDY.

Rep. Patrick Abrami for Ways and Means. This bill attempts to correct language in a statute that was passed last term (HB 169, Chapter 160, Laws of 2015) related to how table stakes poker games shall be played at charitable gaming facilities across the state. This committee's Inexpedient to Legislate recommendation was overridden on the House floor last term. This statute led to an open-ended amount of money being bet at our charitable gaming establishments. Our charitable gaming facilities had crossed the line into the world of true casinos. To stem the tide, the Lottery Commission published a policy which took effect on September 25, 2015 which, in the short run, has stabilized how last year's statute was being interpreted. The committee attempted to use the commission's guidelines as a template for amending the underlying bill. It became clear that as the committee dug deeper into how the game of poker is played and the betting schemes that more time was required. The committee was comfortable with the Lottery Commission's policies in place and their policing of these policies that the initial crisis had passed and that there was time for the committee to take a more expansive examination of the whole issue. This resulted in a motion to Refer for Interim Study to examine all aspects of table stakes poker and how it should be played at our charitable gaming facilities. Vote 21-0.

HB 1656-FN, relative to exceptions to the real estate transfer tax. OUGHT TO PASS.

Rep. Gary Azarian for Ways and Means. This bill creates an exemption from the Real Estate Transfer Tax for transfers of like ownership. For example, if an individual or couple who own property wishes to transfer that property to an LLC or trust with like ownership for estate planning purposes. With this bill this type of transfer would be exempt from the Real Estate Transfer Tax. Vote 20-0.

HB 1689, relative to operator requirements under the meals and rooms tax. OUGHT TO PASS. Rep. Jordan Ulery for Ways and Means. This bill seeks to inventory taxable rental property to help the Department of Revenue Administration to identify units that would be subject to the Meals and Rooms Tax assessment. Each rental business already, as part of their business operations, maintains a list of rental properties. This bill merely creates a basis from where taxes are due. The committee felt that this requirement would not be burdensome to the industry. Vote 21-0.

REGULAR CALENDAR

CACR 17, relating to domicile for the purpose of voting. Providing that only a resident of the state may establish a domicile for the purpose of voting. MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Barbara Griffin for the Majority of Election Law. For most of the history of our state, it was understood that a person had to be a resident of New Hampshire in order to vote here. However, in recent years, the law has been interpreted to permit people who are residents of other states to vote in our elections if they claim they are domiciled somewhere in the state for voting purposes. This policy was litigated in Guare vs. the State of New Hampshire. On July 24, 2014, Superior Court Judge Brian Tucker issued an order in which he stated, in part "a citizen need not be a resident of New Hampshire in order to vote in this state." The state appealed to the New Hampshire Supreme Court and lost. This proposed constitutional amendment will require voters in this state to be residents of New Hampshire. It inserts after Part I, Article 11, one sentence that says "[Only Residents May Vote.] No person may establish a domicile for the purpose of voting unless he or she is a resident of the town, ward, or unincorporated place where he or she seeks to vote." No testimony was offered in the committee stating any reason why any resident of another state should be permitted to vote in our elections. Residency is not a requirement to remain in the state permanently. This constitutional amendment protects the votes of all legitimate residents of our state from being diluted by the votes of people who are not residents of New Hampshire. Vote 11-7.

Rep. Wayne Burton for the Minority of Election Law. By redefining domicile as residence, this proposed amendment to our state constitution will have the effect of disenfranchising those coming to NH as college students, veterans seeking services, and medical professionals on interim appointments, for example, through requiring a permanency standard deemed constitutionally unacceptable by the US Supreme Court. Changing settled law in ways that reduce voter turnout, now among the highest in the country, diminishes our exemplary status of which our forebears would be proud.

The question being adoption of the majority committee report of Ought to Pass.

Rep. Bates spoke in favor.

Rep. Burton spoke against.

Rep. Hinch requested a roll call; sufficiently seconded.

MOTION TO LAY ON THE TABLE

Rep. Shurtleff moved that **CACR 17**, relating to domicile for the purpose of voting. Providing that only a resident of the state may establish a domicile for the purpose of voting, be laid on the table. Motion adopted.

MOTION TO SPECIAL ORDER

Rep. Hinch moved that **SB 380**, establishing the drinking water and groundwater trust fund and establishing the New Hampshire drinking water and groundwater advisory commission, be made a Special Order as the next order of business.

Motion adopted.

SPECIAL ORDER

SB 380, establishing the drinking water and groundwater trust fund and establishing the New Hampshire drinking water and groundwater advisory commission. OUGHT TO PASS.

Rep. Chris Christensen for Resources, Recreation and Development. In 2003, New Hampshire brought suit against companies distributing methyl tertiary-butyl ether (MTBE) in the state, causing contamination of its waters. MTBE was banned in the state in 2007. Most companies settled out of court, but Exxon contested the suit. The case is now close to being finished in the court system, and when a settlement is received, we need to be prepared to administer the funds. There is a goal to be sure the settlement is used for its intended purposes which are water protection and remediation of contaminated sites. This bill establishes such a fund in the custody of the State Treasurer and establishes an 11 member advisory commission to oversee the use of the funds. The commission will report annually on its operations and progress. Vote 18-0.

Rep. Kurk offered floor amendment (0940h).

Floor Amendment (0940h)

Amend the introductory paragraph of RSA 485-F:3, I as inserted by section 2 of the bill by replacing it with the following:

I. The department shall administer the drinking water and groundwater trust fund through the MTBE remediation bureau. Subject to the approval of the fiscal committee of the general court, trust fund proceeds sufficient to fund the department's MTBE remediation bureau and qualifying projects shall be transferred to the department and maintained in a separate, nonlapsing account, continually appropriated to the department for the purpose of paying all costs of this program. The department shall:

Rep. Kurk spoke in favor and yielded to questions.

Floor amendment adopted.

Committee report adopted and ordered to third reading.

MOTION TO PRINT DEBATE

Rep. Shurtleff moved that the debate on SB 380, establishing the drinking water and groundwater trust fund and establishing the New Hampshire drinking water and groundwater advisory commission, be printed in the Permanent Journal.

Without objection, the Speaker ordered.

DEBATE ON SB 380

Speaker Jasper: The Chair recognizes Rep. Kurk to offer floor amendment (0940h) and to speak to his motion.

Representative Kurk: Thank you, Mister Speaker. Mister Speaker, this bill sets up a fund consisting of the entire amount of money awarded to the State of New Hampshire in the Exxon case and requires the money to be spent for MTBE remediation and other water type projects. The way the bill is set up, the Department of Environmental Services has total control over what happens to the money, without any review, and there are no standards set up in the bill for them to operate. For a variety of reasons, I think that's inappropriate so this amendment inserts the language, "subject to the approval of the Fiscal Committee," so that at least there's some legislative involvement in spending \$200 million. This language has been vetted by various parties and it does not affect the reason for the introduction of this bill. Thank you, Mister Speaker.

Speaker Jasper: Will the member yield to a question? Rep. Lynne Ober, you may inquire.

Representative Lynne Ober: Thank you for taking my question. Normally a bill that spends money would be coming to Finance as a second committee. Is that true with this situation, and if no, would you explain please?

Representative Kurk: The answer is no and I think any explanation needs to come from the Speaker.

Speaker Jasper: I will answer the question. This bill would not be referred to Finance, as it does not involve state funds, any appropriations from the state. This is actually dealing with a settlement and that's why it would not go to Finance. Representative Marjorie Smith, you may inquire. Will the member yield to a question? Rep. Smith, you may inquire.

Representative Marjorie Smith: Thank you, Mister Speaker. Representative, is there anything in the language of your amendment that could interfere with all of the funds that may come out of this settlement being spent for the stated purposes?

Representative Kurk: No, this amendment will not change the purpose for which the funds can be spent. It only allows the department to spend those funds with the approval of the Fiscal Committee, but only for the purposes set forth in the bill.

Speaker Jasper: Thank you. By way of further explanation to the House, as you notice, this is a Senate Bill. This bill is being fast-tracked due to the fact that the whole issue with the groundwater contamination is in litigation. There is a question of will the state just take the money and spend it for any purpose. This locks it into the purpose for which the settlement would take place and the decisions are expected at the end of the month and so this language is necessary for the settlement to take place. Rep. Kurk? Member yields, you may inquire.

Representative Spang: Thank you, Mister Speaker. Thank you to the Representative from Weare. That's alright, it's just the introductions. Just to put a finer point on it. I think it is essential that we make sure that this bill goes through as cleanly as possible. When Exxon-Mobil was arguing against giving this money to the State of New Hampshire, they argued that the state has a habit of taking money that has been dedicated to something and putting it into something else. They were arguing that we would do the same...

Speaker Jasper: Will the member please suspend? The member was recognized for a question. **Representative Spang:** So, I'm asking Rep. Kurk what this amendment would do in terms of undermining that, or supporting that argument by Exxon-Mobil that we are going to put anything in the way of this money being spent strictly for MTBE? Thank you.

Representative Kurk: Thank you for the question. I can assure the member that there is nothing in this amendment which would allow the Fiscal Committee to divert the money to any other purpose. The only thing the Fiscal Committee is doing is approving or not approving the proposal from the department. It is a very minor approval in one sense, but a very important one to make sure that the department's actions are at least reviewed to some extent by the legislature through the Fiscal Committee. I don't like putting the Fiscal Committee in this kind of a position because these decisions should be made by all of us, not a group of ten, but considering the circumstances, this was the least offensive way that we could introduce the legislature into the process without in any way affecting the fact that the funds will only be used for remediation and water purposes as set forth in the bill itself. I can't think of any way to divert the money as a result of this amendment, so I'm very comfortable in assuring you and anyone else that will not happen as a result of this amendment. Speaker Jasper: The Chair will state that this language has been vetted by all parties concerned and is acceptable to all parties. Does the member yield to a further question? Member yields, you may inquire. Representative Cooney: I see from the blurb, that there is established an eleven-member advisory commission to oversee the use of the funds. I don't have the bill in front of me so I don't know how those are established. Wouldn't that be sufficient?

Representative Kurk: Thank you for the question. The advisory committee simply receives reports and has no impact on how the funds are spent. It is to provide information back to the legislature, but has no role in the determination of the purposes for which the funds are used, the particular program or anything like that. It's not like the commission is giving advice to the commissioner. Speaker Jasper: The Chair is going to make a point of clarification when I said all parties. I was referring to the State of New Hampshire. The Attorney General has vetted this language and is acceptable to the Attorney General and to the Department of Environmental Services so those are the parties and is necessary to make that clarification. Are you ready for the question? All those in favor, signify by saying, Aye; those opposed, Nay. The Ayes have it and the amendment is adopted.

THIRD READING MOTION

Reps. Hinch and Shurtleff moved that SB 380, establishing the drinking water and groundwater trust fund and establishing the New Hampshire drinking water and groundwater advisory commission, be read a third time and passed at the present time.

Adopted by the necessary two-thirds vote.

REGULAR CALENDAR CONT'D

CACR 23, relating to the warning of biennial meetings. Providing that the selectmen are not required to be present to receive the votes. MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Kathleen Hoelzel for the Majority of Election Law. The NH Constitution requires that the selectmen be present at the time the polls are opened and when the ballots are counted. This mandate imposed upon communities has become burdensome for local officials in recent years. This proposed amendment to the state constitution repeals the requirement that selectmen be present during voting. Their presence would continue to be required when votes are counted. The selectmen also provide notice of the meeting and the meeting is "governed" by the moderator. The moderator is authorized by statute to appoint election officials as he or she deems necessary. Integrity of the ballot box is of utmost importance and that can be accomplished by trusted appointed election officials who have been properly trained. Vote 11-7. Rep. Wayne Moynihan for the Minority of Election Law. Without a good reason, this bill proposes the initiation of the important, complicated, and cumbersome process of amending our State's Constitution. The bill wants to change the constitution to eliminate the duty it imposes upon town selectmen to be present "in open meeting" to "receive the votes of all the inhabitants." This duty has been generally construed to mean that, not all, but at least a "quorum" of the board of selectmen must be present at the voting place during elections. The bill was presented on behalf of an unknown number of selectmen, with the claim that it is burdensome and unnecessary for them to be present at elections; and that the obligation may conflict with their work lives and other activities. While there was no mention of it by the sponsors or witnesses at the public hearing, the committee learned that less than 90 days ago, in November 2015, the Governor signed into law HB 331. In 2015, HB 331 was introduced, considered by committees, and passed by both the House and the Senate. HB 331 allows selectmen to appoint substitutes, or selectmen pro tem to stand in for them on election days when they cannot be present. It is much more sensible and much better public policy to allow the just enacted HB 331 to have some time to operate before it is changed; especially by means of an amendment to the NH Constitution.

The question being adoption of the majority committee report of Ought to Pass.

Rep. Moynihan spoke against.

Hennessey, Erin

Rep. Hunt spoke in favor and requested a roll call; sufficiently seconded.

and the majority committee report failed lacking the necessary three-fifths vote.

MOTION TO LAY ON THE TABLE

Rep. Shurtleff moved that CACR 23, relating to the warning of biennial meetings. Providing that the selectmen are not required to be present to receive the votes, be laid on the table. Motion adopted.

REGULAR CALENDAR CONT'D

HB 1313-FN, relative to eligibility to vote and relative to availability of voter information. MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. William Gannon for the Majority of Election Law. The majority of the committee believes that requiring that a voter be a resident of the state for at least 10 days is constitutional. Currently, it has been shown that there are numerous examples of out-of-state voter fraud that dilute the NH vote and are causing a loss of faith in the very integrity of the NH voting process itself. Idaho has same-day voter registration, just as NH does, with a 30-day durational residency requirement. Expanding the definition of domicile is constitutional and will guarantee that the people of NH alone choose NH elected officials. Vote 11-7.

Rep. Wayne Moynihan for the Minority of Election Law. For those who have been a part of this legislative body for the last few terms, the content and purpose of this bill amounts to "deja vu all over again." The NH Constitution establishes that a citizen may vote wherever he or she is "domiciled." This bill seeks to require a citizen to prove their "residency" before being able to exercise their right to vote. As with bills in the past, this bill seeks to conflate the meaning of these two words so as to limit the fundamental right to vote. The bill would enable a town or city clerk to examine documents such as income tax filings, hunting and fishing license applications, passport applications, and history of military service. It enables a clerk to inquire as to where a citizen spends his or her nights. The official may examine any federal identification, or driver's licenses to establish whether one is eligible to vote, and to confirm that the "residency" has existed for ten days. The history of court decisions clearly establishes that, unless bureaucratic processing requires some number of days of time to complete, no durational residency requirement may be imposed upon the right to vote. Because NH has "same-day voter registration" we know, for a fact, that there is no justification for the residency requirement of ten days or any other number of days. This bill is flawed for the same reasons it has been flawed in its prior iterations.

The question being adoption of the majority committee report of Ought to Pass.

Rep. Moynihan spoke against.

Rep. Gannon spoke in favor.

Majority committee report adopted and ordered to third reading.

HB 1356, relative to construction of the terms "resident" and "inhabitant." MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Barbara Griffin for the Majority of Election Law. This bill with the amendment makes technical corrections to the statutory definitions of resident and residence. The current law in RSA 21:6 says that a resident must demonstrate "... a current intent to designate that place of abode as his principal place of physical presence for the indefinite future to the exclusion of all others." In 1972, the New Hampshire Supreme Court ruled in the Newburger v. Peterson case that "the indefinite intention test offends the equal protection clause of the Fourteenth Amendment." As a result of that decision, the current definition of resident in RSA 21:6 is unconstitutional with respect to voting. To eliminate the conflict between that court decision and current law, this bill simply removes the four words "for the indefinite future" from the definition of resident. The amendment removes the same four words from the definition of residence. This legislation does not implement any policy change and has been vetted for unintended consequences by the Department of Safety, the Division of Vital Records, the New Hampshire Fish and Game Department, the University System of New Hampshire, and the Secretary of State. None of these departments found any concerns with the proposed changes and the Department of Safety and the Secretary of State explicitly support the clarification of these definitions. Vote 11-7. Rep. Wayne Burton for the Minority of Election Law. This bill is yet another attempt to change the laws that have served NH well for many years as to who may vote in our state. Federal court decisions have protected the rights of students, veterans and others in our mobile society. In this, the 100th anniversary of our presidential primary, measures tending to limit access to the polls run counter to our desire to preserve our rightful place as first in the nation.

Majority Amendment (0566h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to construction of the terms "resident," "inhabitant," "residence," and "residency." Amend the bill by inserting after section 1 the following and renumbering the original section 2 to read as 3: 2 Statutory Construction; Residence; Residency. Amend RSA 21:6-a to read as follows:

21:6-a Residence. Residence or residency shall mean a person's place of abode or domicile. The place of abode or domicile is that designated by a person as his *or her* principal place of physical presence [for the indefinite future] to the exclusion of all others. Such residence or residency shall not be interrupted or lost by a temporary absence from it, if there is an intent to return to such residence or residency as the principal place of physical presence.

AMENDED ANALYSIS

This bill modifies the general statutory definitions of "resident or inhabitant" and "residence or residency."

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Burton spoke against.

Rep. Barbara Griffin spoke in favor.

On a division vote, with 200 members having voted in the affirmative and 139 in the negative, the majority committee report was adopted and ordered to third reading.

HB 1468, relative to sessions for correction of the checklist. OUGHT TO PASS WITH AMENDMENT. Rep. James Gray for Election Law. Currently RSA 654:27 and 654:28 require multiple meetings of the Supervisors of the Checklist when elections are held in close proximity. Often no voter's changes are identified during these meetings. This bill allows one meeting to serve to fulfill the requirements within a 21-day period. Additionally, it provides greater flexibility in regard to the scheduling of that meeting. Vote 13-6.

Amendment (0309h)

Amend the bill by replacing section 1 with the following:

1 Checklists: Session for Correction. Amend RSA 654:27 and 654:28 to read as follows:

654:27 Session for Correction. In cities and towns, the supervisors of the checklist shall be in session for the correction of the checklist at some suitable place in the city or town on [the Saturday 10] a day designated by the supervisors which shall be 6 to 13 days prior to the election and upon which all hearings shall be finally closed; provided that [if the Saturday falls on a holiday weekend, that session shall be held on Tuesday, 7 days prior to the election, between 7:00 p.m. and 7:30 p.m. and at the discretion of the supervisors for extended hours] whenever more than one meeting is required within a 21-day period, the first required meeting may serve to fulfill the requirements of the remaining meetings. All sessions for the correction of the checklist shall be for no less than 30 minutes and at the discretion of the supervisors for additional hours. Notice of the day, hour, and place of each session of the board of supervisors shall be given upon the checklists first posted and shall be published in a newspaper of general circulation in the city or town at least 7 days prior to each such session. The reconvening of any session which has been adjourned shall not require the publication of notice.

654:28 Procedure. The supervisors of the checklist shall hear all applications for a correction of the checklist and the evidence submitted thereon and shall correct it according to their best knowledge so that it contains only the names of those persons qualified to vote at said election. The names of all persons not qualified to vote at the time of any session, but who shall clearly be qualified to vote on election day, may be added to the checklist at that session. [The session which is held on the Saturday 10 days prior to election day shall be held as a minimum requirement between 11:00 a.m. and 11:30 a.m. and at the discretion of the supervisors for additional hours.] No additions or corrections shall be made after the Saturday session, except as provided in RSA 659:12 or RSA 654:27[, provided, however, that if the Saturday falls on a holiday weekend, that session shall be held on Tuesday, 7 days prior to the election, between 7:00 p.m. and 7:30 p.m. and at the discretion of the supervisors for extended hours]. The additions and corrections resulting from such session shall be made to the previously posted checklist on or before midnight on the succeeding Friday either by additions or corrections to said checklist or by posting a new corrected checklist. Notice of such additions or corrections to the checklist shall also be given to the town or city clerk.

Committee amendment adopted.

Committee report adopted and ordered to third reading.

HB 1482, establishing a committee to study improving the statewide voter registration database. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: OUGHT TO PASS.

Rep. Adam Schroadter for the Majority of Election Law. Under the current statewide voter registration system, a person who moves from one New England state to another and registers to vote in the new state is requested to provide his or her address in the previous state so the record can be canceled there. If the person fails to provide the previous address, or if the registrar or supervisor of the checklist fails to send it to the previous jurisdiction, or if the registrar or supervisor of the checklist in the previous jurisdiction fails to act on the cancellation notice, a duplicate record exists. As introduced, this bill aimed to establish a committee to study improving the statewide voter registration database. The majority of the committee chose to amend the language, replacing the study with permissive legislation allowing the Secretary of State to enter into agreement to share voter information or data from the statewide-centralized voter registration database for the purpose of comparing duplicate information with other states or groups of states. With this permissive legislation the Secretary of State may enter into the agreements necessary for New Hampshire to participate in the Interstate Voter Registration Crosscheck Program. A majority of the states already participate in this program, including our neighboring states Massachusetts and Maine who reported as many as 14,659 duplicate records between them in 2015. If the NH Secretary of State chooses to enter the program as well, they shall review the data resulting from our participation and forward any voter irregularities identified to the Attorney General. This program will help keep voter registration information up to date and help identify voters who may be illegally voting in multiple states during the same election. Vote 10-5. Rep. William Pearson for the Minority of Election Law. The amendment attached to this bill is vague in its application and potentially harmful to New Hampshire voters. This legislation would permit the Secretary of State to enter the Interstate Voter Registration Crosscheck Program; a program that may have disenfranchised over 3,000 eligible voters in its own state of conception, Kansas. As a study committee, the bill would have afforded the House time to decide how misleading data and false positives (upwards of 59%) could be handled. The amendment takes that language out and, thus, is not supported by the minority.

Majority Amendment (0676h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the Interstate Voter Registration Crosscheck Program.

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Centralized Voter Registration Database; Agreements to Share Voter Information or Data with Other States. Amend RSA 654:45 by inserting after paragraph VII the following new paragraph:

VIII. The secretary of state may enter into an agreement to share voter information or data from the statewide centralized voter registration database for the purpose of comparing duplicate voter information with other states or groups of states. The secretary of state shall only provide information that is necessary for matching duplicate voter information with other states and shall take precautions to make sure that information in the database is secure in a manner consistent with RSA 654:45, VI. The secretary of state may solicit input from the department of safety and the department of information technology and shall ensure that any information or data shared between the agencies that is of a confidential nature remains confidential.

2 Interstate Voter Registration Crosscheck Program. Pursuant to the authority in RSA 654:45, VIII, the secretary of state may enter into the agreements necessary for the state of New Hampshire to participate in the Interstate Voter Registration Crosscheck Program. The secretary of state shall review the data resulting from its participation in the Interstate Voter Registration Crosscheck Program and forward any voter irregularities identified to the attorney general.

3 Effective Date. This act shall take effect 10 days after its passage.

AMENDED ANALYSIS

This bill authorizes the secretary of state to enter into an agreement to share voter information and data through the Interstate Voter Registration Crosscheck Program.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Pearson spoke against and yielded to questions.

Rep. Schroadter spoke in favor.

Rep. Cote requested a roll call; sufficiently seconded.

HB 1529-FN, relative to reporting of felony convictions for voter checklist updates. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Barbara Griffin for the Majority of Election Law. This bill provides a mechanism for enforcement of our law that felons have forfeited the right to vote. Currently, there is no way for supervisors of a checklist to know when a registered voter is convicted of a felony. This bill directs that the Secretary of State shall obtain a monthly report from the Commissioner of Safety of persons who have lost their right to vote. The Secretary of State shall then indicate that disqualification on the voter database so the local communities have that information. Vote 10-7.

Rep. Wayne Moynihan for the Minority of Election Law. In New Hampshire there is just no evidence of any history of incarcerated felons voting, or voting while on work release, on a suspended sentence, or attempting to vote by absentee ballot. Despite the absence of need, this bill creates complicated bureaucratic responsibilities which are imposed on the Department of Safety and Secretary of State's office, which the fiscal note declares will cost tens of thousands of dollars each year to administer. The sponsor did not present any source of funding for this additional government spending. The sole purpose of the new bureaucracy is to remove citizens with felonies from the voter checklists. This new system will do nothing to restore the citizen to his or her right to vote when eligible again. It is only those felons who are incarcerated in a jail or prison that are ineligible to vote. Felons on parole, probation, or serving suspended sentences are eligible to vote. However, this bill does nothing to insure that these eligible citizens are not disenfranchised. A felon may hold public office, but must swear by affidavit that he or she has completed their sentence; a fact easily determined by reference to the public record. This bill creates an unnecessary felony "tracking system" on statewide voter checklists. Since there is no demonstrable voting by ineligible felons, this burdensome and costly system solves no problem. Rather, it is much more likely to unjustly deprive a citizen of their fundamental right to vote.

Majority Amendment (0031h)

Amend the bill by replacing section 1 with the following:

1 New Paragraph; Duties of Commissioner of Safety. Amend RSA 21-P:4 by inserting after paragraph XVI the following new paragraph:

XVII. Provide monthly reports to the secretary of state of all persons who have lost their right to vote pursuant to RSA 607-A:2 during the prior month.

Amend the bill by inserting after section 2 the following and renumbering the original section 3 to read as 4:

3 New Subparagraph; Criminal Records; Disclosure. Amend RSA 106-B:14, I by inserting after subparagraph (e) the following new subparagraph:

(f) The commissioner of the department of safety may provide monthly reports to the secretary of state pursuant to RSA 21-P:4, XVII.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Moynihan spoke against and yielded to questions.

Rep. Barbara Griffin spoke in favor and yielded to questions.

On a division vote, with 187 members having voted in the affirmative and 160 in the negative, the majority committee report was adopted and ordered to third reading.

HB 1530-FN-L, relative to mail-in voting. INEXPEDIENT TO LEGISLATE.

Rep. Barbara Griffin for Election Law. This bill fundamentally changes our current system of voting. Our current method allows a voter to ask for an absentee ballot if they cannot go to the polling place on the day of the voting. This bill proposes to allow any voter to vote by mail. While allegedly proposed to encourage voter turnout, NH currently has one of the highest voter turnout rates in the country. The bill contains no clear process or standard as to how the verification process for ballots would occur. The Department of State and New Hampshire Municipal Association both said this would increase state and local expenditures by an unknown amount. A change to the bill as to the time ballots could be received was not received from the sponsors. Finally, there only three states that use a similar type of voting. This does not appear to create a substantially different voter participation rate than we currently have. Vote 13-5. Rep. Hoell requested a roll call; sufficiently seconded.

and the committee report was adopted.

Horrigan, Timothy

HB 1532, permitting state or county prisoners to vote by absentee ballot. INEXPEDIENT TO LEGISLATE.

Rep. William Gannon for Election Law. The majority believes that permitting incarcerated felons to vote would be a fundamental change to our justice system. Persons who commit a serious crime have always been thought to have questionable judgment and, partially for that reason, have forfeited their vote during their incarceration. Also, forfeiture of one's vote is a punishment for the crime committed. The majority is sympathetic to the issue of rehabilitation, but does not believe there was any empirical evidence presented to the committee to show that giving a felon the right to vote while incarcerated would have a causal linkage to his return as a positive, functioning member of society. Additionally, under NH domicile law, the felon would be able to claim his prison's location as his residence and prison populations could greatly impact the voting in the location of the prisons. Vote 15-3. Committee report adopted.

HB 1440-FN, relative to certification for solid waste operators. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. George Saunderson for the Majority of Environment and Agriculture. The current certification requirements for solid waste operators serve to protect the transfer station employees and the environment from potential danger. Safe disposal of hazardous waste is a constantly evolving situation which requires annual review and training. This bill would have reduced the existing certification requirements, thereby exposing employees to potential risk from the mishandling of hazardous waste. The bipartisan majority of the committee felt that solid waste operators were not overly regulated and reducing this requirement at this time would not be in the best interest of the state. Vote 15-3. Rep. Warren Groen for the Minority of Environment and Agriculture. This bill sought to relieve small towns from the burden of redundant training and the high cost relative to benefits received. Annual renewal is an excessive burden on a fairly static recycling operation, especially when other professions are more infrequent. The Department of Environmental Services collects the \$50 fee even when they don't offer the training. Police are recertified every three years, EMTs every two years, and firefighters once and done. This is one taxpayer-funded branch of government forcing an unfunded mandate on another sector of taxpayer-funded government, irrespective of services offered.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Manley spoke against.

Rep. Saunderson spoke in favor.

Rep. Hoell requested a roll call; sufficiently seconded.

SULLIVAN

Irwin, Virginia Laware, Thomas and the majority committee report was adopted.

HB 1499-FN, relative to certificates for rabies vaccination of dogs, cats, or ferrets. INEXPEDIENT TO LEGISLATE.

Rep. John O'Connor for Environment and Agriculture. This bill would eliminate the requirement that veterinarians send copies of certificates of rabies vaccination which they generate to town and city clerks. Eliminating this central repository puts our citizens at risk. Whenever a domestic animal bite occurs, the first responders reach out to this central location to determine whether or not the animal has been vaccinated. The bipartisan majority of the committee agreed that it is important to keep this capability in place. Vote 16-3.

Committee report adopted.

HB 1528-FN, relative to standards for aerobic septic systems. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. John O'Connor for the Majority of Environment and Agriculture. This bill is specific to the use of Enhanced Treatment Units in septic systems which allow the discharge of effluent to smaller leach fields. Due to the technical nature of these systems which require soil scientist and professional expertise to install, these systems are moved from local control to permitting by the Department of

Environmental Services (DES). Although these systems have the most advanced technology, they still need to be reviewed by DES on a permit-by-permit basis to maintain a level playing field and not pit one firm against another. Our current statutes and rules accomplish this. This bill reduces the requirements below our current standards which may weaken our basic protection of human health. This bill also establishes a new position within DES without any additional funding for the position. Vote 10-6. Rep. Warren Groen for the Minority of Environment and Agriculture. This bill seeks to level the playing field for all new technology being developed for the treatment of septic waste. In committee we heard that this bill should be accomplished through rules. That was attempted in the past and failed. This bill was intended to say that any technology that could perform to a given standard would be approved to compete in the market just the same as the original design that has been approved. Majority committee report adopted.

CACR 21, relating to the attorney general. Providing that the attorney general be elected to a 4-year term. WITHOUT RECOMMENDATION.

Statement in support of Ought to Pass with Amendment: This proposed amendment to the state constitution changes the method of selection of the Attorney General. Currently, the Attorney General is nominated by the Governor and approved by the Executive Council. The constitutional amendment as filed would have changed the NH Constitution to require the Attorney General to be elected to a 4-year term by the people. The Attorney General is already directly elected in 43 other states. The current process denies the people and their representatives input into who is tasked with being charged with ensuring the laws of the state are followed. The result is that the Attorney General is an agent of the Governor and the agencies of the state rather than the people. The CACR as filed would rectify this lack of oversight by direct election. During a committee executive session, there was bipartisan support for the bill as filed but there was more support for a proposal to require the House and Senate to elect the Attorney General in joint session. This indirect election process would ensure that money is not used to "buy" the seat. This process for electing non-partisan officers of the state is already used for the Secretary of State and the State Treasurer. It has worked very well and those Constitutional officers are very responsive to the citizens. There are numerous examples of the Attorney General not being responsive to the needs of the citizens, including but not limited to: the legislature has authorized medical marijuana as the public policy of the state, but the Attorney General has opposed and thwarted the implementation of this policy at every opportunity; in the FRM case, the Attorney General's office repeatedly chose not to investigate criminal complaints costing elderly citizens millions of dollars in retirement funds; and most recently, the Attorney General has intervened to oppose parents' right to choose the most effective educational opportunities available for their children. If this proposed amendment is adopted by the people, the candidates desiring to serve in this office would submit their names to the legislature as candidates and then during a joint session of the House and Senate, the legislature would elect the Attorney General by ballot in the same manner as the Secretary of State and the Treasurer. This change would make the Attorney General more responsive to the needs of the people and the direction of their representatives than to the interests of the State Agencies and Departments and the bureaucrats that inhabit them.

Rep. J.R. Hoell

Statement in support of Inexpedient to Legislate: The Office of Attorney General has been a vital and key position in NH state government. Throughout our history there are numerous examples of where the Attorney General has "stood tall for justice" on behalf of the citizenry of NH. The present selection process is transparent and runs well. The selection process does not need tampering. Modifying the selection procedure risks not only tampering with a well-functioning system, but could further politicize the position of Attorney General. The present system where the Governor nominates a candidate, who must be confirmed by a majority of the Executive Council, provides a public vetting of the individual. New Hampshire prides itself on the access and availability of its elected officials by the public. Requiring the 424 member NH General Court to select the Attorney General will further politicize the office as well as possibly impede the operation of the NH Department of Justice. It was unclear if the present position of a four year Attorney General term would continue, or if the appointment would be for the duration of the appointing legislative body (two years). As indicated by the committee's tie vote – the decision of changing the Attorney General selection process is complex and to re-quote the old axiom "if it isn't broke, why fix it!"

Rep. Raymond Gagnon

Rep. Hoell moved Ought to Pass and offered floor amendment (0422h).

Floor Amendment (0422h)

Amend the title of the resolution by replacing it with the following:

RELATING TO:

the attorney general.

PROVIDING THAT: the attorney general be chosen by ballot of the general court.

Amend the resolution by replacing paragraph II with the following:

II. That article 67 of the second part of the constitution be amended to read as follows:

[Art.] 67. [Election of Secretary, [and] Treasurer, and Attorney General.] The Secretary, [and] Treasurer, and Attorney General shall be chosen by joint ballot of the Senators and Representatives assembled in one room.

Amend the resolution by replacing paragraph V with the following:

V. That the wording of the question put to the qualified voters shall be:

"Are you in favor of amending articles 46 and 67 of the second part of the constitution to read as follows:

[Art.] 46. [Nomination and Appointment of Officers.] All judicial officers, and all officers of the Navy, and general and field officers of the militia, shall be nominated and appointed by the Governor and Council; and every such nomination shall be made at least three days prior to such appointment; and no appointment shall take place, unless a majority of the Council agree thereto.

[Art.] 67. [Election of Secretary, Treasurer, and Attorney General.] The Secretary, Treasurer, and Attorney General shall be chosen by joint ballot of the Senators and Representatives assembled in one room."

AMENDED ANALYSIS

This constitutional amendment concurrent resolution calls for the attorney general to be chosen by ballot of the general court.

On a division vote, with 168 members having voted in the affirmative and 165 in the negative, floor amendment (0422h) was adopted.

The question now being adoption of the motion of Ought to Pass with Amendment.

Rep. Gagnon spoke against.

Rep. Hoell spoke in favor.

On a division vote, with 181 members having voted in the affirmative and 171 in the negative, the motion failed lacking the necessary three-fifths vote.

Rep. Shurtleff moved Inexpedient to Legislate.

Rep. Itse requested a roll call; sufficiently seconded.

MOTION TO LAY ON THE TABLE

Rep. Hinch moved that **CACR 21**, relating to the attorney general. Providing that the attorney general be chosen by ballot of the general court, be laid on the table. Motion adopted.

REGULAR CALENDAR CONT'D

HB 1122, relative to limitations on supervisory positions in state employment. MAJORITY: IN-EXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Jacalyn Cilley for the Majority of Executive Departments and Administration. This bill seeks to require the Commissioner of the Department of Administrative Services to implement and maintain a personnel database as well as limit the number of supervisory positions in state employment. The committee agrees that it may well be time to review the entire personnel classification system for state employees. However, the committee felt that this particular bill was too limited in scope to accomplish that goal and that it sought an arbitrary solution to a more complex issue. Vote 14-2.

Rep. J.R. Hoell for the Minority of Executive Departments and Administration. This bill concerns the system by which classified positions are ranked and salaries determined. One criterion in the ranking is the degree to which a position supervises others. Figures provided show that only 11% of full-time state employee positions are classified as having no supervisory responsibilities, 38% are partial supervisors and 49% are direct supervisors. These figures are clearly higher than actual practice. This bill directs commissioners to ensure that no more than 15% of their workforce is classified as direct supervisors. It also gives them a mechanism for obtaining exceptions. Commissioners who testified in opposition agreed that the system needs reform, but proposed no specifics. This bill provides a simple, reasonable and flexible way to move our employee classification system closer to reality.

The question being adoption of the majority committee report of Inexpedient to Legislate. Rep. Cilley spoke in favor.

Rep. Dan McGuire spoke against and requested a roll call; sufficiently seconded.

Laware, Thomas Rollins, Skip and the majority committee report was adopted.

committee report was adopted.

HB 1187-FN-L, repealing licensure of showmen. INEXPEDIENT TO LEGISLATE.

Rep. Peter Schmidt for Executive Departments and Administration. This bill targets, and would eliminate, a long-standing local control statute allowing local officials to have oversight and permitting of individuals who wish to come into a community to perform various types of shows for money. No evidence was provided to the committee that the showmen statute is causing, or has caused, any problems in any community; nor was there any call or support for a repeal. To the contrary, a repeal would infringe on local control without any countervailing benefit. Vote 7-5. On a division vote, with 192 members having voted in the affirmative and 155 in the negative, the

HB 1224, establishing RV month in New Hampshire. INEXPEDIENT TO LEGISLATE.

Rep. J.R. Hoell for Executive Departments and Administration. The bill would have required the Governor to proclaim the month of June as "RV Month." While the committee felt that this was a good idea, we know that the Governor already has the authority to issue a proclamation without the legislature requiring him or her to do this. Concern was expressed by the committee members that adding a special time or date for everyone's favorite cause to our statutes could go on ad infinitum. Vote 13-2. Committee report adopted.

HB 1282, relative to the state building code. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. J.R. Hoell for the Majority of Executive Departments and Administration. The bill proposes to adopt the 2015 International Building Code as the minimum standard for all new building construction as well as any commercial or residential renovations. The changes in the code are predominantly changes to building energy efficiency and not about life safety. The energy efficiency portion is extremely extensive and adds additional requirements that may force upgrades to other portions of the structure when completing a renovation. Further evidence that this standard is a significant change is that only 6 states have adopted this 2015 standard either at a state level or at a local level. Currently MA, CT and ME are all at the 2009 level or prior editions of the code and VT has only recently adopted the more restrictive 2012 standards. The NH Homebuilders Association raised 9 issues that needed to be amended out if this standard was adopted. Committee members noted during the executive session that we already allow the local jurisdictions to adopt this policy, if they want to, and that there are no prohibitions on homeowners or businesses adopting the newer standards when renovating or building new buildings. Given the energy costs in the state, if there was a compelling reason to adopt these standards, the prospective owners would be adopting these changes on their own, but that is not happening as the costs for some of these energy "solutions" has a negative return on investment once common interest rates are taken into account. Vote 10-6. Rep. Carol Roberts for the Minority of Executive Departments and Administration. The International Building Code presently in force in New Hampshire is the 2009 code. It is generally considered among professionals that codes over five years old are dramatically out of date. It is in the best interests of all citizens of New Hampshire when the trades adhere to a newer code. While the latest code has some shortcomings, amendments have been made and may in the future be added to adjust the requirements. Although this bill had the backing of all the aforementioned trades, the majority of the committee found it Inexpedient to Legislate. The minority feels this action sets a bad precedent for allowing special interests to control the outcome of legislation and that cost should not drive changes to the many improvements to the code. Updates to the energy code will not be enforced - intensifying our dependence on fossil fuels; changes to lifesaving measures such as egress, fire protection, and emergency lighting will not be required and many other updates and additions approved by the trades will not be addressed. These items and other changes are now on the back burner due to the vote of majority.

The question being adoption of the majority committee report of Inexpedient to Legislate. Rep. Rosenwald requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

HB 1433-FN, establishing the office of ombudsman in the department of state. REFER FOR INTERIM STUDY.

Rep. John Sytek for Executive Departments and Administration. This bill would establish an office of ombudsman which would assist citizens who allege criminal acts by members of state and local government. This was introduced as a result of allegations that such complaints have not always been acted on in the past. The committee felt that there was merit to this concept but was concerned that important details need further study. Principally, there were concerns that a two-person office could easily be overwhelmed and, to a lesser extent, the funding of this office. Vote 8-5. Committee report adopted.

HB 1442-FN, relative to objections to proposed agency rules under the administrative procedure act. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Peter Schmidt for the Majority of Executive Departments and Administration. This bill seeks to add a new criterion as a basis for objection by the Joint Legislative Committee on Administrative Rules (JLCAR) to a proposed agency rule. Specifically, it would permit the committee to be "deemed to have a negative impact on businesses." While such an evaluation might be desirable in a perfect world, the committee recognized that it was too nebulous a concept to be workable and would likely lead mostly to endless wrangling. Vote 12-4.

Rep. J.R. Hoell for the Minority of Executive Departments and Administration. The minority of the committee wanted to make sure the current anti-business culture of the State of NH could be eliminated. The clause in RSA 541-A "determined not to be in the public interest," is insufficient to stop some of the over-reaching rules that impact businesses in an unfavorable way. The minority supports a "belt and suspenders" approach to making sure that small businesses have a chance to have their voices and concerns raised as various rules are adopted. The clause "Determined not to be in the public interest" has been used to stop some rules from being adopted and adding the option of "Deemed to have a negative impact upon businesses" could be used in the same way to make sure we have a thriving business culture.

The question being adoption of the majority committee report of Inexpedient to Legislate. On a division vote, with 222 members having voted in the affirmative and 140 in the negative, the majority committee report was adopted.

HB 1639-FN, relative to bonds for public employees. INEXPEDIENT TO LEGISLATE.

Rep. John Sytek for Executive Departments and Administration. This bill would permit any citizen injured by a bonded public servant of NH to have first-party recourse under that public servant's bond. That is, a citizen could collect directly from the bond if he or she felt injured by a public servant. Without considering the merits of the policy, there are several problems with the bill that make it unworkable and which would require extensive redrafting. For example, the bill does not specify any process procedure. How would such claims be investigated and verified? What agency would be responsible for evaluating such claims and for due process considerations? Without such an agency to provide safeguards, there could be a chaos of claims. A subcommittee heard from the Department of Administrative Services and from the Attorney General's office. They stated that bonds are issued by bonding companies to protect the state and do not contemplate claims from citizens. We heard that the provisions of this bill would be unique in the United States and no bonding company would countenance such an arrangement. Consequently as a practical matter, NH could not get bonds for its public servants under the circumstances contemplated by this bill. Finally, we heard that the State Board of Claims presently exists for just this purpose. For these reasons, the committee has recommended that the bill be found Inexpedient to Legislate. Vote 14-2. Rep. Sytek spoke in favor.

Rep. Marple spoke against and requested a roll call; sufficiently seconded.

Mullen, John Wuelper, Kurt and the committee report was adopted.

HB 1640-FN, relative to the expiration of administrative rules. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Jacalyn Cilley for the Majority of Executive Departments and Administration. This bill seeks to change the expiration of agency rules from the current 10 years to 2 years. Several members of the ED&A Committee are currently, or have been, members of the Joint Legislative Committee on Administrative Rules (JLCAR) and are very familiar with the current process of rules promulgation. This involves a time line for crafting rules, public hearings and the review of proposed rules by JLCAR. The committee determined that an abbreviated time frame would be logistically impractical and would pose an undue burden on the agency, JLCAR and the relevant policy committees. Vote 11-2.

Rep. J.R. Hoell for the Minority of Executive Departments and Administration. This bill attempted to establish a 2-year sunset clause on administrative rules unless the rule was reviewed and approved by the legislative committee with jurisdiction over the subject matter. Concerns were expressed that this would increase the workload on the current committee members. In that rules do have the force of law and these rule changes have a huge impact on individuals and businesses, there was real concern that the current system lacks the necessary checks and balances needed with just the Joint Legislative Committee on Administrative Rules (JLCAR) serving as the gatekeeper. The policy change would allow immediate reaction by those affected by the rule changes to have a means to address the untended consequences of rules with the elected members of the House. A suggestion was made during the executive session to include the "Notices of Proposed Rules" section of the NH Rulemaking Register to the House Calendar as the agenda of the JLCAR meeting. Given the force of law that the rules carry, publishing this additional agenda information in the calendar would give greater exposure to the legislators and the public what is proposed at the next JLCAR meeting. Majority committee report adopted.

HB 1658-FN, establishing one-stop business permitting. REFER FOR INTERIM STUDY.

Rep. J.R. Hoell for Executive Departments and Administration. The bill set out to make it much easier for businesses to move or to expand in NH. While there are business development organizations within various political subdivisions, there is a need that has not been met. The chambers of commerce are doing some of this work, and the Department of Resources and Economic Development has been working on collaborating with the prospective businesses. There is no "one-stop" place for businesses to go to. Vote 11-3. Committee report adopted.

UNANIMOUS CONSENT

Rep. Leeman requested Unanimous Consent of the House regarding an apology and addressed the House.

REGULAR CALENDAR CONT'D

HB 242, relative to the statewide improvement and assessment program. MAJORITY: OUGHT TO PASS, MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Kenneth Weyler for the Majority of Finance. It has been the policy of this legislature that basic skills must have been achieved by the third grade. Thus we have added money to differentiated aid to assure that students, who have not reached a certain level of proficiency in reading by the third grade, are given extra help in reading skills. This bill adds mathematics to that third grade testing, so that those students who are behind in the minimum acceptable level for math skills can be identified as well. There is no appropriation for this new program. We must discover the extent of the problem before we can talk about funding. The committee supports the policy. Vote 13-12.

Rep. Susan Ford for the Minority of Finance. The minority supports the policy of all third graders demonstrating grade level proficiency in reading and mathematics. This bill requires the Department of Education (DOE) to develop a test to determine if pupils are at grade level in reading and mathematics as part of a statewide assessment program. Since this test has been developed and the DOE monitors student performance, the minority believes that HB 242 is superfluous.

The question being adoption of the majority committee report of Ought to Pass.

On a division vote, with 215 members having voted in the affirmative and 142 in the negative, the majority committee report was adopted and ordered to third reading.

HB 1428-FN-A-L, making appropriations to the department of environmental services for the purpose of funding eligible and completed drinking water and wastewater projects under the state aid grant program. **OUGHT TO PASS WITH AMENDMENT.**

Rep. David Danielson for Finance. This bill as amended directs funding to eligible and completed wastewater projects under the State Aid Grant Program. It establishes a Clean Water State Revolving Fund (CWSRF) non-program account to fund years one and two of eligible and completed wastewater programs in Exeter, Rochester, Portsmouth, Hanover and Littleton. The account is funded in the amount of \$825,933 from surplus funds available in the CWSRF under RSA 486:14, I(b). There is no impact on the general fund. Vote 25-0.

Amendment (0632h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing the clean water state revolving fund non-program fund account in the department of environmental services for the purpose of funding eligible and completed wastewater projects under the state aid grant program.

Amend the bill by replacing all after the enacting clause with the following:

1 Department of Environmental Services; Clean Water State Revolving Fund; Non-Program Fund Account. There is hereby established a special nonlapsing account within the department of environmental services known as the clean water state revolving (CWSRF) non-program fund account for the purpose of funding years one and 2 of the payments for the eligible and completed wastewater projects under the state aid grant program in section 2 of this act. Such fund shall be maintained separately and shall not be accounted for in the state's accounting system as general revenue of the state. The account shall be funded in the amount of \$825,933 from the surplus funds available in the clean water state revolving loan management account under RSA 486:14, I(b). The department of environmental services shall file an updated Clean Water State Revolving Loan Fund Intended Use Plan with the U.S. Environmental Protection Agency. Following approval of the plan, the department of environmental services shall commence payments on the tier 2 delayed and deferred projects in section 2 of this act by September 16, 2016 or 45 days after plan approval, whichever is later.

2 Department of Environmental Services. Tier 2 Delayed and Deferred Projects. Funding Authorized.

		FY 2017
Exeter	130-10 Langdon Ave PS Improvements	\$31,687
Rochester	122-11 WWTP Headworks Upgrade	\$63,346
Portsmouth	106-13 Bartlett Area Sewer Improvements	\$168,944
Portsmouth	106-14 Lincoln Area Sewer Separation - Contract 3A	\$196,936

Hanover	197-04 Water Reclamation Facility Improvements	\$284,051
Littleton	D2004-0416 Bishop Street Sanitary Sewer Infrastructure	\$20,386
Littleton	D2004-0717 Bronson Street Sanitary Sewer Improvements	\$26,345
Littleton	02008-0807 Grove Street & S. Grove Street Sanitary Sewer Replacement	\$34,238
Total Tier 2 Delayed and Deferred Projects		\$825,933

3 Repeal. Clean Water State Revolving Fund, Non-program Fund Account. The CWSRF non-program fund account established in section 1 of this act shall be repealed on the date the commissioner of the department of environmental services certifies to the director of legislative services and the secretary of state that payments on the projects listed in section 2 of this act have been made in full.

4 Effective Date. This act shall take effect on July 1, 2016.

AMENDED ANALYSIS

This bill establishes the CWSRF non-program fund account in the department of environmental services for the purpose of funding eligible and completed wastewater projects under the state aid grant program. Committee amendment adopted.

Committee report adopted and ordered to third reading.

The House recessed at 11:58 a.m.

RECESS

The House reconvened at 1:00 p.m.

(Speaker Jasper in the Chair) REGULAR CALENDAR CONT'D

HB 1475-FN-A, establishing a death benefit for a school employee killed in the line of duty. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT. Rep. Joseph Pitre for the Majority of Finance. This bill provides a benefit of \$100,000 from the state for a school employee who while at work dies a violent death caused by another. This is a benefit that could be negotiated under collective bargaining agreements which are best handled by school district boards. In addition, there is already a death benefit for any school employee covered by the New Hampshire Retirement System, making this additional death benefit redundant. Finally, other state and municipal employees run similar risks as school employees but are not included. Consequently, the committee believes the bill is both unnecessary and unfair. Vote 14-11.

Rep. Katherine Rogers for the Minority of Finance. Since 2013, there have been over 160 school shootings across the country, averaging one violent criminal situation resulting in one death a week. FBI statistics increasingly show education environments are among the top two settings for mass violence. Most New Hampshire school districts have some sort of "lockdown" or "shelter in place" procedures and will do at least two "lockdown" drills a year using emergency plans developed in conjunction with police and fire input. Our state statutes require every public and non public school to develop a site-specific emergency response plan in conformance to the incident command system and the national incident management system - these plans direct the Director of Homeland Security to assist school districts in conducting training for and providing support in the development, implementation and review of any emergency response plans to violent attacks. It is abundantly clear that our school employees now act as first responders when our schools come under attack. This legislature passed "Michael's law" after the murder of Officer Michael Briggs in 2006 which provided a death benefit of \$100,000 to the family of any police officer or firefighter killed in the line of duty. Like police and fire fighters, educators often find themselves on the front line of violent situations, often putting themselves between the assailant and their students. HB 1475 as amended establishes a death benefit for a school employee killed in the line of duty as a result of violence, and it provides for the Commissioner of Education, after consideration and in conjunction with a recommendation of the local school superintendent, to make a determination that the decedent qualifies for the death benefit.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Reps. Ford and Eaton spoke against and yielded to questions.

Reps. Weyler and Umberger spoke in favor.

Rep. Rogers spoke against and requested a roll call; sufficiently seconded.

Cloutier, John Converse, Larry Gagnon, Raymond Gottling, Suzanne Grenier, James Irwin, Virginia Laware, Thomas

and the majority committee report was adopted.

Rep. Barbara French voted Yea and intended to vote Nay.

HB 1591-FN-A, relative to the health care premium contribution for retired state employees who are over 65 years of age, relative to funding of retiree health benefits, and making an appropriation to the department of administrative services. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Lynne Ober for the Majority of Finance. This bill, as amended, provides additional tools for the Risk Management Division of the Department of Administrative Services (DAS). When the budget was presented by the Governor, the retiree health line was underfunded by \$5.5 million. Then the federal government cut the stipend sent to us for payment of prescription drug coverage for those on Medicare by \$1 million. This stipend comes to the state because state employees do not use a Medicare Part D Plan for prescriptions. Between the time the budget was developed and the fall, prescription usage by retirees had grown so much that an additional \$4 million had been used. This left a \$10.6 million budget hole that DAS and the Fiscal Committee worked to close by amending the plan, changing co-pays and using surplus funds in the account. This bill allows the department to look at other options. One provision will continue the partial premium currently in law for retirees and spouses who turn 65 on or after July 1, 2016. This partial premium will only be paid on the portion of insurance coverage for prescriptions and supplemental coverage to Medicare, so the overall retiree cost will go down once a retiree or spouse becomes 65. Starting January 1, 2017, the agency may propose to change these rates subject to approval as allowed by state law using the approval process already established in law. Another provision allows the department to review the program and suggest needed changes in order to keep the program solvent throughout the biennium and to ensure that the state is not asked to pay the Affordable Care Act Cadillac tax, should that take effect. Finally, provision is made for a consultant to prepare a new long-term plan to fund state retiree health benefits. The \$300,000 cost will come from the risk management fund surplus. Vote 17-8.

Rep. Robert Walsh for the Minority of Finance. This bill seeks to require partial payments of health care costs from some state retirees. Our committee was informed that the health care costs will exceed funds available for such payments in the final month of the current fiscal period. The minority members on this bill are concerned about this shortfall but feel that there are many more sources from which to cover this shortfall than state retirees who are living on reduced and fixed income.

Majority Amendment (0889h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the health care premium contribution for retired state employees who are eligible for Medicare Parts A and B due to age or disability, relative to funding of retiree health benefits, and making an appropriation to the department of administrative services.

Amend the bill by replacing all after the enacting clause with the following:

1 Department of Administrative Services; State Employees Group Insurance; Retiree Medical Benefits. Amend RSA 21-I:30, II to read as follows:

- II.(a) The state shall pay a partial premium for each Medicare-eligible retired employee, as defined in paragraphs VI and VII of this section, and his or her spouse for their lifetimes, toward group hospitalization, hospital medical care, surgical care and other medical benefits plan or a self-funded alternative within the limits of the funds appropriated at each legislative session and providing any change in plan is approved by the fiscal committee of the general court prior to its adoption.
- (b) A retired employee and/or spouse receiving medical and surgical benefits provided under this section who becomes eligible for Medicare Parts A and B due to age or disability on or after July 1, 2016, shall continue payment of the percentage of premium contribution determined under paragraph XIII.

(c) Retired employees who are eligible for Medicare may voluntarily cease participation in plan benefits at any time and may reenroll without restriction.

2 Department of Administrative Services; State Employees Group Insurance; Retiree Medical Benefits; Premium Contribution. Amend RSA 21-I:30, XIII to read as follows:

XIII.(a) The commissioner of administrative services shall invoice and collect from retired state employees and/or each applicable spouse [who are not Medicare eligible and] receiving medical and surgical benefits provided under this section, who do not receive a retirement allowance as defined in RSA 100-A:1, XXII, [a] the premium contribution amount for either Medicare-eligible or non-Medicare-eligible retiree health benefit plans based on a percentage of the total monthly premium attributable to the applicable retiree and/or spouse, as determined by the commissioner of administrative services, with prior approval by the fiscal committee of the general court[, provided the percentage is not lower than 12.5 percent]. Beginning January 1 2017, the commissioner of administrative services shall determine, with prior approval by the fiscal committee of the general court, a premium contribution amount for Medicare-eligible retiree health benefit plans and a premium contribution amount for non-Medicare-eligible retiree health benefit plans.

(b) Retired state employees and/or spouses under subparagraph (a) who become eligible for Medicare Parts A and B due to age or disability on or after July 1, 2016, shall continue payment of the premium contribution amount based on a percentage of the total monthly premium attributable to the applicable retiree and/or spouse, as approved by the fiscal committee of the general court under subparagraph (a). The commissioner of administrative service is authorized

to invoice and collect such contribution amounts.

(c) The commissioner of administrative services is also authorized to invoice and collect from such other participants contribution amounts as specified by law.

- (d) Collected amounts shall be deposited in the employee and retiree benefit risk management fund. Failure to remit payment of the contribution amount in full within 30 days of billing shall be grounds for terminating benefits, effective from the beginning of the billing period. Reenrollment shall be dependent upon payment of any outstanding contribution or other amounts within 6 months of the termination date. If a participant fails to remit payment in full for participation within 30 days of billing, on the 30th day the participant shall be notified by certified mail, return receipt requested, that he or she shall remit payment to the department within 10 business days of receiving the letter or his or her benefits shall be terminated effective upon the 10th business day after receipt of the letter and that reenrollment shall be dependent upon payment of any outstanding contribution or other amount within 6 months of the termination date.
- 3 New Hampshire Retirement System; Deductions; Retiree Medical Benefits. Amend RSA 100-A:54, III to read as follows:

III.(a) The retirement system shall deduct from the monthly retirement allowance of retired state employees and/or each applicable spouse [who are not Medicare eligible and] receiving medical and surgical benefits provided pursuant to RSA 21-I:30, [a] the premium contribution amount for either

Medicare-eligible or non-Medicare-eligible retiree health benefit plans based on a percentage of the total monthly premium attributable to the applicable retiree and/or spouse, as determined by the commissioner of administrative services with prior approval by the fiscal committee of the general court [provided the percentage is not lower than 12.5 percent] under RSA 21-1:30, XIII.

- (b) The retirement system shall continue to deduct from the monthly retirement allowance of a retired state employee and/or spouse receiving medical and surgical benefits provided pursuant to RSA 21-1:30, who become eligible for Medicare Parts A and B due to age or disability on or after July 1, 2016 the premium contribution amount based on a percentage of the total monthly premium attributable to the applicable retiree and/or spouse as approved by the fiscal committee of the general court under RSA 21-1:30, XIII.
- (c) The department of administrative services shall provide information as to the total monthly premium cost for each participant to the retirement system for purposes of calculating this deduction. Deducted amounts, which shall be in addition to and notwithstanding any amounts payable by the retirement system pursuant to RSA 100-A:52, RSA 100-A:52-a, and RSA 100-A:52-b, shall be deposited in the employee and retiree benefit risk management fund. In the event the retiree's monthly allowance is insufficient to cover the certified contribution amount, the retirement system shall so notify the department of administrative services, which shall invoice and collect from the retiree and/or each applicable spouse the remaining contribution amount. Failure to remit payment of the contribution amount in full within 30 days of billing shall be grounds for terminating benefits, effective from the beginning of the billing period. Reenrollment shall be dependent upon payment of any outstanding contribution or other amounts within 6 months of the termination date. The department of administrative services shall provide notice of the termination of benefits as provided in RSA 21-I:30. XIII.
- 4 Judicial Retirement Plan; Deductions; Retiree Health Insurance. Amend RSA 100-C:11-a to read as follows:
 - 100-C:11-a Retiree and Spouse Health Insurance Premium Contribution.
- I. Retired judges and their applicable spouses [who are not Medicare eligible and] receiving medical and surgical benefits shall be responsible for payment of [a] the premium contribution amount for either Medicare-eligible or non-Medicare-eligible retiree health benefit plans based on a percentage of the total monthly premium attributable to the applicable retiree and/or spouse, as determined by the commissioner of administrative services, with prior approval by the fiscal committee of the general court[, provided the percentage is not lower than 12.5 percent] under RSA 21-1:30, XIII.
- II. Retired judges and/or spouses receiving medical and surgical benefits under RSA 21-I:30 who become eligible for Medicare Parts A and B due to age or disability on or after July 1, 2016 shall continue to be responsible for payment of the premium contribution amount based on a percentage of the total monthly premium attributable to the applicable retiree and/or spouse as approved by the fiscal committee of the general court under RSA 21-I:30, XIII.
- III. The department of administrative services shall provide information as to the total monthly premium cost for each participant to the judicial retirement plan for purposes of calculating this deduction. The judicial retirement plan shall deduct the payment required under this section from the retiree's monthly retirement allowance. Deducted amounts shall be remitted to the administrative office of the courts within 14 days along with a statement identifying from whom the deduction was made, and shall be used to pay for plan retiree and spouse health care expenses and any administrative costs related thereto.
- 5 Appropriation; Department of Administrative Services; Risk Management; Overtime. In addition to any other sums appropriated, the sum of \$20,000 for the biennium ending June 30, 2017 is hereby appropriated to the department of administrative service for the purpose of overtime charged to the risk management accounting unit, class 18. The governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise appropriated.
 - 6 Health Care Consultant Contract; Benefit Plan; Appropriation.
- I. The commissioner of administrative services is hereby authorized to contract with a health care consultant for the purpose of a long-term design for funding state retiree health benefits and to provide training for state retirees on the benefit plan and its funding. The total amount expended by the department of administrative services for the health care consultant contract, benefit plan design, and training shall not exceed \$300,000.

II. The sum of up to \$300,000 for the biennium ending June 30, 2017 is hereby appropriated to the commissioner of the department of administrative services for the purpose of payment for the cost of the contract with the health care consultant under paragraph I. The source of funds for the appropriation shall be the employee and retiree benefit risk management fund under RSA 21-I:30-e.

7 New Paragraph; Legislative Budget Assistant; Fiscal Committee; Retiree Health Advisory Council. Amend RSA 14:30-a by inserting after paragraph VI the following new paragraph:

- VII. The committee shall establish a retiree health advisory council as a subcommittee to the committee. The advisory council shall convene public meetings as needed to review options under consideration for changes to the retiree health plan if additional changes are needed after the new retiree health benefits plan is established. The advisory council shall also receive testimony from retirees and other interested members of the public.
 - 8 Repeals; January 1, 2017. The following are repealed:
- I. RSA 21-I:30, II(b), relative to continuation of premium contribution amounts for certain retired state employees and spouses who become Medicare eligible.
- II. RSA 21-I:30, XIII(b), relative to continuation of premium contribution amounts for certain retired state employees and spouses not receiving a retirement allowance who become Medicare eligible.
- III. RSA 100-A:54, III(b), relative to continuation of premium contribution amounts for certain retired state employees and spouses receiving a retirement allowance who become Medicare eligible.
- IV. RSA 100-C:11-a, II, relative to continuation of premium contribution amounts for certain retired judges and spouses who become Medicare eligible.
 - 9 Effective Date.
 - I. Section 8 of this act shall take effect January 1, 2017.
 - II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill requires premium contribution amounts for retiree health benefits for retired state employees who are Medicare eligible. The bill continues the premium contributions for retired persons receiving medical and surgical benefits who become Medicare eligible on or after July 1, 2016 until separate rates are approved effective January 1, 2017. The bill also makes an appropriation to the department of administrative services for a health care consultant to design a long-term retiree health care funding plan.

On a division vote, with 189 members having voted in the affirmative, and 160 in the negative, the majority committee amendment was adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Robert Walsh spoke against.

Rep. Lynne Ober spoke in favor and yielded to questions.

Rep. Wallner requested a roll call; sufficiently seconded.

and the majority committee report was adopted and ordered to third reading.

Rep. Irwin declared a conflict of interest and did not participate.

HB 1670-FN, relative to public employee suggestions for cost-savings measures. **INEXPEDIENT TO LEGISLATE.**

Rep. Lynne Ober for Finance. This bill represents a laudable effort to reach into the psyche of the state employees to bring forth money saving ideas. The intent is to reward state employees with a 10% cash reward of twelve months' one-year savings. The challenge of the bill is that it is intermingled with the current extraordinary service award RSA which creates confusion within the RSA. There are also issues of timing of award accounting period relative to the passage of the bill. Concern was expressed of employee dissatisfaction with peers or superiors, should an idea be lifted from the employee to the benefit of the peer or supervisor. Perhaps the concept might be reintroduced as a separate section at some time in the future. Vote 21-4. Committee report adopted.

HB 1686-FN, repealing the community heritage investment program. INEXPEDIENT TO LEGISLATE.

Rep. David Danielson for Finance. This bill seeks to defund the Land and Community Heritage and Investment Program (LCHIP). Testimony received indicated that over the 15 years of LCHIP (not funded each year) the program has provided 376 grants leveraging \$37 million for local projects. While over 238,000 acres have been acquired by municipalities through the program, an additional benefit to municipal non-profit organizations has been the ability to leverage grants to help in funding other projects - for example, preserving over 218 structures considered worth protecting by the community. In FY15, there were 35 municipalities who received benefits from LCHIP. Currently, there are 89 LCHIP projects committed to and extending through 2018. These benefits are valuable enough to the state and our communities that the committee recommends the bill be Inexpedient to Legislate so that LCHIP can continue to provide its important services. Vote 23-1. Committee report adopted.

HB 1696-FN, requesting a modification of the New Hampshire health protection program. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Karen Umberger for the Majority of Finance. The bill as it passed the House extends the existing New Hampshire Health Protection Plan (also known as Medicaid expansion) for another two years. The extension will not cost the general fund any dollars. The funding for the program will come from voluntary contributions from various charitable foundations. If the voluntary contributions are not received the program will end. The Finance Committee identified that the general fund was incurring administrative costs of approximately \$5.4 million including costs for personnel to screen applicants for the program. The bill as amended will result in these costs being paid for by the voluntary contributions. The committee amendment also makes some technical corrections; including placing the program on a calendar year basis rather than a state fiscal year basis and clarifying the procedure and timing for notifying participants should the program be terminated for lack of sufficient voluntary contributions to cover its costs. Vote 18-8.

Rep. Dan McGuire for the Minority of Finance. While HB 1696, as amended, is designed to have almost no impact on our state budget, that condition rests on the good will of hospitals and insurers. As long as the program is a moneymaker for these large businesses, they will continue to participate, but any time the expenses become higher than expected, for example if the expanded Medicaid population turns out to be less healthy or much larger than expected, they can abandon the program, leaving the state holding the bag. And what happens if the program doesn't work for just a few of the 26 hospitals and they drop out? Will the others take up the slack? But more importantly, expanded Medicaid is very poor public policy. It is a welfare program for able-bodied adults in their working years. The medical insurance provided has features such as no premiums, no co-pays, no deductibles and includes non-emergency transportation that are simply not available to workers with full-time jobs. These benefits create a strong disincentive to full-time employment and career advancement. Social cohesion, productivity and our standard of living will be lost if we make underemployment more attractive than full employment. For these reasons the minority cannot support HB 1696.

Majority Amendment (0910h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; New Hampshire Health Protection Plan. Amend RSA 126-A:5 by inserting after paragraph XXIX the following new paragraph:

- XXX.(a)(1) Newly eligible adults who are unemployed shall be eligible to receive benefits under RSA 126-A:5 XXIV-XXV, if the commissioner finds that the individual is engaging in at least 30 hours per week of one or a combination of the following activities:
 - (A) Unsubsidized employment.
 - (B) Subsidized private sector employment.
 - (C) Subsidized public sector employment.
- (D) Work experience, including work associated with the refurbishing of publicly assisted housing, if sufficient private sector employment is not available.
 - (E) On-the-job training.
 - (F) Job search and job readiness assistance.
 - (G) Community service programs.
 - (H) Vocational educational training not to exceed 12 months with respect to any individual.
 - (I) Job skills training directly related to employment.
- (J) Education directly related to employment, in the case of a recipient who has not received a high school diploma or a certificate of high school equivalency.
- (K) Satisfactory attendance at secondary school or in a course of study leading to a certificate of general equivalence, in the case of a recipient who has not completed secondary school or received such a certificate.
- (L) The provision of child care services to an individual who is participating in a community service program.
- (2) The requirements under subparagraph (1) shall be consistent with the federal Temporary Assistance for Needy Families Program, 42 U.S.C. section 607(d).
- (3) Grounds for disqualification for benefits under this subparagraph shall be consistent with the federal Temporary Assistance for Needy Families Program, 42 U.S.C. section 607(e).
- (4) This subparagraph shall only apply to those considered childless, abled-bodied adults as defined in section 1902(a)(10)(A)(i)(VIII) of the Social Security Act of 1935, as amended, 42 U.S.C. section 1396a(a)(10)(A)(i). In this subparagraph, "childless" means an adult who does not live with a dependent child which includes a child under 18 years of age or under 20 years of age if the child is a full-time student in a secondary school or the equivalent.
 - (5) This subparagraph shall not apply to:
- (A) A person who is temporarily unable to participate in the requirements under subparagraph (a)(1) due to illness or incapacity as certified by a licensed physician, an advanced practice registered nurse (APRN), a licensed behavioral health professional, a licensed physician assistant, or a board-certified psychologist. The physician, APRN, licensed behavioral health professional, licensed physician assistant, or psychologist shall certify, on a form provided by the department, the duration and limitations of the disability.
- (B) A person participating in a state-certified drug court program, as certified by the administrative office of the superior court.
- (C) A parent or caretaker as identified in RSA 167:82, II(g) where the required care is considered necessary by a licensed physician, APRN, board-certified psychologist, physician assistant, or licensed behavioral health professional who shall certify the duration that such care is required.
- (b) Newly eligible adults who visit the emergency room for non-emergency purposes shall be required to make a co-payment of \$8 for the first visit and \$25 for each and every non-emergency visit thereafter.
- (c) All veterans who are current New Hampshire residents shall receive medical and medical-related services from any hospital in this state providing services to the newly eligible Medicaid population.
- (d) A person shall not be eligible to enroll or participate in the New Hampshire health protection program, established under RSA 126-A:5, XXIV-XXV, unless such person verifies his or her United States citizenship by 2 forms of identification and proof of New Hampshire residency by either a New Hampshire driver's license or a nondriver's picture identification card issued pursuant to RSA 260:21.

- (e) No person, organization, department, or agency shall submit the name of any person to the National Instant Criminal Background Check System (NICS) on the basis that the person has been adjudicated a "mental defective" or has been committed to a mental institution, except pursuant to a court order issued following a hearing in which the person participated and was represented by an attorney.
- (f) The commissioner shall seek any new waiver or state plan amendments to implement the provisions of this paragraph. Any such waivers or amendments necessary shall be in place by November 1, 2016. Prior to submitting the waiver or state plan amendments to the CMS, the commissioner shall present the waiver or state plan amendments to the fiscal committee of the general court for approval. The program shall not be reauthorized until such waivers or state plan amendments have been approved by CMS. If the waiver or state plan is not approved, the commissioner shall immediately, no later than November 1, 2016, notify all program participants that the program has not been reauthorized beyond December 31, 2016.
- 2 Insurance Premium Tax; New Hampshire Health Protection Program. Amend RSA 400-A:32, III to read as follows:
- III.(a) Except as provided in subparagraph (b), the taxes imposed in paragraphs I and II of this section shall be promptly forwarded by the commissioner to the state treasurer for deposit to the general fund.
- (b) Taxes imposed attributable to premiums written for medical and other medical related services for the newly eligible Medicaid population as provided for under RSA 126-A:5, XXIV-XXVI shall be deposited into the New Hampshire health protection trust fund, established in RSA 126-A:5-b. The commissioner shall notify the state treasurer of sums for deposit into the New Hampshire health protection trust fund no later than 30 days after receipt of said taxes.
- 3 Department of Health and Human Services; Premium Assistance Program. Amend RSA 126-A:5, XXV(a) to read as follows:
- XXV.(a) Consistent with the time frames in this paragraph, there is hereby established the marketplace premium assistance program. This will be a premium assistance program for newly eligible adults and their eligible spouse and dependents, if applicable, until December 31, [2016] 2018 and shall be administered by the department of health and human services. In order to receive medical assistance from the program, newly eligible adults who are ineligible for the HIPP program shall choose from any qualified health plans (QHPs) offered on the federally-facilitated exchange if cost effective; provided, however, that any newly eligible adult who had coverage under an alternative benefit plan (ABP) offered by a managed care organization (MCO) under paragraph XIX during the voluntary bridge to marketplace premium assistance program established under RSA 126-A:5, XXIV shall be automatically enrolled at the beginning of open enrollment in a comparable QHP by that same MCO if one is available, unless such newly eligible adult subsequently chooses a different QHP during the enrollment period. If a comparable QHP is not offered by the newly eligible adult's MCO then the newly eligible adult may choose from any QHPs, if cost effective. Provider payments shall be in an amount which shall be no less than before the effective date of this paragraph.
- 4 Department of Health and Human Services; Premium Assistance Program. Amend RSA 126-A:5, XXV(c) to read as follows:
- (c) If the waiver to implement the marketplace premium assistance program is approved on or before March 31, 2015 then, coverage under the voluntary bridge to marketplace premium assistance program established in RSA 126-A:5, XXIV shall terminate on December 31, 2015. Enrollment in the marketplace premium assistance program shall begin on October 15, 2015 and coverage shall begin on January 1, 2016. Coverage shall end on December 31, [2016] 2018. The cost of the medical assistance provided under the marketplace premium assistance program shall be paid solely from *non-general fund sources, including* federal funds as provided under 42 U.S.C. section 1396d(y).
- 5 New Hampshire Health Protection Trust Fund. Amend the introductory paragraph of RSA 126-A:5-b, I to read as follows:
- I. There is hereby established the New Hampshire health protection trust fund which shall be accounted for distinctly and separately from all other funds and shall be non-interest bearing. The trust fund shall be administered by the commissioner of the department of health and human services and shall be used solely to provide [payment and reimbursement for medical and other medical-related services] coverage for the newly eligible Medicaid population as provided for under

RSA 126-A:5, [XXIII] XXIV-XXVI and RSA 126-A:67 in qualified health plans on the federal marketplace and pay for the administrative costs for the program. The commissioner may accept any gifts, grants, donations, or other funding from any source and shall deposit all such revenue received into the fund. No state general fund appropriations shall be deposited into the fund. All moneys in the trust fund shall be nonlapsing and shall be continually appropriated to the commissioner of the department of health and human services for the purposes of the trust fund. The trust fund shall be authorized to pay and/or reimburse:

6 New Sections; Funding the State Share of the New Hampshire Health Protection Program; Voluntary Provider Contributions. Amend RSA 126-A by inserting after section 5-b the following

new sections:

126-A:5-c Funding the State Share of the New Hampshire Health Protection Program.

I. In this section:

- (a) "Program" means the New Hampshire health protection program under RSA 126-A:5, XXIV-XXV.
- (b) "Remainder amount" means the cost of the program for coverage effective between January 1, 2017 and June 30, 2017 plus administrative costs attributable to the program, less all federal reimbursement for the program and federal reimbursement for the related administrative costs; and the cost of the program for coverage effective between July 1, 2017 and December 31, 2018, plus administrative costs attributable to the program, less all federal reimbursement for the program and federal reimbursement for administrative costs attributable to the program, and taxes attributable to premiums written for medical and other medical related services for the newly eligible Medicaid population as provided for under RSA 126-A:5, XXIV-XXVI, consistent with RSA 400-A:32, III(b).

II. Funding for the program from January 1, 2017 until December 31, 2018 shall not be funded

from general funds. The program shall be funded as follows:

- (a) Federal funds as made available by 42 U.S.C. section 1396d(y)(1).
- (b) Revenue generated under RSA 400-A:32, III(b).

(c) Other non-general fund revenues.

III. If the commissioner determines that at any time the sum total of the federal match rate applied, as set forth in 42 U.S.C. section 1396d(y)(1), and insurance premium tax revenues attributable to the program and revenue from non-general fund sources is insufficient to fully fund the program for newly eligible adults under RSA 126-A:5, XXIV-XXV, then RSA 126-A:5, XXIV and XXV shall be repealed 180 days after such determination upon notification by the commissioner of the department of health and human services to the secretary of state and the director of legislative services and consistent with the terms of the waiver for this program issued by the Centers for Medicare and Medicaid Services. Upon such determination, the commissioner shall immediately issue notice to program participants of the program's pending repeal.

IV. On or before August 15th of each year, the department of health and human services, in consultation with the insurance department, shall calculate the remainder amount pursuant to this section for the next calendar year. The remainder amount shall be calculated utilizing estimated insurance premium taxes attributable to medical and other medical-related services for the newly eligible Medicaid population as provided for under RSA 126-A:5, XXIV-XXVI for each calendar year. The commissioner of health and human services shall report the remainder amounts to the insurance department, any contributing charitable foundation, the New Hampshire Health Plan, the

governor, the speaker of the house of representatives, and the senate president.

V. After the close of each calendar year, on or before January 15th, the department of health and human services, in consultation with the insurance department, shall recalculate the remainder amount utilizing actual insurance premium tax revenues attributable to medical and other medical-related services for the newly eligible Medicaid population provided for under RSA 126-A:5, XXIV-XXVI for the completed calendar year. The commissioner of health and human services shall compare the remainder amount calculations under this paragraph with the remainder amount calculations under paragraph IV and report the results to the insurance department, any contributing charitable foundation, the New Hampshire Health Plan, the governor, the speaker of the house of representatives, and the senate president. Any difference between amounts calculated under paragraphs IV and V for a completed calendar year shall be added to the remainder amount due and payable during the current calendar year. In the event that actual program costs are less than funds received, the difference shall be credited against the remaining amount for the next payable period.

- VI. The commissioner of the department of health and human services shall be responsible for determining, on a quarterly basis commencing no later than December 31, 2016, whether there is sufficient funding in the New Hampshire health protection trust fund, established in RSA 126-A:5-b, to cover projected program costs for the non-federal share for the next quarter. If at any time the commissioner determines that a projected shortfall exists, he or she shall terminate the program in accordance with paragraph III.
- 126-A:5-d Voluntary Provider Contributions. For the period of January 1, 2017 through December 31, 2018, voluntary provider donations received from the Foundation for Healthy Communities or any other charitable foundation may be deposited into the New Hampshire health protection trust fund, established pursuant to RSA 126-A:5-b.
 - 7 Individual Health Insurance Market; Purpose. Amend RSA 404-G:1, II to read as follows:
- II. Create a nonprofit, voluntary organization to facilitate the availability of affordable individual nongroup health insurance by establishing an assessment mechanism and an individual health insurance market mandatory risk sharing plan as a mechanism to distribute the risks associated within the individual nongroup market and to support the marketplace premium assistance program established in RSA 126-A:5, XXV.
 - 8 Individual Health Insurance Market; Definitions. Amend RSA 404-G:2, X-a to read as follows:
- X-a. "Plan of operation" means the plan of operation of the risk sharing mechanism, the high risk pool, support for the program established in RSA 126-A:5, XXV, and the federally qualified high risk pool, including articles, bylaws and operating rules, procedures and policies adopted by the association.
- 9 New Paragraph; Individual Health Insurance Market; Definitions. Amend RSA 404-G:2 by inserting after paragraph X-b the following new paragraph:
- X-c. "Program" means the marketplace premium assistance program established pursuant to RSA 126-A:5, XXIV.
- 10 Plan of Operation for the High Risk Pool. Amend RSA 404-G:5-a, IV(b) and (c) to read as follows:
- (b) Established no later than November 1 in the year preceding the calendar year for which the carrier's experience shall be used to calculate the assessment; [and]
- (c) Anticipated to be sufficient to meet the high risk pool's funding needs and the association's share of the costs of the program, as defined in subparagraph (d); and
- (d) For the period of January 1, 2017 through December 31, 2018, an amount not to exceed 50 percent of the remainder amount, as defined in RSA 126-A:5-c, I(b), less the amount made available to the program pursuant to RSA 404-G:11, VI. The association shall transfer all amounts collected pursuant to this subparagraph and the amount made available to the program pursuant to RSA 404-G:11, VI to the New Hampshire health protection trust fund, established pursuant to RSA 126-A:5-b.
- 11 High Risk Pool; Termination Activities and Dissolution. Amend RSA 404-G:11, VI to read as follows:
- VI. Following the cessation of coverage on December 31, 2013, the association shall take such actions as are necessary and desirable to wind down its affairs under this chapter in accordance with the plan of termination. The association shall retain all of its powers and duties, including, but not limited to, its power to establish and collect regular and special assessments under RSA 404-G:5 and RSA 404-G:5-a, and the immunity provided by RSA 404-G:9 and the bylaws of the association. Any excess funds remaining after the satisfaction of all of the association's liabilities shall be [returned to the association's members in proportion to their respective liability for the last regular assessments imposed by the association] used for the program and for the association's reasonable costs for collecting its share of the remainder amount.
- VI-a. No later than October 1, 2016, the board of directors shall prepare and submit to the commissioner and the commissioner of health and human services for approval an amendment to the plan of termination that provides for the continuation of the association for the limited purpose of compliance with the provisions of RSA 404-G:5-a, IV(d).
- 12 New Section; Commission to Evaluate the Effectiveness and Future of the Premium Assistance Program. Amend RSA 126-A by inserting after section 126-A:5-d the following new section:
 - 126-A:5-e Commission to Evaluate the Effectiveness and Future of the Premium Assistance Program.
- I. There is hereby established a commission to evaluate the effectiveness and future of the premium assistance program.

- (a) The members of the commission shall be as follows:
- (1) Three members of the senate, appointed by the president of the senate, one of whom shall be a member of the minority party.
- (2) Three members of the house of representatives, appointed by the speaker of the house of representatives, one of whom shall be a member of the minority party.
 - (3) The commissioner of the department of health and human services, or designee.
 - (4) The commissioner of the department of insurance, or designee.
- (5) A representative of an insurance carrier that offers policies for sale in New Hampshire on the exchange, appointed by the senate president.
- (6) A representative of a hospital that operates in New Hampshire, appointed by the speaker of the house of representatives.
 - (7) A public member, who is a taxpayer, appointed by the senate president.
- (8) A public member, who currently receives insurance coverage through the program, appointed by the speaker of the house of representatives.
 - (9) A licensed physician, appointed by the governor.
 - (10) A licensed mental health professional, appointed by the governor.
 - (11) A masters level licensed alcohol and drug counselor, appointed by the governor.
- (b) Legislative members of the commission shall receive mileage at the legislative rate when attending to the duties of the commission.
- II.(a) The commission shall evaluate the effectiveness and future of the premium assistance program. Specifically the commission shall:
 - (1) Review the program's financial metrics
 - (2) Review the program's product offerings.
 - (3) Review the program's impact on insurance premiums for individuals and small businesses.
- (4) Make recommendations for future program modifications, including, but not limited to whether the premium assistance program is the most cost-effective model for the long term versus a return to private market managed care.
 - (5) Evaluate non-general fund funding options for longer term continuation of the program.
- (b) Any funding solutions recommended by the commission shall not include the use of new general funds.
- (c) The commission shall solicit information from any person or entity the commission deems relevant to its study.
- III. The members of the commission shall elect a chairperson from among the members. The first meeting of the commission shall be called by the first-named senate member. The first meeting of the commission shall be held within 45 days of the effective date of this section. Eight members of the commission shall constitute a quorum.
- IV. The commission shall report its findings and any recommendations for proposed legislation to the president of the senate, the speaker of the house of representatives, the senate clerk, the house clerk, the governor, and the state library on or before December 1, 2017.
 - 13 New Hampshire Health Protection Program. Amend 2014, 3:10, I to read as follows:
- I. If at any time the federal match rate applied to medical assistance for newly eligible adults under RSA 126-A:5, [XXIII] XXIV-XXV between July 1, 2014 December 31, 2016 is less than 100 percent, less than 95 percent in 2017 and less than 94 percent in 2018, of the amount as set forth in 42 U.S.C. section 1396d(y)(1), then RSA 126-A:5[, XXIII,] XXIV[5] and XXV shall [immediately] be repealed 180 days after the event under this subparagraph occurs upon notification by the commissioner of the department of health and human services to the secretary of state and the director of legislative services. The commissioner shall immediately issue notice to program participants of the program's pending repeal.
- 14 New Hampshire Health Protection Plan Extended. Amend 2014, 3:13, I-a as amended by 2015, 276:260 to read as follows:
 - I-a. Section 12, paragraphs II-VII of this act shall take effect December 31, [2016] 2018.
- 15 Repeal. RSA 126-A:5-e, relative to the commission to evaluate the effectiveness and future of the premium assistance program, is repealed.
 - 16 Effective Date.
 - I. Section 2 of this act shall take effect July 1, 2017.
 - II. Section 15 of this act shall take effect December 1, 2017.

III. The remainder of this act shall take effect upon its passage. Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Umberger offered floor amendment (0902h).

Floor Amendment (0902h)

Amend RSA 126-A:5, XXX(a) as inserted by section 1 of the bill by inserting after subparagraph (5) the following new subparagraph:

(6) If any provision of subparagraph (a), (c), or (d), or the application thereof to any person or circumstance, is held invalid, including, but not limited to, being contrary to federal law or not approved by the Centers for Medicare and Medicaid Services(CMS) in necessary state plan amendments or waivers, such determination shall not affect the provisions or applications of this act which can be given effect without the invalid provision or application, and to that end the provisions of these subparagraphs are severable.

Reps. Umberger and Leishman spoke in favor.

Reps. Hoell, Lynne Ober and Simmons spoke against.

Rep. Stephen Schmidt spoke in favor and yielded to questions.

Rep. Hannon requested a roll call; sufficiently seconded.

SULLIVAN

Rollins, Skip Smith, Steven and floor amendment (0902h) was adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Hoell offered floor amendment (0921h).

Floor Amendment (0921h)

Amend RSA 126-A:5, XXX as inserted by section 1 of the bill by replacing it with the following: XXX.(a)(1) Newly eligible adults who are eligible to receive benefits under RSA 126-A:5, XXIV-XXV who visit the emergency room for non-emergency purposes shall be required to make a co-payment of \$8 for the first visit and \$25 for each and every non-emergency visit thereafter.

- (2) All veterans who are current New Hampshire residents shall receive medical and medical-related services from any hospital in this state providing services to the newly eligible Medicaid population eligible to receive benefits under RSA 126-A:5, XXIV-XXV.
- (3) A person shall not be eligible to enroll or participate in the New Hampshire health protection program, established under RSA 126-A:5, XXIV-XXV, unless such person verifies his or her United States citizenship by 2 forms of identification and proof of New Hampshire residency by either a New Hampshire driver's license or a nondriver's picture identification card issued pursuant to RSA 260:21.

(4) No person, organization, department, or agency shall submit the name of any person eligible to receive benefits under RSA 126-A:5, XXIV-XXV to the National Instant Criminal Background Check System (NICS) on the basis that the person has been adjudicated a "mental defective" or has been committed to a mental institution, except pursuant to a court order issued following a hearing in which the person participated and was represented by an attorney.

(b) The commissioner shall seek any new waiver or state plan amendments to implement the provisions of this paragraph. Any such waivers or amendments necessary shall be in place by November 1, 2016. Prior to submitting the waiver or state plan amendments to the CMS, the commissioner shall present the waiver or state plan amendments to the fiscal committee of the general court for approval. The program shall not be reauthorized until such waivers or state plan amendments have been approved by CMS. If the waiver or state plan is not approved, the commissioner shall immediately, no later than November 1, 2016, notify all program participants that the program has not been reauthorized beyond December 31, 2016.

Rep. Hoell spoke in favor.

Rep. Kotowski spoke against.

MOTION TO LAY ON THE TABLE

Rep. Simmons moved that HB 1696-FN, requesting a modification of the New Hampshire health protection program, be laid on the table.

Rep. William O'Brien requested a roll call; sufficiently seconded.

and floor amondes	mt (0001h) failed		

and floor amendment (0921h) failed.

Reps. Elliott, Vose and Ferreira voted Yea and intended to vote Nay.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Hoell offered floor amendment (0920h).

Floor Amendment (0920h)

Amend the title of the bill by replacing it with the following:

requesting a modification of the New Hampshire health protection program and AN ACT establishing Keno.

Amend the bill by replacing all after section 15 with the following:

16 New Subdivision; Keno. Amend RSA 284 by inserting after section 40 the following new subdivision:

Keno

284:41 Definition. In this subdivision, "keno" means any game where a player purchases a ticket from a field of 80 numbers and selects a specific amount of numbers. A random number generator employed by the lottery commission chooses 20 numbers at random and the player is paid out against his or her original wager.

284:42 Administration and Enforcement. The lottery commission shall administer and enforce this subdivision relative to keno games operating in a town or city that has voted to allow such gaming.

284:43 Rulemaking. The lottery commission shall adopt rules, pursuant to RSA 541-A, relative to:

- I. The application procedure for keno licenses.
- II. Information to be required on license applications.
- III. Procedures for a hearing following the revocation of a license.
- IV. The operation of keno games, including types and amounts of wagers.
- V. Information required and forms for submission of financial reports.
- 284:44 License Fees.
- I. The license fee for a commercial premises keno license issued under RSA 284:46 shall be \$500 per year. Such fee shall be submitted to the lottery commission at the time the application is made and shall be refunded if the application is denied.
- II. All net proceeds collected by the lottery commission under this section and RSA 284;47 shall be deposited in the education trust fund established under RSA 198:39.
 - 284:45 License Applications.
- I. Applications shall be submitted to the lottery commission by the licensee. Proof of authority to submit the application on behalf of the licensee may be required.
 - II. Applications shall be made only on the forms supplied to the licensee by the lottery commission.
 - III. The application form shall be fully completed by the licensee.
- IV. Applicants for commercial premises keno licenses shall be submitted at least 30 days before the first game date.
 - V. The applicant shall certify under oath that:
 - (a) The information provided on the application is accurate.
- (b) Neither the applicant nor any employee will operate keno games if such person has been convicted of a felony within the previous 10 years which has not been annulled by a court, or a misdemeanor involving falsehood or dishonesty within the previous 5 years which has not been annulled by a court, or has violated the statutes or rules governing charitable gaming in this or any state.
- (c) The applicant and any employee who will be participating in the operation of the keno games is aware of all statutes and rules applicable to the operation of keno games.

- VI. To be eligible for licensure under this subdivision an applicant shall:
 - (a) Document that it is one of the following:
- (1) A restaurant or hotel holding a valid liquor license under RSA 178:20, II, RSA 178:21, II(a) or (b), or RSA 178:22, V(q).
 - (2) A brew pub holding a valid liquor license under RSA 178:13.
 - (3) A ballroom holding a valid liquor license under RSA 178:22, V(c).
- (4) A veterans' club, private club, or social club holding a valid liquor license under RSA 178:22, V(h).
 - (5) A convention center holding a valid liquor license under RSA 178:22, V(i).
 - (6) A hotel holding a valid liquor license under RSA 178:22, V(k).
 - (7) A racetrack holding a valid liquor license under RSA 178:22, V(n).
 - (8) A sports recreation facility holding a valid liquor license under RSA 178:22, V(v).
- (b) Document that the keno games will only be operated in towns and cities that have voted to allow the operation of keno games pursuant to RSA 284:51.
 - (c) Maintain a current list of employees.
- VII. Any suspension or revocation of a liquor license shall result in the immediate suspension of the keno license issued under this chapter.

284:46 License; Issuance.

- I. Upon receipt of an application under RSA 284:45 the lottery commission shall review the application and shall, in writing, grant or deny the application within 45 days of receipt.
 - II. The lottery commission shall deny a license application for any one of the following reasons:
 - (a) The license of the applicant has been previously revoked by the commission.
- (b) The applicant has been convicted of a crime provided for in this chapter or in any other chapter for any gaming offense.
 - (c) The applicant loses his or her liquor license after submitting the application.
- III. No person who has been convicted of a felony or class A misdemeanor within the previous 10 years which has not been annulled by a court, or a class B misdemeanor within the past 5 years which has not been annulled by a court, or who has violated any of the statutes or rules governing charitable gambling in the past in this or in any other state shall be licensed under this subdivision, or rent, lease, sublease, or otherwise provide any hall or keno paraphernalia for the conduct of keno licensed under this subdivision.
 - 284:47 Operation of Keno Games.
 - I. A licensee may operate keno games at its business between the hours of 11 a.m. and 11 p.m.
 - II. A licensee may retain 8 percent of the proceeds from keno games. Of the remaining 92 percent:
- (a) One percent shall be paid to the department of health and human services to support research, prevention, intervention, and treatment services for problem gamblers.
- (b) The remainder, less the administrative costs of the lottery commission and prize payouts, shall be deposited in the education trust fund established under RSA 198:39.
- III. No person who has been convicted of a felony or class A misdemeanor within the previous 10 years which has not been annulled by a court, or a class B misdemeanor within the past 5 years which has not been annulled by a court, or who has violated any of the statutes or rules governing charitable gambling in the past in this or any other state shall operate a keno game licensed under this subdivision, or rent, lease, sublease, or otherwise provide any hall or keno paraphernalia for the conduct of keno licensed under this subdivision.

284:48 Financial Reports and Inspection Required.

- I. Any person which has been licensed to conduct keno games shall submit a complete financial report to the lottery commission for each license issued under RSA 284:46 within 15 days after the expiration of each license, provided, however, a complete monthly financial report shall be submitted in a timely fashion to the commission for each month covered by a license issued under RSA 284:46 on a form to be approved by the lottery commission.
- II. All licensees shall maintain a separate checking account for the deposit and disbursement of all income relating to keno, except cash prizes awarded at the games. All expenses shall be paid by check, and all prizes of \$500 or more shall be paid by check. No keno funds shall be commingled with other funds of the licensee. The licensee shall retain all cancelled checks for the payment of expenses and prizes for at least 2 years from the date of the check. The licensee shall not cash checks which it issues.

III. All financial reports filed by the licensee shall be maintained by the lottery commission for a period of one year from the date of filing and shall be open to public inspection.

IV. All financial records pertaining to the operation of keno games shall be maintained by the licensee and shall be made available to representatives of the lottery commission or of the commissioner of the department of safety upon request.

V. A licensee which has been licensed to conduct keno games shall maintain complete and accurate documentation of all revenues and expenses contained in the financial reports for at least 2 years from the date the financial report is filed.

284:49 Suspension; Revocation. The commission may suspend or revoke the license of any licensee who violates any provision of this subdivision. Any licensee whose license is revoked shall not be

eligible for licensure for a period of up to one year from the date of revocation.

284:50 Rehearing and Appeal. Any person aggrieved by a decision of the commission to deny or revoke a keno license may apply to the commission for a rehearing within 15 business days of the decision. Rehearings and appeals shall be governed by RSA 541.

284:51 Local Option.

- I. Any town or city may allow the operation of keno games according to the provisions of this subdivision, in the following manner:
- (a) In a town, the question shall be placed on the warrant of an annual town meeting under the procedures set out in RSA 39:3, and shall be voted on a ballot. In a city, the legislative body may vote to place the question on the official ballot for any regular municipal election, or, in the alternative, shall place the question on the official ballot for any regular municipal election upon submission to the legislative body of a petition signed by 5 percent of the registered voters.
- (b) The selectmen, aldermen, or city council shall hold a public hearing on the question at least 15 days but not more than 30 days before the question is to be voted on. Notice of the hearing shall be posted in at least 2 public places in the municipality and published in a newspaper of general circulation at least 7 days before the hearing.
- (c) The wording of the question shall be substantially as follows: "Shall we allow the operation of keno games within the town or city?"
- II. If a majority of those voting on the question vote "Yes," keno games may be operated within the town or city.
- III. If the question is not approved, the question may later be voted upon according to the provisions of paragraph I at the next annual town meeting or regular municipal election.
- IV. A municipality that has voted to allow the operation of keno games may consider rescinding its action in the manner described in paragraph I of this section.
 - V. The lottery commission shall maintain a list of municipalities where keno is available.
- 17 Application of Receipts; Education Trust Fund. Amend RSA 6:12, I(b)(65) to read as follows:
- (65) Money received under RSA 77-A, RSA 77-E, RSA 78, RSA 78-A, RSA 78-B, RSA 83-F, **RSA 284:44**, **RSA 284:47**, and from the sweepstakes fund, which shall be credited to the education trust fund under RSA 198:39.
- 18 Education Trust Fund Creation and Investments; Keno Profits Added. Amend RSA 198:39, I(k) to read as follows:
- (k) Funds collected and paid over to the state treasurer by the lottery commission pursuant to RSA 284:47, relative to keno profits.
 - (1) Any other moneys appropriated from the general fund.
 - 19 Effective Date.
 - I. Section 2 of this act shall take effect July 1, 2017.
 - II. Section 15 of this act shall take effect December 1, 2017.
 - III. Sections 16-19 of this act shall take effect January 1, 2017.
 - IV. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill requires the commissioner of the department of health and human services to submit waivers or state plan amendments to modify the New Hampshire health protection program. The bill includes funding for such program by using moneys from the insurance premium tax, federal funds, and other non-general fund revenues. This bill also allows veterans who are New Hampshire residents to receive services under the New Hampshire health protection program.

This bill also:

I. Allows the operation and playing of keno games.

II. Provides for licensing of keno game operators by the lottery commission.

III. Directs revenues from keno to the department of health and human services to address problem gamblers and to the education trust fund.

Reps. Hoell and Lynne Ober spoke in favor.

Rep. Umberger spoke against.

Rep. Spillane requested a roll call; sufficiently seconded.

and the motion failed.

(Rep. Packard in the Chair) REGULAR CALENDAR CONT'D

HB 1178, relative to the taking of black bear assisted by a licensed guide. MAJORITY: INEX-PEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Douglas Long for the Majority of Fish and Game and Marine Resources. By administrative rule, the Department of Fish and Game currently issues up to 50 bear guide permits each year, with each allowed up to six bear baiting sites. This site limit has been in effect for 15 years. Each guide may also assist in the taking of up to six bears. Currently the success rate is 30%. No further bait sites or an increase in the take limit are needed. These limits should all remain in rules. When the quota is filled for bear kill, the department can shut down the season. The committee heard argument that this is a business issue. The majority felt that guides know the economics of their business when they open shop. The bill could also put the balance of the sportsmen at a disadvantage when it comes to bear harvest. The NH Guides Association, the NH Wildlife Federation, and the Department of Fish and Game all opposed this bill. Vote 11-2.

Rep. James Spillane for the Minority of Fish and Game and Marine Resources. This is a business bill. It will allow guide businesses to book more hunters in a season, thereby bringing more revenue to the state not only in hunting licenses, but also in Meals and Rooms Tax, and it will generate business for these industries.

The question being adoption of the majority committee report of Inexpedient to Legislate. Rep. Webb spoke in favor.

Rep. Spillane spoke against and requested a roll call; sufficiently seconded.

Converse, Larry Rollins, Skip

and the majority committee report was adopted.

HB 1548-FN, prohibiting the trade of shark fins. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Ivy Vann for the Majority of Fish and Game and Marine Resources. The majority of the committee agrees with the Fish and Game Department that current law adequately prohibits the practice of shark finning in New Hampshire waters. Vote 10-2.

Rep. Jonathan Manley for the Minority of Fish and Game and Marine Resources. Shark fins should be illegal. Being able to take them from the animal once on shore is a loophole that needs attention.

The question being adoption of the majority committee report of Inexpedient to Legislate. Rep. Rogers spoke against.

Rep. Webb spoke in favor, yielded to questions and requested a roll call; not sufficiently seconded. On a division vote, with 238 members having voted in the affirmative, and 101 in the negative, the majority committee report was adopted.

HB 1310, establishing a commission to study health care for all residents of New Hampshire. REFER FOR INTERIM STUDY.

Rep. Thomas Sherman for Health, Human Services and Elderly Affairs. The committee recognized the potential benefits of an in-depth study of alternative health coverage and delivery option for New Hampshire. However, the bill itself was incomplete. The committee expressed a commitment to further work on a bill that would promote a study of this timely issue. Vote 10-4. Committee report adopted.

HB 1420, relative to controlled drug prescription health and safety information. OUGHT TO PASS WITH AMENDMENT.

Rep. Joanne Ward for Health, Human Services and Elderly Affairs. This bill strengthens the prescription drug-monitoring program (PDMP) and it allows authorized law enforcement officials quicker access when they have reason to investigate fraud. This bill does not allow anyone to have direct access to the PDMP. Prior authorization for law enforcement must be on a case-by-case basis and must comply with the law. Access may be denied. Vote 11-6.

Amendment (0833h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Controlled Drug Prescription Health and Safety; Definitions. Amend RSA 318-B:31 by inserting after paragraph IX the following new paragraph:

- X. "Law enforcement official" shall have the same meaning as in RSA 318-B:1, XIV-a. 2 Controlled Drug Prescription Health and Safety Program. Amend RSA 318-B:35, I(b)(3) to
- read as follows:

Forest, Armand

Gorman, Mary

Heath, Mary

- (3) Authorized law enforcement officials on a case-by-case basis for the purpose of investigation and prosecution of a criminal offense [when presented with a court order based on probable cause. No law enforcement agency or official shall have direct access to the program] pursuant to the following sections: RSA 318-B:2, V-VI; RSA 318-B:2, VIII; RSA 318-B:2, X; RSA 318-B:2, XII-a; RSA 318-B:21; or RSA 318-B:25. For the purpose of investigation and prosecution of a criminal offense under any other provision of RSA 318-B, law enforcement officials may receive information contained in the prescription health and safety program upon presentment of a court order based on probable cause. No law enforcement agency or official shall have direct access to the program or its database.
- 3 Effective Date. This act shall take effect January 1, 2017. Committee amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment.

Rep. Weber spoke against and yielded to questions.

Rep. Joanne Ward spoke in favor and yielded to questions.

Freitas, Marv

Griffin, Barbara

Herbert, Christopher

Rep. Itse requested a roll call; sufficiently seconded.

and the committee report failed.

Rep. Rosenwald moved Inexpedient to Legislate.

On a division vote, with 286 members having voted in the affirmative, and 64 in the negative, the motion was adopted.

HB 1453, relative to qualifying medical conditions for purposes of therapeutic cannabis. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. James MacKay for the Majority of Health, Human Services and Elderly Affairs. The majority of the committee felt that the orderly process followed by the NH Department of Health and Human Services in implementing the medical cannabis legislation has been done in a careful and thoughtful

way. It is felt that the opening of the dispensaries is eminent. The Cannabis Advisory Council will assume the responsibility of evaluating the effectiveness of this program. Needed modification will be considered for future legislation including these in this legislation. Vote 9-6.

Rep. Lucy Weber for the Minority of Health, Human Services and Elderly Affairs. Members of the minority were persuaded that the symptoms of ulcerative colitis are very similar to the symptoms of Crohn's disease, which is already included in the list of qualifying medical conditions. Thus, we believe it would be unfair to afford relief to one group of patients and not to the other.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Luneau spoke against.

Rep. MacKay spoke in favor and yielded to questions.

Rep. Jones requested a roll call; sufficiently seconded.

SULLIVAN

Irwin, Virginia Gagnon, Raymond Gottling, Suzanne Converse, Larry

Laware, Thomas Rollins, Skip and the majority committee report failed.

Rep. Weber moved the minority committee report of Ought to Pass. Minority committee report adopted and ordered to third reading.

HB 1605-FN, prohibiting the use of latex gloves and utensils in the food service industry. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. James MacKay for the Majority of Health, Human Services and Elderly Affairs. This bill as amended prohibits the use of natural latex gloves and utensils in food preparation at licensed food service establishments or licensed retail stores. The American Latex Allergy Association reported that more than 3 million people have been diagnosed with an allergy to latex. That allergy can range from mild itching, redness and swelling to life threatening anaphylactic shock. Alternatives to latex gloves are readily available for restaurant suppliers and are less expensive. Legislation extends the effective date to allow food service establishments to make the change. Food establishments that continue to use latex gloves give no choice to their clients. Vote 16-2.

Rep. Joanne Ward for the Minority of Health, Human Services and Elderly Affairs. This bill would prevent the food service industry from using any latex gloves or utensils because of the risk to people with latex allergies. Allergies can be very serious but does this require a mandate. Vinyl gloves are less expensive than latex and many establishments have switched over voluntarily. Should this be mandated or handled through education and licensing?

Majority Amendment (0258h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Latex Prohibited. Amend RSA 143-A by inserting after section 9-b the following new section:

143-A:9-c Latex Prohibited. No person licensed under this chapter shall use or allow the use of disposable, non-sterile, or sterile natural rubber latex gloves or utensils in food preparation at a licensed food service establishment or licensed food retail store. Any person who violates this section shall be guilty of a violation and shall pay a fine of not less than \$250 and not more than \$500.

2 Effective Date. This act shall take effect June 30, 2017.

Majority committee amendment adopted.

Tilton, Franklin

Porter, Marjorie

Sullivan, Daniel

Williams, Kermit

Shattuck, Gilman

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Burt requested a roll call; sufficiently seconded.

SULLIVAN

Gagnon, Raymond Irwin, Virginia Laware, Thomas Rollins, Skip and the majority committee report was adopted and ordered to third reading.

HB 1629-FN, relative to disqualifying members of certain groups from receiving public assistance. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Pamela Gordon for the Majority of Health, Human Services and Elderly Affairs. This bill would prohibit any individual who has membership in, or who supports any organization from receiving public assistance. As well intentioned as this proposed legislation is to protect NH citizens against the use of public funds to inadvertently fund terrorist activities, this bill fails to accomplish the intended goal. The bill is unconstitutional as it prohibits benefits based on membership in a group, which is protected by the First Amendment, even if the group engages in abhorrent activities. Vote 12-5. Rep. Donald LeBrun for the Minority of Health, Human Services and Elderly Affairs. When an individual is designated to the terrorist list they should not be allowed to benefit from public programs such as welfare, medical aid or food stamps. We should not be rewarding those individuals that are identified as not wishing to be a productive part of our culture.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Timothy Smith requested a roll call; not sufficiently seconded.

On a division vote, with 279 members having voted in the affirmative, and 62 in the negative, the majority committee report was adopted.

HB 1690-FN, extending the New Hampshire health protection program. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Stephen Schmidt for the Majority of Health, Human Services and Elderly Affairs. The majority position was that a similar bill, HB 1696, requesting a modification of the New Hampshire health protection program provided a sunsetted extension of the New Hampshire Health Protection Plan as well as a funding mechanism for those dollars not reimbursed by the federal government at no cost to the New Hampshire taxpayer. HB 1696 also contained language protecting the New Hampshire taxpayer should the federal government renege on their financial support. The majority, for the aforementioned reasons, found this bill Inexpedient to Legislate in favor of HB 1696. Vote 9-8. Rep. Thomas Sherman for the Minority of Health, Human Services and Elderly Affairs. This bill repeals the sunset and reauthorization requirement for the New Hampshire Health Protection Program. By all measures, the program has been a success bringing health coverage to more than 47,000 New Hampshire residents. It has saved more than \$150 million in uncompensated care costs. With its influx of more than \$400 million in federal funds, it represents one of the very few sources of significant new revenue with which to address the addiction and opioid crisis in our state. With these successes and taxpayer circuit breakers in place, the NHPPP should be allowed to continue without sunset.

The question being adoption of the majority committee report of Inexpedient to Legislate. Rep. Weber requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

CACR 13, relating to the administrative head of the courts. Providing that the chief justice of the supreme court shall make rules governing employees of the courts and the practice and procedure to be followed in the courts. **WITHOUT RECOMMENDATION**.

Statement in Support of Ought to Pass with Amendment: This resolution as amended will amend Part Second Article 73-a of the New Hampshire Constitution. Under the current wording of Article 73-a if the Supreme Court created a court rule which would conflict with statute, it is unclear which would have superior authority. This resolution would establish that in the event of conflict between court-created rule and statute, statute shall prevail. The Supreme Court has found in the case of State of New Hampshire v. Shawn Carter, that "statutory enactments prevail over conflicting court rules." This resolution seeks to enshrine this ruling in the New Hampshire Constitution, thus preventing any potential conflict in the future.

Rep. Robert Hull.

Statement in Support of Inexpedient to Legislate: This resolution attempts to clarify and/or establish the primacy of the legislature in court rulemaking. The resolution makes it clear that in case of conflict between a court rule and a statute, the statute will prevail. However, after an exhaustive review of the meaning of our separation of powers clause, the Supreme Court agrees, but with an important exception. The legislature may not impinge on the court's "core adjudicatory function" that is "to resolve cares fairly and impartially and to protect the constitutional rights of all persons who come before the courts." This resolution does not make this distinction and thus goes too far.

Rep. David Woodbury.

Rep. Hull moved Ought to Pass and offered floor amendment (0121h).

Floor Amendment (0121h)

Amend the title of the resolution by replacing it with the following:

RELATING TO: the administrative head of the courts.

PROVIDING THAT: the chief justice of the supreme court shall make rules governing all courts

in the state but if such rules conflict with statute, statute shall prevail.

Amend the resolution by replacing paragraph I with the following:

I. That article 73-a of the second part of the constitution be amended to read as follows:

[Art.] 73-a. [Supreme Court, Administration.] The chief justice of the supreme court shall be the administrative head of all the courts. [He] The chief justice shall, with the concurrence of a majority of the supreme court justices, make rules governing the administration of all courts in the state and the practice and procedure to be followed in all such courts. The rules so promulgated shall have the force and effect of law, provided that if such rules conflict with statute, statute shall prevail. Amend the resolution by replacing paragraph IV with the following:

IV. That the wording of the question put to the qualified voters shall be:

"Are you in favor of amending article 73-a of the second part of the constitution to read as follows: [Art.] 73-a. [Supreme Court, Administration.] The chief justice of the supreme court shall be the administrative head of all the courts. [He] The chief justice shall, with the concurrence of a majority of the supreme court justices, make rules governing the administration of all courts in the state and the practice and procedure to be followed in all such courts. The rules so promulgated shall have the force and effect of law, provided that if such rules conflict with statute, statute shall prevail."

AMENDED ANALYSIS

This constitutional amendment concurrent resolution provides that if rules promulgated by the chief justice of the supreme court conflict with state statutes, state statutes shall prevail.

Rep. Hull spoke in favor.

Floor amendment (0121h) failed.

The question now being adoption of the motion of Ought to Pass.

Rep. Horrigan spoke against.

MOTION TO LAY ON THE TABLE

Rep. Rowe moved that CACR 13, relating to the administrative head of the courts. Providing that the chief justice of the supreme court shall make rules governing employees of the courts and the practice and procedure to be followed in the courts, be laid on the table.

Rep. Groen requested a roll call; not sufficiently seconded.

On a division vote, with 244 members having voted in the affirmative, and 47 in the negative, the motion was adopted.

REGULAR CALENDAR CONT'D

CACR 22, relating to the right to privacy. Providing that an individual's right to live free from governmental interference is fundamental and shall not be restricted unless the government demonstrates a compelling state interest. OUGHT TO PASS WITH AMENDMENT.

Rep. Kurt Wuelper for Judiciary. This resolution as amended proposes to formalize the right to privacy as a fundamental constitutional right. The majority agreed that having this right explicit in the New Hampshire Constitution would be an important safeguard to this right. Vote 12-8.

Amendment (0817h)

Amend the title of the resolution by replacing it with the following:

RELATING TO: the right to privacy.

PROVIDING THAT: an individual's right to live free from governmental interference is fundamental. Amend the resolution by replacing paragraph I with the following:

- I. That the first part of the constitution be amended by inserting after article 2-a the following new article:
- [Art.] 2-b. [Right to Privacy.] An individual's right to live free from governmental interference in private or personal matters is fundamental.

Amend the resolution by replacing paragraph IV with the following:

IV. That the wording of the question put to the qualified voters shall be:

"Are you in favor of amending the first part of the constitution by inserting after article 2-a new article to read as follows:

[Art.] 2-b. [Right to Privacy.] An individual's right to live free from governmental interference in private or personal matters is fundamental."

AMENDED ANALYSIS

This constitutional amendment concurrent resolution provides that there is a fundamental right to live free of governmental interference.

Committee amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment. Rep. Itse spoke in favor and yielded to questions.

(Speaker Jasper in the Chair)

Rep. Wuelper spoke in favor.

Rep. Kurk spoke in favor and yielded to questions.

Rep. Abramson requested a roll call; sufficiently seconded.

and the committee report failed lacking the necessary three-fifths vote.

Rep. William O'Brien moved Inexpedient to Legislate.

Motion adopted.

HB 1125, requiring law enforcement officers to return stolen property. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.

Rep. Linda Kenison for the Majority of Judiciary. This bill requires the police to return certain stolen property within 48 hours of its recovery. This bill has a number of flaws. There is no procedure that would enable a person to obtain a copy of the data. Police must maintain a chain of custody over each piece of property taken into custody, for any item used as evidence in a criminal trial has to continually be in the hands of law enforcement and not altered. The proposed bill would require law enforcement to make the device available to the owner within two days so the owner could obtain a copy of the data. Many law enforcement agencies do not have the technology to retrieve the data within two days. Retrieval often takes a significant amount of time. If property is released there would have to be a police officer to oversee the entire process, which could take several hours. Vote 11-9. Rep. Kurt Wuelper for the Minority of Judiciary. The minority believes crime victims should be allowed to retrieve the information from devices like phones or computers in a timely manner, after those objects are recovered by police, without compromising the need for them as evidence. With our enormous and increasing dependence on these devices for both personal and professional purposes, the inability to access our own information from our own property can be devastating. This bill as amended would provide a process for the people to get their own data within two business days and it requires the return of the item itself within two weeks unless, in either case, the police show a court why not.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Wuelper spoke against.

Rep. Kenison spoke in favor.

Rep. Jones requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

HB 1175-FN, relative to post-judgment real estate liens. OUGHT TO PASS WITH AMENDMENT. Rep. Claire Rouillard for Judiciary. This bill as amended provides that judgment issued by a court may be secured against real estate by recording and re-recording a certified copy of the judgment with the registry of deeds, without losing its priority status. Current law requires re-recoding every six years with the priority status of the judgment eliminated. The bill provides for notice to the defendant upon each recording, requiring the recording of an affidavit of notice with the registry of deeds. The bill also provides a mechanism for discharge of the lien, with remedies available to the defendant of costs and legal fees if the plaintiff fails to comply. Vote 14-2.

Amendment (0371h)

Amend the bill by replacing section 2 with the following:

2 New Section; Judgments: Post-Judgment Real Estate Liens. Amend 524 by inserting after section 12 the following new section:

524:13 Post-Judgment Real Estate Liens.

- I. A judgment entered by any court in this state may be secured against real estate by recording or re-recording, at any time during the duration of the judgment, a certified copy of the judgment, along with an affidavit in accordance with paragraph II, with the registry of deeds of the county in which the real estate is located.
- II. At the time of recording, the plaintiff shall mail a copy of all documents mailed to the registry of deeds to the defendant's address of record with the court, by first class mail, or if the defendant is represented by counsel, a copy shall be mailed to counsel in the same manner.
- III. The recording of the certified copy of the judgment, along with the affidavit attesting to compliance with paragraph II shall create a judgment lien on all real estate of the defendant in the county of recording. The judgment lien shall be subject to all applicable exemptions from attachment and execution and shall be subordinate to any other liens of record entitled to priority on the date of recording.
- IV. Unless the judgment is satisfied or discharged or the lien is otherwise removed or altered, the judgment lien created under paragraphs I through III shall remain in force and effect for as long as a suit may be maintained upon the judgment under RSA 508:5.
- V. When a judgment secured by a judgment lien under this section is satisfied, the plaintiff or his or her attorney shall deliver to the defendant or owner of the encumbered real estate a discharge thereof. The defendant or owner shall cause the discharge to be recorded and shall pay the register of deeds the recording fee established pursuant to RSA 478:17-g. If the plaintiff fails to comply with this paragraph, the defendant shall be entitled to recover the amount of reasonable costs and legal fees incurred as a result.
- VI.(a) If the plaintiff fails to deliver the discharge of a satisfied judgment within 30 days from receipt of a request to deliver such discharge, or if other exigent circumstances require an immediate discharge, such discharge may be issued by the court in which the judgment was rendered upon presentation of proof that the judgment has been paid in full, in the form of either a bank check, a certified check, an attorney's client funds account check which bears no indication of a stop payment order or return for insufficient funds, or by other equivalent documentary evidence of such receipt of payment.
- (b) The discharge shall include the names of the plaintiff and the defendant, the date and amount of the judgment, the name of the underlying case and case number, if any, and the book and page of recording of the judgment lien.
- (c) The discharge, when recorded, shall constitute a complete release of the lien created by the recording of the judgment.
- (d) Any person who induces a court to execute a discharge in accordance with this paragraph on the basis of information and statements known to the person to be false shall be responsible for all costs and fees incurred by the opposing party as a result and such additional sanctions as the court in its discretion deems appropriate.

Committee amendment adopted.

Committee report adopted and ordered to third reading.

HB 1249, providing that persons who provide false or misleading information in an abuse or neglect proceeding shall be guilty of the crime of false swearing. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.**

Rep. Paul Berch for the Majority of Judiciary. This bill proposes certain criminal penalties for providing false or misleading information in a child abuse or neglect investigation or proceeding.

It would also criminalize withholding of exculpatory and true information by any employee of the Department of Health and Human Services. A bipartisan majority of the committee has recommended Inexpedient to Legislate for a number of reasons. There are already criminal provisions in the law to punish false swearing and perjury that would apply to judicial proceedings. The majority of the committee felt that poor drafting, vagueness and unclear directives in this bill would lead to unintended consequences and might well dissuade individuals from bringing forth good faith claims of child abuse. The bill makes it a crime to withhold information, but does not define from whom. It states that the information must be known to be true and exculpatory, but not by whom. It does not seek to define exculpatory, which can vary from circumstance to circumstance. The bar on withholding information extends to unintentional as well as intentional. The bill would cover secretaries as well as investigators. It even fails to specify what kind of hearing would be necessary for certain criminal penalties to attach. In a larger sense, the committee heard testimony that this bill would potentially chill people from coming forward with information that may turn out to be exculpatory, yet false. Law and public policy in New Hampshire is to encourage -with immunity - people coming forward with good faith reporting of possible child abuse and neglect. This bill, as written, goes in the opposite direction. Vote 10-7.

Rep. Mark McLean for the Minority of Judiciary. RSA 169-C:31 grants civil and criminal immunity to anyone who makes a report in good faith under the child protection act. This provision is essential to reassure persons reporting abuse that they will be protected from retaliation, and its absence would have a chilling effect on the reporting of real abuse. However, as vital as these protections are, they are only valid if the reports are being made in good faith. Persons who bring forth false or misleading information lose this immunity and are subject to the penalties under RSA 641 relating to falsification in official matters. This bill as amended does not create new penalties for providing false information, but it does explicitly link RSA 169 to RSA 641, and it clarifies which sections of the statute apply. False or misleading statements relating to abuse have the potential to cause enormous damage to children as well as the falsely accused. The minority of the committee felt that there should be no ambiguity as to the consequences of such actions.

The question being adoption of the majority committee report of Inexpedient to Legislate. Rep. Eastman requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

HB 1270, relative to a jury's determination as to the applicability of a law. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Gary Hopper for the Majority of Judiciary. This bill is not jury nullification. This bill does not turn the practice of law in New Hampshire on its head. Rather, this bill clarifies the current burden of proof in the jury instruction given by the judge to juries in criminal cases and requires this instruction to be given only at the request of the defendant or the defendant's attorney. The current jury instruction given is, "If you have a reasonable doubt as to whether the state has proved any one or more of the elements of the crime charged, you must find the defendant not guilty. However if you find that the state has proved all the elements of the offense charged beyond a reasonable

doubt, you should find the defendant guilty." The word "should" as we know in this legislative body means "may or can if you decide to." To a juror who has never served in the legislative body, this "may or can" can be confusing when given with all of the other multiple pages of jury instructions provided at one time. The last line in this bill clarifies that "should" to mean, "Even if you find that the state has proved all of the elements of the offense charged beyond a reasonable doubt, you may still find that based upon the facts of the case a guilty verdict will yield an unjust result, and you may find the defendant not guilty." This does not tell to the jury they can disregard the "law." The language merely reinforces law, as we have always known it in New Hampshire, which is that the jury is the finder of fact and the jury has the ability based upon the "facts" to find the defendant not guilty. The majority of the committee felt this law was necessary and would assist the jury in promoting justice in our state. Vote 9-8.

Rep. Paul Berch for the Minority of Judiciary. New Hampshire already has laws and court decisions governing what the jury may be told regarding its right to judge facts and the application of the law in relation to the facts in a criminal case. This bill would radically change the landscape by allowing a jury instruction supporting jury nullification that would grant the jury the right to ignore the law and reach a verdict based upon subjective concepts of just and unjust results, regardless of law. Not only is this bill likely unconstitutional, it would potentially change how every criminal trial is conducted. We are a country governed by the rule of law and this bill would substitute an arbitrary and unknowable standard in its place. Additionally, the bill would allow the jury to improperly invade the province of the judge in the realm of sentencing. There are significant separation of powers issues, as this legislation would interfere with the court's core adjudicative function. Testimony provided to the committee showed that this idea would not work in practice - the rules of evidence would have to be radically revised to allow prosecutors to show why a guilty verdict would be just; mini-trials would need to be held to show why the criminal statute involved was a just statute in the eyes of the legislature that passed it.

Majority Amendment (0253h)

Amend the bill by replacing section 2 with the following:

- 2 Jury Instruction. RSA 519:23-a is repealed and reenacted to read as follows:
- 519:23-a Jury Instruction. In all criminal proceedings the court shall inform the jury of its right to judge the facts and the application of the law in relation to the facts in controversy. At the request of the defendant or the defendant's attorney, the court shall instruct the jury as follows: If you have a reasonable doubt as to whether the state has proved any one or more of the elements of the crime charged, you must find the defendant not guilty. However if you find that the state has proved all the elements of the offense charged beyond a reasonable doubt, you should find the defendant guilty. Even if you find that the state has proved all of the elements of the offense charged beyond a reasonable doubt, you may still find that based upon the facts of this case a guilty verdict will yield an unjust result, and you may find the defendant not guilty.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Berch spoke against.

Rep. Hopper spoke in favor.

Rep. Sylvia requested a roll call; sufficiently seconded.

ENROLLED BILLS REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled Senate Bills numbered 144, 227 and 265.

Rep. Hinch, Sen. Prescott for the Committee

REGULAR CALENDAR CONT'D

HB 1328, limiting pregnancy terminations to pregnancies of 20 weeks or less. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.

Rep. Timothy Horrigan for the Majority of Judiciary. This bill as introduced would have banned all abortions after 20 weeks of pregnancy. It would have eliminated the option for New Hampshire women to legally terminate a pregnancy after the middle of the second trimester. This represents unwarranted government interference with women's reproductive decisions and with the practice of medicine. There are also numerous legal and medical flaws with this bill. It threatens women's health by banning abortion even when serious medical conditions jeopardize a woman's health. While the bill does have very narrow exceptions, they are inadequate to protect women's health and safety. For example, women with cancer, diabetes, high blood pressure, and epilepsy or other seizure disorders may face dangerous complications at or past week 20 that can put their health in serious jeopardy. Abortion after 20 weeks in pregnancy is extremely rare: only one percent of women have abortions after 20 weeks. When it does happen, it is typically because of a heartbreaking and tragic situation where a woman and her doctor need every medical option available. These very often involve rare, severe fetal anomalies which are not detectable before 20 weeks. Vote 11-9.

Rep. Joseph Hagan for the Minority of Judiciary. Roe v. Wade stated that subsequent to viability, the state, in promoting its interest in human life, may, if it chooses, regulate and even proscribe (ban) abortion. This bill would ban abortions after viability except when life and health of the mother is at risk or condition of the fetus demands removal for the uterus. Over the last decade, according to the Gallup Poll, greater than 80% of the American people agree that abortion should be banned after viability. This bill is constitutional, compassionate and supported by the majority of the American people.

The question being adoption of the majority committee report of Inexpedient to Legislate. Rep. William O'Brien requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

HB 1361, relative to service of process by attorneys and justices of the peace. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT. Rep. Claire Rouillard for the Majority of Judiciary. This bill allows police officers to provide "civil" service of process. Civil process is currently completed by sheriffs and deputy sheriffs. Civil service of process includes landlord-tenant issues, evictions, custody and divorce proceedings, etc. Police officers currently serve "criminal" processes, which can involve restraining orders, criminal complaints, etc. Testimony by police and sheriff departments was that neither wanted to expand their duties. Police do not want to take away time from protecting their citizens. Also, additional training on civil process would be necessary for police departments. Vote 16-4.

Rep. Robert Hull for the Minority of Judiciary. This bill with amendment amends RSA 105 to allow police officers to serve process in the same manner as sheriffs and sheriffs' deputies. The current procedure is cumbersome and costly. This bill will create a voluntary option for municipalities to allow the local police officer to serve process in lieu of the sheriffs, thereby saving the person seeking the service from additional travel expense and generating revenue for the municipality. Majority committee report adopted.

HB 1399-FN, requiring licensure of outpatient abortion clinics. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Larry Phillips for the Majority of Judiciary. The bipartisan majority of the committee believes this bill is neither appropriate nor necessary. Licensing of medical facilities is determined based on needs for safety. There are procedures done in unlicensed physician's offices that are not as safe as abortions. Although facilities may not be licensed, medical professionals who work in them, including abortion clinics, are. Vote 14-5.

Rep. Kurt Wuelper for the Minority of Judiciary. The minority believes that abortion clinics should be licensed because women across our country have died because of inadequate facilities at abortion clinics. Women have died because of blocked exit doors, hallways not wide enough for emergency equipment and other difficulties with the physical facilities. This bill left the Department of Health and Human Services to decide what requirements would be. We think New Hampshire women deserve the protection that clinic licensing would provide.

The question being adoption of the majority committee report of Inexpedient to Legislate. Rep. White requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

HB 1417, relative to records of convenings of public bodies. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.

Rep. Timothy Horrigan for the Majority of Judiciary. RSA 91-A, the right to know statute, allows for what are colloquially termed "non-meetings," where a quorum or majority of the members of a public body convenes for certain narrowly defined purposes. The majority of the committee recognizes that these non-meetings can be controversial, but also recognizes that they are necessary when negotiating collective bargaining contracts and when consulting with legal counsel. This bill would have complicated public bodies' attempts to deal with these issues without adding any transparency to their work. Vote 11-7. Rep. Michael Sylvia for the Minority of Judiciary. Under our right to know statute, RSA 91-A:2 defines "meetings" and provides for exceptions to meetings which are commonly referred to as "non-meetings." This bill seeks to address two such types of "non-meetings:" strategy or negotiations with respect to collective bargaining and consultation with legal counsel. This bill as amended would require that records be kept of such "non-meetings" which would include the specific exemption which is relied upon as the foundation for the "non-meeting," names of members, meeting places, and beginning and ending time. This information would then be subject to disclosure after 72 hours which is the case with nonpublic sessions. The minority of the committee believes that this will benefit the people of New Hampshire and aid in transparency as required under our Constitution's Part I, Article 8.

The question being adoption of the majority committee report of Inexpedient to Legislate. Rep. Hoell requested a roll call; sufficiently seconded.
